

# 1972 David Series

1Sam. 28:10 Then Saul swore to her by the LORD: "As surely as the LORD lives, nothing bad will happen to you because of this."

Psalms 33:13 The LORD looks down from heaven; He observes everyone.

2Sam. 14:26 And when he cut the hair of his head (for at the end of every year he used to cut it; when it was heavy on him, he cut it), he weighed the hair of his head, two hundred shekels by the king's weight.

Notes from R. B. Thieme Jr.'s teaching.

1972 David Series 631 (496 Lessons):

This was begun as a Thanksgiving Special in 1972 and eventually completed 09/19/1980. Bob got as far as 2Sam. 19:8, then covered Psalm 33; and then did not pick up the series again. I personally arrived in Houston almost exactly a year earlier, and originally started with the David series when Bob picked it up again on 01/07/1979 with lesson #213 (2Sam. 10).

**2Samuel 16:1–12**

**72David**

**631\_0001**

This morning begins a conference. I am uncertain as to which conference this is.

Lately, we have been studying the supergrace. God has the capacity to give and the assets to give. Under perfect character, God is qualified to give. God wants believers to be happy. He keeps us around in order to make us happy.

James and monetary reversionism. God is looking for a man with whom He can trust a million dollars or a billion dollars. The way that God would provide this is through capacity. The capacity is gotten through the supergrace life.

The believer moves into supergrace. They develop capacity for life, capacity for adversity, where God can express to the maximum His own capacity to give. God entrusted the Apostle Paul with more doctrine than anyone else.

God looks for one man in business, and He is willing to give billions of dollars.

David was a supergrace believer. He achieved this very early in life. God gave him 2 things that He had never given anyone else in human history. David, because of his intake of doctrine, succeeded in 2 great professions; he is one of the greatest military men who ever lived; great as a junior officer and as a battalion commander. He had a capacity for this. He was also a great king. He stands alone in the way that Moses and Jeremiah stand alone; as Paul stands alone. In our generation, there is no excuse for a large number of believers finding this capacity.

Men ought to have capacity for leadership; capacity for success in their chosen profession; capacity for happiness; etc.

When people think that Easter and Christmas are the times to come to church, they have no capacities. All of our capacities are related to Bible doctrine. There is no special Thanksgiving service. We regard every day alike. Every day is a day to be redeemed. A bunch of people standing up and saying why they are thankful, we are beyond that.

Bob remembers people going out weeping remarking about how good it was to be there. This morning we begin the study of a young man who skipped all funsville of his day. He wasn't stealing money from the teacher's drawers, chasing after women, or behind the fence smoking reefer. He went all out in his youth that carried him throughout most of his life. David lived to about age 80 and he had a phenomenally happy life. He spent his youth with smelly sheep. This may have made him unique in certain areas, this smell. But he took in Bible doctrine every day. God made it available.

This is a story about Samuel, a mourning prophet. Saul, a reversionistic king, and David. This finds Israel where the United States is today. A reversionistic nation can only go in one of 2 ways. Never have so many parasites sucked so much freedom from hard working people. This is a nation of psychos running everything and bleeding hearts.

All 3 men are mentioned in v. 1. Samuel is the first great prophet in Israel since Moses. Whenever a nation has among its believers, those who are positive toward doctrine, God will provide communicators of doctrine.

1080 B.C. born to Hannah, and he is the first major prophet and last of the judges. King Saul had a talent for being clever and he had the ability to seem quite humble. When the chips were down, he always failed.

Samuel begins to think of Saul as the only hope; he is tall, he is handsome, he is clever. Samuel is in a state of reversionism; he thinks Saul is the only answer.

### **Let's Look at the Grace Potential of Saul**

1. He was separated from the rest of Israel by divine appointment. The people wanted a ruler so that they could be like other nations. This was his grace potential.
2. Encouraged by divine promises.
3. He was changed by grace; he respond to doctrine. 1Sam. 10:9 Jesus Christ used to be first in your life; now you go for inconsequential persons. You are socially and sexually unfaithful to your rw. You have true friends, abut you are spending time with your false friends. When you reject the source of grace, which is Bible doctrine, then you have had it.
4. He was assured by his circumstances. 1Sam. 10:9
5. He was blessed and moved by the Holy Spirit. V. 10
6. He was humbled by his prospects.

This means that Saul had a good. Discipline intensifies. All things that usually make you happy, now it makes you miserable. Everything is intensified. The final stage is dying. There are 2 areas where you can change you mind. God kept Saul alive for 40 more years in order to give him a chance to recover. He suffered from nearly every system of reversionism. He had everything going for him.

### **His Failure**

1. 1Chron. 10:134–14 he died the sin unto death.
2. He ignored the Word of God. He was told to kill the enemy and he did not kill one of them. He liked his personality. 1Sam. 13:9–14
3. Therefore, King Saul ignored the will of God.
4. Saul's reversionism is summarized in 1Sam. 15
5. He is therefore rejected by the Lord. 1Sam. 15:35 This is like a rapist feelling sorry for another rapist; a murderer feeling sorry for another murderer.

The divine view is, God has rejected Saul. God is fair and he can still recover. God's plan goes on with you or without you. If you choose reversionism, then you lose all possibility for happiness in time. God is held up because we lack the capacity for love for freedom for life. That is what holds everyone up.

Saul will remain king for another 30 years or so, and God keeps him there to allow him to be blessed. We may love people on a meritorious basis, but God loves on the basis of His Own perfect character. Bible doctrine will so improve our own soul capacity that we will love those we ought to love.

God meets Saul in heaven and tells him, "You could have had heaven on earth, you stupid ass." God only has the short time of our life as a believer to show us Who He is. Some of you will say, "I was in reversionism" when God was handing out blessing.

We have even more grace potential than Saul. We have permanently the indwelling of the Holy Spirit. We have things going for us which are phenomenal. God is knocking on your door because you have gotten some lumps lately. And once you reach the sin unto death, you will be the most miserable person in the world. "I don't go to bedsides." "If you have doctrine, you don't need me; if you don't have doctrine, you don't need me."

God saw David as a king, and he is called a king here.

Psalm 78:70–72 He chose David His servant and took him from the sheepfolds; He brought him from tending ewes to be shepherd over His people Jacob--over Israel, His inheritance. He shepherded them with a pure heart and guided them with his skillful hands.

Sheep smell horribly. David is used to running things that smell bad. Sheep are stupid. If David can handle a flock of sheep, he can handle a flock of people. Sheep have to be fed and they are unable to take care of themselves when it comes to water. They must be led to water to drink. They cannot smell water like goats; they cannot find water when in great thirst. Sheep have no sense of direction; they wander under cactus or off cliffs. They need a shepherd to do the navigating. The shepherd wacks the sheep to get them back in line; they're stupid and they do not know what is good for them. Although there are parallels, there is one thing that made David a great king. It also made him a great military man. He had Bible doctrine in his soul. That makes him great.

The secret is grace; the secret is Bible doctrine in the soul. David could have been anything in life and had done great, because he had great doctrine in the soul. And he could have been taken from anywhere. It was not what he was doing then; but it is what he had in his soul. There are great people without any experience and God is still preparing them. God chose these people because they are a supergrace believer.

Don't stick your nose up in the air and say, "I'm too good to wash dishes;" etc. David was taking care of sheep. While he did this, he was taking in doctrine every day. That's what happened to the sports team north of here. They used to be the Dallas Cowboys and now they are the Irving Shepherders.

David used doctrine all the time. You can use doctrine in any job that you have. Isn't being a general great? Being the president of a company great? No, not unless you are great. What is the experience for greatness? Doctrine in the soul.

It is the lowest time to be an ensign in the navy or a 2<sup>nd</sup> lieutenant in the army; worst time to be in the coast guard. Our services are in the lowest state for years under stupid civilian control; blacks are fragging their officers. There is dissention and problems because of civilian influence and it takes time. Officers carry .45's so that, if someone runs the wrong way, you shoot them. Bob made it a point to be an expert with a .45 auto. That is very Christian and it is doctrinal.

No one is more miserable than a believer in reversionism. Your life does not depend upon idiots anyway.

2Sam. 7:8 This is what the LORD of Hosts says: I took you from the pasture and from following the sheep to be ruler over My people Israel. I have been with you wherever you have gone, and I have destroyed all your enemies before you. I will make a name for you like that of the greatest in the land. Notice that God did all of this. God is able to take people from here and do whatever. When God promotes us, it is permanent. When God gives you something, it is permanent. When God provides you your rm or your rw, it is 40 years of happiness. But if it is you, it is a battle royale. Since Bob graduated from seminary, they have been getting involved in practical application. "Can you see me passing out tracks on a street corner?" Just think, I could give my glowing testimony today. It is ridiculous and stupid. Bob went to Dallas to get the languages. Even there, they think in terms of practical experience. If you get away from doctrine, the only experience you can have is reversionism. God sees souls; not overt experience.

1Sam. 16:1 The LORD said to Samuel, "How long are you going to mourn [feel sorry for yourself] for Saul, since I have rejected him as king over Israel? Fill your horn with oil and go. I am sending you to Jesse of Bethlehem because I have selected a king from his sons."

In v. 1, Samuel had his eyes on man and circumstances in v. 2. Killing means to kill Apache style, with great pain and suffering.

1Sam. 16:2 Samuel asked, "How can I go? Saul will hear about it and kill me!" The LORD answered, "Take a young cow with you and say, 'I have come to sacrifice to the LORD.'

1Sam. 16:3 Then invite Jesse to the sacrifice, and I will let you know what you are to do. You are to anoint for Me the one I indicate to you."

1Sam. 16:4 Samuel did what the LORD directed and went to Bethlehem. When the elders of the town met him, they trembled and asked, "Do you come in peace?"

1Sam. 16:5 "In peace," he replied. "I've come to sacrifice to the LORD. Consecrate yourselves and come with me to the sacrifice." Then he consecrated Jesse and his sons and invited them to the sacrifice.

Then Samuel chooses the wrong man. Jesse had to haul all of his sons in, and Eliab looked pretty good. He was very handsome. He was striking in appearance. He was a 2<sup>nd</sup> lieutenant in the Jewish army, just back from ROTC. Eliab and the other brothers are reversionists; and they have the chance to grow spiritually, but did not. He has a sharp, vitriolic tongue.

1Sam. 16:6 When they arrived, Samuel saw Eliab and said, "Certainly the LORD's anointed one is here before Him."

You cannot truly respect a person unless you know their souls. They are not great because they look good, like Eliab. Most of you got off track because you are impressed by appearances. The content of your soul determines what you are really like. You learn that through conversation. The eyes are not the windows to the soul. A good gambler can fake you into the stands with his eyes. The mouth and what a person says reveals what is in the soul.

He is rejected on the basis of his soul. God does not see as we see; God looks upon the soul of the person.

#### **What Makes Someone God's Man**

1. Doctrine in the right lobe is the issue of happiness and grace blessing; not experience or appearance or some cleverness.
2. Doctrine in the soul is the basis for divine promotion and protection from divine discipline.
3. David was God's man. This anticipates the rest of the chapter. It is not because of his experience as a shepherd, but the doctrine in his soul.
4. Among the sheep, David learned doctrine and had doctrine tested. But being a shepherd did not make him great.
5. David was a grace product all the way. No matter how great David became, only God could take the credit. Only God could take the credit. David succeeded as a soldier and a civilian. 1Chron. 17;7
6. David passed the test of supergrace without human admiration or approbation. David killed a lion on his own. After killing the lion without a .375 H&H magnum. People always try to cash in on their little successes.
7. When David passed the lion and the bear test, he was ready for anything. The giant was as good as dead.

It is doctrine in the soul that counts; man shall not live by turkey alone.

1Sam. 16:7 But the LORD said to Samuel, "Do not look at his appearance or his stature, because I have rejected him. Man does not see what the LORD sees, for man sees what is visible, but the LORD sees the heart."

1Sam. 16:8 Jesse called Abinadab and presented him to Samuel. "The LORD hasn't chosen this one either," Samuel said.

1Sam. 16:9 Then Jesse presented Shammah, but Samuel said, "The LORD hasn't chosen this one either."

1Sam. 16:10 After Jesse presented seven of his sons to him, Samuel told Jesse, "The LORD hasn't chosen any of these."

Jesse did not call David in because he keeps the sheep. This is the low man on the totem pole. David is a red-headed Jew.

1Sam. 16:11 Samuel asked him, "Are these all the sons you have?" "There is still the youngest," he answered, "but right now he's tending the sheep." Samuel told Jesse, "Send for him. We won't sit down to eat until he gets here."

He had beautiful eyes. His eyes were unusually beautiful. David was handsome. God tells Samuel to anoint him, because he is the one.

1Sam. 16:12 So Jesse sent for him. He had beautiful eyes and a healthy, handsome appearance. Then the LORD said, "Anoint him, for he is the one."

**1Samuel 16:13**

**72David**

**631\_0002**

**Doctrine of the Ministry of the Holy Spirit in the Age of Israel**

"Someone called to find out how long the message was tonite, and I told them don't bother to come. Someone asked if there is something new going on in Berachah, and I told them, not really. There will be no tour of T&P on Saturday."

God told Moses, you are standing on holy ground. In this dispensation, our holy ground is the canon of Scripture.

Too bad, if you missed this morning. Too much to cover to review.

The commission in the ancient world was done by a horn of oil. This is God's promise that some day, David would be king. God never left David in doubt of his future. David will have many tests and many chances to see the grace of God in action. David had many brothers; 8 boys total; one is in supergrace, and the rest of non-entities in reversionism. They are smart, talented and attractive, but no positive volition toward doctrine. Only one of these boys achieved greatness; they all had the same opportunity and the same background, but only one of them made it and that is David. David is about 18 years old here.

Tsalack means *to descend upon; to produce prosperity*. David has been a believer for a long time. He has personally received Christ as his Savior. He has been a supergrace believer and that means he's been saved for 5 or 6 years. God Holy Spirit always resides in us. In the dispensation of Israel, the ministry of the Holy Spirit was much different then than it is now. This is because Jesus Christ had not yet come in the flesh.

1Sam. 16:13 So Samuel took the horn of oil, anointed him in the presence of his brothers, and the Spirit of the LORD took control of David from that day forward. Then Samuel set out and went to Ramah.

**Doctrine of the Ministry of the Holy Spirit in the Age of Israel**

1. The Holy Spirit indwelt some Old Testament believers in order to perform certain functions. This would be less than 1
  - 1) Joseph

- 2) The artisans of the Tabernacle
  - 3) The elders who assisted Moses.
  - 4) Joshua
  - 5) The Judges Othniel, Gideon, Jephthah, Samson,
  - 6) Kings of Israel: Saul, David
  - 7) Daniel
  - 8) Post Exilic rulers Zech. 4
  - 9) Old Testament writers 1Peter 1:11
2. It was very rare for God the Holy Spirit to have a relationship with the average believer, like Jesse or Eliab.
  3. Believers with the Holy Spirit could lose the Holy Spirit. David, Saul,
  4. Believers of the Old Testament could obtain the Holy Spirit by request. 2Kings 2:9–10 Luke 11:9 Bob tells any holy roller that they are in the wrong pew. This is evil and holy rollers are not welcome in Berachah at any time. It is demonism which keeps this organization going. If you are a holy roller, you are in the wrong place. Jesus Christ want the disciples to know that they can receive the Holy Spirit on request and that Jesus Christ would give them the Holy Spirit. Jesus is telling the disciples, “You need the Holy Spirit.”
  5. Therefore, believers could get the Holy Spirit by asking; or God could give it to them because He has a reason for them.
  6. Just before the ascension, Jesus Christ gave the Holy Spirit to 10 of the disciples. John 20:22 God knew the disciples could not last 50 days without help. This was for the knuckle headed disciples.
  7. Once the Church Age begins, every believer is indwelt by the Holy Spirit. John 7 1Cor. 6:19–20
  8. All believers are commanded to be filled with the Holy Spirit. That requires the rebound technique.
  9. In the Church Age, the believer can only lose the filling of the Holy Spirit by sin.
  10. In the previous dispensation, the Holy Spirit regenerated at the point of salvation. Now God the Holy Spirit does 5 things at the point of salvation. People were saved in the same way Old and New Testaments.
    - 1) John 3:5 Titus 3:5 regeneration There is only one system of birth; God the Holy Spirit performing the act of regeneration.
    - 2) Baptism of the Holy Spirit; every believer put into union with Christ.
    - 3) God the Holy Spirit stamps us with a seal. 2Cor. 1:22
    - 4) Gives every believer one spiritual gift.
    - 5) The Holy Spirit indwells every believer. 1Cor. 6:19–20
  11. John 20:22 the Holy Spirit was given under the conditions of the Old Testament. This was an Old Testament ministry.

1Sam. 16:13 So Samuel took the horn of oil, anointed him in the presence of his brothers, and the Spirit of the LORD took control of David from that day forward. Then Samuel set out and went to Ramah.

David was to be the key for the whole Messianic line. The primary source of power for any Old Testament saint was the content of doctrine in the soul. Here, the Holy Spirit deserted Saul; it was removed. This was a permanent thing. Saul is officially now in reversionism.

People do not just fall suddenly into mental illness. This is a matter of volition.

David knew about God's ability and capacity to give. David as a born again believer had so much information on the essence box, that he did not need promises; he in fact stated many of the promises in the Bible.

There are many supergrace heroes, but only One Celebrity.

The people who are going to make it are those who come to Bible class every day.

Ruwach refers not to a person or to a demon, but inward depression leading to melancholy reversionism. He was filled with self-pity; this led him to psychosis. There are 3 phases of reversionistic discipline. There is knocking; then there is intense discipline; then there is dying discipline.

1Sam. 16:14 Now the Spirit of the LORD had left [departed from] Saul, and an evil [in terms of discipline] spirit from the LORD began to torment [terrify] him,

Saul's servants would be high-ranking people in his government

1Sam. 16:15 so Saul's servants [officials, officers] said to him, "You see that an evil spirit from God is tormenting you.

They suggest music therapy.

1Sam. 16:16 Let our lord command your servants here in your presence to look for someone who knows how to play the harp skillfully. Whenever the evil spirit from God troubles you, that person can play the harp, and you will feel better."

1Sam. 16:17 Then Saul commanded his servants, "Find me someone who plays well and bring him to me."

One of David's officers had observed someone. David learned to play this harp when among the sheep at night. Lions, wolves, bears are hovering near the flock, and the sheep sense this, and David would play to them to calm them down.

Being a valiant man meant that David was also a great warrior; brave, tough. David had never been to war; he had just been well-trained in certain aspects of military training. He was a well-trained reservist who might be called up. He has had military training. Rangers consider it to be an insult to kill with a conventional weapon. They like being able to strangle someone, or to break one's back, etc. David is trained to fight. This is to remind

you that there is no such thing as a conscientious objector. Some of you chaps could stand to cut off your hair and enlist.

Perhaps this guy went out for special training and he heard David play. Or he was involved in training David? This one man knew a lot about David.

1Sam. 16:18 One of the young men answered, "I have seen a son of Jesse of Bethlehem who knows how to play the harp. He is also a valiant man, a warrior, eloquent [constantly perceiving doctrine; strong for Bible doctrine], handsome, and the LORD is with him."

David was faithful in the little things. That indicates that he has great integrity. All of these things add up.

David has all of these things going for him, and yet, he is not out strutting himself. There are those out there who are real pushy. Some will hook up with a denomination; they have to get someone to sponsor them. So, who sponsored David? Jesse did not. Jesse put 7 sons through school, but he did not have anything left to spend on David.

Every time we see Jesse, he is either bribing a commander to promote Eliab, or he is sending something to the king to get covered.

Samuel weeping for Saul, a reversionist. The United States of America, for the first time, has become a horrible place. We have been infiltrated with reversionism. Everyone is kowtowing to a stupid government to get government contracts. Everyone is pushy and that is a terrible place to be. This breeds phonies and parasites.

You have so much shoe polish on your tongue, you can barely say thank you.

Bob once had 4 walls and a roach.

Worse than not having your rw is having the wrong one; those of you in single bliss, you have complete freedom.

Are you willing to go the supergrace first with your flock of sheep, and then get promoted from there?

God loved to give to David. Also to Paul. God could give to them in so many ways. Some of you are shaping up to have a horrible, miserable type of life.

David had a lot of alone time. He stayed with the sheep. He had a very clear perception of phase II. Do you know when something is from God and when something is? If you don't know, then how can you learn? Bible doctrine gives discernment.

1Sam. 16:19 Then Saul dispatched messengers to Jesse and said, "Send me your son David, who is with the sheep."

1Sam. 16:20 So Jesse took a donkey loaded with bread, a skin of wine, and one young goat and sent them by his son David to Saul.

David was being promoted by God. David has 2 other brothers who are professional soldiers. If God does not promote you, you are not promoted. The capacity to carry rank in the military comes from doctrine in the soul. The greatest soldiers are MacArthur and Patton. With this kind of moral courage, many lives depend upon your choices. These men were as different as black and white, but they both had moral courage, where they made one slip, and thousands would die. Moral courage depends upon assets of the soul. When the chips are down, it is moral courage that makes a man great. Moral courage comes through Bible doctrine in the soul.

1Sam. 16:21 When David came to Saul and entered his service, Saul admired [loved] him greatly, and David became his armor-bearer.

1Sam. 16:22 Then Saul sent word to Jesse: "Let David remain in my service, for I am pleased with him."

Saul's depression and mental problems would become soothed in hearing David's music.

1Sam. 16:23 Whenever the spirit from God troubled Saul, David would pick up his harp and play, and Saul would then be relieved, feel better, and the evil spirit would leave him.

**1Samuel 16:23 17:1-7**

**72David**

**631\_0003**

Bob gives out the score between Texas and the Aggies.

1Sam. 16:23 Whenever the spirit from God troubled Saul, David would pick up his harp and play, and Saul would then be relieved, feel better, and the evil spirit would leave him.

#### **Summary :Points**

1. At this time, David left the court of Saul and returned to the sheep. 1Sam. 17:15
2. If God does not promote you, you are not promoted.
3. David does not accept success from the world.
4. Furthermore, his success was based upon alleviation of distress of a reversionistic believer. Many preachers do this.
5. Therefore, David chose not to stay as the aide-to-camp to Saul.
6. God was more important to David than the world. The only celebrity is Jesus Christ.
7. The Lord must be the believer's prosperity.

#### **The Doctrine of Mental Attitude**

1. Isa. 55:7-9 My thoughts are not your thoughts.

2. What you think is what you really are. Mental attitude determines the life and character of every person. Prov. 23:7
3. The divine viewpoint is commanded to the believer. 2Cor. 10:4–5 this can only be fulfilled by the daily function of GAP.
4. Since Bible doctrine is the mind of Christ, such intake of doctrine shapes the mental attitude. 1Cor. 2:16 2:5
5. God's plan, operation grace, demands a new mental attitude on the part of the believer-priest. That you may prove what the will of God is. 2Tim. 1:7 we have not been given the spirit of fear, but of power and love and of sound mind. You don't have to be a cocoo clock because you are a Christian. You don't have to be a weirdo because you are saved. God has a sense of humor. The bats seem to fly through the local church. Women think they have to be one of the witches from MacBeth, or they are not really honoring the Lord. A lot of you had to work pretty hard at being a cocooo cluck. "Now that I am a fundy, I am the world's worst weirdo; uhuhuhuh."
  6. Part of divine viewpoint is confidence through gap. 2Cor. 5:1, 6, 8
  7. Philip. 4:7 2Thess. 2:2 stability is a mental attitude.
  - 8.
  9. Giving is a mental attitude. 2Cor. 9:7 you give with your mental attitude; not with your month.
  10. Love is a mental attitude of the soul. 1Cor. 13:5
  11. Worldliness is a human viewpoint mental attitude, rather than overt activity. Rom. 12:2 Col. 3:2
  12. People are evil because of what they think, not because of what they do. You can look very saintly in church and be very evil Matt. 9:4 Gal. 6:3
  13. Mental attitude sins produce self-induced misery. Prov. 15:13

### **Introduction of 1sam. 17**

1. A national crisis is designed by God to introduce his candidate as the king of Israel. He will stand in the gap.
2. Goliath, the giant of Gath, represents a military crisis which the Jews face in reversionism.
3. No one in the army of Israel was willing to accept the giant's challenge. A person can have battle courage but lack moral courage. Reversionism had neutralized the army of Israel.
4. Only one man in Israel was prepared to meet the challenge. He was known only to God, but unknown to Israel and even his own family.
5. The first step is the anointing of David.
6. The second step is the crisis of Israel in the valley of Elah.
7. National or individual crisis always introduces to the world who are who a supergrace hero is. God demonstrates what is in your soul.

## Chapter Outline

1. Military crisis 1–10
2. Failure of the army 11–25
3. Supergrace hero 26–40
4. 41–58

The Philistines. Palestine means the land of the Philistines. Someone got all fouled up with trying to name it. Bob was never very eager to to the Palestine. Bob could see going to battlegrounds and tombs, but not to Palestine. Bob will take his tour in the Millennium. He hears the weather is pretty good.

1Sam. 17:1 [The Philistines gathered their forces for war at Socoh in Judah and camped between Socoh and Azekah in Ephes-dammim.](#)

## Ancient History Background

1. Philistines are the Greek sea peoples who came to the middle east by Crete, which is Capthorum. Gen. 10:14 Deut. 2:23 Jer. 47:4 Amos 9:7
2. The Greek sea peoples invaded Palestine during the time of Ramses III 1195 or so?
3. The Dorian invasion of Greece 1200 B.C. This was one of the most cataclysmic times in all of human history. This turned the world upside down. An Island off of Crete was thrown into the sky and into the water and never seen again. One could write a paper entitled 1200 B.C. and use this as an outline. And the islands of the Agian. These are the cruel Greeks, the Apaches of the Helehist world. They were cruel and vicious and almost eradicated the Micebanean civilization.
  - 1) The Trojan War. The Trojans were invaded by the Micenean counterinsurgency
  - 2) The Phrygian occupation of Anatolia and the fall of the Hittite. empire. The Phrygians were a part of the same Greek Sea peoples
  - 3) 1191 the Greek sea peoples attack Egypt. These things make up the greatest crises of the ancient world. The Dorians forced the people out and they hopped on boats and got out of there.
  - 4) They attacked Egypt under the name of Philistine.
4. Ramses III in a great sea and land battle defeated these great sea peoples. To commemorate this victory, he built a great temple near Thebes. He painted the scenes of his fight with the Philistines (he had someone do the painting). We have color pictures of these people, a story of the battle, the name of the Greek sea peoples, and the leading group is the Philistines. There is also the Tjaker who are the Achaian Greeks, and we call them Akkians. They went in large numbers to attack Egypt. They went further into the holy land and settled down with the Canaanite women and were absorbed into this land. Many of the heros of the Akkian civilization. The Shekolesh, the Daimelaim, the Weshesh; and the Tursha (in Egyptian); also Mycenaeans and they are called Etruscans. They lived where Rome is and south of Rome before the Romans did. They intermarried with the Sycals and they became a mysterious group. Ahiana who partially conquered the

Hittites. The travels of Ulysses, which describe all of these tribes all over the world who go to places to settle down. The Philistines of the Bible are Greeks and they are as Greek as any other, and this explains their warlike character. They destroyed Troy, they conquered the Hittite empire and almost conquered Egypt. In 20 years, they turned the world upside down. They turned the Jewish army into a bunch of mewling kittens, making it possible for God to introduce a supergrace hero to Israel. They went all over the world. Under the name Tartashians as a part of the Greek sea peoples went to the Atlantic coast of Spain and they conquered the Neolithic peoples there. Jonah was going to pay them a visit instead of going to the Assyrians, whom he hated. Tarshish is mentioned throughout the Bible.

Cambridge Ancient History has a chapter on the Greek sea peoples. If you think you can understand this series, you can't. This is not for imbeciles. You don't need to know where I get this stuff. Bob quotes from Cambridge Ancient History. Typical European custom for a showdown like between David and Goliath.

There is a relationship between the gods of the Philistines and the gods of Mount Olympus.

So far, we have covered *Philistines*. The Philistines had observed the Jews and decided that they were weak and ready to be conquered. They mobilized their armies.

### **The Philistines in the Land of Promise**

1. As early as the time of Abraham, there were Philistines, Mycenaean Greeks who had settled in Palestine. Abimelech was a Greek king. The first settlements; the Mycenaean Greeks traveled all over. There were Greeks under Abimelech king of Gerar already there before Abraham.
2. Ex. 13:17 there were Philistines in the land during the time of the Exodus.
3. The Philistines are the Mycenaean Greeks here; they were a small nation but no one bothered them because they had a good army. They were always a military power and used by God to discipline Israel during the time of the Judges.
4. During the time of Gideon and Deborah this enlarged Philistia.
5. They did not return to Crete, where the Dorians had taken over. So they had to move into the kingdom of Gerar.
6. Instead of returning to Crete, they settled in the colony of Gerar, which became the 5 cities of the Philistines.
7. Reenforced by warriors from their own race, the Philistines became very aggressive at various times, like in the reign of Saul.
8. The Ark of the Covenant had been taken by the Philistines.
9. At the beginning of the iron age, the Philistines had the control of the distribution of Iron, preventing the Jews of having iron weapons. The Jews had only bronze weapons. David would not even use the equipment of Saul, for several reasons.
10. The gathering of forces in the valley of Elah.
11. After the defeat of the Philistines at Mishmash, saul was anointed king.

12. However, Saul's reversionism + national reversionism led to a mobilization of the Philistines army and an invasion of the Philistines into Israel. They invaded into the southern kingdom; the reversionism King Saul will die the sin unto death around 1004 B.C. against the Philistines.

They began to maneuver, and this would be B.C.1010 David is no longer a boy. David was 24 years old when he fought the giant; not a 15 year-old brat with a sling shot. Jesus Christ had a crew cut and no one has painted that right either.

Maneuvering is what occurs here. There are the 5 cities of Philistia. The Philistines had 5 regiments, combat teams. They would have a designated spot, and they are going northeast to Judah. The commanding general, probably the tyrant of Gath; and he would send out orders and he would have 25 or so Greek runners. He would send them out. This will have the date, the equipment to carry, the rations to carry; and where they will rendezvous there are probably 2.5 brigades gathered here. The Gath battalion would go first into enemy territory. There will be a point platoon, with a point squad, with a point man. The next battalion is behind them. It sounds here like a few of the boys had a few beers and decided to go have a fight.

The rendezvous point is Socoh. The Gath battalion is in place. This army is not just standing around in the valley. This shows that the Philistines, as a Greek people, knew how to fight. These are professionals; they know what they are doing.

Way in the back is a quartermaster, and there is a constant stream of those hauling in supplies for the boys. This is the first Jewish army and they are all scared to death.

The main army is at Socoh. To whip the enemy, you do not show your entire army; you show a small force. Lee did this, except in Gettysburg. The Philistine army has several battalions in the back and there are several ways they can approach. The Philistine army is maneuverable and the Jews are not; they are packed in. Gastolvas Adolphus would not allow his army to rape anyone. When a general is frightened, he puts all of his troops in danger.

1Sam. 17:1 [The Philistines gathered their forces for war at Socoh in Judah and camped between Socoh and Azekah in Ephes-dammim.](#)

1Sam. 17:2 [Saul and the men of Israel gathered and camped in the Valley of Elah; then they lined up in battle formation to face the Philistines.](#)

1Sam. 17:3 [The Philistines were standing on one hill, and the Israelites were standing on another hill with a ravine between them.](#)

He is a man of the middle. This is where Bob wants to remind us about, where have you heard in the ancient world about individual combat solving things? If you read the Iliad and there were individual contests between the Trojans and . Who but the Greeks have someone who comes out and challenges anyone to a fight. Middle man means that he will

stand in the middle of the valley, in an arena between the two armies. This is for fun. His name is Golyath, which means *exile*. He was a descendant of the Rephaim. He is related to the Zamzumims of Deut. 2:20.

He is 6 cubits and a span. A cubit is the elbow to the fingers and is about 18 inches. A span is the difference between the thumb and middle finger. 9'9" tall. He could have played basketball for U of H.

1Sam. 17:4 Then a champion named Goliath, from Gath, came out from the Philistine camp. He was nine feet, nine inches tall

he has a bronze breastplate. It weights 125 lbs. he is pretty touch.

1Sam. 17:5 and wore a bronze helmet and bronze scale armor that weighed 125 pounds.

Shin guard. All Greeks carried 2 spears, one slung over the shoulder and one in his hands. The javelon of brass is slung over his shoulder.

1Sam. 17:6 There was bronze armor on his shins, and a bronze sword was slung between his shoulders.

There is one walking before him.

1Sam. 17:7 His spear shaft was like a weaver's beam, and the iron point of his spear weighed 15 pounds. In addition, a shield-bearer was walking in front of him.

## 1Samuel 17:8–12

## Psalm 4:1–8 72David

631\_0004

Do what you can to cut down on the noise. Get everything that is loose tied down. This is not like the astrodome behind the glass.

The challenge of individual combat is common to the Greeks. Individual combat to settle something was common to the Akkians of the Mycenaean civilization. Examples from the Trojan war. Hector and Protoclus fought and Protocolus was killed. Someone else comes out of hiding and kills Hector.

Two men fighting over Helen; the gods intervened with a lot of tricky things going on. Menolaus kills Paris, eventually.

Individual combat for the Thebian throne.

Annias and Turis fight; and Annias is supposed to be the grandfather of the Roman people. Whether or not these are true, they are still Mycenaean tales of individual combat.

Goliath is from the tribe of Zamzumim individual combat. He is standing in the Valley of Elah. He is being quite sarcastic here. Why have you advanced this far to form ranks of

battle? How did you work up the nerve to do that? Some were sitting behind their tents smoking pot; others were planning to frag their officers.

The Philistines have attacked because the Jews have gone soft. Reversionism causes a nation to go soft; and the Philistines knew this. Until Jesus Christ returns to establish His Millennial reign, the greatest deterrent to warfare is to have a strong military establishment. Prior to this, their military had been quite impressive. Jonathan by himself attacked on battalion of Philistines. Saul had some great wins under his belt. The Philistines returned home to think about it. However, G2 reported that the Jews had begun to go soft, so now, the Philistines knew it was time to strike.

David was a supergrace believer. While this giant is hurling insults toward the army of Israel, David is 24 years old and a mature believer. Goliath presents himself as a greeat warrior.

Present imperative of bara means that Israel has lost the chance to fight against the Philistines. The Jews, since choosing Saul, went downhill.

### **Reversionism and Israel's Army**

1. The day that you go into reversionism, your free will is destructive to everyone around you.
2. Works against divine establishment.
3. Israel chose the wrong man for king. God's man is a supergrace hero. Saul is a reversionist with no concept of category #1 love.
4. Goliath stands in the valley for 40 days and tells these Jews to send out a warrior. When reversionism impacts moral courage, men with battle courage become cowards. Reversionism is negative volition toward Bible doctrine. Scar tissue begins to build up on the right lobe. There is a frantic search for happiness and then the practice of reverse process reversionism.
5. By the function of reverse process reversionism, the Jews have truly become the slaves of Saul, who is a reversionist.
6. Only the supergrace status can make these believers servants of God once again. They do not have time here to build an edification complex. It is going to take them a couple of years to rebuild what they have lost spiritually.

The giant stays in the valley, and this might make him look smaller than he is. As a man would come down and approach him, Goliath is going to seem larger and larger. Goliath was certain that he could kill anyone in the Israeli army. He reminds Bob of Ajax, an Akkian hero. He was a gigantic man, but stupid. The gods made Ajax crazy for awhile. He was typical of all bullies, which has that type of confidence, who relies upon muscles entirely. There was always a guy in school who was stronger than anyone else and he would become a bully. The world is filled with those who rely on their muscles. Sooner or later, that kind of person loses out. They always get their comeuppance. It is a good idea to be strong and in good physical condition, but never let your body get ahead of your soul. His own strength will be the source of his own demise.

1Sam. 17:8 He stood and shouted to the battle formations [ranks]: "Why do you come out to line up in battle formation?" He asked them, "Am I not a Philistine and are you not servants [slaves] of Saul? Choose one of your men and have him come down against me.

Homer's Iliad, 9<sup>th</sup> century B.C. has an almost identical challenge. 5<sup>th</sup> century B.C. Greek as well. Very similar challenge. Goliath has a kink in his soul. No imagination.

### **Goliath the Maladjusted Giant**

1. Goliath had true physical strength. There is nothing wrong with this. He is physically strong to the neglect of his soul. He neglects his soul.

2. In his entire lifetime, in the neglect of his soul, he has used his strength to make him happy. He is in a society which appreciates strength and a beautiful strong body. There was always in that day the admiration of Ulysses, but he had soul abilities as well. Goliath lives on approbation lust. The neglect of the soul and when these are combined, you get a bully. Strength requires responsibility; particularly to keep your temper. To take more than other people would. Once your temper takes over, your strength is used to crush others. Goliath is a murderer to satisfy approbation and power lust. A failure of imagination. It never occurs to him that he would ever get whipped. He had great self-confidence. By this confidence, this is based upon total stupidity. He is truly an Ajax, a truly stupid person. A marine corps Sergeant. In combat, you want him there. He was so stupid, it never occurred to him to be afraid. A man with great courage is a man with imagination and he can envision himself being split open; but he can still do his job. A stupid person is not a courageous person. A courageous person has a great imagination and understands all the possible outcomes. This type of person is always self destructive. He is wearing 148 lbs of boiler plate. When a man of this type of strength, when he develops his soul, he also develops sensuality. This is what happened to Samson. He was the first person to recognize that the greatest erogenous zone is in his mind. Samson was one of the greatest chasers of all time. It never occurred to him that a woman could betray him. Neglect of soul for Samson was reversionism. He used to love to kill Philistines and he loved to chase women. He fornicated with every skirt that he passed by. Goliath was just a bully; and Samson was a woman-chaser. Goliath has confidence on the battlefield and Samson had great confidence in the bedroom. One of the strongest men we had in this country looked like a fat man, but he had great strength. If you are a man with great athletic ability, you have a very special trap. You can destroy yourself. Goliath destroyed himself. Goliath is standing there spending the last 40 days of his life calling for all comers.

3.

4.

1Sam. 17:9 If he wins in a fight against me and kills me, we will be your servants. But if I win against him and kill him, then you will be our servants and serve us."

I have reproached all Israel today. The way he says, "Send me a man" indicates that he does not believe that they have one. There is no involvement in his soul here.

1Sam. 17:10 Then the Philistine said, "I defy the ranks of Israel today. Send me a man so we can fight each other!"

We will now see the failure of the military. This challenge will go on for 40 days. Saul is a courageous soldier and he has proven himself in combat and he had a number of personal decorations from what he has done in battle.

#### Available Soldiers

1. 1Sam. 11:11 Saul was a great warrior. There were 4 areas where the Holy Spirit came upon him to make him a great military man. There was a time when he was a great military man.
2. There is Jonathan who had his weapon carrier; he attacked and defeated and neutralized a Philistine outpost all by himself.
3. There are 3 older brothers to David, and 3 of them are platoon leaders; they may all be in the same company.

Katath means to be a yellow-bellied coward; this was their condition for 40 days. Total self-confidence and total self-destruction is out there in the valley yelling to them. So there are many men who have distinguished themselves under David; and even they were afraid.

1Sam. 17:11 When Saul and all Israel heard these words from the Philistine, they lost their courage and were terrified.

Then we have the words *now, David*. There is a similar word which means to make love to a woman; then there is a similar word which means to caress or to have sex. "Sex-caresses" is David's name. It means *beloved*. David received more things from God than any man who ever lived. A greater variety of things than any other man, from Adam to the end of time. Paul receive more doctrine than any man who ever lived. Moses received a great variety. There is one alluded to in James, a supergrace believer upon whom God could pour out money.

Whatever you might associate with glory or happiness, David had it. Military genius, success, money, women; and in any field, David had it more than anyone else in history.

1Sam. 17:12 Now David was the son of the Ephrathite from Bethlehem of Judah named Jesse. Jesse had eight sons, and during Saul's reign was already an old man.

Goliath kara's toward Israel; David kara's toward God. He has been enlarged means supergrace blessing from God. To receive you need soul capacity. Some of you have been endowed with many different things, abilities, talent, strength, beauty; but if you don't have a soul filled with doctrine, it doesn't mean a thing. It is the soul that counts.

The supergrace life after the completion of the edification complex. Which begins capacity for love, capacity for life, capacity for adversity, etc.

David will show up and he is ready to go. Everyone else is having a nervous breakdown. His soul immediately recognizes the problem. It is his capacity for pressure that will make him victorious in the valley of Elah.

David will have to fight off members of the Jewish army before he can get out to the battlefield with Goliath.

Psalm 4:1 **For the choir director: with stringed instruments. A Davidic psalm. Answer me when I call, God, who vindicates me. You freed me from affliction; be gracious to me and hear my prayer.**

Glory belongs to those who are in Israel. God's glory is turned into shame. The Jews there love emptiness and they seek the lie. They are constantly trying to fake through it.

Psalm 4:2 **How long, exalted men, will my honor be insulted? How long will you love what is worthless and pursue a lie? Selah**

Psalm 4:3 **Know that the LORD has set apart the faithful for Himself; the LORD will hear when I call to Him.**

David was angry, and he walked up to the battlefield, and he was the only person who had a clue. What Goliath was doing was insulting the Living God. This is an anger that we ought to have against tyranny; against communism and socialism.

Bible doctrine is in David's right lobe. He has doctrine in his norms and standards; he has doctrine on the launching pad. His mind thinks doctrine when he hears Goliath on the battlefield.

Don't get into hassles with petty persons. Move on to things that are important.

Selah, stop working at it and let God carry the ball.

Psalm 4:4 **Be angry and do not sin; on your bed, reflect [lit., *speaks*] in your heart and be still. Selah**

Here, this means to gap it daily. Batach is the faith-rest technique.

Psalm 4:5 **Offer sacrifices in righteousness and trust in the LORD.**

There are those in the tents of Israel saying, "Who will show us anything good?"

Psalm 4:6 **Many are saying, "Who can show us anything good?" Look on us with favor, LORD.**

The secret to success is putting gladness in his heart. Joy is the word for +H.

Corn is food and wine is wine. This is like milk and honey; an idiom for prosperity. Prosperity is multiplied. You keep going with gap and God multiplies it.

Psalm 4:7 *You have put more joy in my heart than they have when their grain and new wine abound.*

David had a good night sleep before and after. The night after, he slept with the head of Goliath in his tent. The head is probably as big as his tent. Old loudmouth didn't talk much that second night; he was quiet.

V. 8 is perfect peace. David sleeps with the celebrityship of Jesus Christ on his mind. He dwelt in safety and in prosperity. This is David before the battle.

Psalm 4:8 *I will both lie down and sleep in peace, for You alone, LORD, make me live in safety.*

**1Samuel 17:12–25**

**Psalm 23:1–6 72David**

**631\_0005**

Some people are always out there looking for an angle. As long as you are doing that, you are not compatible with God's plan. Jesse was a big fish in a small pond.

1Sam. 17:12 *Now David was the son of the Ephrathite from Bethlehem of Judah named Jesse. Jesse had eight sons, and during Saul's reign was already an old man.*

These older brothers of David were all platoon leaders. David had his head screwed on right for a long time. Now he is a supergrace believer, and he has had it all straight for a long time.

1Sam. 17:13 *Jesse's three oldest sons had followed Saul to the war, and their names were Eliab, the firstborn, Abinadab, the next, and Shammah, the third,*

1Sam. 17:14 *and David was the youngest. The three oldest had followed Saul,*

David returned home from his assignment. His father probably did not approve of it, but David's gig in the palace was not what he wanted.

#### **David and Saul as His Music Guy**

1. This was retrospective narrative.
2. David's head was not screwed on wrong; he was not turned by prosperity or being close to the king.
3. The supergrace hero always passes the prosperity test.
4. After a taste of court life, David returned to the position of a shepherd.
5. If God does not promote you, you are not promoted. Some would think, "My success depends upon Saul." David knows that he place is with God.

6. Most people would have been too proud to return to the sheep after living in the palace.

1Sam. 17:15 but David kept going back and forth from Saul to tend his father's flock in Bethlehem.

### Sheep

1. Sheep cannot guide themselves.
2. They cannot cleanse themselves.
3. The sheep is helpless when injured.
4. The sheep is defenseless. Most animals have some provision for defense.
5. Sheep cannot find food or water. He depends upon the shepherd.
6. Sheep are easily frightened. They are calmed with music or with the tender voice of the shepherd.
7. Sheep's wool does not belong to the sheep. What it produces belongs to the shepherd, not to the sheep.

The supergrace believer never lacks anything. David had great capacity. When the shepherd says, I cannot lack. This is the testimony of a supergrace believer.

Psalm 23:1 A Davidic psalm. The LORD is my shepherd; there is nothing I lack [I cannot lack].

David is back with the sheep. The court cannot provide the things which he lacks. So, David returns to the place where God was prospering him.

Psalm 23:2 He lets me lie down in green pastures; He leads me beside quiet waters.

Where David was, he had great spiritual blessing, something which he lacked with Saul.

David knew that, in the palace, that this was not a path of righteousness.

Psalm 23:3 He renews [restores] my life; He leads me along the right paths for His name's sake.

Death was not a reality to David; the Lord was. David was not afraid of Goliath or of a bear or of anything. He does not depend upon anything except Who and What the Lord is. A coward dies many times; a brave man but once.

Some people are not afraid of evil because they are twice as evil. They have mouths filled with evil. Evil people are not afraid of evil. Everyone is afraid of something; something more evil than they are.

If you have to leave before this series is over, T&P will send you the whole series. Bob figures to be done to 1Sam. 18 by a week.

The rod and staff are discipline and that is comfort. The hell they are. I just may say "Hell" again. David had a rod and a staff; he had 2 kinds of weapons and it was a comfort for him to carry them.

The comfort comes from Bible doctrine in the soul. When the believer has Bible doctrine in the soul, that is a weapon which he can use. David was not a yellow-bellied coward like the rest of Israel. David took comfort in his weapons.

In war, use your weapons. If your soul is filled with doctrine, then you kill the enemy. Stack them up high. Bob hopes to kill a commie or two before he dies. "You don't like that and that's Christianity. You don't know anything about Christianity."

the staff gets the sheep out of trouble.

Psalm 23:4 [Even when I go through the darkest valley, I fear no danger, for You are with me; Your rod and Your staff--they comfort me.](#)

Anointing David's head with oil gives him purpose in life. When David walks into the valley of death, he is confident.

David is 24 and his cup is already running over. He will have the greatest cup that anyone has had under any circumstance.

David doesn't even have a cup to drink out of....well, we almost slipped.

Psalm 23:5 [You prepare a table before me in the presence of my enemies; You anoint my head with oil; my cup overflows.](#)

What always happens to the supergrace believer; divine good and grace pursue David.

David was pursued by grace all the days of his life.

He would dwell in blessing all the days of his life. This is phase III. This is not waiting for phase III happiness and blessing.

With this background, do you see why David is going to charge into battle? David will carry K rations and C rations to his 3 lieutenant brothers. The family provided the rations.

Psalm 23:6 [Only divine good and grace will pursue me all the days of my life, and I will dwell in the house of the LORD as long as I live.](#)

David charged Goliath.

This begins the normal combat day.

The Philistine moves closer each day. He did this consistently. He took a stand for 40 days. He issued this challenge for 40 days.

1Sam. 17:16 Every morning and evening for 40 days the Philistine came forward and took his stand.

Jesse thinks nothing of having David act as an errand boy. Jesse brown-noses the commander, Saul.

1Sam. 17:17 One day, Jesse had told his son David, "Take this half-bushel of roasted grain along with these loaves of bread for your brothers and hurry to their camp.

Get assurances that they are well. The human viewpoint comes out with the 10 cheeses.

1Sam. 17:18 Also, take these 10 portions of cheese to the field commander. Check on the welfare of your brothers and bring a confirmation from them.

Lachem means *maneuvering to fight*. They are learning to fall back and to regroup.

1Sam. 17:19 They are with Saul and all the men of Israel are in the Valley of Elah fighting [maneuvering from the Philistines] with the Philistines."

David rises up early. He left the sheep with a keeper. David shows great responsibility.

1Sam. 17:20 So David got up early in the morning, left the flock with someone to keep it, loaded up, and set out as Jesse had instructed him. He arrived at the perimeter of the camp as the army was marching out to its battle formation shouting their battle cry.

Israel and the Philistines a formed up to do battle.

1Sam. 17:21 Israel and the Philistines lined up in battle formation facing each other.

There is a quartermaster and David left his provisions for his brothers with him.

1Sam. 17:22 David left his supplies in the care of the quartermaster and ran to the battle line. When he arrived, he asked his brothers how they were.

David was talking with his brothers. On D+40, Goliath does something different. Every single day, he walked down to the valley and yelled at the troops. So, all buy himself, this time, he walks up closer to the troops. So, this time, he walked down the hill and then up the hill. Goliath by name. He shouted the same words that he had been shouting before.

This time, David hears with this Philistine has to say, and he listens very carefully.

1Sam. 17:23 While he was speaking with them, suddenly the champion named Goliath, the Philistine from Gath, came forward from the Philistine battle line and shouted his usual words, which David heard.

1Sam. 17:24 When all the Israelite men saw Goliath, they retreated from him terrified.

1Sam. 17:25 Previously, an Israelite man had declared, "Do you see this man who keeps coming out? He comes to defy Israel. The king will make the man who kills him very rich and will give him his daughter. The king will also make the household of that man's father exempt from paying taxes in Israel."

So, David now asks round, as to what will happen for the one who kills Goliath. David could smell the stench of the people of Israel and the reproach; the dishonor. "Just who is this uncircumcised Philistine." No one had heard anything like that for 40 days. In the Hebrew, that is spitting out some pretty serious words.

David looks at this guy and he does not see a monster; he sees a man standing against the armies of the Living God.

1Sam. 17:26 David spoke to the men who were standing with him: "What will be done for the man who kills that Philistine and removes this disgrace from Israel? Just who is this uncircumcised Philistine that he should defy [bring dishonor to] the armies of the living God?"

#### **David's Mental Attitude in Facing Goliath**

1. David states his intention of killing Goliath from the very beginning.
2. David considered this 40 time period as a reproach, disgrace, dishonor and defamation.
3. David regarded the Philistine as an unbeliever, rather than as a powerful giant.
4. David regarded God as living. This is occupation with Jesus Christ as the true hero. David puts this in the plural. Chayyim. This is plural. The armies of the livings Gods.

**1Samuel 17**

**72David**

**631\_0006**

This passage states the attitude of the supergrace believer. There is no gap in his doctrinal concepts. David states several things.

1. David states the certainty of killing Goliath.
2. That this giant could insult the military for 40 days, this is a great disgrace, because this is the army of the Living God, Jesus Christ is their commander-in-chief. David considers this 40 day elapse as dishonor to all of Israel and to Jesus Christ.

1Sam. 17:26 David spoke to the men [Then David kept speaking to the soldiers] who were standing with him: "What will be done for the man who kills that Philistine and removes this disgrace from Israel? Just who is this uncircumcised Philistine that he should defy [bring dishonor to] the armies of the living God?"

### **The Doctrine of the Military Establishment**

The timing of this conference is excellent. We had a communion; we had military types serve communion. Many men have died so that even yellow hippies can have freedom. The freedoms that we possess belong to us on the basis of the laws of divine establishment.

1. The military establishment is designed, under the laws of God, to protect a national entity; to gain its freedom, to protect its laws, and all other establishment. Neh. 4:14, 15 and I inspected and I rose up and spoke to the generals, to the officers and to the rank and file of the army, "Be not afraid of them. Remember the Lord, a great and mighty warrior." Jesus Christ has the record for the number of enemy killed. "Recall the Lord." Believers are encouraged to remember that God is great in war. "Fight for your sons and daughters; your wives; and your houses." These are the things for which you fight. These are the things which require you to kill the enemy.
2. In spite of man's efforts for peace, warfare will continue until the Millennium. Luke 21:9 war maintains national sovereignty and freedom.
3. In both the struggle for and the perpetuation of the freedom of Israel, Jesus Christ became the commander-in-chief of the armies of Israel. Joshua 5:13 6:2
4. Armies fight to defend their freedom or to enslave others. The Jewish army fought for their freedom and the Philistines fought to enslave the Jews. Jer 34:7
5. Sovereignty and freedom depends upon which army wins. The victory of David over Goliath means that the Jews will maintain their freedom.
6. God will use this to show the reversionism in the souls of the people today. The fact that Goliath stood up and made this challenge revealed the souls of the people there.
7. Since the battlefield decides freedom, universal military training is an important function of any national entity. Luke 14:31 Num. 31:3-5
8. Prov. 24:1-6 lack of military leadership is an index of a lack of national character.

Don't be jealous of other people. Pettiness is a sign of weakness; you are a weak, unstable person. You are either in emotional revolt or you are an emotional cripple.

Evil ones are those who appear to be prosperous in some way. To envy these people is a sign of pettiness and weakness of character.

Prov. 24:1 Don't envy evil men or desire to be with them,

their right lobe lacks doctrine; so they study destruction; they study to be reversionists; they work at it. Their lips are involve in verbal sins.

Prov. 24:2 for their hearts plan violence, and their words stir up trouble.

The daily function of gap is wisdom; the house is the edification complex of the soul. While the believer is growing spiritually, he is preparing himself for life. David was building a house in his soul; the edification complex.

Prov. 24:3 A house is built by wisdom, and it is established by understanding;

Knowledge is gaping it to the edification complex. Once the chambers are filled, the edification complex is completed, and the believer is in supergrace.

Prov. 24:4 by knowledge the rooms are filled with every precious and beautiful treasure.

David was increasing in strength.

Prov. 24:5 A wise warrior is better than a strong one, and a man of knowledge than one of strength;

It is not a committee that is great. All cowards in the state department. MacArthur had the chinks on the run and he could have dusted their tail. Had he been able to chase down the Chinese, they would not be supplying Vietnam today. That was the turning of the time; that is when the Chicoms knew they were safe. Our military would have cleaned up the Chicoms all the way to Peking. "We might have been caught up in a war." "Hell, we were in a war." We could have crossed over the Yalu River and cleaned up on half of the Chinese army. Hanoi ought to be a hole in the ground now.

Fortifications are made for cowards. Aggressive action; what if you do clear out a village of civilians; they have been trained to lay mines. The communists trains children and women to kill the American. Cowardly civilian leadership neutralized the military. We are a reversionistic nation with reversionistic leadership. The civilians try to run the military, and they too often take the blow. Sometime, a supergrace believer has to walk into a filthy scummy situation and turn things around. This is the worst period in our history of our military. This is the greatest time for supergrace believers to step into the military.

9. Therefore, the importance of military training. It takes a year to train an eager beaver. But you can never train a gold bricking, yellow-bellied hippie coward. In 1941, we had some people that could be worked with. Now we have a bunch of hippies and Black panthers who do not understand the flag or the concept of freedom.
10. Part of divine judgment against a nation is the military defeat which precedes the fifth cycle of discipline. This happened to Chaldea, to Judæa, to Assyria. When nations lose wars, they lose their freedom.

Prov. 24:6 **for you should wage war with sound guidance--victory comes with many counselors** [in the greatness of the generals is victory; greatness of the one who commands].

1Sam. 17:26 **David spoke to the men who were standing with him: "What will be done for the man who kills that Philistine and removes this disgrace from Israel? Just who is this uncircumcised Philistine that he should defy the armies of the living God?"**

Saul had been manufacturing rewards in order to get someone. If you cannot get the people to fight for a principle, then dangle some bait in front of them. The rewards kept going higher until the 40<sup>th</sup> day. Saul kept raising the bounty to be given. When you represent your country in battle, you should be the greatest killer in your outfit. You never take prisoners unless you have to. They are just a nuisance. That's the way to fight a war, ladies. This is why you do not suffer the mass rape as the Russians did in Germany, from age 4 to 80. Some of you Christian females who are feather-brained ought to get some doctrine. Who wants their children to be killed? Freedom is paid for by the finest young men in the war. Bruce Davis, who died in Korea, is a prince of a man. If any of you are dumb enough to see Jesus Christ Superstar; everyone in that thing ought to be drafted for life. Jesus freaks have nothing to do with Jesus Christ, our Savior; they are just yellow freaks. Someday, we will be in another big shooting war and this time, it will come to us. Because we have had such cowardly presidents. Some of you will have the chance to kill communists, so remember to rebound so that you do a good job.

The Bible talks about killing. Never in the history of the United States have so many people hated us. Some of the pettiest nations in the world have plans to conquer the United States. There are over 50 nations who have plans on getting in on the act if someone else conquers the United States. The time has come to recognize that the only good communist is a dead communist. The war is coming to this country next time. Only the grace of God will stop this.

1Sam. 17:27 **The people told him about the offer, concluding, "That is what will be done for the man who kills him."**

As soon as someone takes a hard-nosed stand against the enemy, there is always this petty nobody who tries to shut this down. David has to demonstrate the superiority of supergrace to any attitude of cowardice and mental attitude sins.

What Eliab says indicates what he was thinking. Eliab listened in on this entire conversation. He recognizes the courage of his brother. He recognizes that David was about to accept this challenge, and he could not stand his kid-brother to be successful. Eliab attacks with sarcasm; that is the sign of mental attitude sins which have rotted the soul of this eldest brother. He should be ahead of David spiritually, but he is not.

One mental attitude sins always leads to another. Eliab's anger is developed. He nurses this anger for quite awhile. Jealousy always finds an excuse to get angry. People who are jealous have a tendency to become very angry. Judah is higher than where this battle is, so David came down in elevation to Eliab.

More sarcasm. You have a platoon of sheep; I have a platoon of soldiers.

#### **Eliab's Mental Attitude Sins and David**

1. Eliab has a command of a platoon and David has a command over a few sheep.
2. God prepared David, and Eliab is not prepared for anything. Doctrinal content makes the difference.
3. Eliab implies that he has not deserted his platoon, but that David deserted his sheep.
4. The reversionist always ascribes to others his own failures and weaknesses. You want to know another's weaknesses? Listen to how they put you down.
5. All reversionists are subjective.
6. Subjectivity becomes a mirage of the soul; a blackout; a mirror which reflects your own failures.

David, as an aid-de-camp, he had already received a higher rank than his brother. David was grace orientated. He was a captain while his brother was a 2<sup>nd</sup> lieutenant. David walked away from his rank.

"I know your deformity." There is something wrong with him and Eliab just doesn't want to say because he is his younger brother. "You're just a kid; you came down to watch a battle." His older brother rags on David for expressing divine viewpoint. If anyone was just there to watch, it was Eliab. For what reason did you come down?

#### **Eliab the Reversionist and David**

1. Eliab is a reversionist with no concept of divine establishment and he does not know how a nation is blessed.
2. David is not a spectator to a battle but a spectator to an embarrassing army.
3. Eliab has had 40 opportunities to fight this giant and he has declined every one of them.
4. Like so many reversionists, everything that Eliab ascribes to David is really all about him.
- 5.
6. In short, everything Eliab is guilty of, he has now accused David of being. Eliab is a coward in his own frame of reference, so that is how he sees everyone else. Eliab in his own frame of reference he is mental attitude sins; his norms and standards are mental attitude sins. All he can express on the battlefield are mental attitude sins. So a reversionist always turns his soul inside out so that you can see his sins and go vomit.

The Song of Solomon shows how Solomon missed his rw because of his own soul-defect.

1Sam. 17:28 [David's oldest brother Eliab listened as he spoke to the men, and became angry with him. "Why did you come down here?" he asked. "Who did you leave \[abandon\] those](#)

few sheep with in the wilderness? I know your arrogance and your evil heart--you came down to see the battle!"

What will David do about this? "Is there not a word?" David does not get down in the lower levels with his brother. He does not go to insulting Eliab.

1Sam. 17:29 "What have I done now?" protested David. "It was just a question [Is this not a doctrinal issue?]."

It takes a great man to walk away from this. No doubt, David wanted to punch Eliab.

### **David Wins the First Battle**

1. First victory; turned away from his brother.
2. David had to get into it with his own brother before facing the giant. That is the first attack against him. How many times have members of your family deterred you from spiritual growth? Some sarcastic jackass or some feather-brained woman with never a thought in her head.
3. He does not have the courage to fight the giant, but he will discourage anyone else who tries.
4. Eliab is blind of soul and deformed of his right lobe.
5. By turning away from Eliab, David wins the first of a series of battles before reaching Goliath. This is the first battle for a person in supergrace. Pettiness from one's own family. Pettiness from those close to him. Pettiness and vindictiveness. A supergrace believer rises above the mental attitude sins that would drown him. It is tempting to snap back.
6. To win this battle, David must retreat. He turns away from his brother. He wins this first battle by retreating and he will win the next one by charging. A believer with moxie knows when to fight and when to pull back.
7. Therefore, all battles in the spiritual life are not won the same way.
8. If David had lost his temple and whipped his brother, he would have lost the battle with Goliath. No one can be great without rising above the pettiness around him.
9. Supergrace victory over pettiness today results in killing giants tomorrow.
10. Victory in skirmishes means victory in great battles. Winning a skirmish today means winning a great battle tomorrow.
11. David won a great victory by turning away from Eliab. His remarks were unfair, unjust and uncalled for. David did not stop to defend himself. A believer who spends all of his time defending himself will never get to supergrace.
12. David recognizes that the issue is not muscle against muscle, spear against spear, etc. he recognizes that the issue is doctrinal; the issue is in the soul. "Is not this a doctrinal issue?" Eliab put David down; God put David up. We would have never heard about David if he turned around and punched his brother. Remember that the next time you are tempted to fight pettiness.

1Sam. 17:30 Then he turned from those beside him to others in front of him and asked about the offer. The people gave him the same answer as before.

## 1Samuel 17:31

## 72David

631\_0007

Bob recommends Rebound and Keep Moving. "If you are not interested in the Word of God, but you just want to attend a religious organization, we can recommend some to you."

Bob is not going to bring anyone up to date. 1Sam. 18 is the destination of this conference.

The Niphal stem here is passive and reflexive. There are a lot of people around listening. No one had much to say by day 40. The fact was, no one had the nerve to go out and take out the giant. David is the only person who has anything to say. The news that someone is willing to fight the giant is taken to Saul.

1Sam. 17:31 What David said was overheard and reported to Saul, so he had David brought to him.

David talks about his heart, and says, do not let anyone's heart fall. This spiritual condition has made casualties of the entire Israeli army. David's brother was quick to malign him and quick to judge; and he is not the man for the crisis.

The second attack will be another test; the attack of human viewpoint.

1Sam. 17:32 David said to Saul, "Don't let anyone be discouraged by him; your servant will go and fight this Philistine!"

Saul tells David that he does not have the ability now or in the future. Saul has completely surrendered at this point. He does not see David as being able to save him. David was 30 when he became king. At this time, David is 24 years old. Bob figured this out. A fallacy of this world is to think that you need experience to do this or that job. God uses supergrace believers; it does not matter if they are prepared or not.

David will receive a greater variety of things from God than any other man who has lived.

Supergrace is the person who first takes Bible doctrine into the soul. It is taken in to the left lobe, and then there is faith placed in the word, transferring it over to the right lobe. It is cycled into the human spirit by faith, and then it is cycled to the right lobe.

Then there is the construction of the edification complex of the soul. God always is looking for believers who can receive from Him the details of life. When he finds a believer with whom He can entrust success, a million or a billion dollars, God is looking for men and women today. There are so few who catch on.

God's timing was perfect; Saul's timing, to make David his aide-de-camp was bad timing. David must have the king's permission to fight. He cannot just go out there.

1Sam. 17:33 But Saul replied, "You can't go fight this Philistine. You're just a youth, and he's been a warrior since he was young."

Now, David has to toot his own horn, in order for Saul to let him go out and fight Goliath.

There were quite a few lions at that time. They dressed out at 500 lbs and they could run the 100 yard dash in 5 seconds. A shepherd boy facing a lion is a rare event. David had a short club, a sling, a shepherd's knife, and a shepherd's hook.

The example of a person who hunts with a magazine rifle. You might get off the first shot and hurt the lion, but if he is still alive, it will be on you before you can eject the cartridge and shoot a second time. Lion's have great strength. They can pick up a full grown calf with their mouth. A normal Jewish man would have sat on a rock and been happy that the lion did not come and take him as well.

David was a man who recognized the Celebrityship of Jesus Christ. It never occurred to him to be frightened or upset. To be alone is wonderful, but to be alone with sheep is horrible.

David goes after the lion.

1Sam. 17:34 David answered Saul, "Your servant has been tending his father's sheep. Whenever a lion or a bear came and carried off a lamb from the flock,

David grabs lion's main. Bob hates to see people with long hair and hair on the face. He warns that someone could grab your beard, lift up your head, and cut your throat.

Bob can tell that many people in this conference came unawares. Some have mutton chops and sideburns and this is an advertisement that you are a loser.

This is a male lion, and David entered into combat with the lion. David is already majoring in miraculous feats with Bible doctrine in the soul. A few of you might go after a lion if pretty girls chanted, "Go, David, go."

There is no attention getter like killing a lion with your bare hands and bringing him back into town to show it off. David does not do this. He does not carry the carcass of the lion into Jerusalem. This is the first time that he mentions this incident.

Few people can actually say this.

1Sam. 17:35 I went after it, struck it down, and rescued the lamb from its mouth. If it reared up against me, I would grab it by its fur, strike it down, and kill it.

Bears are quite vicious, and they can outrun a person, and they can slice you open with their claws.

David could have said a lot of things; but, instead, he went after the bear and he killed the bear. Nakah means *to kill in combat*.

He killed both of them. Some may have thought that David is too proud here.

### 7 Principles

1. Supergrace believer does not need an audience or a crowd to cheer him on. Approbation lust is not necessary to motivate the supergrace believer.
2. The supergrace believer does not rationalize. He could have said, "There was only one sheep taken. I can live with that."
3. The supergrace believer has a sense of responsibility. David goes to rescue the one sheep taken. That is in his responsibility sphere. David, as a supergrace believer, had a fantastic capacity.
4. The supergrace believer is faithful in the little things. It is not based on pushing himself and he does not get shaken up.
5. The supergrace believer finds doctrine to be more real than any danger in life.
6. The supergrace believer is armed integrity the soul with Bible doctrine.
7. The supergrace believer does not quit in the middle of a test. Having passed the test of the lion, he does not shirk from the test of the bear.

1Sam. 17:36 [Your servant has killed lions and bears; this uncircumcised Philistine will be like one of them, for he has defied the armies of the living God.](#)"

David uses his feet to advance on the lion and the bear. He used his moxie in fighting both of them. He was caused to be delivered. Is this not a doctrinal issue? He has no concern about the strength of Goliath.

What Saul says is a typical reversionism. "Go and the Lord be with you." He gives the command to allow David to go, and then he throws in a Fundies phrase. Doctrine in David's soul will do the job. Fundy phrases cover the thin veneer.

### David and His Victory over Goliath

1. Pious phrases often cover a reversionistic soul.
2. These are superficial hypocrisies by which the reversionist seeks to have a part of a supergrace victory.
3. The lion and the bear victories were true dress rehearsals for Goliath. When the lion and the bear died, then Goliath was dead, and he did not know it.
4. Unseen by human beings and without human encouragement, David defeated a lion and a bear in combat. David was not motivated by approbations.
5. David has been prepared by God in secret for his tasks.

6. God's timing is perfect. "All of my friends are getting married" some fluttering female will say. They might all be divorced in 5 years. Wait on the Lord. You may have to wait a little longer because you are slow in taking in doctrine.
7. The battle which will ensure was won long before it was fought.

The battle of Cnaai was won 15 years before? Hannibal's father toughened him up to walk in the school and to toughen up his mind. He was prepared to win some of the most decisive victories in military history. Spartans drilled and learned tactics. They won that battle in military training before they marched to Thermoply and stopped the Persians flat.

Some very dumb officers in WWII, but the kids were great; they were depression kids. They came up the hard way and WWII was won by the depression of the 1930's. They were filled with common sense and they like good music. They frowned on the use of drugs. You cannot take hippies and turn them into military types. The Romans learned this. Rome learned all of their wars long before they went to war. Universal military training was the order of the day. All the early Romans did exactly that.

8. This was of Ophrys Damian was won by David when he began to grow spiritually long ago.
9. God prepares his man in secret for public victory.

1Sam. 17:37 Then David said, "The LORD who rescued me from the paw of the lion and the paw of the bear will rescue me from the hand of this Philistine." Saul said to David, "Go, and may the LORD be with you."

David has another test to face. Saul causes David to put on his armor. Saul thought that David might win, so he wanted his armor on David. Saul reasoned that he could take the credit because David was wearing his armor. This is a spiritual victory. It is an attack of worldliness because the armor represents a discounting of the spiritual victory.

#### More Points

1. There is no substitute for the power of God. A worldly means is not the way to a spiritual victory.
2. No weapons or armor forged by the world will outdo the power of God.
3. Grace excludes human ability, human help, and human equipment.
4. God's Word had trained David to be independent of the cosmic system in any way. He is totally independent from Saul. David recognizes Saul's position, and therefore, asks his permission to fight.
5. David understands the doctrinal issues and he reject the worldly means. The armor did Saul not good. They key is the attitude of the soul. Divine viewpoint is the greater weapon than all the weaponry of Philistia

1Sam. 17:38 Then Saul had his own military clothes put on David. He put a bronze helmet on David's head and had him put on armor.

David gets into this armor and he tries it out. David refuses to go with all of this armor. He had not tested it.

1Sam. 17:39 David strapped his sword on over the military clothes and tried to walk, but he was not used to them. "I can't walk in these," David said to Saul, "I'm not used to them." So David took them off.

The weapons of supergrace. David will use a club and 5 smooth stones. Goliath is covered with all kinds of armor and a 17 lbs head for his sword.

David removes all of the armor of Saul, and he picks up the stick as well. His favorite weapon is a sling. These stones will have true trajectory. 2 leather thongs, a stick, and you pinch the stone tightly in the leathen, then you stretch your hands behind your head, and you advance, and when you get in range, you begin to swing your arm in large swings. Another point is, why 5 stones. There were 5 giants, which David probably is able to see.

The roster of giants. Goliath, his brother in 17:19 21:16, 18, maybe a son of Goliath is the next 21:20-22. A script is the ammunition pouch. He steadily approaches. He keeps on closing in. He moves in to the target area.

1Sam. 17:40 Instead, he took his staff in his hand and chose five smooth stones from the wadi and put them in the pouch, in his shepherd's bag. Then, with his sling in his hand, he approached the Philistine.

Goliath will have a few last words, and there will be a short debate with Goliath at the end as well.

**1Samuel 17      The Doctrine of the Supergrace Life      72David      631\_0008**

### **The Doctrine of the Supergrace Life**

1. This is the final stage of growth beyond the edification complex of the soul. It is the place of perfect happiness and perfect benefit from God's grace.
2. The supergrace life is the place of maximum happiness. 1Thess. 5:16
3. The supergrace believer is the man for the crisis. 1Sam. 17
4. The supergrace believer has capacity for freedom. Rom. 8:21 2Cor. 3:17
5. The supergrace believer has capacity for life 1Sam. 18:5, 14, 30
6. Capacity for love. 1John 2:5 Joshua 23:10-11 SOS 8:6-7
7. The supergrace life provides capacity for happiness. Psalm 9:1-2 31:7 97:12 John 17:13
8. The supergrace believer also has capacity for suffering. 2Cor. 12:7-10
9. The supergrace life is characterized by occupation with Christ Heb. 12:2
10. Characterized by maximum benefit from God's grace.

This will be amplified upon later on in our study. This gives us something to study in anticipation.

When the Philistine realizes that he will fight David, he begins to close in. David has not fought a man one-on-one or as part of a military unit. This is the first time for this giant that anyone was not afraid of him.

Goliath died and went to hell. He heard human viewpoint all of his life, but, at the end of his life is, he heard some divine viewpoint.

Halak and yalak similarities and differences has been the source of great discussion between about 10 people. Halak involves the legs?

1Sam. 17:41 [The Philistine came closer and closer to David, with the shield-bearer in front of him.](#)

The bronze helmet that Goliath wears gives him limited vision. It is a heavy helmet. He moves his head about in order to scan the area, and he is quite shocked. It takes him awhile to move his head around because of the weight of the equipment that he carried. When Goliath sees David, human viewpoint rules the day.

All Achaian Greeks carried 2 javalans; one carried in their hand and one slung over the shoulder.

Goliath should have been alert to the fact that David comes out there with no observable weapons, and he should have realized that this young man was potentially very dangerous.

Bazar is the verb. One thing about Goliath; he lacked imagination on down to the last minute. It is the individual with no imagination who is inferior. Or, he wants Uncle Sugar to feed him; that Uncle Sugar owes him a living.

Those who demand to be called Blacks, when they ought to be called Americans and taught what it is all about.

Goliath probably had memorized most of the patches and rank; and he should have become alert when David walked onto the battlefield. Many people, because they lack imagination, walk into danger that they would have otherwise avoided. In your own self-analysis, that you lack imagination, that it might be worth is for you to develop some. Goliath had a very poor functioning soul. He was a human being, and now he is suffering in torments. He will be in the Lake of Fire forever. By that time, imagination will be useless. Goliath was a bully and he always pushed others around and people cultivated his friendship so that they would not be hurt by him. The problem was, he never knew what life was all about. He will have a very clear and lucid picture of what hell is all about.

D+40 is the day that he will die, with the same opportunity to believe in Jesus Christ as anyone else.

David was ruddy, *admoni*, which means *readheaded*. He was a natural redhead. He was redhaired and fair. This means very handsome.

It never occurred to Goliath that a pretty boy could be tough. Scars simply mean that you were unable to get away without a scar.

1Sam. 17:42 [When the Philistine looked and saw David, he despised \[disdained\] him because he was just a youth, healthy \[redheaded\] and handsome.](#)

Goliath did not try to be funny. It just turns out that way. In David's view, Goliath is a dog. In David's view, he is. Such people are very serious about themselves and about everyone else.

Bob would look at the analogies between Goliath and a dog if he was writing commentary on this. David is approaching him, and the giant notices the shepherd's staff. People and dogs were not very friendly toward one another at that time. Bob recalls one person who left because he told her thrice that dogs would not be in heaven.

The Philistine cursed, and this word can mean 4 different things. *Chalel*; it means *to be light, swift; to lightly esteem; to despise; to be shaken, to be moved; to remove a burden*. The *pilil* stem means *to revile, to vilify, to curse*. He is a blasphemer. It never occurred to Goliath that cursing God would be a bad idea. It never occurs to him that anyone is greater than he is.

This man was merely a farce. He was ridiculous. Stupid. No capacity for life. What a tragedy that he is so lacking in imagination. It never occurred to him that anyone could dislike him. He is a great asset to the military victories of the Philistines.

He was probably pretty much of a pest. "Do you have a Goliath soul?" He has no imagination. This is not just dreaming up something; this is the orient to life to anticipate things which might occur. There are women with a Goliath soul; it never occurs to them that others may have opinions of them very different from what she thinks.

Goliath had his share of women; he had his share of successes.

Goliath had a *psueo* character. He was considered a great warrior, but he was uncontrollable. He never got away from the fact that he was stronger than everyone else. He would frag his officers if he did not realize what they were doing.

Even you even suspect that you have a Goliath complex, then you start gapping it daily to be rid of this complex.

1Sam. 17:43 [He said to David, "Am I a dog that you come against me with sticks?" Then he cursed David by his Elohim.](#)

People with imagination can hear the threats of this Philistine and are intimidated when he makes these remarks. When you find someone who is not intimidated by you, you need to give that person a wide berth.

Notice Goliath's brilliance here. Goliath keeps telling David to keep advancing. This man was just a big, overgrown, smart ass.

The most distinctive thing that Goliath ever did was dying in combat with David. Apart from that, he would have faded into obscurity. His falling before David is Goliath's only historic claim to fame. All Goliath has been doing since 1010 B.C. is suffering in torments all these years.

Goliath, like everyone else, has free will. He had a choice. He could have accepted Jesus Christ. How many times have you felt sorry for some hapless female who deals with everything that goes wrong.

As a saved reversionist, God will make your death so miserable, that you will realize just how much you missed the boat. Everyone must face the facts that we need doctrine daily. If you have a Goliath complex, God will see to it that you have a miserable death. Once you die, you are absent from the body, but face to face with the Lord.

Here are Goliath's final words; he seems to have gone through life without needing much of a soul. Always going through life without settling an argument except with his fists.

1Sam. 17:44 "Come here," the Philistine called to David, "and I'll give your flesh to the birds of the sky and the wild beasts!"

Now we go to David. Here we go to someone with a supergrace soul. He will be the greatest king that man has known, and a great warrior; a great captain. He also has the spiritual gift of prophecy. David gives Goliath a Bible class lesson before he dies.

David gives this Philistine the proper view of things. He notes all of Goliath's weapons. But David comes in the name of the Lord of the armies. David is occupied with the person of Jesus Christ. This further amplifies the role of the Lord Jesus Christ.

As a supergrace hero, David understands the issue. The battle is between the Lord and Goliath; Goliath does not know this; it does not occur to him. Goliath will die with his muscles in perfect condition.

1Sam. 17:45 David said to the Philistine, "You come against me with a dagger, spear, and sword, but I come against you in the name of the LORD of Hosts, the God of Israel's armies--you have defied Him.

David recognizes that this day is the day Goliath has defied God. Every day is Christmas and every day is Thanksgiving. David does not take any credit to himself. He recognizes that the Lord is taking care of all of this.

David has this all straight in his soul. He understands the issues. David is not unusually strong; but he is strong. David says it very simply and very dogmatically. "I will cause you to die violently."

David warns Goliath that he will take his head, which he will do and he will keep this head for a few days. The bodies of the Philistines will be food for the bird and for hyenas. This is so that all will continue to know that there is a God in Israel.

The supergrace believer always sees the crisis from divine viewpoint. Behind him is an army of cowards. They have been maneuvering; falling back and regrouping. They need to understand that God is the One delivering Israel. This is a grace victory.

God is always giving something to supergrace types.

### Summary

1. This is one of the greatest principles of life; the battle is the Lord's this is the application of the celebrityship of Jesus Christ. Only true of the supergrace believer. David keeps his soul in shape.
2. This dissertation which David gives to Goliath was given under maximum pressure. David is totally relaxed; there is maximum pressure.
3. One man in supergrace is an army. One supergrace believer is an entire army.
4. Furthermore, David is a visitor to the army this day. He resigned his commission to return to the sheep.
5. Here is where all military training becomes useless; when the soul is weak. The communists understand this very well. They know the soul must be defeated. They have conquered the souls of liberals today.
6. Only one man has enough doctrine to understand the crisis.
7. Only one man has enough doctrine in the soul to meet the crisis. He understood it and met it.
8. The phrase, the battle is the Lord's means that victory belongs to Jesus Christ. It must belong to God. David will not try to take the credit. David has capacity for success.
9. This is the thinking of a supergrace hero. He goes into action. They both have had their say, and the rest of it is action.

1Sam. 17:46 Today, the LORD will hand you over to me. Today, I'll strike you down [will cause you to die violently], cut your head off, and give the corpses of the Philistine camp to the birds of the sky and the creatures of the earth. Then all the world will know that Israel has a God,

1Sam. 17:47 and this whole assembly will know that it is not by sword or by spear that the LORD saves, for the battle is the LORD's. He will hand you over to us."

This Philistine is armed and he has begun to advance. David moved forward, running swiftly, and he is loading the sling as he runs. Goliath is accustomed to the guy running the other way, and then he throws a javelin before he gets out of range. It has been probably a long time since anyone moved in on Goliath.

### **The Supergrace Believer and Combat**

1. The supergrace believer has no hangups, subjectivity or fear in the soul.
2. Also note the concentration of the supergrace believer. You must be able to move rapidly and be able to still concentrate. You need to know your weapons well and you must be able to concentrate. Fear decentralizes concentration.
3. The attempts to intimidate David have completely failed and the issue is, the battle is the Lord's.
4. David has no qualms about killing the enemy. He will cut off Goliath's head and carry that head around with him for awhile. A born again believer filled with the Spirit will have no qualms about killing the enemy in battle. A British general was impressed by one group of soldiers who ate their K rations on the bodies of the dead Germans.
5. David's soul was prepared by doctrine for combat long before he walked onto the battlefield.
6. The supergrace believer is a perfect integration of soul and body.

1Sam. 17:48 [When the Philistine started forward to attack him, David ran quickly to the battle line to meet the Philistine.](#)

You ladies who shudder when a bug lands on your white gloves. This is the kind of thing which keeps you safe, so you can go from tea party to tea party. In his soul, David knows the importance of the death of his enemy. He reaches into his sack and seizes with great purpose. You ladies don't write to your congressmen because your son is not getting a glass of warm milk each night when in training. Training helps to overcome the great pressure that we face.

When David says, the battle is the Lord's, he is talking about real combat—life and death.

If you are a little nervous, a sling shot is not your weapon. This requires great concentration and steel nerve. David had imagination. He knows what could happen here. This is the first time that David has ever killed a man. He has killed a lion and a bear; but this is the first time that he faces the issue of killing a man. David writes 2 psalms about this.

The giant is out, but he is not dead. David comes to an immediate decision based upon what happens here. The stone penetrated his forehead.

With a quick counter punch, Bob knew that some men were out. They fell forward.

1Sam. 17:49 David put [decisively thrust] his hand in the bag [ammo pouch], took out a stone, slung it, and hit the Philistine on his forehead. The stone sank into his forehead, and he fell on his face to the ground.

A simple statement here. Qal imperfect of chazaq.

David won this battle via this sling, a weapon he learned how to use from his youth.

1Sam. 17:50 David defeated [established himself as superior to] the Philistine with a sling and a stone. Even though David had no sword, he struck down the Philistine and killed [caused the Philistine to die] him.

David is one of the greatest believers that ever lived. He was supergrace hero. His soul was loaded with Bible doctrine.

Goliath's sword is sticking up in a way that David can grab it. He pulls it out of the sheath and decapitates Goliath with it. The Philistines must have been utterly stunned.

1Sam. 17:51 David ran [swiftly] and stood over him. He grabbed the Philistine's sword, pulled it from its sheath, and used it to kill him. Then he cut off his head. When the Philistines saw that their hero was dead, they ran.

David, who uses this decapitation, is fighting for his country; and there is nothing in the Bible which disparages a soldier from fighting for his country. Until the Millennium, killing the enemy in battle is the order of the day.

A psalm of national deliverance. The Philistines have suddenly discovered that Goliath bleeds like anyone else. The ones shouting are Jewish soldiers.

David is the only supergrace believer. Bob calls him the righteous one here.

Psalms 33:1 Rejoice in the LORD, you righteous ones; praise from the upright is beautiful.

David probably praised God in his tent while looking into the blank stare of Goliath's eyes. David could sing the benefits of grace in his tent that night.

Psalms 33:2 Praise the LORD with the lyre; make music to Him with a ten-stringed harp.

Why can David sit in his tent with a monster head?

Psalms 33:3 Sing a new song to Him; play skillfully on the strings, with a joyful shout.

David can do this because the Word of the Lord is right; straight. Bible doctrine kept David thinking straight. At the crisis moment, David stepped forward at D+40 and saved the day. The battle is the Lord's.

Psalm 33:4 For the word of the LORD is right, and all His work is trustworthy.

God keeps on loving righteousness. David has a +R that God loves. Justice is only for one who has the soul capacity for it.

Psalm 33:5 He loves righteousness and justice; the earth is full of the LORD's unfailing love.

David uses the heavens as an illustration.

Psalm 33:6 The heavens were made by the word of the LORD, and all the stars, by the breath of His mouth.

Everything is orderly and organized.

Psalm 33:7 He gathers the waters of the sea into a heap; He puts the depths into storehouses.

Fear/respect are the same word in the Greek, Aramaic and Hebrew.

Psalm 33:8 Let the whole earth tremble before [respect] the LORD; let all the inhabitants of the world stand in awe of Him [operate in the sphere of grace].

God decreed and it was. He commanded it and it came into existence.

Psalm 33:9 For He spoke, and it came into being; He commanded, and it came into existence.

God controls history some of us are in serious trouble. The specter of communism was greatly enlarged by FDR and others. There are a lot of cowards now. There is a grain ship in the port of Houston heading out to feed our enemies. Apart from God's grace, there is little hope for our survival.

Where is supergrace today? God causes to frustrate the plans of the heathen nations. David does not sit in his tent and say, "I did it;" it is God Who did it. David was alone before God in his tent.

God blocks the plans of the people. Those students of Louisiana who got up in the face of their governor, God will thwart their plans; God blocks them.

God is looking for some believer to bless. He wants a believer to give a billion dollars to. Capacity for happiness and capacity for life etc. will allow God to give. God has an unlimited amount of blessing to give to us. God is looking for supergrace heroes and they are just not around. There is no problem with God to do this.

David will be made into a major general. God causes their plans to be hindered.

Psalm 33:10 The LORD frustrates the counsel of the nations; He thwarts the plans of the peoples.

Notice how long God's plan will be in existence. The same word used to jump on Goliath is used here. God's plan stands forever. It is wonderful to be in God's plan, even if you are a reversionist. Spiritual growth means you will not have to wait for a long time to be blessed by God. However, God looks down and sees a lot of cock-eyed reversionists.

Psalm 33:11 [The counsel of the LORD stands forever, the plans of His heart from generation to generation.](#)

Here are the Jews for 40 days, scared to death; and happinesses are poured upon them because of the supergrace believer David. The laws of divine establishment all contribute to the prosperity of a nation. As goes the believers, so goes the nation.

Psalm 33:12 [Happy is the nation whose God is the LORD--the people He has chosen to be His own possession!](#)

God is caused to observe from heaven. He observes all the sons of man.

Psalm 33:13 [The LORD looks down from heaven; He observes everyone.](#)

From His headquarters, he gazes upon all the inhabitants of the earth.

Psalm 33:14 [He gazes on all the inhabitants of the earth from His dwelling place.](#)

God sculpts or molds the hearts. He fashions their hearts alike.

Psalm 33:15 [He alone crafts their hearts; He considers \[discerns\] all their works.](#)

No king is saved by a large army. This is pretty clear by Saul and his army. The army did not bail out Saul; a supergrace believer did it. An army cannot compensate for the stupidity of a national leader. Only God can deliver from the colossal blunders of FDR and Truman. The only 2 people who had any sense, MacArthur and Patton. It is because of MacArthur said no, there are no communist bases in Japan.

Today, all we have are a bunch of long-haired hippies and you do not fight wars with the kind of soldier.

The mighty man is not deliver by his great strength; Goliath was no delivered by his great strength. Our deliverance is the Lord.

Psalm 33:16 [A king is not saved by a large army; a warrior will not be delivered by great strength.](#)

Psalm 33:17 [The horse is a false hope for safety; it provides no escape by its great power.](#)

We need to trust under pressure.

Psalm 33:18 [Now the eye of the LORD is on those who fear Him--those who depend on His faithful love](#)

our souls are snatched from danger. We are kept alive in famine.

Psalm 33:19 [to deliver them from death and to keep them alive in famine.](#)

David anticipates what he will get. David was blessed by great promotion; and he was the great military man of his time. He was the greatest ruler. He was a supergrace hero most of the time. David had so much wealth left over, that Solomon had all kinds of wealth, and became the richest man in the world.

God gave to David as He was unable to give to anyone else. David was a man after God's Own heart. God gave a greater variety of things to David. God gave certain things to Moses; and He gave doctrine to Paul; but David had things like we cannot imagine.

David sat alone in his tent and sang, and there is this head with him.

The shield of David is God.

Psalm 33:20 [We wait for the LORD; He is our help and shield.](#)

We already studied the soul of Goliath. David had doctrine on the launching pad.

Psalm 33:21 [For our hearts rejoice in Him, because we trust in His holy name.](#)

Psalm 33:22 [May Your faithful love rest on us, LORD, for we put our hope in You. Concerning David, when he pretended to be insane in the presence of Abimelech, who drove him out, and he departed.](#)

We now come to v. 52 and one supergrace hero turns everything around. All of the cowards jump on the bandwagon.

**1Samuel 17:52 Psalm 84**

**72David**

**631\_0010**

The influence of a supergrace hero; the bandwagon theme. The dam is broken and now they are pursuing the Philistines. It is always blockers who make the difference in football. These Philistines are motivated to fight because of their anger. They were all convinced that they were cowards and could not accept the challenge of Goliath. However, seeing David kill Goliath, with what he says, that gives them extra power and ability.

You never defeat the enemy by running away from him. Anyone can shoot someone who is running away. The Philistines are on the run, so it is easy to chase them and kill them.

Many of the Philistines were mortally wounded as they attempted to escape.

1Sam. 17:52 The men of Israel and Judah rallied, shouting their battle cry, and chased the Philistines to the entrance of the valley and to the gates of Ekron. Philistine bodies were strewn all along the Shaaraim road to Gath and Ekron.

The Jewish believers changed overnight; in a moment. It was all because of supergrace believer David. He is a supergrace hero.

1Sam. 17:53 When the Israelites returned from the pursuit of the Philistines, they plundered their camps.

David vigorously seizes the head of Goliath.

The city of Jerusalem is a series of hills. The Jebusites hold the hill there. The Jews and the Jebusites both held it together. The Jews have lived there since the days of Joshua, but could never take that hillside fortress. Joshua 15:63 Judges 1:8 2Sam. 5:6, 8 1Chron. 11:4–6 Jebusites and Jews lives there simultaneously. .

1Sam. 17:54 David took Goliath's head and brought [he was caused to bring] it to Jerusalem, but he put Goliath's weapons in his own tent.

Someone thought a portion of this was an insertion. And therefore, rejected all of it. There is no corruption of the text; Saul knows David. He wants to know who his parents are; he wants to know about his lineage.

Jesse was always playing the angles. He was always looking for an opportunity. He expected to get something going on here.

You may have been born a bastard; your family tree may be a stump and you may be highly discouraged; but you are a product of grace. God is your Father. What is your power? The Holy Spirit. What is your food? Bible doctrine. Give me some.

Bob told about his family tree by his grandmother; and she then said, "Every tub must stand on its own bottom."

the Chinese worshiped their ancestors and people said communism would never conquer them; but it did. Where do you think your family will carry you? "Don't tell me you have 3 Thanksgivings without some kind of a brawl." When you become an adult, then the family is no longer able to help you.

There are some girls in the congregation who need the hide of their gluteus maximus beat off.

Saul will have a few words with his chief of staff. Abner is the uncle of Saul. He will later be killed in a vendetta thing by Joab.

1Sam. 17:55 When Saul had seen David going out to confront the Philistine, he asked Abner the commander of the army, "Whose son is this youth, Abner?" "My king, as surely as you live, I don't know," Abner replied.

Saul is finding out about David's lineage; not who he actually is.

1Sam. 17:56 The king said, "Find out whose son this young man is!"

David comes in with the head of Goliath.

1Sam. 17:57 When David returned from killing the Philistine, Abner took him and brought him before Saul with the Philistine's head still in his hand.

Saul knows David; he does not know his father.

1Sam. 17:58 Saul said to him, "Whose son are you, young man?" "The son of your servant Jesse of Bethlehem," David answered.

### **The Doctrine of Supergrace**

1. Supergrace is the final stage of growth past the edification complex of the soul. It is the normal Christian life. It is the place of maximum benefits of God's grace.
2. This is the place of maximum happiness.
3. The supergrace believer is the man for the crisis.
4. The supergrace believer has capacity for freedom; Gal. 5:1 James 2:12 2Cor. 8:17
5. Supergrace believer has capacity for life.
6. Supergrace believer has capacity for love. Category #1 love, Joshua 23:10–11
7. The supergrace life provides capacity for happiness. Psalm 97:12
8. The supergrace life provides capacity for suffering. 1Cor. 12:7–10
- 9.
10. The supergrace life is characterized by maximum benefit of God's grace.
11. The supergrace psalm declares happiness and promotion for the supergrace believer.

Korah was the first cousin to Moses, but he joined the Dathan rebellion. His sons were preserved by grace; and his progeny were numbered with the Levites. They are doorkeepers in the House of the Lord.

They are famous as choir singers. They are a grace song, written by David, soon after overcoming Goliath.

Psalm 84:1 [For the choir director: on the Gittith \[harp?\]. A psalm of the sons of Korah. How lovely is Your dwelling place, LORD of Hosts.](#)

The Tabernacle was the place where Bible doctrine was being taught, in secure form. The secret to David's life was doctrine in his soul. He begins by saying how much he loves the courts of the Lord, which is where doctrine is being taught.

The content of his soul is what is being discussed here. This describes a supergrace believer. Kasaph; which means to have intense desire. David is now a hero, and he is a supergrace believer. David is thinking about God, even though everyone else is thinking all about him. There are so few men in history which have been given so much by God. David is a supergrace believer.

David is fulfilled by the intake of Bible doctrine.

Psalm 84:2 [I long and yearn for the courts of the LORD; my heart and flesh cry out \[= to shout out from +H\] for the living God.](#)

In one day, you are the most famous person in Israel. And David compares himself to a sparrow.

Bob is not a bird lover, in the fight between the cats and birds, Bob is not for either one, although he slightly favors cats. Bob likes shooting birds.

Sparrows and swallows are helpless birds. Vultures, buzzards, eagles, hawks impress Bob; but these sparrows and swallows are nothing birds. Neither bird impresses Bob. Both birds are defenseless outside of their nests. If you take doctrine out of David, then he is just another dead soldier killed by Goliath. However, it is Bible doctrine in the soul which makes the difference. In their nest, they can put up a good fight; but they are defenseless elsewhere. In 3000 years of breeding, no one has come up with a super sparrow. Both of these birds live close to the ground. They are able to feed. They get their food from the ground. He is a real seed picker. This is how you are a supergrace hero; you keep picking away at doctrine.

David is not a self-effacing phoney. He sees himself as he really is. God, who sees David for what he really is; and God gives him something, which is everything.

It is amazing that the falcons and eagles and hawks are such strong and regal birds, and there are so few of them; but there are tons of sparrows. These birds live under grace. When you get to the point where you recognize that you are a nothing, God can really pour out blessing upon you.

Psalm 84:3 [Even a sparrow finds a home, and a swallow, a nest for herself where she places her young--near Your altars, LORD of Hosts, my King and my God.](#)

Now some details. The 2<sup>nd</sup> +H is supergrace happiness. Rejoice and again I say rejoice. The place of blessing is the supergrace life.

God is perfect; He is a perfect giver. The giant is dead, and David is praising the Lord.

Selah means, singers rest, musical instruments carry the ball; and David rests in supergrace.

Psalm 84:4 **How happy are those who reside in Your house, who praise You continually. Selah**

David's strength comes by Bible doctrine in the soul.

Psalm 84:5 **Happy are the people whose strength is in You, whose hearts are set on pilgrimage.**

This is passing over the valley. David has certainly had his valley of tears. Meaan, which is a place of fountains and springs; the place of highest delight or greatest pleasure. It also refers to the Word of God. This has been a time of adversity for David, and yet he faced it without any problem at all. These springs are doctrine which came out of the Word and was transferred into your soul.

Rain is often used to speak of the grace of God.

Psalm 84:6 **As they pass through the Valley of Baca, they make it a source of springwater; even the autumn rain will cover it with blessings.**

This is about a person in supergrace; he goes from one strong plateau to another. He continues to advance. He killed the lion; he killed the bear; he killed Goliath. Each advance, including walking past his brother and Saul. Zion stands for everything which is powerful.

Psalm 84:7 **They go from strength to strength; each appears before God in Zion.**

This is the Lord Jesus Christ. This is the confidence of the supergrace believer. He demands to be heard. O God of Jacob is a grace concept.

Psalm 84:8 **LORD God of Hosts, hear my prayer; listen, God of Jacob. Selah**

David went into combat without any visible shield. You have anointed me king; have respect for that. David expects God to keep him alive. God anointed him king, so He must keep David alive. David demands that God respect His Own anointing. God says it, and that is enough. So David tells God to have respect for His anointing.

Psalm 84:9 **Consider our shield, God; look on the face [have respect for] of Your anointed one.**

One day in Bible class is better than a thousand. David had 2 reversion periods in his life. So living all of that time, most of it as a believer. He had a fantastic life because he put

doctrine before anything else. God provides a daughter of Saul. She winds up hating David's guts. Whatever God brought David's way, he had the capacity for it.

It is better to spend a day in church than a 1000 anywhere else. He would rather be the doorkeeper in the house of the Lord than living in the tents of the wicked. How many people sing victory songs which last forever.

Psalm 84:10 [Better a day in Your courts than a thousand anywhere else. I would rather be at the door of the house of my God than to live in the tents of the wicked.](#)

God is the sun, which produces and sends light, which is doctrine; the shield provides protection. Glory is promotion here. David was promoted that day from shepherd to a high-ranking officer.

God will not keep back any good thing for those who are advancing step by step. They are walking with integrity. Happinesses to the one who continues to trust in God.

Psalm 84:11 [For the LORD God is a sun and shield. The LORD gives grace and glory; He does not withhold the good from those who live with integrity.](#)

David is in this tent, occupation with Christ, in the tent with the head of Goliath.

Psalm 84:12 [LORD of Hosts, happy is the person who trusts in You!](#)

3 themes of this chapter  
admiration of Jonathan  
prosperity of David  
antagonism of Saul which begins to develop

This is the sequel from the previous chapter.

There is apparently a longer conversation between David and Jonathan. It is not about Goliath and David defeating him, but what David said after the fact, which impressed Jonathan.

While your soul is a place of privacy between you and God, the window to your soul is open when you speak. We rarely here discussions between souls of men with great ideals and thoughts. Bible doctrine takes the lid off of this and makes it possible for us to have great capacity for love. Some people are so run by their bodies and unconstrained by the soul, that they are hard to distinguish from animals.

Qashar means *to be chained to*; Jonathan's soul was chained to David's soul. We have a country filled with fairies and it is a bad situation, and this indicates a very sick society. Whenever this is prevalent and the order of the day, so we live in a day when idiots read

passages like this and snicker. This is not a physical love between two men. Homosexual love is abnormal love; and Bob would never believe it except a group of cadets were caught in a homosexual thing, and Bob headed the court marshal, and he doesn't think they have yet come up from air.

Since you cannot tell the boys from the girls nowadays, you cannot completely blame a person for some honest confusion.

There is a bonafide love between Jonathan and David. This can include friendship between a man and a woman. This is a non-touching love. It is one of the great areas for capacity for love. It is a soul type of thing. In v. 1, we have the standard for category #3 love. This is given here.

### **Doctrine Category #3 Love**

This is not about homosexuals; this is a soul-to-soul love

1. While category #2 love, RM/RW, involves one of each sex, category #3 love can include both male and female friends. Prov. 17:17 18:24
2. Category #3 love has great stability and power. 2Sam. 1:26 John 15:13 Prov. 27:9–10 Gal. 5:4
3. Category #3 love provides pleasant and relaxing environment. Rom. 13:10 Prov. 10:12
4. It is free from hypocrisy. Rom. 12:9 hypocrisy is a normal development when there is a pseudo-category #3 love; no capacity for love means hypocrisy is a natural result. The worst hypocrites are found in business and government and certain professions, like acting. Some of you are so stage struck, you would do anything to spend time with an actor or an actress. Bob lived around them all of his life. Clark Gable was a regular guy.
5. Category #3 love is outgoing in objectivity rather than subjective and hypersensitive. If you are hypersensitive, then you do not have category #3 love. Gal. 5:13 2Sam. 1:26 this friendship lasted throughout the lifetime of Jonathan.
6. Category #3 love among believers motivates to grace orientation and grace activity Philemon :9–12
7. Therefore, category #3 love is motivated to give based upon capacity for love. 1Sam. 18:1, 3, 4 David does not have anything, apart from the head of Goliath and his armor. Jonathan is quite wealthy, and will initiate their friendship with gifts.
8. Category #3 love has enemies and can be destroyed. Some of you teens will be surprised when friendship suddenly ends.
  - a. By mental attitude sins Job 19:19 Prov. 16:28
  - b. By sins of the tongue Prov. 16:28 17:9
  - c. By national catastrophe. The function Jer 6:221–23 19:8–9. 20:4, 6
9. There is such a thing as pseudo friendship Prov. 19:6–7
10. The removal of category #3 love can be a part of discipline. Psalm 33:11 88:8–18
11. This is a non-touching love.
12. Points from elsewhere:

- a. A true friend loves at all times (Prov.17:17; 18:24).
- b. A true friend tells you what you need to hear (Prov.27:6).
- c. A true friend does not malign (Ps.15:3).
- d. Category 3 love is used to illustrate category 1 love (Jn.15:14; 2Chr.20:7; Jam.2:23; 4:4).
- e. A friend of the cosmos is not a friend of God (1Jn.2:15,16).

1Sam. 18:1 When David had finished speaking with Saul, Jonathan committed himself to David, and loved him as much as he loved himself.

If God doesn't promote you, you are not promoted. Saul would not let David return. He recognized his value.

1Sam. 18:2 Saul kept David with him from that day on and did not let him return to his father's house.

This covenant is an agreement. Jonathan is the initiator of the action.

1Sam. 18:3 Jonathan made a covenant with David because he loved him as much as himself.

Jonathan had the robe of the crown prince. He did not necessarily know that this was prophetic, that David was the true crown prince. God had recognized David as the next king, and Samuel had so anointed him.

1Sam. 18:4 Then Jonathan removed the robe he was wearing and gave it to David, along with his military tunic, his sword, his bow, and his belt [military harness].

David is now a regular army officer. This is now his profession. This is the honorable profession of the military. He is getting some experience to match his capacity. From this time on, David is a military man.

God is now bringing to David great prosperity.

David's promotion was based upon the preparation of his soul. Saul promoted him over others. Doctrine in the soul provide capacity for success and allows one to pass the prosperity test.

1Sam. 18:5 David marched out with the army, and was successful in everything Saul sent him to do. Saul put him in command [promoted him over] of the soldiers, which pleased all the people and Saul's servants as well.

There was apparently a great war which followed. Women are the victims always of military failure. These women are happy because their army is winning. When the military is weak, it is the women who are the victims. When the German vermach collapsed and when FDR's treaty with Stalin was made, the Russians came into Germany and raped

every woman from 6 to 60. Many of you idiotic females who write your congressmen about how tough it is for you little boy, you are just asking for it, and sister, you're going to get it. Some are you so dumb, that you ridicule the uniform of this country. You will pay. You will pray for death. You will wonder, why don't we fight and why don't we win? This is because the women of this country are not behind the military. Dumb female carrying a sign saying, "We don't want our sons to die." A weak military means that the women will be the victims.

1Sam. 18:6 **As David was returning from killing [the slaughter of] the Philistine, the women came out from all the cities of Israel to meet King Saul, singing and dancing with tambourines, with shouts of joy, and with three-stringed instruments.**

These women are praising the military and this triggers the mental attitude sins of Saul. When Saul hears this, he becomes quite angry at all of this.

1Sam. 18:7 **As they celebrated, the women sang: Saul has killed his thousands, but David his tens of thousands.**

Skip to v. 14:

Now David continues to prosper. This is supergrace prosperity from God. This is a man upon whom God could pour our blessing. At this time, David undergoes this great period of prosperity.

1Sam. 18:14 **and continued to be successful in all his activities because the LORD was with him.**

Saul became enraged over all of this. He was displeased; this was evil in his eyes.

Who is calling what evil? David is not evil. David is anything but evil. David is great. An evil person is very sensitive with regards to his own ego. He calls something evil which is not evil at all. This is how Saul justifies his jealousy; this is how he rationalizes his jealousy.

1Sam. 18:8 **Saul was furious and resented this song [they lyrics of the song were evil in his eyes]. "They credited tens of thousands to David," he complained, "but they only credited me with thousands. What more can he have but the kingdom?"**

1Sam. 18:9 **So Saul watched David jealously from that day forward.**

### **The Doctrine of Jealousy**

1. Jealousy is such a horrible sin, Num. 5:11–31 that there is a whole levitical code devoted to it. Jealousy is one of the most horrible of all the mental attitude sins. This attacks the pride and arrogance and the whole lack of capacity of the revist.
2. Destroys any phase of love.
3. Mental attitude sins generally are destructive to the soul of the believer. In the jealousy cluster, they lead to a breakdown of the soul. Job 5:2 prov. 13:14, 40?

Behind every psycho is a set of mental attitude sins. Saul is already psychotic, and jealousy is the trigger which will lead to a psychotic episode.

4. Strongest of mental attitude sins. Prov. 27:3–4
5. Love precedes jealousy. Eccl. 9:6 not necessarily true love.
6. Prov. 6:34 jealousy motivates revenge tactics. Therefore jealousy takes real or apparent wrongs out of the Lord's hands and intrudes on the Lord prerogative Rom. 12:35 Deut. Vengeance is mine; I will repay.
7. Jealousy split the nation Israel. Isa. 11:15
8. Jealousy was the motivator of the religious leaders who crucified out Lord. Matt. 27:18 Mark 15:10
9. Jealousy of the authority of Joseph caused his brothers to sell him into slavery. Acts 7:9
10. Reversionism manifests itself in jealousy Rom. 1:28–29 James 3:14, 16 and it can destroy a great man. Greet illustration of Hannibal, a great military genius of his day, and he made a trip from Spain over the alps and into northern Italy. He moved African troops who had never seen snow this route. He had all types in his army. This was a surprise envelopment of Rome, and no one thought he could do it. He did it in the winter. He fought in the mountains of Spain and he found a system for blasting powder. He figured out how to bust open rocks in order for the elephants to get through. He was one of the great leaders of all time. He began a system of maneuvers which defeated several armies. He showed how a smaller army could destroy a much larger army through double envelopment. He was a genius, keeping the Romans at bay. At home, the council of Carthage was very jealous of Hannibal, and they gave him no support; and this jealousy eventuated in the destruction of Carthage. Such men have their greatness neutralized. It neutralizes greatness.
11. Jealousy rejects the teaching of Bible doctrine. It rejects the authority of the Bible teacher. Acts 16:35 (45?) 17:5?
12. False doctrine It inevitably gives birth to jealous. 1Tim. 6:4.

the following doctrine comes from:

[www.amadorbiblestudies.org/Notes/Acts/Acts%205/Acts%205\\_17.doc](http://www.amadorbiblestudies.org/Notes/Acts/Acts%205/Acts%205_17.doc)

### **The Doctrine of Jealousy**

#### **A. Definition.**

1. Since jealousy is defined as unpleasant fear, suspicion, resentment from mistrust of another, it is obvious that the state of jealousy is a part of the three arrogance skills (self-justification, self-deception, and self-absorption). Envy is a synonym for jealousy. Envy is always an attitude or feeling of discontent. It is jealousy with regard to another's advantages or successes or possessions or how they have mistreated you in your imagination or in reality.

a. Jealousy is a part of the arrogance complex of sins related to bitterness, vindictiveness, implacability, inordinate ambition and competition, revenge motivation, the function of vilification. Jealousy is an emotional sin generated by fear of rivalry, fear of losing another's affections, or fear of unfaithfulness. Jealousy is a sin of great misery.

b. Jealousy and bitterness always go together. You cannot have one without the other. Both jealousy and bitterness are vindictive, implacable, slander others, etc.

c. Jealousy is self-centered. It is always related to self-pity, egotistical irritation, and irrationality.

d. Jealousy has two directions:

(1) Arrogance toward self, which is subjective arrogance. You think that you are always right. You justify yourself in jealousy. Jealous people spend a lot of time trying to justify their jealousy.

(2) Possessiveness of others, which is objective arrogance. You think you have the right to control another person's life. Jealousy intrudes into the privacy of others and becomes a system of destroying human personal freedom.

e. Jealousy as a sin of arrogance becomes a sin of emotion of the soul. Jealousy is related to the categories of the emotional complex of sins. As a sin of arrogance, jealousy motivates sins of emotion. As a sin of emotion, jealousy becomes irrational.

(1) The hysterical category of sins includes: fear—fear of rivalry, fear of losing someone's affection, fear of unfaithfulness in some form—worry, anxiety, trepidation, panic, consternation, irrationality, dissociation. Jealousy is irrational in its resentment and hatred of others.

(2) The hatred category includes: uncontrollable anger, implacable hatred, bitter resentment, malice, implacable vindictiveness, loathing, animosity, tantrums, violence, and murder.

(3) The self-centered category includes: self-pity, egotistical irrationality, certain expressions of dissatisfaction including judging others, gossip, slander, maligning, and other forms of vilification such as spreading a public lie about someone. This is arrogant preoccupation with self, irrationality, and the implacable attitude toward the object of jealousy.

(4) The reaction category combines the emotional sins with the arrogance complex of sins. Jealousy is related to both complexes of sins. Jealousy has a reaction factor called guilt. Jealousy is a part of revenge motivation.

(5) The guilt category. Jealousy results in irrationality of emotional sinning and then results in persistence of feelings of remorse and morbid self-reproach, which is a terrible swing to the function of the guilt syndrome. Guilt is failure to recognize your own sins and apply the right perspective of rebound. The right perspective is that Jesus Christ was judged for your sins on the Cross and that you are responsible to acknowledge or name those sins to God the Father for forgiveness. As a sin of arrogance, jealousy motivates sins of emotion. As a sin of emotion, jealousy is irrational.

f. Jealousy is a major factor in the function of self-righteousness and crusader arrogance, and therefore, a producer of Christian activism and Christian moral degeneracy. Morality can be distorted by jealousy and bitterness. Therefore, jealousy

becomes both legalism and tyranny though possessiveness. Jealousy causes the believer to develop a facade of self-righteousness, which he uses as a system of legalism. He has a pseudo self-identity. Then he says that what he does is spirituality. He makes himself a role model for what Christianity should be. Then he tries to get others to accept his role model pseudo self-identity.

g. Jealousy is a self-justification system, and you cannot solve your problems as long as you are justifying yourself. The believer goes from self-absorption to self-deception, and then to self-justification.

h. Jealousy and the filling of the Holy Spirit are mutually exclusive. Jealousy keeps you from glorifying God.

i. Jealousy is a major factor in the failure to execute the unique spiritual life of the Church Age. There is no reciprocal love for God when a believer is jealous and bitter.

j. Eventually jealousy becomes a part of Christian psychosis.

2. Jealousy destroys reciprocity (reciprocal love for God, 1 Jn 4:19, "We love because He first loved us.") and the capacity of other people to love you.

a. Jealousy is fear of losing another's affection or love.

b. Jealousy is fear of rivalry, fear of unfaithfulness.

c. This is why jealousy is anti-freedom: jealousy does not permit people to love you from their own freedom and volition, because you use bitterness and jealousy to stifle that freedom in them. Love is a matter of freedom. You have to be free to love others. Jealousy intrudes into the privacy of others and becomes destructive of human freedom.

d. Jealousy stifles freedom, destroys freedom, maligns freedom, and wipes out freedom. Jealousy is a great evil. If you are jealous of someone, you are stifling their freedom to love you.

e. Jealousy demands love and attention based on its own volition, not on the volition of another. No one will love you if you are jealous of them. Jealousy is a possessiveness, which stifles the volition of another person; hence, jealousy is tyranny. Jealousy wants to be loved based on its volition. Jealousy is tyranny in its simplest form.

f. Therefore, you destroy the volition of the very person who you want to love you. You want them to use their volition to love you, but you destroy their volition with your bitterness and jealousy. You think you can force them to love you with your bitterness and jealousy.

g. Jealousy does everything to destroy any possibility of being loved by the person you want to love you.

h. What is even worse is that at the same time your fantastic spiritual life is destroyed by your jealousy and bitterness.

i. Therefore, jealousy, like bitterness is related to hatred. Since jealousy is both an arrogant and an emotional sin, it is irrational in its hatred and resentment of others.

j. Jealousy is a mood arrogance sin; hence, troubled by suspicion that a person's love has been diverted to a rival. Jealous people are always unhappy.

k. Jealousy becomes the motivator of hatred, anger, gossip, slander, maligning, judging, and revenge. You destroy the very love you want from another with jealousy.

l. With jealousy you destroy the capacity of a person that you love and that you want to love you.

m. How have you destroyed their capacity? You did it with bitterness, jealousy, vindictiveness, implacability, hatred, gossip, slander, maligning, judging, and revenge.

n. They are not going to ever love you, and yet that is exactly what you want from them.

o. You destroyed the very thing you wanted. Christians do this every day in marriage, in human relationships, and eventually toward God.

3. Jealousy is the basis for inordinate competition in love, in family relationships, business relationships, social life, athletics, professional life, and in your religious life.

4. Jealousy plus power and approbation lust produces strife, conspiracy, and revolt against everything in life. Therefore you lose out completely because you destroy their capacity to love you.

5. Jealousy is more than a mental attitude sin which demands exclusive devotion and is intolerant of rivalry; it is a complex of sins. It is total preoccupation with self.

6. Jealousy is discontent with the blessings, successes, or status symbols of other people. It is resentment of the attractiveness or approbation that a person receives. It is total selfishness and is incapable of love. It is pseudo-love arrogance.

7. In the old English it had the connotation of ardent devotion, "I [God] am jealous for My people." This doctrine is confined to the mental attitude sins of jealousy.

8. Scriptural illustrations.

a. Prov 14:30, "Happiness to the right lobe is life to the body, but jealousy is a rottenness to the bones." Jealousy will cause loss of health.

b. Prov 27:4, "Wrath is fierce and anger is a flood, but who can stand before jealousy." No one can stand against your jealousy, so they leave you.

c. Mk 15:10, "For He was aware that the chief priests had delivered Him over to the Romans because of jealousy."

d. Acts 13:45, "But when the Jews saw the crowds, they were filled with jealousy and began contradicting the doctrines spoken by Paul, and they began to revile him."

e. 1 Cor 3:3, "For you are still carnal; for since there is jealousy and strife among you, are you not carnal? In fact, are you not walking on the basis of the standards of men [unbelievers]?"

f. 1 Cor 13:4, "Virtue-love is not jealous." This is true of both personal love for God and impersonal love for mankind. Jealousy assigns evil to the object of your jealousy. In reality you have destroyed their capacity to love you and have destroyed your ability to love God.

g. 2 Cor 12:20, "For I am afraid that perhaps when I come I may find you to be not what I wish and I may be found by you to be not what you wish; that perhaps there

may be strife, jealousy, anger, flared tempers, disputes, slanders, gossip, arrogance, confusion.”

g. 1 Tim 6:3-4, “If anyone teaches a different doctrine, and does not concur with sound doctrine, he is arrogant, understanding nothing, but he has a morbid obsession about controversies and verbal conflicts from which originate jealousy, strife, abusive language, evil suspicions.”

h. Jam 3:14, 16, “But if you have bitter-jealousy and strife in your right lobe, do not become arrogant and lie against the truth; ...for where jealousy and strife exist, there is unruliness and evil deeds.”

i. Gal 5:25-26, “If we live by means of the Spirit, let us also advance by means of the Spirit. Let us not become arrogant, challenging each other, being jealous of each other.”

#### 9. Principles.

a. Jealousy and the filling of the Spirit are mutually exclusive.

b. You cannot be filled with the Spirit and at the same time be in the status quo of jealousy.

c. Without the filling of the Spirit you cannot learn Bible doctrine and you cannot have reciprocal love for God.

d. Without epignosis doctrine and without motivation of reciprocity you cannot advance to the high ground of maximum glorification of God and become a winner believer and invisible hero. Reciprocity or reciprocal love for God is the only motivation for the advance to maturity. The only true motivation for spiritual advance is love for God, not being shamed or bullied by others.

e. Without execution of the unique spiritual life of the Church Age you cannot glorify God.

1Sam. 18:8 [Saul was furious and resented this song \[they lyrics of the song were evil in his eyes\]. "They credited tens of thousands to David," he complained, "but they only credited me with thousands. What more can he have but the kingdom?"](#)

1Sam. 18:9 [So Saul watched David jealously from that day forward.](#)

1Sam. 18:10 [The next day an evil spirit from God took control of Saul, and he began to rave inside the palace. David was playing the harp as usual, but Saul was holding a spear,](#)

1Sam. 18:11 [and he threw it, thinking, "I'll pin David to the wall." But David got away from him twice.](#)

1Sam. 18:12 [Saul was afraid of David, because the LORD was with David but had left from Saul.](#)

1Sam. 18:13 [Therefore, Saul reassigned David and made him commander over 1,000 men. David led the troops](#)

Saul noticed that David behaved wisely, despite his jealousy.

We have been studying the prosperity and the admiration of Jonathan under category #3 love. Now we are examining Saul's dislike of David.

Saul kept on seeing the prosperity of David and he dreaded him. Sakal + meod = to be extremely prosperous. God can bless the supergrace believer because the supergrace believer has capacity. He has capacity for freedom, happiness, love. God has maximum ability to give.

1Sam. 18:15 **When Saul observed that David was very successful, he dreaded him.**

David went out to battle and returned having had great success. David was a highly successful officer in Saul's army.

1Sam. 18:16 **But all Israel and Judah loved David because he was leading their troops.**

Psalm 27 describes David as a successful soldier.

Light refers to doctrine. Most of us would have a difficult time if we lived in the dark all of the time. Darkness of the soul is even a greater problem. David had light in his soul.

Salvation here refers to deliverance in combat. Therefore, David ought not fear enemy soldiers; he should have respect toward God.

In the supergrace status, there is nothing to fear. Jesus Christ is the only celebrity. God gave David many great things in his time.

Psalm 27:1 **Davidic. The LORD is my light and my salvation--whom should I fear? The LORD is the stronghold [fortification] of my life--of whom should I be afraid [tremble, shake with fright]?**

To cause others to be destroyed; broken into pieces.

Psalm 27:2 **When evildoers came against me to devour [to eat up] my flesh, my foes and my enemies stumbled and fell.**

Even though I might fall into an ambush? He will keep his cool under great pressure.

Confident is batac, same word as was used with Goliath.

Psalm 27:3 **Though an army deploy against me, my heart is not afraid; though war break out [rise against me from all sides] against me, still I am confident.**

David had to hike a long distance for Bible class. He was willing to go all out in every possible way.

Beholding the beauty of the Lord. Dwelling in a place of prosperity. The Tabernacle was a teaching aide at this time. God also raised up a few prophets, who had direct information from God to pass along to the people. God also taught directly and through supernatural sources like angels. David had access to all of these methods of teaching. When David was out with the sheep, and received teaching there.

A woman who demanded God give her good teaching back in 1967, and then she heard a tape. She has cancer and will die, and she knows what is going on. She understands dwelling in a place of great blessing.

David did not want a day to pass without Bible doctrine. David did not ask for women, friends, success, or money; he just asked to dwell in blessing in the House of the Lord. Because of the capacity that came to him from doctrine, God prospered him. Many of us have a weird idea in the back of our souls that we get a little bit of a start or getting a little lucky by being exposed to doctrine. Others think that God is s cheap shot; that maybe, if we just give God a better attitude, a more pious face; so you can get something that you want. If you have what David has, he just wanted manna from heaven daily. We associate happiness with a beautiful home or with getting a ranch, or good food, or with a woman. He just wanted one thing in life; Bible doctrine. By concentrating on spiritual food, he got all of the other things. It never occurred to him to be someone that he was not in order to get this or that detail of life.

His purpose was to behold the beauty of the Lord. This is the reality of the celebrityship of Jesus Christ in his soul.

Baqash means *to go all out for*. It means *to search out, to study diligently*. This next word used to mean tent and was used later for *temple*?

Psalm 27:4 [I have asked one thing from the LORD; it is what I desire: to dwell in the house of the LORD all the days of my life, gazing on the beauty of the LORD and seeking Him in His temple.](#)

Psalm 27:5 [For He will conceal me \[hide me as treasure\] in His shelter in the day of adversity; He will hide me under the cover of His tent; He will set me high on a rock.](#)

He will promote me over my enemies. David became aware the Saul was his enemy as well as the Philistines. He has enemies all around him. Whenever you become prosperous, you will be surrounded by enemies. When that supergrace prosperity hits, up pops your enemies. It brings true relationships in life; and it brings out enemies as well. Put it down; when I get to supergrace, I will have enemies. They are one of the blessings of supergrace. There is something wrong when a supergrace person does not have enemies.

David never bucks the authority of Saul. On several occasions, David could have killed Saul or had someone else kill Saul. Had David lifted a finger to promote himself, he would not have been promoted.

If you partake of the elements and you have lots of doctrine, and Jesus is the only celebrity in your life, then it is meaningful.

Here, there is singing without accompaniment.

Psalm 27:6 **Then my head will be high above my enemies around me; I will offer sacrifices in His tent with shouts of joy. I will sing and make music to the LORD.**

David has apparently walked into an ambush type situation here. He asks for God to be gracious to him. He still has a lot to learn about his profession. David is in a tactical jam, and he is calling upon God to bail him out of this jam. He is calling in a time of need for divine help. No matter how great you are in your profession; it can be medicine or law, but there comes a time when you need God's grace as well as all of your training and background.

Psalm 27:7 **LORD, hear my voice when I call; be gracious to me and answer me.**

David is basing v. 8 on Deut. 4:29–32 **But from there, you will search for the LORD your God, and you will find Him when you seek Him with all your heart and all your soul. When you are in distress and all these things have happened to you, you will return to the LORD your God in later days and obey Him. He will not leave you [forsake you], destroy you, or forget the covenant with your fathers that He swore to them by oath, because the LORD your God is a compassionate God. "Indeed, ask about the earlier days that preceded you, from the day God created man on the earth and from one end of the heavens to the other: Has anything like this great event ever happened, or has anything like it been heard of?**

If you turn to the Lord your God, He will not forsake you. David knew this passage. He understood the importance of seeking God's face, which is Bible doctrine and God's help. This is taking in doctrine day by day by day.

David learned this lesson a long time ago. The fact that this was fulfilled means that David went out to battle, but he always came back. No matter how much of a problem David got into, they would pull it off and escape. His casualty list was at an all-time low.

Psalm 27:8 **In Your behalf my heart says, "Seek My face." LORD, I will seek Your face.**

David asks God to deal with him on the basis of grace. Not to veil His face from David.

Psalm 27:9 **Do not hide [veil] Your face from me; do not turn Your servant away in anger [don't stretch me out in Your anger until I break]. You have been my help; do not leave [desert] me or abandon [forsake] me, God of my salvation.**

David's parents never cared for David. When Samuel came to anoint a king in the household, and David's father would not even call David in. David's parents ignored him from early on. God has taken David unto himself. There is almost more Scripture about David than almost anyone else in the Bible. David is one of the great people of all times.

There were 8 sons born to the mother, so she was flat out worn out. From David's youth on, he was deserted by his parents; but he had God. He never had Christmas or Thanksgiving. From the very beginning, he was sent out to deal with the sheep. He was a castoff.

Psalm 27:10 [Even if my father and mother abandon me, the LORD cares for me.](#)

David asked God to teach him His way. "Teach it to me and I will do it." His father and his mother are against him, along with his 7 bothers; and the lion and the bear were against him as well. No one spoke a kindly word to David until Samuel came along.

Now who is David's enemy? The king over Israel. All of David's life, he had enemies. We are all children of God; let us love people. That is the attitude of liberals' they are sick mentally and stupid in their outlook. Bob knew a preacher who wanted everyone to like him, and he couldn't teach the Bible. He had to teach out of the hymn book.

Psalm 27:11 [Because of my adversaries, show me Your way, LORD, and lead me on a level path.](#)

When David had a chance to be disciplined by God or man, he chose God. A supergrace believer is protect from his enemies. The more your enemies try to destroy you, the more they hurt themselves. You might as well forget about being an enemy of a supergrace believer. Unless you want to be in pain for the rest of your life.

Psalm 27:12 [Do not give me over to the will of my foes, for false witnesses rise up against me, breathing violence.](#)

Psalm 27:13 [I am certain that I will see the LORD's goodness \[grace\] in the land of the living.](#)

"Wait" here is to weave a small strand into a rope which cannot be broken because it is tied in with all the other strands.

Psalm 27:14 [Wait for the LORD; be courageous and let your heart be strong \[firm\]. Wait for the LORD.](#)

This is what was in David's soul; what he was thinking.

1Sam. 18:16 [But all Israel and Judah loved David because he was leading their troops.](#)

David was successful even with the Philistines. He became more and more prosperous. When you impress the enemy, then you are amazing. MacArthur impressed his enemies; the Japanese and the Russians. Same for Patton. Bob does not believe that he died accidentally.

They were not impressed with Truman or George Marshall. The key is, what does the enemy think about you.

1Sam. 18:30 Every time the Philistine commanders came out to fight, David was more successful than all of Saul's officers. So his name became very famous.

## 1Samuel 18:8–28

## Psalm 37:1–8 72 David

631\_0013

The antagonism of Saul. Saul is a believer in reversionism. It is very easy for him to fly off the handle; it is easy for him to become enraged. Total concept of the mental attitude sins of the soul of King Saul. He turns on David with the idea of total...

1Sam. 18:8 Saul was furious and resented this song [the lyrics of the song were evil in his eyes]. "They credited tens of thousands to David," he complained, "but they only credited me with thousands. What more can he have but the kingdom?"

1Sam. 18:9 So Saul watched David jealously from that day forward.

Saul has a damaged soul. Blackout of the soul and an attack of the doctrine of demons on the soul and all aspects of the soul.

Demon influence is a part of the divine discipline here. The discipline is from God, but the demon is from Satan. The believer in Corinth was guilty of incest, and Paul turned him over to

Saul is not prophesying, which is the Qal stem. Here, he is raving; Hithpael stem.

1Sam. 18:10 The next day an evil spirit from God took control of Saul, and he began to rave [not prophecy] inside the palace. David was playing the harp as usual, but Saul was holding a spear,

Saul was psychotic, but not unable to function. David was able to dodge twice. There were 2 occasions when he had to do this. This is about the 4<sup>th</sup> time a javelin has been thrown at David in the palace.

1Sam. 18:11 and he threw it, thinking, "I'll pin David to the wall." But David got away from him twice.

Saul is afraid of David because the Lord was with him. The Lord was with David, but he had departed from Saul.

1Sam. 18:12 Saul was afraid of David, because the LORD was with David but had left from Saul.

Saul took David out of the army out of jealousy, but later reassigned him back to the army. This was a promotion as a commander over 1000 men. This was in hopes that David would be killed.

1Sam. 18:13 Therefore, Saul reassigned David and made him commander over 1,000 men. David led the troops

we've already studied vv. 14–16.

Jealous people are petty people. He wants to hurt David. Merab means and the idea is *stacked*. David was supposed to be able to marry the king's daughter. However, David noticed Merab.

Bob realizes just how stupid young people are. Reversionists always have the right language. "Fight the Lord's battles." He has the vocabulary but without the doctrine.

1Sam. 18:17 Saul told David, "Here is my oldest daughter Merab. I'll give her to you as a wife, if you will be a warrior for me and fight the LORD's battles." But Saul was thinking, "My hand doesn't need to be against him; let the hand of the Philistines be against him."

David responds with a grace attitude all the way. Saul in a jealous rage realizes that David loves Merab.

1Sam. 18:18 Then David responded, "Who am I, and what is my family or my father's clan in Israel that I should become the king's son-in-law?"

David gets a Dear John letter from home while he was on the front. Merab was given to Adriel.

1Sam. 18:19 When it was time to give Saul's daughter Merab to David, she was given to Adriel the Meholathite as a wife.

However, there is the younger daughter, and she has been watching David. Mee-CAHL and it means, *who is like the Lord*. She is charming and beautiful in her own way, but not the kind to catch your eye immediately.

She continued loving David, and they told Saul. 4 attempts now to kill David.

"This game plan junk is for the birds." Fight plan? They don't know from one minute to the next; they just luck out. It isn't everyone who can play the piano while being shot out; you have to have supergrace for that.

He gets a promotion because Saul wants him to get killed. Saul doesn't like David; he hates him. However, this gives him the big chance in his game plan.

1Sam. 18:20 Now Saul's daughter Michal loved David, and when it was reported to Saul, it pleased him.

Saul is speaking to his cronies or thinking to himself.

1Sam. 18:21 "I'll give her to him," Saul thought. "She'll be a trap for him, and the hand of the Philistines will be against him." So Saul said to David a second time, "You can now be my son-in-law."

Saul tells his servants that the king is pleased with him.

1Sam. 18:22 Saul then ordered his servants, "Speak to David in private and tell him, 'Look, the king is pleased with you, and all his servants love you. Therefore, you should become the king's son-in-law.'"

David knew he did not have the dowry to become the king's son-in-law.

1Sam. 18:23 Saul's servants reported these words directly to David, but he replied, "Is it trivial in your sight to become the king's son-in-law? I am a poor man who is common."

1Sam. 18:24 The servants reported back to Saul, "These are the words David spoke."

He was to cut off the genitals of 100 Philistines. This has been practiced even today. People in the middle east tend to do this. Turks and Arabs do this still today. This is not unusual.

1Sam. 18:25 Then Saul replied, "Say this to David: 'The king desires no other bride-price except 100 Philistine foreskins, to take revenge on his enemies.'" Actually, Saul intended to cause David's death at the hands of the Philistines.

The starting gate is the palace and he has to get into a firefight with the Philistines.

Saul is looking over this, and is gloating that he will never see David again.

1Sam. 18:26 When the servants reported these terms to David, he was pleased to become the king's son-in-law. Before the wedding day arrived,

Saul asked for 100 and David will give him 200. So Saul relents and gives David his daughter. Bob doesn't know what he will call tonight's lesson, but he has already eliminated "The Foreskin Special."

1Sam. 18:27 David and his men went out and killed 200 Philistines. He brought their foreskins and presented them as full payment to the king to become his son-in-law. Then Saul gave his daughter Michal to David as his wife.

Saul recognized that God was with David. He kept on knowing this. Saul could be where David is, the great hero, but reversionism has ruined him.

Saul's daughter loved David.

1Sam. 18:28 Saul realized that the LORD was with David and that his daughter Michal loved him,

Saul became David's enemy continually.

The supergrace believer and the reversionistic believer both found in Psalm 37

Saul going from bad to worse; he is the wicket about whom David writes here. Any reversionist is also wicked here. The supergrace believer is described as righteous.

David wrote this psalm in his old age, but looking back to situations like this.

This is an acrostic psalm. He made notes and he is about to write about this year.

Aleph is the ox and it refers to prosperity under a agricultural economy. When Saul and David first met, Saul was the prosperous one. Saul once had a soul filled with doctrine.

Those who think that they will be great overnight. Like those new pastors who want to start with a taper's ministry from the very beginning. He throws people out of his office when they are like that. They have a tendency to be ambitious and on the jealous side. Among members of the clergy, there is a tendency to be jealous. Although Bob has encountered very nice people. There is jealousy in the military, in the legal profession, in business, in women's lib; it is everywhere. If you are really going to get with the supergrace life, it is best...

Chara do not be jealousy and resentful of successful reversionists. The evil-doer or the wicked. Saul once had what David had. David said to all people, don't become jealous of reversionists and to those who are inferior to you (in your opinion) who have a lot of stuff.

Psalm 37:1 [Davidic. Do not be agitated by evildoers; do not envy those who do wrong.](#)

They will be circumcised (cut down) like grass. When David came on the scene, Saul was very prosperous. He had plenty of everything that people found important in life. He was in the process of

Psalm 37:2 [For they wither quickly like grass and wilt like tender green plants.](#)

The house of God is Bible doctrine in the soul. Batak in the Qal imperative. It means that we must have ammunition. We need to have something to claim. It was a body slam in wrestling. It came to mean putting your problems on the Lord. Then to latch on the doctrine.

Our capacity comes from doctrine in the soul. The easiest thing is for God to give us success. It is more difficult to give to those who have the capacity for it.

The Qal imperative is a command to live in the land in prosperity? The land was associated with blessing for Israel. There is a spiritual and a national heritage in the land; and the same is true for the United States.

Emuna is the feminine word for doctrine. With doctrine in the soul, one responds like a rw to her rm. You want prosperity; then feed on doctrine. David learned to roll with the punch when he lost the older daughter; it caused him to bring in 200 male genitalia.

Psalm 37:3 **Trust in the LORD and do what is good** [manufacture the good; manufacture things which are good in your life];  **dwell in the land and live securely.**

This has to do with occupation with Christ. There is a recognition of the celebrityship of Jesus Christ. This has to do with flirting or acting coquettishly.

The deepest desires that we have ever had will be given to us. It is what is in the heart. Once you reach supergrace, you will have these things and you will enjoy these things. It is one thing to possess; it is quite something else to enjoy.

Psalm 37:4 **Take delight in the LORD, and He will give you your heart's desires.**

Gimel, which is a camel. We are to take our problems and adversities and all of these things and roll them away; which means to put them in the Lord's hands. To execute the faith rest life, that requires a lot of doctrine. God is in the business of manufacturing solutions.

Psalm 37:5 **Commit your way to the LORD; trust in Him, and He will act,**

God will manufacture our righteousness on the basis of the light.

Psalm 37:6 **making your righteousness shine like the dawn, your justice like the noonday.**

If you are going to learn Bible doctrine, you cannot be talking or even thinking about something else. We are to concentrate on Bible doctrine. We must transfer Bible doctrine from the Word and into our souls.

Chul means to whirl yourself around, and this refers to the rebound technique. Whirl yourself around toward Him; you get out of sorts and whirl yourself around to Him.

While you learn doctrine and grow, you will find yourself resenting things and people that you did not expect to. You keep associating good people inside of a church and lousy people on the outside, but all have sin natures.

Psalm 37:7 **Be silent before the LORD and wait expectantly for Him; do not be agitated by one who prospers in his way, by the man who carries out evil plans.**

Cease from anger. It has to be motivated by something else. Other mental attitude sins cause a secondary mental attitude sins which causes anger.

When mental attitude sins break into your concentration, it always leads to evil. This means you are on the road to reversionism.

Psalm 37:8 **Refrain from anger and give up your rage; do not be agitated** [upset, resentful]--**it can only bring harm.**

We will look through the window of life and see the contrast. Notice that we have supergrace believers and reversionists throughout. A lot of reversionists are forsaken. Bob goes through all of the verses, referring to the wicked and to the supergrace believer.

## **1Samuel 18**

## **Psalm 37:9–22 72David**

**631\_0014**

All believers are moving toward reversionism or supergrace.

People need doctrine daily on the ICE principle. The pastor-teacher is a spiritual gift. This is the means of getting spiritual food to us. A doer of the word gets Bible doctrine into the heart or the right lobe. This has a frame of reference. This pulls doctrine from the human spirit into the right lobe. It must be cycled by faith. When doctrine is circulating in your soul, you develop new norms and standards and your conscience is filled with divine viewpoint. That is being a doer. Having doctrine in the conscience of the soul is being a doer of the Word.

This same doctrine is used for construction material. 2 is mastery of the details of life; 3 is the relaxed mental attitude of ἀγάπη love; capacity for love in all categories is 4. Then the believer continues to gap it into supergrace.

The vacuum goes into that same right lobe and it sucks in cosmic system and cosmic categories. Emotional revolt shuts down the valves to the right lobe. It is the reversionistic believer who is represented by King Saul. David is the supergrace believer.

David prospered in the military profession. The supergrace believer is motivated to do well. Because of his great capacity from Bible doctrine, he became the most successful captain of his day.

David returns from killing a bunch of Philistines, and women began singing to him, the #1 song on the hit parade.

David's success is mentioned in v. 15. In v. 8, Saul was very angry, but he was also afraid of him.

The hê file begins v. 9. There is a contrast between supergrace and reversionism.

There is no dying grace in the sin unto death.

God has perfect essence and He has the perfect capacity to give and the wherewithal to give. There is no limitation of that which God can give.

When it came to blessing, David had it. Solomon inherited great things from David and a kingdom that was blessed to the maximum. He inherited his father's handsomeness, etc. Solomon did not turn his life around until the end of his life.

“David, at the end of his life, was put into bed with a couple of virgins. How many people have you known who have gone out so gloriously?”

Bob hasn't had a tree for Christmas for years. To hell with those false gods. Now, that just means he's a little odd. But for some of you, with no Christmas tree, you've had it.

There is a place where Bob can go in Texas and be depressed; Waco. He used to go up to Baylor to speak, and it would depress him. But better Waco than many places in the North.

We think in terms of anniversaries, but David lived every day alike.

If you don't have the capacity to enjoy the Word of God, you can have great misery.

Psalm 37:9 **For evildoers will be destroyed [cut off], but those who put their hope in the LORD will inherit the land.**

The waw file next, which is a nail or a peg. This is something upon which to hang life. The wicked refers to the reversionist again. By way of contrast, the wicked person.

The first time Bob saw a person killed, it shook him up a bit. What is done is, you spread out the parachute and picked up the pieces and throw them into the middle of the parachute.

Psalm 37:10 **A little while, and the wicked will be no more; though you look for him, he will not be there.**

The meek here is the supergrace believer. It is the grace oriented type. A healthy orientation to life. Not some phony system of self-effacement. This can refer to taking exquisite delight in some person; it is a lovemaking verb. This means to have prosperity and to enjoy it.

Psalm 37:11 **But the humble will inherit the land and will enjoy abundant prosperity.**

Zayim is a weapon; a sword. the wicked carefully thinks out ways to scheme against the righteous. Saul would send David out in dangerous areas, and David would always return, having been successful.

Saul decided to have David get 100 Philistine foreskins in 2 days. Saul figured he would be dead as a doornail from trying to do this. It did not work. Saul plotted against the just. It did not work. It backfired. God let David kill 200 Philistines. That was divine discipline toward Saul and blessing toward David. Saul found this to be very frustrating. For a long time, this was the story of Saul. He kept on gnashing his teeth.

Psalm 37:12 **The wicked schemes against the righteous and gnashes his teeth at him.**

God has a great sense of humor. Saul is trying to come up with a new way to ruin David's life, and God allows David to be prosperous. You are complimented by those who are your enemies.

God really enjoys blessing a supergrace believer. That is what the verb below means. God really enjoyed blessing David by letting him kill 200 Philistines. We might get the great blessing in war of being able to kill a huge number of communists.

God can mock the reversionist because his day is coming. For David, the day coming is a great blessing; for the reversionist, a great horror.

Psalm 37:13 [The Lord laughs at him because He sees that his day is coming.](#)

Cheth is a fence, with an opening at one end.

Psalm 37:14 [The wicked have drawn the sword and strung the bow to bring down the afflicted and needy and to slaughter those whose way is upright.](#)

The swords enter into their own hearts, and their bows will be broken. This is the dying by the sin unto death for Saul.

The weapons of the reversionism will be broken.

Psalm 37:15 [Their swords will enter their own hearts, and their bows will be broken.](#)

Psalm 37:16 [Better the little that the righteous man has than the abundance of many wicked people.](#)

Psalm 37:17 [For the arms of the wicked will be broken, but the LORD supports the righteous.](#)

God knows the days of the supergrace in the sense of blessing and omniscience. God knew in eternity past what we would be like in time and all of the decisions that we would make.

The supergrace believer does not find the transfer from life to heaven quite as dramatic as the reversionist, who goes from great pain and discomfort to heaven.

Psalm 37:18 [The LORD watches over the blameless all their days, and their inheritance will last forever.](#)

The supergrace believer can handle adversity. In time of national disaster, the supergrace believer is still blessed in his life.

Psalm 37:19 [They will not be disgraced in times of adversity; they will be satisfied in days of hunger.](#)

Then we get the contrast. This is the slap. The wicked are the reversionists and they will perish. They will wander about until they are destroyed. He is unstable.

Psalm 37:20 **But the wicked will perish; the LORD's enemies, like the glory of the pastures, will fade away--they will fade away like smoke.**

The reversionist borrows money and never pays it back. He desires that which he cannot afford, and does not pay back. It is the supergrace believer who is gracious and he gives. The person who always borrows is the one without capacity.

The foreflusher goes into a game without enough funds, he tries to bluff to get more than he is able to bet. He is looking for some way to alleviate his own misery. He has no capacity for fun.

If you are going to have capacity for life, then you try to live it up, you are a foreflusher.

Psalm 37:21 **The wicked borrows and does not repay, but the righteous is gracious and giving.**

The blessed of him is the supergrace believer. He will inherit and enjoy the land. This refers to phase II in the life of any believer.

Psalm 37:22 **Those who are blessed by Him will inherit the land, but those cursed by Him will be destroyed.**

This is the story of the rest of the book of Samuel; a contrast between supergrace David and reversionist Saul.

**1Samuel 14:49 18:24–28 19: 72David 631\_0015**

The subject is Michal, or “Love is a very splintered thing.” “I will tell you when we are through with the David series.”

in the Hebrew, Michal means *a brook*; many think it is Michael, which means *who is like God?*

1Sam. 14:49 **Saul's sons were Jonathan, Ishvi, and Malchishua. The names of his two daughters were: Merab, his firstborn, and Michal, the younger.**

The character of the person who says, “I love you” is important. Michal had that overt love based upon physical attraction. Michal had every opportunity in life. She lacked the capacity for love because of reversionism.

When Saul heard about this, he was pleased. This is because he had the perfect trap to get David killed. It was his idea to get rid of David.

1Sam. 18:20 Now Saul's daughter Michal loved David, and when it was reported to Saul, it pleased him.

This leads us into operation foreskin.

1Sam. 18:21 "I'll give her to him," Saul thought. "She'll be a trap for him, and the hand of the Philistines will be against him." So Saul said to David a second time, "You can now be my son-in-law."

1Sam. 18:22 Saul then ordered his servants, "Speak to David in private and tell him, 'Look, the king is pleased with you, and all his servants love you. Therefore, you should become the king's son-in-law.'"

1Sam. 18:23 Saul's servants reported these words directly to David, but he replied, "Is it trivial in your sight to become the king's son-in-law? I am a poor man who is common."

1Sam. 18:24 The servants reported back to Saul, "These are the words David spoke."

we pick this story up in v. 27:

David kills in combat 200 Philistines, twice the number needed. He was caused to bring the foreskins. The tally indicates that David had Saul count these foreskins. This would have made Saul very frustrated.

Michal moves from being Saul's daughter to being David's wife, giving her a greater opportunity to grow spiritually.

1Sam. 18:27 David and his men went out and killed 200 Philistines. He brought their foreskins and presented them as full payment to the king to become his son-in-law. Then Saul gave his daughter Michal to David as his wife.

Saul recognized that God was with David. This was an awful realization for him to have. Her status as Saul's daughter is repeated, and she loves him is a Qal perfect, which indicates a point in time that does not advance. Michal is the tragedy of no capacity of the soul. You have been a sucker all of these years, but this woman has no capacity for love. The man who keeps his woman from doctrine is the loser. This could have been the love of the century, but it was a total flop.

Bob is accused on the outside of giving bad advice; he gives good advice based on the Word of God. "Don't be stupid, gentlemen. If your opposite number is not up for doctrine, then she is not the right person."

Saul knew that God was with David and that Michal loved him.

### David and Michal

1. David could have been the rm, but was not. \

2. Michal lacked capacity of soul.
3. Michal had a greater thing than she could bear. Her whole lover was tied up in this man. It was a holy roller experience for her. Emotion is no good without capacity. Capacity is based upon Bible doctrine.
4. For awhile, her love intensifies, and then fades in the stretch. Emotional love is unstable; unstable as never before in her life.
5. It remains category #2 love.
6. Michal has intensity of emotion without the capacity of cerebration. She just doesn't have it. Once you women get Bible doctrine, your love life will change dramatically. You were designed only for one man, but you will never get close from emotion. You get is from mentality; from the right lobe; from the heart. This same Michal will look upon her beloved and despise him in her heart. She never loved him in her heart. If you only love with your emotion, then you despise with your heart.

1Sam. 18:28 [Saul realized that the LORD was with David and that his daughter Michal loved him,](#)

Being married to David could have been the end of David's marriages.

High points and low points now revealed:

Saul will send out agents to kill David, watching him where he goes. He will be caused to die. Michal is emotionally involved. She will warn David.

This begins by calling her David's wife. She gives him her advice. If you don't escape, you will be dead.

1Sam. 19:11 [Saul sent agents to David's house to watch for him and kill him in the morning. But his wife Michal warned David: "If you don't escape tonight, you will be dead \[assassinated\] tomorrow!"](#)

She causes David to be lowered from the window. This is the story of 2 windows. David escapes. He flees undetected and he escapes detection. When her emotional love is negative, these emotions will be used against him. This is why so many men scratch their heads and say, "I don't understand women." Most women, no matter how deep they look, they can be very superficial; and if they operate on their emotions, then they are going to be unstable.

Some women strap on, even when it is not necessary to do so.

1Sam. 19:12 [So she lowered David from the window, and he fled and escaped.](#)

Michal has the goddess of love which she keeps at her home. She makes it appear as if David is there. The men are not going to attack until that morning. She lies because she likes to lie. She lives by deceit.

1Sam. 19:13 Then Michal took the household idol and put it on the bed, placed some goats' hair on its head, and covered it with a garment.

Now she sets up a deception which is unnecessary. David is 12 hours gone. This woman likes to lie.

1Sam. 19:14 When Saul sent agents to seize David, Michal said, "He's sick."

Saul sends these messengers in the morning to see David. Saul desires to kill him. He is emotionally unstable. Saul lives apparently on the 3<sup>rd</sup> floor and David on the 2<sup>nd</sup> floor. Saul asks his men to bring David in sick. That is fine with him.

1Sam. 19:15 Saul sent the agents back to see David and said, "Bring him on his bed so I can kill him."

The messengers find out.

1Sam. 19:16 When the messengers arrived, to their surprise, the household idol was on the bed with some goats' hair on its head.

Michal should have been honest; "I love deceiving you, daddy." Michal is a classic answer, and it is a Qal perfect. It is a once and for all answer. She keeps saying it over and over. Michal gives a once and for all answer to her father. She is strapping it on her father. "I grabbed him and David kept saying, *let me go, or I will kill you.*" You might be sitting next to someone who is just like this. She straps it on David. They had sex; but she strapped him on then. He is an emotional build-up for him. She did not have to strap on her father. She lied to the assassins; she lies to her father.

1Sam. 19:17 Saul asked Michal, "Why did you deceive me like this? You sent my enemy away, and he has escaped!" She answered him, "He said to me, 'Let me go! Why should I kill you?'"

David thought everything was great. He escaped, but he received a deliverance that he did not even know about. As David was going down, he did not realize that God was delivering him from a reversionistic mess. After awhile, there would be Abigail and then Bathsheba. One woman is enough for any night.

David is going in the correct direction; he goes to Samuel. David does not mention Michal, not realizing that she is cut out of the same cloth. Saul was once a noble person.

1Sam. 19:18 So David fled and escaped [received deliverance] and went to Samuel at Ramah and told him everything Saul had done to him. Then he and Samuel left and stayed [dwelt in blessing] at Naioth.

Saul gives away his daughter to someone else. Palti. It means *delivered*. David is the one delivered, but he doesn't know it yet. God uses the wrath of man to praise Him.

If Saul was smart, he would have left things as they are or sent Michal to David.

As a supergrace believer, you will find that people will hit you with vindictiveness. Saul meant it for harm and God meant it for good.

1Sam. 25:44 **But Saul gave his daughter Michal, David's wife, to Palti son of Laish, who was from Gallim.** She does not say, "David is my love forever. I will never leave him."

2Sam. 3:12–16 are next we have now advanced 5 years; and for this time, she was married to another man.

2Sam. 3:12 **Abner sent messengers as his representatives to say to David, "Whose land is it? Make your covenant with me, and you can be certain I am on your side to hand all Israel over to you."**

David will not make some kind of treaty with Abner until Michal was returned to him.

2Sam. 3:13 **David replied, "Good, I will make a covenant with you. However, there's one thing I require of you: Do not appear before me unless you bring Saul's daughter Michal here when you come to see me."**

2Sam. 3:14 **Then David sent messengers to say to Ish-bosheth son of Saul, "Give me back my wife, Michal. I was engaged to her for the price of 100 Philistine foreskins."**

The tragedy of true love; Paltiel.

2Sam. 3:15 **So Ish-bosheth sent someone to take her away from her husband, Paltiel son of Laish.**

He kept walking along side of her. He has a genuine love for Michal. He loves her and he won't leave her. His capacity has no place to go. He is a man with capacity, but he hasto pay the vindictiveness of Saul and Michal.

Michal is able to fake this guy out and she will fake out David for awhile as well. This is how she entertains herself. Abner breaks it up; he has some sense. Eventually, he was delivered by the grace of God.

2Sam. 3:16 **Her husband followed her, weeping all the way to Bahurim. Abner said to him, "Go back." So he went back.**

Even returning to David, Michal, called Saul's daughter, now. Michal is leaning way out of the window. She is looking way out onto the street. She leans way out and keeps staring. She keeps staring at the King David. David was leaping the verb means pizzazz. It means to leap up and down in a frenzy of ecstasy. Another descriptive word that means dancing. This was a mad, victorious dance. The Ark of the Lord had come home. David was doing this because Jesus Christ is the only celebrity of life.

Reversionism always seeks its own level. David does this before the Lord. David has category #1 love, and she despises David in her heart. She cannot stand for David to be happy about anything except with regards to her. In her memory center, she thinks of Palti. Her norms and standards go back to a man who adored her, not the Lord. She despises David. On her launching pad, she has hatred.

In emotional revolt, you can only love with your emotion. There is the expression of reversionism.

2Sam. 6:16 As the ark of the LORD was entering the city of David, Saul's daughter Michal looked down from the window and saw King David leaping and dancing before the LORD, and she despised him in her heart.

2Sam. 6:17 They brought the ark of the LORD and set it in its place inside the tent David had set up for it. Then David offered burnt offerings and fellowship offerings in the LORD's presence.

2Sam. 6:18 When David had finished offering the burnt offering and the fellowship offerings, he blessed the people in the name of the LORD of Hosts.

David gives out a loaf of bread, a big chunk of meat and a container of wine.

2Sam. 6:19 Then he distributed a loaf of bread, a date cake, and a raisin cake to each one of the whole multitude of the people of Israel, both men and women. Then all the people left, each to his own home.

Again, she is called Saul's daughter. She comes out and speaks to David with great sarcasm. She calls him vain.

2Sam. 6:20 When David returned home to bless his household, Saul's daughter Michal came out to meet him. "How the king of Israel honored himself today!" she said. "He exposed himself today in the sight of the slave girls of his subjects like a vulgar person would expose himself."

David sees the real Michal, and right then and there, whatever he had for Michal is dead. She is on her self righteous high horse. No one can be more self righteous than a reversionist.

2Sam. 6:21 David replied to Michal, "I was dancing before the LORD who chose me over your father and his whole family to appoint me ruler over the LORD's people Israel. I will celebrate before the LORD,

David says he will take it even further.

2Sam. 6:22 and I will humble myself even more and humiliate myself. I will be honored by the slave girls you spoke about."

She never pulls out of reversionism.

2Sam. 6:23 **And Saul's daughter Michal had no child** [she had 5 children; but she never again had sex] **to the day of her death.**

She apparently died the sin unto death. Never again, would she have the love of any man. This is a woman who had everything going for her; and now she has nothing going for her. She manufactured most of her own problems here on earth.

## **1Samuel 18            The Doctrine of War   Psalm 37:23   72David            631\_0016**

This will be our last session on David until Christmas.

Stuffing party; if you want to come and feel like you are making points with God, or not...

This is the last increment of this portion of the David series.

The steps of a good man are ordered by God. There are as many ideas as to what a good man is, as many as there are women in this building. For some, this is the man you can put a ring in his nose and you can lead him around.

There is no good man here; this is a warrior; a soldier; the noblest of all human professions. Not everyone is a draft card burner. "Nothing should be left to an invaded people than their eyes for weeping." "I am a peace-loving quaker, but when war breaks out, every man in my family is ready to go." Alexander Hamilton, "To just from the history of mankind, the fiery passions of war burn in the human breast." MacArthur "A war line spirit is necessary for nation defense and national security." "Worse than war is the fear of war" by Seneca.

Liberty: "What is liberty without wisdom and virtue," said Burke. "A nation can lose its liberty in a day and not miss them for a century."

David has been blessed and promoted by his position as a warrior.

There is delight and blessing here. This refers to a military man. War is for adults; war requires the annihilation of the enemy, so that they think a long time before every trying to attack again. You need training to go to war. You need battle courage to go to war. In Prov. 24, the nation whose freedom is perpetuated must have great military leadership. Believers are protected during war. Peace propaganda is a weapon of war. War can be used for personal discipline. Bob, being a fundamentalist, can criticize the idiots who are fundies today. A great misnomer of war. They who take up the sword will perish by the sword, which refers to crime.

War brings out the most noble of people; it brings out the best that is there.

We are Anglo-Saxon in our outlook and heritage. Winston Churchill was the last great man in Britain. They have fallen into a third rate power, economically and by the armed forces.

There is no glory in the welfare state. Put them in communist Russia and they will be executed or placed in a work camp.

### The Doctrine of War

from verse by verse

1. War will exist until the Millennium, Mt.24:4,6; Mk.13:7; Lk.21:9; Isa.2:4, in spite of man's efforts for peace. Exception: in the Millennium, peace is based on war Armageddon, Isa.2:4. Man will not bring in permanent world peace, Micah.
2. Therefore, wars are a bona fide part of human history, Eccl.3:8; Num.21:14.
3. War is for male adults, Num.1:3; 26:2; Deut.24:5; 21:10-14.
4. Annihilation of the enemy is how to have long periods of peace, Jer.11:23; Ps.46:8-11; Josh.14:15.
5. Just warfare is from God. A shark nation is countered with a strong defense.
6. There is a time when it is a sin not to go to war, Num.32:5-23.
7. War demands mental attitude courage, Deut.20.
8. War demands military training, Num.31:35; Lk.14:31.
9. The most important factor in war is Bible Doctrine in the soul, Ps.27:3.
10. Bible Doctrine is also important in military leaders (i.e. do it by the book, let the Lord promote you), Prov.24:16,18.
11. In war, God provides the training, 2Sam.22:35; Ps.18:34; 104:4.
12. Believer's are protected in war, Job.5:20; 38:21-23.
13. Certain nations plot war and seek to destroy freedom of others. Armies protect freedom and armies destroy freedom, Ps.55:20-21; 68:20; 140:1,2; Neh.4:8; Nah.3.
14. Peace propaganda is an instrument of war, Micah.3:5-7.
15. War is used as a national discipline, 2Chr.16:9; Jer.4:19-31.
16. War is used for personal discipline, Job.10:1-17.
17. The misnomer of war: refers to capitol punishment, Mt.26:52; Rom.13.
18. Motivation for warfare, Neh.4:14. In times of privation, remember to fight for:
  - 1) Divine Institution #1, nation
  - 2) Divine Institution #3, family
  - 3) Divine Institution #2, wife
19. The concept of the military.
  - 1) Under Divine Institution #4, all national freedom comes courtesy of the military.
  - 2) There are two factors that protect a nation.
    - (1) Spiritual factors doctrine, Neh.4:8,9.
    - (2) Establishment factors good training, tactics, strategy, lack of mental attitude, etc.

- 3) Failure of the military indicates lack of:
    - (1) Training
    - (2) Self-discipline
    - (3) Respect for authority
    - (4) Spiritual incentive to fight, etc.
  - 4) The military is an indicator of national character.
20. The military image of the Lord Jesus Christ.
- 1) Christ fought for the Jews, Ex.14:14.
  - 2) Joshua challenged by Christ, Josh.5:13, 6:2.
  - 3) Armageddon campaign, Zech.14:3,4.
  - 4) Assyrian campaign, Isa.37:36.

### War and God

by Tod Kennedy, March 2003

1. Three sources of war:
  - 1) Man has a sinful nature (Jeremiah 17:9; Romans 7:20; James 4:1-2)
  - 2) Satan is the temporary ruler of this world (John 14:30; 16:11)
  - 3) Satan has his own world system which he promotes (Ephesians 2:2; 1 John
2. War is a continuing fact of life. Wars will continue to be fought and rumors of wars will continue to spread throughout the world until Jesus Christ personally rules the earth in the Millennial Kingdom (Matthew 24:4-7; 1 Thessalonians 5:3; Isaiah 2:4).
3. Only spiritual peace is possible now. There will be no world peace before Christ returns, but there can be spiritual peace.
  - 1) Eternal relationship between God and man because of the death and resurrection of Jesus Christ and man's faith in Him (John 16:33; Ephesians 2:13-18).
  - 2) Temporal fellowship between God and the believer and between believers based on Christ's death and brought into the daily life through the ministry of the Holy Spirit (John 14:27; Galatians 5:22).
4. Preparation for war reduces warfare. War is an unwanted but real part of human history, and those who recognize this and prepare for war will have more freedom, more prosperity, and more peace than those who do not prepare and try to avoid war at any price (Numbers 10:9; Judges 3:1-2; Ecclesiastes 3:8; Nehemiah 4:7-22; Psalm 144:1; Proverbs 20:18; Proverbs 24:6).
5. To kill in battle is not murder. The killing of the enemy in war is not murder, nor a sin of any kind. Exodus 20:13 refers to murder. The Hebrew word RATSACH (Strong #7523) means murder or manslaughter.
6. Old Testament Biblical words for "Kill."
  - 1) NAKAH (Strong #5221) legitimate killing in battle, to smite, sometimes with penalty (Genesis 14:5; Joshua 10:10; Exodus 3:20; 1Samuel 17:9; 18:7; Isaiah 37:36)

- 2) RATSACH (Strong #7523) command against murder. Also used for non-premeditated killing (Exodus 20:13; Numbers 35:16; Deuteronomy 4:42; 1 Kings 21:19)
- 3) HARAG (Strong #2026) to kill by intention or accident (Exodus 2:14; Exodus 13:15; Judges 8:21; Psalm 135:10)
- 4) PHONEUO (Strong #5407) murder (Matthew 5:21; 19:18; Romans 13:9; James 4:2)
- 5) APOKTEINO (Strong #615) to kill, slay, put to death (Matthew 10:28; Luke 12:5)
7. God is not anti-war. God sponsors just wars, and He does so to.
  - 1) Remove degenerate nations (Jericho - Joshua 5:13-Joshua 6; Ai - Joshua 8)
  - 2) Defeat the enemies of Israel (Hagrites - 1 Chronicles 5:18-22)
  - 3) Protect families and nations (Nehemiah 4)
  - 4) Gain peace (Ehud and Moabites - Judges 3:26-30)
8. Military service is necessary. It is necessary to gain national freedom, then to preserve national freedom (Numbers 1:2-3; 31:1-5; Joshua 1:6-11; 11:23; Judges 8:1; 1 Chronicles 5:22; Psalm 18:34; Luke 14:31).
9. Military service is honorable. There is nothing in the New Testament prohibiting military service, training, or war. Christ, Luke, and Paul assume that military service is an honorable profession; they accept the normal function of the military for national readiness, defense, and waging of legitimate war. God even commends those who wage war against aggressors (Hebrews 11:22-34).
  - 1) Christ (Matthew 8:5-10; Luke 14:31)
  - 2) Luke (Acts 10:1-3, 22-25)
  - 3) Paul (Acts 23:11-35; 1 Corinthians 9:7; 2 Timothy 2:3-4)
10. Jesus Christ is a battlefield commander. Jesus Christ has in the past and will in the future serve as a battlefield commander. He is called "LORD of Hosts" or LORD of the Armies" and a Warrior." He has killed thousands of enemy soldiers and will do so in the future (Exodus 14:13-14, 25; 15:3; Isaiah 37:33-37; Zechariah 14:1-5; Revelation 19:11-15).
11. Bully nations and aggressors use propaganda to persuade other nations not to resist their attacks. The propaganda appeals to the cowards and "peace at any price people" (Isaiah 36-37).
12. Unjust aggression is wrong. The Lord is against unjust aggression (Psalm 68:30; 140:1-2; Jeremiah 50:17-18).
13. Anti-war people misuse scripture. There are certain passages that anti-war people use to try to condemn all warfare. Each passage can be explained. None say that military service, war, or killing the enemy in battle is wrong. Exodus 20:13; Isaiah 2:4 with Joel 3:9-10; Matthew 5:9, 43-44
14. Warfare and the New Testament. Why does the New Testament not emphasize physical warfare?

- 1) The New Testament is addressed primarily to believers, residents of God's spiritual kingdom, who engage in spiritual warfare.
  - 2) The spiritual battle is still set within the context of nations in conflict, nations who continually replay the story, begun by Satan, of pride and rebellion (2 Corinthians 10:3-5; Ephesians 6:10-12; Acts 12 [Herod], Acts 16 [Paul], 2 Thessalonians 2:1-13; 1 Peter 2:11-17).
15. Just war doctrine. Thomas Aquinas (1225-1274) gave three requirements for a war to be a just war.
- 1) The leader of a nation has the authority and responsibility to wage war to protect the citizens from external enemies.
  - 2) A nation wages war to avenge an attack or a wrong inflicted.
  - 3) A nation must wage war to advance good or to avoid evil.
16. Protection of America. The leader or leadership of a nation must protect that nation. The king, president, premier, constitution, or other authority has the God-ordained responsibility to protect the people under his authority. If an aggressor makes plans or does attack, the leadership must take military action to protect his nation. Failure to do so is failure to fulfill his biblical mandate (Romans 13:1-6).
17. Protection of America - United States Constitution. The United States Constitution gives the President the responsibility and the authority, as commander in chief of the military, to wage war for the protection of the nation and its citizens.
- U. S. Constitution, Article II, Section 2, "The president shall be commander in chief of the army and navy of the United States, and of the militia of the several states, when called into the actual service of the United States." Compare with Article I, Section 8, "The Congress shall have power. to declare war."
18. So, what does this mean to me?
- 1) Military service is honorable.
  - 2) It is not sin or wrong to kill the enemy in war; it is right and it is my duty.
  - 3) Just wars must be fought to protect and preserve life and freedom.
  - 4) Aggressors who threaten our life and freedom must be removed - most often by death in war.
  - 5) Those who refuse to fight or support our military in just wars are either cowards or confused.
  - 6) The President of the United States has a responsibility to seek out and kill those who attack us.
  - 7) I am responsible to pray for my President and leaders.
19. Just War Quotes
- 1) Aquinas, "It is their [civil government] business to have recourse to the sword of war in defending the common [welfare] against external enemies."
  - 2) Augustine, "The natural order conducive to peace among mortals demands that the power to declare and counsel war should be in the hands of those who hold the supreme authority."
  - 3) Aquinas, "A just cause is required."

- 4) Augustine, "A just war is apt to be described as one that avenges wrongs, when a nation or state has to be punished, for refusing to make amends for the wrongs inflicted by its subjects, or to restore what has been seized unjustly."
- 5) Aquinas, "[To be a just war it is] necessary that belligerents should have a rightful intention, so that they intend the advancement of good, or the avoidance of evil."
- 6) Augustine, "True religion looks upon as peaceful those wars that are waged not for motives of aggrandizement, or cruelty, but with the object of securing peace, of punishing evil-doers, and of uplifting the good."
- 7) Martin Luther, "Without armaments peace cannot be kept; wars are waged not only to repel injustice but also to establish a firm peace."
- 8) Protection of America and Just War Quotes, President George W. Bush, March 6, 2003: "We don't need anybody's permission [to defend our country]. I will not leave the American people at the mercy of the Iraqi dictator and his weapons." "But [Saddam should disarm] in the name of peace and the security of the world. If he won't do so voluntarily, we will disarm him." "I'm convinced that a liberated Iraq will be important for that part of the world." "My faith sustains me because I pray daily, I pray for guidance and wisdom and strength. If we were to commit our troops - if we were to commit our troops - I would pray for their safety, and I would pray for innocent Iraqi lives as well."
- 9) March 23, 1775, Patrick Henry addressed the Virginia legislature meeting at St John's Church in Richmond. "It is vain, sir, to extenuate the matter. Gentlemen may cry, peace, peace! - but there is no peace. The war is actually begun! The next gale that sweeps from the north will bring to our ears the clash of resounding arms! Our brethren are already in the field! Why stand we here idle? What is it that gentlemen wish? What would they have? Is life so dear, or peace so sweet, as to be purchased at the price of chains and slavery? Forbid it, Almighty God! I know not what course others may take, but as for me: Give me liberty, or give me death!"

Psalm 37:23 [A man's steps](#) [the marching of a warrior] [are established](#) [ordered] [by the LORD](#), [and He takes pleasure in his way.](#)

Psalm 37:24 [Though he falls, he will not be overwhelmed, because the LORD holds his hand.](#)

David looks back on his life as a young person, and considers his place as an older man. It is hard for you young people to look around at older people and realize that they were young at one time. Bob gets a kick out of seeing pictures of people when they are young.

David went into a military reversionism and into a monarchical reversionism. However, most of his life, he was a supergrace believer from age 18 on up.

In terms of eternal security, no believer is forsaken. But in life, God does not forsake His Own.

Solomon on his worst day was probably a billion dollars. He made 20 million a year from one source alone. He lived part of his life in supergrace and then reversionism and then he recovered at the end of his life. His secret was the umbrella of grace that God put over him.

Psalm 37:25 **I have been young and now I am old, yet I have not seen the righteous [supergrace believer] abandoned or his children begging bread.**

David continues to talk about the supergrace believer. The Lord helps the helpless. Always merciful and always helping. His seed is always a blessing. Only supergrace believers leave behind a heritage greater for their children. The supergrace believer has an influence in his own children down to one generation and his life is an umbrella to his children.

Psalm 37:26 **He is always generous [gracious], always lending, and his children are a blessing.**

The acrostics are still here, but we aren't taking much account of them.

Dwell forever more is a command to believe in Christ.

Psalm 37:27 **Turn away [swerve aside] from evil and do what is good, and dwell there forever.**

God loves justice.

Eternal security here and He does not forsake a believer ever.

The children of the reversionist will be cut off. God will have to do it.

Psalm 37:28 **For the LORD loves justice and will not abandon His faithful ones. They are kept safe forever, but the children of the wicked will be destroyed.**

The supergrace believer is blessed in time and in eternity.

Psalm 37:29 **The righteous will inherit the land and dwell in it permanently.**

Wisdom is doctrine in the human spirit. His mouth speaks of fairness and equity.

Psalm 37:30 **The mouth of the righteous utters wisdom; his tongue speaks what is just.**

The law here is doctrine. He has doctrine in his right lobe.

Psalm 37:31 **The instruction of his God is in his heart; his steps do not falter.**

The reversionist is always observing, wondering what is going on. Also, they look for a chance to ambush. Saul spent his time looking out, looking for an opportunity to take Saul down.

Psalm 37:32 [The wicked lies in wait for the righteous and seeks to kill him;](#)

God will not leave the supergrace believer in the hands of the reversionist.

Psalm 37:33 [the LORD will not leave him in his hand or allow him to be condemned when he is judged.](#)

The supergrace believer is to wait on the Lord. Once you reach supergrace, you must stay with doctrine. You must continue to gap it. David has always waited upon God to be blessed. David went back to the sheep when he was the aide to camp. He waited on God.

Some believers cannot stand living in reversionism. God will exalt the supergrace believer. This is the Lord promoting.

There are those who are reversionistic who do not like you. Don't worry about it. Along the way, you will be promoted and the reversionist will be wiped out. Bob found out in his own life to just sit back and let them go. Bob liked the feeling of popping a few problem people, and that was a great feeling, but it was the closest he has been to being a holy roller.

David saw his enemies destroyed. He saw Goliath go down quickly; Doeg the Edomite; and Saul took 6 years. Bob would like to pick out Doeg as a person he could whip and he would make it last.

Psalm 37:34 [Wait for the LORD and keep His way, and He will exalt you to inherit the land. You will watch when the wicked are destroyed.](#)

Spreading himself like a flourishing native tree, which means this is a tree that does well in its own soil, and such a tree produces beautifully. When the reversionist gets his bag and does his thing, he spreads. A tree or a plan that is beautiful and suited for that particular place.

Psalm 37:35 [I have seen a wicked, violent man \[reversionist\] well-rooted like a flourishing native tree.](#)

However, despite this temporary flourishing, he passes off the scene. The believer dying the sin unto death, horribly. The beautiful tree becomes a stump. There was not even a stump after God got through with him. Look reversionist, that man is blessed.

Psalm 37:36 [Then I passed by and noticed he was gone; I searched for him, but he could not be found.](#)

Perfect means supergrace here. Upright means straight and level; this is a stability of life. Maximum doctrine means supergrace and that means maximum blessing. There is a future for the man or prosperity. He is the supergrace believer. The man God can trust a million dollars to. Some of you young people are on the edge of a great future; and some of you will peel off. Some of you blew a great future as soon as you walked away from doctrine.

Psalm 37:37 [Watch the blameless and observe the upright, for the man of peace will have a future.](#)

Future of the reversionist in v. 38. This is the other side of the fence. What kind of a future do they have? Their life on this earth will be destroyed. They will receive a destructive, desolate life. Some of you are miserable now; and you are too young to know what misery is.

The end means *the future*. The Niphal means the knocking stage of divine discipline. Then the intensive stage, when you are set in your negative ways. In the knocking stage, you can rebound; in the intensive stage, you need more than that.

A pastor in Arizona will come out and anoint those who are sick.

Psalm 37:38 [But transgressors will all be eliminated; the future of the wicked will be destroyed.](#)

A supergrace believer has strength from the Lord.

Psalm 37:39 [The salvation of the righteous is from the LORD, their refuge in a time of distress.](#)

The Lord will aid them and deliver them. Michal's second husband is the noun from this, Palti. No idea if David was thinking about Palti at this time.

Palti was caused to be delivered. This was because they trust the Lord when you hurt. He is like the rabbit running away from the wolf and he gets into the cleft of the rock, and the wolf cannot get in there.

Psalm 37:40 [The LORD helps and delivers them; He will deliver them from the wicked and will save them because they take refuge in Him.](#)

---

1Sam. 18:29 [and he became even more afraid of David. As a result, Saul was David's enemy from then on.](#)

1Sam. 18:30 [Every time the Philistine commanders came out to fight, David was more successful than all of Saul's officers. So his name became very famous.](#)

**1Samuel 19:1–**

**72David**

**631\_0017**

**12/24/1972 1 Sam. 19:1-10 Doctrine of supergrace**

This will be a special on David's first entry into reversionism. The principle of the fork in the road.

This is David's first reversionism. We have the principle of the fork in the road. The cross represents the point of eternal salvation for each of us. Radical changes between supergrace and entering into reversionism. David's reversionism after his military prosperity.

and from these notes in David

### **Doctrine of Supergrace**

1. Supergrace has to be defined first: this is the final stage of spiritual growth beyond the edification complex of the soul. This is the place of maximum benefits. Doctrine has to be transferred from the left lobe to the right lobe by faith. There is a vacuum line from doctrine in the frame of reference. At the completion of the edification complex, the believer moves into supergrace. The believer enters into supergrace with a maximum amount of doctrine in the soul. Doctrine on the launching pad is the basis for the spiritual growth. Capacity for freedom, love, happiness, adversity and all of the activities of life. Supergrace is maximum blessing for a mature believer. No believer is mature until they reach the supergrace area.
2. The supergrace life is a place of maximum happiness.
3. The supergrace believer is the man for the crisis.
4. The supergrace believer has capacity for freedom. Rom. 8:21
5. The supergrace believer has capacity for life. 1Sam. 18:5, 14
6. Capacity for love.
  - 1) category #1 love: Deut. 6:6
7. Supergrace life provides capacity for happiness. 1John 1:4
8. Supergrace life provides capacity for suffering.
9. The supergrace life is characterized by occupation with Christ. Heb. 12:2
10. The supergrace life is characterized by maximum benefit from grace.
11. Supergrace psalm happiness for supergrace believer. Psalm 84

The doctrine below came from [http://gracebiblechurchwichita.org/?page\\_id=595](http://gracebiblechurchwichita.org/?page_id=595)

### **The Doctrine of Supergrace**

1. Definition.
  - 1) "Super-grace" (term derived from James 4:6 - "more grace," literally, "greater grace") is a synonym for Christian maturity. It defines the adult and initial stage of spiritual maturity beyond the edification complex of the soul. It is the sphere of the normal life and function of the Royal Priesthood; hence, the objective of the believer in Phase Two (in time) (Eph. 3:16-19).

2) Super-grace status is the place of maximum utilization of grace, either in adversity or prosperity; that area of life in which the believer reaps what God sows; i.e., the fulfillment of Romans 8:28.

3) Super-grace status and blessings are attainable by believers in every dispensation.

2. Description of super-grace.

1) From the viewpoint of divine essence, super-grace is said to be "the surpassing magnitude of His omnipotence upon us, the believing ones" (expanded trans., Eph. 1:19).

2) From the viewpoint of the mature believer, the attendant blessings of super-grace status are termed "pursuing grace" (Eph. 1:6).

3) By means of the distribution of super-grace blessings to the Church in every generation, God is said to be glorified (Eph. 3:20, 21).

3. Characteristics of the super-grace life.

1) The overflowing cup of Psalm 23:5, 6 constitutes both super-grace capacity for life and resultant super-grace blessings.

2) These blessings fall into two separate categories: spiritual and temporal.

3) Spiritual blessings include occupation with Christ, inner resources to cope with either prosperity or disaster in life, and dying grace.

4) Temporal blessings include promotion, success, wealth, prosperity (social, economic, sexual, material, technical, professional); stability and dynamics of living, which b. These blessings fall into two separate categories: spiritual and temporal.

5) Spiritual blessings include occupation with Christ, inner resources to cope with either prosperity or disaster in life, and dying grace.

6) Temporal blessings include promotion, success, wealth, prosperity (social, economic, sexual, material, technical, professional); stability and dynamics of living, which produce great leadership.

7) God is waiting to provide super-grace blessings (Isa. 30:18).

4. Importance of Bible doctrine in relation to attainment of super-grace status (Heb. 11:1-3).

5. Perspective of super-grace (Phil. 3:4-8).

6. Command to advance to super-grace (Heb. 12:1-3).

7. Importance of retaining the objective (Phil. 3:12-14).

8. The Issue of Phase Two (believer in time).

1) God in justice maintains His relationship with every believer regardless of that believer's temporal status; viz., carnality or spirituality.

2) This permanent relationship is based on propitiation, the Godward work of Jesus Christ on the Cross.

3) God expresses His justice in one of two ways:

(1) In blessing to the super-grace believer;

(2) In discipline to the reversionistic believer (Heb. 12:6).

- 4) According to 1 John 4:19, it is possible for the believer to love God in time. This love begins with the recognition of and respect for God's justice.
  - 5) Blessing from God's justice and love toward God are potential. They can be realized only when the believer comes to know God through the daily function of GAP.
  - 6) The super-grace believer is capable of loving God to the maximum because maximum doctrine is resident in his soul (Rom. 8:28; Eph. 3:19; 1 John 4:19).
9. Role of happiness in super-grace.
- 1) The key to super-grace is happiness. The same doctrine which provides supergrace also provides Plus-H or the sharing of God's perfect happiness. Therefore, the super-grace life is characterized by the total happiness spectrum, which ranges from tranquility on one end of the spectrum to ecstatic on the other.
  - 2) The top floor or penthouse of the edification complex of the soul is the beginning of the super-grace life (cf. Phil. 4:4; 1 Thess. 5:16).
  - 3) The accumulation of doctrine resident in the soul results in the fulfillment of Plus-H and signals the entrance into the super-grace status (1 John 1:4).
10. Relationship of super-grace to other categories of grace.
- 1) Category Involvement
    - (1) SALVATION GRACE - all that the Trinity did to save man; based on the strategic victory of the Cross (Phase One of grace). Non-meritorious volition - expressed by faith in Christ, the Living Word.
    - (2) LIVING GRACE - divine provision to keep the believer alive in Phase Two for either blessing or discipline. No volition is involved on the part of the believer - a matter of the Sovereignty of God and the Plan of God.
    - (3) SUPER-GRACE: - the tactical victory of the Royal Family of God; includes maximum growth and blessing, also DYING GRACE. Non-meritorious volition - expressed by positive volition toward Bible doctrine, the written Word.
    - (4) SURPASSING GRACE (the "exceeding riches of His grace"; Eph. 2:7) - all that God will do for the believer in Phase Three or eternity No volition involved. At that time, the angelic conflict has been terminated.
  - 2) God has designed for every believer both super-grace blessings for time, and surpassing-grace blessings for eternity.
  - 3) Illustration: Abraham.
    - (1) Super-grace blessings for time (Heb. 11:11,12; cf. Rom.4:17-21).
    - (2) Surpassing-grace blessings for eternity (Heb. 11:9,10).
11. Categories of super-grace, represented by Jewish heroes..
- 1) ABRAHAM - sexual super-grace prosperity; the foundation of a new race.

- 2) JOSEPH - super-grace promotion and prosperity in a Gentile periphery.
  - 3) MOSES - super-grace leadership; the father of the Jewish nation.
  - 4) DAVID - super-grace leadership in both military and national setting.
  - 5) ISAIAH - super-grace leadership in communication of doctrine; the greatest prophet and Bible teacher in the period of the Southern Kingdom.
  - 6) JEREMIAH - super-grace blessings in time of national disaster; a monument to the sufficiency of super-grace resources under maximum pressure.
  - 7) DANIEL - super-grace promotion, leadership and blessing in a foreign land.
  - 8) PAUL - super-grace blessing to a Jew in time of Israel's dispersion under the last administration of the fifth cycle of discipline in A.D. 70. The Jewish Age is interrupted, but Abraham's progeny, Paul, holds the all time record for doctrinal blessing and communication of divinely revealed truths.
12. Promotion of super-grace.
- 1) The super-grace believer is God's man for the crisis (1 Sam. 17).
  - 2) Unless God promotes the believer, he is not promoted (Ps. 75:6, 7)!
13. Areas of super-grace capacity.
- 1) Freedom (Rom. 8:21; 2 Cor. 3:17; Gal. 5:1).
  - 2) Life (1 Sam. 17:47; 18:5, 14).
  - 3) Love.
    - (1) Love toward God (Deut. 6:5; 30:20; Josh. 23:10, 11; 1 John 2:5; 4:19).
    - (2) Category Two - love toward RM or RW (Song of Sol. 8:6, 7).
    - (3) Category Three - friendship (2 Sam. 1:26).
  - 4) Happiness (Ps. 9:1, 2; 21:1; 31:7; 43:4; 97:12; John 17:13; 1 John 1:4).
  - 5) Suffering (2 Cor. 12:7-10).
14. Reality of the celebrityship of Christ.
- 1) There are many super-grace heroes; but there is only one Celebrity in the Royal Family of God - the Lord Jesus Christ.
  - 2) In super-grace status, the believer becomes occupied with Christ; he has maximum love for and appreciation of the Person of the Savior. The communion table constitutes a test of Category One love based on resident doctrine in the soul.
  - 3) This attitude is expressed in Lamentations 3:21-25.
15. Super-grace and the road to glory.
- 1) There is a relationship between the super-grace blessings of time and the surpassing-grace blessings of eternity.
  - 2) The link between super-grace and surpassing grace is dying grace. Dying grace bridges the gap between super-grace status in time and surpassing-grace status in eternity. Thus the believer goes from grace to grace; from saving grace to supergrace; from super-grace to dying grace (Rapture generation excepted); from dying grace to surpassing grace.
  - 3) Illustration: Abraham.
    - (1) Salvation grace (Gen. 15:6).

- (2) Super-grace (Rom. 4:17-21); sign - circumcision (Heb. 11:11, 12).
  - (3) Surpassing grace (Heb. 10:9, 10; Rev. 21:2, 10); sign - life in a tent.
  - (4) Link (Heb. 11:13).
  - 4) Summary principle on the road to glory: in time, it takes doctrine to see the invisible God; but once we cross the bridge of dying grace, we shall see Him face to face!
16. Summary.
- 1) In eternity past, as a part of the divine decrees, omniscient God provided for every believer two special blessing paragraphs - one for time; the other for eternity.
  - 2) Attitude toward doctrine in time determines the realization of all grace blessings in time or eternity. While the believer can never lose his salvation or his place in heaven, he can lose his blessings in time and his rewards in eternity.
  - 3) Consistent negative volition toward Bible doctrine (after salvation) results in reversionism and its attendant losses: loss of super-grace blessing in time, loss of dying grace, loss of surpassing grace blessings in eternity.
  - 4) Consistent positive volition leads to super-grace status and its subsequent rewards in time, dying grace and surpassing-grace blessings.
  - 5) The attainment of super-grace is the attainment of the first objective - maturity. It calls for an immediate establishment of the next objective - the seizing and holding of the high ground of super-grace (Phil. 3:12-14).
  - 6) Continued positive volition toward doctrine secures the believer's position and holds the super-grace status until death.

David will face great testing in his military life. They will stick with divine viewpoint. The military offers a variety very quickly. Things change rapidly and David came to the fork in the road when he faced this test. He started out with a battalion and he ended up with a brigade.

There is the feast of the New Moon, and David is supposed to show up and he will not.

How can a man who is so clearly blessed by the Lord, how can he neglect Bible doctrine? How can he neglect the basis for his prosperity; the basis of his happiness? This will lead to the loss of his edification complex. He becomes a coward where he is one of the most brave people in history.

Bible doctrine is not always available. There was an attack upon the dominant lobe. His vocabulary, norms and standards, suffering from emotional revolt of the soul. Reversionism and reverse process reversionism.

Fear and flight, and there are 6 flights of David; 4 will be studies as such. 19:1-10 and 3 more by chapter 20? The second stage is operation strap on and then operation madman, which both occur in 1Sam. 21

These next 10 verses are fear and flight.

Saul has begun to rationalize David as a trader. Saul is in the wrong here. Hiphil infinitive means *to cause the death of David*. He is motivated to murder David based upon reversionistic jealousy. Jealousy is a mental attitude sins cluster which motivates other kinds of sins.

Jonathan likes David very much. This is a rapport between 2 men which is very rare in life. This is the basis for Rom. 8:28. The crown prince has such a great love for David that he is willing to set himself aside to move God's plan forward. There is Jonathan, who is the eldest son and Saul's successor. In reality, God has ordained that David should be king. Jonathan is willing to set himself aside. A category #3 friend is willing to set himself aside for his friend. Jonathan is the antithesis of his father.

It is totally impossible to love and to be jealous at the same time. Whatever the object of your jealousy is not a person that you love. Jealousy does not love.

The illustration of Saul and Jonathan. Saul is jealous and seeks to kill David; Jonathan is not and wants David to live. Jonathan is true nobility. He delights much in David, means that he has a category #3 love for David. Jonathan contributes to David's prosperity and he is relaxed about it. He is noble. He is in supergrace himself.

1Sam. 19:1 [Saul ordered his son Jonathan and all his servants to kill David. But Saul's son Jonathan liked David very much,](#)

Jonathan suggests that David hide out. There is a contrast between Jonathan and Saul. Saul seeks to kill David. Saul is in reversionism.

Saul cannot enjoy the feast of the new moon, the holiday, because he wants David to die. He has lost all capacity for life. It is the soul where capacity is developed.

Niphal imperfect not an imperative. Jonathan does not try to run David's life. A good friend never seeks to impose his own standards upon David. This is what you ought to do, is Jonathan's attitude.

1Sam. 19:2 [so he told him: "My father Saul intends \[seeks\] to kill you. Be on your guard \[Guard yourself \(in this situation\)\] in the morning and hide in a secret place and stay there.](#)

Jonathan will be in the field with his father. Jonathan is going to try to figure out if his father really intends to murder David. What he divulges, Jonathan will reveal. David was being prospered by God; he was being blessed. He is 26–28 and already a brigadier general.

1Sam. 19:3 [I'll go out and stand beside my father in the field where you are and talk to him about you. When I see what he says, I'll tell you."](#)

Jonathan shows great respect for his father, despite his father's weirdness. Saul has misjudged David all the way around, and that is because of his mental attitude sins. David has been commendable in every way.

1Sam. 19:4 Jonathan spoke well of David to his father Saul. He said to him: "The king [authority orientation and respect for authority] should not sin against his servant David. He hasn't sinned against you; in fact, his actions have been a great advantage to you.

David as a supergrace believer has demonstrated great courage in his profession. Sun means *to appoint*. Many times David put his own life in danger and he killed Philistines.

The king has changed; Jonathan has emerged as another supergrace believer. Supergrace gives the capacity for great friendship. Bob used to go to clubs with his grandfathers; several floors of gyms and great food and a great library. Bob enjoyed going down there spending the day. It was called the Jonathan club.

You may be alone in the holidays and wallow in self-pity. Other people cannot have true friendship with you because they only feel sorry for you. You will never know what life is all about. You will think it is all their fault. Or you will drink, use drugs, or try to buy friends.

Jonathan has a great capacity for friendship. With sex, it is not difficult to have even pseudo love. This is more difficult with a friend. True love without sex calls for something from the soul. Category #3 friendship is a non-touching, no sex love. Saul is filled with hatred and instability.

1Sam. 19:5 He took his life in his hands when he struck down the Philistine, and the LORD brought about a great victory [the Lord has manufactured a great deliverance] for all Israel. You saw it and rejoiced, so why would you sin against innocent blood by killing David for no reason?"

Saul listens to Jonathan. He listens carefully. He is in the 1<sup>st</sup> stage of reversionism because otherwise, he would be implacable. This is a solemn promise. If you do business with reversionistic believers, then you have better have an army of lawyers there. Saul is filled with sincerity here. Sincerity in the soul of a reversionist is instability. To be impressed by such sincerity is to be a fool; it is to be stupid. Better to be cursed by a reversionist. His sincerely promises are meaningless.

1Sam. 19:6 Saul listened to Jonathan's advice and swore an oath: "As surely as the LORD lives, David will not be killed."

Jonathan passed it along that Saul was fine, he no longer hated David. Many of you men will have some sweet young thing tell you how much she loves you. The statement of her love is meaningless. Such a statement means very little.

Jonathan showed David that he had nothing to fear, that his father agreed not to persecute David.

1Sam. 19:7 So Jonathan summoned David and told him all these words. Then Jonathan brought David to Saul, and he served him as he did before.

David prospers under supergrace. The war intensified. We are at war right now and we don't seem to know it. We should bomb out North Vietnam with all of our obsolete weapons. The Russians are ahead of us in all kinds of weapons, because of our weak-kneed president. Thanks to MacNamara, the B58 bomber is gone. We have conventional bombing going on in North Vietnam, which is a great tragedy. The Russian missiles hone in on the heat of the exhaust. Point it skyward toward the nearest heat and airmen are dying because we have a stupid, cowardly government and president. They are doing everything that they can to destroy the military.

Bob hopes that all of the hippies go into slavery and die in the salt mines. If you have long hair on your head because you think Jesus did, you are all mixed up. A man who is a man in his soul has short hair on his head.

War breaking out indicates that the war is intensified. It is necessary for him to be back. David's brigade is the trouble-shooter; they went out and they are prepared. There is a tactical situation here; he kept fighting them in battle. When born-again believers are in the military, then they will kill gobs of enemy forces. Military men need to learn how to kill violently. A believer doing this is honoring the Lord. A male believer has to be in ultra super grace so that he can defeat the enemy. It is always kill the enemy. Many men here will be able to kill the enemy.

These enemies fear David, and they would run from him. "Retreat" is their command.

1Sam. 19:8 When war broke out again, David went out and fought against the Philistines. He defeated them with such a great force that they fled from him.

Saul's intensive stage of discipline meant that Saul faced demonism, which attacked him in the right lobe.

David is playing the harp and Saul is sitting there in his palace with his spear. The Philistines had been pushed back. David is playing for those in the castle. The vacuum opens and the evil influence comes through, and there is another desire to kill.

1Sam. 19:9 Now an evil spirit from the LORD came on Saul as he was sitting in his palace holding a spear. David was playing the harp,

Saul decided to try to kill David right there. David dodged the javelin. Patar means *to have a sudden burst of energy*. David has great ability and agility.

### The First Flight

1. The first flight of David does not reveal any reversionism on his part.
2. It does reveal the instability of Saul who said, "I will not kill David" and now he is trying to kill him.

3. He will drag supergrace David down to his own level
4. The hostility and antagonism of reversionism produces more converts to reversionism, if you stop taking in doctrine. David will get discouraged and bitter and this will bring David down to his own level.
5. This time, David did not crack up. However, this continual pressure will eventually bring David down. Pressure of persecution brings out the best or the worst. It brings out doctrine or lack thereof.
6. David's neglect of doctrine is the only way that Saul's persecution can get him down.

1Sam. 19:10 and Saul tried to pin David to the wall with the spear. As the spear struck the wall, David eluded Saul and escaped. That night he ran away.

1Sam. 19:11 Saul sent agents to David's house to watch for him and kill him in the morning. But his wife Michal warned David: "If you don't escape tonight, you will be dead tomorrow!"

1Sam. 19:12 So she lowered David from the window, and he fled and escaped.

1Sam. 19:13 Then Michal took the household idol and put it on the bed, placed some goats' hair on its head, and covered it with a garment.

1Sam. 19:14 When Saul sent agents to seize David, Michal said, "He's sick."

1Sam. 19:15 Saul sent the agents back to see David and said, "Bring him on his bed so I can kill him."

1Sam. 19:16 When the messengers arrived, to their surprise, the household idol was on the bed with some goats' hair on its head.

1Sam. 19:17 Saul asked Michal, "Why did you deceive me like this? You sent my enemy away, and he has escaped!" She answered him, "He said to me, 'Let me go! Why should I kill you?'"

## 1Samuel 18

## 72David

631\_0018

### 12/24/1972 1 Sam. 19:18-24 20:1-8 Three flights of David

We have studied the first flight of David and we are about to study the 2<sup>nd</sup> flight of David.

David did not know about Rom. 8:28 how all things would work together for good for him. neglect doctrine and to fall away from thom to further neglect doctrine and to fall away from those things which are important.

David is fleeing Saul. The first time David escaped, it was because of the love of Jonathan and now it is the love of Michelle. David is beginning to crack, and he feels like he has to

run and tell someone. The supergrace believer does not have to unload on someone else. There are 1000's of people who need to be weeping and wailing and falling apart.

David is beginning to crack. It will be obvious soon that he is in reversionism. He runs away and he ignores divine viewpoint. God has anointed him as king over Israel. He has learned all of the principles of grace. David runs to Samuel under the principle of operation crybaby. What Saul had done becomes a part of operation tattletale. "Saul was mean to me."

God has separated David and Saul so that David does not follow him into reversionism. David himself is in danger of joining Jonathan and Saul in entering the sin unto death.

### Jonathan

1. Jonathan should have left his father the same time that David did. If you live with reversionism and if you associate with reversionistic people, the first time you neglect doctrine, you will join them. We are inferior to all Satanic power. If we do not separate from reversionism, reversionism will get us, sooner or later.
2. Jonathan was a noble, supergrace believer and he will go into reversionism himself because of his relationship with his father.
3. Failure of separation from reversionism leads to sharing the status of reversionism as well as sharing the discipline of reversionism.
4. Saul has moved from knocking discipline to intensive discipline by his actions against David. He will eventually go into the sin unto death.
5. Reversionistic Israel will also go down with Saul.
6. Many supergrace believers will separate from Saul and join David in the cave of Addullem.
7. David has also been separated from a pseudo-relationship with David. She has an idol, which she places in bed instead of David. She will go down. She does not separate from her father, so she will also go into reversionism.
8. Some of the most disastrous events of our lives are really grace blessings in disguise. This separation for David is one of the good things.

1Sam. 19:18 [So David fled and escaped and went to Samuel at Ramah and told him everything Saul had done to him. Then he and Samuel left and stayed at Naioth.](#)

1Sam. 19:19 [When it was reported to Saul that David was at Naioth in Ramah,](#)

there is a company sent to get David. These are soldiers; they are not civilians. Samuel is the guest professor. The passive voice of *nava* means *to be taught*. Samuel standing means that he is the one teaching them.

The Holy Spirit acts as a restrainer here; this is the restraining ministry of God the Holy Spirit. The soldiers themselves are under the restraining ministry of God the Holy Spirit. Instead of seizing David, they begin to listen. These classes ran about 8 hours a shot and they completely lost track of what they are supposed to do.

Apparently, Bob has been warned that there were some who were coming to heckle them, black panthers and hippies.

1Sam. 19:20 Saul sent agents to seize David. However, when they saw the group of prophets prophesying with Samuel leading them, the Spirit of God came on Saul's agents, and they also started prophesying.

This is reported back to Saul, so he sends another group of soldiers. We now have 3 companies of Saul's best men all now enjoying the teaching.

1Sam. 19:21 When they reported to Saul, he sent other agents, and they also began prophesying. So Saul tried again and sent a third group of agents, and even they began prophesying.

1Sam. 19:22 Then Saul himself went to Ramah. He came to the large cistern at Secu, looked around, and asked, "Where are Samuel and David?" "At Naioth in Ramah," someone said.

1Sam. 19:23 So he went to Naioth in Ramah. The Spirit of God also came on him, and as he walked along, he prophesied until he entered Naioth in Ramah.

Saul took off himself, but he did not think that God would work on him as well, just as He did on the previous companies which he sent. He became ecstatic. Saul himself receive information. Abel company hit the seminary, the Spirit of God was upon them and they listened. Same for Baker and Charley company. Saul was cut off at the pass, so he was babbling, and to show his enthusiasm, he took off all his clothes.

Taking off his clothes is after he got there.

Bob goes over the opinions of various theologians. It is amazing how prissy theologians are. They all go in for Saul stripping down to his skivvies or something like that.

When people get ecstatic, they want to get their clothes off. Girls, that is why that guy says, 'Have another drink.' When a believer is emotional without doctrine, his behavior is ludicrous. Such a person is an ass.

No one can worship God without doctrine. The purpose here is to restrain David from being killed by Saul. Saul is a vicious, powerful reversionist. A few people are leaving, and this bugged a few people, so if you walk out, don't come back. This couple over here; very prissy.

Saul stayed in class and laid down naked all day and night. Everyone is sitting there taking notes, except for the King of Israel. But no one is paying any attention to him. He apparently fell down naked. 24 hours of classroom attendance.

**Saul in Class**

1. All things work together for good. The Holy Spirit and the teaching of the Word restrains 3 companies of Saul's soldiers and King Saul himself.
2. David in his flight should have noted Rom. 8:28.
3. David was delivered by Jonathan, and then by Michelle's pseudo love, and this time by means of the Holy Spirit and Bible doctrine.
4. If a man's love or a woman's love did not convince David, then the love of God the Holy Spirit should have convinced him. This is the perfect combination of restrained. So restrained was the king that he removed all of his clothing.
5. Saul was persuaded by Jonathan, deceived by Michel, and rendered helpless by the Holy Spirit, and held in place by Bible doctrine.
6. For 24 hours, Saul was naked and helpless, and during this time, David made his 3<sup>rd</sup> flight and escaped.
7. The David who leaves Ramah is not the same David.
8. He is beginning to show restrained with...
9. David ignored Rom. 8:28 in his deliverance.

The Jews had a marvelous sort of humor, and this is preserved in the Bible. They continually express this thought, "Is Saul also among the prophets?" They told this to their children and their children's children. Saul took himself very seriously; all reversionists do. The song of David killing his 10's of thousands made Saul mad, because he took himself so seriously. He is now the biggest clown in Israel. Wherever he goes, people will look on Saul with this angry visage, in armor, and, they will remark to one another, "Is Saul among the prophets?" The idea is, they would look at him and say this, but think of him laying naked on the floor.

1Sam. 19:24 [Saul then removed his clothes and also prophesied before Samuel; he collapsed and lay naked all that day and all that night. That is why they say, "Is Saul also among the prophets?"](#)

David will now show his bitterness through what he says. David is all upset and he goes to Jonathan about it. He is being unjustly persecuted. No doubt about that. He is probably whining and his voice has gone up an octave or two. If you stay away from reversionism long enough, you will eventually get caught up with it all.

Jonathan is not a reversionist at this point.

David is bitter; a mental attitude sins. That is a sign of entering into reversionism. With Saul, it was jealousy; with David, it was bitterness. David lost his perspective of grace. David became a coward because he was not seeing doctrine from God's viewpoint. People will die because of David's reversionism. People will be hurt because of this reversionism. All that David had to do was recall Bible doctrine; to recall his anointing. He had to remember that God tests every supergrace blessing. Under reversionism, David does not pass the adversity test. The supergrace believer should put it in the Lord's hands. The reversionism believer will go to operation strap on as the 2<sup>nd</sup> stage. Then he goes to

operation madman. Thousands will die; and operation madman will put his whole country at risk.

At this point, we pick up David's 4<sup>th</sup> flight.

1Sam. 20:1 David fled from Naioth in Ramah and came to Jonathan and asked, "What have I done? What did I do wrong? How have I sinned against your father so that he wants to take my life?"

Jonathan said, definitely not. Jonathan is expressing the divine viewpoint that David ought to be thinking. He in his nobility. "My father is helpless on his own." Jonathan will not assign to his father such a terrible thing. He cannot be persuaded that there is such a terrible danger. Saul told Jonathan that he would not kill David and Jonathan believes him. Reversionism changes people. What you are today, you will not be tomorrow. If your family ties are stronger than the Word of God, then you will go down with your family. Jonathan needed to separate from his family. Jesus said, "I have come to separate..." Family ties are not as important as the Word of God. There will be a time that will come when you must choose between your family and the Word of God. Death will be the result for the reversionist involved. Jonathan is blind to his father's reversionism.

1Sam. 20:2 Jonathan said to him, "No, you won't die. Listen, my father doesn't do anything, great or small, without telling me. So why would he hide this matter from me? This can't be true."

David is still convinced that Saul is still determined to kill him. David wants to use their friendship to test Saul. He says, because of the friendship, Saul might not reveal this. This is a dialogue between 2 spiritually blinded people. Jonathan is blind with regards to his father. David is blind with regards to the power of God and the plan of God for his life. So we have the blind talking with the blind.

David is afraid of death at this moment, and he is normally not afraid of anything. David is so afraid now that he is running from death. He is in an almost psychopathic condition.

1Sam. 20:3 But David said, "Your father certainly knows that you have come to look favorably on me. He has said, 'Jonathan must not know of this, or else he will be grieved.'" David also swore, "As surely as the LORD lives and as you yourself live, there is but a step between me and death."

Jonathan tells David, whatever you ask me to do, I will do it. He has a true supergrace humility. Jonathan is a man with a great capacity for love. He is willing to accept the authority of David. However, he and David will soon be separated. However, after that, Jonathan will accept the authority of his father.

1Sam. 20:4 Jonathan said to David, "Whatever you say, I will do for you."

The New Moon feast occurred 12 times a year and animal sacrifices were offered followed by feasting. It lasted 1 to 2 days. Saul always specified 2 days. Worship on one day, then a banquet; and then on the 2<sup>nd</sup> day, social life and a banquet. It was a national holiday like Easter or Thanksgiving. It was all about God's grace and God's blessing for that month.

All of Saul's officers were to meet with him on the feast day. David is expected and if he does not show, there is a problem. David asks permission to go and not attend; Jonathan will give him permission.

1Sam. 20:5 [So David told him, "Look, tomorrow is the New Moon, and I'm supposed to sit down and eat with the king. Instead, let me go, and I'll hide in the field until the third night.](#)

David is a supergrace believer and he is getting another believer to lie for him. That is not a good thing.

1Sam. 20:6 [If your father misses me at all, say, 'David urgently requested my permission to quickly go to his town Bethlehem for an annual sacrifice there involving the whole clan.'](#)

*evil* is doubled here.

1Sam. 20:7 [If he says, 'Good,' then your servant is safe, but if he becomes angry, you will know he has evil intentions.](#)

David is using the right vocabulary, but he is using it in the wrong way. When Jonathan went to his father and heard all of the wonderful things that David did, that was bonafide; however, after that a lie, that is a problem.

1Sam. 18:3 they entered into a covenant together as supergrace believers.

David tells Jonathan to kill him, himself; and this is strictly being childish. There is no grace here. A reversionistic believer has the vocabulary for awhile and this vocabulary is the last thing to go. This is strictly David's energy of the flesh. People with the spiritual vocabulary sound right, but they are functioning in the energy of the flesh, and this vocabulary is misleading to others.

It is reasonable for David to be suspicious of Saul. He can still recognize character and correctly evaluate people. Psalm 8:4 In correctly reading Saul's character, it is not necessary. Reversionistic believers do a right thing in a wrong way. They depend upon their own ability to handle a situation.

1Sam. 20:8 [Deal faithfully with your servant, for you have brought me into a covenant before the LORD with you. If I have done anything wrong, then kill me yourself; why take me to your father?"](#)

1Sam. 20:9 "No!" Jonathan responded. "If I ever find out my father has evil intentions against you, wouldn't I tell you about it?"

1Sam. 20:10 So David asked Jonathan, "Who will tell me if your father answers you harshly?"

Jonathan is making an oath to David. They go to a field. That is the importance of privacy. He emphasizes this by his actions.

1Sam. 20:11 He answered David, "Come on, let's go out to the field." So both of them went out to the field.

1Sam. 20:12 "By the LORD, the God of Israel, if I sound out [examined] my father by this time tomorrow or the next day and I find out that he is favorable toward you, and if I do not send for you and tell you,

Now the oath.

1Sam. 20:13 then may God punish Jonathan and do so severely. If my father intends to bring evil on you, then I will tell you, and I will send you away, and you will go in peace. May the LORD be with you, just as He was with my father.

The greatness of Jonathan. Jonathan is the crown prince. He is the successor of his father. But he does not quarrel with the plan of God.

1Sam. 20:14 If I continue to live, treat me [manufacture grace] with the LORD's grace, but if I die,

### Summary

1. Jonathan is saying that he will not quarrel with the plan of God, even though he will not receive an expected promotion. It takes a supergrace believer to adjust to a circumstance like this.
2. Nor does Jonathan want David to kill him in order to take the crown. You don't have to kill me to get the throne. God's plan does not call for something to be accomplished in a wrong way. There is a right way and a wrong way to get there. Jonathan in his great nobility is teaching one of the great lessons in Scripture.
3. This is a supergrace lesson that David takes to heart.
4. He will be tempted to kill Saul, but he will remember not to force his own promotion. If David killed Jonathan and Saul to achieve the throne, he would be being pushy. If the Lord does not promote you, then you are not promoted. It does not matter to Bob if he has 1 or 1000 people. Bob has never gone anywhere in the last 10 years where the congregation was as large as Berachah. The problem is not numbers; it is just reaching others via face to face teaching. Many are spending Christmas in Houston. The numbers are not the issue. I have seen pushy people push themselves right off a cliff. Bob does not like pushy people.
5. Furthermore, the Lord's plan does not advance on human ability, human planning or human strength.

6. So David will live by grace and spare the life of Saul as he would have spared the life of his dear friend Jonathan.

Jonathan turns this grace principle to his whole house. It is never God's plan of grace for us to be advanced by the misery, unhappiness or disaster to someone else. If you are secretly jealous of someone, you are nowhere close to supergrace.

It is God's purpose to remove the enemies of David. David will never lift a finger against anyone of the house of Saul. He will take in Mephibosheth who is lame. David functions as per Jonathan's request here.

### Summary

1. Jonathan is supergrace capacity recognizes the future of the house of David. Here is Jonathan recognizing a point of doctrine. David is moving toward reversionism and he doesn't even see this. Jonathan in supergrace can see this future.
2. Therefore, in his own supergrace capacity, Jonathan declares peace between the dynasty of Saul and the house of David. His father declares war and he declares peace.
3. Grace orientation understands the plan of God and understands it in the covenant of the next paragraph.
4. The supergrace believer has the grace orientation and the application to step aside so that God's man can come to the front.
5. This is great nobility. It includes the relaxed mental attitude of supergrace. This believer recognizes the importances of national prosperity over personal ambition.
6. You cannot build your success, happiness and blessing upon the discomfort of others.
7. Jonathan's oath to David teaches the importance of the supergrace life, of grace orientation, the relaxed mental attitude of a man who is being set aside by God's plan but moves along with God's plan regardless. He is not unhappy; he is not falling apart. The plan of God of more important that Jonathan's own personal ambitions.
8. The difference between Saul and Jonathan at this time is the difference between reversionism and supergrace. Supergrace Jonathan is noble, magnanimous and self-effacing. Saul is petty.

1Sam. 20:15 [don't ever withdraw your grace from my household--not even when the LORD cuts off every one of David's enemies from the face of the earth.](#)"

A covenant is cut into something like wood or metal so that it would last.

### What Does it Mean?

1. Jonathan sees that Saul's dynasty is disinherited and replaced by David.

2. Doctrine in the soul of Jonathan orients to the plan of God. David is in the ascendancy.
3. Jonathan is supergrace is oriented to the fact that he will never be king in Israel.
4. Consequently Jonathan in grace refuses to become the enemy of grace. He is the category #3 friend of David.
5. Jonathan will not fight the Lord's anointed. Jonathan should have separated from his family and put himself under David. David never got over the loss of Jonathan. He had a good chief of staff, but he never had a man he could depend upon like Jonathan. That is where he made his mistake.
6. "So the Lord seek vengeance at the hand of David." God would seek the destruction of David's enemies, but Jonathan would not be one of them.
7. Jonathan refuses to allow personal ambition to make him the enemy of God's plan of grace.
8. Therefore, Jonathan is taking a permanent grace stand even though this will cost him the throne. This will cost him his life since he does not separate from his father.

1Sam. 20:16 [Then Jonathan made a covenant with the house of David, saying, "May the LORD hold David's enemies accountable."](#)

An additional oath and this is because he loved him. Qal perfect of ahab; he loved him as his own soul.

1Sam. 20:17 [Jonathan once again swore to David in his love for him, because he loved him as he loved himself.](#)

The message of the 3 arrows. Jonathan was going to use the arrows to warn David. David used this for the rest of his life.

### **The Doctrine of the Arrows**

1. David never forgot; he is a personal witness to this great supergrace believer, Jonathan. After this arrow warning, David was always impressed with arrows, which is seen in certain psalms. 5:13 21:12 45:5 57:4 58:7 64:3 144:6 every time that David alludes to an arrow, he is paying a high tribute to the dearest friend that he had.
2. David uses the arrows for national discipline. Deut. 32:42 maybe Jonathan had it in mind that the house of Saul was leading to national discipline.
3. More personal to David; arrows were used for divine discipline. Psalm 38:2
4. Because this parting with Jonathan was a great tragedy in his life, he also associated arrows with disaster. Job 6:4
5. David also remembered the danger involved, so he used the arrows to refer to sudden danger. Psalm 91:5 David was like few people in history. Terrible, sins of the tongue. Jer. 9:8 Proverbs 25:18
6. Used to portray children. Psalm 127:4-5 Jonathan's surviving children were protected for the rest of their lives.

1Sam. 20:18 Then Jonathan said to him, "Tomorrow is the New Moon; you'll be missed because your seat will be empty.

The arrows portrayed in this paragraph are literal arrows.

1Sam. 20:19 The following day hurry down and go to the place where you hid on the day this incident began and stay beside the rock Ezel.

1Sam. 20:20 I will shoot three arrows beside it as if I'm aiming at a target.

1Sam. 20:21 Then I will send the young man and say, 'Go and find the arrows!' Now, if I expressly say to the young man, 'Look, the arrows are on this side of you--get them,' then come, because as the LORD lives, it is safe for you and there is no problem.

1Sam. 20:22 But if I say this to the youth: 'Look, the arrows are beyond you!' then go, for the LORD is sending you away.

1Sam. 20:23 As for the matter you and I have spoken about, the LORD will be a witness between you and me forever."

it is much better to treat those whom you love as good as possible so that you will never have any regrets. This will be David's reversionism recovery.

Psalms 120:1 A song of ascents. In my distress [adversity] I called [cried aloud] to the LORD, and He answered me:

David met many people who tried to strap it on him. He compared them to Jonathan, who's honest and nobility was a wonderful thing. You cannot always tell when people are lying. This is the worst bunch of malarkey in the world. Don't think you are detecting a lie; this works on kids.

Psalms 120:2 "LORD, deliver me from lying lips and a deceitful tongue."

David always went back and recalled his fiend the crown prince shooting arrows into the field.

Psalms 120:3 What will He give you, and what will He do to you, you deceitful tongue?

Sharp arrows always means the weapons are kept ready. Hot coals here are used for torture. The nobility of the son Jonathan. The burning coals of the broom.

Psalms 120:4 [A warrior's sharp arrows, with burning charcoal!](#)

The flight of David. He had to live like an Arab.

Psalms 120:5 [What misery that I have stayed in Meshech, that I have lived among the tents of Kedar!](#)

David left the presence of Jonathan as a reversionist.

20:42

21:10

Psalms 120:6 [I have lived too long with those who hate peace.](#)

The attitude of reversionism and the attitude of grace. There are some people to whom you may be attracted, but because of implacability in their souls, they can never be gotten along with. If you are smart, avoid implacable people. Their implacability precludes any bonafide relationship.

Psalms 120:7 [I am for peace; but when I speak, they are for war.](#)

## **1Samuel 20:24–21:2      4<sup>th</sup> flight of David   72David      631\_0020**

American youth is not crazy about going to war; and only if there is light at the end of the tunnel. We had people who raped and robbed under duty.

We are going to pick this up at v. 30.

1Sam. 20:24 [So David hid in the field. At the New Moon, the king sat down to eat the meal.](#)

1Sam. 20:25 [He sat at his usual place on the seat by the wall. Jonathan sat facing him and Abner took his place beside Saul, but David's place was empty.](#)

1Sam. 20:26 [Saul did not say anything that day because he thought, "Something unexpected has happened; he must be ceremonially unclean--yes, that's it, he is unclean."](#)

1Sam. 20:27 [However, the day after the New Moon, the second day, David's place was still empty, and Saul asked his son Jonathan, "Why didn't Jesse's son come to the meal either yesterday or today?"](#)

1Sam. 20:28 [Jonathan answered, "David asked for my permission to go to Bethlehem.](#)

1Sam. 20:29 He said, 'Please let me go because our clan is holding a sacrifice in the town, and my brother has told me to be there. So now, if you are pleased with me, let me go so I can see my brothers.' That's why he didn't come to the king's table."

There is all kinds of insults and vindictive in this verse. Saul's anger became intensified against Jonathan.

#### **Saul's Insult of Jonathan**

1. When the insult is offered to the mother, that is much greater an insult on the son.
2. Saul ascribes to Jonathan his own condition. Rebellion and rejection of authority. This is Saul's condition. This is all his frame of reference has in it. In reversionism, you are unable to go beyond your frame of reference. No one ever exceeds his own frame of reference when in reversionism.
3. The reversionism believer judges one by his own standards. He judges everyone else by his own norms and standards.
4. It is Saul who is rebellious and reversionistic and he applies these words to his own supergrace son.
5. Mental attitude sins are ascribed to Jonathan. Anger is a complex that leads to implacability. There is also jealousy expressed.

bosheth is the object of the preposition and this refers to one's own shame and the shame of his mother's nakedness.

#### **The Second Insult**

1. Copulation that refers to Jonathan.
2. It is making the statement that it would have been better than Jonathan's mother did not engage in the sex act that conceived Jonathan.
3. This sex act is now considered to be an act of shame.
4. Saul's reversionism shames his own marital sexual anastomosis.
5. Reversionism casts shame on all normal and beautiful relationships.

1Sam. 20:30 Then Saul became angry with Jonathan and shouted, "You son of a perverse and rebellious [woman]! Don't I know that you are siding with Jesse's son to your own shame and to the disgrace of your mother?"

There is seizing here with great violence. David is doomed to die and Saul's entire policy is to kill him. His policy is to make sure that David dies. He is already sentenced to death.

#### **Things Which Saul Has Forgotten**

1. However, Saul has forgotten that, if God does not promote you, then you are not promoted. If Jonathan was to succeed his father, then it has to be in the plan of God.
2. You cannot bypass the Lord's man, which is David. David can't either.

3. You cannot knock down what God has set up.

Saul's reversionism is now obvious to Jonathan.

1Sam. 20:31 Every day Jesse's son lives on earth you and your kingship are not secure. Now send for him and bring him to me--he deserves to die."

1Sam. 20:32 Jonathan answered his father back: "Why is he to be killed? What has he done?"

this takes place in front of all the generals and all of the family.

1Sam. 20:33 Then Saul threw his spear at Jonathan to kill him, so he knew that his father was determined to kill David.

Jonathan has great capacity, but he is unable to eat due to what took place.

We have already taken up the doctrine of the arrows and the psalm of the arrows.

1Sam. 20:34 He got up from the table in fierce anger and did not eat any food that second day of the New Moon, for he was grieved because of his father's shameful behavior toward David.

1Sam. 20:35 In the morning Jonathan went out to the field for the appointed meeting with David. A small young man was with him.

1Sam. 20:36 He said to the young man, "Run and find the arrows I'm shooting." As the young man ran, Jonathan shot an arrow beyond him.

1Sam. 20:37 He came to the location of the arrow that Jonathan had shot, but Jonathan called to him and said, "The arrow is beyond you, isn't it?"

1Sam. 20:38 Then Jonathan called to him, "Hurry up and don't stop!" Jonathan's young man picked up the arrow and returned to his master.

1Sam. 20:39 He did not know anything; only Jonathan and David knew the arrangement.

1Sam. 20:40 Then Jonathan gave his equipment to the young man who was with him and said, "Go, take it back to the city."

this will be a category 3 farewell. This is the highest honor one could give to another; bowing 3x to the ground. David recognized in Jonathan the greatest nobleman that had been seen.

This is a kiss of honor which is done at this time. The only general who has done this recognition of greatness would be General Patton, and he has kissed great military men on the cheek. It would never would be done by anyone.

The homosexuals ought to be wiped out. They ruin everything.

We cannot be critical of this verse. Some of us will never have true capacity for love. This is one of the great category #3 friendships of all time. There is nothing queer about this. They had a relationship that was wonderful and fine and it will never be the same after this. David will go into reversionism and Jonathan will stay in reversionism; and David will recover and Jonathan will go into reversionism, insofar as we know.

David here became the greater. This is the saddest thing that can be said for this great and noble person, Jonathan.

Some of you are filled with prissy ideas and David is too much for you. David rebounded and went into reversionism recovery and came back.

The extent to which you fail is the extent to which you have guilt reaction. Breast-beating belongs to the devil; you learn about breast-beating about penance from religion. Some of us have a very serious problem when getting to supergrace.

When Bob was saved, he was taken to a Bible school and his friend changed dramatically when on campus. It was phony. He spotted it right away. 99% of all preachers are prissy.

1Sam. 20:41 [When the young man had gone, David got up from the south side of the stone Ezel, fell with his face to the ground, and bowed three times. Then he and Jonathan kissed each other and wept with each other, though David wept more.](#)

We're going to take up about 10 psalms throughout the rest of 1Samuel. David, in practice, understood grace more than anyone else, including Paul.

David's failures were spectacular, but he was still a grace man.

Jonathan gives the command, "Go in the prosperity that the two of us have pledged in the name of the Lord."

Jonathan recognizes that the Messiah, the future king, would come through David. Jehovah is coming in David's line, is what this statement means. Jehovah is coming from the tribe of Judah and not from the tribe of Benjamin.

1Sam. 20:42 [Jonathan then said to David, "Go in the assurance \[prosperity \(remembering\)\] the two of us pledged in the name of the LORD when we said: The LORD will be a witness between you and me and between my offspring and your offspring forever." Then David left, and Jonathan went into the city.](#)

Now we move into operation strap-on. This will be a flight to the most significant city of that time. It was his intention and idea to go here and he made a direct trip to that place. This city was within sight of Jerusalem. Isa. Passage and Neh. 11:32 you could look down

from Nob and see Jerusalem. Since the fall of Shiloh and the Philistines had been so successful, the Tabernacle and priests were moved to Nob.

1Sam. 21:1 David went to Ahimelech the priest at Nob. Ahimelech was afraid to meet David, so he said to him, "Why are you alone and no one is with you?"

This event occurred about 1010 B.C. It is unusual for someone to show up alone to a meeting like this. Ahimelech was afraid, and he showed it outwardly. It is very odd for David to show up alone. Ahimelech is alarmed that there is no military accompaniment. David has come alone, and he will talk about his men as though he is leading a reconnaissance patrol.

#### **David Begins to Lie, Which Is a Sign That He Is Lying.**

1. He has broken up his troops and has them stationed here and there; and this is an out-and-out lie.
2. The king has not sent him on a mission and there are no men with him. The king sent him on a mission with troops scattered all over; and this is exactly the opposite of what is true. Some strap on artists like to have some truth and some lies. A half-truth is just as much a lie. When David tells a lie, he is not even subtle.

1Sam. 21:2 David answered Ahimelech the priest, "The king gave me a mission [a top secret], but he told me, 'Don't let anyone know anything about the mission I'm sending you on or what I have ordered you to do.' I have stationed my young men at a certain place.

He tells the priest that his men have been broken down into various groups and that is why David is alone.

**1Samuel 21:3-10 22:6–22 72David 12/27/1972**

**631\_0021**

#### **The shewbread caper; David's fifth flight**

David has already implied that he has an entire patrol with him and that they are scattered throughout the countryside for recon. David is trying to scrounge up enough food to carry him. He needs food and he needs weapons.

Because of the lies, we know that David is no longer depending upon God, but upon his own wits and his lies. David has learned a lot from Samuel and from Nathan; and he has forgotten that God's plan for his life calls for him to be king. He needs to stay in God's will. Almost overnight, he became a great professional soldier. Even though Saul is trying to remove him, God promotes or demotes and there is nothing that we can do about it.

1Sam. 21:3 Now what do you have on hand? Give me five loaves of bread or whatever can be found."

The priest has no reason to distrust David. He was taken aback by David coming alone and David asking for these consecrated loaves.

### Shewbread

1. This is shewbread and it does not connote the true facts of the table of shewbread. Ex. 25 Lev. 34
2. The table was made of acacia wood overlaid with gold. Humanity and deity. Jesus Christ as God has all of the attributes of God. It is impossible for Him to go to the cross and die for the sins of the world. David knew about this table. He had studied the Old Testament.
3. The bread on the table; 12 loaves, one for each tribe, speaks of Jesus Christ as the sustainer of all of the tribes. This is the principles of the edification complex of the soul.
4. Doctrine is the thinking of the Lord Jesus Christ. This is a type of the sustaining ministry and the capacity of the Holy Spirit.
5. The priest held in his hand the Shewbread; the bread of His Person; the bread of His face.
6. The bread was being removed because it was food for the priests. Lepers were not to eat. This represents sin and reversionism.
7. David was a spiritual leper so he could not eat the bread.
8. When the His plan mentions the bread of existence, this is the first of 3 warnings.

David now speaks of a patrol which does not exist. Ahimelech believes that these will be the rations for the patrol. You cannot eat the bread if you are fornicated or had legitimate sex.

### Points

1. To be guarded from women means no fornication. This breaks down the analogy with Israel and God.
- 2.
3. Shewbread had been on the table; the supergrace believer is occupation with Christ.
4. Fornication illustrates reversionism.
5. You cannot eat bread that illustrates supergrace and at the same time engage in fornication which represents fornication and reversionism. So Ahimelech has to be careful here

1Sam. 21:4 The priest told him, "There is no ordinary bread on hand. However, there is consecrated bread, but the young men may eat it only if they have kept themselves from women."

David continues to pretend that he has a group of men with him. Now David is speaking of legitimate sex. A married man could not eat the shewbread is he has sex within 3 days. Ex. 19:15

so why does David get so far off as to discuss vessels here?

David is a desperate cornered animal. He looks for food and a weapon. He is an animal.

1Sam. 21:5 David answered him, "I swear that women are being kept from us, as always when I go out to battle. The young men's bodies [genitals] are consecrated [set apart to God] even on an ordinary mission, so of course their bodies [genitals] are consecrated today."

The Tabernacle is the secret place. The bread is the common way and it is common bread from the secret place. Ahimelech has just stepped out of the Tabernacle. Since it is outside of the Tabernacle, the bread is common, which is David's reasoning.

David will eat the bread, but out of fellowship.

1Sam. 21:6 So the priest gave him the consecrated bread, for there was no bread there except the bread of the Presence [Faces] that had been removed from before the LORD. When the bread was removed, it had been replaced with warm bread.

Doeg will not travel on the Sabbath day, even though he is in reversionism. He is a cabinet member, not a shepherd.

1Sam. 21:7 One of Saul's servants [from the staff of Saul], [being] detained before the LORD, was there that day. His name was Doeg the Edomite, chief of Saul's shepherds.

David will get his 3<sup>rd</sup> and last warning. David now seeks weapons. He is paying no attention to the plan of God. He is depending upon human ingenuity.

1Sam. 21:8 David said to Ahimelech, "Do you have a spear or sword on hand? I didn't even bring my sword or my weapons since the king's mission was urgent."

This is the 3<sup>rd</sup> warning. The colors of the ephod all represent something. The gold is His deity, the scarlet is the work on the cross and the purple His royalty. This indicates that Jesus Christ controls history.

David taking this sword is not the same David who took this sword from Goliath scabbard and stabbed him. When Goliath wore the sword, he was a reversionistic unbeliever. It did him no good. So the sword will no good for David. The safety is in the soul. It did not protect Goliath and it will not protect David.

1Sam. 21:9 The priest replied, "The sword of Goliath the Philistine, whom you killed in the valley of Elah, is here, wrapped in a cloth behind the ephod. If you want to take it for yourself, then take it, for there isn't another one here." "There's none like it!" David said. "Give it to me."

The worst place for David to go to with Goliath's sword is Gath.

### Summary

1. In reversionism, David flees to the enemies of Israel. Reverse process reversionism.
2. He tries to make friends with his enemies and attempts to make enemies of his friends. Reversionism is flighty and inconsistent.
3. Only God can untangle the knot of reversionism.
4. David in supergrace was not afraid of anything; not the lion, the bear, Saul, or Goliath. He is now afraid of death.
5. He is afraid of people, afraid of death and afraid of life.
6. Reversionism changes believers for the worst.
7. Gath is the hometown of Goliath and he was their hometown hero until he was killed by David. Gath is the place where the people would like to destroy David.

1Sam. 21:10 David fled that day from Saul's presence [face of Saul] and went to King Achish of Gath.

Saul is very careful and his staff is made up of Benjamites. He is reminding the members of his cabinet....

1Sam. 22:6 Saul heard that David and his men had been discovered. At that time Saul was in Gibeah, sitting under the tamarisk tree at the high place. His spear was in his hand, and all his servants were standing around him.

He bribes those below him to get loyalty.

1Sam. 22:7 Saul said to his servants, "Listen, men of Benjamin: Is Jesse's son going to give all of you fields and vineyards? Do you think he'll make all of you commanders of thousands and commanders of hundreds?"

Saul then complains that no one told him that David and Jonathan are friends. And he is concerned that people do not feel sorry enough for him. He thinks that David is going to ambush him. Saul has an entire army; David is alone; and he is worried that David will ambush him.

1Sam. 22:8 That's why all of you have conspired against me! Nobody tells me when my own son makes a covenant with Jesse's son. None of you cares about me or tells me that my son has stirred up my own servant to wait in ambush for me, as is the case today."

Saul gets one man to stand up and speak.

1Sam. 22:9 Then Doeg the Edomite, who was in charge of Saul's servants, answered: "I saw Jesse's son come to Ahimelech son of Ahitub at Nob.

1Sam. 22:10 Ahimelech inquired of the LORD for him and gave him provisions. He also gave him the sword of Goliath the Philistine."

1Sam. 22:11 The king sent messengers to summon Ahimelech the priest, son of Ahitub, and his father's whole family, who were priests in Nob. All of them came to the king.

1Sam. 22:12 Then Saul said, "Listen, son of Ahitub!" "I'm at your service, my lord," he said.

1Sam. 22:13 Saul asked him, "Why did you and Jesse's son conspire against me? You gave him bread and a sword and inquired of God for him, so he could rise up against me and wait in ambush, as is the case today."

1Sam. 22:14 Ahimelech replied to the king: "Who among all your servants is as faithful as David? He is the king's son-in-law, captain of your bodyguard, and honored in your house.

1Sam. 22:15 Was today the first time I inquired of God for him? Of course not! Please don't let the king make an accusation against your servant or any of my father's household, for your servant didn't have any idea about all this."

1Sam. 22:16 But the king said, "You will die, Ahimelech--you and your father's whole family!"

Jumped to here. There is a order to the military to attack the priests. Doeg has a small army with him and Doeg did not kill all of the priests; but he and his henchmen killed the priests

1Sam. 22:17 Then the king ordered the guards standing by him, "Turn and kill the priests of the LORD because they sided with David. For they knew he was fleeing, but they didn't tell me." But the king's servants would not lift a hand to execute the priests of the LORD.

They killed everyone there.

1Sam. 22:18 So the king said to Doeg, "Go and execute the priests!" So Doeg the Edomite went and executed the priests himself. On that day, he killed 85 men who wore linen ephods.

1Sam. 22:19 He also struck down Nob, the city of the priests, with the sword--both men and women, children and infants, oxen, donkeys, and sheep.

1Sam. 22:20 However, one of the sons of Ahimelech son of Ahitub escaped. His name was Abiathar, and he fled to David.

Abiathar comes to David.

1Sam. 22:21 Abiathar told David that Saul had killed the priests of the LORD.

David knew that Doeg would tell Saul. David is recovering, taking full responsibility for his failure.

1Sam. 22:22 Then David said to Abiathar, "I knew that Doeg the Edomite was there that day and that he was sure to report to Saul. I myself am responsible for the lives of everyone in your father's family.

1Sam. 22:23 Stay with me. Don't be afraid, for the one who wants to take my life wants to take your life. You will be safe with me."

#### Summary

1. Because of David's lying, 85 priests and their women and children killed.
2. Saul's own soldiers would not participate.
3. Doeg had his own private army. He oversaw and executed the massacre.
4. Saul in reversionism ordered the killing of everyone there.
5. Note the inconsistency of Saul. Saul was told to kill an enemy king and he refused; and now, he is killing everyone.
6. One live from reversionistic David and a great slaughter is the result.

The psalm of Doeg the Edomite tomorrow night.

**1Samuel 21 Psalm 52:1–9**

**72David**

**631\_0022**

**12/28/1972 Doeg's reversion and destruction**

All we have is this psalm which tells us about Doeg.

Psalm 52 inscription [For the choir director. A Davidic Maskil. When Doeg the Edomite went and reported to Saul, telling him, "David went to Ahimelech's house."](#)

He boasts of this massacre. He thought was was a great thing.

Doeg attacks the Levitical priesthood. The priests taught the written word and they taught through ritual. The Shewbread spoke of the various of Jesus Christ.

Psalm 52:1 [Why brag about evil, you hero! God's faithful love is constant](#) [grace continues all the day].

#### Principle

1. Operation grace excludes boasting in the human race
2. Doeg regards himself as a hero. Reversionism creates pseudo heros.
3. Doeg as a reversionism takes his lead from his master Saul. Reversionism is like a disease; it spread. Association with a reversionism moves you into reversionism. Jonathan with all his great nobility will still go down with his father. Reversionism is a sinking ship and everyone associated with King Saul would go down with him. Jonathan had 2 opportunities to break away, but he failed to do so. You cannot continue to associate with reversionism without falling prey to it.
4. There is only one celebrity in life and that is the Lord Jesus Christ.

5. This is only understood through grace.
6. While Doeg continues to be filled with pride, the grace of God continues on the earth. Supergrace believers perpetuate God's grace from day to day. This is where you live the normal Christian life. **His compassions fail not; the grace of God continues every day; they are new every morning; great is Your faithfulness.**

Knocking discipline is the first stage of discipline; then there is intensive discipline, which requires repentance, rebound and gap; then dying discipline.

There will be a gathering at the cave of Addullem and bevy of supergrace believers. Great Bible teachers and 3 psalms based upon this meeting. 400 men came to the cave of Adullam, not all at one time, and David put together a small army out of them. They became the great military men of that day. Bible doctrine pulled them out of the doldrums and they became the great soldiers of their day. Under the principle of supergrace, God is looking for supergrace believers with supergrace capacity. It is God's desire to give; God's character to give. God cannot bless those who are not in supergrace. God wants to advance men in their profession. He has many wonderful things for the men in supergrace.

7. Grace is the only basis for being a true hero. "Why do you board in yourself, O hero; grace of God continues all the day.
8. Doeg has not basis for boasting. David will return to grace, and we will see what Doeg is really like.

The first problem was Doeg's tongue. He tongue devised mischief. Doeg would destroy the entire city of Nob.

You cannot build your happiness on top of someone else's unhappiness. When you cross the reversionist, then he looks to cause you harm.

Doeg knew that Saul's one ambition in life is to wipe out David. The sharpened razor is Doeg; and King Saul is the one sharpening the razor.

Psalms are simple to those who have no concept. They are actually very difficult.

Psalm 52:2 **Like a sharpened razor, your tongue devises destruction** [purposes or plots destruction or catastrophes], **working treachery** [like a sharpened razor].

V. 3 will describe any believer in reversionism. Doeg, when he tells the truth, he would rather tell a lie. Such people always tell a lie when the truth would be easier. They lie for fun. They start this way in life. They are very two-faced in life. Their whole life becomes a lie.

Psalm 52:3 **You love evil instead of good, lying instead of speaking truthfully. Selah**

One more verse on the indictment of Doeg and his life. All devouring words refers to destruction. Saul ordered the execution of all the priests and Ahimelech.

Men become very feminine and women become very bitchy.

Psalm 52:4 **You love any words that destroy, you treacherous tongue** [tongue of deceit]!

The word used here is to tear down a building over a long period of time. It is tearing down a building brick by brick. Someday, you will wake up and find yourself dying of reversionism. Doeg went a brick at a time.

Psalm 52:5 **This is why God will bring you down forever** [and there is no return; He will tear you down bit by bit, and it is permanent]. **He will take you** [pick you up and shake you], **ripping you out of your tent** [from your dwelling place]; **He will uproot you from the land of the living. Selah**

the righteous are those who gathered at the cave of Addullem. These are supergrace believers. Everyone in the land will see Doeg go down. They will look on with awe based upon what God has done to him. The reversionist takes himself very seriously; so the worst thing you can do to a reversionist is to laugh at him. Doeg is being made fun of while he is dying.

Psalm 52:6 **The righteous will look on with awe and will ridicule him:**

behold the mighty warrior who did not make God his fortification. This is going all the way to the edification complex. Doeg is a reversionist and this describes a reversionist.

Instead, he depends upon the abundance of his own riches; having confidence in his own riches. Saul reward Doeg for what he had done. He depended upon the multiplication of his wealth. He tried to make himself strong, and this is why they laughed. He tried to make himself strong based upon the destruction of Nob. He tried to ingratiate himself to Saul.

He tried to build his whole life on the destruction of others. This is also a violation of privacy and the doctrine of live and let live.

Psalm 52:7 **"Here is the man who would not make God his refuge, but trusted in the abundance of his riches, taking refuge in his destructive behavior."**

The supergrace response is now give; David now refrains from personally going after Doeg. He had some bave and reckless men. He could have gone after them at any time. David puts all of this in the hands of God.

The green olive tree is a symbol of great prosperity. SPQR established the wreath as a symbol of prosperity. David is in supergrace status when he writes this. In contrast to Doeg and Saul, he is a mature believer. David is prosperous on the basis of Bible doctrine

in his soul. Doctrine is the one thing that Doeg could not destroy. The doctrinal content of the Tabernacle had been transferred to David's soul and it could not be destroyed. All the days of Solomon's life, he had things. He was one of the wealthiest men in the world. But he inherited this from his supergrace father.

Solomon wrote the book of Ecclesiastes because he inherited all of this wealth from God. David had more doctrine in his soul than almost anyone who ever lived, except for Jeremiah or Paul. God wants to take some believer and give him a billion dollars. Doctrine is the foundation. The Tabernacle was still standing at Nob. However, the teachers were dead. David's prosperity was planted in Bible doctrine.

Doeg has Bible doctrine in his soul.

Bob goes to 2Sam. 12 and Nathan calling David on his sins. David, no matter what is was in life, God would give it to him. God's attitude toward a supergrace believer is to give David whatever it is that he wanted. Under supergrace, there is nothing that God will not give. Capacity resides in the soul.

Psalm 52:8 [But I am like a flourishing olive tree in the house of God; I trust in God's faithful love \[grace\] forever and ever.](#)

David's conclusion. He is caused to praise God forever. The supergrace believer cannot do anything else. As a supergrace believer, he is occupied with the Person of Christ. The Qal perfect indicates that this was accomplished in eternity past. God's omniscience and perfect wisdom knew all about David. In the proper time in history, God knew all that David would do. God does not always bless every supergrace believer in the same way. God blessed Paul with the most doctrine of anyone in history. Paul did not have a lot of money or his rw or other things which we would associate with happiness; but he had great happiness.

David established the standards for kingship from thereon. If he was a good king, then he was like his father David; a bad king; he was unlike his father David. Most people are too damned unstable. They blow strong for awhile and then cold for awhile. It is just pitiful. Some of you are going more than you are coming.

Solomon was considered the richest man, but he inherited all of this. Solomon had to have the same doctrinal capacity in order to enjoy all the David left him.

People cannot even begin to imagine. A man who has everything, and if you knew David, you would not even bother to send him a birthday card. He had the capacity to enjoy these things. Most military generals are not great lovers. David had everything. He was the greatest king. No one sat on the throne as great as David.

The smartest thing Solomon did was threaten to cut a baby in two with a knife. Now, there is nothing wrong with inheritance. The problem is, you need capacity to go with it. Most men who will leave a lot of money with their kids, but they have neglected to prepare their

souls for real wealth. Their kids are spoiled in their souls. David prepared his son, and he learned and then he went astray. David was a better military man and a better love and he did not run around and talk about these things.

Psalm 52:9 I will praise You forever for what You have done. In the presence of Your faithful people [supergrace believers], I will put my hope in Your name, for it is good.

David retained supergrace friends long past Doeg passing from the scene.

**1Samuel 21:11–15**

**72David**

**631\_0023**

**12/29/1972 Ps. 34:1-7 David in Gath; Angel of the Lord**

David will move into operation madman. Rulers of the Roman empire were called Cæsar. Czars and tyrants as well. King and empower. Abimelech is the title of the rulers of the ancient city states. This one has the name Achish, and he has a marvelous sense of humor.

The gossip in the court of Gath has more faith in David they keep responding one to another.

Some cornball song leader, who has the men sing one set of lilnes and femails the other set. As soon as David is locked in the city, he realizes that he is in the wrong place.

1Sam. 21:11 But Achish's servants said to him, "Isn't this David, the king of the land? Don't they sing about him during their dances: Saul has killed his thousands, but David his tens of thousands?"

The adverb *very* and *to fear*. David realized that he had screwed up.

#### **David in Gath.**

1. Reversionism David fled from Saul because of Saul's anger and implacability. \
2. David figured that a change of environment would solve his problems. But we take us to the environment. We will never solve our problems by simply a new environment.
3. David was afraid of Saul and now he is afraid of Achish, king of Gath.
4. Fear must have an object, so this object of fear changed.
5. The principle: change of environment does not change one's problems; just the intake of doctrine. The changes must occur in the soul. Some come to Houston, and they say it is for doctrine, but they are looking for a change and a solution. There is no solution in that manner.
6. The only solution is Bible doctrine in the soul.
7. A reversionist is always upset by someone. They can always find a reason. The person may vary, but the anger remains constant. Saul immediately becomes upset. If the change is not wrought in the soul, then there is no hope..

1Sam. 21:12 David took this to heart and became very afraid of King Achish of Gath,

If you are really in a jam, then you have to pretend something which does not exist. This illustration may fit, so play poker. If things are going bad for you, you can pretend to be ill, to have a delicate heart condition, etc. Some women may use this method. David is a man about to lose his life, insofar as he is concerned. David knew a custom of the Greek peoples. Bob has established that the Philistines are Greeks, and they have interesting customs. The individual combat idea belongs to all of the Greek races. They always had certain customs. When a person went mad in the ancient world, the Greeks took the position that such men are being dealt with by the God. This is found in Homer and Casandrra was afflicted by madness. The Philistines are Greeks. They follow the same customs exactly. David will change his behavior from a hero-warrior to a madman.

David altered his behavior and pretended insanity in their custody. He had been brought into the king and the king was going to determine how to execute him. Tawa means that David began to scratch on the walls. He cause spittle to fall down his mouth.

1Sam. 21:13 so he pretended to be insane in their presence. He acted like a madman around them, scribbling on the doors of the gate and letting saliva run down his beard.

Achish observes that David is behaving like a madman.

1Sam. 21:14 "Look! You can see the man is crazy," Achish said to his servants. "Why did you bring him to me?"

Deficient of manmen am I? "Say, fellows, I can't use another madman on my staff; all of those positions are filled. Should I employ another madman?" Those staffing positions have been filled.

1Sam. 21:15 Do I have such a shortage of crazy people that you brought this one to act crazy around me? Is this one going to come into my house?"

David will recover from this stint of reversionism.

1Sam. 23:1 It was reported to David: "Look, the Philistines are fighting against Keilah and raiding the threshing floors."

#### **Why Are They Attacking?**

1. The Philistines were restrained because David was in the land. But now, he is nuts, so they know they can attack.
- 2.
3. You have to remember the Philistines are Greeks and a warrior race. These Greeks are just like the Spartans; they think that agriculture is below them. Farming belongs to slaves and conquered people; and that no decent Greek would be

involved in it. They are to eat, breed, and talk about the last campaign that they were on.

4. Farming was considered work for women and slaves. Grain was one of the basic commodities. They fought many wars over grain. Let someone else grow the crops and we will come and take them. They were great seafarers and went all over the world via ships.
5. Keilah was a grain town. Joshua 15
6. It was the center of grain industry.
7. This town was the #1 target for the Philistines because they need grain badly. David's feigned madness caused these Philistines to decide to attack the Jews.

This psalm is written about this incident.

Psalm 34 inscriptions [By David when he pretended to be insane in the presence of Abimelech; Abimelech threw him out, so David left](#)

This is set up alphabetically.

Psalm 34:1 [I will thank the LORD at all times. My mouth will always praise him.](#)

The house file. David's soul would boast about the Lord. Same verb as feigning madness, but in a different stem.

The time is coming, and it will be about 6 years; and there will be a lot of fighting and problems, but when David reaches supergrace, David will gather up all the oppressed. There will be a new birth of freedom.

Psalm 34:2 [My soul will boast \[celebrate\] about the LORD. Those who are oppressed will hear it and rejoice.](#)

David looks out at his army of 400 or 600. Many will become generals. When you plow and break open the ground, the seed dies, but then it sprouts up and grows. Under the tyranny of Saul, the Jews were oppressed in nearly every way.

David is saying that some would die when purchasing their freedom. He is speaking to his men of 400 and he loves these men. You have a tremendous espritdecorp with these men. There will be none of this bury the dead stuff. They will hit and run, hit and run; and many of these men would give their lives for freedom. David knows that many of these men would die.

God never gave these things to David until he was ready. Some of you are hipped to the opposite sex that you are spending all of your time chasing after your rm or rw. When you chase after the Lord, then these things are added to you.

When you believed in Jesus Christ, you did not know that this was something that you could not get out of.

If God dropped a billion dollars into everyone's lap, then they might not show up again. There are a lot of people who will never reach supergrace; the dumb butts of Christianity. They might see in you someone to ride along with. Humble is the jackass, the idiot, the fool.

It was in the last century and the early part of this century that the groundwork was laid for the welfare state of today.

Psalm 141:7 *As someone plows and breaks up the ground, so our bones will be planted at the mouth of the grave.*

The rest are not covered?

Psalm 141:8 *My eyes look to you, LORD Almighty. I have taken refuge in you. Do not leave me defenseless.*

Psalm 141:9 *Keep me away from the trap they set for me and from the traps set by troublemakers.*

Psalm 141:10 *Let wicked people fall into their own nets, while I escape unharmed.*

There is the word *humble* here?

The supergrace believer is assigned to greatness.

Psalm 34:3 *Praise the LORD'S greatness with me. Let us highly honor his name together.*

Darash means to beat a path; to go down a road so often that you wear a path there.

David was delivered from the persecution of Saul. David has a perspective of life. They go to the Lord and look with pleasure toward Him.

Psalm 34:4 *I went to the LORD for help. He answered me and rescued me from all my fears.*

Psalm 34:5 *All who look to him will be radiant. Their faces will never be covered with shame.*

The poor man is the afflicted or the wretched. When David was thrown out of the gates of Gath, he realized how much he had screwed up. He took himself to this place and God will take him back. God then delivered him from his afflictions. This poor man is David at the bottom of his reversionism. We have no narrative to exactly what happened.

The people will gather to David because he is a new person.

Psalm 34:6 [Here is a poor man who called out. The LORD heard him and saved \[delivered\] him from all his troubles.](#)

Someone met David and the Angel of the Lord surrounded David, when he was at the lowest ebb of his life.

#### **The Angel of the Lord**

1. Gen. 16 He is called Adonai Jehovah. 22 31 48 Ex. 3
2. He is the member of the Godhead who always appears.
3. He is distinct from the other members of the Trinity. He is distinct from Jehovah. Gen. 24:7 Num. Isa. 63:9
4. Jesus Christ is the only manifest person of the Godhead. The angel of Jehovah disappears after the incarnation. The Angel of the Lord and Jesus are both sent by God the Father.

David is thrown out of Gath at this low point.

*To bivouac*; Jesus Christ was David's military camp. This is what protected David. During this entire time, which was a few months. During the time, Jesus Christ re-taught these doctrines to David and he came back into spiritual maturity. Jesus Christ was seated at the right hand of the father. There must be somewhere under the teaching of the Word of God. You must take in doctrine to recover from reversionism.

God heard him and delivered him from all of his distresses. God bivouacs around those who respect His authority. He delivers these from danger.

Psalm 34:7 [The Messenger of the LORD camps around those who fear him, and he rescues them.](#)

A 10 minutes break and a 2<sup>nd</sup> session on the rest of this psalm.

**1Samuel 22 Psalm 34:7-22 72David 631\_0024**  
**12/29/1972 Doctrine of refuge, training, respect, and deliverance**

Psalm 34:7 [The Messenger of the LORD camps around those who fear him, and he rescues them.](#)

This happened to David, but also to Abraham, Isaac and even to Ishmael. David is one of many who has been in supergrace and has gone into reversionism and repented where Jesus Christ Himself went into action to bring that person back. There is the principle of authority.

Qal imperative begins this verse and tasting here means to gap it. David is back in supergrace so that he says *blessed*, which means *happinesses*. Taking refuge is to flee

like a rabbit from a cayote and to find a clef to a rock to stay in, that the cayote cannot get into.

Psalm 34:8 [Taste and see that the LORD is good. Blessed is the person who takes refuge in him.](#)

There is no deficiency to them who take in His Word.

Psalm 34:9 [Fear the LORD, you holy people who belong to him. Those who fear him are never in need.](#)

Young lion is analogous to human power and human strength and human ability. You should not depend upon human power, human plan, human promises, etc.

Psalm 34:10 [Young lions \[vigorous lions\] go hungry and may starve, but those who seek the LORD'S help have all the good things they need.](#)

With David, God was everything; wealth meant nothing. Solomon inherited these things on the basis of supergrace.

Then we go to the lamed file. The best time to learn doctrine is when you are young. This involves knowing a true scale of values and starting their children when they are young. The Piel stem means to teach by repetition. Your growth involves respect of the Lord. You cannot love a person until you first respect them. Respect comes from the intake of Bible doctrine. Anything else is superficial or emotional. You have to know; you have to respect; you have to love.

Psalm 34:11 [Come, children, listen to me. I will teach you the fear of the LORD.](#)

David is asking, *do you really want to enjoy life?* You aren't normal if you don't want to have fun in life. Some of you are Indian fakirs, half naked, on a bed of nails. David assumes that only the normal people will answer this. David is not saying that there is anything wrong with this having fun thing.

Everything overflows, into your business, profession, family, friends, social life. You can have a long life with great happiness. What you are seeing good in, is in the Lord. Seeing good is all of the blessing which come to the believer in supergrace.

Psalm 34:12 [Which of you wants a full life? Who would like to live long enough to enjoy good things?](#)

Keep your damn tongue from evil. When you have mental attitude sins throughout your soul, you are not in supergrace. All of these things lead to trying to hurt someone. People with no capacity for life live by the lie. They lie about the truth, and lie about inconsequential things.

This is taken from the Nob narrative.

Psalm 34:13 **Keep your tongue from saying evil things and your lips from speaking deceitful things.**

Seeing good is supergrace; doing good is gapping it to supergrace. You search for prosperity by doing good. You pursue doctrine, which is what he did when he bivouacked with the Angel of Jehovah.

David has a wonderful life ahead of him, despite the many mistakes that he made.

Psalm 34:14 **Turn away from evil, and do good. Seek peace, and pursue it!**

The righteous is the supergrace believer.

Psalm 34:15 **The LORD'S eyes are on righteous people. His ears hear their cry for help.**

A president who tries to do good after his presidency and the result can be high treason.

Psalm 34:16 **The LORD confronts those who do evil in order to wipe out all memory [cut off from remembrance] of them from the earth.**

Psalm 34:17 **Righteous people cry out. The LORD hears and rescues them from all their troubles.**

A heart was shattered into pieces.

Psalm 34:18 **The LORD is near to those whose hearts are humble [shattered]. He saves those whose spirits are crushed [bruised].**

Many are the afflictions of the righteous.

David is going to face all kinds of deliverances. The beautiful woman who lays down in the middle of the road in front of him. David will go from being a fugitive in the cave of Adullem to being king in 6 chapters.

Psalm 34:19 **The righteous person has many troubles, but the LORD rescues him from all of them.**

This means that David's body will be protected from broken bones. Jesus Christ will go to the cross and face no broken bones. David will move toward his mission and it will be accomplished without a broken bone.

God permits many a nation to go through great heartache and trial because this will bring many people to Jesus Christ. Things which demand answers and cause distress in the souls of the people.

Psalm 34:20 **The LORD guards all of his bones. Not one of them is broken.**

Psalm 34:21 [Evil will kill wicked people, and those who hate righteous people will be condemned.](#)

The men here will be saved and afterward, they stayed with doctrine until they reached supergrace.

Psalm 34:22 [The LORD protects the souls of his servants. All who take refuge in him will never be condemned.](#)

**1Sam. 22 Psalm 56:1-13 126:3-6 72David 631\_0025**  
**12/31/1972 David's reversion recovery New Year's Eve Service session 1**

Only those who have been here for the past week will get anything out of this New Year's Eve service. Jesus Christ personally brought him back into a supergrace status.

Psalm 56 is taking place when David is in Gath. David wrote 3 psalms on this time period. there was Psalm 34, his delivery from Achish; Psalm 39 si the beginning of his reversionism recovery, which would not be covered.

A person goes into reversionism by negative volition toward Bible doctrine. This puts scar tissue on the left bank of the soul. A vacuum opens up. A grace vacuum in gap and a disciplinary vacuum when in reversionism.

When the Philistines saw David feigning insanity, they attacked Israel. It is weakness which causes war, not strength.

David will describe what happened in Gath in more detail.

Psalm 56 title [For the choir director: according to "A Silent Dove Far Away \[upon the silent dove among the strangers\]." A Davidic Miktam \[psalm of great value\]. When the Philistines seized him in Gath.](#)

This describes David as a fugitive. Psalm 55:6–7 [Oh, that I had the wings of a dove. I would fly away and find rest. How far away I would flee; I would stay in the wilderness. Selah](#) David is like a silent dove with no protection; he wanted to get away but he couldn't.

Jesus Christ is our blessing in life. He is our Savior but He is also the source of all of our blessings. Ecclesiastes describes how a person without capacity functions with a lot of things.

Warning discipline is that delivered to the reversionist at the beginning. God has worked this whole system worked out. David listened to the warning discipline and got out of it quickly. After David was brought back to supergrace, David was then led to the Cave of Addullem.

This is a Mikdam of David; that is a golden psalm. It is that which is being written permanently. It is something of great value being written permanently. This could be called a psalm of great value.

This psalm was written when the Philistines seized him in Gath. He was wearing the sword of Goliath, and the Philistines saw him and grabbed him. This is not mentioned in the narrative.

In the first 2 verses, we have some knocking signals. David finds himself in a Philistine prison and begins to become concerned. This is warning discipline to David. David opens the door in this psalm and leaves reversionism.

Psalm 56:1 **Be gracious to me, God, for man tramples me [swallows me; seeks to destroy me]; he fights and oppresses me all day long.**

David possibly was being broken down by questioning. It is possible he was in prison for awhile and subject to some difficult interrogation. This same David is now in chains. The Philistines all have great pride while David is helpless.

Psalm 56:2 **My adversaries trample me all day, for many arrogantly fight against me.**

David is desperately afraid. He is in a helpless situation. This is a part of that knocking pressure.

Psalm 56:3 **When I am afraid, I will trust in You.**

God will preside God's doctrine; and the word *praise* is the same word *to feign madness* but it is in a different stem. David is in a jam; and now he realizes that his trust needs to be in God. His fear can be turned around.

Psalm 56:4 **In God, whose word I praise, in God I trust; I will not fear. What can man do to me?**

A description of what it is like in Gath. His words were distorted. Apparently he was questioned and whatever he said, was distorted and taken to the King of Gath. It is common for people to distort everything that you say.

It is very important in a relationship with your right pastor, you can never get in an attitude with him an attitude of implacability. We are not to be concerned if Bob teaches Gen. 1 as never before, there is nothing wrong with that.

Psalm 56:5 **They twist my words all day long; all their thoughts are against me for evil.**

They twisted David's words and they violated his privacy. How many times have we tried to incite people against a bonafide authority or ministry.

There is all this evil gathering up against David.

Psalm 56:6 They stir up strife, they lurk; they watch my steps while they wait to take my life.

A believer faces reversionism and those in reversionism are nothing. Nothingness is David's condition. Because of nothingness, there is no deliverance for them. This prayer will be fulfilled by David himself. Imprecatory prayers are legitimate.

Psalm 56:7 Will they escape in spite of such sin? God, bring down the nations in wrath.

David knows that coming out of Gath, that the grace of God would triumph. You cannot stop God's plan.

David, after recovering, after Jesus Christ met him at the gate of Gath, he looks back on this, just as people do when looking back on New Year's Eve.

1Sam. 19–28 is David recovering.

In the ancient world, you put your tears in a bottle and then placed the bottle on the grave. The Word of God records David's failures and the knocking discipline.

Bob will pray for some of us to fall into apostasy and peel off to some other church.

There is no thanks to our presidents who have had disastrous foreign policies. We have survived nonetheless.

Psalm 56:8 You Yourself have recorded my wanderings [you have written down my fugitive life]. Put my tears in Your bottle. Are they not in Your records [book]?

Vv. 1–2 skipped.

Psalm 126:1 A song of ascents. When the LORD restored the fortunes of Zion, we were like those who dream.

Psalm 126:2 Our mouths were filled with laughter then, and our tongues with shouts of joy. Then they said among the nations, "The LORD has done great things for them."

God has manufactured out of His grace great things for us. We are filled with joy.

Psalm 126:3 The LORD had done great things for us; we were joyful.

Psalm 126:4 Restore our fortunes, LORD, like watercourses in the Negev.

They sow in their tears and they drown in these tears. The Bible doctrine that Jesus Christ gave to David when he was cast out of Gath.

Once you recover, then he will return again with rejoicing.

Psalm 126:5 Those who sow in tears will reap with shouts of joy.

Psalm 126:6 Though one goes along weeping, carrying the bag of seed, he will surely come back with shouts of joy, carrying his sheaves.

Back to the passage. Only God can turn tears into blessing. The tears of his great disasters to turn into prosperity and blessing.

Psalm 56:8 You Yourself have recorded my wanderings [you have written down my fugitive life]. Put my tears in Your bottle. Are they not in Your records [book]?

Psalm 56:9 Then my enemies will retreat on the day when I call. This I know: God is for me.

The supergrace believer knows that God is on their side.

Difference of 2 stems; one is reversionism and the other is supergrace. One is feigning madness and the other is praise for God.

Psalm 56:10 In God [the Trinity], whose word I praise [halal], in the LORD, whose word I praise,

David gaps it here; he trust in Elohim, which means to take in doctrine and to believe it.

Psalm 56:11 in God I trust; I will not fear. What can man do to me?

In Gath, David was afraid of every man; and now, outside of Gath, he fears no man. This is David's reversionism recovery.

Psalm 56:12 I am obligated by vows to You, God; I will make my thank offerings to You.

The light here is the light of doctrine.

Psalm 56:13 For You delivered me from death, even my feet from stumbling, to walk before God in the light of life.

This is a transitional psalm and David goes from reversionism to supergrace. There is a series of psalms which explain what happened to David in between theses chapters.

**1Samuel 22 Psalm 103:1-22 72David 631\_0026**  
**12/31/1972 Inner resources of solitude New Year's Eve Service**

There were probably 3000 people who were under arms who were David's responsibility. A huge group came to David. Before the first person shows up, he needs to be a supergrace man.

This is one of the 2 psalms that David wrote while he was waiting for these other people to show up. David is alone, and he is occupied with the Person of Jesus Christ. This is a part of the celebrityship of Jesus Christ.

Piel stem of barak, which means, *to adore*. This is not possible except through doctrine in the soul. God taught David and David grew a great deal spiritually. This time in the cave of Addullem is one of the great times of his life. A person's greatness depends upon that man when he is alone. God will put us, at some time or another, alone. When you are alone, you are tested as to what is most important to you. David passes this test.

David is alone and all he has at this time are memories. When you are alone. Our capacity for life is tested when we are alone. That is for military men as well.

Psalm 103:1 [Davidic. My soul, praise the LORD, and all that is within me, praise His holy name.](#)

David is not to disregard supergrace benefits. Why did he become a lower fugitive? He ignored all the things that came to him. Do not disregard all of His blessings. David was beginning to understand all that he had done.

Psalm 103:2 [My soul, praise the LORD, and do not forget all His benefits.](#)

David cannot spend time with a guilt complex.

Psalm 103:3 [He forgives all your sin; He heals all your diseases.](#)

The very fact that he is alive is a testimony to God's grace. David has been crowned with grace. He is alive, sitting alone in the cave of Addullem. Mercy has been poured out upon him.

Psalm 103:4 [He redeems your life from the Pit; He crowns you with faithful love and compassion.](#)

God causes David to be satisfied. There was good provided, since he was cast out of Gath until this time. He speaks of the food first by principle.

The eagle's plumage is renewed, which is what has happened to David, in this psalm of growth.

Psalm 103:5 [He satisfies you with goodness; your youth is renewed like the eagle.](#)

The principle; the Lord manufactures from supergrace righteousness. God took every bit of the phoniness out of David. He is in danger of being a shallow superficial man for the rest of his life, until he got this doctrine.

The righteousness of the supergrace capacity is spoken of here. Moses had his 40 years alone in the desert; and David had his time as well. They both went into reversionism and they came out greater than ever before.

Psalm 103:6 **The LORD executes acts of righteousness and justice for all the oppressed.**

His acts were revealed to the people, but the principles were revealed to Moses.

Psalm 103:7 **He revealed His ways to Moses, His deeds to the people of Israel.**

God has tender love and rapport.

David will go to one place and sit still. There is a parallel between Moses and David.

Psalm 103:8 **The LORD is compassionate and gracious, slow to anger and full of faithful love [grace].**

Here, the reversionist is being reproved.

Psalm 103:9 **He will not always accuse us or be angry forever.**

Failures of Gad and Nob. God does not provide supergrace blessing while the believer is in reversionism.

Psalm 103:10 **He has not dealt with us as our sins deserve or repaid us according to our offenses.**

God's grace toward those who have fear/respect for God.

Psalm 103:11 **For as high as the heavens are above the earth, so great is His faithful love toward those who fear Him.**

The sins we have committed are removed from us.

Psalm 103:12 **As far as the east is from the west, so far has He removed our transgressions from us.**

Here, the father has tender love and compassion toward his children. Jesus knows the pattern of our lives, billions of years before we knew it.

Psalm 103:13 **As a father has compassion on his children, so the LORD has compassion on those who fear Him.**

God knows that we are dust; he knows that we are helpless. God made provision for David in the cave of Addullem, but this goes back to eternity past.

Psalm 103:14 **For He knows what we are made of, remembering that we are dust.**

Man's days are as grass. This refers to human prosperity. This refers to the things of this life. David is a man who broke out of the human success pattern. He is a supergrace

believer who has not been enslaved to human success principles. When David sat in the cave of Addullem, he had no one to boss around, no one to take care of, etc. He did not even have the sword he won on the field of Esphri Damin. The world has no obligation to the supergrace believer and the supergrace believer has nothing for the world. God can put us out in front of everything in this world. God gives out a lot of appointments of one kind or another. And now we have everything. When he comes to the throne, David owes no one nothing. God took a man out of a cave and made him king over all Israel.

David was a product of supergrace. Never has God taken so little dust and made so much out of it.

Lawrence Welk, and the WWII generation had the greatest music of all.

Psalm 103:15 [As for man, his days are like grass--he blooms like a flower of the field;](#)

the winds of history just blows them away. No one knows about them ever more.

Psalm 103:16 [when the wind passes over it, it vanishes, and its place is no longer known.](#)

God knew that David would go all out for doctrine. There are thrilling and great things, and they were provided since time began. Doctrine is more important than anything in your life.

Psalm 103:17 [But from eternity to eternity the LORD's faithful love \[grace\] is toward those who fear Him, and His righteousness toward the grandchildren](#)

Doctrine is something of value and it therefore must be guarded.

Psalm 103:18 [of those who keep His covenant, who remember to observe His instructions \[His deposits\].](#)

The Lord has prepared His throne in the heavens. There is a greater king than David. There is no dynasty that compares with David's; and none which compares with our Lord's.

David is held up as an example of the greatest king, and all subsequent kings are compared to him. David has been taught so many things. He turns to the angels saying, "Turn to the Lord, all His works in all His places.

Psalm 103:19 [The LORD has established His throne in heaven, and His kingdom rules over all.](#)

Psalm 103:20 [Praise the LORD, all His angels of great strength, who do His word, obedient to His command.](#)

Psalm 103:21 [Praise the LORD, all His armies, His servants who do His will.](#)

Psalm 103:22 [Praise the LORD, all His works in all the places where He rules. My soul, praise the LORD!](#)

Second service for New Year's Eve.

The small print of the psalms is the first verse.

Jebus is a name of the Jebusites for Jerusalem. David took the place and changed it into his castle. The castle he built is called castle Zion. He reconstructed the fortress into his home and it is the first time that he had an actual home.

Essentially, he had the cave of Addullem as his first home.

David sits down and reflects from his new house.

The turning point was when David met Jesus in the desert and he was schooled and then went to the Cave of Addullem.

#### David's House

1. The House of David does not refer to the Temple or to the Tabernacle.
2. This refers to the fortress of Zion.
3. When David became king, he captured the fort of the jebusites on a high hill.
4. David lived in the fort and had it constructed into his paace. 2Sam. 5:9
5. He came to retrospect, and he writes these words.
6. At 2Sam. 5:12, the fortress of Zion had becomes his palace, but he reconstructed his whole lilfe, all the way back the turning point.

Psalm 30 inscription [A psalm; a dedication song for the house. Davidic.](#)

Pilel stem to raise a building. He just converted a fortress into a palace. What better home to have than a fort. This is his grace palace and it is known as castle Zion.

The palace is finished, but David would never stop building up the Lord in his own soul.

The Ziphitus were phoney two-faced people. They spoke about what a great ministry this is, and then cut it to pieces every time that they can. There is nothing worse than dishonest enemies. God bivouacked Himself around David.

Bob says, "I have one message for you; to hell with you. Make it a point to go and not come back." Some of you are wanting to stay with it. If doctrine is first with you, you have it made. If it isn't, then don't come back.

Psalm 30:1 [I will exalt You](#) [I will build up in my soul], [LORD, because You have lifted me up](#) [built me up] [and have not allowed my enemies to triumph over me.](#)

In reversionism, David shouted for help, and said, "You have healed me." You have brought me back from the grave. David is now at a peak of prosperity.

Psalm 30:2 LORD my God, I cried to You for help, and You healed me.

Psalm 30:3 LORD, You brought me up from Sheol; You spared me from among those going down to the Pit.

Psalm 30:4 Sing to the LORD, you His faithful ones, and praise His holy name.

God's anger lasts a moment but His grace lasts a lifetime. We will all have hard times; but weeping will pass in the night and have joy in the morning. With supergrace, there comes a dawn.

Psalm 30:5 For His anger lasts only a moment, but His favor, a lifetime. Weeping may spend the night, but there is joy [a celebration of happiness] in the morning.

David is standing on a mountain, looking out through his palace.

Psalm 30:6 When I was secure, I said, "I will never be shaken."

David says that the Lord covered His face; he said that God disregarded him up to that point. When you disregarded me, I became neutralized with fear.

Psalm 30:7 LORD, when You showed Your favor [grace], You made me stand like a strong mountain; when You hid Your face, I was terrified. [neutralized with trouble and fear]

v. 8 is the great turning point. Chanan in the Hithpael, means that he personally sought God's grace. He was at the bottom and he sought it. He was thrown out of Gath.

Psalm 30:8 LORD, I called to You; I sought favor [grace] from my Lord:

what advantage is there in killing me? When a believer dies under discipline, there is no glory to God. If David had died in Gath, that would have been the pit. When a believer dies, his body goes to dust and that dust cannot praise God's doctrine.

Psalm 30:9 "What gain is there in my death, in my descending to the Pit? Will the dust praise You? Will it proclaim Your truth?"

When Jesus showed up, David asked Him for graciousness.

Psalm 30:10 LORD, listen and be gracious to me; LORD, be my helper."

Dancing is supergrace happiness; David summarizes the whole thing.

Psalm 30:11 You turned [converted] my lament [reversionistic discipline] into dancing; You removed my sackcloth and clothed me with gladness [happiness],

There is only one honor in the Christian life; supergrace. There is one celebrity. Only the supergrace believer knows this.

No one glorifies God like a supergrace believer.

Psalm 30:12 so that I can sing to You and not be silent. LORD my God, I will [be caused to] praise You forever.

**1Samuel 22:1, 2; Ps. 144:1-15      72David      631\_0028**  
**01/01/1973 Leadership policy of David; imprecatory prayer**

God preserved David from the sin unto death and He met with David outside of the walls of Gath.

1Sam. 22:1 David therefore departed there, and escaped to the cave of Adullam: and when his brothers and all his father's house heard it, they went down there to him.

There were those who loved freedom and they came to David. Then rgwew ua rgw Nkxibrwbra, we get David's policy in this psalm. If he is going to mold these people into a small battalion, he must have a policy. Only supergrace believers who can carry out this policy.

1Sam. 22:2 Everyone who was in distress, and everyone who was in debt, and everyone who was discontented, gathered themselves to him; and he became captain over them: and there were with him about four hundred men.

This first verse is David's supergrace status. David has recovered from reversionism. He has lost nearly everything and he only has the things that Jesus Christ has provided. He has now maybe 2 or 3000 people.

The ephod is used to determine the intentions of Saul. Here, Jesus Christ is the G4, the Rock of Provision.

David must mold these men into a fighting force, those who have come to him. He must organize a fighting force. Teaching or training by discipline. David is the one who trains them to war.

Jesus Christ teaches David in hand to hand combat. He teaches them how to fight, how to maneuver; what to do before, during and after the battle. He teaches them how to use their weaponry. The first thing that David must do with this crowd is train them.

Psalm 144:1 Blessed be Yahweh, my rock, Who teaches my hands to war, And my fingers to battle:

since Jesus Christ is the G1, G2, G3 and G4, Jesus Christ is his Gracious One. David is going to be a supergrace leader and he is under the command of a Gracious One. Jesus Christ is his fortress. The Cave of Addullem is a series of caves.

Taking refuge is a small animal running to the cleft of a rock and wedging in there, so that a larger predator cannot get to it. This is David's agenda in planning.

The Rough Riders ran up the hill, just like infantry. You cannot build a fighting unit on brawling. Men have to learn how to fight together successfully. Jesus Christ will make certain that this unit is trained before they go into combat.

Psalm 144:2 **My loving kindness, my fortress, My high tower, my deliverer, My shield** [God's protection], **and He in Whom I take refuge** [David will reach points of terrible exasperation, and God will rescue him]; **Who subdues my people under me.**

David is from West Point and these men are a bunch of hippies. He has to get them trained.

David asks, "Who are these guys?" He has the worst set of people and malcontents to try to mold an army out of. What is man that you look out for him?

#### Summary Points

1. Without the Lord of the Armies, David would still be helpless. Each person is a bundle of trouble.
2. David is constantly refreshed and amazed by the grace of God who keep track of the details of David's motley army. Jesus Christ is personally interested in the details of our life.
3. Many of the people who gather to David were hopeless, helpless and useless. Very impossible to train and whip into an army.
4. These people are malcontents; they have been milked out of Israel. God gave Israel a squeeze and out came all of the malcontents, the screwballs and hotheads.
5. Some came to doctrine because of doctrine. Most came to him as failures.
6. To them, to these failures, David was a good luck charm; a talisman. David is the supergrace hero of that age. Under the celebrityship of Jesus Christ, these men will move into supergrace themselves.

Psalm 144:3 **Yahweh, what is man, that you care for him? Or the son of man, that you think of him?**

This group is like a shadow passing by. They are quite helpless and a motley crew. But this is David in fellowship and in supergrace.

Psalm 144:4 **Man is like a breath. His days are like a shadow that passes away.**

These are earth people; these are coccoo clocks. Lower your heavens and comes down. Touching the mountainis so that they will smoke means that David asks for God to be his artillery.

### David and this Army

1. A nation without a good army cannot survive. If David is going to rule the nation Israel, he has to control his own army. He will be brought into power by God with these men, the coccoo clocks, the dumb butts,
2. Just as God can touch a mountain and make it go up in smoke, so God can touch a people and make an army of them. These men need spiritual impetus to go with this army. Many nations lack a strong army. You cannot depend upon the military establishment without believers positive toward the Word of God.
3. Jesus Christ controls history. Unless Jesus Christ is in it, it will never go. David knows that God is in it. There are 400 men and their family and friends as well. And there must be a spiritual impetus in these men who are there with him. A man will fight for his woman; he will die for her; same for his aprents or children. This spiritual impetus must be in people.
4. David will face treacherous enemies. He will need special wisdom that comes from grace. The men of Keilah, and David will deliver them. And he asks if these men will turn him over to Saul, and he was told that they would. David will protect Nabal, a very wealthy man; and he watched over his flocks. He will face all kinds of enemies; treacherous men; men who will betray him. He will have a great army at his back and he will face all kinds of treacherous people. Everyone who says I love you, it does not mean anything.

Psalm 144:5 [Part your heavens, Yahweh, and come down. Touch the mountains, and they will smoke.](#)

Cast out lightening. David is calling for artillery support. This is an Imprecatory prayer. How does this jive with sweetness and light, how does this jive with sweet things being said? Do you ever pray and Imprecatory prayer? Did you ever ask God to strike a man dead? Did you ever pray against a weak-kneed president and ask to pile up dead gook bodies. This is an Imprecatory prayer prayed by a person in supergrace status. These are legitimate prayers. They are a part of the laws of divine establishment. They are the spiritual impetus of existence. Imagine Congress getting excited because they stop bombing.

Bob gives a prayer to destroy the gooks.

Imagine Congress getting excited over the cassation of bombing. What is some of them are believers? That's okay. God takes care of His Own. Maybe the person you find to sign the peace treaty will be a believer. Many of you have never heard anything else and did not know from where your freedom came. Japs were our enemy so we killed ajps; Krauts were are enemies so we killed them.

We fall for a lot of superficial nonsense. The idea without having military objectives.

Harry Truman was stupid and he let MacArthur go. He did not understand what to do. You go after the enemies and kill them. If Douglas MacArthur had his way, the Chinese would still be looking for their weapons. Harry Truman would have been the greatest president of all time had he stayed with Douglas MacArthur. The okay on the atomic bomb was a great choice. He was geared that way. But the sweetness and light got to him. He was an artillery officer in WWI. He understood all of this.

Bob said how the person who prayed before the game all this brotherhood stuff. Bob sees that we will have to study some Imprecatory prayer now and again.

Psalm 144:6 **Throw out lightning, and scatter them. Send out your arrows, and rout them.**

Qal imperative of patsah. Great waters are overwhelming odds against him. Strange children are his treacherous enemies. These are his opposition.

Psalm 144:7 **Stretch out your hand from above, Rescue me, and deliver me out of great waters, Out of the hands of foreigners;**

putting in the dagger into Amasseh. The right hand of deceit. 2Sam. 20:9–10 Saul pretended friendship with David, but offered up destruction instead. David will very shortly face his problem and face it with the men of Kelah.

Psalm 144:8 **Whose mouths speak deceit [destruction, nothing], Whose right hand is a right hand of falsehood.**

The new song is the song of supergrace blessing. This orients the believer to God's plan and God's blessing. He has 400 recruits and 2 or 3 thousand people.

Psalm 144:9 **I will sing a new song to you, God. On a ten-stringed lyre, I will sing praises to you.**

Football used to be the American spirit.

every victory in David's life came from God's grace. It is all grace. Capacity for victory comes from a supergrace status. The sword of evil is the sword of King Saul.

A psaltry is a 10 stringed instrument, to precede the harpsichord, which preceded to the piano.

There are many who will subtly attack David in many ways. The believer cannot advance in association with reversionism. David could never have ascended the throne of Israel while associating with reversionism. If you are associated with reversionism, reversionism will call the plays. Association with reversionism keeps the believer from doctrine and supergrace blessing. Many are held back by your social life, your sex life or by a mad dash for happiness of some sort. Your friends and social life are reversionistic. Or many

that pound of muscle called Samson. The person that you have sex with had an influence upon you. What makes up your sex life and social life can hold you back. It is doctrine that must take you to supergrace. Especially during the holidays and everyone has something planned.

Samson had no capacity for blessing and he lost his eyes. Without his eyes, he could not see another beautiful woman. If Samson had to choose between Bible class and a party, he would choose the party. We are influenced by the people with whom we are intimately related. Whatever keeps you from doctrine is not worth it.

You are going to fall for a Delilah some day; and she will hook you and move to another; because you are no longer a challenge to her.

Psalm 144:10 [You are he who gives salvation \[victory\] to kings, Who rescues David, his servant, from the deadly sword.](#)

Psalm 144:11 [Rescue me, and deliver me out of the hands of foreigners, Whose mouths speak deceit, Whose right hand is a right hand of falsehood.](#)

David anticipates fantastic blessing for Israel. Some of the social and economic prosperity are recognized.

Stay with doctrine. A nation which sticks with doctrine and has supergrace believers, high reared plants are handsome gentlemen with great souls and great strength.

A corner pillar holds up a house. The women run the house. A man is a fool to try to run the house. That is up to the woman.

Psalm 144:12 [Then our sons will be like well-nurtured plants, Our daughters like pillars carved to adorn a palace.](#)

Grain storage is overflowing from one to another.

Psalm 144:13 [Our barns are full, filled with all kinds of provision. Our sheep bring forth thousands and ten thousands in our fields.](#)

Oxen are associated with prosperity in the ancient world. There is no breaking in; no stealing. When establishment exists, there is a low crime rate.

Psalm 144:14 [Our oxen will pull heavy loads. There is no breaking in, and no going away, And no outcry in our streets.](#)

Happineses to the people. Nothing greater to our own generation.

Psalm 144:15 [Happy are the people who are in such a situation. Happy are the people whose God is Yahweh.](#)

### Introductory Points

1. Until Christ returns, David will be the greatest monarch in human history.
2. David pleased God.
3. David's love for God was unparalleled.
4. David was put into the mold and tested.
5. This is a supergrace test. David was tested as to his supergrace capacity for adversity. Adversity makes you grow up. Psalm 4:1 In pressure, you have enlarged me. Greatness is being able to handle adversity.
6. In the mold of pressure, David learned 5 great lessons
  - a. He learned to take responsibility. This is a matter of moxie of the soul. 1Sam. 22:1-5 Responsibility is the hard work of leadership.
  - b. David learned the power of prayer. 1Sam. 23:2, 4, 9, 10
  - c. If you are not promoted by God, you are not promoted.
  - d. He learned to take good advice from a woman. Some of you think that is an affront to your masculinity.
  - e. David learned to use the Lord's strength. 1Sam. 30:4, 6
  - f. David will come out of the mold and be the greatest ruler in history.

1Sam. 22:1 [David therefore departed there, and escaped to the cave of Adullam: and when his brothers and all his father's house heard it, they went down there to him.](#)

David would take all kinds of idiots, cocoo clocks and weirdos and whip them into a great army.

The cave of Addullem is lower than the mountains of Jerusalem?

David has taken responsibility for his family. David did not have any help from his parents. If you are an orphan or lack parents, one or both, that is no excuse. David's parents do not have enough wisdom to love each child equally.

You need to show equal love to all children, but this was not the case for David.

David's parents thought little of David. The first 3 were superficial asses and the father tried to bribe the military commander in order to advance them or to procure special favors, etc. in any case, it does not matter. Some parents do a phenomenal job and some do a lousy job. Jesse has spent his life trying to bribe commanders in order to get his sons ahead, and yet, Jesse is broke and running for his life, and he goes to David. One of the

niciest things that happened with David is, he became the savior of his family even though he was the ugly duckling. He does not rub it in. "Well, here they are, my family. Do you remember when...?"

the worst thing is for momma to keep lassoing the boy with the umbilical cord in order to drag him back. There are mommas who never let go, and you have to let go. Bob thought of 25 nasty things David could have said.

David did not get all of the great people. He got the worst of the worst; they are phonies, liars and hypocrites. David gets a bunch of oddballs. Some examples given of the dregs being taken by a great leader who shapes them up.

David is the son who was rejected, who became the great one of the family. All of those who were rejected came to him and were made whole.

1Sam. 22:2 Everyone who was in distress, and everyone who was in debt, and everyone who was discontented [bitter of soul], gathered themselves to him; and he became captain over them: and there were with him about four hundred men.

If you do not like the narratives or the psalms, etc., you might as well take a long vacation; we will be in the psalms and Old Testament for quite while.

David saw all of the oddballs coming to him and the first thing that he did was cry out to God. Addullem ended up being the gathering place for a bunch of coo coo clocks.

The words used here indicate that they are in a hopeless situation. Out of all these oddballs, there will come 37 generals and the greatest army of that day.

German soldiers were fantastic, the Vermach. There were 6 men who were geniuses. If not for American building, engineering and army, they would have ruled.

Psalms 141:1 Yahweh, I have called on you. Come to me quickly! Listen to my voice when I call to you.

David says, let this prayer count as a minchah. This is a propitiatory offering.

Psalms 141:2 Let my prayer be set before you like incense; The lifting up of my hands like the evening sacrifice.

David is recognizing his responsibility, which he should have understood before when all of those people were killed because of him.

David asks God to post a guard detail over the door of his lips. He has great responsibilities.

Psalm 141:3 [Set a watch, Yahweh, before my mouth. Keep the door of my lips.](#)

Opened up a vacuum line that sucked in false doctrine and false information which destroyed his categories and standards. David was thinking only of his own personal survival when he went to Nob, and this psalm indicates that he is recovering.

The believer in reversionism becomes a monster; not the same person as he is in supergrace.

Doeg the Edomite was David's enemy and he played right into his hands when he was in reversionism.

### **Summary of Theh Delicacies**

1. This refers to King Saul, as the ruler of Israel, who could promote those under him. 1Sam. 22:7-8 [Saul said to his servants who stood about him, Hear now, you Benjamites; will the son of Jesse give everyone of you fields and vineyards, will he make you all captains of thousands and captains of hundreds, that all of you have conspired against me, and there is none who discloses to me when my son makes a league with the son of Jesse, and there is none of you who is sorry for me, or discloses to me that my son has stirred up my servant against me, to lie in wait, as at this day?](#) Look, fellas, you are covering for David; can he promote you? Can he give you lands? Can he make you a general? Saul as a tyrant, used his power to get what he wants.
2. David says he will not eat of their delicacies, and that means, he does not depend upon Saul for blessing. Saul asked David to bring back 100 genitals in order to marry his daughter. This is the story we tell the kiddies in Sunday School. David was promoted to son-in-law of the king.
3. Saul states his ability to promote these; and Jews would desire to win his favor.
4. But Saul is a reversionist. If God is going to promote David, then this must be done totally separate from Saul.
5. The delicacies refer to promotion, compliments, flattery and praise.
6. A believer associated with reversionism will do the work of reversionism. David was a supergrace believer and could not be promoted by Paul. You cannot advance by means of apostasy or catering to apostates. You may think you are in supergrace, but you will do the works of reversionism, whether in supergrace or reversionism.
7. David in saying, don't let me eat of their delicacies, indicates that his separation stance is based upon God's grace.
8. Those who are related to reversionism or are intimate with reversionism, will share the judgment of reversionism. We will see Jonathan once more, but he stayed under his father, and that is what will destroy him. There comes a time when even your own family gets in the way. Jonathan will die because he continued his ties with his father Saul. He dies at Mt. Gilboa.
9. David has taken a clear stand of separation from reversionism.

Psalm 141:4 **Don't incline my heart** [do not let my right lobe be turned] **to any evil thing** [the doctrine of evil], **To practice deeds of wickedness with men who work iniquity. Don't let me eat of their delicacies.**

This has nothing to do with nagging or leveling with your friends. If you level with your friends too often, then there will be just me and there.

David here is asking to be spanked by God; he does not want just anyone to discipline him. It always seems like people are really hard on you. The Lord can do this the right way; and when He whacks, it hurts.

David would rather be spanked by God than eat at the table with Saul. Let the Righteous One clobber me with grace. David is then straightened out. And he sees all of those oddballs and he has decided that God has blessed him with these people. If he passes this test, then he will graduate and become King of Israel.

David is in the back of the cave and praying and he suddenly realizes that these oddballs are his battalion. If grace can take an oddball like David and make something of him, so it is true for the others.

David did not recognize his first blessing, which is all these people coming to him. He finally catches on to what God has done and he knows that he has been blessed and honored by all of these people.

David was starting to complain, but he snapped to before he got to the end of it.

Psalm 141:5 **Let the Righteous One strike me, it is grace; Let Him reprove me, it is like oil on the head; Don't let my head refuse it; Yet my prayer is always against evil deeds** [of reversionism].

David looks at these people and realizes that they mirror him in Gath and exiting Gath. And these are helpless and useless and messed up people. He will take these people as a supergrace gift from God and work with them. He will fight reversionism in Israel until it is destroyed.

**1Sam. 22:2b Ps. 141:6-10 2 Sam. 23:1-39 72David**

**631\_0030**

**01/03/1973 Doctrine of occupation with Christ, doctrine of separation**

David is about to win the civil war against Saul.

The judges were a system of rulers before the monarchy came about. The survivors are the innocent ones. There is going to be a new policy when David becomes king. He will begin at the cave of Addullem and end up being king over all Israel.

Psalm 141:6 **Their judges** [rulers] **are thrown down by the sides of the rock. They will hear my words, for they are well spoken.**

In the Hebrew, we begin with the analogy.

Ground is not prosperous until it is broken. David knows that many of these men would die. He does not know who is a casualty and who is not. There is no way this can be determined. These men, their lives have been useless and meaningless for a great deal of time. However, these men would fight for freedom and a new Israel would be born; a nation of freedom and prosperity. Freedom is born out of the death of those who die for the country.

Herbert Hoover did not cause the depression and he wrote a book in 1934. He was as great as FDR was sorry. *The Challenge to Liberty*. Intellectual freedom got the greatest variety of commodities known to all man. We have produced not only plenty for ourselves but a larger measure of comforts, the highest economic achievement of civilization. We lifted infinite drudgery from men and women. It is not as if this were a mere machine we are contemplating. In America, we are dealing with one of the last strongholds of freedom, which freedoms were paid for by the blood of soldiers.

A grave is open; a civil war breaks it open, but from it will spring new freedoms and a greater nation.

#### Summary

1. The purpose of plowing and opening the ground is to plant seed with sprouts. It does not just die, but it rises anew.
2. The ground developed by Saul is hard ground and worthless.
3. The ground will be plowed and broken by civil war between the reversionistic house of Saul and the supergrace house of David.
4. Many of David's greatest soldiers will die, but this will bring freedom and prosperity to this nation.
5. The bones of professional soldiers are the dead seeds sown in battle. Our freedom is based today on those who died in Korea and the World Wars. But professional soldiers never ask if it is in vain or not.
6. Objective of David to provide blessings and prosperity from the battle field and from the execution of apostate believers. David, as the leader, has much plowing ahead of him. The nation will grow under him under a great tyranny. Without being depressed by the tyrannies of the time. David must remain occupied with Christ.

This is going to be a time of great military training and a time of great spiritual training as well. During the time of the cave of addulem experience, there will be a great time, for these starting at zero.

Psalm 141:7 "As when one plows and breaks up [open] the earth [ground], Our bones are scattered at the mouth of Sheol."

Occupation with Christ

1. The basis for occupation with Christ is the intake of Bible doctrine through the function of gap. Jer. 9:24 Eph. 4:20 there will be women living in tents for a long time, and that is tough on a woman. Woman, family, parents, children. Doctrine cycled in the human spirit. Doctrine in the memory center; doctrine in the norms and standards and doctrine on the launching pad. These people will be the backbone of the new nation and they are not that impressive apart from grace.
2. With doctrine as being something in which one can place faith, the basis of their growth.
3. The basis of honor in occupation with Christ.
4. Occupation with Christ is the SOP for the Christian life. Heb. 12:1–2
5. Illustrated by the doctrine of RM/RW. 1Cor. 11:7
6. Responding to Christ's love is the function of gap.
7. The sealing of the Holy Spirit guarantees eternal life and the eternal love relationship between Jesus Christ and the believer.
8. Occupation with Christ includes total dependence upon grace provision. Psalm 37:4–5
9. Related to inner happiness.
10. Basis for blessing and suffering. Occupation with Christ intensifies blessing and minimizes suffering.
11. Occupation with Christ is based on the believer entering into the supergrace life.

The rabbit runs into the crack of the rock and is safe from the fox, because there is not enough room for the fox.

Saul will turn the siege of Keilah into a trap even though David rescued Keilah. People who tell you they love you; who tell you how great you are. You are an ass if you believe it.

Psalm 141:8 For my eyes are on you, Yahweh, the Lord. In you, I take refuge. Don't leave my soul destitute [uncover the nakedness of my soul].

Psalm 141:9 Keep me from the snare which they have laid for me, From the traps of the workers of iniquity.

Let these people get caught up in their own nooses, while I just walk on by.

Psalm 141:10 Let the wicked fall together into their own nets, While I pass by.

David was not their captain; he was their prince. Here are all of these oddballs and David is going to make something of them. One guy joined the Rough Riders running from a poker game where he was behind.

### Summary

1. David is no longer an irresponsible reversionist.

2. In reversionism recovery, David again is a supergrace hero.
3. As a separated supergrace leader, those who are being oppressed and those who are just total failures gather themselves to it.
4. Not one person ever gathered to David until he was separated from Saul, which God really caused. He became a separated supergrace believer. When David was alone in the cave of Addullem, he was in supergrace status and he became prince of these people.
5. David could not help the downtrodden or the misfits or the hopeless in the court of Saul; he had to be separate from them. David was alone in that cave before anyone came to him.
6. Without the separation of grace, no supergrace believer can be helpful to others. When grace is compromised by association with reversionism, we just cannot help other people.
7. Therefore, the real way to witness is growing in grace and separation from apostasy. That is witnessing. How did he do it? He did not do this by teaching Sunday School in Gath; he did this by growing up and he did this on his own. No one is qualified to witness the day after he is saved.

That is ridiculous to teach them, "If they say this, then you say that." Witnessing is a matter of spiritual growth. If it not a matter of jumping through some psychological hoop. Witnessing is a matter of communicating the gospel. Just because you are saved through the gospel don't even know it. Until you understand propitiation, you are not even close to being able to witness.

As a fugitive, David started out poorly, and then got on his own guided by God, and he did a lot better. Now he is responsible for his own family and 400 brand new recruits.

### **Doctrine of Separation**

1. Separation from carnality. If you know believers guilty of this kind of fornication, then avoid them. 1Cor. 5:10–11
2. Separation from believers who reject Bible doctrine.
3. Separate from believers who make emotion the criteria. Holy rollers and girl who falls in love every other week.
4. Separation from the fast crowd. Prov. `1:10–19
5. The fast crowd; the superficial social crowd.
6. Separation from unbelievers where doctrine is compromised. 2Cor. 6:14 doctrine is compromised when marrying an unbeliever. You are influenced by those with whom you have sex. What is wrong with this, some people ask? The unbeliever always influences the believer away from doctrine.
7. Separation from human viewpoint. That is worldliness. It is what you think, not what you do.
8. Separation from religion and apostasy.
9. Separation from reversionism.

There are 400 men; this does not include wives and children.

### David's Men at the Cave of Adullam

1. David had been in the cave of Adullam for quite a number of months. Eccles. 12:12 and by these be admonished of the making of many books, there is no end and much study is a weariness to the flesh. This was long enough for the 400 to become 600. He would increase his troop size.
2. The 600 men would form the cadre for David's great army of that day. Some of the terms are taken from the French.
3. In the meantime, they are a bold battalion of reckless, brave, well-disciplined men.
4. They will form the nucleus of that great army which will go all the way to the Euphrates; all the way to the borders of Arabia; they cut out a great chunk of land.
5. The cave of addullem is beast barracks, a period of preparation for David and these soldiers and all of the camp followers. They will go from victory to victory.
6. The greatest men in this battalion of 600 became a part of David's military hall of fame.
7. Some of the great events are mentioned as well. They ar related to the cave of addullem. The addullem alumni became the greatest soldiers.
8. So great was the doctrinal teaching, at the cave, that in the days to come, it would be known throughout Israel, it is Micah who calls the teaching at the cave of addullem; this combination of doctrine and how to fight; and this is called the glory of Israel. Complete goofs became supergrace heroes and military heroes. 1Chron. 12:38

1Sam. 22:2 Everyone who was in distress, and everyone who was in debt, and everyone who was discontented [bitter of soul], gathered themselves to him; and he became captain over them: and there were with him about four hundred men.

2Sam. 23:1 Now these are the last words of David. David the son of Jesse says, The man who was raised on high says, The anointed of the God of Jacob, The sweet psalmist of Israel:

2Sam. 23:2 The Spirit of Yahweh spoke by me, His word was on my tongue.

2Sam. 23:3 The God of Israel said, The Rock of Israel spoke to me: One who rules over men righteously, Who rules in the fear of God,

2Sam. 23:4 He shall be as the light of the morning, when the sun rises, A morning without clouds, When the tender grass springs out of the earth, Through clear shining after rain.

God made a covenant with David.

2Sam. 23:5 Most assuredly my house is not so with God; Yet he has made with me an everlasting covenant, Ordered in all things, and sure: For it is all my salvation, and all my desire, Although he doesn't make it grow.

In his dying words, he mentions reversionism. The sons of Belial are reversionist. They must be uprooted. If you associate with a thorn, then you get stuck. You get with a reversionism, then you are stuck with a reversionist. Sometimes the sin unto death. Jonathan was not a reversionist, but he was stuck with his father, a reversionist. This will cause suffering.

2Sam. 23:6 **But the ungodly shall be all of them as thorns to be thrust away, Because they can't be taken with the hand**

the man must provide himself with iron; a cutting weapon. If you associate with reversionism, then you are going down with them.

2Sam. 23:7 **But the man who touches them Must be armed with iron and the staff of a spear: They shall be utterly burned with fire in their place**

Next time the Addullem alumni.

**1Samuel 22:3–5**

**72David**

**631\_0031**

**01/04/1973 Psalm 57:1-3; 2Sam. 23:8–39 List of great generals**

One more evening on the Cave of Addullem. We will break out of the David series in 2Sam. 5. David was responsible for about 3000 people. Best thing for a pastor is to spend time in military service. David took on the worst bunch of useless, worthless batch of people and he whipped them into shape.

30 out of this 400 became famous generals.

Chipoltacek. Robert E. Lee, McClennen, Picket, Johnson, Hill, Wilcox and a number of men in this raid, and every one of them became a well-known general or Officer in the Civil War.

20 men in one regiment became generals. Example of a Texas outfit that produced all of these generals, and they all fought against one another and they knew each other very well. Therefore, what happened with David is not an impossible situation.

The confederate army drew its best generals from West Point.

Alexander's command produced a number of generals.

What we have here is the Addullem alumni. We have studied 2 psalms in this connection.

*Mighty men* here refers to general officers. David, in his dying roster, remembered every general officer who started with him in his famous battalion of 400 which would later increase to 600.

Joshe Beam, the Hachomite. You always hear of the political generals; they are well-known; and WWII had a bunch of jackass generals famous for doing nothing and being nothing. Fredericks is one of the most decorated general in WWII. He is the most stable of David's officers, a divisional commander and later a corps commander. He was strictly a professional type. He did not try to gain in his profession by making friends in the right places. These men who played bridge with FDR relative and they got moved into their position for that reason. Yashobeam was a true hero with doctrine being put first. He was occupied with Christ. Some of you men will make it. There are some real prowlers in our congregation. Wolf disguised with a Bible in his hand. He was such a pro that he was unknown out of military circles.

As chief of captains, he was high ranking. He is "the one who waves the spear."

Adino, is the one who raised the spear. On his way up, he killed 800 men with a spear. He held the record in a single combat situation. The more you advance, the greater you will be in killing the enemy.

2Sam. 23:8 [These are the names of the mighty men whom David had: Josheb Basshebeth a Tahchemonite, chief of the captains; the same was Adino the Eznite, against eight hundred slain at one time.](#)

These are the 4-star generals. He is of the tribe of Benjamin. You would think he would be with Saul. Saul was a reversionist, so he would not serve out his military life under Saul.

2Sam. 23:9 [After him was Eleazar the son of Dodai the son of an Ahohite, one of the three mighty men with David, when they defied the Philistines who were there gathered together to battle, and the men of Israel were gone away.](#)

2Sam. 23:10 [He arose, and struck the Philistines until his hand was weary, and his hand froze to the sword; and Yahweh worked a great victory that day; and the people returned after him only to take spoil.](#)

The Philistines were there among the lentils, and this guy stood fast, and he defended this and killed the Philistines. The 3 highest ranking officers are all supergrace believers.

2Sam. 23:11 [After him was Shammah the son of Agee a Hararite. The Philistines were gathered together into a troop, where was a plot of ground full of lentils; and the people fled from the Philistines.](#)

2Sam. 23:12 [But he stood in the midst of the plot, and defended it, and killed the Philistines; and Yahweh worked a great victory.](#)

There are 36 here named altogether. All of these joined up with David at the Cave of Addulem. There was a standoff between the Philistines and David in Addulem.

2Sam. 23:13 Three of the thirty chief men went down, and came to David in the harvest time to the cave of Adullam; and the troop of the Philistines was encamped in the valley of Rephaim.

2Sam. 23:14 David was then in the stronghold; and the garrison of the Philistines was then in Bethlehem.

David desired some water to drink from a well held by the Philistines.

2Sam. 23:15 David longed, and said, Oh that one would give me water to drink of the well of Bethlehem, which is by the gate!

These 3 fought through armies of Philistines. Pouring out this water was an offering to the Lord.

2Sam. 23:16 The three mighty men broke through the host of the Philistines, and drew water out of the well of Bethlehem, that was by the gate, and took it, and brought it to David: but he would not drink of it, but poured it out to Yahweh.

David would have other men. These are those from the Addullem alumni.

2Sam. 23:17 He said, Be it far from me, Yahweh, that I should do this: shall I drink the blood of the men who went in jeopardy of their lives? therefore he would not drink it. These things did the three mighty men.

Another group of Lt. Generals. Abishai, the brother of Joab is named next. He was also a very noble person; he was a greater believer than they. He was a rank behind them, but greater than they were as a believer. He stands for the nobility.

2Sam. 23:18 Abishai, the brother of Joab, the son of Zeruah, was chief of the three. He lifted up his spear against three hundred and killed them, and had a name among the three.

2Sam. 23:19 Wasn't he most honorable of the three? therefore he was made their captain: however he didn't attain to the first three.

2Sam. 23:20 Benaiah the son of Jehoiada, the son of a valiant man of Kabzeel, who had done mighty deeds, he killed the two sons of Ariel of Moab: he went down also and killed a lion in the midst of a pit in time of snow.

2Sam. 23:21 He killed an Egyptian, a goodly man: and the Egyptian had a spear in his hand; but he went down to him with a staff, and plucked the spear out of the Egyptian's hand, and killed him with his own spear.

Benaiah is unusually courageous men. He killed a couple of hippies from Moab. He killed a lion and then went down and killed a man who had a weapon, a sword, when he did not.

2Sam. 23:22 These things did Benaiah the son of Jehoiada, and had a name among the three mighty men.

He was a lower rank than the first 3 but a greater believer. He was a provomarshal general.

2Sam. 23:23 He was more honorable than the thirty, but he didn't attain to the first three. David set him over his guard.

Joab became the chief of staff;

2Sam. 23:24 Asahel the brother of Joab was one of the thirty; Elhanan the son of Dodo of Bethlehem,

2Sam. 23:25 Shammah the Harodite, Elikah the Harodite,

2Sam. 23:26 Helez the Paltite, Ira the son of Ikkesh the Tekoite,

2Sam. 23:27 Abiezer the Anathothite, Mebunnai the Hushathite,

2Sam. 23:28 Zalmon the Ahohite, Maharai the Netophathite,

2Sam. 23:29 Heleb the son of Baanah the Netophathite, Ittai the son of Ribai of Gibeah of the children of Benjamin,

2Sam. 23:30 Benaiah a Pirathonite, Hiddai of the brooks of Gaash.

2Sam. 23:31 Abialbon the Arbathite, Azmaveth the Barhumite,

2Sam. 23:32 Eliahba the Shaalbonite, the sons of Jashen, Jonathan,

2Sam. 23:33 Shammah the Hararite, Ahiam the son of Sharar the Ararite,

2Sam. 23:34 Eliphelet the son of Ahasbai, the son of the Maacathite, Eliam the son of Ahithophel the Gilonite,

2Sam. 23:35 Hezro the Carmelite, Paarai the Arbite,

These are great men. Their names are not read and that is why Bob is reading their names here, and they are listed in the Word of God which lives and abides forever. They arrived at the cave of Addulleh, and they were misfits and oddballs and all confused, the biggest bunch of nuts that you have ever seen.

2Sam. 23:36 Igal the son of Nathan of Zobah, Bani the Gadite,

2Sam. 23:37 Zelek the Ammonite, Naharai the Beerothite, armor bearers to Joab the son of Zeruiah,

2Sam. 23:38 Ira the Ithrite, Gareb the Ithrite,

Uriah was from this cave of Addullem group.

2Sam. 23:39 Uriah the Hittite: thirty-seven in all.

Bearing a child requires absolutely nothing of a woman. It just happens. Having a child does not make you a great person. What you are is what you are in your soul, not what you are in your womb. You are messing around with the wrong cavity when you pat yourself on the back. It requires nothing special to be a mother. It takes something to be feminine and to be a noble woman, but pregnancy has not a thing in the world to do with it. David took care of his mother, father and brothers; and none of David's brothers were in David's army. That was a smart move.

1Sam. 22:1 So David left Gath and took refuge in the cave of Adullam. When David's brothers and his father's whole family heard, they went down and joined him there.

1Sam. 22:2 In addition, every man who was desperate, in debt, or discontented rallied around him, and he became their leader. About 400 men were with him.

The parents of David were in danger and David took care of them. He took them over to Moab because David is not 100% Jew; Ruth is a Moabite. So the King of Moab is a relative of David's. He knew his parents would be safe in the mountains of Moab.

David goes and talks to the King of Moab.

Solomon inherited nearly everything from David; wealth, his looks, talents, ability, power and peace in his time; and Bible training.

1Sam. 22:3 From there David went to Mizpeh of Moab where he said to the king of Moab, "Please let my father and mother stay with you until I know what God will do for me."

David's parents will be taken care of. Jesse will never know any problems. Jesse will never be concerned with any of the problems that David will have. Jesse is a reversionist and filled with human viewpoint, but he will have an easy nice time, and never know what it is all about.

Saul and Jesse are the father's of great men, and they are reversionists. There are variations of reversionism. Jesse was an easy-going reversionist. Saul was a maniacal sort. Jesse was a promoter and a manipulator. If David would have stuck around Jesse, that would have hindered him.

Michel would have been a problem for David, because she is from Saul's stock. The unbeliever more often influences the believer.

Matsuda here refers to Adullam. While David is training his army, God has him in this series of high mountain caves with narrow passes. Saul is not about to come up there, so David can easily train his troops. Once men are trained, they are trained to take the offensive.

The worst thing for the army and marines were to sit in defensive positions in South Viet Nam. Could not distinguish their enemies. We should never be in South Vietnam; only in North Vietnam. You cannot sit in defensive positions. Wars are never won from the defensive position. While you are in training, you are all right. The worst thing for military people is to depend upon fortification. Bible doctrine is the believer's fortification.

1Sam. 22:4 [So he left them in the care of the king of Moab, and they stayed with him the whole time David was in the stronghold.](#)

It takes a teacher with doctrine. Bob has always liked Gad for his name. "Oh, Gad."

The priest teaches the written word of God and Gad taught the spoken and written word of God and he was the chaplain.

#### **Gad and David**

1. Adullam alumni is positive toward doctrine.
2. Doctrine is communicated by Gad the prophet and Abiathar the High Priest, who joined the battalion at keilah.
3. Gad is associated with David for the rest of his life. He is one of the 2 great prophets of that era.
4. God through Gad offered David, and choice of 3 types of discipline.
5. Gad wrote a book about David, called the Acts of David.
6. Gad assisted David and Nathan with the music at the construction and celebration in the Temple; David and Gad set up the music for the next 1000 years. He and Gad sat down and set up the whole system of music for the next Millennium. 2Chron. 29:25

The training is over and it is time to move on. Training can only go on for so long.

David departed and went to the forest of Hereth, the only time this place is mentioned. The French depended upon the Maginal line, and they thought this was the greatest defensive system of all time. So the Germans went through the forest, and 2 armies came in from behind. France was conquered in 3 months. They were defense minded. This is why they were defeated. You must take the offense.

Our war is ludicrous. Hatfield wants to take money away from the president so that he cannot bomb North Vietnam. He is a stupid traitor to his country. They are trying to appease a bunch of liberals and left-wing jackasses.

1Sam. 22:5 Then the prophet Gad said to David, "Don't stay in the stronghold. Leave and return to the land of Judah." So David left and went to the forest of Hereth.

We will complete the Cave of Addullem with Psalm 57. At the Cave of Addullem, it means, "Do not destroy doctrine."

David is spoken of in the inscription as being associated with the Cave of Addullem and the Cave of Engeddi.

Aman means to lean up something as a foundation; batak is slamming your troubles upon the Lord, chasah means to take refuge in the cleft of a rock, jachel means to trust god in excruciating circumstances; kawa means to be a little string which can be snapped easily, but to be woven into a great rope, and to be unbreakable for that reason.

David carried his fort in his soul.

The shadow of wings is protection and defense. The wings have the concept of moving; the birds flapping along, with the new birds flapping underneath. The shadow of the wings, is God is going to block for them as they move on the offensive. Hawah is catastrophe.

Psalm 57:1 Be gracious to me, God, be gracious to me, For my soul takes refuge in you. Yes, in the shadow of your wings, I will take refuge, Until disaster has passed.

Total victory is expected.

Psalm 57:2 I cry out to God Most High, To God who accomplishes my requests for me.

God has reproached King Saul, the one seeking to annihilate Saul.

The key is grace and doctrine. This is supply and ration of headquarters.

Psalm 57:3 He will send from heaven, and save me, He rebukes the one who is pursuing me. Selah. God will send out his grace and his truth.

Psalm 57:4 My soul is among lions. I lie among those who are set on fire, Even the sons of men, whose teeth are spears and arrows, And their tongue a sharp sword.

Psalm 57:5 Be exalted, God, above the heavens! Let your glory be above all the earth!

Psalm 57:6 They have prepared a net for my steps. My soul is bowed down. They dig a pit before me. They fall into the midst of it themselves. Selah.

Psalm 57:7 My heart is steadfast, God, my heart is steadfast. I will sing, yes, I will sing praises.

Psalm 57:8 Wake up, my glory! Wake up, psaltery and harp! I will wake up the dawn.

Psalm 57:9 I will give thanks to you, Lord, among the peoples. I will sing praises to you among the nations.

Psalm 57:10 For your great loving kindness reaches to the heavens, And your truth to the skies.

Psalm 57:11 Be exalted, God, above the heavens. Let your glory be over all the earth.

The following verses are not covered anywhere:

**1Samuel 23:1–5**

**72David**

**631\_0032**

**01/05/1973 Psalm 16:1-11 Battle of Keilah**

David gets an intelligence report. One of the most important portions of military function is G2; you need proper information upon which to base your strategy, tactics and foreign policy decisions upon.

Robert E. Lee had Jeb Stuart as a great general. This broke down when Stuart went on a raid in the Gettysburg thing.

Nagad is used in this passage for intelligence reports. Keilah was a border city, and it had strong walls for that reason and an excellent gate system. They were a fairly impregnable system. They were reduced to a siege.

The Philistines always took what they needed, but left enough behind so that the farmers could survive and grow more for the next year. Philistines were a warrior race and would rather raid a city for food than grow it themselves.

This attack is a result of David's feigned madness. He faces a serious problem. He has moved from the cave of Addullem to here. He originally intended to take the offensive against Saul, but was not doing it against the Philistines.

1Sam. 23:1 It was reported to David: "Look, the Philistines are fighting against Keilah and raiding the threshing floors."

David is indecisive and goes to God in this situation. There is a tactical problem that David has not solved, so he goes to God over this. God puts this order in the perfect tense, because this end was assumed.

1Sam. 23:2 So David inquired of the LORD: "Should I launch an attack against these Philistines?" The LORD answered David, "Launch an attack against the Philistines and rescue Keilah."

Most of these men have not had combat experience with just a smattering of military training; and they are not hard core. "We're afraid here in Judah." And this is why God ordered them to leave. They needed to get out and fight. David's army is in the forest of Hereto and they would be outnumbered if they went down into the plains.

1Sam. 23:3 But David's men said to him, "Look, we're afraid here in Judah; how much more if we go to Keilah against the Philistine forces!"

David went back to God because of the timidity of his troops. God tells him to go down to Keilah. They will need to use the best security measures to remain safe. This will be David's first combat experience with this army. It is important to have victory right from the start.

#### David and His Army Going to Keilah

1. The Lord says "Go" and human viewpoint says, "don't."
2. David's battalion is well-trained professionally but neutralized by human viewpoint.
3. David is the spiritual and military leader of this battalion.
4. David is learning the power of prayer. The ephod is not there; so David does not use the ephod. When they get to Keilah, there will be an ephod. Supergrace leadership expresses divine viewpoint. It is David versus 400. David will win out. Supergrace leadership offsets human viewpoint. Who won the battle? David does not let the army tell him what to do. The best leaders, pastors, professional men, military men, tell you what to do and you don't need to know why. Some lieutenant tells his platoon to move out. A bad decision carried out with vigor is better than democracy. There is no democracy in the army. God's Word does not advocate a democracy. God's Word speaks of leadership, but of a democracy.

1Sam. 23:4 Once again, David inquired of the LORD, and the LORD answered him: "Go at once to Keilah, for I will hand the Philistines over to you."

David is still the leader. They go to Keilah. This is a battalion and they are safe up in the mountains, so they will now move into the plains where they are no longer safe. There will be a point man, a point, platoon, a point, etc. They need to have the best possible security. There must be obedience of orders and a well-trained outfit that responds well to discipline.

You cannot make a soldier out of a hippy. The military is a profession. Even when the army is bad, it is better than what is done on the outside.

1Sam. 23:5 Then David and his men went to Keilah, fought against the Philistines, drove their livestock away, and inflicted heavy losses on them. So David rescued the inhabitants of Keilah.

Now to Psalm 16, which tells us what David is thinking at this time:

David calls for God to guard him. Chasah means *to find refuge*. David is saying, in effect, "I must have a refuge, but I am totally dependent upon You."

Psalm 16:1 [Preserve me, God, for in you do I take refuge.](#)

*I have said* is what David is saying here. This is what David is saying. "My good not upon You." This is an idiom that means *I have no good but You*. All that David has that is worthwhile is God.

Psalm 16:2 [My soul, you have said to Yahweh, "You are my Lord. Apart from you I have no good thing."](#)

Saints are supergrace believers. As doctrinal types, these men will make it.

Psalm 16:3 [As for the saints who are in the earth, They are the excellent ones in whom is all my delight.](#)

David is now thinking about the reversionists. Rabah; the reversionist go from sorrow to sorrow, from pressure to pressure. David sees the sorrow of the reversionist. Life is simple for those who are occupied with Christ. Those who move onto supergrace will have great blessing and prosperity.

*Hasten* helps to identify the reversionist here. This drink offerings are given to idols; this is the ritual of idolatry. David says that he will remain separate from reversionism. He will not associate with these people.

David will not call upon reversionism for help.

Some ecumenical group called Bob to get involved in some group effort. Kids are taught to hate America and to love Mother Russia. A lot of those people will sing hate America songs and hate America pageants while eating American wheat.

Psalm 16:4 [Their sorrows shall be multiplied who give gifts to another god. Their drink-offerings of blood I will not offer, Nor take their names on my lips.](#)

David knows that he has a future and a cup. He knew that he was going to heaven. He knew he would be in phase III. The cup is blessing in phase II. This can be a wonderful life with your RM/RW. The cup is whatever you might associate with happiness. It runs over and splashes everywhere. David knows that he does not have much by way of materialistic things, but he knows that God maintains and holds together that which belongs to him.

Psalm 16:5 [Yahweh assigned my portion and my cup. You made my lot secure.](#)

For some of us, God will makes us millionaires and the money is floating around out there right now; and we will take possession when we have the capacity for them. When we have the capacity for them.

Psalm 16:6 [The lines have fallen to me in pleasant places. Yes, I have a good inheritance.](#)

David is occupied with God because He is advising David on this advance. The troops are on the move because that is God's direction. David has emotions responding to the doctrine in his soul. He is enjoying the celebrityship of Christ. Every man should have the second blessing of going into combat to kill communists and to be thinking about God's direction all the while.

Every time David feels a little trepidation, and this stuff all piles up. Leadership has all of this pressure.

Psalm 16:7 [I will bless Yahweh, who has given me counsel. Yes, my heart instructs me in the night seasons.](#)

David has set Y<sup>e</sup>howah before him. He is trained and ready and he will make the right decisions at the right time. There has been a custom in various armies that the senior officer walks on the right, the junior officer is on the left. Soldiers walk in rank in that particular order. It was always that way, out in Austin on leave or whatever.

Jesus Christ is in charge and He is on David's right. He is the senior officer. "I will not totter or shake."

Psalm 16:8 [I have set Yahweh always before me. Because he is at my right hand, I shall not be moved.](#)

+H verb here; David is glad in a time of pressure, under great, great blessing. Glory stands for his supergrace status. David is probably ready to take his rest out on the stars and he is going to rest in safety.

Psalm 16:9 [Therefore my heart is glad, and my tongue rejoices. My body shall also dwell in safety.](#)

He looks down the corridors of time. He sees Jesus. He receives this from Jesus Christ. "You will not leave my soul in Sheol." The Spirit went to be with the Father and His soul goes into Sheol, Abraham's bosom or Paradise. It is just like the greater Son of David. The soul left Sheol and joined the body in the tomb of Joseph of Aramathia.

This verse is quoted many times. Jesus is on David's right hand, where the superior rank is. And Jesus will be there forever.

Psalm 16:10 [For You will not leave my soul in Sheol, Neither will you allow your holy one to see corruption.](#)

Psalms 16:11 You will show me the path of life. In your presence is fullness of joy. In your right hand there are pleasures forevermore.

David delivered this city; they will praise him on one day and turn him into Saul on the next.

1Sam. 23:5 Then David and his men went to Keilah, fought against the Philistines, drove their livestock away, and inflicted heavy losses on them. So David rescued the inhabitants of Keilah.

**1Samuel 23:6-12**

**72David**

**631\_0033**

**01/07/1973 The Ephod in Keilah; sign of God's authority & blessing**

Bob's ministry is not geared toward those who come in once a week. Bob knows what doctrine does on a once a week basis: nothing. You don't belong here; you belong in some idiot church. A pastor in Arizona said he was only able to put together one message a week.

David had time to think of the greatest thing in his life, Bible doctrine. David looked down the corridors of times to see Jesus Christ, and wrote, "You will not leave My soul in Sheol." I think that David wrote this of himself, but that God the Holy Spirit applied this to Jesus Christ.

As a result of David's lie, the city of Nob was still destroyed. Their families, cities, animals were all killed. One person escaped the massacre of Nob. He brought with him the ephod.

The massacre of Nob apparently occurred the same time as the attack upon Keilah. The ephod is a sleeveless vest, and this was a garment that tapered down and have various things to which the breastplate was attached. That the ephod is with David indicates that God recognizes David as the true king of Israel.

Some of the Benjamites saw this and left Saul and joined David. This is why there are Benjamites in his list of heroes.

The ephod represents where Israel ought to go. It is the principle of spiritual discernment which comes from Bible doctrine. Follow the guide-on, which is the Holy Ephod. The terrible slaughter of Mount Gilboa, and those who join themselves with David will not suffer loss there.

The principle of following the ephod. Once the canon of Scripture is completed, we no longer need the Ephod.

The Urim and Thummim rocks provide the yes and no answers.

There is no longer the specialized priesthood in the Church Age. We are in a state of apostasy and reversionism today, just as in the time of Saul.

From this point on, the ephod will be with David. This is when Jonathan should have come to David and stayed. There are decisions that we make every day; and some that we make only once.

Next inquiry to the Lord will be through the ephod. While David is great, he recognizes authority of the High Priesthood. David immediately recognized that man's authority.

Calling for the ephod means that David is calling for the high priest.

It is a part of God's grace plan for David to go to Keilah.

1Sam. 23:6 [Abiathar son of Ahimelech fled to David at Keilah, and he brought an ephod with him.](#)

What happened after Saul slaughtered the city of Nob. Someone tells Saul that David is in Keilah. There is a series of spies and patrol reconnaissances. Reversionist Saul was destroying cities in Israel; David was saving cities in Israel.

The verb *to say* is in the imperfect tense, so he keeps saying this over and over again. Piel intensive stem. God advised David to go to Keilah; and Saul thinks that David is now fallen into a trap, being deserted by God.

#### **Saul's Wrong Understanding of the Situation**

1. The fact that David was in a precarious position causes Saul to think he is trapped. There are double gates and double bars. He is pinned down by the walls of the city.
2. Reversionism always mistakenly assumes that God is on their side. They know how to use God and how to abuse God. Saul talks about God as if he has a good relationship with Him.
3. Reversionism can never think straight. It has the wrong perspective. It is a minus doctrine perspective.
4. God has not forsaken David. David's precarious situation has a lesson to teach David and this is a lesson that David needs to understand quickly.
5. The reversionist always judges the supergrace believer with pious phrases. Saul gets a second wind here. David is trapped, Saul thinks. God did this for me. Self righteous reversionism.

The people of Keilah are reversionism. They will act as if David is great and how thankful they are; but what is happening is, they will turn David over to Saul.

Double gates and double bars means that the city cannot be opened until morning; so Saul will get their quickly.

#### **Summary**

1. Saul assumes that, once David enters into the city, that he can get him. When an army pins itself down to a defensive position, they are admitting defeat. Wonderful men going to Vietnam and being hindered from it by the president of the United States. Young men die because when you pin yourself down, you admit defeat and you give the enemy all the time that they need. The French allowed themselves to be pinned down as well. Their arms were taken from them and the North Vietnamese use these arms in South Vietnam.
2. It is for this reason that David's soldiers did not want to go to Keilah. This was a perfect trap. They would be gotten by Saul or by the Philistines.
3. However, David is in command and he knows what he is doing. David knows what he is doing.
4. David did the right thing in delivering the city from siege. This reveals his patriotism and love of Israel.
5. While David appears to have walked into a trap, this is another opportunity for David to learn the grace and provision of God.
6. David went down to Keilah as unto the Lord.
7. Keilah appreciated it and expressed their gratitude; but man does not build his life upon the compliments of others. If this is required, then you have no capacity for life. If you live for the praise of others and recognition, then you have no capacity for life.
8. Man's gratitude is meaningless. Remember, you will be sucked in on this sooner or later. They will thank you for something today and tomorrow they will rip you to pieces. Bob hopes that they gave David a plaque of appreciation. You must take compliments and recognition with a grain of salt. Only the grace of God is meaningful.

1Sam. 23:7 When it was reported to Saul that David had gone to Keilah, he said, "God has handed him over to me, for he has trapped himself by entering a town with barred gates."

Saul does not go down to get the Philistines; he goes after David.

#### **Saul as a Reversionist**

1. The motive for mobilization is personal vindictiveness. You cannot lead a nation and use your army to be vindictive.
2. Reversionism always suffers from the blackout of the soul; and therefore, confused thinking.
3. When people are confused, they strike out at others. When you start striking out at others, you are suffering from confused thinking.
4. Reversionism is incapable of making a true estimate of the situation.
5. Reversionistic believers are destructive; they take you down with them.
6. We will see in the passages to come, the army under Saul will suffer one defeat after another. King Saul is defeated by his own reversionistic standards. In Blackout of the soul, you have a deterioration of the norms and standards. You go

back to the mental attitude sins of the soul. Before there is even one order, there is a defeat in the soul of reversionistic standards.

7. No one rises over the standards in their soul. They are fashioned by Bible doctrine or by reversionism. Human good in the old sin nature results in self-righteousness and sins of judging and sins of the tongue.

The greatest comfort given to our enemy is wheat being given to children who are being raised to hate us. Communism is of the devil himself. We will go the way of Jeremiah's day or there will be a man raised up after God's Own heart. We have elective representatives in office. Mark Hatfield is in the depths of reversionism.

In reversionism, Saul cannot improve on his standards. He is functioning under the norms and standards of reversionism. He is suffering from emotional revolt of the soul. There is no hope unless doctrine comes into the soul and changes these standards. A reversionistic believer continues to live by his standards. Saul has the world's worst norms and standards. David was in reversionism but he has now recovered. He has the standards of divine viewpoint. You cannot live above your standards in your own soul. The only time that can occur is when you have an intimate relationship and you borrow their standards temporarily.

1Sam. 23:8 Then Saul summoned [mobilized] all the troops to go to war at Keilah and besiege David and his men.

1Sam. 22:7-8 Saul said to his servants who stood about him, Hear now, you Benjamites; will the son of Jesse give everyone of you fields and vineyards, will he make you all captains of thousands and captains of hundreds, that all of you have conspired against me, and there is none who discloses to me when my son makes a league with the son of Jesse, and there is none of you who is sorry for me, or discloses to me that my son has stirred up my servant against me, to lie in wait, as at this day?

One of those words in there is *keilah*.

Saul will malign David; Saul has human viewpoint standards and is a reversionism. David has a true estimate of the situation. Saul will never understand why he is unable to get David. Many of us have neglected Bible doctrine. We don't think that we need it. We judge people by our own low standards. We are in reversionism. We judge people by the standards that we have. We come up with fronts.

You are in hypersensitive reversionism. "I don't know anything about you."

David knew that Saul was planning evil against him.

David called to Abiathar to bring the ephod to him. This means to put it on and report to David.

1Sam. 23:9 [When David learned that Saul was plotting evil against him, he said to Abiathar the priest, "Bring the ephod."](#)

David goes through the general procedure. David knows that Saul intends to come to Keilah. Not sure if this is something that David knows through G2 or whatever. The verb then needs *to besiege and destroy*.

1Sam. 23:10 [Then David said, "LORD God of Israel, Your servant has heard that Saul intends to come to Keilah and destroy the town because of me."](#)

David will ask 2 questions. Will the leaders of Keilah hand me over to Saul? The idea here is, he will be betrayed to Saul; that is what David is asking. He wonders about these men, whom David suspects are two-faced.

David also asks if Saul will come down and God tells him "yes." There is only one answer given, so David will have to repeat his question.

1Sam. 23:11 [Will the citizens of Keilah hand me over to him? Will Saul come down as Your servant has heard? LORD God of Israel, please tell Your servant." The LORD answered, "He will come down."](#)

Then asks again, will these citizens hand me over to Saul.

So, why is this question asked twice? People who are emotional are often very sincere in all that they do. To balance out sins and human good, they come up with sincerity. They meant it when they said just how great David was. They would toast him and congratulate him. People will all have this experience. You will hear all of these great things said about you. In this way, you destroy yourself.

1Sam. 23:12 [Then David asked, "Will the citizens of Keilah hand me and my men over to Saul?" "They will," the LORD responded.](#)

David is thinking something in particular at this time, and that is what we will study this next time. That will be next lesson; tonite we will pluck the pigeon.

**1Samuel 23**

**72David**

**631\_0034**

**01/07/1973 Psalm 36:1-7 Reversionist cf. supergrace character**

The men of Keilah are two-faced. They are untrustworthy. [A divine word within my heart concerning the defection of the reversionists](#). David has just heard to the men of Keilah were going to turn him over to Saul. They have told him that he is great and how appreciative they are, and they are about to betray him.

David leaves himself out of this. It is the people who have no respect for God. He sees the true issue immediately. All of these parties, all of this strap-on, it all clicks in David's mind. No respect for David means no respect for God.

### Introductory Points

1. No respect of God means the reversionist is not occupation with Christ. No respect for Jesus Christ, you will not have respect for anyone who loves you. What ought to wake you up is, in this passage is your love life. You think some idiot can tell you that you will be loved forever and they don't really give a damn about Jesus Christ. So you get the wild idea that Jesus Christ can be bypassed and that you can enjoy the love of the century apart from Jesus Christ.
2. The reversionist has rejected or neglected Bible doctrine and has defected from any capacity from love or appreciation. The reversionist appreciates nothing. Bob was like any dumb ass who becomes a pastor. You listen to the bitches bitch and the cry-babies cry. That is all wrong. All those for whom Bob beat his brains out for are gone now. They did not stick around. Find out what God wants and stick them with that. Some of you probably came here with the rose glow. Someone maybe told you that you are the greatest thing ever. When people reject or neglect Bible doctrine, they have no capacity for love. This comes from the supergrace life.
3. It is the reversionist who would betray David to Saul. They will betray David.
4. Do not be shocked when some reversionist declares undying love to you and then becomes unfaithful to you in some way in no time at all. If doctrine won't help a person, then nothing will. Bob got a call from Michigan and he wanted to ask some questions. He asked if someone could lose their salvation. He wanted to know if you could lose your salvation. He was quite impressed that he called Bob all the way from Michigan. Write down the question and turn it into T&P and they would send out the proper lessons.
5. The pattern for Israel is no capacity for love. Some have no capacity to admire and respect. One thing reversionism cannot stand is a supergrace believer. The reversionist always takes credit to himself. There are this huge group of men under 40 who think they are God's gift to women. How could any woman resist them?

Psalm 36:1 **An oracle is within my heart about the disobedience [defection] of the wicked [= reversionist]: "There is no fear [respect] of God before his eyes."**

The men of Keilah were so taken with themselves that they had no idea that they were all messed up. These are all fat-headed wolves. They think of themselves as God's gift to Israel.

Ego is not pride but ego + mental attitude sins = pride. It never occurs to the men of Keilah that David ought to be actually honored. They see themselves as being worthy of being delivered. They have not even discovered their own sins. Matsa and another Qal infinitive construct saney

### David and the Men of Keilah

1. David has discovered their sin. He was strapped on and now he recognizes who and what they really are. You cannot understand what a strap-on artist is like by contact with them. They are very attractive people.

2. Women have this problem with men; they look good and have a good personality and they are attracted to them.
3. Ladies, you are fuel for his ego. He is just going to burn another love of God; you. You are fuel for his fat head. This just flatters the reversionist.
4. David was taken in temporarily by the men of Keilah. They wined and dined him and offered him sanctuary.
5. However, with the coming of Saul, they were ready to drop him and betray him to his death.
6. Application to the men. A woman uses a man until something better comes along. It is a two-way street.
7. In this passage, David is a man. The smart woman who loves as a supergrace woman will not let herself be taken advantage by those with weak egos. What makes the soul vulnerable makes the body vulnerable. The key is Bible doctrine. The Four Freshmen used to sing a song, with the line, "Don't let the blues make you bad." David is a lonely man; he is responsible for a few thousand people. He has lost his only category #2 love relationship. He thinks he is in love with Michel and they are separated at this point. David rescues Keilah as a lonely man and he could fall for strap-on and flattery. He had no idea that, after the victory, the greatest attack was coming; the spiritual attack that he must face and meet and win.

Bible doctrine in the soul fills the soul. No matter how lonely you are, your answer, security and protection is Jesus Christ in your soul.

No one in Keilah truly loves David. They would guard the ego of David. They would never do this to him. David realizes that those with capacity for love are few and far between. David will spend his time in cwc.

Psalm 36:2 [For he flatters himself in his own eyes, Too much to detect and hate his sin](#) [to find his sin is to hate his sin].

The instability of the reversionism. The translation begins to calm down a little. David is a hero in Keilah because he begins to deliver the city. He is personable and handsome and he gets a lot of attention; all kinds of flattering words, all designed to reach his emotion without reaching his right lobe. His status of reversionism puts him under the blues. He is occupation with Christ. He has the celebrityship of Jesus Christ in his right lobe.

There is a lack of capacity in the soul. His words are empty words. The words of his mouth are emptiness; vanity. David recognizes the superficiality of reversionism. David was actually deceived by the words of gratitude. The first time you heard, "I love you" or "I'll never love anyone else" or "I'll be faithful to you forever." The valves are all shut down and emotion oozes something which passes for goodness; sincerity. The person who said it, at this moment is sincere. If you live by the Word of God and you say, "I love you" then these words are meaningful. The words uttered by the mouth are no stronger than the character of the person who utters these words. This all depends upon this individual's capacity for love. If some declares undying love to your or just love—we have more

adjectives than we have sense—and yet it is easy for them to crush your ego, then their love is not very meaningful.

There is a wonderful application. The person who goes out of his way to damage your ego has no capacity for love. The solution to any of it is still Bible doctrine.

The men of Keilah. They once had an edification complex, part or all of it; and they have lost all of it by neglect of doctrine. He has ceased to be pleasing to God. He is no longer in supergrace. No longer the capacity to please God.

Psalm 36:3 **The words of his mouth are iniquity and deceit. He has ceased to be wise and to do good.**

This is one who plots to hurt someone in bed. You usually go to bed to go to sleep; but the reversionist lies there and schemes on how they can hurt this person. Mischief is vanity, wickedness. He plans in bed how to use his reversionistic soul to hurt someone. These people at Keilah just gave David so much gratitude; and went to bed thinking about how they could harm him. How many people really love you or care for you? You hear words of love and praise expressed by others.

You are thinking that you are God's gift to women, and there are enough silly women around here to let you think that. But how many people will go to bed thinking about how they can harm you. The woman who lies in bed, calls up a man and says, "I'm in the arms of another man" and then hang up on you. Someone tells you that you are handsome and you fall for it.

The proud are the easiest to fool. The person who does not take credit to himself is much harder to fool. David was not that way. God waited until David was ready for it, and then allowed this to happen.

When Bob first began inspecting bases in the south; a guy told him, "Southern women do not know how to say no." they do not understand manners and saying no is fine. He takes a stand. This means to take a stand in a way that is not good. This describes the men of Keilah. They would tell a person what he wants to hear to his face, and yet talk about him to his back. Some of the nicest people you will ever meet are most lowdown that you will meet. Do not be concerned with human relationships until you get into supergrace. The kind of guy who is so stuck on himself that he is convinced that everyone else is stuck on him as well.

The person oozing success, oozing money, flashing teeth, bringing clippings about himself in case you don't know him. This guy will go as far as he can go. These people will go as far as they can with David.

Psalm 36:4 **He plots iniquity on his bed. He sets himself in a way that is not good; He doesn't abhor evil.**

It is even better to be so occupied with Jesus Christ so that He is always your stabilizer. What has happened has come as a blow to David. What would David mention first? Grace.

The source of God's plan is heaven ruled by God. David knows that he is ruled by grace; and the ruler of this world is Satan. Satan is in command of all these reversionist believers. Jesus Christ is still in heaven.

David knows that these men are horrendous. They treat David with malice.

#### **What David Learns**

1. God's faithfulness transcends all human standards.
2. Beyond human understanding.
3. Based upon His perfect character.
4. Only the supergrace believer can comprehend the grace and faithfulness of God.
5. David in this deliverance from Keilah will see the faithfulness and grace of God.
6. There are at least 7 ways in which God expresses His faithfulness to us.
  - 1) Rebound.
  - 2) Testing.
  - 3) In provision. 1Thess. 5:24
  - 4) In protection.
  - 5) In the believer's unfaithfulness.
  - 6) Faithful in keeping His promises and keeping His Word.
  - 7) Faithful in fulfilling His plan to us.

Psalms 36:5 **Your grace, Yahweh, is in the heavens. Your faithfulness reaches to [as far as I can see in] the skies.**

David goes from grace to righteousness. When you ask for grace, you want God to go easy on you. That is a bit of desperation. You are asking God to drop His character. God, at one time, did not have to be gracious, but He was always righteous. God cannot be righteous unless He has that perfect character. God found a way to retain His perfect righteousness. God's righteousness is +R and He cannot change His righteousness. How could God have anything to do with the human race? He coats His righteousness in grace. Whenever you scratch grace, righteousness is underneath. You scratch down to grace and you are at perfect righteousness. Love sent Jesus Christ to the cross. The justice of God has to be satisfied. The formula is justice + love = grace. Scratching the surface of grace is +R. If Jesus had not gone to the cross, David could never say help. Propitiation is a doctrine of Christian experience. How do you know that God loves you even when you are out of line? Grace is the coating over God's righteousness.

Righteousness is the base for grace. God's righteousness is completely stable and completely coated by grace. The Son loved us and died for our sins. The Son is our

substitute. The Son propitiated the justice of the Father. This is grace based upon authority and character.

Some of you need to go where there is a long and good song service.

Our authority is who and what God is. He has put it into writing for us. When this authority exists, it does not go around being mealy mouthed. Most of you need a kick in the butt.

Bob got one of those letters this week unsigned from some female. "I want you to talk about grace. I didn't sign it because I want to maintain my privacy." "Then don't write me again; I want to maintain mine as well."

Righteousness is perfectly stable. The mountains of God refers to perfect stability.

This goes with the previous verse. There is a parallel. Faithfulness as high as the sky, Your grace is in the heavens. You have delivered man and beast, O Jehovah. This principle of deliverance applies even in the animal kingdom.

Psalm 36:6 [Your righteousness is like the mountains of God. Your judgments \[just decrees\] are like a great deep. Yahweh, you preserve man and animal.](#)

Precious and rare; more valuable than anything else. Chasah was used when David went to the cave of Addullem. He will take refuge under the shadow of God's wings. This is the supergrace believer who gaps it to supergrace. Grace cannot be appreciated apart from consistent intake of doctrine. This person will be in perfect security.

David will continue under the shadow of God's wings whereas the treacherous will fall off the cliff.

Psalm 36:7 [How precious \[valuable\] is your grace, God! The children of men take refuge under the shadow of your wings.](#)

**1Samuel 23:13**

**72David**

**631\_0035**

**01/08/1973 Psalm 36:8-12; 62:1-5 Farewell to Keilah**

The first of several messages from David to the men of Keilah.

Grace love is found here; God has the perfect freedom to reveal His character. We live for just a few years in this life as believers. In the devil's world, under the most adverse of circumstances, God can bless the supergrace believer.

Psalm 36:7 [How precious \[valuable\] is your grace, God! The children of men take refuge under the shadow of your wings.](#)

Fat is a metaphor for being lazy and gross; but fat in the ancient world indicated prosperity. People who were fat were usually prosperous type people. We must interpret this passage in the time in which it was written.

The Tabernacle was a teaching aide, and it all had meaning; but the priests taught this. So the house is the Tabernacle, and that teaches Bible doctrine.

Sometimes, you pursue Bible doctrine, and the things that you wanted pursue you. This is the streams of pleasure. Put doctrine before everything else and learn it and move into that place of supergrace capacity, you develop the capacities and occupation with Christ. The abundance of life pursues you. When these things are dropped into your life, then you pursue doctrine. God wants to express His love in giving; He is free in grace to do this.

You have a child, but the child is spoiled. No matter what you give them, they are bored with it and spend 1 minute enjoying it, and they expect you to give them more right away. You don't want to give to a child like this.

Psalm 36:8 **They shall be abundantly satisfied [saturated] with the abundance of your house [doctrine]. You will make them drink of the river of your pleasures.**

#### Introductory Points

1. Jesus Christ is the source of this stream of pleasure.
2. These living waters represent wealth and prosperity pursuing us.
3. God has found a way to bless us in the Angelic Conflict.
4. The fountain is a spring; it has living waters. This is wealth, success, RM/RW, etc. the believer occupied with Christ. Opens up a fountain and a stream opens up in your life. David had streams of pleasure beyond streams of pleasure.
5. Living waters is Jesus Christ as the source of all blessing for the believer.
6. Just as the spring is the source of the stream, so supergrace capacity and the Lord Jesus Christ acting opens up this new life.

David understands the men of Keilah now. Bible doctrine in the right lobe becomes a source of blessing and prosperity and also becomes the basis for discernment. You can spot such a person quickly.

Psalm 36:9 **For with you is the spring of life. In your light shall we see light.**

David now thinks of his own men. Scratch beneath the surface of grace and underneath it is righteousness, which provides the stabilization of it all.

Psalm 36:10 **Oh continue [scatter, prolong] Your grace to those who know You, Your righteousness to the upright in heart.**

Then we have the two-facedness of those who were rescued by David and now they have turned agasint him.

Psalm 36:11 Don't let the foot of pride come against me. Don't let the hand of the wicked drive me away.

The workers of iniquity are the men of Keilah. They have been thrust down. No believer can rise above the standards that they have in reversionism and the deeds of reversionism. The men of Keilah have been treacherous with David. And they will go down with Saul.

Psalm 36:12 There the workers of iniquity are fallen. They are thrust down, and shall not be able to rise.

The narrative comes from Samuel and the thinking comes from the psalms. David and his men need to separate from the men of Keilah, who are in reversionism. They are going into the unknown.

They went here and there, wherever they could find a place.

These men of Keilah saw a promotion from Saul slipping out of them. Such men have poor discipline. The rear guard is passing through the gates.

1Sam. 23:13 So David and his men, numbering about 600, left Keilah at once and moved from place to place. When it was reported to Saul that David had escaped from Keilah, he [Saul] called off the expedition.

Now, as he leaves, David speaks to these men of Keilah. Ak opens each strophe; and it means *only toward Elohim*. They were moving in as if they may try to assassinate Him.

Only toward God; my soul will silently resign itself to God.

Psalm 62:1 My soul rests in God alone. My salvation is from Him.

David knows that he is delivered. He knows that these men cannot do a thing to him. "You can't wipe me out; I am in the hands of my deliverer. If God does not deliver you, then you are not delivered.

These men want to destroy him, and he will die in a ripe old age in between 2 young dolls. David's been rescued by the Lord already; so these men cannot be treacherous and betray David to Saul, if they understood this. The reversionist never appreciates grace action or grace function. The men of Keilah are reversionists. They cannot appreciate anything and are completely fouled up here. They want to kill the person God is supporting.

Only He my Rock and Deliverance. Rock, deliverance and security. The fortress refers to security. David is saying that he does not get shaken up.

### Summary Points

1. This is David's testimony to those who are going to try to take his life.
2. David is occupied with Christ and so Jesus is more real to him than these men.

3. David still faces these men, but he is delivered.
4. David is not shaken by the treachery of these men.

Psalm 62:2 He alone is my rock and my salvation, my fortress -- I will never [not] be greatly shaken.

David saved them and they repay him with this great betrayal. David also had the gift of prophecy. David does not even have to pull out a crystal ball.

#### Summary

1. A bulging wall falls over of its own weight; a reversionist destroys himself with his own life and thinking.
2. A tottering fence only takes a little pushing to turn it over.
3. The reversionist is destroyed by his own momentum. His own momentum of soul; blackout of the soul.
4. David was a true friend to the men of Keilah; Saul is their real enemy.
5. Catering to Saul, they seek to kill David; reverse process reversionism.
6. If you are a believer and reversionistic, you are like a bulging wall or a tottering fence; you will never have capacity for true friendship or true love.
7. The reversionist destroys his true friends while catering to his enemies.
8. Hypocrisy turns you against your real friends and turns you against your friends, and the bulging wall will fall flat. Hypocrisy and treachery destroy capacity for love.

Pray this is not true of your fm or your rw. This will be an education in two-facedness. Doctrine works, and there is nothing wrong with doctrine. It is the people and their principles. Opposite direction doctrine. This will keep you from falling apart and from being bitter.

Psalm 62:3 How long will you assault a man [how long will you attack a man unjustly?], Would all of you throw him down, Like a leaning wall, like a tottering fence?

Only from his exalted status. This means this phrase has great emphasis. David is occupied with the Lord. This requires them to have a certain type of negative character. They take great pleasure in falsehood; in him strapping it on. Many would prefer to tell a lie over telling the truth. A reversionist gets his kick out of strapping it on for others.

If she phases them out, she dear George's them; tells them she needs to go back to grandmas house. They take pleasure in falsehood; in maligning David. They bless him with their mouth but they revile him inwardly.

They probably stopped David in the street and thanked him for saving them; and how he kept it safe for his business or kept his daughters from being raped.

Psalm 62:4 **They fully intend to throw him down from his lofty place** [they only plot to take him down (overthrow) from his exalted status]. **They delight in lies** [they take pleasure in strap-on]. **They bless with their mouth, but they curse inwardly. Selah.**

In selah, David is resting in God's plan, and things move in.

### Summary

1. This is not only the function of the men of Keilah, but this is their function from the beginning of time for all reversionists. Things have not changed. Only plumbing and air conditioning and television.
2. The reversionist exchanges and says, "I'll take your love and give you my hatred." Ladies arise, freedom must be your choice. Many of you women are so stupid about men, you think marriage is sweetness and light. You will make one decision and find out that you are in slavery. You give him love and he gives you hatred. It works both ways. Lovely to work you head off all day long. Then you come home and you get an icy chunk of hatred. It can become a heavy barrage of nagging. That is the application of this verse. There is something worse than being single and lonely. Identify RM/RW and they are in reversionism. Marry that person and you too will be in reversionism. Bob hopes he saves one person from going to the altar tomorrow.
3. To do this; to exchange your love for his hate, he has to be jealous; the men of Keilah were jealous of his supergrace honor.
4. They must express jealousy, vindictiveness and maligning. They must learn the basic policy of reversionism. They call David a savior to his face and an SOB behind his back.
5. He blesses you to your face and curses you behind your back.
6. Reversionism cannot cope with grace. Impossible for reversionism to cope with grace. David is a supergrace believer. The men of Keilah cannot cope with it. David will walk out the gates unharmed. If any of the men of Keilah had any sense, they would follow David out the gate.

All spiritual victories occur in the soul. Self-consciousness; two frontal lobes; left lobe and the right lobe. Emotion and the old sin nature. All spiritual victories are won in the soul. When believers become apostate, they begin to redefine spiritual victory in terms of doing something. You cannot equate spiritual victory on what you do. Spiritual victory is based upon what goes on in the soul. There is divine good production; but it begins in the soul. It is not doing something around the church, or coming to church, or following some program. Victor is in the soul. What does David say? Do you think I am a spiritual giant because I pray or witness or killed Goliath or saved Keilah?

David is not shook one bit over this. David is not to run around and do things or explain himself, but to be silent for God alone. This is when the men of Keilah should have all marched out. But they would not repent or change their attitude toward doctrine.

Psalm 62:5 [My soul, wait in silence for God alone](#) [O my soul, be silent only to Elohim], [For my expectation](#) [confidence] [is from Him.](#)

**1Samuel 23 Ps. 62:5-12**

**72David**

**631\_0036**

**01/09/1973 Two doctrines of provision**

Wait here refers to submitting one's soul to God.

Psalm 62:5 [My soul, wait in silence for God alone, For my expectation is from him.](#)

David looks back at them, who want to kill him, and he says it all depends upon God. The rock refers to security. They stand upon a high rock and cannot be disturbed. Bob complains about a rifle and .30-.30's. Havalinah got mad and approached Bob, but he was on the rock and it saved his neck. Normally, they are docile, but when mad, they are mean critters. Being on the rock was the safe place. We are safe on this earth because of who and what Jesus Christ is. When the balloon goes up, do we go to Arizona? What do we do? God has different plans for different people. You cannot tell someone else what God's will is for their lives. You cram them filled with doctrine and let them determine what to do.

Our security is not in some preconceived plan. The supergrace believer knows what to do when it comes down. The easiest thing in the world; you take in doctrine.

Jesus Christ is the only celebrity for the believer. There is not way that anyone could get to David because God has everything under control.

Psalm 62:6 [He alone is my rock and my salvation, my fortress. I will not be shaken.](#)

God is David's fortress; he is not trapped by the men of Keilah or by the walls of Keilah.

Psalm 62:7 [With God is my salvation and my honor. The rock of my strength, and my refuge, is in God.](#)

Batak takes doctrine and cycles it into the human spirit. He tells the men of Keilah that they need to recover from their reversionism. There is a direct connection between the right lobe and personal health. The woman who whines about the man she marries, who was as clear-headed as she could be when she walked down the aisle with him. This is the worst bunch of whining, complaining, etc. The worst company for a woman is another woman. You develop the vocabulary of whining. This is the greatest contributor to women becoming lesbians. There is a lot of attrition in the pulpit because people unload all of the time.

This is the same as Casting all of your cares upon Him.

Selah; the orchestra continues to play and the singers rest. This is us resting in God.

Psalm 62:8 Trust in him at all times, you people. Pour out your heart before him. God is a refuge for us. Selah.

The 3<sup>rd</sup> and last strophe. No place in the Christian way of life for snobbery or a superiority complex. Dogmatically; men of low degree, trashy men are empty.

White trash are empty; aristocrats are empty. There are some in the Christian life who have trouble with those who are successful. Sometimes, these are put on a pedestal and they are worshiped.

People have a tendency to put others on a pedestal. A person with some status who has been saved for 24 hours, and everyone wants to put them on a testimonial bandwagon. Shoved up in front of others as if he or she is a great Christian. They are a minor celebrity who just stepped into the Christian life. People who are highly successful are not necessarily great believers.

They haven't done anything; they haven't been anyplace. Maybe they ought to speak.

If God does not prosper you, you are not prospered; if God does not promote you, you are not promoted.

In the balances, they all go up together. God has supergrace greatness on one side. We put a man of low degree in here. See if he balances out. Because of emptiness, they go up in the balances. Human standards cannot be imposed upon the human race.

Ladies, do not impose human success standards or human standards of asceticism on the Christian way of life. We used to have a boy that went to this church; he's a preacher-boy now, and I call him that because it is an insult. He is a real name-dropper about who he met and what a blessing it has been.

In the Christian life, there is one celebrity and many supergrace heroes. The reversionist never balances with grace. The treachery of the men of Keilah. The emptiness of human standards causes their end of the scale to go up.

Psalm 62:9 Surely men of low degree are just a breath, And men of high degree are a lie. In the balances they will go up. They are together lighter than a breath.

The other side of the fence now. Do not depend upon the oppressor. Treachery always forfeits freedom. We became treacherous and we sacrificed freedom at Yalta and Potsdam; a 3<sup>rd</sup> of the earth lost their freedom here. Our weak, vacillating foreign policy. You cannot compromise with tyranny. We squander American lives because of this sort of thing; 60,000 American lives were lost because of this.

The military fights for freedom and gains freedom; prosperity is gained through free enterprise. When the leeches are allowed to live, the society is dragged down. To protect them from self-destruction, there must be a bottom dropping out to kill the parasites.

Doctrine in the soul means happiness. In this situation, wealth will pursue him. Do not become foolish about plunder-prosperity. Do not regard wealth as the basis of your happiness. The gains over reversionism do not produce happiness.

Maybe you get others out of your way by bad-rapping them. Do not ever try to get promoted by putting others down.

Psalm 62:10 **Don't trust in oppression. Don't become vain in robbery** [do not become foolish about plunder]. **If riches increase** [if wealth prosperity increases], **Don't set your heart on them** [do not make wealth the center of your life].

If God promotes you, it is meaningful. You do not move up by displacing someone else. If the Lord promotes you, you are really promoted. There is no happiness from the gains of reversionism. The men of Keilah will enjoy no happiness over betraying David.

There are 2 doctrines which David will leave with them. First doctrine: power belongs to ELOhim. Who has the power to promote you? Who has the power to drop a million dollars into your lap.

You can't kill me now, even though you want to do it.

Psalm 62:11 **God has spoken once** [one thing ELOhim has spoken], **Twice I have heard this** [2 doctrines I have heard], **That power belongs to God.**

The second point of doctrine is, grace belong to God. Here, the key is, upon whom do you concentrate? God wants to give us everything associated with happiness. And everything in the universe belongs to God. Happiness and prosperity can only be given to those who have the capacity for it. You need to have doctrine running throughout your soul. Bible doctrine is your capacity.

God does not cry; but He does, in a sense, because He is unable to pour out blessings upon us because we have no capacity for it.

Psalm 62:12 **Also to You, Lord, belongs grace, For you reward every man according to his work** [You have prospered everyone according to his occupation].

David reminds these men that God has the authority and God is grace; and God poured out grace upon David. There is nothing that God withholds from David. There are two things; God's power and God's grace. Jesus Christ is the one giving us these things. Never in all of history has one man written so much about his own prosperity. Yet, not once did he take credit to himself for this.

God will bless us and God will prosper us.

1Sam. 23:13 So David and his men, numbering about 600, left Keilah at once and moved from place to place. When it was reported to Saul that David had escaped from Keilah, he called off the expedition.

**1Samuel 23 Psalm 101:1-2**

**72David**

**631\_0037**

**01/10/1973 David's lessons from Keilah disaster**

This will be our last passage on the men of Keilah. We are learning what David got out of his Keilah situation. Any kind of a reversal or setback is an extra class. David learned from his Keilah experience. You, under difficulties, learn to develop a policy. We are creatures of habit and we all have a policy of life. We have principles under which we operate. The treachery of the men of Keilah taught David many lessons. His norms and standards are affected because he learns from this experience and he sets up policy based upon this experience.

Bob reads the psalm in the English. We will understand many of the lessons that David understood from Keilah. We can learn these lessons apart from being shafted. We do not have to have a Keilah experience.

Psalm 101 inscription [A psalm of David.](#)

Twice, David says *I will sing*. This suggests that David is on top. This means *to sing when you are happy, to sing when you are enjoying blessing*. The men of Keilah did not capture David; he spoke a few words to them and exited.

Grace is the source of every blessing that we will have in life.

Second word *to sing* is different and it is with musical instruments. All of the psalms were sung, but we do not know what the tunes were. The music does not mean a thing; the lyrics mean everything. You cannot think with music; you can only think with words.

One thing about percussion; they are not designed to bring out the melody. If you need the percussive instruments, you are probably on some kind of dope. To you, O Jehovah, I will make the music of praise.

This is a title, more or less for this psalm.

Psalm 101:1 [I will sing of grace and justice. To You, Yahweh, I will sing \[make music\] praises.](#)

David is in the Hiphil stem; causative active voice. Sakal means *to have the smarts*. Wisdom is the application of doctrine to experience.

derek here means a way of life and tamiym indicates a complete or satisfactory life. A life that is meaningful. The men of Keilah are stupid. Had they remained with David, they would have enjoyed great blessing. Those who identify with reversionism share the fate

of reversionism. All you have to do is be identified with reversionism. David is not going to do this. These men will identify themselves with Saul.

People will be very disappointing to you. Those you love and have great feelings for. There is a difference which doctrine sets. These men were appreciative of David delivering him, but when faced with Saul and what he requires, they went with Saul. David makes his decision here. "I am going one way; they are going another." These are ships which pass in the night. This is what you have to decide from time to time.

David was on the right road; the road to supergrace. We will meet a variety of people. If we stick with these people, we will share their reversionistic future. If we move on, then onto glory and blessing we go.

You cannot turn your back on people who are truly attractive to you unless you have Bible doctrine. Bible doctrine has to be more important than any form of reversionism.

Once you turn your back...the men of Keilah represent attractiveness and fun. You may go through a difficult time; you want to turn back; you want to go back. There is always loneliness which follows. You never make a decision to walk away from that kind of a person without having some sort of reaction. If it were not for Bible doctrine, you would turn back and share the oblivion of that person. You cannot make a good decision to separate yourself from reversionism without getting some emotional reaction. You may wonder, "Where will I get my prosperity, my success, my million dollars, my right person." All you have is doctrine. God always puts you in a place where all you have is doctrine. The basic coat for your life is always doctrine. Prosperity is just the trim.

Walking away from a reversionism is like a woman waking up in the morning. Anywhere that you go from there will be an improvement. The woman needs the beautiful skin first. Thanks to cosmetics, you can have the great skin you want. You move from funsville and loneliness and all you have is doctrine. You just turn you back on reversionism. Some of you have squinty eyes, but there are ways to make them large. Everything that you have might be just the very basics; just doctrine. David has problems and people under his command; and he is a lonely person. By turning to doctrine, you have the basis for all prosperity. You cannot paint over all of your hills, wrinkles and discoloration until the foundation is smooth and beautiful. Bible doctrine is the basic for everything.

If the Lord does not provide it, it is not worth having. If the Lord does not promote you, you are not promoted.

David will not walk around but have a way of life in his palace. However, he does not have a house; he lives in caves and out in the open. The Jews live on an escarpment and there is this fort held for 400 years and David will take that fort and he will convert it to a beautiful castle. David will be able to look toward the Mediterranean, toward the Negev, toward the great plains of Jericho. David will have a wonderful life in this castle. He will have a great social life in this castle.

Solomon inherited all that he had and did not enjoy all that he inherited. David knows that he will have great prosperity in the future.

I will walk around in prosperity in the confines of my heart in my castle. He will enjoy this because he has Bible doctrine in his right lobe. He will become wise in a fulfilling life. He will always stay with supergrace. Doctrine is the basis for supergrace happiness. Bible doctrine in the right lobe.

### **The Men of Keilah and Their Use of People and Doctrine**

1. David has learned from Keilah that supergrace blessing from the Lord can be long in coming, but it is worth waiting for. It is a 6 year wait. If you're 18, you cannot imagine waiting an hour for anything.
2. Therefore, David will wait on the Lord's timing and he will get there on the Lord's schedule.
3. You cannot lose with the Lord's schedule. You lose by getting behind or ahead. You don't get pushy or impatient. Some of you get ahead by manipulation. You use people as rungs in the ladder that you are climbing. You used to have a veneer or self-righteousness. Some of you use doctrine the way that you used to use people. You are not really positive toward doctrine; you are positive toward prosperity. If doctrine is just a way for you to get prosperity, then you are in trouble.
4. David learned a lesson from the men of Keilah. He knew they were impatient. They wanted everything now or awhile ago.
5. When people push to get, or using people or doctrine to get ahead, you will lose out altogether. They were willing to trade David for Saul. They will lose everything. It is amazing that the pushy ambitious people are the ones to end up, *he pushed his way to obscurity*.
6. David puts the horse in front of the cart. David will not push his way to prosperity, but we are to take in our manna day by day. Once you do't care. Once you are propertied,
7. David will enjoy supergrace and then prosperity. He is occupied with Christ in between. We enjoy many things because of contrast. You might be unhappy cold and going into warmth is nice. Some people are in great pain and it comes to a point where they don't hurt, and they like that. We derive happiness from going from something that is uncomfortable to something that is painless.

David will move to greater and greater prosperity as his life progresses. Now, maybe 23 years from now, he will go into reversionism, and he will retain his prosperity, but no longer enjoy all God gave him.

Bob survived a bad plane crash 30 years ago, but he does not retain happiness from that any more.

Bob was out in the Mojave desert and he was freezing at night about 5 miles from his car and he was freezing and he could finally build a fire and it was the greatest thing in the

world. 20 years ago, you might have had a significant other in your life, and you were quite happy; but that is no longer the case.

David here stays right on schedule with God.

Psalm 101:2 I will be careful to live a blameless life. When will you come to me? I will walk within my house with a blameless heart.

Verse 3 is next time.

1Sam. 23:13 So David and his men, numbering about 600, left Keilah at once and moved from place to place. When it was reported to Saul that David had escaped from Keilah, he called off the expedition.

**1Samuel 23 Psalm 101:3–4 72David 01/12/1973 631\_0038**  
**Lessons David learned at Keilah. Association with supergrace believer cf. association with reversionist**

This is what David learned at Keilah. Bob learned something about Texas and that Dallas is north of the Mason-Dixon line. Bob was a student pastor in Dallas. When ice hits the streets of Texas, people just don't know how to drive on ice. So, that is why Bible class was cancelled.

The men of Ziph in the upcoming chapter will perform the same treachery, but with greater efficiency. Dabar Belial. Most of the time *Belial* is transliterated.

Deut. 13:13, 1Sam. 1:16 2:12 25:17 are some of the passages where we have the phrase *sons of Belial*. *Belial* means reversionism. One of the first signs of reversionism is long hair on a man. The woman who goes along with this is a reversionist in her soul as well. The only men with long hair were Nazarites. No alcohol or women either for the Nazarites.

We have this affliction which is destroying our country. Long hair is the sign of the woman responding to the man. Emotional revolt reverses the role of the man and the woman. Blackout of the soul which leads toward reverse process reversionism. The men of Keilah had a true friend in David. Saul was a tyrant and in reverse process reversionism, the men of Keilah seek to ingratiate themselves to Saul instead.

This psalm is what David learned. Negative volition toward doctrine; to reject Bible doctrine as a believer is to reject the very capacity for freedom, for life and love, for all of the things that God would provide for you. Negative volition leads to a vacuum which sucks in false doctrine and anti-establishment thinking. David said, I learn from Keilah never to associate myself with reversionists. So David said, "I will not adhere to the doctrine of Belial."

I have hated the production of the ones who turn aside.

Psalm 101:3 I will set no [or, I will not adhere to the] vile thing [lit., doctrine of Belial] before my eyes. I hate the deeds of faithless men [I hate the production of the ones who turn aside]. They will not cling [adhere] to me.

There were be great generals to come out of this and these would be some of the greatest generals in all time. Few outside of Alexander the Great, Napoleon and the Vermacht of the 2 world wars produced so many great generations.

Many people are associated with supergrace believers.

Suppose that Richard Nixon was a supergrace believer and that he instituted universal military training. Let's say that they were given a year of college in their 3 years of military. And let's say that there was a superbowl football thing. Let's say that they could go into training for police work as well. All are given guns and so many rounds of ammunition. And suppose that poor white trash and Blacks who committed were crimes were hung on lampposts in front of their homes. Bob is doing a lot of supposing. Suppose he takes all of our obsolete bombs and leveled North Vietnam. Execute all drug dealers and homosexuals. These are supergrace viewpoints. All of this blessing and change would overflow. No longer take a census; no longer go into the personal life of any individual. Those who adhered would not be blessed. This would be greater than the period of the Antoinine Caesars.

This would take great moral courage. This would be what would happen in David's day. Israel had a wonderful period of time.

You will never find a liberal who likes the reign of Queen Victoria.

### Summary

1. David learns the importance of separation; separation from reversionism and separation from doctrines of reversionism. This can only lead to policies of . God's grace to remove David from the court of Saul. There will be separation from the people of Keilah and from Ziph.
2. If David is going to be prospered, promoted and blessed, then God must receive the entire credit.
3. Therefore, separation precedes such blessing. If any treacherous person sticks with David when David reaches the point of glory; anyone who is a reversionist will try to claim the credit.
4. God was able to bless David as He was unable to bless any other man. If there are any reversionists who tag along, they will try to claim the credit. Every time some ass is interviewed by the press, they are asked, "To what do you attribute your success?" However, they wield some influence. Cleopatra was quite a woman, 99% evil and 1% human good. She was not an Egyptian; she was a Greek. Cæsar turned the world upside down. Cæsar put us back on time. Most people who are successful could not tell you why. When David is on the throne and his dynasty

begins. 80 years under David and Solomon are the greatest periods of time of Israel; and no welfare state. No parasites.

5. There must be on the part of the supergrace believer, who has potential for blessing, social separation from reversionists. You do not separate in business. You are influenced by those with whom you have sex, with whom you have social life with, and with those you are politically associated with. If you are associated in any of these 3 areas with a reversionist, they will affect you. Such people will try to take credit for you. Those with whom you have sex, political and social relationships will have influence upon you. No president in this land, even as a supergrace believer, can be beholden to, related to, or involved with a reversionistic set of believers and still advance. Our system precludes blessing unless there are a lot of supergrace believers. If our form of government ever changes, we won't need as many.
6. Otherwise, people will associate David's blessings with reversionism rather than with the grace of God.
7. This is important. This is something that you must remember. This is why you must separate from families, loved ones, etc. This is why David will be one of the richest and most successful believer in this age. Even John Calvin recognized depravity of man. Total depravity is a true doctrine; the sovereignty of God is a true doctrine, but they are hooked up by the free will of man.
8. David is careful to preserve the Lord's honor.
9. Grace must never be compromised. \
10. So it must be clear to anyone that anything which David has is from the Lord and because of the Lord.

God can dump a million dollars into your lap. Reversionists are on the devil's side and if they are associated with you, they will attempt to take credit for it. God may limit what he gives us because of our associations. God has all of this stuff. He wants to give. It drives Him crazy that you cannot receive all of these things because of your associations. David is a classical illustration of all of this fantastic blessing and not one reversionist in the hookup.

Psalm 101:3 **I will set no** [or, *I will not adhere to the*] **vile thing** [lit., *doctrine of Belial*] **before my eyes. I hate the deeds of faithless men** [I hate the production of the ones who turn aside]. **They will not cling** [adhere] **to me.**

Then men of Keilah want blessing and prosperity; and they thought they could advance their cause by betraying David. Çur means *to apostatize, to deviate, to turn away*. God has His great blessing and all of the reversionists will turn away from David. He will reach the throne as a supergrace believer but without being associated with reversionists.

Absalom, his son, will lead a revolt, and Absalom will be destroyed. He was David's favorite son. He was very attractive, but his soul did not match his physical attractiveness. He appeared to have everything, but Absalom in reversionism revolted against God. The deceitful heart will be turned away from me.

Psalm 101:4 **A perverse [deceitful] heart will be far from me. I will have nothing to do with evil [I will not acknowledge the reversionist].**

### Summary

1. The treacherous men of Keilah lost out on blessing by association. Here is a young man who founds a corporation. Say Jones gathers some capital and goes into business as a supergrace believer. He has some business problems along the way, but he eliminates these things and he begins to expand and expand. God reaches him with supergrace prosperity. Those associated with him are also blessed. They all manage to have supergrace associations. He paid better wages and they never unionized and never went on a strike. God honors supergrace principles at work. Supergrace overflows in its blessing by association.
2. God has designed a lot of people to be blessed in this manner. He blesses a nation based upon the supergrace gel. Coaches blessed; he turns out great kids. He does not run an animal farm. Supergrace corporation president. Those will share the blessing in association all the way up. Police officers in this area will be honest and run a good city. There is overflow of blessing all over the place; in the schools, police force, etc. This all overflows onto millions of people. Not all of us will be kings, presidents, corporation heads, etc. That New Orleans thing is related to all of this, and he would not be on top shooting people. Right now there is a shortage of supergrace believers. It is easy to say supergrace; but much harder to get there. Bob gets some of the weirdest calls in the world. I cannot even imagine some of the problems you have. You're weird. But even weirdos get there. "Well, you taught that." "The hell I did." What books do I read? I read a good western now and then; or a good historical novel. Bob doesn't read Christian books. "I don't read that junk."
3. Reversionism keeps them from maintaining that association. Reversionism causes us to break off from someone who is going up.

The men of Keilah will slander David in v. 5, which is what we will study on Sunday.

1Sam. 23:13 **So David and his men, numbering about 600, left Keilah at once and moved from place to place. When it was reported to Saul that David had escaped from Keilah, he called off the expedition.**

**1Samuel 23:14 Psalm 101:5-8 72David**  
**01/14/1973 Doctrine of enemyship**

**631\_0039**

This is all about what David learned from Keilah. The men of Keilah would have been blessed by association with David. Reversionism keeps them from enjoying the blessing that they would receive by being associated with David.

In 6 years, David will be the wealthiest man in the world; and his son will inherit this wealth from his father. God is probably gnashing His teeth because there is no believer to which

He can give a billion dollars. This would be a man who, in supergrace, could appreciate this money.

Until Jesus Christ returns to the earth, David is the greatest ruler who would ever live. He had his right woman; he had everything. David received the maximum of every blessing available. However, he was impressed with the celebrityship of Jesus. In all of human history, no one was blessed as David was blessed. No one has had such great prosperity. There is the principle of association by prosperity.

Psalm 101:4 **A perverse [deceitful] heart will be far from me. I will have nothing to do with evil [I will not acknowledge the reversionist].**

There is some anachronism in the Old English. *Whoever* refers first to the men of Keilah, but now can be applied to many groups of men. *In secret* refers to two-facedness. The men of Keilah expressed their great gratitude for what David did; they would remember him everything, and they gave him plaques and great banquets; they strapped it on him good.

However, in secret, they looked to betray David to Saul to advance their own interests. They flatter to the face and slander him behind his back. This is a woman who late-dates you and triple dates you, while declaring undying love to you. The men of Keilah will say nice things to his face and slander him behind his back. If Jonathan had only lived, David would not have had problems with his chief of staff. Joab was treacherous and would slander David behind his back.

Tsamach means something different in every stem. Niphal stem here is the violent stem; they are made to be silent. Pilpel is to annihilate. Barmaid's kill. The Piel stem softens this up a little; the violence is over; they are a heap on the floor. The Hiphil is causative. Suppose that Nixon was supergrace and he would get rid of the lousy politicians. It is politicians who are honest with integrity who never get elected because they will not owe anyone anything.

### Summary Points

1. There is nothing worse than a two-faced person in a prosperous nation. Same in a prosperous social group or in a church.
2. The two-faced person is a leech trying to steal prosperity apart from the supergrace capacities. A two-faced person always steals from God. They give all of their testimonies and this is an attempt to steal from God His glory and His grace.
3. The two-faced person is the believer who would give some overt expression of love for doctrine, but just to gain his own ends. An arrogant person will use God.

These men were going to betray David to Saul in order to advance their own interests and ambitions from Saul. Many of you have friends who use us as a stepping stone. There are those who express love beautifully; and they appeal to your arrogance; and their arrogance is greater than yours. Some of us were used in marriage. Beware of being

used by reversionism. This eliminates supergrace prosperity. If you have so-many reversionism, you will go their way. Reversionism will neutralized your own spiritual growth.

### **David and the People of Keilah Strapping it on Him.**

1. Keilah taught David that reversionists are not to be trusted. Some of you got hauled in here and you have no idea what I am talking about.
2. They may declare allegiance to you or undying love, but there is a facade of hypocrisy behind their declaration.
3. The real purpose in flattery is to use you for their own ambitions and selfish ends.
4. The tragedy is, these people can break your heart because you associate your own personal integrity and love with them. You have capacity for love and you associate their words with your own integrity and capacity. When you say that, it is meaningful; and when they say it, it means nothing.
5. Their words are false. They seek to usse you for their own happiness and prosperity. Promotion, security, social promotion, happiness and general prosperity are thing things they want out of this.
6. David is a very lonely person and there will be 6 years of civil war in Israel. Loneliness makes him vulnerable to being strapped on. "Don't let the blues make you bad" is a lilne from a Four Freshman song. African music is not American music.
7. In this period of great loneliness, David does not become socially or sexually unfaithful. Michele is married to another general of Saul's but David is faithful to her, despite being lonely.
8. Occupation with Christ in supergrace kept David from many treacherous traps. The celebrityship of Jesus Christ is the answer to loneliness, to the advancement of pseudo=love. You haven't lived until a person in reversionism is attracted to you.

Psalm 101:5 **I will silence whoever secretly slanders his neighbor** [lover, or alleged category #3 friend]. **I won't tolerate one who is haughty and conceited** [the one who has proud eyes and a ambitious heart].

David will eventually have great and wonderful friends in supergrace. He will operation for many years without a trusted assistant.

David will look to have a true friendship with those who would serve him. He wants a person with a doctrinal capacity from supergrace to serve under him.

Psalm 101:6 **My eyes will be on the faithful** [doctrinal ones] **of the land, That they may dwell** [have a social life] **with me. He who walks** [a way of life] **in a perfect way, He will serve me.**

This is manufacturing out of the blackout of the soul, or from scar tissue.

David will have the most beautiful place in the world where he will set his castle. This is the fort of the Jebusites and David will mount an attack against them. The Jebusites have held out for 400 years. David will turn this great fortress into a wonderful castle. The city

will be built up and be filled in, and the Temple would also be located there as well. This will be the greatest home for any king.

Some people constantly lie, even when they can tell the truth. Not being established means that they will never be in David's organization.

### **Integrity and Organization**

1. There must be some rapport from leaders to grunts. The infantry provides us our freedom.
2. Prosperity in any organization depends upon honesty and integrity. You cannot lead unless someone tells you the facts. Robert E. Lee always had great intelligence from Jeb Stuart. When Jeb was gone or dead, Lee no longer had the facts. David will make certain he is surrounded by honesty and integrity.
3. He has no place in his life for the men of Keilah.
4. He has just learned from the men of Keilah that one dishonest assistant can destroy an entire organization. Women can be bored; and there is no man-eating tiger who is worse than a bored woman.

Psalm 101:7 **He who practices** [manufactures] **deceit won't dwell** [in blessing] **within my house.** **He who speaks falsehood** [habitual liars] **won't be established before my eyes.**

David will spend some time each day destroying reversionists in the land and in government. Reversionists will destroy the basis of divine prosperity.

Jehovah's city is Jerusalem. The Jews have occupied a portion of it and the Jebusites occupied most of it. David will make this his capitol city. He has to rid it of reversionists.

Psalm 101:8 **Morning by morning, I will destroy all the wicked of the land; To cut off all the workers of iniquity** [the doers of vanity, which describes reversionism] **from Yahweh's city.**

Jonathan is one of the noblest men who ever lived; but he ended up identifying himself with Saul. At this point, David may not be as far along as Jonathan was in spiritual maturity. Jonathan is the crown prince, a supergrace believer. His tragedy is being identified with a reversionist. After death, Saul, a believer, will shed his reversionism, because he will be face to face with God.

David will give a message at their funerals. This will be a very subtle lesson that we will learn.

Once David separated himself from the men of Keilah, he enjoys a little prosperity.

### **There Are 7 Different Words Translated to *Dwell*.**

1. Gur = to dwell as a stranger.
2. Dun = to live and be depressed.

3. Dur = to live somewhere restlessly.
4. Kanah = to bivouac, which means you are constantly moving.
5. Lun = to come and spend the night and maybe longer.
6. Shakan = to dwell permanently somewhere.
7. Yasah means to dwell in blessing.

David is living in the high and dry desert area, like in New Mexico or northern Arizona or around El Paso. Alpine, TX. Midbar is high desert area, and this is south of Jerusalem. Below Hebron is Ziph, which is on a high tableland, and it observes all of the places around. Down to the Negev, you have high desert country. David is living in happiness in the desert.

Metsuda and there is Metsoda. David found some natural fortifications in that area. It is natural as over-against constructed fortifications. David is in great happiness out in the desert of Ziph.

Those in Ziph are from David's tribe. Saul sought him everyday. There are patrols.

#### **Reversionist and the Plan of God**

1. This is a statement of grace deliverance. David's safety and the safety of his followers depends upon who and what God is.
2. As long as God's plan calls for David to live, all the armies in the world cannot find him and kill him. The Philistines and the army of Israel are looking for David.
3. The minute that God's plan calls for David to die, all the armies in the world cannot save him. David will die at 70, which is 46 years from now.
4. Reversionism is always antagonistic to God's plan. The reversionist is the enemy of the cross, by which he is saved.
5. The principle is the reversionist are oppose to the plan of God but their thought process is in constant opposition to God's plan.
6. There is no way a reversionist can destroy a supergrace believer. Only God can promote him and only God can remove him from this life.
7. God's plan operation grace is infinitely greater than any pressure which can be brought to bear on it.

#### **The Doctrine of Enemy Ship**

1. The carnal believers is the enemy of God.
2. Enemy of God.
3. Reverse process reversionism produces enmity from God.
4. Demons are enemies of God. Heb. 10:15
5. Unbelievers are the enemies of God.
6. The pastor who levels with reversionists in his congregation Gal. 4:16

1Sam. 23:14 David then stayed [dwelt in prosperity] in the desert-wilderness strongholds and in the hill country of the Wilderness of Ziph. Saul searched for him every day, but God did not hand David over to him.

David has friends and patrols out constantly and they inform David that Saul is moving toward him. There is the desire to violently destroy him.

David is in a thicket; there are beautiful forests there in this high desert area. David is bivouacking in such an area.

A principles of persecution.

1Sam. 23:15 David was in the Wilderness of Ziph in Horesh when he saw that Saul had come out to take his life.

Psalm 70 will be next.

Buddy Dano is still there.

**1Samuel 23 Psalm 70:1-5**

**72David**

**631\_0040**

**01/14/1973 Memory center; legitimate imprecatory prayers**

This is a psalm of persecution, which David went through for several years (6?). This is a time of great pressure and great adversity. Spiritual blessing that comes from a believer who has recovered his supergrace life. During this period of civil war, David suffered from depression, sorrow and loneliness; but, at the same time, it would be a fantastic part of David's life.

At least 39 years of David's life was great. There is always a period of testing before the gravy train pulls up. God sometimes gives us adversity all at one time; but our frustrations and heartaches last for a finite period of time. God can do all kinds of things; like give us all kinds of blessing and then he pulls everything out from under us except for doctrine and God. Some women do not get boy crazy until later on. There are some males who belong in a zoo.

Some of you want to be rich, and there is no problem if you don't go about it in the wrong way. Some, when they realize what God can do, try to use doctrine in order to get God's favor.

The ruler of this world does not want a Christian blessed in his economy. The devil says, "You will never find a person who doesn't have an angle; who doesn't have a price; and for some, it takes very little adversity to keep us away from doctrine.

We are getting out of the business of answering questions. The policy of T&P will be a book or a tape to answer your answer. Bob is about ready to get an unlisted number. He is tired of insulting people; "I really have a nice disposition....they think that's funny."

Some of you have compassion and sympathy all mixed up. You must live your own life. These churches are looking for some way to take a crack at Bob. What you need is Bible doctrine in your soul. You need to make your own decisions. When you have questions, put them aside and wait. Bob even has questions; and there isn't any tape he can hear; or anyone else he can consult with. What did God bless David so wonderfully with a multiplicity of wives. Only very choice, beautiful Miss American's with brains. Brigham Young couldn't get away with it. It is contrary to the laws of divine establishment. Is David so supergrace that he had 3 right women? I don't think so, but I don't know yet. There is no quick answer to this. We will be there within the month. Bob might have to dig up some more psalms to postpone it.

Every title is a part of the Word of God. The titles are a part of the text and not simply added. The Lord always goes first class. The choir came along with the Roman Catholic choir. "They made sure that their boys stayed sopranos...ask your wife at home."

We would be better off to go back to the early church with good hymns and congregational singing. 2 types of people think they can sing; choirs on Sunday and drunks at a party.

There is a very important function of the Christian life which is ignored. Memory, recalling, the function of the memory center is extremely important. Memory is a protector; it is a fantastic thing. It is a great restrainer. Memory center is a wonderful function in the human soul. It receives little or no proper cultivation. Psychotics destroy their memories and fill their minds with unreality. Drug addicts replace their memories with hallucinatory thinking.

We have a whole generation who have grown up under television has destroyed the concept of memory center. We lack inspiring, noble concepts with regards to romanticism. The rejection of establishment by the media. We have no concept among young people of patriotism and romanticism. A long-haired male is a typical illustration of the souls of people today.

The Roman Catholic church owes it allegiance to Italy rather than to America. The Masons were patriotic and the Catholics were not. Bob would love to see the Aggie band do precision dancing. Bob's memory center rejects all of the leg shows (which are the cheerleaders, I assume). Outside of a few perverted people, no one ought to be interested in a bunch of little girls running around with practically nothing on.

Lawrence Welk could bring up memories. What do you find in high schools today? They are filled with pushers. Drug pushers were an insult to the concept of learning. The druggies were fair game in Bob's time. Everywhere you turn, it is a lousy stinking generation.

How many times does a television program sustain you in a disaster. Who thought of hijacking a plane? One weirdo; but then it is copied by everyone else, after the television talks all about it.

They ridicule the war, and patriotism and free enterprise. We have today a large percentage of parasites.

In Psalm 70, there is no make haste; it is all about stimulating memory. Years after these things happened, David could remember those 6 years of civil war and Saul was constantly pursuing him. We use our memory to remember our hopeless situations. We must know how useless we are and how helpless we are. Woe to the person who forgets how useless and hopeless we are.

We need to remember those early days of Valley Forge and the winter crossing, and the attacks on Trenton and Princeton. We need to recall how many times that we are a hopeless people. We won't have out 200<sup>th</sup> national birthday until 1976.

We forget that we have had times of no social life and when we had no friends. Some of you could not concentrate on Jesus Christ during communion; you lacked the doctrine.

God is being called upon to rescue David. David wrote this after he was the king, but he was stimulated by memory. He was responsible for feeding and training all of these people who came to him. Apparently looking back.

Qal imperative of chush, which means *hurry up*. He is in the desert of Ziph and it is a desperate situation.

Psalm 70:1 [For the choir director. A psalm of David. To bring \[stimulate\] remembrance. God, to deliver me. Hurry to help me, LORD!](#)

V. 2 refers to Saul, to the men of Keilah and to the Ziphites, who would betray him next.

There are Imprecatory implications, which is the opposite of the big love movement today. Loving the brothers today means to have a relaxed mental attitude in the soul. David is expressing things that are difficult for the left wing Christian movement. The administration of divine justice to be a matter of prayer. It is not a prayer of hate, but a prayer that his enemies be destroyed. No change of dispensation changes imprecatory prayers. Not everyone should pray these prayers; it is a supergrace privilege.

God calls a spade a spade. We are not commanded to love or hate with regards to the human race. We are commanded to be discerning. We all have blind sides or weak sides when it comes to some strapping us on. We all have a weak side; a blind side, to make us look like the Redskins on the offense.

Bible doctrine gives the believer enough wisdom to know when to pray an Imprecatory prayer. However, carrying out this prayer is a matter of putting the problem in the Lord's hands.

Some of you don't know what this is.

Psalm 70:2 **Let those who seek my life be disgraced and confounded; let those who wish me harm [who delight in my disaster] be driven back and humiliated [dishonored].**

His enemies say, "Nya, nya, nya." It is onomatopoeic. This is an interjection of scorn; it is an exultation over a fallen enemy. It is the principle of gloating. Many of David's enemies have been implacable, jealous. They have taken malignant satisfaction in David's fall from Saul's cabinet. This is their malicious evil. Their evil will boomerang and slap them in the face.

Psalm 70:3 **Let those who say, "Aha, aha!" retreat because of their shame.**

You link the desire for divine justice to be associated with a doctrine. You must relate this to the concept of grace. This is the prayer of a supergrace believer. Let all those who seek You. Baqash is a very intense verb. These are those who are positive toward God. This is in contrast to the gloating of the reversionists who are negative toward doctrine.

David is praying that his enemies be destroyed and that his friends be safe. There is a great display of joy and celebration. They continually love the deliverance of the Lord.

He leaves the blessing of his own crowd to the Lord; and the cursing of his enemies to the Lord. There are 2 sides to imprecatory prayers.

Psalm 70:4 **Let all who seek You rejoice and be glad in You; let those who love Your salvation continually say, "God is great [Let God be magnified]!"**

David is afflicted and helpless. He therefore finishes the prayer.

Psalm 70:5 **I am afflicted and needy; hurry to me, God. You are my help and my deliverer; LORD, do not delay.**

Here is David in the desert of Ziph. And who should spring out of the brush but Jonathan.

**1Samuel 23:16-18 Psalm 133:1-3 72David**

**631\_0041**

**01/19/1973 2 Sam. 1:23 Last meeting of David and Jonathan**

;  
Bob had a perfect audience in Dallas for 4 days. All ages, sizes, shapes and descriptions. One of the best organized conferences. One of the most responsive conferences. Herman was one of the organizers.

Category #3 love. Most of us have a social life. Many have a social life that is as phony as a lead nickel. People have learned the language of friendship without having the equipment in the soul. Category #3 friendship is one of the great aspects of life. It is nice to know people who aren't easily shocked.

You get close to God through Bible doctrine.

Jonathan is a synonym for friend. This is the last meeting of 2 very close friends.

Qum means *to arise*. This indicates a personality; a real person. If David had an album of those who were truly his friends, Jonathan would be there. He was not a phoney. Some of your friends are as phoney as this fight against pollution in the air. You also need something in your frontal lobes. You must have the ingredients of character which are found in your norms and standards. Pseudo friends operate. Vocabulary means that they have an ability to think. Many do not have the ability to think. It takes character to be a friend. You need a soul rapport. You do not need to have a lot of things in common. There is a system of loyalty. A true friend is someone who cannot advance you or promote you. You cannot have true friendships if you are overly ambitious. If you use people in order to get ahead, that is not true friendship. It is possible to have love apart from sex. Lesbianism and homosexuality are forbidden in Scripture. Even wanton fornicators know this.

It is possible to have a category #3 friendship between a man and a woman. When it extends into touching. Men do not touch men unless they are real cocoo clocks or way out weirdos. When Bob sees to women run into one another and kiss, he goes out and vomits.

Sex was never designed for category #3 love, it was designed for category #2. A true friendship is a soul rapport. Anything that fouls up your soul fouls up friendship in that area. One of the greatest things is a friendship and to have true friends.

All of your friends are not your friends. Sometimes this is because you lack capacity to love. Whether a believer in reversionism or an unbeliever in reversionism, reversionism destroys the capacity for friendship. There are pseudo rappers. One of the keys to category #3 friendship is to share the enthusiasms of your friends.

Jonathan has a great friend in David. Jonathan also looks for David and finds David before his father does. David has just gone into the blues. Jonathan knows that David is very disturbed. Here David is handling this whole mess; he has no friends in this outfit; but he does have a friend in Jonathan. Jonathan goes by himself without a protection of patrol. Kum has to do with the vigor of soul; and yalak has to do with movement. The action from his thinking.

David is strengthened by Jonathan. This is encouragement. We do not know what is said. The Piel stem means they spent a few days together. All this time, Jonathan is the strong man; and he is perfect nobility in every way. Jonathan will never achieve any greatness that David will as a ruler. Jonathan is a true friend. David did not just get there by himself. He had great blockers. David was a quarterback; and he went through daylight when he saw daylight. Jonathan had the privilege of being an aggressor in a great friendship. The aggressor becomes to the servant to his friend.

1. At a moment a great discouragement, God uses the noble Jonathan to minister to David. David receives the blessing of Jonathan. The roles could change. The woman in a man/woman relationship can be a secondary aggressor. As a result of Jonathan responding to their friendship, Jonathan becomes the aggressor. God uses Jonathan's nobility to encourage David. The content of the encouragement is divine viewpoint.
2. God had
3. Jonathan the aggressor and David the responder.
4. From this verse, we learn the principle of encouragement in a time of catastrophe.

1Sam. 23:16 Then Saul's son Jonathan came to David in Horesh and encouraged him in his faith in God,

This is just one of the things which Jonathan had to say to David. He probably spent several days with David. Jonathan takes the initiative in the conversation. David is under great pressure from Saul. Jonathan has the doctrines and Jonathan knows about David. He also knows about his father, Saul. He knows that David was anointed by God as the next king of Israel. Jonathan apparently made it very clear that there would be no conflict between the two of them. Jonathan was careful to indicate that he would not interfere with David and his future. Saul's biggest objective is to search and destroy. This message is given by the crown-prince of Israel.

Jonathan recognizes the anointing of David into God's plan. The supergrace believer never fights the plan of God. Jonathan will not fight the plan of God. His nobility shows up in a fantastic way. People are absolutely nuts. They think all there is to life is to have thousands of people kow-tow to you. Pushy ambitious and jealous of anyone else who seems to be doing a little bit better by other standards. You cannot have a true friendship with someone that you are jealous of. Jealousy precludes category #2 or 3 love. Nothing worse than pushiness in the soul. This passage is tragic because it is not duplicated enough.

David as the supergrace believer appears like he may be losing out; and Jonathan might lose out, by human viewpoint, if he puts himself under David's authority. There is no one equal to Jonathan.

Jonathan had already planned to become David's chief-of-staff.

### Summary

1. The one who rules, the one with the highest authority, needs trusted subordinates. Being a trusted subordinate is a good thing. No one is inferior because he is subordinate to another. Jonathan is a greater man here. From his own free will, he takes the place of subordination.
2. To faithfully serve the Lord in a subordinate position requires maximum use of Bible doctrine and supergrace status. We all have sin natures. The sin nature cranks out mental attitude sins which say, in effect, that we are subordinate. People are all

sorts; some are flaky and some are brilliant. There is no such thing as equality. That only exists in slavery. There is no prison in the United States where there is not a hierarchy of prisoners. No matter where you go, there is inquiry. In Christianity and Bible doctrine, that works for everyone. Under the principle of discipline, subordination is not inferiority.

3. Great leaders are often hamstrung by ambitious subordinates. This is the only tragedy in David's rule. He had lousy subordinates.
4. Sometimes, it takes more to be a subordinate than it does to be a leader. Leadership has an area that is way up in the atmosphere. To make a secdision
5. Some want the glory without the work. So many think they can do just as good of a job as those who are in charge. Everyone thinks that it is easy until they get there. Big loudmouthed kid who thought he could pitch. He melted on the mound. Almst had a nervous breakdown.
6. Jonathan is the most noble of supergrace believers. He will make a perfect dhief-of-staff for David; the most perfect assistant that any man would have. David and Jonathan would have made the greatest team ever. Jonathan failed in just one respet;
7. When a supergrace believer associates with reversionism, it shares the destiny of reversionism. David will never have an assistant; a chief-of-staff as good as Jonathan.
8. However, Jonathan sees the will of God for himself and he is willing to step out.
9. This bloody civil war could have been avoided and David could have had a great chief-of-staff..

Even Saul is aware of all this. Saul knew that David would become king.

1Sam. 23:17 saying, "Don't be afraid, for my father Saul will never lay a hand on you. You yourself will be king over Israel, and I'll be your second-in-command. Even my father Saul knows it is true."

These two cut a covenant or made a contract. This is a confirmation of an agreement that, when David became king, Jonathan would be his assistant.

### Summary

1. This covenant was a triumph of grace.
2. Jonathan did not live to fulfill his part of the contract. The tragedy is based upon a grace covenant. A grace contract demands that David and Jonathan are both in supergrace status without stings to either. Jonathan will be identified with Saul Jonathan identified himself with reversionism.
3. Jonathan must choose identification with reversionism versus id with supergrace.
4. Id with supergrace means future prosperity and blessing.
5. Idenitfcation with reversionism means future misery and discipline.

6. Jonathan suffered from a mistaken loyalty to his father and the tragedy is at the end of this verse.

Jonathan should have stayed with David; he should not have returned to the castle. Jonathan made one good decision and followed it with a bad decision. He was emotionally involved with his father. Saul was a good father to Jonathan. When Jonathan was a young boy, his father was in supergrace. This caused an emotional attachment; an emotional concept of loyalty that was wrong; and a reasonable concept of loyalty to David, which was true. The grace contract was good. How his father is doing; to hell with that noise. This would have been a different story of Jonathan had stayed with David.

Some of you will become holy rollers. They call themselves the tongues movement and they are a disgrace to Jesus Christ. They are under emotional revolt; yodeling and aypping with their tongues and calling it the spiritual life.

Jonathan did all the right things and then followed his emotion. Jonathan did everything right and then he started to emote.

7. There comes a time when there is a problem with doctrine and emotion; between a human relationship and a doctrinal relationship.

1Sam. 23:18 [Then the two of them made a covenant in the LORD's presence. Afterwards, David remained in Horesh, while Jonathan went home.](#)

Bob is going to now cover an entire psalm because he does not want to break the continuity.

David's psalm to Jonathan.

fragrance of memory for Jonathan's category #3 love. Beautiful memory. It is related to norms and standards. It is related to vocabulary, to discernment. A song of degrees, a song which honors his friend.

Yashav David stayed in the forest, which is yashav. Halak for Jonathan going to the castle. This was Jonathan's mistake. Jonathan emoted and went back to his father. David remembers Jonathan.

Psalm 133:1 [A Davidic song of ascents. How good and pleasant it is when brothers can live \[in a place of blessing\] together!](#)

First analogy; precious ointment is a reference to the holy anointing oil mixed with myrrh, and 3 other spices. These are listed somewhere in the Torah.

David wants Jonathan as 2<sup>nd</sup> in charge. Without Jonathan, there was always something missing. The oil is placed on the head of the anointed one and it flowed down. David is longing for his friend to be there in 2<sup>nd</sup> place with him. Jonathan will not be there ever.

When Aaron walked out, he had oil on his head, on his beard and on his clothes, and there would be a very pleasant smell to him. People would want to be around him because of this sweet smell.

Psalm 133:2 *It is like fine oil on the head, running down on the beard, running down Aaron's beard, on his robes.*

The second analogy is the dew on Mount Hermon. Prosperity. This refers to the unity of the northern and southern kingdoms of Israel. Jonathan would have made the difference in keeping the harmony between the north and the south.

God has commanded blessing for the reign of David. This is a divine decree. God ordered blessing; national prosperity. David misses Jonathan in all of this.

This separation is like the north and south separation.

Psalm 133:3 *It is like the dew of Hermon falling on the mountains of Zion. For there the LORD has appointed the blessing--life forevermore.*

Saul and Jonathan are both identified together. So great was David's love for Jonathan that he would not rag on Saul. The tragedy is, they were not separated in life or in death. This is why Jonathan died. They remained connected, which explains why Jonathan never became a part of David's life.

*How the mighty have fallen* is repeated in 2 verses after this.

Death dignifies the reversionistic believer. After death the reversionistic believer can never fail again.

2Sam. 1:23 *Saul and Jonathan, loved and delightful, they were not parted in life or in death. They were swifter than eagles, stronger than lions.*

2Sam. 1:24 *Daughters of Israel, weep for Saul, who clothed you in scarlet, with luxurious things, who decked your garments with gold ornaments.*

2Sam. 1:25 *How the mighty have fallen in the thick of battle! Jonathan lies slain on your heights.*

2Sam. 1:26 *I grieve for you, Jonathan my brother. You were such a friend to me. Your love for me was more wonderful than the love of a woman for me.*

2Sam. 1:27 *How the mighty have fallen and the weapons of war have perished!*

Bill Bell is doing a fantastic job today, teaching in a Bible school, in a college, and it is in a denomination. He has a course on the interpretation of the Bible. Major Ian Thomas wrote a book on Esther and uses this as an example of everything a person can do wrong in exegeting and interpreting the Word of God.

The Ziphites go up to Saul, so that is going uphill.

Who are the Ziphites? Ziph is a city in Judah. South of Hebron is a table mountain, and on it is this city of Ziph, and they all have windows that they can look out of and see what is going on around them. Keilah was also a part of Judah. The people of Keilah also betrayed David.

#### The Ziphites

1. About 4 miles from Hebron and they are from Judah.
2. They are on a flat table mountain, 100 feet higher than anything around it. It affords a perfect view of the surrounding country.
3. David could not move about this general area without them noticing.
4. However, David has assumed their loyalty.
5. Their treachery is similar to that of the men of Keilah. The Ziphites are reversionists.
6. They use other people as a stepping stone. To them, Saul is the true king and he is the one who promotes; he is the one who prospers. People have a way of using people. No category #2 love or no category #3 friendship. They will use David to ingratiate themselves to Saul.
7. Being promoted or exalted by a reversionist means no reward and no promotion. They use this opportunity to ingratiate themselves to Saul.

Gibeah is famous as the seat of government at this time. Saul had the worst castle and David the greatest. The Ziphites must climb uphill to get to Saul. There is beautiful high desert country with natural fortifications. This is a desert west of the Dead Sea. Hachilah is a lot like Tucson AZ. These people can all see David in bivouac.

1Sam. 23:19 Some Ziphites came up to Saul at Gibeah and said, "David is hiding among us in the strongholds in Horesh on the hill of Hachilah south of Jeshimon.

They invite Saul down; and they will hand David over to them. They will surrender David to Saul. This is the second group of people to betray David over to Saul. The men of Keilah first and now these people. Reversionism destroys natural loyalties. The reversionism is unstable and treacherous. If we have a communist invasion, you will be shocked how quickly members of your own family and your own friends will betray you to the communists. Reversionism is unstable. Reversionism leads to opportunism. They will get ahead on the basis of David's misery.

Get rid of any friends who are in reversionism. Operation over think. Out of the thousands of words Bob says, you will try to find some way to get rid of your opposite number. My wife is a reversionism, so zap. He wants to move some people to the happy church of happy hollow.

1Sam. 23:20 **Now, whenever the king wants to come down, let him come down. Our part will be to hand him over to the king."**

Saul is the reversionist of reversionists. He is as low as low can be. But he knows how to strap it on a trader. A group of traders come up, Saul responds to their betrayal. Saul has a phoney front. So he pulls out a holy roller vocabulary. The last thing to go into reversionism is the vocabulary portion of the right lobe. "May you be blessed by Y<sup>e</sup>howah." The Lord never blesses traitors. He has the vocabulary and he uses this vocabulary.

For passing a college course, you just have to regurgitate what the prof told you in the blue book, and that took care of the problem.

When reversionism attacks, the various parts of the soul are eroded, and the vocabulary is the last thing to go, but it is used to express human viewpoint.

#### **Saul's Self-pity**

1. Saul is a reversionist and all of them feel sorry for themselves from time to time. It is one of the functions of reversionism.
2. Self pity becomes the basis for some relationships in psueo love.
3. People who feel sorry for themselves exude an empathy which is unattractive. Some girls will find a character who feels sorry for himself and this will arouse the mother instinct in her. This is how chippie pick up on guys. They prey on self-pity.
4. This is the child who brings home animals she feels sorry for. This attraction is based upon pity. Pseudo love is the sort of love that Saul can get.
5. Therefore, self-pity merely arouses your emotions. All true love has to be in the frame of reference, and eventually on the launching pad. Emotions get their lead and stimulus from true love in the right lobe. The source of love is in the soul; in the right lobe. When you just feel sorry for someone, your emotions are just stimulated and your own free will is no longer involved in this love. You just let self-pity arouse you. There are a lot of guys who will look sad and tell you about their sad life. They do the same thing with other men. All of their friendships are built upon pity. This is the most hollow mockery of love. You need to get people smart and some common sense.
6. Emotional relationship leads to instability and pseudo love.
7. It also produces hypocrisy. Saul's hypocrisy causes him to mention the Lord. Saul, like all reversionists, uses the Lord. If you use the Lord rather than let Him lose you, then you are a reversionism. People will use the Lord against you. To come to know Christ, that is the function of the supergrace believer. For the believer and the believer who does this, who is not in supergrace, he will use God against you. He will make it appear as though all that you have done to cross that person is evil.

8. To use people is despicable; but to use the Lord is the ultimate in blasphemy.

### The Principle of this Passage

1. People full of self-pity always associate attention to themselves as meriting the Lord's blessing. Saul cannot dispense the Lord's blessing. Saul is under God's cursing. Saul gives the impression that he has some great in with God, but he does not.
2. This is the origin of the phrase, "God bless you, brother." "Who in the hell can say, 'God bless you, brother'?" God cannot bless Thieme because some idiot says that. This guy is too dumb to learn the Bible; and he calls Bob for hints and guidance. Who can say whether God will bless you or not? The sovereignty of God is the thing that blesses; we cannot and the Pope cannot. It is just an old phrase.
3. Reversionist assume that any attention they receive should be rewarded with divine blessing.
4. In reality, this is super arrogance in reversionism. Fat-headed people. Saul is very fat-headed.
5. In other words, reversionists always take credit to themselves. How often does some fat, leering jackass say, "How about letting me take you out for a drink?" Men in Houston are the most fat-headed in the world.
6. Lacking capacity for life and love, they associate divine blessing with people who feel sorry for them. This is pseudo love.
7. Furthermore, the reversionist does everything possible to elicit sympathy from others. They arouse your emotions like the holy roller does when tarrying.

1Sam. 23:21 "May you be blessed by the LORD," replied Saul, "for you have taken pity on me.

Saul tells them to make certain and to make a reconnaissance. Yada means that here. Send a patrol to the place where his tracks are located. David is not the cunning one; it is Saul. People often superimpose their own standards and shortcomings upon others. Saul is cunning, sly and sneaky.

1Sam. 23:22 Go and check again. Investigate and watch carefully where he goes and who has seen him there; they tell me he is extremely cunning.

Saul wants them to watch David and observe where he goes into hiding. Then come to Saul with an intelligence report. Saul has great confidence in all of the treachery of the Ziphites.

In the previous verse, Saul has standards. He is sneaky and tricky; and he superimposes those standards on David. Then he assumes that these are the characteristics of the Ziphites, which is accurate.

Saul is very efficient in laying out this plan; but the Ziphites are not. They will prove to be inefficient. Saul has greater motivation. The Ziphites want to ingratiate themselves to Saul.

1Sam. 23:23 Look and find out all the places where he hides. Then come back to me with accurate information, and I'll go with you. If it turns out he really is in the region, I'll search for him among all the clans of Judah."

The psalm of the Ziphites. Anyone who has been around can flip to Samuel and then to Psalms with a flick of the index finger.

Psalm 54 inscription For the choir director: with stringed instruments. A Davidic Maskil. When the Ziphites went and said to Saul, "Is David not hiding among us?"

David goes to God, and calls for Him to deliver him. He appeals to God the Trinity. All 3 members of the Trinity have the same essence. This is an appeal to grace. Occupation with Christ leads to occupation with the other members of the Trinity. David understands the other members of the Trinity. He may have committed a terrible sin that day and he can still request God to deliver him.

#### Why?

1. David has passed the point of propitiation. He bears our sins, satisfying the justice of the Father. Therefore, the righteousness and justice of the Father are satisfied at the cross. Sometimes David will be bad and sometimes he will be good. David knows that God has a maximum love for all believers. Righteousness and justice are not compromised.

This prayer will be answered. We will see something that will never come out in the English. He will send his main force around the hill and through a pass, and they are racing to this pass. The Philistines are closer to it. When the pass is blocked, that puts David in a difficult situation. Saul has further to go, but he has a flying column, which can move rather quickly. David has men, women and children and he is walking along a rougher terrain.

Treachery and betrayal.

David uses the imperative mood with God. "By Your Own character, deliver me."

Psalm 54:1 God, save me by Your name [God's essence or character], and vindicate me by Your might!

#### Summary

1. The treachery of the Ziphites puts David in a helpless situation.
2. Only the essence of God stands between David and disaster.
3. His prayer recognizes divine essence in operation grace.

4. This prayer recognizes the basis for divine power in delivering David. God is not compromised by delivering David.
5. David is occupied with Christ, Who, in propitiating the Father, makes deliverance a reality.

David had the doctrine and God has the power. That is how he is delivered.

**1Samuel 23:24-27 Psalm 54:2-70 72David**  
**01/21/1973 Tactics of grace**

**631\_0043**

A testimony of a student, who received some high honors. We are beginning to get quite a series of young men who are getting a commission right out of college. Mostly they would come out of West Point; but these are being commissioned out of various colleges.

We are seeing a constant attack upon the military. Dallas Theological Seminary is allowing a man to write his masters against the military. There is one member in a faculty of 40 who has had some military service. It is too bad that such a wonderful seminary is falling apart. "Military is not for the Christian." is the paper. Bob would love to quiz him on this thesis and tear him apart.

This prayer represents the deliverance of David, but without any compromise of God's character. Deliverance cannot be a reality for any believer apart from the doctrine of propitiation. This is a prayer. Two imperatives. Qal imperative of shamah and the Hiphil imperative of azam. Before God will function, there will be a prayer where David will recognize his condition. This has to be totally God's work, which is the case for grace.

You must be rational to pray. The real prayer warrior are always people who are rational. You must be in your right mind to pray consistently and effectively. David is not discouraged and he has not taken leave of his senses, and he has not flipped or split from God. With David, he knows that only God can bail him out.

Psalm 54:2 [God, hear my prayer; listen to the words of my mouth.](#)

*Strangers* is used as a noun. It will be always the one who is an enemy. In the feminine, this can refer to a prostitute. A person who is always a stranger who does not care about you is a prostitute. A reversionist is a spiritual whore. The Ziphites are whores; they have sold themselves to Saul. The Ziphites are from the tribe of Judah. The believer positive toward doctrine has nothing in common with the reversionistic believer. There is no rapport and no love. The Ziphites are looking to advance themselves. They are closely related to David. They are looking to get ahead; to advance. They have reject Bible doctrine and have had the blackout of the soul; and getting ahead in life is what they want out of life. Approbation and power lust always remain hungry.

The Ziphites have risen up against David. They, in the past, owed some allegiance to David. Just as with the men of Keilah, there was some loyalty which was owed. There

should have been tribal loyalty as well, as they are all Judahites. They are willing to sell their souls for a mess of pottage.

You cannot build your happiness on someone else's unhappiness. If God does not promote you, you are not promoted.

Baqash is to seek and destroy; or to search and destroy.

They have no occupation with Christ. They are negative toward doctrine; and this is their status of reversionism.

If you are a believer in Jesus Christ with a grain of sense, you know that unbelievers and believers in reversionism are meaningless. There is nothing dependable about them. They said they loved and appreciated David and they were on David's side, but, when the chips were down, none of these things were true.

If you are associated with a reversionist, they will let you down. They will say, "I won't betray you" or "I'll be faithful to you" and they will let you down every time. [Cursed is the man who trusts in man and makes flesh his arm.](#) Jonathan shared the curse of Saul. This is the psalm which tells us to beware of the reversionist.

Psalm 54:3 [For strangers \[whores\] rise up against me, and violent men seek my life \[have sought to destroy my soul\]. They have no regard for God \[they have not set Elohim before them\].](#)  
[Selah](#)

God is the One assisting me; God is the One aiding me; God is the One helping me. Y<sup>e</sup>howah is the one supporting David's soul.

Occupation with Christ sustains the believer in maximum pressure. This occurs at a time when David is occupied with the Person of Christ. He did not fall apart and he did not become disillusioned.

Psalm 54:4 [God is my helper; the Lord is the sustainer of my life.](#)

Shub is the first verb. David legitimate prays for operation boomerang. Samat with the 3<sup>rd</sup> person masculine plural suffix.

This is an Imprecatory prayer. God is the judge and God will administer doctrine. If you stop the sins of the tongue, you may end up removing about 70% of your discipline.

Bob is reading Gone with the Wind.

An Imprecatory prayer leaves the administration of justice in the hands of God. David does not look to administer justice to the people of Ziph, even though they are guilty. This is his relaxed mental attitude.

Psalm 54:5 **He will repay** [Let Him return (the jussive imperfect)] **my adversaries for their evil** [the evil to my enemies]. **Because of Your faithfulness, annihilate them** [in Your faithfulness, destroy them].

David expresses the fact that, if he had the responsibility of administering justice, he would cut these people up with a dull knife; however, instead, he uses a sharp knife to offer up a sacrifice to God. David wants to slaughter just one animal from his supergrace perspective. When David is delivered, there will not be anything that he needs to do. He will just be certain that God will get the credit. Grace is exclusive of human plans and human energy.

Yada is the verb upon which David's tribe name was named.

Psalm 54:6 **I will sacrifice a freewill offering to You. I will praise Your name, LORD, because it is good.**

Psalm 54:7 **For He has delivered me from every trouble** [adversity or great pressure], **and my eye has looked down on my enemies** [has seen God's vindication on my enemies].

The Ziphites are going back alone as if they are friendly. But they will become a trap. They came in innocent, but will leave as traitors to David. They of course went ahead of Saul. The Ziphites acted as a flying column for Saul. David's G2 was very alert. It all looks too suspicious, so David moves out of there and goes into the desert of Maon, which is south of Ziph, only a few miles. David has moved about 4 miles further south. He is camped on the north side of a mountain.

This is an area of about 15x35 miles; it is what would be called the Badlands. West of there is the Dead Sea, which is barren and bad country. There are cliffs and caves at the Dead Sea, called Engedi. There is a desert in between this cliffs and caves and David.

Saul departed on his search and kill mission. They told David that he received intelligence reports that Saul is at the foot of the mountain, and he begins to send large columns around both sides of the mountain. The column going around the east side is the most important one. The west column is not as important. David has only one way out, which is a south pass, and there will be a race for the south pass. David will go over the mountain and Saul's columns will go around the mountain. It is a race to the south pass.

1Sam. 23:24 **So they went to Ziph ahead of Saul. Now David and his men were in the wilderness near Maon in the Arabah south of Jeshimon,**

David's patrols are acting as a screen. Saul starts around the east side of the mountain. Saul is at the foot of the mountain.

1Sam. 23:25 **and Saul and his men went to look for him. When David was told about it, he went down to the rock and stayed in the Wilderness of Maon. Saul heard of this and pursued David there.**

David is not going around the other side of the mountain, but he is actually going over the peak of the mountain, around the side, high on the mountain. Saul is going around the bottom. David can see the Saul is going to beat him to the pass and cut him off. David is moving around the top of the mountain and Saul near the bottom.

David was hurrying. David has women and children with him, which would slow him down. Saul is near the base of the mountain, with soldiers only. If Saul gets to the south part of the mountain before David, he can meet David. David is in a jam even if he gets there first, because Saul has men coming around both sides. There are 2 hills, and the south pass. David must get there early enough for his battalion to be in place to protect the women and children.

1Sam. 23:26 [Saul went along one side of the mountain \[the east base\] and David and his men went along the other side \[higher up along the peak\]. Even though David was hurrying to get away from Saul, Saul and his men were closing in on David and his men to capture them.](#)

Here is where David's prayer is made. This is the timely interruption. Saul is winning the race to the south pass, and suddenly a courier comes up. And Saul has to turn around immediately. He had to call off the whole thing.

1Sam. 23:27 [Then a messenger came to Saul saying, "Come quickly, because the Philistines have raided the land!"](#)

1Sam. 23:28 [So Saul broke off his pursuit of David and went to engage the Philistines. Therefore, that place was named the Rock of Separation.](#)

David can cross this desert because he is no longer being pursued. The high cliffs are filled with caves. They would be safe there. Engedi is a wild region west of the Dead Sea. He goes to these high cliffs. This means *spring of the wild goats*. The country is filled with wild goats, so we will leave David to enjoy carita in Engedi.

1Sam. 23:29 [From there David went up and stayed in the strongholds of En-gedi.](#)

**1Samuel 23 Psalm 40:1-5                      72David                      631\_0044**  
**01/22/1973 Psalm of deliverance**

Saul was going over a longer route, but with soldiers and a better trail. David is going over the mountain, a shorter distance, but with women and children.

David can see what is going on, and he can tell that he is behind and that Saul will get there before he does. This is not the prayer which David offers, but what he prays after the fact.

Psalm 40 inscription [For the choir director. A Davidic.](#)

There is a great room for improvement for Christian music. Burnt offerings and sin offerings You no longer desire.

David was in a hurry; he did not wait patiently for anyone. He was trying to get their first. Here, we have the strongest word for faith; this is the one of the small string being wound up with the entire rope.

*To extend the hand* (to rescue someone). As he was going down the south slope, he was about to miss the south pass, and that the army of Saul would be there first.

The Philistines invade and this search and destroy column is turned back. So David recognizes that this is God doing that.

David is there and it is his own fault, and God is going to deliver him anyway.

Psalm 40:1 **I waited patiently for the LORD** [being confident, I have confidence in the Lord], **and He turned to me and heard my cry for help.**

David dug his own hole here. David did not earn or deserve to be delivered.

There are no swamps around there; this is a reference to a trap. He has uncertain footing in the swamp mire. The mire of a swamp is uncertain footing; and the rock is certain footing. He went from the pit to divine deliverance. David got himself into the jam and the Lord was getting him out of the jam. There is an image here of security of a supergrace believer. This is where God can find a way to deliver.

Psalm 40:2 **He brought me up from a desolate pit** [a pit of destruction], **out of the muddy clay** [mire of the swamp], **and set my feet on a rock, making my steps secure.**

This is something to sing about. A waw of consequence. Consequently, He has given me a new song. Supergrace confidence under pressure is the new song. Saul had an enveloping course in his flying column.

The new song is supergrace security. David has seen again the unfaithfulness of man. He has seen his own tactic. 3 miles south is this hill. There were 3 ways to get off. The north is blocked off because that is where Saul's base camp is. The west is out because that is where the high cliffs are. His only chance is south; and Saul knows this escape route as well.

God overrules the asininity of leadership. David has confidence and security in grace. In a grace deliverance, God gets the credit. David does not get the credit; he got them into this mess in the first place.

Liberals like to think of themselves as important, so it appeals to them that Jesus is outside knocking on the door to your heart.

David was going to fail and God knew this; so He bailed David out.

In plain English, you are a dumb butt. God always gets the credit. "Thanks for that *amen*."

Notice the trust is in Y<sup>e</sup>howah. Our faith has to be directed to God the Son. There is a Y<sup>e</sup>howah in Whom we trust.

Psalm 40:3 **He put a new song in my mouth, a hymn of praise to our God. Many will see and fear [respect], and put their trust in the LORD.**

God is going to bless David as no man had been blessed before. To join up with David, they will have to get some doctrine. Spiritual happiness and normal human happiness.

The proud are the men of Keilah and the men of Ziph and Saul.

When the politicians lie, the military and police are hurt. We have been fed a whole bunch of lies. If the truth was told, we would build up our military and blast these people out of the area. Bob would slice up those who hijacked a plane so the runways would run red with blood.

Bob wants to take those who voted to build a hospital in Hanoi and to send them there. This is a reversionistic country.

We are not a democracy. A Republic depends upon the fiber of the people. The Bible does not advocate democracy. Democracy only proves that a majority of people are stupid. One of the greatest series of rulers, the Antonine Caesars. Even good men are influenced by public opinion and public opinion is the consensus of stupidity.

Feminine plural refers to supergrace capacity and supergrace blessing. There will be a large number who will respond to doctrine.

Psalm 40:4 **How happy is the man [soldier] who has put his trust in the LORD [who has established the Lord as his happiness] and has not turned to the proud or to those who run after lies!**

God will manufacture prosperity out of grace.

Nothing can be a raid against You.

Psalm 40:5 **LORD my God, You have done many things [out of grace]--Your wonderful works and Your plans for us; none can compare with You [nothing can be a raid against You]. If I were to report and speak of them [or, I would declare and speak it], they are more than can be told [they are too numerous to be written].**

This refers to 4 of the offerings; these are blood sacrifices. Burnt offering, propitiation with emphasis upon the Person of Christ. God's essence. Jesus Christ made it possible for God to love man and still be consistent with His Own essence. In bearing our sins, Jesus frees up God to be able to love us. Once we are past the point of propitiation, we can be loved by God. None of this depends upon who and what we are but upon Who and What Jesus Christ is.

Psalm 40:6 You do not delight in sacrifice [a slaughtering] or a [food] offering; You have pierced my ears to listen. You do not ask for a whole burnt offering [an ascending offering] or a sin offering [rebound with an emphasis upon the unknown sins].

This also refers to the peace offering, which is the doctrine of reconciliation, the removal of the barriers between man and God. Sin is solved by redemption the penalty of sin paid for on the cross; minus R replaced by plus R; temporal life replaced by eternal life.

When Christ paid for our sins, we can confess them and have them forgiven temporally. That is the sin offering.

Trespass offering.

Offering is minchah, which should be translated *minchah* or *food or offering*. David says this, even though all of these offerings are commanded.

#### **Ritual Without Reality**

1. Ritual without reality is meaningless.
2. Ritual is used to teach doctrine.
3. Believers who are reversionistic go through the ritual without transferring the doctrine to their souls.
4. Since ritual is a teaching aid, if the believer is negative toward doctrine, then the teaching aid accomplishes nothing.
5. Reversionism is guilty of ritual without reality of doctrine in the soul. Ritual is designed to stir up the memory center of the right lobe.
6. Therefore, there is no merit in ritual but in the doctrine that it represents.
7. This doctrine must be in the soul for the ritual to be meaningful.

As a slave to a master, some men liked the master. Many times, they would be free after 7 years; but he could remain as a slave if he chose to. The master went through the custom and his earlobe could be held next to a door, and an awl would be used to drive a hole into the ear.

Once a person has been in service to the Lord, going from zero to supergrace, he wants to be in the Lord's service as a slave forever.

### The Piercing of the Ear of the Slave

1. The piercing of the servant means that he will remain a slave forever to that master. Ex. 21:6
2. The ear represents obedience and submission to discipline. \
3. The piercing or boring of the ear indicates the slave's desire to remain with his master when he might have his freedom. He chooses to remain a slave. Many slaves after the emmancipation proclamation refused to step into freedom. They chose to remain slaves.
4. The piercing of the ear was an act of free will to become the slave of Jesus Christ. David was in supergrace.
5. This is the function of the supergrace believer.
6. David does so because he is occupt with the Person of Christ as a supergrace believer.
7. All future deliverance depends upon the master Jesus Christ.

### Doctrine of the Ears

1. Most obviously, the ears are used for gap. "He who has ears, let him hear." Prov. 18:15 [the heart of the prudent keeps on acquiring doctrine. The ear of the wise seeks knowledge.](#) Job 34:1-3 Then Elihu continued, saying: [Hear my words, you wise men, and listen to me, you knowledgeable ones. Doesn't the ear test words as the palate tastes food?](#) The ear is used for the daily function of gap.
2. The ears are used for supergrace dedication. Psalm 40:6 Ex. 21:6 Deut 15:17 .
3. Jer. 6:10 ear is used for negative volition toward doctrine.
4. Reversionism leading to fifth cycle of discipline. Isa. 6:10
5. The ear was part of the consecration of the priest. Blood is put on the tip of the ear, representing a life of studying and teaching. Ex. 29:20 Lev.
6. The healed leper placed blood on his ear; he represents hopelessness and this is the solution for life's problems. Lev. 17:17
7. Anthropomorphism. God does not have ears. But there are passages which deal with the ears of God. This is an anthropomorphism. The jealousy of God, which God is not. Human terms are used so that we can understand it. Psalm 34:15 [the eyes of the Lord are on the righteous; His ears are open to his cry.](#) 34:7 [The Angel of the Lord bivouacs around them.](#)
8. The ear as an anthropomorphism is used in the restoration of Israel in the fifth cycle of discipline. Neh. 1:6 Let Your ear now be attentive and Your eyes open.
9. The ear is contrasted to idols who cannot here. Psalm 55;1 Isa. Even if they fashion ears on an idol, they cannot hear.
10. Gossip. Prov. 17:4

God is not interested in ritual without reality.

### Levitical Offerings

1. This passage is quoted in Heb. 10:5–10 message of the incarnatio.
2. Levitical offerings were shadows point toward the cross, but would not take the place of the cross.
3. Animal sacrifices will not take away sin.
4. Animal sacrifices taught the cross but did not replace the cross.
5. Note the difference between Psalm 40:6 and Heb.

You have pierced my ears, is what David says. Jesus Christ repeated all that David said, except for piercing the ears. What is substituted is, “A body You have prepared for Me.” Jesus Christ quotes this verse exactly, but makes this change. In taking a body, Jesus Christ became the servant of God the Father and willingly, in this way, had His ear pierced. However, the parallel is, He takes upon Himself the human body, which represents being a servant to God.

The night before his attack upon the Philistines, a small battalion against a large Philistine division. You will not leave my soul in Hades was a vision of Jesus Christ which put David to sleep the night before the battle. In occupation with Christ, he had this vision. For Jesus, this is the night before the resurrection.

Psalm 40:6 **You do not delight in sacrifice [a slaughtering] or a [food] offering; You have pierced my ears to listen. You do not ask for a whole burnt offering [an ascending offering] or a sin offering [rebound with an emphasis upon the unknown sins].**

David here is occupation with Christ and Jesus will utter these words when coming into the world. Heb. 10:5–

Heb 10:1–4 **Since the law has only a shadow of the good things to come, and not the actual form of those realities, it can never perfect the worshipers by the same sacrifices they continually offer year after year. Otherwise, wouldn't they have stopped being offered, since the worshipers, once purified, would no longer have any consciousness of sins? But in the sacrifices there is a reminder of sins every year. For it is impossible for the blood of bulls and goats to take away sins.**

God, as God, could not go to the cross. God is immutable. God is eternal life. David wrote this psalm dedicated to his coming down from this mountain. This also looked forward to Jesus Christ. He would come down and give these same words to do the Father's will. David would escape; Jesus would not escape Golgotha; and we would escape our sins.

The Baby speaks as an adult.

Heb. 10:5 **Therefore, as He was coming into the world [came into existence], He said: “You did not want sacrifice and offering, but You prepared a body for Me.**

Heb. 10:6 **You did not delight** [approve] **in whole burnt offerings and sin offerings.**"

Isa. 7:14 and Mal. When this was written by David, the Bible was only up unto portions of Samuel. Thelêma is purpose, plan.

Heb. 10:7 **Then I said, "See, I have come** [arrived on the scene]--**it is written about Me in the volume of the scroll** [the entire Old Testament]--**to do Your will** [plan], O God!"

The abrogation of the shadows. Sacrifice and offerings refers back to our passage. Offering up animals was abolished in the Church Age. We are no longer looking backward.

Heb. 10:8 **After He says above** [going back to v. 5], **You did not desire or delight in sacrifices and offerings, whole burnt offerings and sin offerings, (which are offered according to the law),**

Heb. 10:9 **He then says, See, I have come to do Your will. He takes away the first to establish the second.**

We are separated unto God forever by means of the offering of the body of Jesus Christ.

Heb. 10:10 **By this will, we have been sanctified through the offering of the body of Jesus Christ once and for all.**

Jesus fulfills Psalm 40:6. The dynasty of David would last forever.

Psalm 40:6 **You do not delight in sacrifice** [a slaughtering] **or a [food] offering; You have pierced my ears to listen. You do not ask for a whole burnt offering** [an ascending offering] **or a sin offering** [rebound with an emphasis upon the unknown sins].

There is the desert and the south pass. Saul's division was at the foot of the mountain. He put a holding force. When Saul was winning the race, God intervened with the Philistine invasion. *Then* refers to at this time.

David is saying, "I have come into this world to do Your will" to God the Father. His Son would say the same thing.

The written scroll refers to the Old Testament, as it was completed at the time of David. David has come to the point of service; the pierced ear.

Psalm 40:7 **Then** [at that time] **I said, "See, I have come; it is [being] written about me in the volume of the scroll.**

### **Closing Points**

1. The Old Testament is in the process of being formulated and there is more to be written before it is completed. The Old Testament was being written. The Old Testament was unfinished. We know more about Jesus Christ in the Old

Testament than the faculty at Dallas Seminary. The Old Testament was written about Jesus Christ. The Old Testament is not written about David; it is written about Jesus Christ.

2. Note that David's occupation with Christ leads into this Messianic passage.
3. David sees the day of the incarnation when, from his own line, Jesus Christ would become true humanity.
4. The next verse is David's supergrace testimony as well as that of Jesus Christ. It is the testimony of David and his Greater Son, the Lord Jesus Christ.

**1Samuel 23 Ps. 40:8-12**

**72David**

**631\_0046**

**01/24/1973 Doctrine of association**

Bob notices that the natives are restless. Some of you are so flaky and flea-brained, you'll spend the rest of the service figuring out what you're going to do. "If you are so flaky that you don't know where you are, then get the hell out at the silent prayer."

we're at the supergrace testimony by David. The same line is uttered by Jesus Christ when He comes into the world. The flying column of King Saul approaches the hill coming out of Ziph, from the north, which blocks off escape from that approach. There is a southeast pass going into the badlands and off the eastern side of the mountain going into the Dead Sea.

David wanted to go over the peak and come down the southeast passage, but Saul came around the passage and was about to catch him.

This is great testing for David here, as never before; and it will not happen against until David gets out of line.

David lived in the Age of Israel when there was doctrine in various things which he observed as well as through the Word of God. Here, doctrine is said to be in the bowels rather than in the heart. This refers to emotions.

When the emotions revolt, men start wearing long hair. When the man dominates in the soul of the woman, she is feminine, and in the other way, her soul becomes distorted and she becomes a dyke or a libber.

The emotion is designed to respond. David is stimulated by Bible doctrine and he is enjoying life in adversity. He is enjoying life in the cliffs of Engedi. Circumstances are bad but doctrine in his soul leads to doctrine in the emotions and his emotions are responding to do. He enjoys the fights; he enjoys living under the stars, he enjoys his position; he enjoys the people who are with him. There is a period of 6 years.

**Summary**

1. It is the will of God that all believers reach supergrace status in phase II.
2. To do this requires the daily function of gap leading to a saturation of Bible doctrine in all facets of the soul. The person is hereby
3. So great must be the saturation of doctrine, that it overflows into the emotions, so that it gets the highest and noblest response to God's grace.
4. At the incarnation of Jesus Christ, He quoted the first half of this verse. Heb. 10:5-7
5. At the time that David wrote this psalm, he used the entire verse to express his supergrace testimony.
6. David has just been delivered from Saul's persecutions under operation search and destroy.
7. David has been betrayed by the members of his own tribe; Keilah and Ziph people.
8. He just escaped the terrible trap on the mountain of escape. The first 8 verses are David's supergrace testimony after God had delivered him.
9. The next 2 verses tell how David preached a message to the Addullem alumni after reach supergrace. When Saul pulled away from the south pass and went north to meet the Philistines and David came off of the slope, down the slope, at the south pass, with Saul's army going in the other direction, David stopped and preached a message to these 3000 people who are with him. Some are unsaved and many are immature believers.

Psalm 40:8 **I delight** [I take pleasure] **to do Your will** [manufacture from Your plan], **my God; Your instruction** [doctrine] **resides within me** [my bowels]."

In the Piel stem, this means to proclaim good news. There are a lot of people who are unbelievers with him. And some of them are wondering what has just happened. How did they get out of this trap. So David has to explain the gospel to them. God cannot compromise His righteousness. David made a mistake in his tactics; but God overruled. The gospel is grace. David does not earn or deserve deliverance. God overruled his mistakes.

David enunciated clearly; everyone understood him. He did not speak with an accent that many would not understand. Some people can never get rid of an accent and are not qualified to proclaim doctrine in some parts of the country. People who have accents always call attention to the speech rather than to the message. We have had a series of British public speakers come here and haul away tons of money. Ian Hunter and Ian Thomas and all of these idiots. People think they are geniuses and are impressed by the accent. Again, it is hard to follow.

This simply means that David is communicating this loud and clear. The people able to understand what is being said. David argues that God has observed him.

Psalm 40:9 **I proclaim righteousness in the great assembly; see, I do not keep my mouth closed** [I have not restrained my lips]--**as You know, LORD** [O Jehovah, You know it].

David did not hold back from teaching these people.

Psalm 40:10 I did not hide [have not concealed] Your righteousness in my heart [thinking]; I spoke about [I have communicated] Your faithfulness [doctrine] and salvation; I did not conceal [kept back] Your graciousness and truth [faithfulness?] from the great assembly.

As David was moving down the south slope, Saul was ahead of him moving toward the south pass. While losing this race to this escape route, these are David's reflections. He did some thinking. He then decided it would be better to switch to praying. His praying is better than his thinking. Neither precedes the wonderful things that he thought. David is doing something that all leaders must do from time to time; he was kicking himself in the butt in v. 11.

The KJV makes David sound like a prissy legalist. *Compassion* is grace in action.

Psalm 40:11 LORD, do not withhold [You will not hold back from me] Your compassion from me; Your grace and truth [doctrine] will always guard me.

Innumerable troubles means *evils beyond number*. David must be on his toes; he cannot be wracked with a guilt complex. Saul has just about overtaken David. He has almost closed the trap on David. This is about as stupid as David could ever be. He is alive and in one piece; he has not even been wounded. And yet, he is weeping and wailing on the south slope. A guilt complex will turn a man into a jellyfish, and a man into a menace.

Bob remembers evangelists and how one would tell these stories. A well-developed gal at age 17 had been taken advantage of. The evangelist hit her in a guilt complex, and they are at a school house and these big wide windows. Aaron Hicks kissed me. Almost all of the boys in the congregation went out the windows. So, a guilt complex in a woman is a menace. There is someone back there who is not smiling. I hope your name isn't Aaron Hicks. Believers tend to associate every problem in their life with some past sin. The sin may have been years ago. You think, in this catastrophe, that God is finally getting around to spanking you. God keeps short accounts. Now, this person had a guilt complex from what happened years ago.

### **The Doctrine of Association**

1. The believer is blessed by association with a supergrace leader. This can be in many areas. Many of you can have a supergrace boss in an industry and you prosper by being in the same company with this person. A supergrace general can change up an entire division. Supergrace leadership always overflows. The last grunt of the last platoon of the last battalion can be great blessed by the principle of overflow. The same thing for a football team.
2. This principle works in reverse. The believer is cursed by association with the reversionist. Supergrace Jonathan cursed because of his association with Saul.

3. The believer is blessed and prospered by association with Jesus Christ. This is blessing by occupation with Christ. This is what David had before he had emotion prosperity. Blessing from occupation with Christ.
4. The believer associates disaster with past sins; cursing by guilt complex. Associating disasters in life with a past sin. Cursing by imagination. Through a guilt complex. This is what David is saying, when he claims, "My sins have overtaken me." I don't think that is correct. This is Scripture, so David is stating a fact.
5. Rebound is the believer associating sins with the judgment on the cross. When we confess our sin, that is to identify it. It is associating that sin and it is judged at the cross. People think you have to feel sorry for your sin; associate it with penance.
6. The believer is influenced by sexual association. The one with whom you have sex has a great influence on you. This is a great principle on David. The believer is influenced by sexual association.
7. The believer is influenced by social association as well. A believer can be affected by the company that he keeps.
8. Guilt by association. The innocent suffer because of their association with the guilty.

Psalm 40:12 *For troubles without number have surrounded [enveloped, encircled] me; my sins have overtaken me; I am unable to see. They are more than the hairs of my head, and my courage leaves me.*

**1Samuel 23 Psalm 40:12-17 72David 631\_0047**  
**01/25/1973 Phil. 3:13; Heb. 12:15 Association**

Down Memory Lane a demonstration was something you were supposed to watch when your chemistry teacher fooled around with a bunch of chemicals.

Evils have surrounded me is Saul's flying column, which was about to beat David to the southern pass.

Doctrine of association repeated.

Psalm 40:12 *For troubles without number have surrounded me; my sins have overtaken me; I am unable to see. They are more than the hairs of my head, and my courage leaves me.*

### Summary

1. David fails to forget those things that are behind. A guilt complex takes a current disaster and related it back to past sins which shock you. The results in a guilt reaction. David is facing the disaster of beng cut off at the south pass by Saul.
2. David's sins of reversionism should be forgotten. There is a special quirk in the right lobe. He should draw on divine standards. He is operating under a guilt complex. You are sinning every time that you operate under a guilt complex.
3. Impending disaster causes you to fail in an area of chain sinning.

4. 1Sam. 23:26 Saul went along one side of the mountain [the east base] and David and his men went along the other side [higher up along the peak]. Even though David was hurrying to get away from Saul, Saul and his men were closing in on David and his men to capture them.
5. David was in panic palace because of his guilt complex.
6. A guild complex is the enemy of the growing believer. When you learn what a terrible person you have been, you need to be careful not to react with terrible guilt. David had not been preserved by God to be taken out on the mountain.

We'll be off on so many psalms.

Paul had offered up the sacrifice in Jerusalem, which was a mistake. David made this mistake, but Paul did not. The sins of reversionism are always terrible. David, when coming down that hill, kept looking back. Epilanthomai is even stronger than forgetting. Sins related to scar tissue of the soul, sins related to emotional revolt of the soul, sins which must be laid aside and forgotten.

Philip. 3:13 **Members of the family of God, I do not reckon myself to have laid hold; and now one thing--the things behind indeed forgetting, and to the things before stretching forth--**

If you have a guilt complex, it is your own fault and failure. Once you recover from the reversionistic situation, then you cannot include this in your guilt. David failed on the basis of Philip. 3:13 and Heb. 12:15 that no one fails from the standard of the grace of God.

Guilt goes inward and bitterness goes outward. Sins of reversionism are broken down to the various areas of reversionism. The root of bitterness concept; a root comes from a dead seed. In bitterness, you go back and pick up a sin that involves someone else. Bitterness, you go back to something that should be forgotten, but it is not. For the root to sprout, the seed must die. Rebound is the last thing to go in reversionism.

Defiles means to dump the contents of a chamber pot onto someone down below.

Heb. 12:15 **looking diligently over lest any one be failing [falling short] of the grace of God, lest any root of bitterness springing up may give trouble, and through this many may be defiled [contaminated with the excrement of your soul]**

Bob is bugged by attempts to cover up what is actually there. 1Sam. 24:3 bothers Bob. David and his men are way back in the recesses of this cave. This is a euphemism for defecation. Saul went into the cave to defecate. The reason why this was such a great temptation to kill him is, Saul is alone; no guards.

David crept up and cut off a corner of his robe. This adds up to be a wonderful study in a week, who was with Saul in the outhouse.

Keil and Delitzsch came close to giving what this meant, literally.

Now we are in the middle of v. 12. Saul comes in from the north with his flying column, at least 3000 men, with the Ziphites giving him the information. When Saul knows this, he starts the envelopment. David goes around the peak and begins to race him to reach the south pass. Saul beats him to the pass, and this is going through David's mind.

A guilt complex produces many bad side effects. Disorientation to the plan of God. David's guilt complex obscures Bible doctrine in David's soul, but it is still there. The guilt complex obliterates Bible doctrine in the right lobe.

Psalm 40:12 **For troubles without number have surrounded me; my sins have overtaken me; I am unable to see. They are more than the hairs of my head, and my courage leaves me.**

David addresses God the Father, Who is the recipient of prayer.

David demands grace, which indicates that he has recovered from reversionism. God the Father knew years ago that David would be in this jam. And now, David is on the panic button. Every problem and every disaster, God knew about it billions of years ago. All of that weeping and wailing is unnecessary. You cannot think and have a guilt complex. Such a person is incapable of thought.

Psalm 40:13 **LORD, be pleased to deliver me; hurry to help me, LORD.**

Imperative in the previous verse to a jussive in this verse.

they have almost reached the pass when David prays this.

Psalm 40:14 **Let those who seek to take my life be disgraced and confounded [ashamed and humiliated]. Let those who wish me harm be driven back and humiliated.**

#### Summary

1. You cannot build your happiness upon someone else's unhappiness.
2. Pleasure derived from the misfortunes of others is a soul sickness.
3. Such people face operation boomerang.
4. Gloaters groan from gleaning garbage from the grave. Gloaters spend their lives feeding on the garbage of this life.
5. Every attempt to be happy on the basis of someone else's misery is another bite from the corpse of divine discipline.
6. Only buzzards live on carrion, not human beings. The very unhappiness you seek to instill in others comes back to you.
7. Each time Saul seeks to destroy David, this is another step toward his grave.

Deriving happiness from another's unhappiness. This would lead to operation boomerang. Qal active participle is a supergrace capacity for love.

Psalm 40:15 **Let those who say to me, "Aha, aha!" be horrified because of their shame.**

Psalm 40:16 [Let all who seek You rejoice and be glad in You; let those who love Your salvation continually say, The LORD is great!"](#)

David says that he is afflicted and helpless. He can take no credit here. David was wrong to panic and to become upset.

Psalm 40:17 [I am afflicted and needy; the Lord thinks of me \[yet the Lord devises a plan for me\]. You are my help and my deliverer; my God, do not delay.](#)

**1Samuel 23 Psalm 138:1-8 72David 631\_0048**  
**01/29/1973 Importance of categorical Bible doctrine**

Greatest northern California conference. Tragic when Bob thinks of the men from his generation who are dying off. Some short-haired guys described what they looked like before, and then Bob remembered them.

We left David at the cave of Engedi. The persecutions of Saul will continue and become even more intense. The darkness of a terrible civil war will be followed by a dawn of great prosperous period of time.

Only those with Bible doctrine can properly interpret contemporary history.

David will have a guest, King Saul, at his cave.

David has motivation to praise God. The heart refers to the right lobe. There is the memory center. He had a vocabulary of doctrine and the categories of doctrine. He has divine viewpoint norms and standards. He can appreciate the essence of God. On the launching pad, there is Bible doctrine.

His praise is not phoney; he does not wait until he is in a crowd and suddenly he says, "Praise God." David is worshiping because he cannot do anything else. This is David's natural response to Bible doctrine in his soul. The most important function of doctrine is listening, learning, absorbing.

Psalm 138:1 [By David. I praise You, with all my heart, Before the God I do praise You.](#)

There was no Temple at the time of David. This refers to David's palace. David's palace will be reconstructed from the famous palace of the Jebusites. He will appreciate his home.

David appreciates God's essence; the love of God, His justice, and he is not caught off guard. He understands complete concepts so that he does not have to grab a particular promise. Everything worthwhile in David's life will be from God's provision. What God provides is permanent. It can only be perpetuated in eternity.

Someone has told you that you are getting too much doctrine and you need to get out and witness or knock on doors. God places more emphasis upon Bible doctrine than He places upon His Person; the most important function in the Christian life is the intake of doctrine. Worship is not you talking; worship is you listening. There will be plenty of time for you to talk later. Doctrine is more important than anything else in life.

Imrah means *categorical doctrine*. Doctrine in the Bible is grace. It is the doctrine that you understand that is helpful to you. It is not Bible doctrine in the Bible. Bob does not read idiotic dumb commentaries. He could straighten out our reading for pleasure.

Bob suggests that, if doctrine is not your life, then you need to find another church. This is no place for those who want to be entertained. It is impossible to know anything about God apart from the Word of God. The Bible is the thinking of God. The essence of God is revealed in the Word of God and it is the basis for Bible doctrine.

It is doctrine which gives you a scale of values. It is how God reveals Himself to us.

Psalm 138:2 I bow myself toward Your holy temple [palace], And I confess Your name [essence, character], For Your grace, and for Your truth [Bible doctrine], For You have made great Your Word above all Your name.

David really hit the panic button when he began to come over the mountain and realized that Saul was going to cut him off.

Psalm 138:3 In the day I called, when You dost answer me, You dost strengthen me in my soul with strength.

Psalm 138:4 O Jehovah, all kings of earth confess You, When they have heard the sayings of Your mouth.

They will sing of the ways of the Lord.

Psalm 138:5 And they sing in the ways of Jehovah, For great is the honour of Jehovah.

God being high means that He is beyond man in every way. *High* indicates superiority. God in His essence is superior to man in every way. God is infinitely superior to us, but He still looks upon us, the lowly.

Psalm 138:6 For high is Jehovah, and the grace oriented He sees, And the arrogant from afar He knows.

David will have an R&R for a short time. A month or so. He will be given a break. David recognizes that he is enjoying some temporary respite and he knows that the future holds a great thing for him.

Psalm 138:7 *If I walk in the midst of distress You quickenest me, Against the anger of mine enemies You send forth Your hand, And Your right hand does save me.*

For those of you who are young, you are most anxious for the prosperity or the rw. After all, you have been coming for a couple of months now. A girl came for 3 nights and said, "Doctrine doesn't work; I've been here for 3 straight nights." God will complete the plan concerning David and He will do the same for us.

David will have 40 years of being the greatest ruler of Israel and possibly of all time. This is all based upon God magnifying His Word above all His name.

Psalm 138:8 *Jehovah does perfect for me, O Jehovah, Your kindness is to the age, The works of Your hands let not fall.*

An article on communism by Robert Dresser. Communist nations are involved with trade with us, although they supply the weapons which kill our sons in battle. We have built up the economy of Soviet Russia.

There is no such thing as Soviet technology; 90 or 95% of it has come from America. All of their ships were designed from American ships. U.S. industry and technology shot down our planes in Vietnam. This guy listed the plants in the United States which provided trucks for the communists. Gorky was built by Ford Motor company.

Dean Rusk and someone else told us that the auto plant that we built in Russia which they said would not produce military vehicles, but they would produce military vehicles.

We help the reds to build better missiles. We have made their missiles more accurate.

We repatriated a whole bunch of communists; forced them to go back; it was an inhuman act. We shipped many of them to Stalin, who executed them or shipped them to labor camps. Operation Keilhall. Keelhaul? 16 million people have outwitted the United States in every way in Vietnam. The communists will look to take out any government that they can. We have been betrayed by the weakest, most spineless people of any country.

Moses, David and Jeremiah stand for a principle; we don't know if we are about to go out under discipline or recover from such idiocies.

Without supergrace believers, we've had it as a nation.

**1Samuel 24:1-4 Psalm 55:18-23 72David**

**631\_0049**

**01/30/1973 Assassination; reversionist victories**

We're beginning in 1Sam. 24:1

There is a change in the narrative, which is why we have a new chapter. God uses the reversionism of Saul in order to defeat the Philistines; but this would be very temporary.

### Points on Saul's Victory over the Philistines

1. Reversionistic Saul was victorious over the Philistines. Evil people can have great victories.
2. Jesus Christ controls history is the overriding principle. God uses the wrath of man to praise Him.
3. It was not time for Israel to be defeated, even though there was a great deal of reversionism.
4. God must keep His promise to David, and Israel must be protected until David arrives.
5. The anointing of David is a divine promise as well as a divine commission. Saul's life and the people of Israel were not at issue here.
6. Therefore, when David is standing on the high cliffs of Engedi and he saw this column of men moving, should have been a great encouragement. When he sees Saul return, this means that the Philistines have been defeated and they have been knocked out of the land.
7. This gives Saul time to continue his persecution of David, David should have been smart enough to recognize that Jesus Christ controls history here. Saul did not realize this that he was preserving the kingdom for David.

This is a beautiful view for David and David and these people need food.

1Sam. 24:1 *And it cometh to pass when Saul hath turned back from [returned from pursuing] after the Philistines, that they declare to him, saying, 'Lo, David is in the wilderness of Engedi.'*

Saul has 3000 of his best men and David has 600 men.

1Sam. 24:2 *And Saul taketh three thousand chosen men out of all Israel, and goeth to seek [to search and destroy] David and his men, on the front of the rocks of the wild goats,*

Saul approaches and David records his thoughts in Psalm 55:18–23

Not covered vv. 1–17:

Psalm 55:1 *To the Overseer with stringed instruments. --An instruction, by David. Give ear, O God, to my prayer, And hide not from my supplication.*

Psalm 55:2 *Attend to me, and answer me, I mourn in my meditation, and make a noise,*

Psalm 55:3 *Because of the voice of an enemy, Because of the oppression of the wicked, For they cause sorrow to move against me, And in anger they hate me.*

Psalm 55:4 *My heart is pained within me, And terrors of death have fallen on me.*

Psalm 55:5 *Fear and trembling come in to me, And horror doth cover me.*

Psalm 55:6 And I say, `Who doth give to me a pinion as a dove? I fly away and rest,

Psalm 55:7 Lo, I move far off, I lodge in a wilderness. Selah.

Psalm 55:8 I hasten escape for myself, From a rushing wind, from a whirlwind.

Psalm 55:9 Swallow up, O Lord, divide their tongue, For I saw violence and strife in a city.

Psalm 55:10 By day and by night they go round it, on its walls. Both iniquity and perverseness are in its midst,

Psalm 55:11 Mischiefs are in its midst. Fraud and deceit depart not from its street.

Psalm 55:12 For an enemy reproacheth me not, or I bear it , He who is hating me Hath not magnified himself against me, Or I hide from him.

Psalm 55:13 But thou, a man--as mine equal, My familiar friend, and mine acquaintance.

Psalm 55:14 When together we sweeten counsel, Into the house of God we walk in company.

Psalm 55:15 Desolations are upon them, They go down to Sheol--alive, For wickedness is in their dwelling, in their midst.

Psalm 55:16 I--to God I call, and Jehovah saveth me.

Psalm 55:17 Evening, and morning, and noon, I meditate, and make a noise, and He heareth my voice,

Here is where we pick up the text: David's soul has been preserved in tranquility. Saul is approaching with his special force and he knows that God will deliver him. He knows that God will preserve him, but he does not know if there will be a battle or not.

Psalm 55:18 He has ransomed [preserved, purchased] in peace [in tranquility] my soul From him who is near to me, For with the multitude [2500 camp followers and 600 soldiers] they were with me.

David's prayers. David's prayers begin now that he sees Saul's men come across the desert. There is no panic; there are no bad moves. David will remove himself as a protagonist. David knows that God has a plan for his life. He sees the approaching troops of Saul, and God knew that David would pray, and that is when God answered this prayer.

There was never a time when God did not exist; never a time when God did not know about this incident. God has an answer and God would deliver him. Then the continuation of the orchestra means that God's provision continues while we rest. God continues to work in our lives.

David recognizes that Saul has not changed; Saul is the same reversionist that he has been for some time. David realizes that this aspect of Saul would not change. There are no changes in Saul's reversionism.

Qal perfect refers to a continuing situation from the past. Saul did not respect God before and he still does not. Therefore, there is no change.

#### **What Does this Passage Tell Us So Far?**

1. This explains why Saul was blind and did not recognize God's grace in delivering him in battle. As soon as the victory is won, Saul's implacability sets in and he determines to kill David.
2. The reversionist has no appreciation for grace in action.
3. Furthermore, this verse explains why Saul continues to persecute David after enjoying a victory over the Philistines.
4. As soon as the Philistines were driven out of Israel, Saul forms a search and destroy flying column to go get David.
5. The next few verses describes Saul as he approaches with his flying column; and David can see him approach the high cliffs of Engedi.

Psalm 55:19 **God does hear and afflicts** [He answers] **them, And He sits of old. Selah. Because they have no changes** [in whom there are no changes to him], **and fear not God,**

David has no quarrel with Saul and he respects the king and obeys the laws of divine establishment. So David is not looking to take Saul's place. David has never made an aggressive move to take over Saul's authority.

Making a treaty with the communists is meaningless; they will break their word at some point in time. This is true of all communists; they have polluted their covenants. Only the liberal bleeding heart puts anything into a treaty with the communists.

Psalm 55:20 **He hath sent forth his hands against his well-wishers, He hath polluted his covenant.**

This explains the communists here. Starting with Truman, every president has been a jackass in dealing with the communists, all having learned this from FDR. All presidents have been stupid or dumb or both.

We gave the communists our technology about our missiles and silos. They are in better shape than we are missile-wise. His speech was smoother than butter, but war was in his thinking.

There has been no military buildup in world history like the Russians today. Our only break is, Russian generals do not have anything for brains. Just as in WWII, they had jackasses who could not even whip the Finns; but they don't need brains with their military buildup.

Watch your step around these minorities today. A few of them can terrorize a bunch of them. The Black Muslims and Black Panthers are the most anti-American people today.

Psalm 55:21 **Sweeter than honey hath been his mouth, And his heart is war! Softer have been his words than oil, And they are drawn swords .**

This is our hope. Parasites who have been fed on welfare will have to be destroyed before we can return to divine establishment in the United States.

Psalm 55:22 **Cast on Jehovah that which He has given you, And He does sustain you [He will uphold you no matter how much things fall apart all around you], He does not suffer [will not give] for ever the moving of the righteous [the righteous to be shaken].**

We have a Congress made up of fools. They would take away your only defense, your gun. Even today, it is tough to get a police officer within 30 min. The Nixon administration says, "Just let the criminal rape, kill and/or steal. Don't do anything about it." Nice people should not have guns; only criminals should have guns.

We have had a series of Presidents and congresses whose idiocy is unprecedented. This proves that anything that smacks of democracy is messtup. The majority is never right about anything.

These men of violence and deceit will not live out half of their days, but I trust in You.

Psalm 55:23 **And Thou, O God, dost bring them down To a pit of destruction, Men of blood and deceit reach not to half their days, And I--I do trust in You!**

David has seen Saul enter into one of the wadis.

This is the call of nature to Saul. There is a rocky area where there are natural sheep pens. Saul is allowed the dignity to be removed from the eyes of his army.

Saul goes into the cave to take a dump. Covering his feet is a euphemism. A substitution for a phrase that might offend or seem unpleasant. This means Saul is going to defecate. Judges 3:24. Saul came to the sheepfolds where a cave was handy, and Saul entered the cave to defecate, and David and his men are in the recesses of the cave. Saul is in a totally helpless situation here. A person totally helpless because Saul is defecating; he is very human, but we do not associate him with being the king of Israel. It would be easy to rationalize that Saul is there by God so that he can be killed. It would be easy for David's men to rationalize his killing.

1Sam. 24:3 **and he comes in unto folds of the flock, on the way, and there is a cave, and Saul goes in to cover his feet; and David and his men in the sides of the cave are abiding.**

For those who are in the ranks, you are not required to think. But those who have authority, that is why you have authority; to think.

God never condones a good thing done in a wrong way. This bad advice is erroneously conveyed to David. He tells David that God has delivered Saul to their cave to be killed. "The Lord has done this; He has delivered him to you." God's plan always calls for a right thing to be done in a right way; so that it is a right thing in the end done in a right way. How many times have you chortled when some liberal is assassinated? You're out of line. 2 Kennedy's and MLK are assassinated; the assassins are out of line. No matter what, it is wrong to assassinate them. The worst president ever is wrong to assassinate.

When it is time for God to take out this or that person, then He will do it. David controlled his men; he did not let them get out of hand. Good leadership does not let his men get out of hand. This is a great commentary on David's leadership.

God's way is never the wrong way; or it is never a wrong end. The men in ranks do not think in terms of leadership. So, they sound holy and they sound like they are making sense; but they are wrong. This is why David is a leader. God does not allow an evil means to achieve an illegitimate end.

God will deal with Saul's end; and the Philistines will take him out of this world. If David killed Saul, this act would hang over him for the rest of his life. David will never betray the king.

No matter how bad or evil an elected representative is, it is still wrong to kill him. It is wrong to use violence to remove an incompetent person from office; it will never be right; it can never be justified.

1Sam. 24:4 [And the men of David say unto him, "Lo, the day of which Jehovah said unto You, Lo, I am giving Your enemy into Your hand, and You have done to him as it is good in Your eyes;" and David rises and cuts off the skirt of the upper robe which is on Saul—gently.](#)

**01/31/1973 Laws of divine establishment**

A continuation of the defecation devotional.

David's men are suggesting that Saul be assassinated; they want to do a wrong thing in a right way. Rulers are in the hands of the Lord.

David was right with everything; and then, he got carried away and cut off a portion of Saul's robe.

The king's robe belongs to the king; and no one has a right to destroy the clothing or property of someone else. Remember that the next time you go to a party. There are so many people who deface property today that it is overwhelming.

David knew it was wrong to touch the king; but he himself did something that was very stupid and out of line. He had no right to touch the property or to cause problems with the

property of the king. David as a supergrace believer understood the laws of divine establishment. Karath in the Qal perfect. David's right lobe and his norms and standards convinced him that what he did was wrong. All this was put out on the launching pad of his soul.

1Sam. 24:5 [And it came to pass afterwards that the heart of David struck him, because that he had cut off the skirt which is on Saul,](#)

All of these things end up in the frame of reference. He immediately declares himself as being wrong. What David did is a very petty thing. Saul is persecuting David; David is not persecuting him. But David is clear on the laws of divine establishment here. He knows better than to do anything against Saul. Even cutting the hem of his garment was out of line. And it does not matter what kind of a ruler that Saul is.

Shalack connotes destructive or violent behavior. David realized that, by mutilating the garments of Saul, that his followers might take this to a greater extreme. Bob ran into people in northern California and some of these women are real cocoo clocks. These people hear what they want to hear; they do what they want to do; they are very extreme types.

Bob teaches RM/RW and some guy took this to an extreme and chased this woman all over the parking lot.

David makes it clear that he is out of line; good leadership will admit to their mistakes if it could affect those under them.

1Sam. 24:6 [and he says to his men, "Far be it from me, by Jehovah; I do not do this thing to my lord—to the anointed of Jehovah—to put forth my hand against him, for the anointed of Jehovah he is ."](#)

### **The Principles Which David Has Used**

1. The laws of divine establishment. Some people may have no clue as to what that is all about. All of the angels are either elect or lost. These are divine laws which are just as accurate as scientific laws. We can destroy ourselves in one generation. God found a way to keep the human race from destroying itself. These law are in effect from the fall of man to the 2<sup>nd</sup> advent of Jesus Christ. Since there are more than 2 people on the earth, there must be laws. These laws apply to believers and unbelievers alike. These laws are designed for blessing and the perpetuation of the human race.
2. The first basic concept is the fact that, when God created man, He created man to function under freedom; under his own volition. Animals function under instinct and man functions under rational thought. All members of the human race are free, but there are great variations among the results of their freedom. Races that cannot stand prosperity get soft and fall apart. There is no such thing as a super race. There used to be a lot more genius in our government; but that is no longer the case. The parasites lives instead of dying off. We have the right to freedom of

choice and to life; as long as we do not infringe on the freedom of others. All are free to believe in Jesus Christ. True evangelism. We do not get saved by some of the things which we are asked to do in a evangelistic situation. You do not invite Jesus into your heart. Freedom is the basis of true evangelism. You do not coerce, pressurize, etc. Do not push people; you are not a salesman; do not tell them a bunch of lines or have them sign something.

3. Once you pass the principle of freedom, you move into a second principle, which is RM/RW. This preexists the fall of man. Marriage is generally one man living with one woman, whether there is a ceremony or not. They do not need the ceremony, provided that they understood the principle, to stick it out. The idea of a big fat ceremony is a decadent society. Ancient world, there was an agreement to give the son-in-law a certain amount of money to take her off the father's hands. But there is also Jacob and Laban and Rachel. David got carried away with being such a leader of men that he figured he could lead a small platoon of women. 4 pregnant dolls under the same roof; that is something again. Was David right or wrong? We need to determine this; God does not come in here and tell him what to do. God does not come in and tell David, "You've got just a month to live." 3 books on this: Adam's Rib, Marriage and RM/RW (one of our weaker covers but one of our better books).
4. The family, is the first organizational setup after marriage. The basic organizational system in the human race. We learn grace from a baby; a baby is helpless and useless and still, the baby is loved, by the parents and sometimes the grandparents. They have protection, provision and training. The parents have this responsibility. Article in the paper today that the happiest marriages are those without children. This is because the parents could devote more time to spontaneous sex. Next is those who just have one child. Goes in great detail on this. This is contrary to the laws of divine establishment. We all need a mother and a father. We all have to come into the world and the best chance we have is to be trained right from the start. While the parents love the baby, the baby does not love the parents. No baby loves its parents as a baby. Remember this, the baby doesn't love you. That is grossly unfair. That levels off in about 22 to 25 years. Some of you in single bliss will someday be parents. Your job is to train the children. If you truly love them, you will train them. You will train them in some things just so that you can stand them. You toilet train them; why don't you teach them other things? Teach them good grooming and they won't be idiots. Don't jump into parenthood until you are ready to do it. Some of your are still coddling the little things when they are 4, 5 or 6, you will regret it.

To touch Saul would be blasphemy against God. Saul was safer in that cave defecating than he was marching in front of his troops.

Don't ever buck authority. What does David do? Supergrace always goes with establishment. A Spirit-filled believer always goes with establishment. Such a person separates himself from the anti-establishment types.

Saul thinks he has privacy here; and David does something that is very stupid; he becomes a sneak. Some learn this in the classroom; who threw the chalk or eraser in the classroom and they just congratulate themselves all over the place. There is a sneak in the congregation.

Bob hung out for a few nights with his .44 to shoot out his tires; he apparently is driving across the T&P lawn. David turned sneak for a moment. While Saul is defecating, David sneaks up and cuts off a piece of his robe. This was a failure of respect. David understood the big principle, but got caught up in the penny ante type things.

Bob learned in the 5<sup>th</sup> grade learned about not destroying the clothing of others. Some guy kept turning around and making faces, so Bob took out a fountain pen. Bob thought it was quite funny, but the vice principal pointed out that he was wrong, then the principal and finally his father, who made this very clear. This is an act of disrespect. A willful destruction of private property. David will recognize that he is an ass as well.

Bobby showed his fangs quite early and Bob proved that he was in pretty good shape. Once Bobby caught on to who was running the show, it was no problem. He did not have to touch him after age 10. "Yours is hard-headed? So is mine. Most hard-headed person I've known. His mother is hard-headed."

Bleeding hearts raised the last generation of kids, and they are the worst bunch ever. You teach them respect for the rights of others and patriotism. Gospel training early on and from then on, you can teach basic Bible doctrine. Some of you have totally failed your kids. So many people got mixed up about love everyone, and they think that they ought to love their child all of the time. And the maladjustments are showing.

If you can train a dog; you can rear a child. Some of you can handle authority and responsibility, then you can train a child. Parents ran Bob down in front of their children, and they all left in the exodus; and the kids today have long hair. This whole bunch left in the conspiracy. Respect for the content of doctrine as taught by the pastor-teacher. The parents never taught them Bible doctrine, and their kids busted out of college and are hippie types today. Heb. 13:7, 17

5. You are the member of a national entity. It demands your love and devotion and your honor. Our policies all stink. There is going to be a volunteer army. Every Swiss male serves in the army. Every male there knows how to shoot a gun and can fight at the drop of a hat; and every Swiss home has weapons in it; you take your weapons with you out of the army. If a nation is realistic, you teach every person how to fight. Everyone serves in Russia and in all of the satellite nations. Racial, geographical and linguistic define a nation.
  - 1) There must be interior protection of a national entity. There must be respect for the law. There must be respect for the police officer.
  - 2) Exterior protection.
  - 3) There must be a principle of government which recognizes the freedoms and rights of its citizens and it must protect its citizens and not intrude upon their

privacy; the census is immoral. Government agencies are breaking into homes in ways that have nothing to do with crime. Our government today has become immoral.

- 4) Free enterprise must exist; this is the basis for human prosperity in a nation and it eliminates parasites from a nation. Or catastrophe destroys them. This keeps up a nation's purity and vigor going. This is how the Romans lasted for 1000 years.
- 5) There must be good law; not to encroach on the rights of the individual. You have the right to carry and bear arms. Local governments try to take these rights away. The law should not be subjective so as to steal your property. They try to correct an abuse of the law by passing some law which invades the privacy of individuals. Africans have a decadent culture and they have been a source of slaves for 1000 years. Their culture is a perfect example of what not to do ever. African culture is idiocy. Best thing for an African to come to the United States under any condition. They are the worst bunch of people in the world and this is why they are exploited. You give them self-government and they cannot deal with it. They do not have self-governing capabilities. Hop heads. Best thing was the rise of the British empire and the evangelism which took place. The worst thing that happened is when the European nations were thrown out by the UN. South Africa and Rhodesia treat their Africans well. Their government is so much better than any other government today. Those countries we ought to recognize. People are all mixed up because you have let some idiotic fundy do your thinking for you.
- 6) Literature art and the rest ought to reflect the beauty of the culture. Bob thinks of various battles, Gettysburg, new Orleans, etc. Or the western and indian paintings. He names some painters. You've only heard of borderline, psychotic surrealism. What literature or drama or art have come out of Africans? They have carved out of ebony a lot of phallic cult carvings.
- 7) A governmental system which collects tax and encourages genius of the people. What are they doing today? They are cutting off natural gas from being mined. American genius can always meet the challenge; just let nature take its course. Government taken out of our hip pockets; he will have to amputate it. Every man of genius has been stifled. Douglas MacArthur was betrayed in every way.
6. Divine institutions make evangelism a bonafide function in every generation. They must separate religion and state. The state must not penalize for not believing in Christ or believing in Him, etc. This should be a matter of personal choice.
7. Satan attacks the gospel and Bible doctrine. One of the great attacks on establishment has been the hippies.
8. When national decline arises, alternate laws go into effect; the 5 cycles of discipline. This is preceded by degeneration. In Lev. 26.

David refused to let his men touch Saul, and he will now do something that is quite important. He will call out and talk to Saul.

1Sam. 24:7 And David constrained his men by words, and hath not permitted them to rise against Saul; and Saul hath risen from the cave, and goeth on the way;

## 1Samuel 24:8–20

## 72David

631\_0051

02/01/1973 James 4:1-10 Enemyship; unreliable reversionists

The Defecational Devotional. Saul was defecating in the cave, throwing aside his robe; and David cut it.

Qum is for the 3<sup>rd</sup> time. Saul looks around behind him, and David salutes him, and then bows down toward Saul.

1Sam. 24:8 and David rises afterwards, and goes out from the cave, and calls after Saul, saying, "My lord, O king!" And Saul looked attentively behind him, and David bows—face to the ground—and does obeisance.

David calls out to Saul. Now, David stepping out of the cave should indicate to Saul that he did not try to kill him.

1Sam. 24:9 And David says to Saul, "Why do You hear the words of man [lies, propaganda], saying, Lo, David is seeking [search and destroy] your evil?"

Saul can learn from observation that David could have killed him, but did not. David chose not to kill him and he appeals logically to Saul. This would be very embarrassing for a king to be killed while defecating. David would not use violence against the Lord's anointed.

David rejects the bad advice; and he will take good advice in the next chapter.

1Sam. 24:10 Lo, this day have your eyes seen how that Jehovah has given You to-day into my hand in the cave; and one said to slay you [advised me to assassinate you], and mine eye has pity on You, and I say, I do not put forth my hand against my lord, for he is the anointed of Jehovah.

The Hebrew language does not have a father-in-law designation. David admits to cutting the robe, but that he did not kill Saul.

1Sam. 24:11 "And, my father [-in-law], see, yea see the skirt of your upper robe in my hand; for by cutting off the skirt of Your upper robe, and I have not slain you, know and see that there is not in my hand evil and transgression, and I have not sinned against you, and you are hunting my soul to take it!

This probably means, we know how God sees this matter; and David calls for God to avenge him over this probable. If you want God to judge a case, then you have to get out of it. You do not step in to help.

1Sam. 24:12 “Jehovah does judge between me and you, and Jehovah has avenged me of you, and my hand is not on you;

David is a supergrace believer operating on supergrace principles. It is found in James 4.

James is writing this to believers and they are not at war. This is about conflicts that they are in.

James 4:1 **From where do wars [conflicts] and fightings among you come? Is it not from this, from your lusts which war in your members?**

Sensual pleasures; a frantic search for happiness. You are jealous, you are vindictive and you are happy because they are discredited; you try to build your happiness on someone else's unhappiness. Contending in the soul is all about reversionism in the soul. Saul built his mental attitude sins upon jealousy for David. Even with correct information, your sins are wrong.

The lust here is mental attitude sins related to the old sin nature and it means to desire something. This illustrates frustration. There are all of these other sins which go along with it. Murder here is a mental attitude sin.

The righting is what comes when there is conflict and an attempt to bypass authority.

James 4:2 **You desire, and do not have. You murder, and are jealous, and cannot obtain. You fight [quarrel and fight] and war, yet you have not because you ask not.**

The reversionist is unable to be effective in prayer. You ask only for yourselves. You ask only in the state of reversionism. The frantic search for happiness through pleasure.

James 4:3 **You ask and receive not, because you ask amiss, that you may spend it upon your lusts.**

Males who are reversionistic in their souls are women. Reverse process reversionism.

James 4:4 **Adulterers and adulteresses! Do you not know that the friendship of the world is enmity with God? Therefore whoever desires to be a friend [lover] of the world is the enemy of [alienation from] God.**

The believer in reversionism is an enemy of God; Rom. 8:7–8 Demons are enemies of God. Unbelievers are the enemies of God.

\* Unbelievers Are Enemies Of Christ: RO 5.10

From: <http://www.bibleteacher.org/BELIOUT.htm>

David is a supergrace believer, and therefore, he will not attack God's anointed, who is Saul.

Saul did not have a love for the Lord Jesus Christ. Saul was totally lacking in any kind of a love. God the Holy Spirit has a purpose for indwelling.

James 4:5 **Do you think [presume] that the Scripture says in vain, The spirit that dwells in us yearns to envy?**

David could not and would not permit the assassination of Saul.

This verse is why Saul went down and David went up. God opposes Saul, the reversionist; but He gives grace to the supergrace believer. Only the supergrace believer has a relationship with God that counts for anything.

James 4:6 **But He gives more [greater] grace. Therefore He says, God resists the proud [opposes the arrogant], but He gives grace to the humble.**

Aorist passive of *hupotasso*, and it means *to be subordinate to*. David recognizes the authority of Saul. Opposing the devil does not mean that you slug it out with him; you take in doctrine and you resist cosmic thinking. David opposed the devil by refusing to kill Saul.

James 4:7 **Therefore submit yourselves to God. Resist the devil, and he will flee from you.**

Saul was hindered by emotion ruling his soul. King Saul was still alive and God had a purpose for his life. Saul will die the sin unto death because he refused to recover from reversionism. Saul has been preserved in the cave of Engedi. The holy rollers and the four square are vicious enemies of God; they are all emotion and no doctrine. When people get into this pentecostal thing, this knocks them out of the box.

Rebound becomes a very important function.

James 4:8 **Draw near to God, and He will draw near to you. Cleanse your hands [rebound], sinners; and purify your hearts [through doctrine], double-minded ones.**

Saul would be depressed; horribly depressed at the end of his life.

James 4:9 **Be afflicted, and mourn and weep. Let your laughter be turned to mourning and your joy to heaviness.**

God promoted David, who recovered; Saul did not recover and died the sin unto death.

James 4:10 **Be humbled before the Lord, and He will lift you up.**

1Sam. 24:13 **as says the simile of the ancients, From the wicked goes out wickedness, and my hand is not on you.**

1Sam. 24:14 **“After whom has the king of Israel come out? after whom are you pursuing? —after a dead dog! after one flea!**

Which way will Saul go?

1Sam. 24:15 **And Jehovah has been for judge, and has judged between me and you, yea, he sees and pleads my cause, and does deliver me out of Your hand.”**

Here, Saul reveals a change in attitude. It sounds great. “My son, David.” Saul is very sincere here. However, sincerity is a superficial characteristic; it is never a Christian virtue. It is based upon emotion ruling the soul. If emotion becomes the master, you have had it.

David will have to make a choice here. Does he go down to Saul and shake hands? Or does he take off? When someone tells Bob how great he is, then 30 days later, he will badmouth Bob to someone else. It is superficial. Saul is not equipped to handle this thing.

First Saul defecates and then he cries; he has a big day. Saul is sorry for what he has done. He is Willie the weeper.

#### **Saul and Emotional Revolt of the Soul**

1. Emotional revolt of the soul leads to an emotional reaction.
2. Saul’s emotions are out of control because he is wrong and David does not seek revenge. There are some visitors in Berachah right now.
3. Reversionism lives by emotions rather than emotions responding to the right lobe. The Sunday morning breakfast; the yodeling behind the scenes. A normal soul has emotions which respond to the thinking. The other way means hippism. The Nazarite vow had long hair, no liquor and no women. Long hair on a woman is responding to her man; long hair on a man is his responding to many women.
4. Saul would come forward for anything; a reaffirmation of faith.

There is no way a reversionism has capacity for life. A person’s words are no stronger than what is in that person’s soul.

1Sam. 24:16 **And it comes to pass, when David completes to speak these words unto Saul, that Saul says, “Is this Your voice, my son David?” and Saul lifts up his voice, and weeps.**

Saul tells David that he is more righteous than Saul. David is more righteous because of doctrine and supergrace. David has doctrine in his soul. He has supergrace capacities. What Saul says is all true but very superficial.

1Sam. 24:17 And he says unto David, "More righteous you are than I; for you have done me good, and I have done You evil;

Saul can only see the surface of this issue.

1Sam. 24:18 and you have declared to-day how that you have done good with me, how that Jehovah shut me up into Your hand, and you didst not slay me,

Saul, at this point, sounds reasonable.

Louis XIV always defecated in public; what an oddball.

1Sam. 24:19 and that a man does find [discovers and takes by surprise] his enemy, and has sent him away in a good manner; and Jehovah does repay you good for that which you didst to me this day.

This is a proverb which has been around for a long time. Saul is saying, "You've done a great thing to let me go."

Saul mixed up his sovereignty with God's sovereignty. Bible class is not designed for you to scratch your head. The pope does the same thing. This is the way he functions; as a reversionist. No one has a right to infringe upon the sovereignty of God. There was never a Baptist preacher who could bless Bob. We do not have the sovereignty of God. "The Lord bless you brother."

For salvation you cannot do anything. After salvation, you cannot do stuff for blessing. It is not what you've done; it is all what God has done.

Saul says he knows that David will be king; he sounds very sincere and very emotional. Being king, you will be king. The kingdom of Israel will be established in your hand. That means it will be stabilized and blessed.

1Sam. 24:20 "And, now, lo, I have known that you dost certainly reign, and the kingdom of Israel has stood in your hand;

**1Samuel 24:20-22**

**Psalm 25:1-22 72David**  
**02/02/1973 Prayer of a supergrace leader**

**631\_0052**

Saul goes into a cave to defecate and some of David's men try to persuade him into killing Saul. David did not, but he ruined one of Saul's robes.

Saul is speaking to David. Whatever is said is sincere, sweet, but meaningless. This does not mean that Saul loves his family; nor does this mean that Saul loves David. He is emotional. Bob has made a lot of friends and some of them are very heavy drinkers. Often Bob will get a call from one of them after drinking and saying, "Do you remember this

and remember that?" David has revealed great supergrace thinking and capacity here. Saul begins to think about his family.

1Sam. 24:20 `And, now, lo, I have known that You certainly do reign, and the kingdom of Israel hath stood in thy hand;

Very important to perpetuate each family of a tribe. David knows that Saul is off on this emotional jag and that it does not mean anything. .

1Sam. 24:21 and, now, swear to me by Jehovah--You will not cut off my seed after me, nor dost You destroy my name from the house of my father.'

David has no faith in Saul. He goes to a high fortified area rather than to join Saul and go back to Gibeon

1Sam. 24:22 And David swears to Saul, and Saul goes unto his house, and David and his men have gone up unto the fortress.

David's soul is lifted up because he does not trust Saul.

As a supergrace believer, David is not taken in by any of this stuff from Saul. David is exhilarated. David has true emotion here.

David has doctrine first, and then his emotion responds to the thinking in his soul.

Psalms 25:1 A Psalm of David. To You, O Jehovah, I lift up my soul.

David put his trust in God. However, he had no right to cut off that portion of Saul's robe.

Psalms 25:2 O my God, I trust in You; do not let me be ashamed [blush], let not my enemies triumph [gloat] over me.

They have a love of God in their eye and they are trying to get some little speck out of their own eye. David does not want Saul to beat him down.

Saul promised David that he would not pursue him any more and yet he will come after David with his army again. His promises to David do not mean anything. A reversionism always operates on his own emotion; but what he says means nothing. Watch out for the people who emote.

Bob ministers unto God; never unto people; stupid-ass. There is not a person here tonight who could teach every day as he does; and he knows damn well that we cannot do it. The reversionistic believers makes his own misery. People are really stupid when it comes to anything related to the spiritual life. They can never quite get there.

The unstable person is the reversionist. He lives by means of his emotion; everything is emotion. Reversionism lives by emotion. Saul's beautiful words were said in emotion and the emotion is all over. The adverb means that Saul is not a supergrace believer.

Psalm 25:3 **Yea, let none who wait on You be ashamed; let them be ashamed who sin without cause.**

David recognizes that this civil war is going to go on for a long time. David knows that he has a lot to learn. David knows that he can always learn something else. Lamad is close-order drill, which means he has to go over and over and over the material.

Psalm 25:4 **Make me know Your ways, O Jehovah; teach me Your paths.**

Darak means to walk in a certain place all the time; it means *to tread, to trample*. He has gapped it this far, and things are great. David never assumes that he knows it all. He is a supergrace believer but he never stops and assumes that he has it all figured out. David will have all kinds of great blessings but he also had the capacity.

David has just been delivered once again at the Cave of Engedi. David has perfect confidence in the Lord; and no confidence in Saul.

Psalm 25:5 **Lead me in Your truth, and teach me; for You are the God of my salvation; on You I wait all the day long.**

Qal imperative here; telling God to remember something, even though we know that God knows everything. We cannot get lost in the shuffle. The Lord has a perfect way to keep track of us, as He has omniscience. God knows David; and He knows you too.

Zakar means to *recall love*. Many of the songs around WWII were about the function of love in the soul. David is asking God to think of him in terms of grace.

God's grace and compassion existed in eternity past. David is recognizing that he does not have to yell help; God made provision for this billions of years ago.

"O God, help" is an insult to God. That is blasphemy. This is typical of an insecure believer; a believers who is a reversionist. Recall how Saul was beating David to the pass and that is the last time that David said, "Help."

Psalm 25:6 **Remember, O Jehovah, Your tender mercies [compassions] and Your gracious acts; for they are from eternity.**

David is only 24 or 25 now. "Remember the sins of my immature believer state." This has to do with David in 1Sam. 21 or so. He has a right to say these things.

David is still talking about love memory here when he says, "Remember me." Love has definite quality. Saying, "I love you" depends upon spiritual growth and spiritual advance. Without any character, such things are meaningless.

Psalm 25:7 **Do not remember the sins of my youth, or my rebellings [transgressions]; according to Your mercy remember me for Your goodness' sake, O Jehovah.**

Good refers to our Lord's perfection. God is sovereignty. God with His perfect character can love any believer. God can love any member of the human race without destroying His perfect character. David has done all kinds of things that are out of line. God found a way to do it. Upright means that God retains His character even though He loves us. Spiritual death is a judgment from God; it is more than separation; it is judgment. When Jesus was dying for our sins, He was very much alive.

Animal sacrifices continued until Jesus was on the altar. God has given us a firm contract that Jesus would go to the cross. God had a firm contract with the human race. This contract began in Gen. 3:15.

God the Father loves Saul as much as He loves David; but Saul is under discipline and David is under blessing.

Hiphil imperfect of *arah*; and this means *to teach, to instruct*. Saul doesn't love anyone right now. So he judges God based upon his own thinking. A reversionist who is carried along by an obsession of hate despises everyone.

Psalm 25:8 **Good and upright is Jehovah; therefore He will teach sinners in the way.**

God will teach them the principles involved here; He will teach them the way. The meek is the believer who is positive toward doctrine. The meek is now moving in the right direction.

Psalm 25:9 **The meek [grace oriented] He will guide in judgment; and the meek He will teach His way.**

Mercy is God's character. His revelation in doctrine is perfect. Testimonies is the categorical teaching of doctrine. *Jehovah* here refers to the Father.

Psalm 25:10 **All the paths of Jehovah are mercy and truth to those who keep His covenant and His testimonies.**

This is forgiven in the past.

Psalm 25:11 **For Your name's sake, O Jehovah, pardon my iniquity; for it is great.**

Adjective *fear*. It means *respect*. The person who respects the Lord can be taught. This requires positive volition toward doctrine.

*He shall choose* has to do with positive volition. God provides the doctrine; we just bring our positive volition.

Psalm 25:12 *What man is he who fears Jehovah? He shall teach him in the way that he shall choose.*

Lun means to dwell or pass a night in enjoyment or blessing. Blessing and happiness in this life. Those suffering for Jesus are crazy. They are idiots. You can have happiness in this life. God can promote and give success to these people. You do not have to wait to go to heaven for it. People think it is worldly to have fun. Some who think it is worldly to have sex; not too many, but a few.

Solomon had ever material thing in life; he inherited great things from his supergrace father. It overflows to his children.

Psalm 25:13 *His soul shall dwell at ease; and his seed shall inherit the earth [land].*

Intimacy is based upon respect. Jesus Christ has provided the basis for the covenant of grace. He will cause them to know.

Psalm 25:14 *The secret of Jehovah is with those who fear Him; and He will show them His covenant.*

Saul will come back one more time; David has great confidence at this time that Saul will not be able to get him.

Psalm 25:15 *My eyes are ever toward Jehovah; for He shall pluck my feet out of the net.*

Qal imperative is a demand here. Leadership is always lonely. He knows that Saul is coming back.

Psalm 25:16 *Turn to me, and have mercy on me, for I am wasted and afflicted [lonely and under pressure].*

David has a lot of pressures as a leader; he has many responsibilities; and his own followers are not aware of these or appreciative of them.

Psalm 25:17 *The troubles of my heart are enlarged [extended; extensive]; bring me out of my distresses.*

*Forgive* is in the Qal imperative; David will rebound at the proper time; he does not want his sins to hinder his leadership. He is smart about this. He does not want these things to hinder him. He is on that south slope of escape.

Psalm 25:18 *Look on my affliction and my pain, and forgive all my sins.*

He wants his enemies to be considered. This is the keep track of his enemies; to acts as his G2 force.

Psalm 25:19 [Look on my enemies; for they are many; and they hate me with cruel hatred.](#)

He wants God to guard his soul. Perfect tense; so this means that God has done this.

Psalm 25:20 [Keep my soul, and deliver me; let me not be ashamed, for I put my trust in You.](#)

David is going to have integrity and he is not going to make judgments based upon friendships.

Psalm 25:21 [Let purity and uprightness keep me; for I wait on You.](#)

Not like the doctrine of redemption here; it means to deliver into freedom. He is calling for Israel to be freed.

Psalm 25:22 [Redeem Israel, O God, out of all his troubles.](#)

David sees many wars and fighting ahead and prays to God for deliverance for Israel and for himself as a leader.

**1Samuel 25:1–3**

**72David**

**631\_0053**

**02/04/1973 Doctrine of death (extensive coverage)**

It was time for Samuel to go. He was a unique person. First of the prophet, a successor of Elil the priest. In the tribe of Levi, but not in Aaron's line. All of the scripture given for this.

There will be 80 years of fantastic blessing with David and Solomon's reigns. We have seen since FDR the antithesis. There is no longer any common sense. We now have a peace treaty that one of the provisions with North Vietnam is, we will start sending them foreign aid, which is giving comfort to the enemy. Common sense tells Bob that, whenever the North Vietnamese attack one of our ships, we ought to respond. To have peace, this comes from a strong military. We are in one of the worst jams that we have ever been in. The rise of long hair and homosexuality is a result of the feminization of male souls.

Samuel was a prophet, a priest, the last of the judges and a ruler; and, in this way, foreshadowed Jesus Christ.

There will be peace and free enterprise to come out of all this, by David and then Saul.

Samuel was such a great man that even his enemies came to his funeral. They gathered out of respect. It is always better to make yourself clear. Even Saul, going into reversionism, still came to this funeral.

### **An Homage to Samuel**

1. Samuel was the first great Bible teacher after the apostasy of the judges. The apostasy of the judges was a low point in Israel's life.
2. It was Samuel who led so many believers to supergrace through consistent doctrinal teaching; one of these is David.
3. A great Bible teacher will be missed in Israel. This gathering indicates that Israel misses him.
4. It will take Nathan and Gad to replace Samuel. 3 writers of 1and2Samuel; Samuel, Nathan and Gad. David will also be his replacement.
5. Samuel's ministry can be evaluated by the fact that apostasy in the life of Saul did not destroy the nation.
6. The reason for national survival is, people acted as a preservative; they were the salt of the earth. This is the supergrace believer who preserves a nation.
7. What did death mean to Samuel.

Let's determine what death meant to Samuel, and therefore, what it means to us.

### **The Doctrine of Death**

1. 7 kings of death in the Bible.
  - 1) Physical death. Matt. 8:22 Rom. 8:38 when the soul departs from the body, we are officially dead. Physical death is the soul leaving the body; the soul either goes to heaven or to Hades.
  - 2) Spiritual death is separation between man and God. It is judgment against the human race . Death pronounced in the garden is spiritual death. Spiritual death means judgment. God is sovereignty, justice and righteousness, and He must judge sin and failure. So spiritual death is a judgment. When Adam sinned, he died spiritually; not physically. He lost fellowship with God. We are born into this world with a soul that includes spiritual death. We are born physically alive; but spiritually dead. This is why we are born spiritually dead. Jesus Christ said, "Finished." But He was still alive. Then He dismissed His spirit, which went into the presence of the Father; the soul into Hades and His body into the ground. He died twice so that we might be born twice. When Christ was on the cross, he paid for the sins but He rejected any form of human good. Human good is produced by the old sin nature. When a person rejects Christ, he depends upon his own human good. We have all been exposed to massive evangelism, which is often confused. Some get saved in spite of the evangelist. Charlie Brown committed some sins, but those were paid for on the cross. You cannot be judged for the same crime twice. All unbelievers go to hell on the basis of human good. No one goes to heaven based upon human good; they do so upon the basis of Jesus on the cross. Divine good versus human good. If you're a good boy, you will get to heaven. The hell you will. If you are not sure if you are in or not, then you can believe in Jesus Christ in the privacy of your soul. There are no psychological hoops. Berachah does not even

check up on the new believers. Privacy is the order of the day. "You will never sign any visitor cards. You will never get a phony card or letter saying, 'it was good to have you here.' I don't know if it was good or not.

- 3)
  - 4) Positional death. We are identified with Christ in His death. Down with human good and up with divine good. You do not have to give the communists another grain of wheat; all you need to send them is a bullet right between the eyes.
  - 5) Operational death. Faith without works is nonoperative. If you have Bible doctrine in your right lobe in your memory center and in your vocabulary. Occupation with Christ is maximum category #1 love. Primary production is found in the soul. James 2:26
  - 6) Temporal death. When you believe in Jesus Christ, you are put into union with Christ. You sin, and you are out of fellowship. We cite a case that has already been judged. Every time we sin, we are out of fellowship. Rom. 8:6 James 1:15
  - 7) Sexual death; and Abraham is the only person spoken of in this way. God revived their sexual apparatus.
2. The Bible references to physical death.
    - 1) Valley of the shadow of death. Samuel died and all the Israelites gathered to mourn him.
  3. The believer can enjoy physical death; it is going to be something great. It is a beautiful thought. We die because our work on earth is finished; others have a more prolonged purpose on earth. 2Tim. 4:7 some die to glorify God in a special way. God knew when we would be born and when we would be born again. After salvation, we are given just so many days on this earth. The Christian life is a day at a time. Suppose God has 50 years for us after salvation. But let's say God has to take you home after 10 years for reversionism. Not good. A normal believer does not commit suicide; they have doctrine circulating in their souls. What about the believer who commits suicide? Does he lose his salvation? Nope. Status in heaven is the same as everyone else. There is no embarrassment in heaven. Cheer up, if you are in for any discipline, then you will get it now.
  - 4.
  5. The doctrine of dying. You have a living part of life and a dying part of life.
  6. What death meant to Samuel. No appointment with judgment. Death meant face to face with the Lord. Death means no more painful things. An eternal inheritance. Samuel went to the same eternal inheritance that we will go to. Our Lord will go to prepare a place for us. Samuel was buried in his own home as a memorial to the fact that his body would rot, but his soul was in a perfect home.
  7. A full realization of eternal life. Samuel is waiting for the resurrection. He will be in the resurrection of the Old Testament saints. Death means a 2<sup>nd</sup> resurrection. The 2<sup>nd</sup> death is the Lake of Fire forever. There is no excuse for that.
  8. What death means to the living. We have all lost loved ones. We are encouraged that the body goes into the grave to sleep. Who's afraid to sleep; death is being at

home with the Lord; who is afraid to go home. Death reminds us of the shortness of time. Mark 8:36–37

We now have a good picture of burial. Then Samuel is buried with great ceremony. Samuel lived by doctrine. He was interested in the welfare of the people. They came to him in life and they came to him in death. When people get positive, they will come to you. This is the basis upon which Samuel lived and died. The life of Samuel was one thing; Bible doctrine. Samuel had anointed David king of Israel, and he was the one person who could not be there.

Samuel taught David some doctrine, so he was discerning about people. He had to change his bivouac.

Samuel is gone and David is taking no chances.

1Sam. 25:1 *And Samuel died. And all the Israelites were gathered, and lamented him and buried him in his house at Ramah. And David arose and went down to the wilderness of Paran.*

We meet a new villain. Maon is about 7 miles south of where Hebron is. This is where Nabal hangs out. There are 4 ways to be great: greatness in doing; greatness in thinking, greatness in character, greatness in possessions, which may or may not be meritorious.

1Sam. 25:2 *And a certain man was in Maon, and his work was in Carmel. And the man was very great, and had three thousand sheep and a thousand goats. And he was shearing his sheep in Carmel.*

Nabal means *fool*. Maybe his father had money before him, decided he was a fool who would lose it all, and gave him this name.

Abigail is a smart and beautiful woman who is a supergrace woman. Abigail is a fantastic woman. How did a smart doll like Abigail married a guy like Nabal. Abigail means a *source of happiness*.

God made women beautiful not men. Don't think that you can just look good and stand around and pose. God never made a beautiful man. A man needs to be a giver; an initiator. A taker only looks to get whatever he can. Worse thing for a marriage is to have 2 mirrors. The man's name was *fool* and the woman's name was *good times*. She was the kind of a doll you wanted to be around.

She is a woman of great intelligence; she was a brilliant woman. She is fun to be around; she is brilliant. She could be dangerous or wonderful. Her face and body were both beautiful. Beautiful of appearance means body and figure. A bad combination here; a racehorse and a mule hooked together.

Abigail knows as much doctrine as David and is apparently a student of Samuel as well. Her husband was churlish. This word means harsh, rebellious, severe, obstinate,

stubborn because one is stupid. He is stubborn, stupid and evil. He is a reversionist. Also, he is a Calebite. If descent made any difference, Nabal would have been great. His great grandfather was a hero in Israel. There was a great potential for greatness here. Family tree can be a form of decadence. You are what you are; not where you have come from.

### **Famous Ancestors**

1. Greatness of ancestry does not mean greatness.
2. Every person must live from his own soul; not from the souls of famous ancestors or parents.
3. Nabal was a reversionist because of his own negative volition toward Bible doctrine. His great grandfather was a great man and positive toward doctrine. Nabal had a very exclusive club; a social club; the sons of Nabal. Like all exclusive clubs, it became decadent. The Spanish monarchs could only marry cousins; and it destroyed them. Beware of trying to relate yourself to someone famous from your past. The truly great people never have a progeny that every rule. Greatness does not depend upon who and what your parents or grandparents were. Social megalomania.
4. His ancestor Caleb was great because of Bible doctrine.
5. Greatness is in the soul, not in the genes. Some people never get over their ancestors. Isn't it stupid to be fatheaded about who your great grandparents were? Douglas MacArthur was a great man; and Robert E. Lee; but no progeny have been great who came from them. Caleb and Joshua were great heroes from that generation, but Nabal is not. Forget about the trash of the famous ancestry. Bob has all kinds of great soldiers in his family. It doesn't mean a thing; it depends upon the soul of the individual. Bob had to wear tux, and tails, white gloves and black gloves by the time he was 12. What's Nabal going to do? He'll throw a party like that country has never known. He can really throw a wingding. You are what you are in your soul.
6. No one can ride on the ability of another. Nabal lacks capacity for happiness.

1Sam. 25:3 [And the man's name was Nabal, and his wife's name was Abigail. And she was the woman of good understanding, and of a beautiful form. But the man was cruel and evil in his dealings. And he was of Caleb.](#)

**1Samuel 25:4-20**

**72David**

**631\_0054**

**02/04/1973 Reversionism of Nabal; control of men in the military**

Abigail is one of those rare individuals which contradicts the basic concepts of Christianity. The idea that there is no woman who is beautiful and Christian. However, there was never a time when there was not great physical beauty among believing women. The language indicates she is beautiful of face and body; and she has great intelligence. She is not hindered by her brains or beauty. Many beautiful women are rotten to the core; spoiled and useless in many ways. They consider themselves to be the last word in everything; they have a tyrant's soul in a woman's body.

How can a wonderful woman marry a guy like Nabal.

Nabal will be removed by God in an unusual way. Possession of wealth does not mean greatness of character or greatness of soul or of deeds; wealth is meaningful only when accompanied by capacity of the soul. Nabal was stupid and wealthy and he had the best protection for his flocks and his wealth and he made a very solemn obligation and he thinks that he can get out of it.

This is the time of the year when everyone gets paid. When the sheep shearing occurs, that means it is time to pay up.

1Sam. 25:4 **And David heard in the wilderness that Nabal was shearing his sheep.**

David sends his men to collect. He is obviously prosperous; and the men came around and it was time to pay.

These are the Carmel mountains in the southern part of Judah. As long as they were with David, there was no problems. This is a legitimate business; this is how David earned money with his battalion. His protection business was very successful.

1Sam. 25:5 **And David sent out ten young men. And David said to the young men, Go up to Carmel and go to Nabal, and greet him in my name.**

1Sam. 25:6 **And you shall say this, Long life and peace be to you, and peace to your house, and peace to all that you have.**

David knows it is now payment time.

1Sam. 25:7 **And now I have heard that you have shearers. And we did not hurt your shepherds who were with us; neither was there anything missing to them all the while they were in Carmel.**

David asks for Nabal to check with his shepherds. This would confirm that David did his job well. They would give testimony to David's protection.

David had hired out as a protection foreman. This will be food, clothing, money; the portion of profit could be in a number of different forms. Never mistake good manners for weakness. Good manners are a sign of poise; they are a sign of capacity in the soul some of the toughest people you will ever meet have good manners.

1Sam. 25:8 **Ask your young men, and they will tell you. And let the young men find favor [discover grace] in your eyes, for we come in a good day. Please give whatever comes to your hand to your servants and to your son David.**

These men came and spoke to David in his name. So their presentation was legitimate. Nabal is a reversionist. He keeps them waiting. They are calm and relaxed and Nabal

keeps them waiting perhaps for hours. He intentionally keeps them waiting. He believes that he is showing his superiority by doing this.

There are a lot of asses running around. This is the kind of a person who comes in, plunks down some money, and tells you how to run things. Nabal is actually shortening his own life. He will not live out this chapter. Abigail's problems are almost over.

1Sam. 25:9 **And David's young men came, they spoke to Nabal according to all these words in the name of David, and stopped.**

Nabal finally gets around to seeing them. "Who is David?" He will be the next king. The Arabs are a thieving bunch of people; they are wild and uncontrollable. David kept the Arabs away from these sheep.

He says son of Jesse? He thinks that Saul will kill David so he does not want to just give this money away. Nabal is describing himself as the son of dog. He has transferred his own true life.

1Sam. 25:10 **And Nabal answered David's servants and said, Who is David? And who is the son of Jesse? The servants [dogs] who have broken away, each man from his master, have multiplied.**

The word *master* means a master of animals. David is just a runaway slave running away from Saul. A stupid person always pretends that he does not know what you are talking about. This is instability of the soul; it is shiftlessness. Do you have a convenient memory? Many act as though they do not have to remember this or that failure. Nabal, if he got drunk with you and made promises, he would claim the next time, that he forgot. Convenient memory loss. Drunks know what happened. Of course they know what happened. They cannot face what happened.

He will find out just how close he came to having a one on one with David.

This introduces us to some of the things that we face in life.

1Sam. 25:11 **Shall I then take my bread and my water and my meat that I have killed for my shearers, and give it to men about whom I know not where they come from?**

These young men go back to David and tell him all about it. David has muscle; he has strength. He intended to hit Nabal's organization and kill everyone who pissed against the wall.

A beautiful woman has the sense. She will put an end to all of this.

1Sam. 25:12 **And David's young men turned their way and went again, and came and told him all those things.**

David tells his men to pick up their swords. David is wearing his sword; he'd be killing a few men himself. David, although angry, was able to think. This is greatness. This is justified anger; not sinful anger. David is a dangerous fighter. He is a gentleman; he is polite; but when someone wrongs him, then it is clear in his mind. David has no shades of gray; it is clear in his mind; black and white. He would not take any guff off of these people (communists). They would learn poise and strength. David was able to think. These 200 will guard the women and children and their possessions. This same thing will come up again in 1Sam. 30 and he will make a bad decision here. David did not even have a gf in camp; 3000 people, but no one for David. He was thinking about their welfare and their loved ones; so he realizes at this time, he needs to guard the wives this time, and he forgets to do this in 1Sam. 30.

1Sam. 25:13 [And David said to his men, Let each man gird on his sword. And they each one girded on his sword, and David also girded on his sword. And about four hundred men went up after David, and two hundred stayed by the stuff.](#)

One guy working for Nabal had some sense, and he understood that there would be a problem. He knew that Nabal's wife would be sensible. He gives a very clean and lucid picture.

Nabal treated those who came to him with great contempt. There would 10 men who were better in every way to Nabal.

1Sam. 25:14 [And one of the young men told Abigail, Nabal's wife, saying, Behold! David sent messengers out of the wilderness to greet \[bless\] our master, and he \[Nabal\] screamed at them.](#)

This young man gives the testimony. The men were very good to us. For months, among them, we were not harmed. David is a supergrace leader. He has control of his men. He would not allow his men to maltreat Nabal's men. Hannibal was like that. Sherman was not. He attacked women and children; he killed all of their animals; destroyed their crops. He made war on women and children. This is one of the worst things our government ever did. He did not control his men. They burned down homes and starved the people.

David is a great general. He has control of his men. They do not insult Nabal or his people. We are famous for having bad generals; and bad generals cannot control their men. They make war on women and children. That is the tragedy in the hour that we live. A good general is like stonewall Jackson. One man got out of line and he would shoot them.

The objective in warfare is to eliminate the enemy army. The key is not destroyed the people. Jefferson Davis was in part responsible for destroying the confederacy. Lee would not let his men pillage anywhere at any time.

This may be a key to degeneracy. An honorable people will separate civilians from the military. Honorable people are looking to protect their children and women. Yankee government is bad government. We need a man like David today. A man in supergrace.

It is the press that thinks that taking towns are important. They emphasize stuff that means nothing. Annihilating the enemy force is what is key. Sherman is a blot on the military.

After Sherman, the government sent down carpetbaggers from the north and they teamed up with scallywags in the south. They used the yankee army against the south with great vindictiveness against the south. Better that we had 2 nations or even 3 nations than that vicious evil. Nabal would have made an excellent carpetbagger. David is a gentleman in every possible way. David made certain that the privacy, property of the individuals with the sheep were protected. All of these thousands of sheep owned by Nabal. He made certain that they were courteous in every possible way.

None of their personal property was taken. There was nothing stolen; there was no crime whatsoever. This is good leadership; this is what a supergrace believer can do. A good general can control his troops.

Admiral Zumwald has troops that are out of control. The nixon administration is so filled with blots to be almost blotted out. What a tragedy that a man who calls himself a believer is so confused about what the Word of God says about these things.

David had every ingredient of great leadership. His men did not rape any of the women; they did not mooch, they did not steal. They were great because they had great leadership.

Tranquility comes before prosperity; this small army protected them; they were a wall around these people to give them security and privacy, and the right to normal functions of life. They were out in the wilderness of Judæa, but they were completely and totally relaxed. These men were fantastic. They fulfilled the divine institution concept of the military. The military should be a wall to the nation.

1Sam. 25:15 [But the men were very good to us, and we were not hurt, neither did we miss anything as long as we were going to and fro among them, when we were in the fields.](#)

It was David's military which gave them freedom to operate. Never did Nabal have such a strong profit column. He is about to throw a party to end all parties because he was so successful. Everything as profit.

1Sam. 25:16 [They were a wall to us both by night and day all the while we were with them keeping the sheep.](#)

Here is someone who can think on the Nabal family. This young man can speak intelligently to Nabal's wife and she understands. Nabal has bought himself out of a few jams.

No one can reason with Nabal. They go to Abigail because she has common sense; she is loaded with common sense. She is beautiful and smart and loaded with supergrace thinking. Nabal is an SOB. Nabal is a worthless man; he is a reversionist.

Belial is always associated with reversionism. So son of Belial refers to a reversionism. It is found in many places throughout the Bible. Sounds like about 20 verses.

1Sam. 25:17 *And now know and consider what you will do, for evil is determined against our master and against all his household. For he is a son of worthlessness, so that none can speak to [reason with] him.*

Abigail moves quickly to make amends. She hurries. She wants them to be filled with food but not drunk. The sheep were already butchered.

1Sam. 25:18 *And Abigail made haste and took two hundred loaves, and two skins of wine, and five sheep ready dressed, and five measures of roasted grain, and a hundred clusters of raisins, and laid them on asses.*

When she told them what to do, they did it. She promised to come in behind them, and they believed that she would.

1Sam. 25:19 *And she said to her servants, Go on before me. Behold, I am coming after you. But she did not tell her husband Nabal.*

David is coming around the bend, and David is going to see something he cannot believe; a beautiful doll flat on her face in the dirt before him. Abigail is the secret weapon that Nabal did not know about.

1Sam. 25:20 *And it happened, she was riding on the ass and coming down under cover of the mountain. And behold, David and his men came down across from her. And she met them.*

**1Samuel 25:20–23**                      **72David 02/05/1973**                      **631\_0055**  
**Persecution of the U.S. South by the North; dissertation on “Yankeeism”**

1Sam. 25:20 *And it happened, she was riding on the ass and coming down under cover of the mountain. And behold, David and his men came down across from her. And she met them.*

David is moving downhill at a canter bent on the destruction of Nabal Enterprises Limited, and vv. 21–22 are parenthetical

David had said, I did this all in vain.

### **David’s Decision and Nabal**

1. Obviously, Nabal is an ass. This setup is a Satanic trap.

2. David spared Saul on the basis of doctrine. He must spare Nabal for the same reason. They have reversionism in common.
3. Saul and Nabal are both reversionist. It is wrong for the believer to get involved in divine justice applied to reversionism.
4. Furthermore, David is departing from a principle that he just learned. This principle applies to King Saul and Nabal.
5. Supergrace must pass the Nabal test as David passed the test at Engedi.
6. David resisted the temptation to assassinate the king. He understood with resisiting the temptation to try to take from the Lord's plans.
7. With Saul, the object of David's graciousness is the Lord's anointed. There is also another area.
8. Supergrace blindness. A personality blindness. David understands that Saul is verboten. Nabal and Saul are quite different. They both have great authority. David had respect for Saul even though Saul was trying to kill him; but he despised Nabal because he was cheating. Saul had not cheated David out of anything but Nabal did, which affected David's ability to pay his people and to take care of them. Since time immemorial, those who have welshed on a debt were hated and despised by all. Never be guilty of kiss and tell and never welsh on an obligation were the two things Bob learned in Beverly Hills.

Witch doctors always knew which direction anyone went in when they got up and left their hut in the morning, so they would put out poison dart to be stepped on to get them for welshing on an obligation.

Anger or some emotion controlling the soul sets up a blind spot in the born-again believer moving toward supergrace.

1Sam. 25:21 [And David had said, Surely in vain I have kept all that belongs to this fellow in the wilderness, so that nothing was missed of all that was his. And he has requited me evil for good.](#)

This is David starting out in justified anger. David is saying, "Let God do it" but then he turns around and tries to do it himself. David will say the right thing and do the wrong thing. He is going down the road with 400 men at his back. He has the right words; but he takes the wrong action. This is the principle of blindness in the periphery of life. This constitutes blindness that all of us have. This is only overcome by a combination of the intake of doctrine and some hard knocks in life. You can be saying the right thing; but do the wrong thing; which indicates a blindness. David will be preserved from this bottom line.

David says the right thing and does the wrong thing. He never makes war against women and children. David is one of the great military leaders. They understood that the objective is to wipe out the army of the enemy. There are exceptions to this; where the civilians are trained to attacked the army.

Sherman was one of the greatest violators of this principle. What Sherman did was dastardly. "Use your sabers on the pigs. What you cannot eat, destroy. I don't want to see any chickens, pigs, cattle; whatever you cannot eat, kill." This was one of the most dastardly things done.

It is hard to find a liberal who writes a history book who will tell the truth; but things were still very bad as late as 1945 in the south. The centennial of that most bloody of wars is beginning to be observed, Bob reads from an article. The whole system of busing is a continuation of the war between the states.

George Washington owned many slaves during his lifetime and set them free in his will. Thomas Jefferson owned some slaves, saw it as a dying institution; and freed some. Political power shifted away from the farming south to the northern industrial complex. Tariff protected markets in the north. The south felt that they were being treated as colonies. Control of the Senate and House passed to the north. 11 states chose to leave the union. The south won the early battles and were superior. Cities, industries, laid waste. There was a scorched earth policy (which is an incorrect application of that term). Slaves were freed, which forced a revolution in the southern economy. After WWII some slack has been given to the south; but the government has been much nicer to our enemies than to the south. 2 standards in this country and has been since 1865. At the end of the civil war, the south was prostrate; and there was military throughout the south till 1870. The north grew under the war; the south did not? The government in Washington created a freeman's bureau. Funds from the north were minuscule so there were great tax bills for those in the south. The people in the south were eating horse food to stay alive. Stories of women linked to plows. There was no help from the north but there was political rule. An international bank. Agents went south and took south and land and whatever was available. Hoards of carpet baggers stole all kinds of things. Yankees would beat the slaves unless they voted for the right people.

All kinds of money taken down there, but almost nothing to show for it. Rulers came from many northern states. Out of this came all kinds of attitude which has persisted for years. Negroes voted in the south for 25 years after the war. Negro votes first for Republicans and then for Democrats. Their votes were for sell to the highest bidder.

The stigma of being ruled by Republicans and Negroes has not been forgotten. Southern states had laws to keep the masters from teaching their slaves to read and write. The Negroes got all of the education after the war, but not the whites. Roosevelt called the south the nation's the #1 economic problem. 3% of farms with indoor plumbing. A century later, the south is beginning to come out of their depression. Farms coming back; south forced out of the cotton business. The help that they needed came during WWII. This was the untold story of the civil war reconstruction.

Sherman's march to the sea caused about a million people to die within a year. Taxes went up as high as 50% of the land, so Yankees ended up owning most of the land. The only kind thing done was by General U.S. Grant that the confederates could take home the horses that they had.

A bitterness grew up in the south. Liberalism has gotten everyone to put their hands out. The Yankee attitude of superimposing on the south their attitudes. What should have happened in history is 2 separate states. Yankees learned how to intrude upon the privacy of others from their actions after the war. This would turn into intrusion on all citizens.

A tyrant government always puts out a nice facade of all the nice things they are doing for others. Lincoln hired people from Europe to fight and they brought in a peasantry who is as stupid now as they are today. The shell of liberty that we have left is a farce.

David understood freedom; he was a great man. He is the kind of leader that we need today.

1Sam. 25:22 [So and more also may God do to the enemies of David, if I leave \[alive\] to the light of the morning any that is his of one who urinates against the wall.](#)

Abigail sees David first. She dismounts and fell on her face on the ground. This caught David's attention. Nothing greater than a woman displaying such humility. She knew David was a gentleman. She knew that David would not ride over her and let his army drive over her. She was able to evaluate this man.

Parents have stopped teaching their daughters about males. Many women who come here are interested in the males and these girls knew nothing. More girls from finishing schools had divorces from marriages than any other group.

The first time they are on a wave of libido and a guy says, "Hello" and they think he is their right man. Abigail is great. Through doctrine, you learn something about men. She knows that she is dealing with a true tentlement. Someone sensitive and respects women. He has respect for womanhood; hippies are not like that. David stops all the horses and brings them all done. Abigail knew David. She is beautiful of face and body; she is smart; and she is a supergrace type; smart about men. She is a dangerous woman.

She operates on the basis of the laws of divine establishment. She is also a good business woman and she understands business policy. Bob could tell you volumes about that; and only one woman at T&P understands business procedures. She brought the whole debt coming in with her on loaded mules.

She is a supergrace believer loaded up with divine viewpoint in her right lobe. We'll get a fantastic speech of divine viewpoint to David tomorrow.

Nothing stops an advancing force like a beautiful woman.

1Sam. 25:23 [And Abigail saw David and hurried and dismounted from the ass, and fell before David on her face, and bowed herself to the ground.](#)

Upon me, let this iniquity be, she tells David.

Biography of Robert E. Lee by J. B. Cook. We cannot take vengeance for the wrongs our people have suffered. There were proofs of the behavior of the South. Their cause aside, I'd rather have 30,000 confederates quartered on my land than 1000 Yankees.

Booker T. Washington was one of our great patriots. The Black man could not rise if he did not earn the respect of the whites and did not cause animosity. He walked humbly before his God.

Bob was read a speech of Washington's which was one of the most lucid on the laws of divine establishment.

Abigail falls at the feet of David. Abigail was innocent. She had nothing to do with Nabal's arrogance and his welshing on an obligation. Who would want to take it out on a beautiful woman. David does not war against women and children.

Nothing could be more startling than to have a woman in the dust waiting for David; and she calls herself twice his slave. She assumes great humility, which reveals fantastic humility.

Bob hates dealing with horsey women. There is nothing more unappealing than a horsey, pushy woman.

1Sam. 25:24 [And she fell at his feet and said, "On me, my lord, on me let this iniquity be. And please let your handmaid \[female slave\] speak in your ears, and hear the words of your handmaid.](#)

Do not pay attention to this reversionist. Business has continued normally in that part of the country because David is there. Various groups of Arabs would have come into this area and disrupted business and taken that which they wanted.

Then this woman comes up with a sense of humor. It is beautiful to see a sense of humor in a woman. This woman is relaxed and good humored and subservient.

Nâbâl means a *male fool*. His name is *fool* and he is a *fool*. David might be a little hot under the collar; so she repeats the line so that he gets it. He's Nabal and nabalah is with him. This is the masculine and feminine form of the same word.

To marry a fool is the quintessence of folly. She is a fool for marrying him. She is with him; she is a part of Belial as his wife. Female fool is with him. She then makes it clear that she did not know what had happened; and that she did not meet these young men.

1. There is a play on words here called a Paronomasia. The masculine is nabal and the feminine is nabalah.
2. Abigail recognizes that she married a fool. She is harnessed to a jackass.
3. Picture Nabal as handsome, very wealthy and very popular as a young man.
4. So the application is, half of the women here would rationalize that Nabal is their rm. That makes you a Nabalah. By the end of this chapter, David will have 2 wives. The Mormons have never been citizens of this country; their religion forbids it. In Utah and Idaho where they are in the majority, they are the greatest persecutors of fundamentalist churches; so they call the police and the chief of police is a Mormon. Polygamy is never right; it is always wrong. What about Jacob and his wives and mistresses? With this prosperity, Nabal was also a reversionist, which means that he had a feminine soul. He had emotional revolt of the soul. He acted like a woman when David's men came to collect. He fist kept the 10 young men waiting; you don't think that's like a woman? Then he said, "David, who?" Women have been using that since time immemorial. He then studied insult. Old female Nabal got right with it. When he sobers up and he finds out what happened, he will go into shock. Bob thinks that Nabal had the longest hair of anyone in Judah.
5. Another facet of reversionism; he had no capacity for love. He functioned under reverse process reversionism. Abigail was beautiful and intelligent, she became ugly and stupid, in her soul, being married to a reversionist. Is Nabal Abigail's rm? Is David? Question, did David have a rw? If so, who?
6. She became dull in her soul by association.
7. Many of you will make the same mistake that Abigail did. Some of you girls think that you have had it rough and he cried yourself to sleep in the arms of your Teddy bear.

You never lose the smell of a fool.

### **Doctrine of Association**

1. We are blessed in association with a supergrace believer.
2. The believer is cursed in association with a reversionist. Jonathan died a supergrace believer at the battle of Mount Gilboa because he is with his father. Abigail married a fool.
3. A believer is blessed and prospered by being in association with Jesus Christ.
4. The believer associates disasters with past sins. This is cursing by imagination. Operation guilt complex.
5. Rebound is associating one's sins with their judgment on the cross. It is a matter of association. This is why we do not have to feel sorry about sins in order to be forgiven. It was judged before we committed the sin.
6. The believer is influenced by sexual association. The one with whom we have sex has great influence over us; which is why Michel was removed from David.
7. A believer is influenced by social association. He can be influence for evil for good by the company that he keeps.

8. **Guilt by association; you are innocent, but you are associated with the guilty.**

1Sam. 25:25 Please do not let my lord regard this man of worthlessness [Belial], Nabal. For as his name is, so he is. Nabal [fool] is his name, and foolishness [navalah; a female fool] is with him. And I, your handmaid, did not see the young men of my lord, whom you sent.

She appeals on the basis of Jesus Christ; and she appeals on the basis of her spiritual life. David is a supergrace believer.

### **Supergrace Life**

1. Supergrace is that stage of growth beyond the edification complex known as maturity. It is the place of perfect happiness and the place of occupation with Christ.
2. The supergrace life is the place of maximum happiness. Philip. 4:4
3. The supergrace believer is always the man for the crisis. 1Sam. 17
4. The supergrace believer has capacity for freedom. James 1:25–2:12
5. He has capacity for life in general.
6. He has capacity for love in all 3 categories.
7. The supergrace life provides capacity for happiness. Psalm 31:7
8. The supergrace life provides capacity for suffering.
9. It is characterized by occupation with Christ. Heb. 12:2
10. Maximum benefit of God's grace.
11. There is a supergrace psalm which declares happiness and promotion.

She appeals on the basis of Jesus Christ and on the basis of David's soul, which is supergrace.

The Lord has restrained you from coming to shed blood and from avenging yourself. David was going to kill all of the males and solve this problem. You never solve your problems with violence against those who have wronged you. You never solve your problems by punching out someone who has lipped off to you. Bob has been in his share of fights. He had the attitude not to take anything off of anyone. Bob developed 2 or 3 friends out of fights; but the rest ended with a great deal of animosity. You never solved anything by making someone's life miserable by beating them up. Nothing good ever comes from that. Putting it into the Lord's hands is the key. Some things are carnality; slipping down the ladder.

David will kill a lot of his enemies, which is legit. Only once that he kill someone who was wrong. Bob thinks maybe Bathsheba was not her rw because he had to murder her husband in order to have her. This did not solve anything.

Could Abigail be his rw? Bob will discuss this later. Ahinoam was not his rw; that name means "party doll." Her son was Ammon, a low-down SOB. He raped his sister. That is low-down.

1Sam. 25:26 **And now, my lord, as Jehovah lives and as your soul lives** [by the life of Jehovah and by the life of your own soul], **since Jehovah has withheld you from coming to shed blood, and from avenging yourself with your own hand, now let your enemies, and those that seek to do evil to my lord, be as Nabal.**

Nabal is alive when she says this; and she does not know that he is going to die. She asks that David's enemies remain untouched by him. David is the greatest supergrace believer in the land. When a man does not go after his enemies, that speaks well of him.

**1Samuel 25:27-29**

**72David**

**631\_0057**

**02/07/1973 David's supergrace blessings**

Another member of our church is going to go to West Point. David someone. There is no school of college level whose system of education is better or more well-rounded than anywhere else in the United States. There was a time when many industries snapped up men from West Point to be executives.

1Sam. 25:26 **And now, my lord, as Jehovah lives and as your soul lives** [by the life of Jehovah and by the life of your own soul], **since Jehovah has withheld you from coming to shed blood, and from avenging yourself with your own hand, now let your enemies, and those that seek to do evil to my lord, be as Nabal.**

We're in the middle of Abigail's speech. David is a supergrace believer whose blessing extends to all of those in his company. Abigail understands this principle because she is a victim of cursing by association. She married a reversionist. She is able to recognize the antithesis of her own situation.

Men who will follow David will enjoy a great happiness because of their association with David. They will be loyal followers of David for the next half-century.

1Sam. 25:27 **And now this blessing which your handmaid** [female slave] **has brought to my lord, let it even be given** [distributed] **to the young men who follow my lord.**

She has all these presents, food, animals; and she asks to be able to give these things to David and his men. She is a woman who can think and apply doctrine during an intense situation. If David uses his military power now would be an abuse of that power. When God promotes a person, he is also give greater power. Therefore, on the way up, you need to learn not to abuse your power.

Tyranny and pettiness are both a part of the abuse of power. Abigail gets David back on track here. The battle is the Lord's.

In v. 28, Abigail assumes complete responsibility for Nabal's failure. She asks for David to treat her as the one who has cheated him, but she is looking to make this up to him.

A strong word for forgiveness; it means to lift up something and to remove it entirely. She assumes the responsibility for Nabal's failure.

### **Grace and Consistency**

1. David must operate in supergrace at all times; his character will be determined from these chapters right now. We are learning that he will be a grace ruler; a supergrace ruler; a divine establishment ruler and a prosperous ruler. We learn from this, when he is inconsistent, Nathan and Gad will be there to advise him. In effect, this is criticism of David. He was about to misuse his power in an act of pettiness. A ruler must avoid pettiness and tyranny.
2. Grace must be consistent. You must be consistent in your application of grace. You might have a little legalism mixed up in all of that. You might be drawn to or attracted to some people, so you are automatically gracious to them. Don't assume that you are some sort of a grace guy or a grace gal simply because you are gracious toward people that you like. It was easy for David to be gracious to King Saul as compared to Nabal. Nabal was a surly jackass. David passed the Saul test but he failed the Nabal test.
3. The objects of grace vary; but the principle of grace remains the same.
4. Whether Saul or Nabal, David must use the same principle of grace toward both. When a believer begins to grow and becomes aware, he must be gracious toward those that he is attracted to, but then to those who are varmints. Consistency of grace indicates real growth.

Asah means to manufacture something out of something. Jehovah will manufacture out of supergrace. She knows that if David is ever going to fulfill the principles of greatness in leadership,

David's dynasty will endure forever, even though no one has been on his throne since 586 B.C. A series of Niphal stems, which are all passive. Since the days of cave Addullem.

Abigail is using David's own words; "The battle is the Lord's" which became well-known throughout Israel. David is blind with hatred; he is about to abuse his power and authority. It ought to be a simple approach. David understood this in Epris Damem. The battle is the Lord's in both cases, whether David is to kill Goliath or spare Nabal.

Abigail is beautiful and intelligent; and she is a supergrace believer and she knows when to speak up and when to do it. She starts from a humble position; she is not a women's libber. You ladies never get anywhere by nagging, even if you are right. Nagging is never right. Abigail is down in the dust and it is "my lord this and my lord that."

This is a woman who is objective in her supergrace. She lives with a drunken bum; with an SOB; and yet, she is not a nagger. She is very thoughtful of him. She has beauty, brains and supergrace; and her application of doctrine is impeccable. But, she chose of her own free will to marry this jackass. Bob takes time to ask the single females to

meditate on Abigail; and with all her beauty and brains, she made a bad choice for a husband.

1Sam. 25:28 Please forgive the trespass of your handmaid. For Jehovah will certainly make [manufacture out of supergrace] a sure house [an enduring dynasty] for my lord, because my lord fights the battles of Jehovah, and evil has not been found in you all your days.

She warns David about Saul. The man risen to pursue David is Saul. Saul rose up to pursue David. Saul suffers from reversionistic obsession. We have a group of people who call themselves conservatives, but they hate the Jews. They believe that if we get rid of the Jews, our lives will be better. Antisemitism is the solution to nothing. Confused people come up with simple and unworkable solutions. Saul carries his own problems in his soul. This never occurs to Saul.

The imperfect tense indicates that Saul will do this again and again. The infinitive is purpose. He pursues and seeks. This means *to search and destroy*. Thought Saul rises up to pursue you and to seek and destroy your life...

We have excellent packaging today. What was the sword of Goliath wrapped in? These things were often wrapped up in a bundle of cloth. Mostly, people wore their own cloth. Things were bundled often with whatever was available to them. David is of value to the Lord because of supergrace. He has capacity for life. David is so great in his capacities that God will give him a variety of happinesses in his life. David will be the greatest military man of his age and the greatest conqueror of his time. He will have a great sex life. At this time, David is without these things and he is on the run. No matter what it is, you name it and David had it. David was one of the greatest people who ever lived. He had a great capacity of soul. What is valuable to the Lord is David's soul. Money is nothing to God; He can give it to anyone; but God likes to give it to people who have the appreciation for it. There is great social life and a great sex life. God can provide these things for David; but it is occupation with Christ which puts David way out in front of everyone else.

The Lord wrapped up more gifts for David than anyone else. David had a phenomenal capacity for life. David wasn't out for any of these things; he wanted doctrine and God gave him more and more. For us, doctrine is a talisman; it is our way of getting the cool things that we want.

Some people have peeled off from Berachah and they have what they want. When people get miserable enough, they will come back to Berachah. But Bob is intolerant of their stupidity. Bob cannot give us in an hour or two the whole realm of doctrine.

The bundle of lives is supergrace blessings. The Godhead are preserving David at this time to give him prosperity, his rw, great wealth, and a prosperous reign.

Now this woman uses a sling shot illustration to make a point. David's enemies will be fired out of a sling; and this is the femininity of the enemies of David. These are feminine souls.

David's enemies will all die the sin unto death. To be hurled from the sling is to suffer the sin unto death.

1Sam. 25:29 Yet a man has risen to pursue you and to seek your soul. But the soul of my lord shall be bound in the bundle of life [lives] with Jehovah your God. And the souls of your enemies, He shall sling them from the hollow of a sling.

**1Samuel 25:30-34**

**72David**

**631\_0058**

**02/08/1973 Power abuse; persecution of the South**

1Sam. 25:25 Please do not let my lord regard [pay attention to] this man of worthlessness [Belial], Nabal. For as his name is, so he is. Nabal [fool] is his name, and foolishness [navalah; a female fool] is with him. And I, your handmaid, did not see the young men of my lord, whom you sent.

Psalm 14:1 comes from this verse.

Psalm 14:1 The fool [Nabal] has said in his heart, "There is no God." They are corrupt. They have done abominable works. There is none who does good.

We will study this psalm a little later. He is also found in Psalm 53.

Nabal was an unbeliever; she was a believer. The most hard-headed thing in the world is a woman about to get married to a man whom she thinks she loves.

The female fool is with him.

1Sam. 25:26 And now, my lord, as Jehovah lives and as your soul lives [by the life of Jehovah and by the life of your own soul], since Jehovah has withheld you from coming to shed blood, and from avenging yourself with your own hand, now let your enemies, and those that seek to do evil to my lord, be as Nabal.

1Sam. 25:27 And now this blessing which your handmaid [female slave] has brought to my lord, let it even be given [distributed] to the young men who follow my lord.

1Sam. 25:28 Please forgive the trespass of your handmaid. For Jehovah will certainly make [manufacture out of supergrace] a sure house [an enduring dynasty] for my lord, because my lord fights the battles of Jehovah, and evil has not been found in you all your days.

1Sam. 25:29 Though a man has risen to pursue you and to seek your soul. But the soul of my lord shall be bound in the bundle of life [lives] with Jehovah your God. And the souls of your enemies, He shall sling them from the hollow of a sling. [the sin unto death applied to believers]

*And it is* begins a change of pace. Abigail expects that David will become ruler over all Israel. Perfect tense. David will be a dictator king; he will rule over all Israel. Dictatorship is an easy form of government. A good dictator can come up with the right decision. There has never been a dictatorship where liberals thrive. No liberals is second to the millennium. Whether this is a good or a bad dictator. Enlightened dictatorship is the best government and a tyrant dictatorship is the worst. Everything else is in between.

We have a limited monarchy, which is what Great Britain has. The House of Commons in Britain eventually gained control. All republics eventually go sour, as happened in Rome, but that too 500 years; most go sour within 100 years.

Rome found out what it meant to feed the masses. This does not concern us with regards to

The concern is, David is in control of 600 men; if he cannot properly handle this sort of authority, how can he be in control of all Israel?

You do not have to address God with *thee and thou*. That is fundy scooping of the surface.

1Sam. 25:30 *And it shall be, when Jehovah has done [manufactured] to my lord according to all the good that He has spoken concerning you, and commanded you to be ruler over Israel,*

The murder of Nabal and all of the other men would become a stumbling block to him. If you develop the habit of killing people without a reason, and you do this with a small group of people; you will do this more often with a much larger army. There are things which, when you do them, make it easier to do them again.

David must be motivated to abuse his power; what he does is on the outside, but the motivation occurs on the inside. This comes from mental attitude sins or from lust. There is always an abuse of power which comes about from these various mental attitude sins.

Under our excellent constitution, we have a right to live and to pursue happiness; a right to have property; a right to contract. We have a right to own arms and to carry them; including Saturday night specials, sawed-off shotguns, etc. Only criminals do not have the right to carry or own a gun.

Whenever there is an assassination, there is all of this breast beating about gun ownership; clergymen would get on television and say, "It's all out fault." "It wasn't my fault."

Registration of guns will allow the government to come in and take the guns of those who have registered their gun. Criminals will not register their weapons, so they will get to keep their weapons.

We have the worst Congress since the Civil war. Guilt complex is one of the worst. Sincere do-goobers in Congress. A reversionist is incapable of doing anything that is good.

He thinks that he is doing good, but he is committing evil. Did the government protect the property of the business owners in Watts? No; the thieves were not shot with guns, but with cameras. Gun legislation is an abuse of power and a perfect illustration of our country in reversionist.

A criminal is not going to break down your door and face an angry woman with a .12 gauge shotgun. The north has been jealous of the south since 1850. The War between the states actually began after Appomattox. There was all kind of land stolen from the south and sold. Speculators came down on trains and bought up prime southern forest for 25 cents an acre. Northerners purchases southern railroads. For 80 years, the north continued to take advantage of the south. Southern churches were seized if they were used as hospitals. South turned over to the carpetbaggers. Carpetbagger governor in LA was a millionaire, even though he only got \$8000 per year. The loss of the south was the greatest deterrent to freedom. Our freedom has been going down since then.

The freedman's bureau set up 4000 schools for Negroes and none for the whites. Yankees controlled 88% of the cotton oil? Resources of the south? Oil. Who controls the oil today? The federal government.

We may exhaust our resources? We may or may not. We might not ever exhaust our resources; we don't know. And the federal government has no right to the oil out in the gulf. The war between the states goes on today concerning petrochemicals; and we have the largest concentration of oil in the south, in the gulf, and the federal government is putting the lid on that. Northerners took over every industry. Great need for timber after the war, and the northerners took over that. The north did not take control over tobacco and cotton. It is a century after the war, and the south is just now coming out from recovery from the war and the intrusion by the north. The help the south needed finally got there in WWII. As industry began to move into the south, Yankee labor moved down. A new kind of carpetbagger; the Yankees coming down here. The war is still going on; it has just changed to hypocrisy. The federal government does not understand why they don't stop shooting in Vietnam.

Bussing kids across town is another shot fired in the war between the states. This is in direct contrast to what we did to the Germans, the Italians, etc. No such rebuilding has not occurred in the south.

The war goes on and it is a war against women and children. It may be that God is punishing the federal government. Israel had its north and south too.

The lust pattern is the rest of the story. A flatterer goes into approbation lust and lowers the boom on the XX crowd (not sure I understood this?).

Abigail is trying to show David that he not shed blood without a cause. To use your power to take your vengeance on someone, that is wrong; that is an abuse of power. Abigail wisely points out this principle to David. So far, David has never done this.

She asks that God deal well with David and for him to remember his female slave. Great leadership never abuses the power that is in his hands. So she asks for David to remember what she had said to David, and God the Holy Spirit chose to record this in the Word of God.

It is also worthwhile to note that Abigail is one of the great women that David married, and that the women after her received very little attention. Might be good to do a comparison of David's women.

She failed by marrying this ass; but she got with doctrine and she grew to spiritual maturity.

1Sam. 25:31 [this shall be no \[not become\] stumbling to you, nor offense of heart to my lord, either that you have shed blood for nothing, or that my lord has delivered himself. And may Jehovah deal well with my lord, and you remember your handmaid.](#)

"You are being blessed." There is continual blessing. She keeps being blessed by Jesus Christ. No blessing by Nabal her husband. David realizes that God sent Abigail to him; God had a purpose for doing that. This is all things working together for good.

1Sam. 25:32 [And David said to Abigail, Blessed be Jehovah, the God of Israel, who sent you today to meet me.](#)

David was operating on the wrong principle to begin with. He had a right to being paid; but in subjectivity and legalism, he was going to solve the problem himself.

He should not bring any bad habits into this new power. This could set a bad precedent in his life. The battle is the Lord's and cast your cares upon Him, were the two principles that David forgot.

1Sam. 25:33 [And blessed is your advice \[discernment\], and blessed are you who have kept \[restrained\] me from coming to shed blood today, and from delivering myself with my own hand.](#)

Then David gives a solemn oath. David, in killing Nabal, would have destroyed Abigail's life and business.

David expresses his gratitude for Abigail coming to him. For every male that David killed, there would be a wife or children whose lives will have been devastated. It is worth noting that one of these men went to Abigail over this situation.

1Sam. 25:34 [And truly, as Jehovah, the God of Israel lives, who has kept \[restrained\] me back from doing evil to you, for unless you had hurried and come to meet me, surely there would not have been left to Nabal by the morning light one who urinates against the wall.](#)

He says we are beginning in v. 30.

David did not make war against women and children except one time when he was out of fellowship.

David receives the gift that Abigail brought him. David was smart enough to take good advice. Some men have thought that it is beneath them to take anything from a woman, advice or whatever. Such things are a challenge to their manhood. David can take advice from a woman, in front of his tough warriors, and he does not feel as if he has compromised himself. Never ignore the advice of an Abigail.

### **David Takes the Good Advice of Abigail**

1. Notice the greatness of David; he listened to good advice; and the greatness of Abigail, because she gave good advice. She was a supergrace believer.
2. Abigail was famous for her beauty and brains, which are nothing compared to the greatness of her soul, filled with Bible doctrine.
3. David recognized her expression of divine viewpoint. It takes a supergrace believer to recognize supergrace viewpoint.
4. As a supergrace believer, her counsel to David, it was logical, doctrinal and lucid. She had great common sense.
5. Abigail is the cool hand on the hot head. Devotional writer, F. B. Meyer, there are many beautiful women wholly destitute of good understanding, just as birds of the beautiful plumage are often lacking in the ability of song. It is remarkable how many Abigail's get married to Nabal's. If any young girl of good sense and earnest aspirations who reads these lines, secretly knows that, if she had the chance, she would marry a...irrespective of character. She will not raise him to her level, but she will sink to his. Nobility in one person arouses nobility in another. This meeting brings out the nobility of both. Abigail and David are both supergrace nobility.

The place of humility is not the place of debasement.

1Sam. 25:35 *And David received from her hand that which she had brought him, and said to her, "Go up in peace [and prosperity] to your house. See, I have listened to your voice and have accepted your person [lit., I have lifted up your face]."*

Abigail goes home to the jackass. He tied one on. She was down in the dust on her face to David, but when she goes home, she avoids the party. She does not to the party, even though this is the biggest party of the year.

Bob driving down a dirtroad to a party; and indians in the back of a truck falling out because they are drunk. Supposed to be a big BBQ. Bob was as hungry as he could be, and gave up past midnight. BBQ never was served. People just tied one on.

*Came* is in the imperfect tense.

### **Nabal's Party**

1. Nabal could put on a party like a king; he had a lot of money.
2. Nabal had lots of money because he had just cheated David out of a lot of money.
3. These profits were based upon the security provided by David's battalion.
4. David is having a company party.
5. However, since Nabal has welshed on a debt, his hilarity is going to come to a sudden end.

Nabal was very drunk. She went in, saw Nabal drunk and partying. Abigail told David what to do; but she did not tell Nabal nothing. This is a gem of a woman; she knows when to speak and when not to speak. Behind her beautiful body and beautiful face is a wonderful brain. She knows how and what to speak to David; and the same for Nabal. She did not tell Nabal a thing; no long story; no short story. She waits until the light of the morning.

### **Abigail's Greatness**

1. Abigail knew how to speak to men and when not to. She recognizes trash and treats it as such. Not all men are the same. No two men are alike. Abigail is a great woman. Some women can only deal with gentlemen; and others can only deal with trash.
2. To angry David, she spoke many words; to her husband, she said nothing.
3. This indicates common sense. She has beauty, brains, supergrace and common sense.
4. Nabal had a treasure in hjis wife and was too stupid to know it. A fool is a man who cannot recognize the quality of a woman. He has been married her for a few years and still doesn't know it.

1Sam. 25:36 **And Abigail came to Nabal. And behold, he held a feast [drinking banquet; drinking orgy] in his house like the feast [drinking orgy] of a king. And Nabal's heart was merry within him, for he was very drunk. And she did not tell him anything, more or less, until the morning light.**

15 mg of alcohol can be handled by the ordinary liver. You find that amount in a martini or a beer. One drink an hour can be processed by the liver; this is detoxification.

The Baptists are having the controversy, did Jesus turn the water into wine or into grape juice?

Stop becoming intoxicated by wine, which is dissipation. A Christian must detoxify and then rebound after drunk.

### **The Doctrine of Drinking**

1. Drunkenness is a sin. Not drinking. Bob personally cannot stand drunks. A woman loses her femininity when she drinks. Isa. 5:11 Rom. 13:13 Prov. 23:20 the Bible

does not say that drinking is a sin. Born-again believers have been drinking since time immemorial.

2. To add to these verses; drunkenness should be avoided by certain groups of people, like kings. Prov. 31:4–5 not pastors either; if Bob was drunk, you might get a sermon you'd never forget. Tit. 1:7 same for deacons.
3. Drunkenness is also condemned in certain persons in the Bible. Noah (Gen. 9:21 he was involved in homosexual activity); Nabal in this passage; Lot, who fornicated with his daughters (Gen. 19). Isa. 28:1 for Ephraim.
4. However, to present what the Bible says, you must give the other side. It is permitted for people to drink. Prov. 31:6–7 all over the world, all kinds of believers drink wine and beer. Martin Luther was a well-known beer drinker. Only in the U.S. is where we have gotten confused about Christianity and alcohol. Prohibition was nearly as bad as after the Civil War. This does not mean that, if you are a believer who does not drink, that you need to start drinking. 1Tim. 5:23 geritol was alcohol fixed up with a little fig juice and things like that. There appears to be some benefit to the stomach and it stimulates the appetite.
5. Did Jesus turn water into an alcoholic beverage, and He did.
  - a. The miracle of turning water into wine does not condemn or condone drinking. Never try to use Jesus Christ as a patsy for your being a drunk.
  - b. The miracle called attention to Who and What Jesus is. No one but God could do this.
  - c. The 6 water pots were filled with water; which were turned into wine, which is +H.
  - d. The Greek words are for alcoholic beverage; not grape juice.
  - e. Alcoholism is a problem all over the world. The northern kingdom after the split in Israel. Joel 1:4 there were all kinds of problems which occurred because of drinking. Some men use their wives as punching bags when drunk. Children have been abused by drunken parents. Drunks all kinds of accidents. Ladies and old men are the other causes of auto accidents.
6. Missed\
7. Adverse affects of alcohol.
  - a. It leads to impulsive and abusive behavior. It begins as a stimulant, but then as a depressant.
  - b. Vernikes disease for too much alcohol. Paraleysis of the eyes and a final coma.
  - c. Markiafava something disease; cirossis of the liver. Delirium tremums. People who start screaming and see snakes and jump out of windows. Some tell a fantastic series of lies (Korsakof's disease).
8. Worse thing is drinking in young people. It demands good judgment, and young people lack this entirely. Moderate drinking is not prohibited; but there is a whole generation of kids today who cannot handle it. Very few parents properly teach their kids. Parents teach them all the stuff abotu it.

9. Constrain because of the law of love; many of us have spent x number of hours with these kinds of idiots. Do not witness etc. when drunk. Law of supreme sacrifice is towards God.
10. Principles:
  - a. Wine is used to represent the principle of sublimation in Proverbs and Jeremiah. When one rejects Bible doctrine
  - b. Drinking should always be in moderation. \
  - c. Never drink alone. \
  - d. Do not drink when you are upset.
  - e. Do not drink with strangers.
  - f. Do not drink because others drink.
  - g. Never drink when driving or flying.
  - h. Never drink when on dates with strange men or in an unknown crowd.
  - i. Teens should never drink; at least in this generation.
11. Drinking is bonafide for adults. Giggling girl; no alcholo for her; a horse's neck.

#### Doctrine of Drinking

From: [http://gracebiblechurchwichita.org/?page\\_id=83](http://gracebiblechurchwichita.org/?page_id=83)

1. The importance of objectivity in dealing with drinking:
  - A. In dealing with a subject such as drinking we are interested in what the Bible has to say.
  - B. Those who have personal problems because of drinking or are related to those who have drinking problems have a very difficult time approaching the subject of drinking with objectivity. But it is imperative to stick with the principle rather than your own personal background.
  - C. Those who have been reared in the atmosphere of Christian legalism are often shocked when they discover the overall teaching of the Word of God about alcoholic beverage.
  - D. Those who are looking for an excuse to get off the wagon use the overall teaching as their excuse.
  - E. No subject has more prejudice and less reason than the subject of drinking alcoholic beverage.
  - F. The objective of teaching the Doctrine of Drinking is not to get believers on or off the wagon. It is to teach the subject from the Biblical viewpoint.
2. Categories of alcoholic beverage available in the 20th century:

- A. Medicinal alcohol: used in medicines.
- B. Whiskey: distilled from cereal grains; classified by geographical location: Scotch, Irish, American.
- C. Vodka: a Russian drink distilled from wheat, rye, potatoes.
- D. Gin: distilled from the juniper berry.
- E. Wine: fermented grape juice: table, fortified, sparkling, aperitif.
- F. Brandy: fermented grape juice with other fruits added and aged in wood.
- G. Liqueurs: perfumed in flavored spirits, and sweetened by the addition of sugar.
- H. Beer: the oldest form of alcoholic beverage; fermented from malted cereal to which hops have been added; Babylonian beer is documented to 4,000 B.C.; Ramses III of Egypt consecrated to the gods of Egypt 466,303 jugs of beer.

Historians like Heroditus, Pliny, and Tacitus comment on beer in the ancient world and the art of brewing was known in Egypt, Greece, and Rome.

The Pilgrims landed at Plymouth Rock because the supply of beer and food on the Mayflower had been prematurely exhausted. A manuscript of 1622 says, "We could not take time for further search or consideration. Our Victuals were almost spent, especially our beer was about gone."

In 1637, the Massachusetts Bay Colony licensed a certain Captain Sedgewick and gave him the exclusive right of brewing beer.

William Penn, a believer and famous for his asceticism, set up a brewery in 1683 in Pennsbury Manor near Philadelphia. Investors in the business were Thomas Jefferson, Samuel Adams, Patrick Henry, Israel Putnam, and Benjamin Rush (some of our famous patriots).

3. The Bible condemns drunkenness as a sin: Isaiah 5:11, 22; 28:7-8; Proverbs 20:1.

Isaiah 5:11 Woe to those who rise up early in the morning that they may pursue strong drink, who stay up late in the evening that wine may enflame them.

Isaiah 5:22 Woe to those who are heroes in drinking wine and valiant men in mixing strong drink.

Isaiah 28:7-8 (Reversionism and drinking)

Proverbs 20:1 Wine is a mocker. A strong drink is a brawler. Therefore, whoever is intoxicated by it is not wise.

Proverbs 23:20 Do not be with heavy drinkers of wine or with gluttonous eaters of food.

Romans 13:13 Let us walk properly as in the day, not in carousing and drunkenness, not in strife or jealousy, promiscuity and sensuality.

1 Corinthians 5:11 Now I wrote to you not to associate with any member of the royal family if he should be immoral, covetous, an idolater, a reviler, a drunkard, or a swindler.

Ephesians 5:18 Stop being drunken with wine.

Proverbs 31:4-5; 1 Timothy 3:3,8; Titus 1:7 Excessive drinking destroys one's judgment and therefore is to be avoided.

Genesis 9:21; 1 Samuel 25:36-37; Genesis 19:32-36; Isaiah 28:1 Drunkenness is condemned in certain Bible characters respectively: Noah, Nabal, Lot, Tribe of Ephraim.

4. Drunkenness, or the excessive use of alcohol, leads to crime, suicide, divorce, traffic accidents, economic and industrial losses, loss of health, miserable circumstances, poverty, and national disaster.

Alcohol is not a stimulant, It is a depressant. It dulls reflexes, lowers inhibitions destroys common sense and good judgment, and stimulates mental attitude sins. A drunken driver kills, a drunken lover abuses, and the drunken leader loses integrity.

Drunkenness produces certain diseases: death, from chug-a lugging; brain disease; and liver disease.

The Bible gives no encouragement or no excuse for excessive drinking. While drinking in moderation is permitted, there are many believers who cannot do so and should avoid alcohol except as prescribed in medicine.

5. The proper and improper uses of alcohol:

Proverbs 31:4-7 (Wine attacks authority in leadership) 4) It is not good for Kings, O Lemuel: it is not good for kings to drink wine, or for rulers to desire strong drink, 5) Lest they drink, and forget policy, and pervert judgment to the afflicted. 6) Give strong drink to him who is dying, and wine to him to whom life is bitter (the correct use of medicinal alcohol). 7) Let him drink and forget his poverty, and remember his trouble no more.

1 Timothy 5:23 No longer be a water drinker but be making use of a small amount of wine because of your stomach and your frequent illnesses.

Benefits of wine in small amounts: 1) Depressant producing sedation; 2) Stimulates appetite; 3) Increases circulation in elderly.

Psalm 104:15 And the wine that makes man's heart glad makes his well nourished face radiant and food sustains man's right lobe.

John 2:1-11 Jesus attended and stayed at a wedding where alcoholic beverage was being served.

#### 7. Drinking and the divine laws of function:

Under the law of liberty every believer has the right to drink moderated amounts of alcoholic beverage.

Under the law of expediency, it is expedient not to drink under certain circumstances where witnessing might be an issue and drinking becomes a form of antagonism toward the gospel (not frequently encountered). Under the law of love it becomes necessary to refrain from drinking when it means leading astray a weaker believer (causing drunkenness in the weak believer). Under supreme sacrifice, drinking is forbidden when it hinders some special leadership function in life.

#### 8. Alcoholism is a part of national disaster: Jeremiah 13:12-17; Joel 1:4-6; Isaiah 28.

Jeremiah 13:12-17 12) Therefore you are to speak this word to them. Thus saith the Lord God of Israel, every jug is filled with wine. Consequently, when they say to you, do we not know that every jug is filled with wine? 13) Then you say to them, Thus saith the Lord, Behold, I am about to fill the inhabitants of this land, the kings that sit for David on his throne, the priests, the prophets, and all the citizens of Jerusalem with drunkenness. 14) And I will dash them each against the other, both the Father and the sons together, declares the Lord. I will not show them pity, nor will I be sorry, nor will I have compassion, but I should destroy them. 15) Listen and give heed, Do not be arrogant for the Lord has spoken (excessive drinking is often a sign of arrogance in the soul). 16) Give glory to the Lord your God before He brings darkness and before your feet stumble upon the dusky mountains, and while you are hoping for light he makes it into deep darkness and turns it into gloom (5th C.O.D.). 17) But if you will not listen to doctrine, my soul will sob in secret because of your blind arrogance. And my eyes will bitterly weep and flow with tears because the flock of the Lord has been taken captive (5th C.O.D.).

#### 9. Common sense and drinking:

Alcohol is wasted on young people. They often pick-up the pitfalls and never derive the benefits.

- 1) Never drink with strangers in strange places.
- 2) Never drink on the job-any job.

- 3) Never drink alone.
- 4) Never drink while driving, flying, operating machinery.
- 5) Never mix hunting with alcohol. Never mix any form of gunpowder with alcohol.

This was a king's party, so it was probably good stuff. The wine had gone out, which was a Qal infinitive construct. The alcohol had been processed out he was reasonably sober. So, now she tells him what happened. Hiphil imperfect means that she began to tell him.

His heart dies within him. He did not die, but his heart died. The heart is the part of the brain called the right lobe. This is working in Nabal right now. He remembers that he told David that he would not pay him. This information is taken into his thought process and he is not experiencing a true shock. He heard this and he passed out. He began to apply; he did not think that he was out of danger. He realizes that he could have been killed in the middle of his party. He had neurogenic breakdown. He could see David killing him at his own banquet. Neurogenic shock. He could not cope with it. He has an overdose of adrenalin. He just passed out and died.

He is in shock, but he is still alive. Maybe he was in a coma?

1Sam. 25:37 [And it happened in the morning, when the wine had gone out of Nabal and his wife had told him these things, his heart died within him and he became like a stone.](#)

About 10 days later, God struck Nabal and he died. This means to strike him down with a disease or a calamity. We do not know the nature of the disease. This is not a stroke. He did go out with a disease. It is Nabal who dies; not his heart. This would be the sin unto death.

1Sam. 25:38 [And it happened about ten days afterward Jehovah struck Nabal so that he died.](#)

Next the Nabal psalm. He married a wonderful woman; he was a very wealthy man.

**1Samuel 25:36-38**

**72David**

**631\_0060**

**02/16/1973 Psalm 14:1-3 Nabal the fool**

The privacy of the priesthood is priceless. A few seconds in rebound, which is all of the privacy that we get for awhile.

This part of the Bible is a study of contrasts. Abigail and Nabal; David and Saul;

Bob turned down doing a wedding; the woman seemed to think he was just hanging around waiting to officiate a marriage. This is a function of the state.

Bob suspects that Abigail became a supergrace believer after she got married. Nabal was great because he was wealthy, but he is a very petty man. David gets 400 men to take it out of Nabal's hide.

David spared Saul's life but he was about to take Nabal's for welshing on an obligation. David had nowhere to go to get the law enforced.

Abigail was married to Nabal for life; but she did not look to find an excuse to get out of it. She is beautiful and smart; but all of this is mitigated by being a supergrace believer. David takes good advice from her. She does not spend her life whining about her marriage. The woman who gets into every woman's organization and goes across the street and complains to any woman who will listen. She is beautiful with brains and with supergrace. There are not too many in this category.

Bob has seen women that he would not trust with only the menial tasks. They have very ad judgment. This woman had great judgement. She made one very bad move by marrying Nabal, which is not all that unusual.

The very fact that Abigail returned is indicative that she was more influenced by Jesus Christ than about her own problems. She had a few words to say about her marriage and that was all. She did not take herself seriously. A relaxed woman is a fantastic thing.

Some people aren't smart enough to have children. Some people when they have children, their children are smarter than they are the minute they are born. People telling you that you need to have children; that's propaganda. Abortion has gone up, so maybe people aren't falling for it.

Bob would have personally popped it to someone he saw on television talking about abortion; abortion is not murder. We have some stupid people around here.

Abigail was beautiful, but she was not depending upon her beauty. It was doctrine that made the difference. She was occupied with the Person of Jesus Christ. She returned to that fool, Nabal.

A mishta is a heavy drinking party. A blowout, a wing ding, a drinking banquet. Nabal lives in a palace of sorts.

His heart was not *merry* but it was *tob*, which means *stimulated* here. Of his own free will, he was tying one on. The second phrase indicates that he was quite drunk. Some people think that, because they have money, they are great. So, when the 10 soldiers came from David, he kept them waiting, and then he was snotty to them. Alcoholics are inferior people who try to prove they are something. Getting drunk is a sin; and it is a problem; it is a problem in the soul. They are uptight, trying to prove something. The heart of Nabal was good upon him. He became very intoxicated.

Abigail told Nabal nothing. You cannot talk to a drunk. You cannot deal with serious business with a drunk. She knew when to talk and when to shut up. That means great wisdom.

You reveal what a dumb soul you have by continuing to flap your mouth. It is a good idea to not say anything until you are 100% certain of what you are saying. Some women cannot stop talking and Bob ceases being polite with such types. You can't knock their teeth down their mouth, but you can shut them up. There are women who are masters at maligning. Bob loves Abigail and will look her up when he gets to heaven.

A guy goes out and ties one on, and the women laying into him when he comes home is the worst time to do something like that. There is a time to speak to him and a time to let it go.

You will note that Abigail did not go to this party herself. The person who has to go to a drunken party is in trouble up to his ears. Capacity for pleasure is a part of capacity for happiness. You do not have to get skunk drunk in order to be happy.

1Sam. 25:36 *And Abigail came to Nabal. And behold, he held a feast [a drinking banquet] in his house like the feast of a king. And Nabal's heart was merry [good] within him, for he was very drunk. And she did not tell him anything, more or less, until the morning light.*

A big whistle or a foghorn would have been a good idea. She doesn't do that. She isn't cruel. The wine had gone out of him, and now he is sober and detoxified. When she told him what had happened, he got an overdose of adrenalin, which caused him to pass out.

1Sam. 25:37 *And it happened in the morning, when the wine had gone out of Nabal and his wife had told him these things, his heart died within him and he became like a stone.*

And God struck him with some disease and he died. Nabal probably suffered cardiac arrest.

1Sam. 25:38 *And it happened about ten days afterward Jehovah struck Nabal so that he died.*

Then we would be going into polygamy, which would be a lovely thing to teach Sunday morning.

David wrote a psalm about Nabal: he probably wrote the psalm probably a few years later, looking back at Nabal and people like him.

Willie the Weeper reminds Bob of Nabal.

While Nabal was alive, he used to say, "There is no God." Long before he challenged David, he challenged God. The fact that he lived 35 years is a tremendous monument to the grace of God. Nabal could not think straight. His norms and standards were bad. He

had no God in his right lobe. Nabal was a rich man and he did not believe in God. This expresses the negative volition of Nabal at God consciousness and gospel hearing.

### **Nabal, the Atheist**

1. Nabal is an atheist; and he is a reversionist unbeliever.
2. The principles which describe this kind of reversionism are found in 2Peter 2.
3. This is one of the problems of a wealthy person. Nabal is descended from Caleb and he possibly inherited the wealth of this family. One of the problems of a wealthy person; he cannot understand the importance of salvation.

These fools do, think abominable things. Nabal refuses to pay the debt to David, but wealthy reversionists do this all of the time. Such people cheat; they don't need to cheat, and yet they do. Such people are lousy about paying bills. Don't ever loan to a wealthy reversionist. They enjoy welshing on an obligation. Such a man will cheat you out of the gold in your teeth and he will enjoy it.

*None* refers to the wealthy reversionist. Nabal's motives are wrong. He has no intention of paying his debt.

Psalm 14:1 [The fool \[Nabal\] has said in his heart, "There is no God." They are corrupt. They have done abominable works \[a detestable deed\]. There is none who does good.](#)

{Nabal's Foolish Thoughts}

1~~To the Chief Musician {a Psalm} of David. Nabal/'the fool' {name does mean 'fool'} has said in his 'right lobe'/heart {thought this in his very soul - an atheist}, "There is not Elohim/Godhead {negative volition at the point of God consciousness}." They {Nabal and other wealthy, unbelieving reversionists} have become 'perverted in their souls' {shachath - Hiphil stem}. They 'have done(s) a detestable deed' {ta`ab - is a plural verb - but aliylah' is a singular noun. The singular noun means it refers to Nabal's debt to David that he refused to pay. But the verb is plural and this is good Hebrew to indicate that wealthy reversionists do the same all the time - they are wealthy and do not need to Renege on debts - but do it for fun!}. there are none that manufactures {'asah} good {towb - divine good - no divine good production}.

{Note: Nabal was the very rich husband of Abigail who, upon Nabal's death became one of David's wives. See Nabal in I Samuel 25:25 where Abigail talks about this 'fool' of a husband. Abigail was a SuperGrace believer married to a stupid unbeliever whose very name means fool. Now here we find out in what area particularly he was a fool - 'there is no God'!}

God wants to find someone He can bless. God wants to bless believers. However, even though He wants to bless believers, God goes on a patrol, to find anyone that He can bless. Because of propitiation, He would like to find anyone that He can bless. However, God cannot bless legalistic fundies any more than He can bless Nabal.

Understand is the Hiphil participle of Sakal. He found one person, the wife of Nabal. To see if there was anyone who could cause to be wise. This would have been refreshing for God to see Abigail. Darash means *God wants to know him*. Every time you are on positive signals that you come to Berachah, that is seeking. No one can make you do it.

### **The Blessing of God and Nabal**

1. God's grace demands an object. God cannot remain dangling. God's grace must have a place to go. It has to go to the human race. Many of us are encrusted with the worst stuff in the world, suffering for Jesus. God intends for us to be blessed.
2. The object in the human race must have reach God consciousness and then have positive volition.
3. Nabal is a fool; Nabal is his name and he is a fool. There are a lot of new people out in the desert. Church seats about 800 and it was full every night.
4. When he had gospel hearing, he went negative.
5. God could have blessed Nabal is he had positive volition at God consciousness and positive volition at gospel hearing. Nabal could have had a great life with Abigail. He relied upon himself and he was nothing. There was nothing for him to lean upon. David was positive toward grace and Nabal was negative.
6. Abigail called herself nalah; she is the fool who married Nabal. She was positive toward God and Bible doctrine. She was the antithesis of her husband. She was positive at God consciousness and at gospel hearing. She made the big mistake of marrying Nabal and then she gapped it all the way to supergrace. Bob says she was married for 6 years.
7. David was everything that Nabal was not. Abigail could have coped by drinking everyday; but, she went toward doctrine, and she had 6 rough years. She made a mistake and she moved forward according to Bible doctrine.

Psalms 14:2 *Yahweh looked down from heaven on the children of men, To see if there were any who did understand [were caused to become wise], Who did seek after God.*

2~~Jehovah/God out of the heavens 'looked down {for someone to bless}' {shaqaph} upon the children of men, to 'make a recognizance'/see {ra'ah} if there were any who had been caused to be wise {in SuperGrace status} {sakal - Hiphil stem - means GAPing to SuperGrace - intake of the Word}, and constantly kept on seeking after {darash - verb of positive volition - in salvation and thereafter in the intake of the Word} Elohiym/Godhead {God located David and Abigail in view here}.

Then we describe Nabal. This is a summary of the human race down to the end of time. They apostate; they deviate; all reversionists are apostates. Nabal was apostate. Abigail separated herself from this party reversionism. God designed sex to be something wonderful. He did not designed sex to solve problems. Sex is a fantastic thing, but sex does not solve problems.

There are no shortcuts; you must get doctrine in your soul.

Psalm 14:3 They have all gone aside. They have together become corrupt. There is none who does good, no, not one.

3~~They have deviated {from God's laws for Establishment}/ 'become perverted'/'become reversionistic'. {cuwr - perfect tense - means from beginning of human history to the end, wealthy, unbelieving reversionism will be like this}. They 'have become morally corrupt' {meaning 'have done detestable deeds'} {'alach - means filthy , here morally filthy - explains Nabal's drunken party in I Samuel 25:36 - his party was probably a Phallic cult event - with sexual degeneracy mixed in}. There is not one who manufactures {divine} good, no, not even one {'echad}.

**1Samuel 25 Psalm 14:4-7**

**72David**

**631\_0061**

**02/18/1973 Nabal's psalm**

we have been studying Nabal and David. David was broke when he came to Nabal. About 600 men and 3000 camp followers. Nabal was a very wealthy man at this time; and David was not (but his wealth would surpass Nabal's greatly). No believer is normal when growing or in reversionism or standing still; it is the achievement of the edification complex. God is also able to provide for those people who are reached supergrace great blessings. God also promoted David.

David is in contact with Nabal. Nabal gave David's men a very snotty answer when he said no. David goes to attack Nabal, and he is stopped by a beautiful women in the middle of the road in front of them.

Abigail waited for Nabal to sober up and she told him what had happened, and he went into neurogenic shock, and he died 10 days later.

Nabal has said in his right lobe, "There is no God." Nabal rejected the Trinity and Bob says that the Trinity was understood in the Old Testament. God the Holy Spirit reveals the plan, God the Father determined the plan and Jesus Christ executed the plan.

Psalm 14:1 The fool [Nabal] has said in his heart, "There is no God." They are corrupt. They have done abominable works [a detestable deed]. There is none who does good.

God has billions of dollars and He can give this to anyone; but He does not because most people do not have the capacity for blessing. Money means nothing to God. God is constantly trying to express His love. God the Father wants to love the human race, but cannot do so, because mankind is sinful. God wants to express His love while mankind wants to express sin. God would like to drop a billion dollars into someone's lap today; He would like to give us things associated with human happiness. However, God has to spend all of His time disciplining believers.

The problem is not God's love for us; God must find recipients. God could express to David what He was unable to give to others. The celebrityship of Jesus Christ is key. At the time of Psalm 14, when it occurred historically, David had nothing and Nabal had it all.

He had Abigail as a wife; and Nabal had no appreciation of this. Nabal liked putting people down, he liked throwing parties, he liked having a lot of money, and he liked getting drunk. In other words, no capacity for life.

Psalm 14:2 **Yahweh looked down from heaven on the children of men, To see if there were any who did understand [were caused to become wise], Who did seek after God.**

Psalm 14:3 **They have all gone aside. They have together become [morally] corrupt. There is none who does good, no, not one.**

Workers of emptiness; they have no capacity for life; no capacity for happiness. There was a lot of wine, women and song at these parties, and yet there was no capacity there. You spend time witnessing; you are a worker of emptiness. This is the reversionist with emphasis upon what he does. Nabal was an unbelieving reversionist. There are more reversionists among believers. Frantic search for happiness and the emotional revolt. Since all divine good is manufactured from grace, there is no true happiness here.

The key to life is knowledge of Bible doctrine. If people do not have Bible doctrine in the soul, they do not have capacity for life. Homosexuality is another sign of reversionism. It is abnormal and it is sinful. It is a degeneracy of the soul.

Our church has a great respect for the military, which has been discarded by many in our society. Even though our military is in disrepute because of degeneracy and cowardice, it is the key to our freedom. To have the very symbol of our freedom, nothing could be better. To see men with short hair, representing an attitude of soul, nothing could be better than that.

They destroy My people as if they are eating bread.

Chara to call upon God indicates faith. Jesus Christ died for our sins, spiritually, not physically. He died physically because our sins were paid for. He said, "It is finished" while alive physically; and then He died physically.

Adam was still alive physically after he sinned; but he had died spiritually. Spiritual death is God expressing His righteousness toward man. Christ died spiritually for our sins. The blood refers to the animal sacrifices. The animal is put on the altar and his carotid is severed.

Those who talk about the blood of Christ and the found of Immanuel's blood; all of this stuff is said by people who do not have a clue. A lot of this stuff comes from Romanism.

We are all saved by believing in Jesus Christ. Inviting Christ into the heart is about works; and the context refers to believers.

Psalm 14:4 **Have all the workers of iniquity [emptiness] no knowledge, Who eat up My people as they eat bread, And don't call on Yahweh?**

4~~Have all the 'workers of emptiness'/reversionists {falling backward so human viewpoint is replacing divine viewpoint again} do not understand/know {yada'}? The ones destroying/devouring up my people . . . as they have eaten bread {illustration of the easy with which they destroy the followers of David}. Furthermore, they do not call upon Jehovah/God.

This is a generation of supergrace believers under David, a supergrace believer.

### National Blessing

1. National blessing can occur where there is supergrace leadership or where there is maximum supergrace believers. David illustrates one of these. Not one of the Atonine Caesars was a believer, but there were so many supergrace types that Rome enjoyed great blessing because of the believers.
2. A people who observe the laws of divine establishment and have respect for authority become a prosperous people. There is no degradation in respecting authority.
3. A nation which respects authority will respect authority in the military, which means the military will succeed in protecting our freedom.
4. Authority in business; no business succeeds without authority.
5. A generation of the righteous can be a maximum number of supergrace believers or supergrace leadership. In the latter, there is prosperity by means of association; in the first, it is prosperity via the salt of the earth principle.
6. Best of all possible worlds is both supergrace believers in leadership and as the people. Liberals and communists hate the British empire; and what they hate about the empire, they do themselves. There are millions of Indians, Chinese and Africans who are in heaven right now because of the British empire.

Psalm 14:5 [There they were in great fear, For God is in the generation of the righteous.](#)

5^^There is great awe/'respect {for the authority of} {pachad pachad - doubling is very strong} for Elohim/Godhead in the generation of the righteous/'SuperGrace believers' {tsaddiyq}.

You, Nabal, have brought shame to the afflicted. Jesus Christ was the security of David.

Psalm 14:6 [You frustrate the plan of the poor, Because Yahweh is his refuge.](#)

{David Speaks to Nabal}

6~~You {Nabal} have caused shame {refused to pay his debt for fun of it} to the plan/contract {David's agreement to protect Nabal's sheep} with the afflicted {David - he was under Saul's seek and destroy persecution}, because Jehovah/God is his {David's} security.

{Note: Nabal was an atheist. He knew that David proclaimed himself under the protection of God. So, he reneged on his debt so he can say crap like - 'oh what a great protector David has'. He got his 'reward' for this in I Samuel 25:37-38 directly from God.}

The fort of Jebus. There is Jerusalem and a valley and up a hill there is a fort, and the jebusites controlled this fort for 400 years. The man who takes this fort will deliver Israel. David took that fort and turned it into his palace.

Shub can mean *restore*, *return*. We look forward to Jehovah restoring the United States. God can do this through supergrace leadership or through supergrace believers or through a combination of the two.

Psalms 14:7 **Oh that the salvation of Israel would come out of Zion** [Who will give from Zion the deliverance of Israel?!] **When Yahweh restores the fortunes** [adversity] **of his people, Then Jacob shall rejoice** [they will express great +H], **and Israel shall be glad.**

7~~Who shall give from Zion {name of the fortification}, the deliverance of Israel? {the prophecy was that whoever captures the fortress of the Zebucites (sp) will be the deliverer of Israel - David is the one who eventually takes the fort and made it his castle} When Jehovah/God restores {from} the adversity of His people, Jacob {used for Jews who are unbelievers} shall celebrate/'dance in a circle' {giyl}, and Israel {used for saved Jews} shall 'be joyful/'express great inner happiness'/+H {samach}.

**1Samuel 25:39-43**

**72David**

**631\_0062**

**02/18/1973 Doctrine of Polygamy**

We return to Samuel. Bob acts as an usher. Apparently, Berachah is overcrowded. "Another couple? I'll be damned." "Next week is all saint's week." This week begins the pastor's conference. "No saved seats. None, zero. There will be a class on Monday morning, it was originally aborted; I will damn well use that phrase." Schedule will change and a return to the New Testament and back to the Koine Greek starting tomorrow night.

David communes with Abigail first. Abigail follows David's messengers.

Tonight, we will examine polygamy. Did Brigham Young get it right? A woman should have at least 5 servants when she gets married, especially when pregnant. Bob does not believe that it is right for women to have babies unless they have servants. If it wasn't for the fact that there are mothers, we would really be in a jam. The welfare state has ruined servitude. We can no longer get domestic help.

"We have covered the big idea: the five damsels on their asses. Now let's find out what the passage really teaches."

David has a great G2 system. He has patrols out constantly looking for Saul's men. Always looking for Saul's army. David had a constant surveillance. So, therefore, David hears about Nabal.

At the beginning of this chapter, Samuel died. He was in a place face to face with the Lord; in a place of great happiness and great blessing. Nabal went to torments. Attitude toward Jesus Christ determines eternal status. Nabal was an unbeliever from Psalm 14.

David has something to say, and we will cover enough of the narrative until we come to this point. David, when he hears that Nabal has died, said, "Being blessed is Y<sup>e</sup>howah, Who has pleased the cause of my reproach from the hand of Nabal." The Lord cannot help but be blessed. David cannot add anything to the essence of God. Being blessed is David. This ought to be: "Being blessed. The One, being the Lord, acts as my Attorney. The Lord who has pleaded or defended my reproach." This was Nabal's refusal to pay the debt that he owed David. Many of your lives would clear up instantly if you put your problems in the Lord's hands. Quit trying to be a one-person vendetta.

Nabal was petty and small. He was filled with pride. All of these things mixed together makes a person very obnoxious. Thank God for obnoxious types; this is how we grow in time.

About the time of the funeral, David is sending a proposal over to Abigail. As far as we can tell, David is filled with the Spirit, and her husband not yet in the ground, he proposes to Abigail. How many of you men would have the nerve to propose to a woman before her ex-husband was in the grave? That's your devotional for the night.

David is interested in free enterprise; but he is not interested in little petty things of propriety. He is not going to go in for hypocrisy. David was a hypocrite in Gath; but that is something he gets over in a hurry. David breaks through that nonsense. He learned that honesty and hypocrisy cannot travel together. He wants this doll, she's free, so he sends someone over to ask her to marry. I want this woman, I'm going to put it up to her, right now. David has capacity for life. The only propriety he observed is, he sent the servant. The servant goes directly to the woman. There is no father involved; no dowry.

1Sam. 25:39 [And David heard that Nabal had died, and he said, Blessed is Jehovah who has pleaded the cause of my reproach from the hand of Nabal, and \[therefore, He\] has kept \[restrained\] His servant from evil. For Jehovah has returned the wickedness of Nabal on his own head. And David sent and spoke with \[proposed to\] Abigail, to take her \[passionately\] to him for a wife.](#)

There is nothing ordinary about this doll.

1Sam. 25:40 [And David's servants came to Abigail at Carmel, and spoke to her, saying, David sent us to you to take you to him for a wife.](#)

She stood straight up. The first stands up, and then she bows herself on her face to the ground. "Behold, your servant and your female slave." David was the man of her life and the man who was going to be her life. It is not degrading to get on your face to your rm. She is willing to wash the feet of the servants of her lord. She's willing to take the place of a wife or a slave in David's temporary tent. Michel preferred court life to being out by

a bivouac fire. Some of you men in the military will have problems with some women who are not willing to follow the guide on just as her husband. A real women who loves a real man will follow the guide-on and love every minute of it. Thank God for women of this type; they follow their man and they make their man fantastically happy. We have a bunch of simpering idiotic females and they are concerned about their automobile. You have to hand it to Abigail. She didn't even hesitate. She hurried to him.

Pastors may end up moving around; some assistant pastors bought homes here and they shouldn't have. Because he may get moved off to somewhere else. Your first responsibility ought to be toward you man, even before your children. This is no matter where he goes.

1Sam. 25:41 *And she arose and bowed herself on her face to the earth, and said, "Behold, let your handmaid be a servant to wash the feet of the servants of my lord."*

Would your servants go with you? In many cases, no. Servants are people; and if they have the right kind of a master, they will stay in this situation for the rest of their lives. Her servants love her as well. Our country needs to go back to having servants.

Abigail followed David's messengers; and her servants followed her.

1Sam. 25:42 *And Abigail hurried and arose, and rode on an ass, with five of her maidens who went after her. And she followed the messengers of David and became his wife.*

David has 2 wives already. Are the Mormons right in having more than one wife? Is polygamy right or wrong?

David took Ahinoam; Qal perfect means that he already did this. This was done in the past. He has a wife in the camp, a wife in the court; and now he is taking on a 3<sup>rd</sup> wife.

*Ahinoam* means *good times*; she was a real fun gal. David probably enjoyed her more than any of his other wives. Both women became his wives. This presents a little problem; this is polygamy. Bob assumes that everyone has one wife.

### **Polygamy**

1. Polygamy violates RM/RW; the doctrine of Adam's Rib. This is actually the only answer that we need. Therefore, David is wrong. The more wives a man has under polygamy. There were some fine Mormon pilots; but this was after the United States outlawed polygamy. It takes one man and one woman to properly guide a man.
2. All great believers had one wife. Therefore, they understood the doctrine of RM/RW.
  - a. Noah.
  - b. Abraham lived in a day of polygamy.
  - c. Joseph. Joseph married an Egyptian woman; he lived with her all of his life.

- d. Ephraim and Manasseh became 2 tribes.
  - e. Moses had one wife and divorced her; he took a second crack at it. He married the Ethiopian woman. His sister was jealous and got leprosy from it. Too bad people don't get leprosy today from jealousy.
  - f. Joshua and Samuel.
3. Exceptions:
- a. Jacob was polygamous and he had 2 mistresses as well. They all lived under one roof. The 12 tribes of Israel came from 2 wives and 2 mistresses. Joseph received the double portion. He did not follow in the footsteps of his father.
4. Polygamy not authorized by the Word of God.
- a. Deut. 17:14 the king must be a Jew and he can only have one wife. David knows that he will be the next king of Israel and he is out of line.
5. Polygamy is related to reversionism. Jacob married 2 wives and had 2 mistresses.
6. This was a precedent that was not approved by God. A man or a woman is disciplined for this. The man can never know true happiness in marriage. All of David's trouble in his lifetime came from his polygamy; it came from his women. This is the tragedy of David's life. There were 2 candidates for David's rw; Abigail and Bathsheba. They were both beautiful and brilliant women. Abigail was a supergrace woman and Bathsheba apparently became supergrace. They did not come to David's life as virgins. We have women who are so flaky who would believe that a little experience is a good thing. David did not have a rw, ever. Polygamy eliminates a rw from David just as it did from his son Solomon. When a person is polygamous, he pays the piper. God wiped out Abigail's husband and David wiped out Bathsheba's husband. David murdered Uriah the Hitite. Bathsheba comes in about 23 years after Abigail and she was possibly dead at this point. Every time someone practices polygamy, his RM/RW situation is kaput. He destroys this by his own soul. That is why it is so important to stay with one woman.
7. Therefore, polygamy is a form of self-induced misery. No one can have an intimate sexual relationship with more than one woman. The man is not designed for it and the woman is not designed for it. A man making the rounds to many women destroys his soul for RM/RW. Someone is writing his PhD on RM/RW. We are not to commit adultery. It is not that God is trying to keep back candy from us. Sex athletes; to hell with that noise. Polygamy has its own type of discipline. Some preachers say that God permitted polygamy because of the times. When God says "no polygamy" He does not change His mind.
8. Monogamy is God's orders under the laws of divine establishment.
9. Polygamy is found in the Bible in the line of Lemech because of his reversionism.
10. Gideon was an ass. He was one of the worst people in the Bible. He was non-patriotic; he had to be drafted and he needed to see a couple of miracles first. There never was a bigger ass than Gideon. Gideon did not do anything right. He went from one dummy thing to another dummy thing. Bob thinks that Gideon is an ass and when he wants to talk about grace, he will bring Gideon in.

11. The concentration of jealousy under one roof is fElkanna's 2 wives in the Dunghill Special.
12. Lev. 18:18 has a series of sex prohibitions. Incest prohibited. These things are evil. It is rape. Incest is rape. If you marry a woman and then marry her sister, that is polygamy. It is mentioned in the same context with incest. Polygamy is used here for vengeance.
13. David had 7 wives. 1Chron. 3:1–9 David's wives and children. Ahinoam's son was Amnon, who raped his sister and he was killed by Absalom. The problems of polygamy were carried into the family life. Maacah brought all kinds of children into the world who turned David's world upside down in his latter years. The discipline of polygamy is carried to the 2<sup>nd</sup> generation; it destroys the 2<sup>nd</sup> generation.
14. Polygamy is never the permissive will of God. God never condones polygamy, from Genesis to the end of the Bible.
15. Only man in reversionism or in human viewpoint condones polygamy.
16. Polygamy is not justified in an oriental harem or in a Mormon home in the United States. Historically, the United States government was exactly right to crack down on the polygamy of the Mormons.
17. Angels practiced polygamy and they had bodies in Gen. 6

1Sam. 25:43 David also took Ahinoam of Jezreel. And they became, both of them, his wives.

1Sam. 25:44 And Saul gave his daughter Michal, David's wife, to Phalti the son of Laish, who was of Gallim.

**1Samuel 26:1–8**

**72David**

**631\_0063**

**02/25/1973 Importance of G2, intelligence information and reconnaissance**

These inhabitants of Ziph have betrayed David before. Ziph is built up on a tablemountain. At the end of the valley, more mountains and desert and way over here, the Dead Sea. They are in a city where it is easy to watch over other's business.

They have ignored the principle of freedom, which is a two-way street. They want their freedom, but they want to curtail David's. They watch for David so that they can have an opportunity to betray him.

David lives in the northern part of Jerusalem, in Bethlehem, very close to the tribe of Benjamin, and there is apparently quite a disagreement between David's house and Saul's.

They should have learned from David's deliverance that they cannot pin him down. Gibeah has been excavated as recently as 1933. Judges mentions a castle. It has walls that are 6-8 ft. thick. It looked like a pill box; very utilitarian, but not much to look at. Gibeah is where Saul lived.

Hiding indicates that there is this hostile intent. This is a misrepresentation. Hachilah is a famous ridge where battles have been fought before and since. All of the surrounding country can be seen from there. You can see the enemy approaching from any direction.

1Sam. 26:1 [And the Ziphites came to Saul at Gibeah, saying, Is not David hiding himself in the hill of Hachilah, on the edge of the desert?](#)

Saul made some wonderful statements, but he made them from reversionism. They were sincere words, but they did not mean anything. He meant these things when he said them; he was unable to keep his own words.

Saul, in this interim, has not been taking in doctrine. He has no doctrine in his soul. He takes 3000 men with him, his regular army, a flying column.

The Jews had a universal military training. There were a few exceptions. Priests were not used.

Saul's army can move in quickly to position themselves against David. They are on a search and destroy mission; and this is a military operation which is outside of the laws of divine establishment.

1Sam. 26:2 [And Saul arose and went down to the wilderness of Ziph to seek David in the wilderness of Ziph, having three thousand chosen men of Israel with him.](#)

There were sentries all over. Officer of the day is there and the sergeant of the guard, who would make periodic rounds on these different posts. This was a regular sentry system which was used generally; but there will be some carelessness on the part of Abner.

This force is very poorly led at this time. They are in hostile country. David is in the desert; not in the same spot but in the same area. David observed the Saul came after him; and this is a reconnaissance patrol. David sees that he is outnumbered. 3000 men and there are about 400 men with him.

1Sam. 26:3 [And Saul pitched in the hill of Hachilah, which is on the edge of the desert, by the highway. And David was staying in the wilderness. And he saw that Saul came after him into the wilderness.](#)

Saul has no patrols out himself. David sends out patrols and through the evaluation of intelligence reports that Saul had come.

David knows what he is doing. If you don't know what you're doing, then you shouldn't be doing it. The day of the good lover is gone. A man who does not know how to make love ought not to be doing it. You cannot rebound an unknown sin, but you will commit a known sin and you will get back into fellowship. Eve did not know that she had sinned. Just like a woman to be doing something, doesn't know what she was doing, and she turned

everything upside down. Even though you do something in ignorance, you are accountable for it.

### **David and Saul's Approach to the Military**

1. David is an excellent field commander; he is constantly gathering intelligence and constantly keeping track of his enemy. It is good to keep track of the enemy at all times. David has a smaller force and he has patrols out in all directions.
2. Saul is a weak man influenced by the Ziphites. The Ziphites aroused his suspicions. People influenced by the wrong people and miserable and implacable.
3. Saul, in this status of suspicion, fails to observe the lapse of security in his own bivouac.
4. Saul is constantly being upset by people who come to him with lies.
5. Obviously, the Ziphites are jealous of David and have brought David down on him.
6. This is a life and death point, if we face off the communists. If we don't get another chance at communism, and stack their bodies as high as city hall; but to do this, we must know what is going on. All military victories are based on a good G2 force. Cæsar became great because he knew that he needed to keep track of what was going on at all times. He recognized the value of reconnaissance.

Someone extended his force; Napoleon had little of his army with him, but they were strung out. He had to determine if he would retreat or what. He had his neck out. He figured out that he would have to fight a strategic battle with these forces. Sugarloaf sort of a hill; and he looked and saw a long, high hill with villages around it. There was a valley and a stream and a famous town called Austerlitz, and the Pretzen Heights. He saw exactly how he could trap the enemy and defeat them. He noticed little areas along the way. He gave them some bait. He built fortifications and as the armies approach, he hid much of his army behind the hill. Then he put a small army which apparently attracted them. The Russians reported a small right wing. Russians planned to flank him, which is exactly what Napoleon wanted. He knew this ground perfectly. The Russians had a good map, but did not know the land precisely. Napoleon when one army hits this wing, they would be exposed, and there would be an army where they would open up the center and launch an attack and break them. A very small army defeated a very large army. The secret was, he knew the ground perfectly.

Men have been destroyed because they did not know what was coming. Similarly, many of you will be destroyed because you do not know the Word of God.

1Sam. 26:4 [And David sent out spies and knew that Saul had come indeed.](#)

3000 men in bivouac and David goes into the camp with only 2 men. David knew what he was doing so he could get away with this. He noticed that there were no sentries of any kind.

**Abner**

1. Abner was a Benjamite, the brother is Saul's father Kish.
2. Commander of Saul's army.
3. Since saul became king, Abner became his chief of staff and he brought David in after he defeated Goliath.
4. Abner successfully carried on a civil war with Ishbosheth as king. Abner was capable.
5. However, when Abner did this, he was the real ruler behind the throne. He enjoyed this sort of power. He had ability but could not assume the responsibility in a tight spot.
6. In pursuit of Abner, the brother of Joab, Abishai, was slain.
7. Abner liked the power, but could not handle the responsibility. He was willing to be 2<sup>nd</sup> to Saul because Saul took on the responsibility. He wanted the power and praise and recognition, but he refused to take the responsibility. He was finally killed by Joab.

3000men and not a single sentry.

1Sam. 26:5 [And David arose and came to the place where Saul had pitched. And David saw the place where Saul lay. And Abner the son of Ner, the captain of his army \[i.e., the chief of staff\], and Saul were lying within the barricade. And the people pitched all around him .](#)

David has 2 men with him. Never volunteer for anything is a typical human viewpoint idea. That is a stupid-ass, human viewpoint attitude.

David's sister Zeruiah must have been quite a gal because she has 3 boys who are all generals in David's armies. She is always mentioned with regards to these 3 boys. She inculcated in them discipline. She is the kind of mother that we need more of. "Come back after acquitting yourself well; if you don't, then don't come back." These are magnificent soldiers.

"Most of you mothers are mealy mouthed stupid idiots. Most of you instead of voting should be training your boys how to be great men. You don't to vote on bond issues; you don't know what's going on anyway."

These boys were trained properly by their mother. Zeruiah is a fantastic woman. She understood the military and she understood what a flank was and what...some of you simpering females don't understand that you are protected because there are men who do understand these things. "You women who can't take it; do us a favor, and just don't come back."

David asks for volunteers. Ahimelech the Hittite keeps his mouth shut. It takes 2 to go down. You never hear from Ahimelech again. He is through; he is a coward.

### **Abishai**

1. Abishai and Ahimelech had the same opportunity in David's army.

2. Abishai has a great record; he will be one of the great records. He was a great deal like Patton; Joab was more like MacArthur.
3. He stayed loyal to David in the Absalom revolution.
4. David ordered Amasah to mobilize; but he was lethargic about it. 2Sam. 20:6–10
5. David had been very sick and had been in a fight with one of Goliath's relatives and Abishai joined in and killed the giant.
6. He is one of the 3 mighty men to give David water from the well at Bethlehem.
7. He was the most honorable of all the generals.
8. He was responsible for the famous victory over the Edomites in the Valley of Salt.

This is a fantastic military record. We need this kind of general officer in our army today. Abishai was a soldier's soldier.

Abishai volunteered and Ahimelech did not; and we hear a lot about Abishai in the future; and we hear nothing about Ahimelech the Hittite ever again. Abishai volunteers to go with David and he will become a great general and he will defeat great peoples.

If God wants you to stay alive, hazardous duty is not going to harm you.

1Sam. 26:6 [And David answered and said to Ahimelech the Hittite, and to Abishai the son of Zeruiah, the brother of Joab, saying, Who will go down with me to the camp to Saul? And Abishai said, I will go down with you.](#)

David and Abishai infiltrated the bivouac of the troops where Saul was sleeping. The spearhead was reversed and thrown into the ground. This allowed others to find Saul easily.

They had too much confidence and no common sense. There were no sentries posted, no guard, no one was awake.

1Sam. 26:7 [So David and Abishai came to the people by night. And behold, Saul lay sleeping in the tent, and his spear stuck in the ground at his head. But Abner and the people lay around him.](#)

Abishai and David are both standing over Saul; Abishai could pull the spear out of the ground and he could put Saul to death. "God has delivered your enemy into your hand."

It takes a great leader to keep a good leader in line. Sherman decided to go against women and children and march into Savannah. He was tired of fighting Sherman's army. Grant gave the okay for this movement; and women and children starved to death because of this. David is the great man; Abishai is the good man. He is aggressive. The idea of killing the enemy is good. But David is senior over him. Abishai is a correct viewpoint for battle.

Assassination or violence is never the answer. The people never quite reach the solution to their problems when they go to assassination. David will have a great reign because he is able to properly apply doctrine in the correct situation.

Abishai would do it right the first time. "I won't have to do this a 2<sup>nd</sup> time." One thrust and Saul is a dead man.

1Sam. 26:8 [And Abishai said to David, God has shut up your enemy into your hand this day. And please let me strike him with the spear even to the earth at once, and I will not repeat it to him.](#)

David now has to make a decision. We will study these principles tonite.

**1Samuel 26:9-18**

**72David**

**631\_0064**

**02/25/1973 Doctrine of the sin unto death**

There is just as many principles in narrative as elsewhere. David has phenomenal moral courage. Abishai is a great officer and he states his professional duty, to kill Saul with one strike of the spear. Most of the time. Abishai would be correct; but it is David who has made the correct call here. He only has to make the call once and Abishai obeys him.

What makes David a great leader is he knew when to apply the correct doctrine. David recognizes a higher principle of authority here, even though Saul is antagonistic toward David. David will keep the matter in the Lord's hands. The Lord is the best judge of the situation; not him.

David could not allow anyone to kill Saul and walk away from this guiltless.

#### **Principles of the Laws of Divine Establishment and God**

1. The omnipotence of God the Father backs up the laws of divine establishment.
2. In this way, God preserves and perpetuates the human race.
3. The laws of divine establishment have as their source God's omniscience enforced by His omnipotence observed by his omnipresence.
4. Violators of these laws are subject to the discipline of God. At the beginning of Saul's reign, he was a supergrace believer. God knew billions of years ago the status quo of Saul at any point in time. He was aware of this at any point in time.
5. Immutability guarantees divine consistency throughout human history.
6. Divine veracity guarantees the communication of these laws to mankind.
7. These laws are attacked by rejection of doctrine, by reversionism, by assassination. This is never the solution to national or personal problems. Raunchy and good people have been assassinated in this country. The assassination of presidents is despicable. This is never God's solution. Since the assassination of Kennedy, we have only prolonged our national problems. A person who is a true professional soldier but is misguided with his proper duty here.

8. Believers are punished for the violation of the laws of divine establishment, just as they are punished for sin and carnality.

No one who assassinates will go unpunished.

1Sam. 26:9 And David said to Abishai, Do not destroy him. For who can stretch forth his hand against Jehovah's anointed and be guiltless [go unpunished]?

David will now lay it out for Abishai. This is a complex prohibition to a growing believer. As a future great leader, Abishai will need this explained to him. It is necessary that he understand the laws of divine establishment. First possibility is that the Lord strikes him, which refers to the administration of the sin unto death. The divine administration of the sin unto death, as it was administered to Nabal. This is a sudden death or a painful death apart from dying grace.

### Sin unto Death

1. While this can be administered to believers or unbelievers, the believer gets the sin unto death for negative toward doctrine and the unbeliever for being negative toward the laws of divine establishment. This is the maximum discipline given to a believer. This discipline is the exception to dying grace where the believer is concerned. Maximum pain and pressure ending in a difficult death. Psalm 118:17–18
2. For the believer, this does not mean a loss of salvation.
- 3.
4. There are 4 general reasons why believers die. Work is finished; 2Tim. 4:7, special glorification of God; special discipline; suicide. Dying grace in the first 2 categories.
5. Case histories.
  - 1) Ananas and Saphira.
  - 2) Phallic reversionism. Incestuous reversionism.
  - 3) mental attitude reversionism in the cas of king Saul.
  - 4) King Hezekiah.
  - 5) Verbal reversionism in 1Tim.
6. Reversionism recovery can cancel out the sins and the discipline.
7. Warning discipline, intensive discipline and sin unto death.
8. The erection of the edification complex of the soul.
9. The sin unto death takes you out of God's plan before it is all over.

### Doctrine of the Sin unto Death

1. Introduction & Definition-1st John 5:16▲17

- 1) A Sin Not Unto Death. ἡμᾶς τὴν ἁμαρτίαν ἢ τὴν θάνατον οὐκ ἀποκτείνουσι (1st Jn. 5:16a,17).
- 2) A Sin Unto Death. ἡμᾶς τὴν ἁμαρτίαν ἀποκτείνουσι (1st Jn. 5:16b).
- 3) The context is a confident prayer ministry based upon our life in Christ (1st Jn. 5:13-15).
  - (1) Intercessory prayer is prescribed for brothers sinning non-leading-to-death sin.
  - (2) We should never request that any brother is subject to the Sin Unto Death. Such a request is an ἁμαρτίαν request (1st Jn. 5:16b) rather than an ἁμαρτίαν request (1st Jn. 5:14,15x2,16a).
- 4) All unrighteousness is sin, but there is sin that is non-leading-to-death sin (1st Jn. 5:17 cf. Rom. 6:23).
  - (1) The wages of sin is death.
  - (2) The gift of God is eternal life in Christ Jesus our Lord.
  - (3) What is a sin that doesn't lead to death? A sin that is forgiven!
- 5) The antithesis of death as a purpose-consequence is the glory of God purpose-consequence (Jn. 11:4).
  - (1) Unrepentant, unconfessed sin results in operational death and premature physical death.
  - (2) Confessed sin restores operational life and extends physical life with the purpose-consequence of God's glory being achieved.

## 2. Illustrations

- 1) Illustrations of the Sin Unto Death.
  - (1) Nadab and Abihu (Lev. 10:1-2; 1st Chr. 24:1-2). Their lines were ended, and Eleazar was not commanded to provide for their lines to be preserved.
  - (2) Eli and his sons (1st Sam. 2:12-17,22-36; 3:1-21; 4:4-18).
  - (3) Saul and his sons (1st Sam. 15:10-35; 31:1-7; 1st Chr. 10:13-14).
  - (4) Ananias and Saphira (Acts 5:1-11).
  - (5) Hymenaeus and Alexander (1st Tim. 1:20).
- 2) Illustrations of the Sin Unto Death judgment being stayed.
  - (1) David's close call (2nd Sam. 12:13).
  - (2) Hezekiah's close call (2nd Kgs. 20:1-11; Isa. 38:1-22).
  - (3) The Corinthian man of incest (1st Cor. 5:5; 2nd Cor. 2:6-11).
- 3) Illustrations of the Sin Unto Death judgment being stayed, then reinstated.
  - (1) Moses' deferment (Ex. 4:24) and later judgment (Deut. 32:48-52).
  - (2) Balaam's deferment (Num. 22:31) and later judgment (Num. 31:8).

## 3. Summary & Conclusion

- 1) The OT and the NT provide multiple illustrations for the Sin Unto Death.
- 2) Illustrations are provided as warnings (1st Cor. 10:1-11).
- 3) The bottom-line cause of Sin Unto Death is idolatry (1st Jn. 5:21).

- (1) Ananias and Saphira pursued the idolatry of approbation-lust (Acts 5:1-11).
- (2) Defiling the Lord's Supper is the idolatrous practice of eating the table of demons (1st Cor. 10:20-22; 11:30).
- (3) Apostasy is the idolatrous practice of living the teachings of demons (Rev. 2:20-24 cf. 1st Tim. 4:1).

His day will come simply indicates that Saul comes to the end of his life and dies. This is when a person dies, apart from discipline from God. This could be called an honorable death. David is avoiding judging here. Bob likes to think that Saul is snoring a little, just to make things intense.

This lesson is taking place in the midst of 3000 soldiers, and there are 2 in particular below them; what a perfect place for a Bible class.

So, David says, "We will let God decide when he is to die." When a believer dies an honorable death, it is the best time of his life. God administers dying grace. No more pain, no more death after he dies.

Honorable death or dishonorable death. Then David throws in a special category, where Saul dies in battle, which, if he is in fellowship, can be glorifying to God. When Saul dies, it will be on a field of battle. This would be a special condition that would glorify God. David only states the way in which a believer can die. He does not include *assassination* as one way Saul will die. There is no judgment by David laid upon Saul.

1Sam. 26:10 **And David said, As Jehovah lives, except Jehovah strike him, or his day shall come, and he dies, or he goes down to battle and is consumed,**

David is saying that he wants to get as far away from the act as possible. It would be like saying, "Hell, no, I am not going to allow you to kill Saul." There is no subjectivity here; there is no sensitivity training. All of the services are being brainwashed with the weirdest, most subjective stuff than you can imagine. Nothing can destroy a military man in his soul than the training they are getting in sensitivity training and race relations. A soldier is a soldier, no matter what the color of his skin. Blacks now can get away with murder. Bob is glad that Abishai and David never saw any of these films.

David tells Abishai to grab the water and David would carry the spear. There will be a time for killing, and Abishai will be great at it.

1Sam. 26:11 **far be it from me by Jehovah, from putting forth my hand against Jehovah's anointed. And now, please take the spear at his head and the cruse of water, and we will go.**

David tells Abishai to take these things; and instead, he takes them. Perhaps he just said, "Give them to me" or held out his hand for them.

There are no sentries; no one is awake. Even without a guard system, you would think that someone would wake up. God put a deep sleep on them.

David did not try to touch Saul in any way.

1Sam. 26:12 *And David took the spear and the cruse of water from Saul's head. And they went away, and no one saw, and no one knew; and no one was awake; for all of them were sleeping, because a deep sleep from Jehovah had fallen on them.*

It sounds as if David went to another mountain, went to the top of it. But David passes through the pass; the pass rises; there is a hill and this pass is between David and the bivouac. It is a chore for them to go down this path and then back up another hill. David is close enough to talk, but not close enough to be reached. This cannot be done in 2 minutes. David speaking can be heard; but there is no way he can be reached by any of Saul's soldiers.

1Sam. 26:13 *And David went over to the other side and stood on the top of a hill afar off, a great space between them.*

There will be a very unusual reverie. He will have to call out loudly. David is smart. He is very close, enough to be heard; but he is safely a distance away. Being noble has not made David stupid. He still has common sense. David has doctrine and common sense.

David especially wants to chew out Abner. When Abner wakes up and hears his name called, he will get on his high horse and he will hide behind his rank now. He says, "Who are you? It isn't even dawn and we have our own trumpeter." He chews out what is disturbing him.

1Sam. 26:14 *And David cried to the people and to Abner the son of Ner, saying, Do you not answer, Abner? And Abner answered and said, Who are you that cries to the king?*

So David calls back, "Who are you?" Abner is not going to take this off of anyone. David gives him a court marshal here. It may have taken them a couple hours to get into the camp. This took some time. Qal active participle.

1Sam. 26:15 *And David said to Abner, Are you not a man? And who is like you in Israel? But why have you not watched over your lord the king? For one of the people came in to destroy your lord the king.*

3000 regular army coming from 3 different posts in Israel. It offends David to see Abner doing such a lousy job. He has no sentry set up; no G2 force watching out and looking about.

Telling Abner he is a "son of death" is telling him that he deserves a sentence of death. David now gives Abner evidence for his incompetence.

1Sam. 26:16 This thing that you have done is not good. As Jehovah lives, because you have not watched over your master, Jehovah's anointed, you also are worthy to die [a son of death]. And now see where the king's spear is, and the cruse of water that was at his head.

Saul knew David's voice. David use to play music for him; and they talked regularly. Saul falls back on David as his son-in-law. However, Saul already gave Michel away to another man. David recognizes the laws of divine establishment and does not depart from them under these circumstances. He will razz Abner, but he will not show disrespect to the king.

1Sam. 26:17 And Saul knew David's voice and said, Is this your voice, my son David? And David said, It is my voice, my lord, O king.

David responds. David gives a graet message to King Saul. He was objective and great. He could think under any kind of pressure. He will give the sermon across the mountain to Saul.

1Sam. 26:18 And he said, Why does my lord pursue after his servant this way? For what have I done? Or what evil is in my hand?

## **1Samuel 26:18-25 72David David and Saul's Last Meeting 02/26/73 631\_0065** **Gen. Patton's speech of 13 July 1945; categories of troublemakers**

A believer in supergrace carrying on a conversation with a believer in reversionism, there is really not a lot that can be said. When David says, "What have I done?" he will make a lot of divine viewpoint statements. He has an edification complex. He has also entered into supergrace.

Saul has scar tissue on the left bank of the soul from the frantic search for happiness. All that is alive and functioning in Saul's soul is emotion.

*Pursuit* is in the imperfect tense; *done* is in the perfect tense.

1Sam. 26:18 And he said, "Why does my lord pursue after [or, persecute] his servant this way? For what have I done? Or what evil is in my hand?"

v. 19 is logical with good common sense; but this is a supergrace believer speaking to a reversionist. Saul is unable to take this in, possibly because he is simply thinking of a rebuttle.

David asks, *why are you pursuing me? Did God cause you to do this or did men?* Some people try to justify their actions by saying, God is telling them to do it.

The food offering emphasizes the importance of the person of Jesus Christ.

*Sons of Adam* simply refers to people. If that is the case, the fault is with Saul and not with David. They can be motivated by various lusts or mental attitude sins. Trouble-makers

always get a certain amount of discipline. There can be trouble-makers in Saul's cabinet; he might be jealous and have certain men under him who are jealousy. They can stir each other up. Saul hates David and there are certain of his court who hate David. Some people like others, because they dislike the same people. They develop a mutual admiration society based upon this. Good or bad, the pastor of a local church is the authority of that church. 2 or more people may find that they both hate the pastor, and they develop a friendship based upon this. God deals with such troublemakers, under principles of divine justice and via the laws of divine establishment.

David indicates that he will leave the land based upon what Saul has done and that he has allowed these troublemakers to drive David out. These allies of Saul are saying to David, in effect, "Get out and go serve other gods."

#### **What David Is Saying**

1. This is ostracism. There are 2 qal imperatives here.
2. This does not mean that David will become idolatrous, but that he will be separated from the land of God. It makes it seem like David is a gentile in another country worshipping false gods.
3. Saul's continued persecution of David will cause him to move to Philistia.
4. This possibility is a reality based on troublemakers.
5. Reversionism makes a person weak and troublemakers influence such a one. This is like when Harry Hopkins who had too much influence over FDR.
6. David recognizes that this brings divine discipline to those who are guilty.
7. This leads David to seek security in another nation.

1Sam. 26:19 **And now, please let my lord the king hear the words of his servant. If Jehovah has stirred [persuaded] you up against me, let Him accept an offering [a food offering]. But if it is the sons of men, they are cursed before Jehovah. For they have driven me out today from joining myself with the inheritance of Jehovah, saying, Go, serve other gods.**

David asks that he not be killed before God. Saul has come to seek a nobody. David is asking not to be driven out of his country and die in a foreign land away from God.

Saul has mobilized his army to come out and seek a flea. Saul has taken them from lands which require protection from the Philistines and he leads this great force to kill a single flea. David sees himself as a completely insignificant creature.

#### **David as a Flea**

1. David is not referring to himself as insignificant in the plan of God; he is insignificant as an enemy of Saul. He is not even an enemy of Saul.
2. A flea hops from one place to another and is hard to kill. Saul is running around after a flea, which is very hard to find. Saul is spending all of his time going after one flea. David twice uses flea with Saul, here and in another passage.
3. A flea is also an irritant. Saul has added to his many problems an added irritant.

4. **We can all understand that one flea is a real problem and many fleas not so bad.**

The partridge is a game bird and it makes a “curay” call and it is an excellent game bird. No shot guns or hunting dogs. The birds were pursued until the birds were tired. You needed people who could wear out the birds. Then the runners stop running and they point. Then the stalkers come in and get very close. They have a throw stick, a weapon, which they throw at the bird, which stuns the bird. There is the advantage that no one eats buckshot in the pan. They will come in for the kill, and there is too much time and manpower wasted on coming after David.

There is also some sarcasm in all of this.

1Sam. 26:20 **And now, let not my blood fall to the earth before the face of Jehovah. For the king of Israel has come out to seek a flea, as when one hunts a partridge in the mountains.**

Saul responds. We get the gist of what he says. “I have sinned.” Saul’s emotions are the result of emotional revolt. What he says sounds good; but it does not mean very much. David is a little leery of this.

Then Saul invites David to return. Come to the palace, and I will no longer cause you any evil.

#### **Saul, His Sincerity and Emotional Revolt**

1. Saul is sincere in what he says. He is emotional sincerity and emotion are meaningless.
2. Sincerity and emotion are meaningless, particularly is there is nothing which sustains them. The revolt in Saul’s soul is against his right lobe.
3. No doctrine in the right lobe means reversionism.
4. This means emotional revolt of the soul.
5. Emotional revolt of the soul is an expression of sincerity and motivation which will not last until the sun goes down.
6. People who live by their emotions are totally unstable and have no capacity for life or love. Some of you girls would like Saul. He was a big tall handsome man with a lot of power. Many of you would have fallen for Saul. Some of you men might have gotten into a business deal with Saul. You cannot rely upon those in emotional revolt. They are impulsive.
7. Emotionalism is a sign of no capacity for life; Rom. 16:17–18 separate from them and the greatest Bible teaching in the world will not reach emotional people.

Just because a person says something you want to hear, doesn’t mean that it means anything.

Saul further says, “I have played the fool.” He says that he has erred, which means *to fail through ignorance*. The adverb means that he compounded his sin to the maximum.

### Summary

1. An impressive confession which loses its means through the instability of reversionism. Many of you want to hear this from someone who allegedly has wronged you. Both armies can hear this.
2. Sincerity is a sign of emotional revolt.
3. Therefore, while beautifully expressed, this sincerity cannot be trusted.
4. Reversionism is characterized by impulsive behavior which causes the impulsive believer to sink back into his old ways.
5. Before Saul's words can have meaning, reversionism must be broken.
6. Doctrine in the soul's right lobe rather than sincerity must motivate stability. Reality and stability must reside in doctrine in the soul.
7. Sincerity is not a virtue. Saul is a dishonest person. Such people are dishonest with themselves. What Saul says is beautiful but it is a strap on. If David went to the palace, he would be killed.
8. This does not change anything about Saul. Only doctrine in the soul leads to reversionism recovery. You can see why David will not believe him and not trust him, but will flee from the land.

1Sam. 26:21 [And Saul said, "I have sinned. Return, my son David, for I will never do you harm any more, because my life was precious in your eyes this day. Behold, I have acted foolishly, and have greatly erred."](#)

There is a path down to the bottom, down a hill, and this might take 2 or 3 hours to get from one mountain to the next. *Âbvar* means to pass through the valley.

1Sam. 26:22 [And David answered and said, Behold the king's spear! And let one of the young men come over and get it.](#)

David is speaking and he uses the word *shub*, which he puts in the Hiphil, not in the Qal, as Saul used it.

David is essentially saying, let the Lord judge between us. David does not rationalize here. He has so much doctrine in his soul. Even when it looked like it was God's will to kill, it was not. David understands the laws of divine establishment. He would not stretch out his hands against the Lord's anointed. The supergrace believer is obedient to the laws of divine establishment. This is why a believer respects the authority of his pastor, a boss, or a ruler, or a leader. This is not degrading; this is nobility. David had to learn authority before he could exercise authority.

1Sam. 26:23 [May Jehovah give \[repay\] to each his righteousness and his faithfulness. For Jehovah delivered you into my hand today, but I would not stretch forth my hand against Jehovah's anointed.](#)

David asks for Saul to respect him and his life just as David respect his. It is wrong to assassinate.

1Sam. 26:24 **And behold, as your life was precious in my eyes this day, so let my life be precious in the eyes of Jehovah, and let Him deliver me out of all tribulation.**

Saul will take the last word. He does not have the ability to bless David. Only God can bless and God decides whom to bless. We cannot decide whom God ought to bless. No one has this right. God only has this right and He does so on the basis of His sovereignty. Bob sneezes. "And don't say, God bless you." Only God has the right to call the shots.

1Sam. 26:25 **And Saul said to David, Blessed are you, my son David. You shall both do great things and also shall still prevail. So David went on his way, and Saul returned to his place.**

### **Saul and David's Last Meeting**

1. Saul and David will never see each other again in life.
2. Next time they meet will be in heaven.
3. The tragedy is that David's supergrace made no impression on Saul. It impressed Saul's emotions, but not on his volition.
4. Saul was challenged by David's gracious invite to return to supergrace.
5. Saul only returned to his palace.
6. Saul did not profit by association with a supergrace believer.
7. Only Bible doctrine in Saul's soul could rectify this situation. Saul was not so stimulated. Therefore, he will continue to ignore the laws of divine establishment and to do more foolish things until he dies at Mount Gilboa.

There are things which have been ignored in our day.

General Patton 13July 1945:

You men have just won a great war. You won it because you were better trained, better equipped, better clothed and better fed than any soldier in the history of the world. I wonder if you realize how great you really are. I spoke to every unit that I could reach. I taught you in Bible of the best way to defeat the enemy in every circumstance. We killed or wounded 10 Germans for every American killed or wounded. I would instruct you how to save your lives and the lives of your children. I realize that I will be criticized. My conscience will be clearer that I have done my duty. That was ingrained in his own conscience.

it is certain that the two world wars would not have occurred if we had been prepared. Adequate preparation would have kept us out of many wars or made them shorter. After each of our wars, there is this hew and cry that there will be no more wars. We think we can remove the fire department and, therefore, remove the fire. Wars are not produced by logical processes. Wars come from madmen. I do not say that there will be no more wars. The chances of avoiding future wars will be enhanced by having a strong military. A prepared America is a strong boy. A small boy gets into many fights. Preparedness must be mental, spiritual and physical. Our efforts can only be partially successful.

You know how difficult it was to adjust to war if you believed that there would be no more war. Twice in my lifetime that America has come from behind to win great wars. I know that progress in aircraft and self-propelled aircraft could result in an early knockout.

When I went to school, we were taught how to walk out of the building in an orderly manner. This did not cause fires. If we think that preparedness produces wars, then we ought not to have children learn the proper way to exit the school in case of a fire.

I am sure that you have found out that discipline, self-reliance and faith are necessary in the army. These are just as important in the civil life. Firemen are designed to protect from fires. You men are firemen and it is up to you to see that more fires do not occur.

I speak to you as an old man to young men. It is my profound hope that you, in times of peace, prepare for war, as Geo Washington said.

**1Samuel 26                      Psalm 7:1-5; 2Peter 2:15-19 72David                      631\_0066**  
**02/27/1973 Psalm of Saul's reversionism; Sherman's march to Atlanta**

This is the psalm of Saul the reversionist. Apparently, people want us to have a 2<sup>nd</sup> class military; this is why the david series is pertinent.

The Gurkhas are a famous group of Indians which the British have used for years. They have a special knife only they can use and they do not know the meaning of fear. There was an offer to jump out of a plane at 500 ft. and all but 6 came forward. Then they mentioned the parachutes and the other 6 stepped forward smiling broadly.

Sherman's march was almost unopposed and it occurred during a time of great Confederate crisis. There was no army which opposed Sherman; only women and children. This represented federal power to smash things.

A graphic description of what Sherman did.

All of v. 1 is the title. Shiggaiown. This is based on the verb shaga, which means *to wander around, to go astray*; this could be called *the going astray of King Saul*. There are two concepts here; going astray and madness. Bob calls this a Dithyramb of madness. This is a perfect description of Saul.

The subject is Cush the Benjamite. This can mean *black, terror* and it can refer to the black heart of Saul. He is a reversionist who will not repent anymore than the Cush. This could be a play on words, as Cush is very similar to Kish.

**Reversionism**

1. This refers to the false doctrines in the reversionist's soul. The vacuum which sucks in false doctrine. No believer can be demon-possessed, but they can become demon-influenced.

2. Saul's reversionism has reached a point of psychosis. That is why we had *madness* in the title.
3. Reversionism and the practice of reverse process reversionism often means the emergence of a psychopathic personality.
4. This in turn leads to a definite psychosis or neurosis.
5. Such reversionist lose their common sense and sense of humor and discernment. These are shed rapid.
6. This principle has a counterpart in Baalim.
7. The categories of reversionist:
  - 1) Phallic reversionism. Eph. 4:19 5:5 Rev. 2:20
  - 2) Phallic reversionism.
  - 3) Monetary reversionism.
  - 4) Drug addiction reversionism. From the word pharmacheia.
  - 5) Anti-establishment reversionism. Hippy reversionism.
  - 6) Mental attitude reversionism. James 4
  - 7) Verbal reversionism. James 5:9, 12
  - 8) Mental illness reversionism. Baalim and King Saul. They are both believers. Most commentators cannot explain away their psychotic behavior. 2Peter 2:15 *By practice leaving behind (abandoning) [the] straight path (road; Way) they were (are) led astray (caused to wander), following out the path (road; way) of Balaam of Bosor [other MSS: Beor] who loved [the] wage of injustice (inequity; wrong-doing; unrighteousness; unobservance of the Way pointed out). But he had an exposure and rebuke leading to conviction regarding his own transgression of law: a voiceless yoke-animal, emitting a sound in a voice of a man, hindered (checked) the insanity (madness; being beside one's thinking) of the prophet. These are (exist being) waterless springs (springs without water), and clouds (mists; fogs) being constantly driven by (under) a storm (a squall), for whom the gloom of the darkness has been kept (being watched over and guarded). For, continuously uttering over-swollen (over-weighted; extravagant; pompous) things pertaining to emptiness (vanity; futility), they are constantly using bait to trap, in cravings (full passions) of flesh by outrageous (licentious) behavior, those scarcely [other MSS: actually] fleeing from the ones habitually twisting themselves up in deception (in wandering); while constantly promising freedom (liberty) to them, they themselves continuously subsist (originate below) being slaves of the corruption (the ruin; the decay) -- for by whom (or, by what) anyone has been, and now exists being, made inferior (less), to this one (by this thing) he has [some MSS +: also] been enslaved, and now exists as a slave. For if, fleeing from the stains (pollution; defilements) of the ordered system (world), within a full experiential knowledge of our Lord and Savior, Jesus Christ, but yet being interwoven (intertwined) back again in (by) these things, they are continuing to be inferior (less; or, they are repeatedly worsted), the last things (situations; conditions) have come to be (been birthed) for them (to them; in them) worse than the first ones.*

## Doctrine of Reversionism

### Introduction:

1. This doctrine must be viewed in harmony with other doctrines such as the SAJG, MAJG, Rebound, Eternal Security, Volition, etc.
2. Failure to correctly understand these doctrines have led to many distortions concerning the concept of reversionism, to include those who say you can lose your salvation.
3. The corresponding doctrine that relates directly to and parallel to reversionism is volition (free will that resides in the soul), which categorizes volition as being either:
  - 1) Negative (-V): that soul which chooses to reject/deny the truth of God's plan, as it relates to the three adjustments required for men to have a relationship with God:
    - (1) The Salvation Adjustment to the Justice of God (SAJG), which requires faith/belief in the Person of Jesus Christ for salvation from eternal condemnation. Joh.1:12; 3:16,36; Rom.10:13
    - (2) The Rebound Adjustment to the Justice of God (RAJG), which is the mechanics for the believer in time to deal with the continued issue of experiential sin in the life. 1Joh.1:9 cp. 1Cor.11:31
    - (3) The Maturity adjustment to the Justice of God (MAJG), which is to be the believers most pressing responsibility and ultimate goal in life and an adjustment necessary to maximize their relationship with God and eternal niche. Eph.4:14-15; 1Pet.2:1-2; 2Pet.3:18

Positive (+V): that soul which chooses to believe the truth of BD and apply it as it relates to the three adjustments to God

4. This doctrine deals with the principle of -V and their corresponding actions of regression/degeneration (sometimes referred to as "backsliding") as it relates to the Plan of God (POG).

B. Reversionism portrays a manifestation of -V sufficient to nullify continued spiritual advancements necessary for the individual to pursue making the adjustments to the Justice of God.

C. While volition is generally categorized as to its ultimate outcome i.e.:

1. All unbelievers by definition are -V;
2. All believers are positive (+V) at least once in their lifetime;
3. All believers who make the MAJG and hold to the end are +V believers;
4. All believers who do not make the MAJG and hold to the end are -V believers;

This doctrine dissects volition as to its degrees and fluctuations of expression of being +V or -V, as it relates to the exposure and reactions to the truth of BD during the individual's lifetime.

A. In other words, reversionism is a current spiritual state at any time during the individual's life that if perpetuated to the end of life, places that volition into one of the general -V categories of ultimate outcome.

B. Therefore it serves as the basis/foundation to view volition in the above general ultimate outcome categories.

C. But this does not mean that one who is in reversionism will ipso facto always result in an end state of -V.

D. That is because the nature of volition (free will) demands that one can change their mind (repent) at any time during their life and those who are -V can turn +V and vice versa.

E. Therefore one can be +V, enter into a state of reversionism more than once and in different categories of reversionism (manifesting -V to some degree), pull out and ultimately still be +V.

F. By definition, reversionism is simply a return, as to a former state.

G. For one to be a reversionist then, it obviously requires that they have been exposed to the truth of BD to some degree and have advanced their thinking in that regard.

H. It serves in part, to answer why there are believers who do not continue their phase two (Ph2) advance (RB and MAJG) in BD.

I. It also refutes the classical Calvinism's false doctrine of perseverance of the saints (all people who become believers will excel and pan out spiritually).

J. It must be understood that reversionism is sin (carnality) activity that is perpetuated and is differentiated from incidental/basic sinning as described in Jam.1:13-15; 3:2; cp. Ecc.7:20

K. Therefore, reversionism is distinct from carnality in that it pictures a specific state of perpetuated carnality.

L. It also must be understood that sin activity is not limited to the typical physical view of immorality (lying, lusting, adultery, murder, etc.), but also includes apostasy (rejection or distortion) of BD. Deu.6:14 (other systems of worship) cp. 12:30; 1Kgs.11:6; Psa.89:30-32; Joh.16:9 (sin of unbelief); 2Cor.4:2; 2Thess.2:3 (ref. to the anti-christ and his reign of spiritual rebellion)

I. The concept of reversionism in the Bible.

A. There is no specific or technical term for reversionism in either the Old or New Testament.

B. However, various terms and phrases are used to clearly express its concept.

C. Such terms and phrases include:

1. Turned aside. Job.23:11; 34:27; Mal.2:8; 3:7; 1Tim.1:6; 5:15

2. Turned away. 1Kgs.11:9; 2Chr.25:27; Isa.1:4; Jer.8:5

3. Turned back. 1Sam.15:11; Psa.44:18; 78:57; Jer.11:10; Zep.1:6; Act.7:39

4. Abandoned. 2Chr.24:18; Isa.1:4

5. Departed. Job.23:12; Psa.18:21; Jer.5:23

6. Forsake the Lord. Jos.24:16,20; Isa.1:28; Jer.2:19

7. Fall away. Psa.101:3; Mar.4:17; 1Tim.4:1; Rev.2:5

8. Wandered away. 1Tim.6:10

9. Fallen from grace. Gal.5:4

10. Comes short of grace. Heb.12:15

11. Lukewarm. Rev.3:16

12. Enemies of the cross. Phi.3:18
13. Uncircumcised heart. Jer.9:25,26
14. Tormented/tortured soul. 2Pet.2:7-8
15. Unstable souls. 2Pet.2:14
16. Leaving your first love. Rev.2:4

I. Reversionism and the unbeliever.

A. Reversionism is directly linked in some degree to -V.

B. In other words, all that are negative are in some form of reversionism and all who are in reversionism are negative to some aspect of BD.

C. All of mankind is exposed to the truth that God exists at the point and time of their God consciousness. Rom.1:18-21 (See Doctrine of God Consciousness)

D. It is at that point and time in the individual's life that they manifest their volition as negative or positive and become accountable before God.

E. Those who are negative at God consciousness choose not to have a relationship with God and will not even make the SAJG in time.

F. However, it is not because they don't understand that God exists, but reject the light for darkness i.e., they are negative. Rom.1:21 cp. Joh.3:19

G. Those who are negative at God consciousness therefore reject or distort the manifestation/revelation of God, stop any further spiritual advancement towards the three adjustments and revert to the cosmic system of belief. Rom.1:25

H. Because they are negative at God consciousness, they perpetuate the sin of unbelief throughout the entirety of their life.

I. In turn, they manifest reversionism to its ultimate degree of -V as seen in the unbridled STA activity they produce. Rom.1:24,26-32

J. Unbelievers by definition therefore, enter into reversionism at God consciousness, never to recover and inhibiting any advance to the adjustments of God.

K. Those unbelievers who are evangelized and hear BD in time become even more culpable after their rejection of the truth and enter into a higher degree of reversionism than even before. 2Pet.2:18:22

1. This chapter deals with the principle of false prophets and teachers. vs.1

2. Of the false communicators in the cosmos, there are those who are believers introducing destructive heresies and even unbelievers whom deny Christ.

3. In addition, the author is dealing with false communicators who are using some guise of Christianity/BD as their basis of heresy compared to Hinduism or other pagan religions as seen by the mention of Balaam. vs.15-16 cp. Num.22

4. The entirety of this chapter encompasses principles that exude an admixture of application to both types of false communicators that includes both temporal judgment (vss.5,6) and for the unbelievers, eternal judgment (vs.17 cp. Jud.1:13 where "black darkness" = eternal condemnation).

5. Vs.18 shows a distinction of the unbelievers from those who have barely escaped from their error (believers).

6. Vs.19 reflects the error of the unbeliever who thinks that operating under their STAs is freedom. (See Doctrine of the STA/OSN)

7. Vss.20-22 ends the chapter with language that can be applied equally to the unbeliever and believer, therefore tying all that he has said about false communicators together.

8. Vs.20 then, as applied to unbelievers, denotes those who have heard the truth of BD (the knowledge of the Lord to include the gospel and obviously promotes establishment principles and reveals their STA activity), and their rejection of the truth throws them deeper into their reversionism.

9. It can be equally applied to reversionistic believers.

10. Vs.21 explains that those unbelievers (and believers) who fall into this category can expect more severe wrath in time for their reversionistic activities due to their increased culpability.

11. That both believers and unbelievers are in view is brought out under the proverbs of vs.22.

12. What is noted is that the author states, "It has happened to them (false communicators) according to the true proverb/paromi,aj - g/f/singular or one proverb" , however he quotes two proverbs.

13. This language is intentional to denote that each proverb has its appropriate application as to both the unbelievers and the believers.

14. It is the first proverb, "a dog returns to its own vomit", that is applied to the reversionistic unbeliever.

a. Dogs represent unbelievers. Psa.22:16; Mat.7:15; Rev.22:15

b. Of the two proverbs, it is the most disgusting and despicable.

c. The action of the dog vomiting and returning denotes one who by their own accord separate from STA activity and said separation was at best, very temporal and did nothing to truly abolish any of that activity.

d. Therefore, the dog regurgitation reflects the temporary stirring of the conscience and halt of STA activity that exposure to the truth produces.

e. The return to their former state reflects their -V to the truth, a return to the lies and a searing of the conscience. Cp. 1Tim.4:2

f. This proverb is compared to the 2nd proverb i.e., the sow that was washed and then returned to the mire.

g. The second proverb denotes a cleansing (salvation) action, and hence is applied to the reversionistic believer.

h. In either case, the temporal results and judgment for both reversionists are the same, though the eternal outcome is quite distinct.

I. Reversionism and the believer.

A. Reversionism as applied to the believer is one of the least pleasant doctrines that the adjusted +V believer must face.

B. Yet, it is key for the believer to apply discernment with regard to their own spiritual momentum and to applying important doctrines such as Separation. 1Cor.15:33

C. Reversionism for the believer in no way teaches or implies a loss of salvation.

D. However, it does teach that the believer is no longer advancing spiritually and is in fact in a state of spiritual regression.

E. While this does not affect the Ph1 salvation (1st adjustment to God) status of any believer, it does affect their Ph2 (2nd and 3rd adjustments to God), which ultimately affects their Ph3 (eternal) status. See Doctrine of Surpassing Grace/SG3.

F. Reversionism for the believer is paramount to reverting to the pre-salvation status quo lifestyle via failure to isolate the STA (Eph.4:22), as the Exodus generation serve as an example:

1. As believers (Cp. 1Cor.10:2), they were denied entry into spiritual maturity because of their rejection to the truth of BD and failure to apply. Heb.3:18-19 (rest = MAJG and holding to the end or maximum blessing in time cp. 4:5-6); cp. 3:9a

2. This allows the STA to consistently occupy the position of rulership. Heb.3:12-13

3. It places oneself on the retribution side of God's justice and leads into the SUD. Heb.3:17

A. Therefore, a reversionistic believer is one who fails to apply certain (one to all) dictates of Ph2 doctrine necessary to make the MAJG, perpetuates this failure in time, which produces a perpetual state of carnality (sin activity) in that area, thus placing himself in a position of God's judgment.

B. Again, reversionism is carnality perpetuated.

1. It is not incidental sinning as described by James. Jam.1:13-15

2. All believers continue to possess the I/STA and commit personal sins to include immorality, false doctrine and human good, after salvation. 1Joh.1:8-10

3. The divine provision to neutralize sin, based on the work of Christ, is the rebound (RB) technique that provides cleansing and restores the believer to fellowship. 1Joh.1:9

4. Because of the lack of adequate knowledge or rejection/distortion of BD and failure to apply, the believer fails to identify and deal with the STA and its activities resulting in a state of perpetuated carnality versus incidental sinning. Hos.4:6 cp. Ecc.7:20

A. Since RB is the only prescription provided by God for men to effectively deal with sin in the life, then all believers (and churches) who do not adhere to this principle are of necessity in reversionism.

B. The more complicated analysis of Christian reversionists comes from those who do apply RB and by virtue of are qualified to make the MAJG. Rom.8:3-8; Gal.5:16-18

C. As stated, the reversionist is on the judgment side of God's righteousness (+R) rather than the blessing side.

D. Therefore, the reversionist has ceased to advance and as long as they remain in that state, the MAJG is no longer possible for them to achieve.

E. Even those who have made the MAJG and fall into reversionism have neutralized any possibility of completing their course and obtaining the wreath (2Tim.4:7-8), though as with all believers who have engaged in Divine good production, will not forfeit whatever SG3 they've accumulated to date. Heb.6:10

F. To further analyze what constitutes reversionism (perpetuated state of carnality), we can defer to the law of leprosy under the Law that taught incidental sin versus reversionism as a type. Lev.13-14

1. Various skin disorders were possible due to such things as swelling, scabs/scaling, boils, burning of the skin, skin discoloration or even simple infections. 13:2,18,24,29
2. Not only was the human epidermis an issue under this law, but also the individuals clothing and homes. 13:47; 14:34,55
3. The priests were responsible to monitor such problems and make decisions with regard to the subject in question. 13:3,8,10,20,25,30,39, etc.; 14:37,39,etc.
4. He was to determine if the disorder was something as simple as eczema or a dirty stain or something more serious such as leprosy/mold.
5. Leprosy on the human skin could be readily recognized in some cases and the individual was immediately rendered unclean, pronouncement of that fact was made and separation occurred as long as he/she remained in that condition. 13:45-46
6. However, there is a case of "sleeping/old/chronic leprosy" that though it renders the individual unclean, it is not grounds for isolation. 13:9-17
7. In the cases of the clothing and homes, even if the affected area is declared as leprosy, it always was quarantined first to determine if it would spread before further action was taken. 13:47 cp. 50-51; 14:35 cp.37-38
8. In the cases of skin disorders not clearly leprosy, in all cases the priest was not to rush through the process of declaring it unclean, but was to give it a prescribed time of observance to determine the true nature of the case before him. 13:4-8, etc.
9. In the cases of clothing and homes, if the mold spreads the garment is burned and the infected area of the home is replaced with a thorough cleansing of the rest of the house. 13:51-52; 14:39-42
10. In the case of the home, if the leprosy reappears, the house is immediately destroyed. 14:43-45
11. Anyone who came into contact with a leper or leprous house contracted ceremonial uncleanness. 14:46
12. There was no human method for healing the leper, but God could and did cure people of this malady. 14:1-9; etc.
13. The significance explained regarding leprosy:
  - a. The priest is a typical +V-advancing believer who possesses discernment in spiritual matters.
  - b. Leprosy is a type of reversionism and renders the believer unclean and off limits to other +V believers. 13:36
  - c. While some leprosy is immediately obvious (believers who forsake their assembly in the local church as example), there are some potentially leprous cases not readily discernable as noted by the common skin disorders.
  - d. Though they may be superficial (incidental sinning) and there is no immediate cause for alarm, the adjusted believer is to remain aloof and wary when repetitive sin activity manifests itself, as to its ultimate direction. Rom.16:17
  - e. That is because incidental sinning can easily become a full-blown STA problem, an area which, we can never be too careful. Heb.12:1
  - f. The case of the "sleeping" leprosy points to the fact that there are some forms of reversionism that though they render the individual unclean and individually we are to separate/remain aloof from them, it is not grounds for corporate separation. 2Thess.3:6,14

- g. One could contact leprosy through various means:
1. The basic bodily problems speak of the individual entering reversionism of their own accord.
  2. The infectious skin and scabs teaches that STA activity can arise at any time due to just simple failure of succumbing to any temptation the believer may face in life. 13:3-8
  3. The raw flesh denotes that there are specific STA patterns that though may lie dormant for a period, can salivate at any time and cause reversionism. 13:9-17
  4. Divine discipline (DD) could cause one to react and go off into reversionism as taught by the boil. 13:18ff
  5. The skin being burned by fire teaches that believers can react to their testing and become a reversionist. 13:24ff
  6. Leprosy that occurred on the face or forehead symbolized reversionism due to arrogance and rejection of authority. 13:29,42
  7. In these cases, when reversionism is not clear, the adjusted believer is to be wary and put the situation in God's hands and let time reveal the ultimate outcome.
  8. Leprosy in clothing represented reversionism due to the pursuit of the details of life (legitimate things).
  9. In this type of reversionism, the infected believer is obviously not adhering to MPR due to the pursuit of the details in life, and the adjusted believer is to bring this to their attention as God opens the door. 13:50-54
  10. The adjusted believer should continue to monitor their assembly and if it deteriorates further, separate and turn them over to God until their return to Bible class. 13:55
  11. They then deal with the believer according to their continued or discontinued attendance in the future. 13:56-58
  12. The leprosy in the house represents God's judgment on a family for maximum violations of reversionism. 14:33
  13. Those who are engaged in gross reversionism and part of the household of the faith (the local church) are to be given opportunity to clean up their act and if they do not, the church corporately is to separate and turn them over for their destruction. 14:34ff cp. ex. of the incestuous Corinthian 1Cor.5:1-7
  14. The particulars of the cleansing process speak of RB via the person and work of Christ. 14:1ff
- A. Though the law of leprosy gives insight that some reversionism is immediately obvious compared to incidental sinning that only need to be watched, some primary causes for reversionism and the appropriate measures of separation that are to occur, full discernment comes from recognizing the categories of reversionism.
- I. Categories of reversionism.
- A. There are as many possible categories of reversionism as there are areas of sinning.
- B. For purposes of this doctrine, a list of the most prevalent and major areas of reversionism, common among believers, will be addressed.
- C. Mental attitude sin (MAS) reversionism:
1. While mental attitude sins are the least obvious, it is readily recognized that they are the basis for various verbal and overt sin activity.

2. MAS's explain why some believers who may not overtly look as if they are in reversionism (go to church, do good, establishment oriented, etc.), are indeed reversionists.

3. Any believer who fails to recognize and deal with MAS that plagues them can become a reversionist.

4. Such sins include:

- a. Anger. Gen.49:6-7
- b. Bitterness. Act.8:23
- c. Deceit. Gen.29:25 cp. 31:41
- d. Envy/jealousy. Act.7:9 cf. Gen.37
- e. Fear/worry. Mat.10:28 cp. 6:27
- f. Hatred. Gen.37:4-8
- g. -R Judging. Rom.14:3-13 cp. Joh.7:24
- h. Pride/arrogance. 2Chr.26:16 cp. 4-5
- i. Lust. Mat.5:28
- j. Rebellion. 1Sam.15:22-23

A. Verbal sin (V/S) reversionism:

1. Verbal sinning does not exist apart from some MAS that prompts it.

2. Believers who fail to deal with MAS are likewise candidates to become V/S reversionists.

3. Areas of verbal sinning include:

- a. Lying. Act.5:3
- b. Flattery. Pro.26:28; Rom.16:18
- c. Gossiping/busybodies. 1Tim.5:13
- d. Slandering/maligning. 1Cor.5:11
- e. Boasting. Jam.3:5; Dan.7:8,20
- f. Cursing (not idiomatic language)/desire for revenge. Jam.3:8-10
- g. Blasphemy (distortion of BD). 1Tim.1:20
- h. Grumbling/complaining. Phi.2:14; Jam.5:9

A. Overt forms of reversionism:

1. These areas of reversionism are usually the most immediately perceptible among Christians.

2. While the areas mentioned could take on numerous forms of manifestation, we categorize them under the primary form of purpose of reversionism.

3. This would include:

- a. Monetary. 1Cor.5:11 (swindler); 1Tim.6:9-10
- b. Sexual/Phallic. 1Cor.5:11; 6:9
- c. Addictive (drug addicts/alcoholics). 1Cor.5:11; Gal.5:20 (sorcery/farmakei,a/drug activity)
- d. Criminal and anti-establishment (wanna be hippies/gangsters). Rom.13:1-7; 1Pet.4:15

e. Religious (includes those who follow traditions of men, denominationalism, liberals, legalists, ritualists, etc.). Mar.7:6-8; 1Cor.5:11; Rom.16:17-18; 1Tim.4:1ff; 2Tim.2:16-18; 3:5-8; 4:3-4; 2Pet.2; Rev.17

I. The process and stages of reversionism.

A. There are certain factors that contribute to reversionism.

1. Lack of an adequate frame of reference with regard to the STA and what constitutes personal sinning. Hos.4:6; Pro.1:1-6, 32-33; 2:10-22; 1Tim.1:8-9

2. Failure to deal with the STA with RB. 1Joh.1:9

a. Failure to RB produces darkness. 1Joh.1:6-7; Psa.32

b. Failure to RB is only rationalization and deception of the STA. 1Joh.1:8,10

1. Other factors that cause us to react to BD, testing, one's niche, etc., known as reactor factors:

a. Frustration (comes from impatience and failure to faith-rest).

b. Boredom (maladjusted to one's niche).

c. Self-pity (this is blasphemy because you are saying God is not taking care of the situation).

d. Loneliness/four walls test.

e. Discouragement (reflects self-pity and seeks for a change of environment).

f. Disillusionment (approaches BD with preconceived human viewpoint).

g. MAS's of jealousy, fear, revenge, hatred, etc.

h. Social rejection (pressure that comes from applying separation, MPR and other doctrine).

i. Rebellion (reacting to authority because they put you in your place and insist your obedience).

1. These can occur in any area of our life including: RM/RW, family, friends, job, finances, social life, details, etc.

2. One must identify these tendencies and deal with them expediently with BD and RB rather than taking the next step toward reversionism.

3. Bible class is a definite must during times of difficulty in order that one continually be confronted with the truth and forced to deal with the STA.

4. Understand that reversionism can befall any believer with no regard for the amount of time that he/she has been exposed to the truth. Mar.4:16-19; Heb.6:4-8

A. If these factors dig in and are not dealt with, the next step for the reversionist is the frantic search for happiness.

1. Upon reaction to one's situation(s), a common STA alternative is for one to seek relief through some source other than doctrine.

2. They abandon their position of humility and waiting on God and begin to pursue things in order to bring happiness to themselves. 1Pet.5:6-7

3. They further rationalize their reactions with such ideas as:

a. Indifference/don't care syndrome.

b. I deserve more in life than this.

c. Is all this sacrifice and pressure worth it?

- d. If God were for me, things would be better.
- e. Why can't I ever get what I want?
- f. What I am pursuing isn't sinful and therefore legitimate.
- g. What I am doing isn't rewarding me the way I think it ought to.
- h. Fighting the fight is too hard, so I'm too tired for Bible class.
- i. I have everything I need physically in life so I'm going to go out and enjoy it (can't handle prosperity test).
- j. Conflict with other believers and rationalization in that regard.
- k. It's too damn cold in Cleveland to serve God.
- A. God intervenes on the believer's behalf under the principle of Divine discipline (DD).
  1. The frantic search for happiness (FSH) (which goes along with CHPs - common human problems), manifests a move to arrogance under the STA and brings DD into the life. Jam.4:4-7 cp. Heb.12:5-13
  2. The believer begins to suffer various reversals in his personal life such as family life and business ventures. Note the pattern of Jacob. Gen.29, 30
  3. The first stages of DD are called warning discipline, which will continue to intensify if the believer does not begin to move toward recovery. Heb.12:12-13
  4. The intensification of DD continues for the believer who does not reject the STA path they are on, move back to the doctrinal approach to life, ultimately ending with the sin unto death (SUD). Rev.2:21-22 cf. Lev.26:14-39; Mic.2:1-3; 1Joh.5:16
  5. The SUD occurs when God kills the offending believer because they will not recover. Rev.2:23 cp. Gen.35:16-20; 1Chr.10:13-14
- A. There is continued intensification of the process.
  1. If the believer does not heed the warning signs and DD and deal with their problem, this pattern repeats and intensifies.
  2. Further sinning under the STA brings further discipline.
  3. This can further irritate and provoke the believer under their STA, hence intensifying the reactions.
  4. During this time, one may observe a believer engaging in activities once they previously considered repugnant. 1Sam.28:7ff
  5. Those whom they previously considered off-limits as God's enemies now become the associates of the reversionist. Gen.13:12-13
- A. During this period, one will experience emotional control/revolt of the soul.
  1. The believer who embarks upon the path of reversionism yields control of the soul to the STA more and more during the decline.
  2. When the STA is in the position of rulership (versus the other potential ruler - H.S.), the body rules the soul resulting in STA reactions becoming the norm to various stimuli.
  3. The emotions are ruled and colored by the STA and come to have priority over doctrine, rejecting the authority of God and ruling the soul.
  4. This emotional revolt results in wide emotional swings and the believer becomes a slave to their emotions, which now dictate policy. Rom.16:18
  5. Manifestations of emotional control of the soul include:

- a. Rejection of authority (anger) (Ex. Exodus generation).
  - b. Blaming God (anger). Exo.16:7-8
  - c. Lack of faith rest (fear). Exo.14:10ff
  - d. Living in the past (sadness/depression). Exo.14:12
  - e. Severe mood swings (women). Num.14:1,39-40
  - f. Complaining (most of us - self-pity). Exo.16:3
- A. Rejection of Bible doctrine becomes automatic as the process unfolds.
1. During the process of reversionism, one can readily observe that the reversionist is not as positive to doctrine as they had previously manifested (the zeal diminishes). Heb.10:32ff
  2. They rationalize their indifference with regard to intake and application of BD with various excuses.
  3. Their priorities are skewed and so they do not have time to come to class, make up the tape, apply under their gift, etc.
  4. However, they sure as hell have the time to read, watch TV, attend sports events, concerts, shop, work themselves to death, go to the movies, engage in other Biblically non-essentials, hang out with other reversionists, etc.
  5. During this time they will manifest problems with +V adjusted believers and/or the P-T and will gravitate to other -V.
  6. While all of these stages are prevalent with the reversionists, they may not be glaring by manifesting total antagonism to BD or engaging in blatant immorality, but rather are subtle and hence fall under the lukewarm type reversionism. Rev.3:16
- I. The ramifications of reversionism.
- A. They will experience hardening of the heart.
1. This process begins with the believer who will not respond to the DD that comes upon them for their activity. Jer.5:3,23
  2. The hardened heart indicates a refusal to change their minds with regard to the issues before them. Psa.95:8ff
  3. Believers who entrench themselves in their pursuits with disregard for the truth and the DD upon them will eventually face the ultimate discipline. Pro.28:14; 29:1
  4. God judicially begins to harden the heart of the believer who will not turn back. Exo.7:13,22; 10:1,20,27
  5. God commands the believer to not harden his heart and when he does it provokes God to anger. Heb.3:8,15
  6. While DD is designed to soften +V and get him/her to repent regarding reversionism, it has a hardening effect upon those who choose to go or are -V ultimately. Heb.12:11
- A. The hardening of the heart leads to scar tissue on the soul.
1. The hardening process leads to other problems for both the believer and unbeliever. Eph.4:18; Heb.3:13
  2. The conscience is that area of the soul/BC that is programmed with the norms and standards of righteousness. Rom.2:14-15
  3. Following the dictates of BD that reinforces the conscience and living by those standards produces those said to have a good conscience. 1Tim.1:19

4. Scar tissue of the soul comes about as a result of a believer who rejects BD and the good conscience and rationalizes their pursuit of that which is forbidden. Eph.4:19

5. As one violates a norm of God on a repeated basis without compunction/apprehension, they build up a callus or scar tissue over that standard and eventually that standard no longer functions or has its purposed effect. Ti.1:15

6. This can progress to such a degree that individuals can engage in heinous sins such as murder and yet have absolutely no remorse.

7. Each norm is likened to a spiritual nerve ending and sin irritates that nerve, however repetitive disregard to the irritation and consistent exposure of the nerve to sin eventually desensitizes it and it no longer functions as a pain receptor. 1Tim.4:1-2

8. For the ultimately +V believer in reversionism with scar tissue that wants to get back with the program, the scar tissue is removed, a painful procedure called lu,ph/sorrow. 2Cor.2:6-7 of the incestuous Corinthian.

A. Objects become reversed for the reversionist.

1. Those who engage in the reversionism process will eventually find that objects become reversed in their thinking.

2. That which used to be acceptable and right to the positive believer becomes unacceptable and rejected by the reversionist. Psa.36:4; 52:3

3. They fall into the good is evil and evil is good syndrome. Isa.5:20

4. They become antagonistic to +V adjusted believers in some fashion. Mic.3:2

5. Such activity is obviously an affront to the Lord. Mal.2:17

A. Under reversionism the believer opens wide the door to false teachings.

1. As this process continues to intensify and escalate, the believer is exposed to teachings and concepts other than sound Divine viewpoint.

2. Just as nature abhors a vacuum and eventually fills that void, so spiritual vacuums that are produced by the rejection of the light are eventually filled with darkness. Rom.1:21

3. As the believer pursues his self-chosen course away from the Lord, he is plunged deeper and deeper into the darkness of error. Pro.2:13

4. The soul sucks in the human viewpoint darkness and the doctrines of demons that desire to enslave mankind under darkness. Eph.6:12; 1Tim.4:1ff

5. False doctrines that at one point would have been rejected and ridiculed are now accepted and embraced, bringing further discipline and misery.

6. They truly are as the proverb states, a sow washed and then returns to wallow in the mud. 2Pet.2:22

A. The reversionist will experience mental instability.

1. Logically, spiritual instability will result in various forms of mental instability.

2. Reversionists eventually enter into various forms of psychosis and mental aberrations/abnormalities, depending upon the degree and type of spiritual insanity that rules their lives.

3. God promised this for those who take the road of reversionism. Deu.28:28

4. Mankind overall is basically insane due to -V and only the principles of doctrine deliver us from the same mental derangement(s) that falls upon them. Ecc.9:3

5. The insanity of the reversionist is demonstrated by:

- a. The Exodus generation.
- b. Balaam. 2Pet.2:15-16
- c. Saul. 1Sam.16:14,23; 18:8-11; etc.
- d. Nebuchadnezzar (unbeliever who became a believer). Dan.4:30-32,34
- I. The two possible outcomes of reversionism.
  - A. Reversion recovery.
    - 1. The directive will of God is for the believer to avoid this status; however, for those who are in reversionism and if one might fall into reversionism, the will of God is for them to recover spiritually and resume their position on the glory road.
    - 2. This is obvious due to the various ways that believers are commanded to avoid reversionism.
      - a. Let us not sleep. 1The.5:6
      - b. Let us be sober. 1The.5:8
      - c. Make straight paths. Heb.12:13
      - d. Let us fear. Heb.4:1; 10:31
    - 1. Similarly, there are calls to recover from this state.
      - a. Calls to return. Gen.31:3,13; 1Sam.7:3; Isa.55:7; Joe.2:13
      - b. Wake up. Eph.5:14; Rev.3:2-3
      - c. Repent. Rev.2:5,16; 3:3,19
      - d. Jam.4:7-10 gives a series of commands related to reversion recovery.
        - 1. God promises mercy for those who will return to Him. Isa.44:21-22; Jer.24:4-7; Hos.6:1
        - 2. Some believers go through a period of reversionism and the attendant discipline and then make a full recovery.
          - a. Jacob. Gen.31:4
          - b. Samson. Jud.16:28ff; Heb.11:32
          - c. David. Psa.38, 51 Operation Bathsheba. Note: The incidental sins of adultery and murder placed David into the state of carnality, but that state was perpetuated through refusal to RB, not a continuation of the previous sins. Cp. Psa.32:3,5
          - d. Solomon. Ecclesiastes.
          - e. The Jews. Jer.31:17-19
          - f. The incestuous Corinthian. 2Cor.2:5-8
      - 1. The means to reversion recovery include:
        - a. First and foremost the believer must separate from his/her particular form or reversionism.
        - b. There is no spiritual recovery for anyone (believer or unbeliever) that continues in their STA activity that got them into this state.
        - c. It requires a change of mind (repent). Rev.3:19 cp. 2Cor.12:21
        - d. RB must be applied. 1Joh.1:9
        - e. One must orient to residue DD. Heb.12:3ff
        - f. An intensification of the intake and application of BD must ensue. Heb.12:12ff
        - g. Call for spiritual support if necessary. Jam.5:13ff

h. Pray!

A. Reversionism without recovery is the only other alternative.

1. One very real danger of reversionism is that the believer may always assume that they can or will recover.

2. Another danger is that one may deceive themselves that they are not in reversionism when they are. Rev.3:16-17

3. There is a point beyond which, if the believer travels, one will not recover. Hos.5:4; Mic.2:3; Heb.6:6ff

4. It appears that at least three factors impact on the potential for spiritual recovery or not. Heb.6:4-8

a. The length of time one has been exposed to the truth.

b. The level and consistency of the truth one has received.

c. The degree of rejection of the truth involved in their reversionism.

1. The more doctrine one receives and the degree of repudiation of BD going into reversionism is paramount in determining whether one will recover or not.

2. Contextually in Heb.6:4-8, it is the Hebrew Saints in Jerusalem that are potentially in danger to succumbing to the pressures of Judaism and throwing in the towel.

3. Those who do, serve as an example of the consequences for a type of reversionism one may fall into.

4. These Christians are extremely culpable because of the amount of sound doctrine they have received and previously adhered to. Heb.5:12 cp. 6:4-5

5. The potential for them is to fall back into Judaism and into a religious system that denies the person and work of Christ.

6. These then would reflect once +V believers who have made strong advancements under the MAJG and then go -V, to such a degree, that they openly repudiate the truth to include denial of faith in Christ and His work on the cross as necessary for salvation.

7. In their case it would result in adhering to a religion that practices an extreme form of legalism.

8. Those who go into this form of reversionism are of such a mind-set (having gone -V), having hardened their hearts with accompanying scar tissue of the soul to such a degree, that it is not possible to renew them (no manner or amount of any additional exposure to BD would succeed in this case) for a change of mind (repentance) leading to reversion recovery.

9. And that is because in their own thinking they are rejecting Christ's work on the cross as necessary for their spiritual well being in the face of the immense amount of truth they have received that teaches otherwise.

10. The spiritual reality of the false doctrine they now adhere to in their reversionism is in essence viewing the cross again ("..they again crucify to themselves the Son of God..") just as unbelieving Judaism views it i.e., public shame that comes upon the religious blasphemer/heretic ("..and put Him to open shame."). Heb.6:6

11. That has now become their battle cry regarding Christianity and they are so -V that they have determined for themselves to be in the "no 2nd chance category" for reversion recovery.

12. This passage relates a danger inherent in those who go into reversionism because of repudiating the truth after much exposure to it, versus reversionism due to immorality from simple weakness of the flesh or ignorance.
13. Indeed, to whom much is given, much is required. Luk.12:48
14. The writer of Hebrews also points out another reality that faces the believing reversionist who is not willing to recover. Heb.10:26-27
15. These verses too imply that culpability via exposure to the truth plays a part in one's reversionism, "...after receiving the knowledge of the truth.". Heb.10:26
16. The phrase, "For if we go on sinning willfully.." refers to the believer who is engaged in the process of reversionism and is not willing to repent of their action(s).
17. It makes clear that their reversionism is due to their own choices.
18. The difficulty does not exist on God's part, it exists in the person who chooses darkness over light and continues to perpetuate it. Mat.19:26; 2Tim.2:13
19. The issue that reversionists need to understand is that as long as they remain in reversionism, in some sense, the efficacious work of Christ on the cross is no longer effective, ("there no longer remains a sacrifice for sins."). Heb.10:26c
20. That experiential sins and the ramifications from them in time are in view is brought out in vs.27 that denotes judgment in time that will occur upon Israel in 70 AD for their corporate reversionism.
21. Since Christ died for all sins (except unbelief), the focus is not on our position in Him (positional truth), but rather it is on the effect of His work on the cross as it applies to RB (experiential truth), which is the basis for God's forgiveness for believer's experiential sins in time. 1Joh.1:9
22. It does not mean that the reversionist cannot RB their sins of reversionism, but in the process of perpetuating that sin leading into reversionism, they come to a point that they are not or cease rebounding that particular sin(s).
23. To continue "sinning willfully" reflects the process that produces a hardening of the heart and scar tissue of the soul.
24. It is at some point in the process of sinning willfully that they enter technically into reversionism.
25. This is because reversionism occurs first and foremost due to one's rejection of the truth or some aspect of it.
26. The immediate example of context given for this are those who are in reversionism due to rejecting the necessity of being in bible class. Heb.1:25
27. Because they reject/forsake that principle of doctrine, they obviously have rationalized it (it is a habitual practice), ultimately will not regard it as sin and hence there is no cleansing action of RB, since obviously they come to a state that they don't or discontinue RB of it ("..go on sinning willfully/with cognizance/knowingly by choice..").
28. An example of rationalizing the principle of MPR is brought out in Jam.4:13-15
29. Because of the blindness of their STA activity due to their rejection of BD, they disregard the reality of their sin and its ramifications, or otherwise they would make reversion recovery. Mar.4:12

30. Another example of this reality is David, who entered into reversionism due to operation Bathsheba, but remained in reversionism due to his failure to RB that particular sin(s). Psa.32:3-5
31. This points out the critical issue of RB as it pertains to the Christian life.
32. It is the unrepentant sin(s) that are committed due to rejection of doctrine and/or failure to RB that the reversionist engages in that produce a situation where there exists no forgiveness for those sins.
33. This is the nature of reversionism.
34. And in that sense, Christ's sacrifice for the unrepentant believer who may even continue to RB, their RB becomes a ritual without reality.
35. Therefore, for the period of reversionism, to include its perpetuation to the SUD, there remains no experiential cleansing of their sins (failure to repent and RB), which is what the "no longer a sacrifice" phrase pictures.
36. Hence, the complexity and severity of reversionism for those who have heard the truth as they become more privy to all the things that can cause reversionism. (You can be doing a lot of things right, but rejecting one doctrine causing reversionism can mess up your spiritual life entirely. 1Cor.5:6)
37. And to that degree of culpability lies the increased chances for non-reversion recovery, due to rejection of any of the many principles of Ph2 doctrine they have heard.
38. The principle is that it is easier for one to repent of reversionism, who is ignorant of BD, than for one who is extremely culpable that then begins to reject/repudiate doctrine. (It is easier for someone who has never known to acknowledge they are wrong than for someone who has acquired knowledge but purposely starts to reject some doctrine. Their rejection of a doctrine(s) comes from a more complex rationalization for rejection via the STA and is therefore more ingrained/entrenched in their thinking. The arrogance factor is increased [Jam.4:16-17]. Reed's Spiritual Psychology 101.)
39. This is why God prefers believers to be "cold or hot" rather than lukewarm, since lukewarm believers are those who are exposed to the truth of BD but are rejecting aspects of it and rationalizing their rejection via the STA. Rev.3:15-17
40. The question then arises, is it possible for one to RB other incidental sins that may occur during reversionism and can fellowship be obtained and maintained for Divine good production?
41. The key to that answer lies in the concept of repentance (change of mind), which is the antidote for reversion recovery as well as making the adjustments to God.
42. Scripture teaches that repentance precedes acts necessary to obtain forgiveness. Mar.1:4; Luk.3:3; Act.2:38 as applied to the SAJG; cp. Luk.17:3-4; Act.8:20-23 for examples that an act of repentance is required for those who engage in offences towards others or God experientially. (RB is a mental acknowledgment of repentance.)
43. Therefore, since one who remains in reversionism is unwilling to repent of their sin(s) leading to reversionism, there is no forgiveness applied to them for their offense(s) to God experientially and they fall under His wrath in time.
44. That again is the sense and force of "no longer remains a sacrifice for sins" for the reversionist not willing to repent of their sin(s) of reversionism.

45. Hence, fellowship with the Father is not possible under these conditions since they perpetuate unrepentant sin(s), thus there is no spiritual advancement and production of Divine good for reversionists.

46. Christ Himself taught that it is possible to engage in certain sin activity that nullifies our RB, bringing about judgment in time. Mat.6:15; Mar.11:26 cp. Mat.18:21-35

47. Again, the principle is that peace/reconciliation must be made before our offerings of Divine good production are acceptable before God (Mat.5:23-24).

48. And the only avenue for the believer in time to make peace with God for our sins is to recognize our failures/rejection of His word and RB it.

49. While it may seem that some of those we have placed in reversionist categories do not come under a lot of DD and they claim they RB, any levity/lightness of DD can be explained otherwise.

50. Due to the fact they are indeed keeping tabs of other sins, they therefore are with effort seeking to refrain from violations that would bring about heavier DD (mental control of the STA). (The same can be true for an unbeliever who seeks to keep the 10 commandments. They can apply principles of BD in their reversionism and avoid certain wrath in those areas, but it is of no spiritual benefit to them.)

51. Also, just because someone is in reversionism for rejection of one or some doctrine(s) does not mean that they automatically will succumb to other areas of STA activity or reject other doctrines that might bring about additional or more severe DD.

52. But be rest assured that DD will come to match the area of reversionism they are engaged in ultimately ending with the SUD.

53. Examples of believer reversionists who did not recover:

- a. Lot. Gen.19:30ff
- b. King Saul. 1Chr.10:13
- c. Joab. 1Kgs.2:28-34
- d. The Exodus generation. Num.14:29ff
- e. Ananias and Sapphira. Act.5:1-11

#### I. Conclusions:

A. All unbelievers are reversionists and all believers who are not advancing under the MAJG and/or not holding to the end, are reversionists.

B. Therefore, any believer that is not under consistent face to face teaching in an adjusted local church and applying RB on a regular and consistent basis is in reversionism.

C. There are glaring reversionists (those who don't go to church at all/hell-raisers/sexpots/etc.) or subtle reversionists (those of the lukewarm ilk/crust of human good).

D. Reversionism stems from a rejection/disregard of BD that consequently perpetuates a state of carnality in some area.

E. Reversionism is an expression of -V to some degree.

F. While reversionism is evidence/a symptom of -V, it is not the cause of -V and may or may not determine the final outcome of one's volition.

G. Rather, it is a basis for evaluation of the discerning +V believer regarding the spiritual state of him/herself and others at any given point in one's life.

H. +V adjusted believers must refrain from reacting to the seemingly prosperity or freedom of reversionists. 2Pet.2:19

I. This comes from understanding that Satan prospers those who align themselves to the cosmos, but in reality all reversionists are undergoing the process of reversionism as described in this doctrine and will experience to some degree all of the symptoms.

J. There is grace for any reversionist who will pull out of their tailspin in time.

K. As adjusted believers, we must be careful and not overreact and pre-title other believers as reversionists in any adjusted local church who have STA problems, since all of us do.

L. Fighting the good fight is an everyday battle and we all fail at times.

M. However, this does not mean necessarily that someone is in reversionism.

N. With discernment of BD, we can correctly evaluate ourselves and others in this regard, and with prayer God will reveal reversionists when appropriate.

O. Areas that we are to be sensitive to regarding the potential for reversionism is:

1. Attendance in Bible class.

2. One's attitude toward the P-T and the teaching.

3. Any exposed consistent STA activity that obviously is never checked with RB. (The tell-tell sign for the P-T is the content of his studies and teaching.)

A. Reversionism neutralizes advancement in the POG and ultimately kills.

B. The most dangerous type of reversionism for believers that carries with it the most potential for non-recovery, are those who have sat under sound teaching for a period of time and go into reversionism based on rejection of (1st step) and repudiation of (2nd step) some doctrine they have heard.

C. The higher level of culpability for the believer, a higher level of expectation from God for their actions can be anticipated.

D. In fact, Christ prayed for leniency of judgment upon those ignorant of their actions. Luk.23:34

E. This does not in any way however, totally absolve them of their actions as reversionists.

F. The critical issues for the adjusted believer to avoid reversionism are to maintain a high level of application of RB and to not reject/disregard any truth of doctrine.

G. Reversionism, as it relates to -V expressed in believers, can be categorized in the following way:

1. Primary -V reflects those who do not assemble.

2. Secondary -V reflects those who fail to RB.

3. Tertiary/thirdly -V reflects those who reject BD.

A. The prescribed application for adjusted believers towards reversionists is the doctrine of Separation.

B. Failure to separate is a symptom of reversionists, but does not necessarily mean one is a reversionist.

C. It just means that the believer has spiritually suicidal/reversionistic tendencies and are playing spiritual roulette (emotional control of the soul). Num.16:20-35 Even a blind man can see the repercussions of association with reversionists!

From: [http://gracebiblechurchwichita.org/?page\\_id=490](http://gracebiblechurchwichita.org/?page_id=490)

"No one, after putting his hand to the plow and looking back is fit for the kingdom of God".

Luk.9:62

Psalm 7 inscription **A song of David [A dithyramb of madness by David], which he sang to Jehovah, concerning the words of Cush the Benjamite.**

He calls to be delivered from all those persecuting him.

Psalm 7:1 **O Jehovah my God, in You I put my trust; save me from all who pursue me, and deliver me [cause me to be snatched from danger],**

David could have saved 4 years of his life at this point. I guess by not going to Philistia? Once the lion gets you, there is no rescuing you.

This is why David is going to Philistia.

Psalm 7:2 **lest he tear [to bits] my soul like a lion, tearing it in pieces, and there is no one to deliver.**

To manufacture something out of something. David is objective enough to recognize all of the possibilities. 2 proteseses here; if I have manufactured this; it iniquity clings to my hands.

Psalm 7:3 **O Jehovah my God, if I have done this [if I have caused this persecution]; if there is iniquity in my hands;**

More conditionals. David is providing different things which would have been justified reasons for Saul to seek after David; but none of these things are true.

Psalm 7:4 **if I have rewarded [repaid] evil to my friend, or if I have delivered [plundered him] one oppressing me [the one who is my enemy] without cause;**

If any of these things are true, then David suggests what his enemy ought to do.

Psalm 7:5 **let the enemy [one hating me] persecute [pursue] my soul and take [overtake] it; yea, let him trample down my life on the earth and lay my honor [and cause my honor to dwell] in the dust. Selah.**

The entire thought covers 3 verses.

### Summary

1. David's honor is the supergrace life.
2. These things are not true.
3. Saul's persecutions of him are totally unprovoked.
4. This is just the first strophe. This is iambic meter which is often used for satire. This is sanctified sarcasm. This is also anapaestic meter; 3 syllables, first 2 are short and unaccented; the last is long and accented. Putting these together is a wild, irregular strain and it is called a dithyramb. That is the type of poetry sung to Dionysus (or Bacchus). You composed poetry after drinking a lot. This tells us about the weirdness of Saul chasing David all over the countryside.
5. The interspersing explains what is meant by shiggayam. Wild meter, which matches Saul's thinking.
6. Selah is used to end the first strophe. The voices stop singing and the orchestra goes into tremendous crescendo. This emphasizes David's innocence and the fallacy of Saul's madness.

**1 Samuel 26 Psalm 7:6-9a**

**72 David**

**631\_0067**

**02/28/1973 Principles of justice**

David is bringing a court case against Saul with God as the judge and the people of Israel as those who would judge. David demands this because he is innocent and he wants vindication from God. In the ancient world, there would be a judgment dias. There would be a judgment throne and this would take place outside. So, David asks God to judge here.

Saul is motivated by pride and arrogance. In his pride, he took offense at David being glorified over him as to the number of enemies that David killed. David defended himself with the greatest possible logic.

Iambic meter portrays the satirical approach. David made a good case for being innocent.

Qal imperative of ur; Saul is to awaken, arouse himself on David's behalf.

A judge must be only interested in the facts. David appeals to the supreme court of Israel. Not anything but the facts of the case; who is right; David or Saul? A witness can only say what he has observed, but he cannot interpret what it is that he observed.

Heresay introduces the opinions of others. God Himself is omnipresent. David is asking God the Father to judge the case between him and Saul. David has the legitimate complaint.

There are only 2 people who can hinder the decision of the supreme court. Saul thinks that he will be vindicated is for David to be eliminated. Saul is trying to kill David and Saul will be killed.

We do not have the right as believer priests to judge others. A pastor-teacher can judge with regards to members of the congregation, where this type of thing is warranted.

Do not try to run down someone by associating sins and weakness with them. When writing a letter of recommendation, you need to be honest in your evaluation. In our lives with others, we function under live and let live; and judge not that you be not judged.

David calls Jehovah the Father to judge the case because Saul has done a lousy job judging the case. Saul has the prerogative as the king; but he has botched this. He has tried to execute David without properly trying the case.

David will go into a 2<sup>nd</sup> reversionism. Until David gets back into supergrace, God would be judging between two reversionists. David would be muddying up the water. David has polygamy in his home, which leads to problems in his own life. You cannot have 2 wives under the same roof without entering into reversionism. We have 5 extra chapters in 1 Samuel because of David entering into reversionism. We have already studied the evils of polygamy, and Joseph Smith and Brigham Young were wrong; but so was David. It is polygamy which led David into reversionism. It would be a year before David's case is adjudicated. This is because he is in reversionism.

Some females have a carry nation complex. If someone came through the congregation with some crusade, they would peel off a bunch. A female crusader is like bourbon and lemon juice.

David was right by refusing to slay Saul and refusing to slay the Lord's anointed; but he was wrong to go to Philistia and seek refuge under Achish.

The highest justice in the land was corrupted, so David appeals to God. It is as if Israel is at a standstill until this case is judged.

Psalms 7:6 **Arise, O Jehovah, in Your anger; lift up Yourself because of the rage [arrogance or pride] of my enemies, and awake for me [arouse yourself for my benefit] to the judgment which You have commanded [you have ordained justice].**

The civil war is the time when the court is in session and David has prolonged it. God will execute Saul in settling this case. But David has to come out of reversionism in order for God to make His judgment.

There are a bunch of interesting passages which come out of all this. Saul will go to the witch of Endor for a solution to his problems. David will recover from his reversionism. So there is a woman connected with Saul going out. God brought up Samuel. The gal was going to fake Samuel's voice; but God takes over the seance and brings up Samuel. The night before his death; picks up a woman. David before the battle, lost a woman. David gets his woman back and Saul lost his life.

Psalm 7:7 **And the congregation of the peoples shall surround** [gathered around] **You; and over it You will return on high** [then above them (in heaven) return (and give us a decision)].

Jehovah will judge; He will try the case, make a decision on the case, and punish where necessary, and then rule over His people. Trial, decision, punishment, government. God the Father is the supreme court. David will become the ruler and God will rule through David.

David's righteousness is supergrace righteousness. Completeness and fullness.

#### **Summary of V. 8**

1. Doctrine in the soul is the basis for the vindication of David.
2. This is a principle of the angelic conflict. God initiates blessing to those who have capacity in the soul.
3. The blessings of supergrace capacity and prosperity.
4. David will be promoted to king and God would promote him and that is permanent. He will rule as king for 40 years. There will be periods of great happiness.
5. The doctrine in David's soul will therefore be vindicated.

Psalm 7:8 **Jehovah shall judge the people; judge** [vindicate] **me, O Jehovah, according to my righteousness, and according to my integrity** [fullness] **on me.**

V. 9 is a very lengthy verse, that we will begin. Polygamy caused David's emotion to get out of kilter. This postpones the judgement. He becomes hounded by 2 women. For awhile, David was not his own man. This is why he lived a whole year in Gath; and he finally gave David another city to live at, possibly because of the two wives arguing. Bob suspects that this was the time that David had long hair. David was probably better built than the jackass who sculpted David.

No man can please 2 women. David was trying to please 2 women; he was living with 2 women. The emotion had to take over. It was during this period when David got very depressed. Polygamy is never right. Jacob is no spiritual giant. God changed his name to Israel so his progeny would think that there was hope for them.

Jacob died making a prophecy that was great. Polygamy is never right. This is the reason for the delay of the supreme court here.

How does God test the heart and the kidneys? God is not interested, as such, in the kardio vascular system and the function of your kidneys. This is a reference to parts of the soul.

Psalm 7:9 **O let the wickedness of the wicked come to an end, but establish the just. For the righteous God tries the minds and hearts.**

### 03/01/1973 Doctrine of the heart; doctrine of emotions

David asks for God to judge between him and Saul.

Psalm 7:8 **Jehovah shall judge the people; judge [vindicate] me, O Jehovah, according to my righteousness, and according to my integrity [fullness] on me.**

Negative volition which builds up scar tissue and this opens up the vacuum which sucks in false doctrine. This causes a man to have a woman's soul and a woman to have a man's soul. Frustration is intensified. David will become a strap on artist.

Psalm 7:9 **O let the evil of the guilty one [the wicked one] come to an end [be terminated], but establish the just [let the righteous be vindicated]. For the righteous God tries the minds and hearts.**

The heart is the rm in the soul. The emotion of the soul is designed to respond to the thinking, to the heart, to the right lobe. A believer can like opera and he has certain frame of reference in his thinking. This frame of reference causes a person to respond to certain things. You cannot enjoy the opera if you only know about other kinds of music. Everyone in life must function on their own frame of reference. We must function on our own capacity for life. If there is anything in our frame of reference, they we will have a normal response to specific things in life. Your emotion is responding to something in your norms and standards. You cannot use some else's frame of reference and get your emotions to respond. So 2 people can sit together in the opera and one can enjoy it and one hates it.

You can have 2 people in Bible class; one gets something out of it and there other does not. You must function on your own frame of reference. If you use someone else's, your emotion will not respond. You cannot borrow someone else's heart. David has a normal response the various things.

When David took on a 2<sup>nd</sup> wife, this messed up his soul. He is designed to concentrate on one woman. His soul elicits a response from one woman, and it makes him a great lover. However, when he is concentrating on 2 women, then this whole thing blows up. He has to emote with one.

No two women are alike. Some seem to be alike, but that is only to a desperate unperceptive man. No two women are alike; and the man is only able to concentrate on one of these women.

The holy roller cultivates their emotions. If they have an emotional experience, then emotion takes over. Everyone thinks with vocabulary. If you are not thinking and talking, then everything is coming from emotional revolt. All holy rollers are stupid. No holy roller can be a good love. His emotions are all out of kilter. A good lover must be able to think.

2 people can watch a football play, and one can have a great emotional response to the play; and the other person is unimpressed. Emotion is a responder.

### The Doctrine of the Heart

1. The *heart* in the Bible always refers to the thinking part of the brain. There is the *ηους* and the *καρδια*.
  - a. Norms and standards, conscience, a vocabulary area. You must have words with which to think. Grammar, etymology, exegesis. Sentences become paragraphs and paragraphs become concepts and concepts become categories.
2. GAP and the heart.
- 3.
4. The heart is the dominant lobe; it carries the authority. It has categories. The very essence of the heart causes it to be the authority of the soul. Reversionism destroys the authority of the right lobe of the soul. It neutralizes or violates the norms and standards of the soul. The woman of the soul is the emotion and the emotion takes over. The heart and the reins are linked throughout Scripture and this would be the thinking and the emotion of the soul.
5. Capacity for life would be emotion responding to the frame of reference. Your capacity for life is limited by what is in your right lobe.
6. Mental attitude sins come from the heart. This is a tied up between the old sin nature and the right lobe. Revenge comes from mental attitude sins and ends up with mental attitude sins. The deceitful heart of Jeremiah is a revolution in the soul. The authority of the right lobe is set aside. Cowardice is involved here. Discouragement.
7. The heart is the way of life for mankind. What you really are is what is in your thinking. The heart is related to grace function. It is related to stability in a crisis. It is related to happiness.
8. The heart is related to motivation in life. Spiritual life and temporal life.
9. The heart is used as an Anthropopathism. The heart of God. This explains God's thinking or action in terms that man can understand.
10. The heart is always related to nonmeritorious positive volition. There is no such thing as head and heart belief.
11. The heart is related to negative volition. The hardening of pharaoh's heart. He was a reversionist.
12. The merry heart. Whenever there is an adjective, all of these are used to describe that the heart is the basic area of happiness in human life. Neurotics and psychotics cannot have a happy life. They cannot be in emotional revolt.

---

From [http://gracebiblechurchwichita.org/?page\\_id=163](http://gracebiblechurchwichita.org/?page_id=163)

In John 13:2 is the Greek word KARDIA that is translated "heart". This leads us to another important doctrine, the Doctrine of the Heart. We are studying this topic because it is the place of influence inside a man's soul. The Old Testament verse says, "For as he thinketh in his heart, so is he, Proverbs 23:7. Well the fact is, we do our thinking through what the Bible calls the heart.

We have already studied Satan and his tactics in the deception of man, and we have noted Demon Influence. So with this doctrine, we will understand the place within man that is the target of Satan's tactics and demon influence. But, let us also not forget that the heart of the soul is the place that God targets too. Our heart is the place where we store and retain the Word of God that gives us functionality in the spiritual life and protection from Satan's tactics and demon influence.

### 1. A Physiological Analogy of the Spiritual Life.

The physiological heart is used rarely in the Bible but it makes for a great analogy. Some facts concerning the heart are; it is estimated that the heart pumps five quarts of blood every minute, seventy-five gallons an hour, seventy barrels a day, and about eighteen million barrels in seventy years. The heart's anatomy and relation to the circulatory system includes a double pump: two atriums and two ventricles. The thick muscular walls of the ventricles are primarily responsible to pump the blood. Used blood is low in oxygen and high in CO<sub>2</sub>. To be cleansed, the used blood enters the right atrium through the superior and inferior vena cava. (When you think of used blood, think of it like the false ideas and thinking we pick up in life inside Satan's Cosmic System.) The right ventricle then pumps blood through the pulmonary artery to the lungs where it discharges CO<sub>2</sub> and picks up oxygen from the alveoli. Then the blood travels through the pulmonary veins to the left atrium, which in turn pumps the oxygen-refreshed blood out through the aorta to the entire body. (So to is it with metabolized doctrine in your soul; it is pumped through various valves and circulates through the brain giving you a dynamic mental attitude. Likewise, the CO<sub>2</sub> of the soul, i.e., all the false and erroneous ideas we've learned, must be replaced by the oxygen of Bible doctrine.)

The Bible also uses another anatomical filtration analogy for the inner workings of the soul in Revelation 2:23 where NEPHROS or kidneys is the analogy for the mind and emotions, while KARDIA reference the right lobe of the soul.

As we have noted in our doctrines of Satanology and Demon influence, John 12:40 tells us, "He has blinded their eyes and He hardened their heart, so that they would not see with their eyes and perceive with their heart, and be converted and I heal them."

The function of the blood is to bathe tissues with fluid, preserving their slight alkaline condition, supplying tissues with food and oxygen, to provide building material for their growth and repair, distribute heat generated by cells in order to equalize body temperature, carry hormones which coordinate and stimulate the activities of various organs, and convey antibodies and white blood cells which fight infection. Blood cannot support life unless it keeps circulating.

Bible doctrine circulating in the soul as a result of the function of the Grace Apparatus for Perception (GAP) provides these same functions. This begins and is accomplished in the heart, or what we call the right lobe of your soul.

The energy used by the heart is fantastic. Many tissues of the body use as little as one-fourth of the oxygen brought to them by the blood. The heart uses eighty percent of the oxygen brought to it by the blood. Therefore, the amount of blood supplied to the heart is extremely important, especially when its activity raises its demand for oxygen. That is analogous to positive volition in spiritual warfare.

The heart transforms chemical energy into the mechanical energy of contraction through a series of electrical ignitions much like a car's engine does. Likewise, our spiritual heart transfers academic thought into spiritual energy inside your soul.

Until the atomic age, nothing man made ever came close to the efficiency of energy transfer compared to the heart.

All of these statements provide fantastic analogies to the heart or right lobe of the soul as the circulator of Bible doctrine into the thinking part of the soul. When Bible doctrine reaches the heart, Bible doctrine is converted into spiritual energy, (i.e., the Ten Problem Solving Devices, Divine Viewpoint, and the Momentum of the Spiritual Life). No one can grow spiritually except through perception of Bible doctrine circulating in the stream of consciousness of the Heart.

Psa139:13-14, This was Font/Pitch 2,12 - On."You have formed my inner parts; I will give thanks to you, for I am fearfully and wonderfully made. Wonderful are your works, and my soul knows it very well."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

The Biblical nouns for heart always refer to the right lobe of the soul. The Hebrew LEBH and the Greek KARDIA are both translated "heart." Both are used outside the Bible for the literal heart, but never anatomically in the Bible.

So clearly from these and other verses, as we will see, this word is used for the mentality of the soul, which we call the right lobe of the soul and not the blood-pumping organ in your chest.

## 2. The First Mention of Heart in the Bible, Genesis 6:5.

Gen 6:5, "Then the LORD saw that the wickedness of man was great on the earth, and that every intent of the thoughts of his heart was only evil continually. 6The LORD was sorry that He had made man on the earth, and He was grieved in His heart."

This tells us that in the days leading up to the flood man stopped taking in and applying the Word of God. He was not cycling the Word within his soul. As a result, God's heart was grieved by man's predicament.

Here the word heart is used of both man and God. As for God this is both an anthropomorphism and an anthropopathism, as we know God is not built like man and is

instead a spiritual being without the blood pumping organ or brain as we have, nor does He think the way we do, or have the emotions we have.

Anthropomorphism is a physical attribute of man ascribed to God, which He does not literally possess in order for man to understand something about God and His policy toward man by the use of language of accommodation. Likewise an anthropopathism ascribes to God mental characteristics found in man to describe God's thinking and God's planning in human terms.

### 3. The First Mention in the New Testament, Matthew 5:8.

Matthew 5:8, "Blessed are the pure in heart, for they shall see God."

This verse tells us that when we have the cleansing of our soul through the circulation of the Word of God through our heart, we will come to have knowledge and understanding of who and what God is and our relationship with Him.

Hebrews 10:22, "Let us draw near with a sincere heart in full assurance of faith, having our hearts sprinkled clean from an evil conscience and our bodies washed with pure water."

### 4. The Second Mention is in Matthew 5:28.

Matthew 5:28, "But I say to you that everyone who looks at a woman with lust for her has already committed adultery with her in his heart."

The second mention tells us that our heart can also be a place of sin influence over our soul when we allow temptation from our Sin Nature to circulate through our heart/soul.

Just as the first two mentions of "heart" in the Old Testament had the meaning of sinfulness versus the thinking of God, the New Testament's first two mentions show the same potential dichotomy in man's heart but in reverse order.

### 5. "The Heart of Man" is the Place Where Wickedness Flourishes or is Eliminated in Parable Relationship to the Body's Metabolization System, Matthew 15:11, 15-20.

Matthew 15:15, "Peter said to Him, "Explain the parable to us." 16Jesus said, "Are you still lacking in understanding also? 17"Do you not understand that everything that goes into the mouth passes into the stomach, and is eliminated? 18"But the things that proceed out of the mouth come from the heart, and those defile the man. 19"For out of the heart come evil thoughts, murders, adulteries, fornications, thefts, false witness, slanders. 20"These are the things which defile the man.""

### 6. Our Lord Uses this Word (5) Times in the Upper Room Discourse.

He first uses the heart in our text of John 13:2, then He uses it in:

John 14:1, "Do not let your heart be troubled; believe in God, believe also in Me.

John 14:27, "Peace I leave with you; My peace I give to you; not as the world gives do I give to you. Do not let your heart be troubled, nor let it be fearful.

In these two verses the heart is the originator of fear from within. If we do not circulate the Word of God through our heart, we will instead circulate fear, worry, and anxiety.

John 16:6, "But because I have said these things to you, sorrow has filled your heart. 7"But I tell you the truth, it is to your advantage that I go away; for if I do not go away, the Helper will not come to you; but if I go, I will send Him to you."

John 16:22, "Therefore you too have grief now; but I will see you again, and your heart will rejoice, and no one will take your joy away from you."

In these two verses, we see the heart as the initiator of emotions which come from another part of the soul. We will see more of this a little later but we note that our emotions are to be led by the thinking in our heart and not vice versa.

## 7. The Usage of "Heart" is a Basis for Analogy.

Just as the physical heart is the pump that circulates blood throughout the body and thereby supports physical life, so the right lobe of the soul circulates Bible doctrine supporting the spiritual life of the believer. Bible Doctrine is actually perceived and understood in the left lobe of the soul, but it is in the right lobe where it is actually circulated and utilized.

The mentality of the soul is divided into two lobes: The left lobe, called the NOUS, meaning mind or thought; and the right lobe, called KARDIA, meaning heart. This is noted in Job 38:36, This was Font/Pitch 2,12 - On."Who endowed the heart with wisdom, or who gave understanding to the mind?"

The right lobe is the dominant lobe designed by God to dominate the entire soul. Whenever you are logical, analytical, or categorical in your thinking, you are using your heart, 1Samuel 16:7.

1Samuel 16:7, "But the LORD said to Samuel, "Do not look at his appearance or at the height of his stature, because I have rejected him; for God sees not as man sees, for man looks at the outward appearance, but the LORD looks at the heart."

Proverbs 23:7, This was Font/Pitch 2,12 - On. "As a man thinks in his right lobe [heart], so he is."

The Hebrew word for "thinks" is שׂוֹחֵלֵב - sha'ar [shaw-ar']..

SHAAR means to split open, reason out, calculate, reckon, or estimate. It is a primitive root that literally means to act as gatekeeper (compare to SHOER); figuratively it means to estimate or think.

So again we see the dichotomous action of the heart choosing for or against the ways of God through discernment based on what he has received in his heart, cosmic demon influence or the Word of God.

#### 8. The Bible Never Uses the Heart for Emotion.

Emotions are designed to respond to thinking that comes from the heart of your soul, never the other way around. Faith too comes from the heart because faith is thinking, not emotion.

2 Corinthians 6:11, "Our mouth has spoken freely to you, O Corinthians, our heart is opened wide. 12You are not restrained by us, but you are restrained in your own affections (emotions)."

Notice that emotions and heart are in contrast in this passage. Therefore, emotions are not a part of the function of the heart/right lobe of the soul.

Romans 1:21, "For even though they knew God, they did not honor Him as God or give thanks, but they became futile in their speculations, and their foolish heart was darkened."

This is a reference to the person who is negatively influenced and led by their emotions.

Romans 6:17, "But thanks be to God that though you were slaves of sin, you became obedient from the heart to that form of teaching to which you were committed, 18and having been freed from sin, you became slaves of righteousness."

This is a reference to the person who has rejected emotional control of the soul and is instead led by the Word of God circulating in their soul which causes them to build upon their souls with more and more Bible Doctrine.

#### 9. True Happiness Emanates from the Word of God Circulating in the Heart of Your Soul.

Proverbs 17:22, This was Font/Pitch 2,12 - On."A joyful heart is good medicine, but a broken spirit dries up the bones."

This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.Having a joyful heart means you share God's happiness (+H) in your right lobe, which is Problem Solving Device #9.

Proverbs 15:13-15, This was Font/Pitch 2,12 - On."A happy heart makes the face cheerful, but when the heart is sad, the spirit is broken. The heart of the intelligent seeks

knowledge, but the mouth of a fool feeds on folly. All the days of the oppressed are wretched, but the cheerful heart has a continual feast."

That reminds me of a story I received via email last week:

A holy man was having a conversation with the Lord one day and said, "Lord, I would like to know what Heaven and Hell are like."

The Lord led the holy man to two doors. He opened one of the doors and the holy man looked in. In the middle of the room was a large round table. In the middle of the table was a large pot of stew, which smelled delicious and made the holy man's mouth water. The people sitting around the table were thin and sickly. They appeared to be famished. They were holding spoons with very long handles that were strapped to their arms and each found it possible to reach into the pot of stew and take a spoonful, but because the handle was longer than their arms, they could not get the spoons back into their mouths. The holy man shuddered at the sight of their misery and suffering.

The Lord said, "You have seen Hell."

They went to the next room and opened the door. It was exactly the same as the first one. There was the large round table with the large pot of stew, which made the holy man's mouth water. The people were equipped with the same long-handled spoons, but here the people were well-nourished and plump, laughing and talking.

The holy man said, "I don't understand."

"It is simple", said the Lord, "it requires but one skill. You see, they have learned to feed each other, while the greedy think only of themselves."

Now from Proverbs 15:13-15 we also note:

This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

a) "God's +H in the heart makes for a cheerful face", means you will have a marvelous life with vibrancy and animation when you have the Word of God in your right lobe.

b) But the "spirit is broken" meaning the heart is sad, down, or complaining when you do not have the Word in your right lobe.

c) "The heart of the intelligent seeks knowledge," means that your motivation for learning more Bible doctrine comes from the Bible doctrine you already have in your right lobe.

d) "The continual feast" means continuous circulation of Bible doctrine in the heart with never ending supply and sustenance.

## 10. The Heart is a Part of the Essence of the Soul.

The soul is composed of at least four invisible but real parts:

Self-consciousness, Acts 20:10,

Mentality, Proverbs 19:2,

Volition, Acts 3:23,

Emotion, Luke 12:19.

The Mentality of the soul is divided into two parts: The left and right lobes.

According to scientists, one lobe is verbal and analytical, while the other is mute and mysterious. Scientists say that the right hemisphere has language ability and is analytical; and the left hemisphere is artistic and talented. In most people one side is more dominant than the other is. Talented people tend to live using mostly the non-thinking part of their brain.

In the Bible we classify the mute side as the left lobe (Mind) and the verbal hemisphere as the right lobe (Heart).

The right lobe is where you do your thinking, analyzing, applying of knowledge, and is the seat of common sense.

The left lobe is your place of assimilating information, and the area where your talent functions.

The Bible says the heart is part of the essence of the soul; it is the thinking, reasoning part. It is designed to dominate the soul. Therefore, it must be the target for doctrinal teaching, 1 Kings 3:9,12; Psalms 119:11, 19:14.

To reach its target (the right lobe / Heart), the Word of God must pass through two staging areas: The left lobe and the human spirit.

## 11. The Essence of the Biblical Heart.

There are six compartments to the Heart of your soul including: the Frame of Reference, Memory Center, Vocabulary, Categorical Storage, Conscience; Launching Pad. We begin by noting the Frame of Reference.

### A. Frame of Reference.

Definition, Webster Dictionary (1897), "An arbitrary set of axis with reference to which the position or motion of something is described or physical laws are formulated. A set of

ideas, conditions, or assumptions that determine how something will be approached, perceived, or understood."

The Frame of Reference provides the basis for effective communication of ideas in conversation, in professional functions, in witnessing, in social interaction, and in the exchange of ideas.

In application to the soul, it is the conceptual structure to which the Word of God, its principles and categories of Scripture are related. It is the entrance of the heart as the first place where Bible doctrine goes. This is because knowledge is built upon knowledge; truth is built on truth. Isaiah 28:10

In the Frame of Reference, information comes in and is processed out to the other parts of the soul.

Throughout this doctrine, we will utilize the analogy of a "filing cabinet" to explain how the KARDIA / heart of the soul works, the overall Heart is the filing cabinet. It is the central resource center for storing and finding information within our souls. Then there is the Frame of Reference which are the various draws within the filing cabinet that provide first access to the central resource center for storing and finding information within our souls. It is the reference for entering new information and removing old information, just as you enter new files into the filing cabinet and remove old ones when they are no longer useful.

1) The Frame of Reference retains metabolized Bible doctrine under the principle that doctrine is built upon doctrine. You must learn from the simple to the complex.

The simple things are the foundation in the Frame of Reference for building systematic theology. In essence, spiritual growth is systematic theology in your soul.

2) The Frame of Reference retains previously learned metabolized doctrines and becomes the entrance for new ones.

The Frame of Reference is the location or area of retention of EPIGNOSIS doctrine.

1) The Frame of Reference is the location of all concepts related to the Mystery Doctrine of the Church Age, which explains the Plan of God, i.e., God's will, plan, and purpose for your life.

2) The Frame of Reference is the seat of the inventory of metabolized doctrine, from which application of Bible doctrine or wisdom is performed. For example the Frame of Reference stores the information pertaining to the Ten Problem Solving Devices for the Church Age.

3) Metabolized doctrine in the Frame of Reference is the basis for the construction of the Edification Complex of the Soul.

4) Metabolized doctrine in the Frame of Reference is the basis for the execution of the Plan of God; therefore, it is the basis for the glorification of God and for the manufacturing of invisible heroes.

5) Metabolized doctrine in the Frame of Reference increases your Spiritual I.Q. and provides the basis for learning more advanced doctrines. The amount of doctrine you have in your Frame of Reference is what really determines your Spiritual I.Q.

6) Metabolized Bible doctrine in your Frame of Reference provides your first divine viewpoint, and it begins to shape your mental attitude for the conflict between divine and human viewpoint, which is a constant struggle until you reach spiritual adulthood.

7) Metabolized Bible doctrine in your Frame of Reference provides the right motivation for the Plan of God. It creates motivation for learning more doctrine and so results in increased momentum. Metabolized doctrine is the momentum factor that keeps you moving in the spiritual life and eventually leads to execution of God's Plan for your life.

Proverbs 4:4, This was Font/Pitch 2,12 - On."Then He taught me and said to me, `Let your heart [right lobe] hold fast My doctrines, keep My mandates, and live."

Your heart is the source of concentration. Your ability and motivation for concentration starts with your Frame of Reference.

1 Corinthians 2:9, This was Font/Pitch 2,12 - On."Things which the eye has not seen and the ear has not heard, and have not entered into the heart of mankind all that God has prepared for those who love Him."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

1) There is no way you can understand all that God has prepared for you apart from your Frame of Reference being saturated with the Mystery Doctrine of the Church Age. You can only understand all that God has done for you when Bible doctrine enters the right lobe of the soul.

2) To come to love God indicates spiritual progress. Personal love for God the Father is the 7th Problem Solving Device (PSD) and is the motivation for the Christian way of life.

Occupation with the Person of Christ, PSD #10, is the priority solution to problem solving in life, which is only accomplished if you have the Word of God in your Frame of Reference.

We do not have a human Frame of Reference for the perception of God's Word, but a spiritual Frame of Reference for spiritual phenomena (PNUEMAKITOS). 1 Corinthians 2:13

The Frame of Reference constructs an instant reaction force or a red-alert system from metabolized doctrine, so that you can tell what is true and what is false in the communication of the Word. 2 Corinthians 10:5; Philippians 1:9-11

2 Corinthians 10:5, "We are destroying speculations and every lofty thing raised up against the knowledge of God, and we are taking every thought captive to the obedience of Christ."

Philippians 1:9, "And this I pray, that your love may abound still more and more in real knowledge and all discernment, 10so that you may approve the things that are excellent, in order to be sincere and blameless until the day of Christ; 11having been filled with the fruit of righteousness which comes through Jesus Christ, to the glory and praise of God."

Certain doctrines form your instant reaction force to solve the problems of life and cosmic involvement.

This is how the construction of the PSD's for the Christian way of life is started. Metabolized Bible doctrine in the Frame of Reference is the basis for the manufacture and the function of all ten PSD's.

Many baby believers have been delivered from many false doctrinal areas because, from their Frame of Reference, they had certain instincts and knew something was wrong with false ideas, emotional activity, ritual, and the like. So the Frame of Reference is where you get your first protection in life.

The Frame of Reference's alert system is so necessary in the Christian life because you must learn to avoid error, con artists in the spiritual realm, false teachers, and phony Christian service which is used to con believers.

Metabolized Bible doctrine in your Frame of Reference produces recall in various stages and circumstances of life. Lamentations 3:20-25

Lamentations 3:20-25, "Surely my soul remembers and is bowed down (humbled) within me. 21 This I recall to my mind, therefore I have hope. 22 The LORD'S lovingkindnesses indeed never cease, for His compassions never fail. 23 They are new every morning; great is Your faithfulness. 24 "The LORD is my portion," says my soul, "Therefore I have hope in Him." 25 The LORD is good to those who wait for Him, to the person who seeks Him."

This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

The Frame of Reference provides capacity for life, happiness, blessing, success, prosperity, and promotion.

Psalms 119:16, This was Font/Pitch 2,12 - On."I delight in Your Bible doctrine; I shall not forget Your Word."

This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually. That leads to the next compartment in our Heart, which is the Memory Center.

## B. Memory Center.

We now focus on the second compartment of the Heart, the Memory Center.

As we have noted in our analogy of a "filing cabinet" to explain how the KARDIA / heart of the soul works, the overall Heart is the filing cabinet. Then there is the Frame of Reference which are the various draws within the filing cabinet that provide first access to the central resource center for storing and finding information within our souls. The Frame of Reference is the location for the classification of Bible doctrine. Now the Memory Center is the actual files you place within a filing cabinet. It is the actual storage of information within your soul.

The Memory Center is also the place of recall within our soul. It is the place where we bring back into remembrance all of the Bible doctrine we have learned and stored within our souls. All of this, of course, is accomplished through the power and filling of God the Holy Spirit. This is analogous to taking out a file within the filing cabinet and reading what is in the file.

Recall is necessary for the application of the Word of God to experience for worship, training the Christian reflexes, and the function of the Problem Solving Devices.

The Memory Center circulates Bible doctrine into the various parts of the right lobe producing recall. It recalls information like a computer. You associate things in your Frame of Reference and then remember them from the function of the Memory Center. After a lot of repetition, the Memory Center stores the doctrines you have learned so that you can recall them in the future.

Recall is synonymous with the application of Bible doctrine to experience and is therefore a part of wisdom (EPIGNOSIS and SOPHIA).

For example, recall becomes the basis for structuring the Problem Solving Devices within your soul.

It may take only one verse to apply recall of a Doctrine such as 1 John 1:9, or one word such as Rebound or several verses and words combined to recall a Biblical principle of application.

More complex recall occurs after we learn about the Plan of God, including our Portfolio of Invisible Assets, the Unique Spiritual Life, Suffering for Blessing, and the Life Beyond GNOSIS. It all depends on how your Frame of Reference is developed.

Recall is the basis for the function of all three stages of the Faith-Rest Drill. 1) Establish a relaxed mental attitude and claim promises of God. 2) Concentrate on pertinent doctrine in a logical order [doctrinal rationale]. 3) Reach doctrinal conclusions.

We can not apply faith without information to believe in. When we recall information from the Word of God, we now have the opportunity to apply faith rest towards that information, but without information we have no basis for applying faith. We will see more of this in our Sunday studies on the PSD's.

Recall is the application of the doctrinal rationales to the circumstances of life. The principle of Doctrinal Rationale is when we combine various bits of knowledge from the Word of God together to form categories of doctrines in our soul. Once we have the doctrines stored in our souls, we can then recall and apply them logically and rationally to the situations of life. So Doctrinal Rationale is the recall and application, in faith, of the Word of God in our lives. For example, the essence of God rationale, the Plan of God rationale, the POLITEUMA rationale, the grace of God rationale, the logistical grace rationale, etc.

Recall has nothing to do with whether or not you have a good memory as a human being. It has everything to do with the intake of the Word of God and the building of our Spiritual IQ by God the Holy Spirit.

Repetition is the key. You must hear a doctrine over and over again. The more you hear a doctrine, the quicker your spiritual IQ is built up and the sooner you will apply it to life.

You haven't learned a doctrine until you can't forget it! You cannot use what you cannot recall. You can't look up the pertinent principles and doctrines in your notebook when you're being tested. It must already be in your Memory Center. You can only apply what you have learned.

Therefore, recall is the application of EPIGNOSIS doctrine in the right lobe to the circumstances of life. When EPIGNOSIS doctrine is applied, it is called wisdom (SOPHIA).

Lamentations 3:20-25, "Surely my soul remembers and is bowed down (humbled) within me. 21 This I recall to my mind, therefore I have hope. 22 The LORD'S lovingkindnesses indeed never cease, for His compassions never fail. 23 They are new every morning; great is Your faithfulness. 24 "The LORD is my portion," says my soul, [Frame of Reference and Memory Center]; "Therefore I have hope in Him."

What memory brings about humility as the basis for function in the spiritual life? Verse 21 answers the question; the memory of Bible doctrine.

In Jeremiah's case, he had both Doctrinal Orientation and Grace Orientation, PSD's 3 and 5, operating in his soul because he saturated his Memory Center with the Word of God.

Psalms 119:16, This was Font/Pitch 2,12 - On."I delight in doctrine; I shall not forget Your word."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

Psalm 119 was the thinking of those young people on that long march from Jerusalem to Babylon as they were terribly treated and abused. They had learned much about the Word of God and recalled it under the most awful circumstances.

Psalms 119:109, This was Font/Pitch 2,12 - On."My life is continually in my hand (an idiom for "in constant danger"), but I do not forget Your law (doctrines)."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

The Frame of Reference plus the Memory Center equals the recall of Bible doctrine.

2 Corinthians 10:4-6, "For the weapons of our warfare are not of the flesh, but divinely powerful for the destruction of fortresses. 5We are destroying speculations and every lofty thing raised up against the knowledge of God, and we are taking every thought captive to the obedience of Christ, 6and we are ready to punish all disobedience, whenever your obedience is complete."

The context of this passage is the angelic conflict, and the issue is your weaponry. You must have the right weapons. You come to Bible class to arm yourself spiritually. God provides the weaponry which is all in one arsenal, God's power system.

The phrase in verse six "we are ready" is better translated "holding in readiness" and refers to EPIGNOSIS doctrine in the Frame of Reference and in the Memory Center.

### C. Vocabulary Storage.

Throughout this doctrine we have been utilizing the analogy of a "filing cabinet" to explain how the KARDIA / heart of the soul works, the overall Heart is the filing cabinet. Then there is the Frame of Reference which are the various draws within the filing cabinet that provide first access to the central resource center for storing and finding information within our souls. Then we noted the Memory Center as the actual files placed within the filing cabinet. It is the actual storage and retrieval of information within your soul. Now we have Vocabulary Storage. This is analogous to the tabs or headings we put on the files as a technical reference to the information within the file. We have information in the file but we must put a heading on it for easy access and recall.

Vocabulary Storage is the place where thinking develops and where technical words are stored which develop new ideas. You cannot think beyond your vocabulary.

Vocabulary begins in the NOUS / mind / left lobe of your soul and is developed as a result of learning new things and new information. Once you learn new things and accept or believe them, it is then transferred to the KARDIA / heart / right lobe of your soul.

Concepts are first learned in the left lobe where they are meaningless until we accept them; then they are transferred to the right lobe where they have form and meaning.

Often our capacity for life is related to our vocabulary. If our vocabulary is limited, our experience and thinking is limited. If our vocabulary is expansive, our experiences and thinking will be expansive.

After salvation, the believer must learn an entirely new vocabulary, including technical words for theology which is tantamount to learning a new language for thinking, for application, and for expression of their spiritual life.

Just as at physical birth a baby must learn a language and the meaning of words, so after regeneration the believer must learn an entire new language.

Cognizance of technical language is necessary to understand and apply Bible doctrine to your life. The plan of God, of necessity, is couched in technical, theological terms.

For example:

Soteriology = the doctrine of salvation

Harmartiology = the doctrine of sin

Eschatology = the doctrine of end times/kingdom of God

Bibliology = the understanding of the Bible's design and development

Theology = the doctrine of God.

Christology = the doctrine of Jesus Christ

Pneumatology = the doctrine of the Holy Spirit

Angelology = the doctrine of Angels

Anthropology = the doctrine of man

Ecclesiology = the doctrine of the Church

Hypostatic Union = Jesus Christ is 100% God while being 100% man

Etc.

Jeremiah 15:16, This was Font/Pitch 2,12 - On."Your words were discovered and I ate [metabolized] them, and Your words became for me a joy and the delight of my heart."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

Deuteronomy 8:3, This was Font/Pitch 2,12 - On."And He humbled you [the Exodus generation] and He let you be hungry and He fed you with manna which you did not know, nor did your ancestors know that He might cause you to understand that mankind does not live by bread alone, but man lives by every word that proceeds from the mouth of God."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually., quoted in Matthew 4:4 by our Lord at the temptation by Satan.

Psalms 119:103 "How sweet are Your words to my taste! Yes, sweeter than honey to my mouth! 104 From Your precepts I get understanding; Therefore I hate every false way."

Psalms 119:130, "The unfolding of Your words gives light; It gives understanding to the simple. 131I opened my mouth wide and panted, For I longed for Your commandments."

#### D. Categorical Storage.

Throughout this doctrine we have been utilizing the analogy of a "filing cabinet" to explain how the KARDIA / heart of the soul works, the overall Heart is the filing cabinet. Then there is the Frame of Reference which are the various draws within the filing cabinet that provide first access to the central resource center for storing and finding information within our souls. The Memory Center is the actual files you place within a filing cabinet. It is the actual storage of information within your soul. Vocabulary Storage is analogous to the tabs or headings we put on files as a technical reference to the information within the files giving us easy access and recall. Next is Categorical Storage, which is the organization system we use to file our files. For example we file alphabetically, by date, by topics, by projects, etc. Categorical Storage is the systematic grouping together of similar information.

Categorical Storage, coordinated within the Frame of Reference, classifies Bible doctrine. This is the storage area of any technical concepts or categorical information in any area of life. It is related to recall from both the Memory Center and Vocabulary. You remember principles and technical words, and you finally put them all together.

By comparing Scripture with Scripture, certain subjects are brought together in the divisions of doctrine for the purpose of classification. In the various parts of Scripture, many ideas are covered from different viewpoints but are still part of the same subject. For example Christ spoke from the viewpoint of fishing, farming, tax collecting, shepherding, etc. but conveyed the same overall message of salvation and living the spiritual life.

Categories are fundamental concepts of doctrine to which all knowledge of doctrine can be reduced.

Categories are the divisions of doctrine formed for the purpose of classification of subjects and subject matter in the Word of God.

Categorical Storage is the basis for conceptualism in the Perception, Metabolization, and Application (PMA) of Bible doctrine post salvation.

Both Vocabulary and Categorical Storage are essential to spiritual growth and the execution of God's plan for your life.

Proverbs 2:2, This was Font/Pitch 2,12 - On."Make your ear attentive to (concentrate on) wisdom; apply your heart (right lobe) to understanding.This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually." Only you can make your ear concentrate; no one can do it for you.

You are to concentrate on wisdom, which is CHOKMAH in the Hebrew. CHOKMAH is the Word of God resident within your soul that is applied to life. It is a combination of the Greek EPIGNOSIS plus SOPHIA. Wisdom is the basis of spiritual growth.

By applying your right lobe to understanding the Word of God by the power of God the Holy Spirit, you develop Categorical Storage of Bible Doctrine in your soul.

The heart pumps EPIGNOSIS doctrine through the Frame of Reference, Memory Center, Vocabulary, and Categorical Storage areas. Without concentration and positive volition to what is taught, you will not develop Vocabulary or Categorical Storage of doctrinal information.

Proverbs 2:10, This was Font/Pitch 2,12 - On."Wisdom will enter your heart, and knowledge (God's Word) will be pleasant to your soul.This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually."

Proverbs 3:3, "Do not let kindness and truth leave you; bind them around your neck, write them on the tablet of your heart."

Proverbs 15:14-15, This was Font/Pitch 2,12 - On."The mind of the intelligent seeks knowledge;a good heart has a continual feast."

This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

Proverbs 18:15, This was Font/Pitch 2,12 - On."The heart of the wise acquires knowledge (of Bible doctrine); the ear of the wise seeks knowledge (of Bible doctrine).This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually."

The "heart of the wise" is spiritual growth. It acquires knowledge through PMA.

The "ear of the wise" is positive volition. With positive volition everything falls into place. Positive volition continually seeks the Word of God.

Categorical Storage is the putting together of words into sentences, sentences into paragraphs, paragraphs into chapters, chapters into books, etc. It is cognizance of the various doctrinal categories used to communicate information to the believer.

Knowledge is built on knowledge. Simple categories of doctrine lead to the more complex categories of knowledge in the classification of Biblical categories.

The study of doctrines categorically becomes the basis for greater and greater application. It is very easy to mix the promises with faith in the simple form of the Faith-Rest Drill. But to take a complicated Problem Solving Device in your life and apply various concepts and rationales of Bible doctrine to it requires a greater use of your right lobe.

Eventually, the greatest Problem Solving Devices in spiritual adulthood are resolved by categorical application. In the Faith-Rest Drill, instead of claiming a promise, you begin to claim doctrinal rationales. It is from categories that you get stronger application of doctrine to your experience.

Both vocabulary and categorical storage are essential for renewing your mind, Romans 12:2. Cognition of a technical vocabulary of Biblical theology is necessary for the fulfillment of the Plan of God.

Every term, including Rebound, Faith-Rest Drill, Hope 1, 2, and 3, Spiritual Self-Esteem, Virtue-Love, Problem Solving Devices, the Plan of God, God's Power System for our life, the Portfolio of Invisible Assets, Escrow Blessings, Logistical Grace blessings, Election, Predestination, etc., all have extensive doctrinal explanations. They must be stored in both the Vocabulary and Categorical compartments of the soul's right lobe for your reference.

#### E. Conscience.

Throughout this doctrine we have been utilizing the analogy of a "filing cabinet" to explain how the KARDIA / heart of the soul works, the overall Heart is the filing cabinet. Then there is the Frame of Reference which are the various draws within the filing cabinet that provide first access to the central resource center for storing and finding information within our souls. The Memory Center is the actual files you place within the filing cabinet. It is the actual storage of information within your soul. Vocabulary Storage is analogous to the tabs or headings we put on files as a technical reference to the information within the files giving us easy access and recall. Categorical Storage is the systematic grouping of reference material for application. For example we categorized files alphabetically, by date, by topics, by projects, etc. Next we have the Conscience which is the scanning of information within a file to use as reference material. It is the actual reference material within a file that is applied in our lives.

The word and meaning of Conscience comes from a combination of Greek and Latin terms. The Greek word SUNEIDESIS means, "to know with." The equivalent Latin CONSCIENTIA means joint knowledge, i.e., to know with a standard. From these two terms we understand the Conscience to be "the joining of knowledge together to from standards within your soul".

Psalms 119:103, "How sweet are Your words to my taste! Yes, sweeter than honey to my mouth! 104From Your precepts I get understanding; Therefore I hate every false way" (norms and standards).

The Conscience is the heart's (right lobe of your soul) storage compartment for your norms and standards and priorities in life, Romans 9:1, 2 Corinthians 5:11; Titus 1:15; Hebrews 9:14.

Romans 9:1, "I am telling the truth in Christ, I am not lying, my conscience testifies with me in the Holy Spirit, 2that I have great sorrow and unceasing grief in my heart." This was Paul's attitude towards the Jews for rejecting Christ as the Messiah. He had the knowledge of God in his heart and through the ministry of the Spirit was able to express sorrow towards the unbeliever.

So you see you have to know something to have a Conscience. The Conscience extrapolates from whatever you put into your soul; the norms and standards for life. When you know something, whether it is good or bad, you develop standards from that knowledge. Whatever you learn in the right lobe becomes a part of your norms and standards.

2 Corinthians 5:11, "Therefore, knowing the fear of the Lord, we persuade men, but we are made manifest to God; and I hope that we are made manifest also in your consciences."

That is why it is so important to be careful about what you put into your soul and to take every thought captive. 2 Corinthians 10:5, 12-13

1 Corinthians 3:10, "According to the grace of God which was given to me, like a wise master builder I laid a foundation, and another is building on it. But each man must be careful how he builds on it. 11For no man can lay a foundation other than the one which is laid, which is Jesus Christ."

Ephesians 5:15, "Therefore be careful how you walk, not as unwise men but as wise, 16making the most of your time, because the days are evil."

Ezekiel 36:27, "I will put My Spirit within you and cause you to walk in My statutes, and you will be careful to observe My ordinances."

Joshua 1:8, "This book of the law shall not depart from your mouth, but you shall meditate on it day and night, so that you may be careful to do according to all that is written in it; for then you will make your way prosperous, and then you will have success."

In the development of your Conscience, you must have vocabulary and thought to establish norms and standards. It is first built on one word, no or don't, negative words, which forbid doing something. Later on there is explanation and reason in both positive and negative terms to go along with the prohibition, but it begins simply.

So too does the Conscience develop in the spiritual realm; first with simple adherence to God's ordinances; later with knowledge, obedience to His Plan for your life.

Romans 2:15, This was Font/Pitch 2,12 - On."the law printed [written] in their hearts [right lobes], their conscience bearing witness, and their thoughts alternately accusing or else defending them."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

Once you have norms and standards, you orient to whether you are doing something right or wrong. Therefore, the Conscience becomes the residency of the priorities of your soul, Daniel 1:8.

Daniel 1:8, "But Daniel made up his mind that he would not defile himself with the king's choice food or with the wine which he drank; so he sought permission from the commander of the officials that he might not defile himself."

Your Conscience is Divided into Two Parts:

a) The place for norms and standards developed from the Word of God resident in your soul.

b) The carnal norms and standards developed from your Old Sin Nature and cosmic living.

The decisions you make as a believer are generally based on your conscience inspired by either the Word of God or your Sin Nature. Unbelievers can only make decisions from their Sin Nature.

If your decisions are based on your doctrinal norms and standards, then your decisions are divine good decisions (fruit of Spirit) from a position of strength, (gold, silver, and precious stones).

If your decisions are based on your carnal norms and standards, then your decisions are bad decisions from a position of weakness (wood, hay and straw, 1 Corinthians 3:12;

2 Corinthians 5:10).

1 Corinthians 8:7, This was Font/Pitch 2,12 - On."Not all men have this knowledge [about food offered to idols], but some being accustomed to idol worship until now [when saved] eat the food as if it were sacrificed to idols, and their conscience, being weak, is defiled."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

Our norms and standards determine our priorities in life. Your priorities form your scale of values. If you have false standards in your Conscience they cause spiritual weaknesses in your soul.

"Some of the best food in Corinth had been offered to idols and then sold as the choicest meat in the temple market. Food is food and meat is meat. So it was alright to eat that food, once you sanctified it. But for those with an idolatrous background and a cosmic conscience, eating food offered to idols was very offensive. Likewise those with a legalistic Conscience from a religious background did not understand the grace policy of God and had a warped sense of conscience. So there is a conflict between those with a strong Conscience based on the principles found in the Word of God and those with a weak Conscience based on demon influence. A strong Conscience has Biblical standards from EPIGNOSIS and SOPHIA. A weak Conscience lives by standards acquired from its cosmic background, which may or may not be good, or which may be distorted in the spiritual life. Eating is a physical issue, and has nothing to do with the spiritual life. The weak Conscience assumes he's strong, because legalism always assumes it is strong. Yet legalism is really weak." R.B. Thieme, Jr.

The Conscience is a very sensitive thing. It can be erroneous in its concepts apart from Bible doctrine. If the Word of God does not feed the Conscience, instinct will quickly develop into legalism.

The norms and standards located in the Conscience are directed toward both God and man, but primarily toward mankind until you become aware of the existence of God and what He has done for you.

Acts 24:16, This was Font/Pitch 2,12 - On."In view of this, even I myself keep practicing to maintain even a blameless conscience, both before God and before men."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

True strength is to develop your standards toward both God and man from the Biblical standards of doctrine.

2 Corinthians 4:2, This was Font/Pitch 2,12 - On."But we have renounced the things hidden because of shame [false doctrine and apostasy], not walking in craftiness, not adulterating the Word of God, but by the manifestation of truth, commending ourselves to every man's conscience in the sight of God."

This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.Paul is saying that there is a legitimate mode of operation that goes with the spiritual life. You will build up norms and standards related to it from Bible doctrine, and at the same time set aside false norms and standards related to legalism or any other Cosmic thinking.

Principles Related to the Conscience:

a) The believer's Conscience demands that he submit to establishment authority.

Romans 13:5, This was Font/Pitch 2,12 - On."Therefore, it is necessary to be in subordination, not only because of wrath [law enforcement], but also for conscience sake."

This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.In other words, the Christian doesn't refrain from criminal activity because he's afraid of going to jail, but because, with a strong conscience, his norms and standards refuse to let him even consider any criminal or sinful activity. The Conscience in the soul is far stronger than any fear of punishment from law enforcement.

b) The Conscience is a motivator within our soul to live in the Righteousness of God under His grace.

2 Timothy 1:3, This was Font/Pitch 2,12 - On."I thank God whom I serve with a clear conscience, the way my ancestors did, as I constantly remember you in my prayers day and night."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

We also see that the Conscience has something to do with your effectiveness in prayer. Paul's Conscience demanded that he prays for certain people, and he did so. Paul didn't pray for people because he liked them, but for conscience sake, which is the strongest possible motivation.

c) The Conscience is tested and trained when confronted with unjust and unfair treatment.

1 Peter 2:18-19, This was Font/Pitch 2,12 - On."Servants, be submissive to your masters with all respect, not only to the good and gentle masters, but also to the perverse and unreasonable ones; for this is grace, if for the sake of conscience toward God anyone bears up under sorrows when suffering unjustly."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

"Though originally addressed to slaves, this verse came to refer to anyone who is under the authority of someone else. Some people in authority are perverse, but you are just as responsible to submit to their authority. You serve them and do your best job as unto the Lord. Such a believer has a strong conscience. The weak believer complains and rejects authority, and so becomes a loser (of rewards). So it is very important to have a Conscience based on EPIGNOSIS doctrine so that you can handle unjust treatment in the same manner that you handle fair treatment." R.B. Thieme Jr.

d) When going through suffering for blessing a good Conscience is a witness to others and causes the accuser to reflect upon their own Conscience. 1 Peter 3:14-16

1 Peter 3:14-16, This was Font/Pitch 2,12 - On."But even if you should suffer for the sake of righteousness, you are blessed. And do not fear their intimidation, and do not be troubled, 15but sanctify Christ as Lord in your hearts, always being ready to make a defense to everyone who asks you to give an account for the hope that is in you, yet with gentleness and reverence; 16and keep a good conscience so that in the thing in which you

are slandered, those who revile your good behavior in Christ will be put to shame."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

All three categories of suffering for blessing are in view here, Providential Preventative Suffering, Momentum Testing, and Evidence Testing. Regardless of the category of suffering you are under, you will be sustained by applying the Word of God resident within your soul, (Occupation with the Lord Jesus Christ). When you are faced with adversity, such as slandering, your Conscience refrains you from retaliating. Instead you turn the matter over to God, (the Supreme Court of Heaven), in faith and rest in Him.

e) Reversionism and apostasy in a believer's life is related to a Conscience that has been destroyed through neglect of Bible doctrine and absorption of Cosmic thinking, resulting in scar tissue upon their soul.

1 Timothy 4:1-2, This was Font/Pitch 2,12 - On. "But the Spirit explicitly says that in later times some will fall away from the faith, paying attention to deceitful spirits and doctrines of demons, 2by means of the hypocrisy of liars seared in their own conscience as with a branding iron, (scar tissue as a result of reversionism)."

This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

f) The Conscience is purified from built up scar tissue and dead works through the substitutionary spiritual death of Jesus Christ on the cross. Hebrews 9:14

Hebrews 9:14, This was Font/Pitch 2,12 - On."How much more will the blood of Christ, who through the eternal Spirit offered Himself without blemish to God, cleanse your conscience from dead works to serve the living God?"This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

We are cleansed at the moment of Salvation. That is true. But if we perform dead works (works performed in carnality absent the power of God the Holy Spirit) post salvation, the cross remains effective for cleansing through the confession of sin, 1 John 1:9. With a cleansed conscience you are now able to truly and righteously serve and glorify God.

Divine omnipotence and human power are mutually exclusive. Serving God and fulfilling His Plan cannot be accomplished by human power. Human power, including legalism, destroys the Conscience and results in dead works.

Serving God means the utilization of divine power and the cognition of Bible doctrine, which establishes the norms and standards for the right lobe / heart of your soul.

So the Conscience in the Heart (right lobe) of Our Soul:

a) Demands the believer submit to establishment authority.

- b) Motivates him to live in the Righteousness of God under grace.
- c) Tests and trains the soul under unjust and unfair treatment.
- d) Is a witness to and causes self-reflection in others when suffering for blessing.
- e) Is destroyed through neglect of Bible doctrine and absorption of Cosmic thinking, resulting in scar tissue upon the soul when in reversionism and apostasy.
- f) Is purified from scar tissue and dead works through the substitutionary spiritual death of Jesus Christ on the cross.

#### F. The Launching Pad.

Throughout this doctrine we have been utilizing the analogy of a "filing cabinet" to explain how the KARDIA / heart of the soul works, the overall Heart is the filing cabinet. Then there is the Frame of Reference which are the various draws within the filing cabinet that provide first access to the central resource center for storing and finding information within our souls. The Memory Center is the actual files you place within the filing cabinet. It is the actual storage of information within your soul. Vocabulary Storage is analogous to the tabs or headings we put on files as a technical reference to the information within the files giving us easy access and recall. Categorical Storage is the systematic grouping of reference material for application. The Conscience is the scanning of information within a file to use as a basis of reference regarding the situations of life. Finally we arrive at the Launching Pad. The Launching Pad is the gathering together of things stored within the filing cabinet. It is the animated process of removing a file and utilizing what is in that file.

The Launching Pad is the final and critical compartment of the Heart of your soul.

This is the compartment that when confronted with an issue or situation, gathers information from the other five compartments of the Heart and sets it in motion.

It is the staging and application of metabolized Bible doctrine resident in your soul and/or Problem Solving Devices to the various experiences of life.

Applying the Word of God that you have learned to the situations of life is called Wisdom.

The Launching Pad is the staging area for EPIGNOSIS (complete knowledge) Bible Doctrine and setting it in motion to become SOPHIA (wisdom) as you apply it to life.

Wisdom should be the natural outpouring of your soul as a result of learning the Word of God.

If it is not, then arrogance has or will set in.

Unfortunately many believers don't take in the Word of God after salvation and do not receive EPIGNOSIS. That is problem #1.

Problem #2 is that some believers with EPIGNOSIS Bible doctrine do not apply it in faith.

The most common cause of Problem #1 and #2 is that arrogance (i.e. independence and self-reliance emanating from the Sin Nature) has taken up residence in the soul in the place of EPIGNOSIS.

Without wisdom applied from your soul, there is arrogance.

The Greek word for wisdom, SOPHIA and the Hebrew equivalent, CHOKMAH means the ability to relate metabolized Bible doctrine in the Heart (right lobe) to life.

Therefore, it is the ability to deal sagaciously (keen and farsighted judgment, acute discernment) with life from the accumulated facts and knowledge of the Mystery Doctrine of the Church Age.

The Launching Pad is an entrance hall or conduit for EPIGNOSIS Bible Doctrine to be applied. It works as follows:

You are faced with a situation in life. The Frame of Reference sends first some general reference points that are related to the situation. Then the Memory Center sends in recalled details and data regarding those reference points. This is followed by the Vocabulary sending technical specifications that can be used for the situation. Next the Categorical Storage compartment sends supporting data from multiple reference points. Then the Conscience brings forth reasoning based on all the norms and standards built in your soul from accumulated Bible Doctrine that has flowed through it. And finally the Launching Pad gathers together all supporting materials, stages them for launch, and thrusts them forward within your soul so that the Wisdom of God flows throughout your soul and can be applied to the situation you are faced with.

This all occurs under the function of your very own Royal Priesthood through the enabling power of God the Holy Spirit working within your soul.

You cannot apply what you do not know. You can only apply Bible doctrine for yourself; the Pastor cannot apply Bible doctrine for you.

John 16:13, "But when He, the Spirit of truth, comes, He will guide you into all the truth; for He will not speak on His own initiative, but whatever He hears (EPIGNOSIS), He will speak (Launch Pad); and He will disclose to you what is to come (Wisdom)."

The Launching Pad is where thought is converted into action.

The standards from your Conscience are applied to life and all of the other parts of the Heart come together to make an application.

As you apply more and more Bible doctrine to life, you develop greater and greater wisdom.

In the Launching Pad all the Bible doctrine in the right lobe of your soul comes together for its application.

This is where virtue love, hope, and the other Problem Solving Devices have a phenomenal impact.

1 Corinthians 2:13, "Which things we also speak, not in words taught by human wisdom, but in those taught by the Spirit, combining spiritual thoughts with spiritual words.

This means application of EPIGNOSIS Bible doctrine to your experiences in the privacy of your Royal Priesthood.

Under the Royal Family Honor Code, we are not to apply our own norms and standards to others (unless you are a parent).

But in grace and virtue (unconditional) love, we teach and train others with the hope that they will develop EPIGNOSIS and wisdom within their own soul to the glory of God.

Scriptures:

1 Corinthians 1:30, This was Font/Pitch 2,12 - On."But you are from Him in Christ Jesus, who became to us wisdom from God, both righteousness and sanctification and redemption."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

1 Corinthians 2:7-8, This was Font/Pitch 2,12 - On."For we communicate God's wisdom in a mystery which has been hidden, which God predestined before the ages for the purpose of your glory, [divine wisdom] which none of the rulers of this age have understood; for if they had understood it, they would not have crucified the Lord of glory."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

James 3:17, "This was Font/Pitch 2,12 - On.But the wisdom from above is first pure, then peaceable, gentle, reasonable, full of mercy and divine good production, impartial, without hypocrisy."This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.

Philippians 4:8, This was Font/Pitch 2,12 - On."Finally, brethren, whatever is true, whatever is honorable, whatever is integrity, whatever is pure, whatever is lovely, whatever is admirable, if there is any virtue, if there is anything worthy of praise, concentrate on these things."

This was Font/Pitch 2,12 - Off.Note: The change to pitch (12) and font (1) must be converted manually.12. Summary of the Six Compartments of the Heart.

Throughout this doctrine we have been utilizing the analogy of a "filing cabinet" to explain how the KARDIA / HEART of the soul works. Basically the Heart is the overall filing cabinet. It is the central resource center of your soul, the place where information is entered, stored, and available for recall and application. As we have noted in this doctrine, there are six compartments in the heart of your soul so we will use the "filing cabinet" analogy to describe the six compartments.

1) The Frame of Reference is analogous to the various drawers within the filing cabinet. The drawers provide initial access to the central resource center for storing and finding information within our souls.

2) The Memory Center is the actual files you place within the filing cabinet. It is the actual storage of information within your soul.

3) Vocabulary Storage is analogous to the tabs or headings we put on files as a technical reference to the information within the files providing us easy access and recall.

4) Categorical Storage is the order and arrangement of files, the systematic grouping of reference material for application.

5) The Conscience is the scanning of information within a file to use as a basis of reference, establishing guidelines regarding the situations of life.

6) Finally, we arrive at the Launching Pad. The Launching Pad is the place where the things stored in the filing cabinet are gathered together for use and application. It is the animated process of removing a file and utilizing what is in that file.

For example, you are faced with a disastrous situation in life. The Frame of Reference sends initial general reference points that are related to the situation. Then the Memory Center sends in recalled details and data regarding those reference points. This is followed by the Vocabulary sending technical specifications that can be used for the situation. Next, the Categorical Storage compartment sends supporting data from multiple reference points. Then the Conscience brings forth reasoning based on all the norms and standards built in your soul from accumulated Bible Doctrine that has flowed through it. Finally the Launching Pad gathers together all supporting materials, stages them for launch, and thrusts them forward within your soul so that the Wisdom of God flows throughout your soul and can be applied to the situation you are faced with. This all occurs under the function of your very own Royal Priesthood through the enabling power of God the Holy Spirit working within your soul.

13. Spiritual Growth is the Result of Building Up Your Heart with the Word of God.

As a result of having Bible doctrine in the Frame of Reference, moving it into the Memory Center, Vocabulary and Categorical storage, developing Norms and Standards in the Conscience coupled with faith application from the Launching Pad, we then have a growth factor from metabolized Bible doctrine which moves us to spiritual maturity.

This is the status in which spiritual growth is obtained as a result of momentum inside God's power system for your spiritual walk. This is accomplished through the enabling power of God the Holy Spirit and momentum from the Word of God metabolized within your soul. Learning God's Word provides momentum and motivation to learn more of God's Word. This is the momentum factor of spiritual phenomenon resulting in God's wisdom applied to your life.

There are two categories of spiritual growth.

1) Normal spiritual growth that comes from the renewing of your mind post-salvation.

Ephesians 4:23, "And that you be renewed in the spirit of your mind, 24and put on the new self, which in the likeness of God has been created in righteousness and holiness of the truth."

Romans 12:2, "And do not be conformed to this world, but be transformed by the renewing of your mind, so that you may prove what the will of God is, that which is good and acceptable and perfect."

This is accomplished through the Grace Apparatus for Perception (GAP) which includes the three R's by means of the enabling power of God the Holy Spirit.

a) Receptive comprehension, faith upon hearing.

b) Retention, the metabolization of Bible doctrine, converting GNOSIS into EPIGNOSIS doctrine and storing it within the Heart of your soul.

c) Recall, the application of the Word resident within your soul from the Launching Pad of the Heart resulting in Wisdom.

2) Accelerated spiritual growth as a result of Suffering for Blessing.

The acceleration of your spiritual growth comes from the application of metabolized Bible doctrine and the function of the Problem Solving Devices when you are faced with pressure and adversity in life.

As is the general rule, we tend to learn at an accelerated rate when we are faced with difficulties or perceived failures within our lives. This is in contrast to the times of success and prosperity when we are comfortable, think we are all set and "have it all down pat". In the latter the trend is to not turn to God, His wisdom or power.

But in times of difficulty and pressure, we find ourselves in a position of hopelessness and helplessness when it comes to human solutions and our human resources. In these times, like no other, we are narrowed in our application to utilize the power of God, His Word and Spirit.

This is called Suffering for Blessing, which is facing difficulties, disasters, or pressure when we are walking with God. This is in contrast to divine discipline, when due to our negative volition, God allows discipline to come into our lives to wake us up.

You can learn from divine discipline, punitive suffering, the law of volitional responsibility, and self-induced misery. But that is a slow process and does not necessarily advance you to Spiritual Self-Esteem. In those instances, if you wake up and get back in fellowship with God, the discipline is turned into Suffering for Blessing.

Suffering for Blessing has three categories related to three stages of spiritual adulthood, which moves us forward and provides momentum to achieve further spiritual growth in spiritual adulthood.

1 Corinthians 9:24, "Do you not know that those who run in a race all run, but only one receives the prize? Run in such a way that you may win. 25 Everyone who competes in the games exercises self-control in all things. They then do it to receive a perishable wreath, but we an imperishable. 26 Therefore I run in such a way, as not without aim; I box in such a way, as not beating the air; 27 but I discipline my body and make it my slave, so that, after I have preached to others, I myself will not be disqualified."

a) Spiritual Self-Esteem plus Providential Preventative Suffering (P.P.S.) equals Spiritual Autonomy. P.P.S. insulates against the arrogance complex of sins. This means you begin to eliminate jealous, self-pity, bitterness, vindictiveness, hatred, inordinate ambition, inordinate competition, and all the other mental attitude sins in the arrogance complex.

2 Corinthians 12:7-10; 1 Peter 1:6-8; Philippians 1:29

b) Spiritual Autonomy plus Momentum Testing equals Spiritual Maturity. Momentum Testing includes People, Thought, System, Disaster, and Prosperity testing.

1 Corinthians 15:33; Proverbs 13:20, Colossians 3:12-4:1; Matthew 9:4; Romans 12:2-3; Galatians 6:3; Philippians 4:12-13

Philippians 4:12, "I know how to get along with humble means, and I also know how to live in prosperity; in any and every circumstance I have learned the secret of being filled and going hungry, both of having abundance and suffering need. 13 I can do all things through Him who strengthens me."

c) Spiritual Maturity plus Evidence Testing equals Maximum Glorification of God. Evidence testing is Satan's cross-examination of every witness presented by God in the historical

trial of all fallen angels. Zechariah 3:1; Romans 12:10, Ephesians 6:10-12; Revelations 2:8-11

Two categories of Evidence Testing.

1. The Relationship to the Plan of God Test, illustrated by our Lord Jesus Christ. Matthew 4:1-11

2. The Relationship to Life Test, illustrated by Job.

No matter what stage of Spiritual growth you are in, keep in mind 1 Corinthians 10:13.

1 Corinthians 10:13, "No temptation has overtaken you but such as is common to man; and God is faithful, who will not allow you to be tempted beyond what you are able, but with the temptation will provide the way of escape also, so that you will be able to endure it."

So in relation to our verse, John 13:2 in the Upper Room Discourse, we understand why it is so important to fill the Heart of our Soul with the Word of God, so that we are not deceived and influence by demons and doctrines of demons. In review we have noted:

The Heart is the target within man for storing and applying the Word of God and the target for demon influence.

Doctrine of the KARDIA/Heart Summary

1. A physiological analogy of the spiritual life.
2. The first two mentions of Heart in the Bible, Genesis 6. - The dual nature of wickedness and righteousness of the heart.
3. The first mention in the New Testament, Matthew 5:8. - The righteousness of the heart.
4. The second mention in the New Testament, Matthew 5:28 - The wickedness of the heart.
5. "The Heart of Man" is the place where wickedness flourishes or is eliminated. Matthew 15:11, 15-20
6. Our Lord used this word (5) times in the Upper Room Discourse. John 13:2; 14:1; 14:27; 16:6-7; 22
7. The usage of "heart" is a basis for analogy.
8. The Bible never uses the heart for emotion.
9. True happiness emanates from the Word of God circulating in the heart of your soul.
10. The Heart is a Part of the Essence of the Soul.
11. The Essence of the Biblical Heart.
12. Summary of the Heart - Our filing cabinet for the Word of God.
13. Spiritual Growth is the result of building up your Heart with the Word of God.

**The Emotion of the Soul**

1. The soul and the body have things which are used, one to describe the other. Belly is used to describe emotion. Bowels are used as well. Reins (or kidneys) is another common word for the emotions.
- 2.
3. Emotions are tested by God. This means that God is the judge. David lied to Achish and claimed that he was stealing from the Jews and he was not leaving anyone still alive. This was a great con game.
4. Emotions can be destroyed just as kidneys can be destroyed.
5. Emotional revolt is the emotion having an affair with the old sin nature. It is the emotion rejecting its rm, the heart.
6. Purging of the soul. All Greeks had a frame of reference for the dramas. It was like rebound for them. It purged their souls.
7. Emotion is the appreciatory of love. Gen. 43:30
8. The emotion stimulates happiness in all areas. In memory center; in the communion table, in the frame of reference.
9. Emotions in spiritually in the Church Age and in the Millennium.

---

From: <http://makarios-online.org/notes/pdf/Emotions.pdf>

I. Preliminary considerations.

A. Emotions are complex phenomena of which we are all aware and which we all experience, but to which we likely do not devote much consideration.

B. It is evident that emotions are somehow linked to the body, due to the physiological changes that are associated with their function.

1. The pulse changes during certain emotional events, as does the respiration, perspiration, adrenaline production, body temperature, etc.

C. This has led some in the scientific community to explain emotions strictly in terms of the physical body stating that:

1. Hormones are being released by specific endocrine glands into the blood stream to change things like heart rate, blood sugar level, endorphin levels, even white blood cells and oxidants in body tissues.

2. Electrical impulses move across nerve pathways to anchor emotional events into biological memory.

3. Emotions are processing trauma in the human body, whether it is physical or psychological trauma.

4. Therefore, no emotions are ever bad or wrong since they are based on complex chemical interactions we cannot control.

D. Those who do so typically, although not exclusively, tend to be unbelievers that reject the entire concept of the soul and the dual nature of mankind.

E. They attempt to explain emotions strictly on the physical level, suggesting that the only reason for emotions is found in the complex chemical and hormonal interactions and fluctuations.

F. We would agree that several factors can affect and influence the emotions, we would suggest that emotions generally cause the chemical changes in the body, rather than vice versa.

1. This is not to say that physical changes in the body, like blood sugar fluctuations, do not cause certain emotional responses.

2. Hormonal fluctuations, which occur regularly in women (and probably men too), also have an effect on the emotions.

G. Others recognize that emotional responses to a given event are due to differing belief systems, and our beliefs determine the meaning we attach to events and how we respond emotionally to them.

H. This at least acknowledges the relationship between what we believe and how we respond, something that is very clearly correct.

I. If the group that states that emotions are strictly the work of the body is correct, one immediate conclusion is that people should not be held accountable for their emotional responses since they are caused by factors over which they have no control.

II. Vocabulary.

A. There is no vocabulary in either the Hebrew or Greek for our word emotions.

Doctrine of Emotions 2

B. The Bible uses anatomical, bodily parts to describe the existence and function of emotions.

C. The Old Testament includes:

1. *mymix]r*; (*rachamiym*) This word is translated bowels or inner parts, and is akin to the word *mx,r*, (*rechem*) womb. It refers to the seat of the tender emotions such as pity, mercy, compassion, etc.

2. *twOyl'K*. (*kelayoth*) This word means the kidneys, and is always used in the plural, referring to the emotions in general.

3. *!j,B*, (*beten*) This word is the term for belly or stomach, and is occasionally used to express the emotion of contentment or satisfaction.

4. *mc,[*, (*'etsem*) This is the term for bones and is used to denote fear and possibly other emotions. Job 4:14

D. Greek terms include:

1. *koili,a* (*koilia*) this word is the Greek counterpart of the Hebrew *!j,B*,, belly or stomach, and is used sparingly to refer to the emotions.

2. *spla,gcnon* (*splanchnon*) This word is equivalent to the Hebrew *mymix]r* and refers to the bowels or intestines. The Greeks regarded the bowels as the seat of the more violent or aggressive emotions, such as anger and love, whereas the Hebrews thought this to be the seat of the more benevolent emotions of compassion or mercy.

3. *nefro,j* (*nephros*) This word is used only one time and refers to the kidneys, being the counterpart of the Hebrew term for kidneys.

III. Definition and description.

A. The term emotion is derived from the term motion, and means "after motion motion."

B. Hence, an emotion is a response to a stimulus that comes into one's periphery.

C. The emotions are properly responders, they are not designed by God to rule the soul or to dictate policy.

D. The emotions themselves do not contain any doctrinal content, and are not capable of making good, clean decisions.

E. Webster defines emotion as “any departure from the normal state of calm, producing a particular feeling, either pleasant or unpleasant, producing bodily changes in respiration, circulation, glandular actions, etc., which may prompt one to an overt response.

F. Emotions are definitely a subjective phenomenon and are clearly affected by one’s environment, history, frame of mind, belief system and likely other factors as well.

IV. The origin and place of the emotions.

A. God created mankind with emotions as part of the human condition, designing them to be the appreciators and responders of the soul.

B. Emotions were originally a part of God’s perfect creation and were, like all things, pronounced very good. Gen. 1:31

Doctrine of Emotions 3

C. To imply that emotions are evil, or wrong in some way, is to impugn the creation of God and is totally incorrect.

D. In the original creation, the emotions could only respond to a perfect situation; therefore, what we consider the unpleasant emotions did not exist.

E. In the perfect environment of Eden, with man and woman in a state of perfection, only the emotions of contentment, happiness, joy, pleasure, etc. existed.

The name Eden means delight.

F. The emotions are part of the real you, the soul, placed there to appreciate God and His creation, His plan, etc.

G. Animals, which do not possess souls, do not truly possess conscious emotional responses in the temporal realm and certainly do not possess responses in the spiritual realm. Skippy does not appreciate a sunset, a stirring musical piece, love, compassion, etc.

V. The function of the emotions.

A. The emotions are designed to be responders and appreciators of the soul, and are not designed at all to rule our life.

B. As there exists two kidneys, so there also exists two general realms of emotions, the pleasant and the unpleasant.

C. The kidneys primarily secrete waste products from the body, but also provide a system by which certain necessary products are reabsorbed by the body.

D. This illustrates the fact that most emotions are not to be retained, but eliminated, while a few have a good effect on the body. Eph. 4:31ff; Prov. 17:22

E. Emotions are the external means by which the soul can express overtly the internal state of affairs, and thus, are not generally to be suppressed.

F. People that consistently suppress their emotions are often not dealing with the underlying issues or problems that prompted those emotions in the first place.

1. It may be that the emotions stem from some external problem that must be acknowledged and with which one must deal.

2. It may be that the emotions stem from some internal problem that one does not know exists or that one does not want to acknowledge.

G. While believers have the capacity to appreciate temporal things as well as spiritual things, the unbeliever can only experience emotions related to the temporal realm.

## VI. Emotional control of the soul.

A. It is clear that God designed humanity to possess and express emotions, but He did not design the emotions to be placed in the position of rulership in the soul.

B. The believer should acknowledge the fact that he possesses certain emotions since suppressing emotions can be psychologically and physically dangerous.

C. However, he must recognize that the emotions are not to rule his existence and so must overrule this tendency when he becomes aware of it. Job 1:20-22, 2:9-10; IThess. 4:13

D. The analysis center in the soul is designed to evaluate the input it receives from all sources and then to make a proper decision based on these factors.

### Doctrine of Emotions 4

E. Certainly, the input the analysis center is not to give more weight to the input from the emotions that it is from the conscience or from Bible doctrine.

F. When believers possess doctrine and bring that doctrine to bear on issues, it has a moderating and stabilizing influence.

G. The purpose of Bible doctrine in the soul is not to suppress or eliminate the emotions, but to keep them in their proper place and keep them in correct perspective.

Gal. 5:22-23

H. The suggestion that "I feel this way and cannot do anything about it" is strictly human viewpoint since emotions were not designed to control you.

I. Even human viewpoint, cosmic types recognize that gaining control of your emotions is paramount if we are to lead pleasant, productive lives.

1. The negative emotions, such as anger, sorrow, depression, etc. must be controlled or they can ultimately destroy us.

2. The positive emotions must also be controlled or they may lead us away from rational, doctrinal decisions.

3. The ultimate goal would be to experience your emotions while remaining completely in control of them, something the person without doctrine cannot do.

J. Evidences of emotional control of the soul.

1. Rejection of authority. Ex. 15:24, 16:2-3; Num. 12:1-5

2. Blaming God or others. Ex. 16:7-8; Job 1:22

3. Lack of faith-rest. Ex. 14:10ff; Num 14:10ff

4. Maladjusting to your niche, characterized by complaining. Ex. 16:3; Num. 11:1-3,10-15

5. Continual yearning for the past or future. Ex. 14:12, 16:3; Num. 14:2

6. Severe mood swings, producing bizarre behavior. Num. 14:1,39,40

7. Religious reversionism. Ex. 32:1-6; Rom. 16:17-18

8. Pursuing the frantic search for happiness. Eph. 4:19

## VII. The STA and its impact on the emotions.

A. At the point of the fall and the introduction of the STA into the genetics of humanity, spiritual death was the immediate result. Rom. 5:12

B. In the realm of spiritual death, the realm into which all men are born, the STA became the sole ruler of life. Rom. 5:21

C. Whatever genetic alterations occurred at the fall would also have an impact on

the realm of the emotions since the soul is interfaced with the body.

D. The emotions would then be capable of responding to the new ruler of the world, Satan, via his access through the indwelling sin nature.

E. Obviously, when one is influenced by an evil genius like Satan, or when he accepts faulty information in the form of STA input into the soul, the emotions can be adversely affected.

F. In other words, those under the influence of evil will find it difficult, if not impossible, to have a normal emotional reaction to the many things that occur in life.

Doctrine of Emotions 5

G. Further, those that are negative and reject the light they are given will manifest even more bizarre emotional responses to what they confront in the world.

Rom. 1:19-21,28,32

VIII. The rulership of the soul and the content of the soul as related to the emotions.

A. With the introduction of the genetic sin nature into humanity, the emotions are capable of responding to the STA, and their legitimate function was corrupted.

B. Those unbelievers living under the control of the genetic sin nature manifest a glaring number of inappropriate emotional responses. Consider the liberal unbeliever that displays more emotional concern for the criminal than for the victim.

C. Further, believers lacking the stabilizing influence of Bible doctrine often fall prey to the lies and misinformation in the Devil's world.

D. Although one may be a believer and possess some measure of doctrine in the soul, there still exists the possibility of responding to the corrupt influences of the world, the flesh or the Devil.

E. Therefore, unbelievers, or maladjusted believers under the influence of the STA, the cosmos or false doctrine are going to feel much differently about issues than those characterized by the F/HS and sound doctrine.

F. Typically, the emotional responses of the maladjusted will be in sharp contrast to those of the adjusted. Prov. 1:22, 8:36, 9:7-9; ICor. 5:2

G. Therefore, believers are commanded to be on the alert for those that demonstrate emotional control of the soul and separate from them, be they believers or unbelievers. Prov. 22:24-25; Rom. 16:17-18

H. When one responds to God via sound doctrine under the filling of the Holy Spirit, the correct emotional response will be forthcoming. Matt. 5:3-7

I. Conversely, when one responds to Satan via false doctrine under the rulership of the sin nature, he will likely produce an inappropriate emotional response. ICor. 5:2

J. Believers must recognize that emotional responses that arise when the STA rules the life are undesirable and completely unreliable. Gal. 5:17-21

K. Although emotions that arise from resident doctrine under the F/HS are both appropriate and acceptable nevertheless, they are not designed to rule the soul.

IX. The positive and negative emotions.

A. The "positive" emotions are generally classed as those that are pleasurable and the "negative" emotions are generally considered to be those that produce an unfavorable feeling.

- B. Since God is the creator of the emotions, it should be evident that the full spectrum of emotional responses is necessary in human existence.
- C. Some have espoused the strange idea that the adjusted believer will experience only the positive side of God's plan and will enjoy only the "positive" emotions.
- D. This generally is taught by the "name it and claim it" crowd that teaches believers that God wants all believers to be rich, happy, healthy, etc.

#### Doctrine of Emotions 6

E. It is entirely incorrect to tell believers that if they are in fellowship and applying doctrine that they will be exempt from the "negative" emotions and will always be upbeat and happy. Mk. 3:5; Matt. 26:38

F. There are very clear examples in the Old and New Testament of the "negative" emotions being the absolutely correct response.

1. Anger. Gen. 30:2; Matt. 18:34; Eph. 4:26
2. Hate. Ps. 119:113,128; Lk. 14:26; Rom. 7:15; Jude 23; Rev. 2:6
3. Fear. Prov. 1:7; Matt. 10:28; Rom. 11:20; Heb. 4:1; IPet. 1:17
4. Jealousy. Prov. 6:34; IICor. 11:2
5. Sorrow. Rom. 9:2; IICor. 2:1-9

a. Initially, the Corinthians demonstrated their maladjustment by rejoicing when they should have been sorrowful. ICor. 5:2

b. Paul wrote the first epistle to the Corinthians, causing them sorrow.

IICor. 2:3

c. Paul was sorrowful about the fact that the situation existed, and sorrowful that the Corinthians were so disoriented. IICor. 2:4

d. The purpose of the stern words recorded in I Corinthians was to orient them to the truth, not to cause them sorrow. IICor. 2:4

e. They finally experienced the legitimate emotion of sorrow when they recognized they were at odds with their authority and Bible doctrine.

IICor. 2:5

f. The incestuous Corinthian was made sorrowful when other believers separated from him. IICor. 2:6

g. This produced the desired effect, a change of mind, orienting to Bible doctrine. IICor. 7:10

G. Although Job was not under Divine discipline, God permitted some very severe testing in his life that devastated him emotionally. Job 16

1. Job reproves his "comforters". Vs 1-5

2. He recognizes what they do not, that God has allowed this testing in his life and he is not some sort of a secret sinner. Vs 6-11

3. Job expresses his emotional devastation since he does not understand why God is doing this to him. Vs. 12-17

4. However, he knows that these men are wrong and that God is still his only hope. Vs. 18-22

5. Job finds out what we all must learn; God's plan is beyond our ability to grasp at certain times and we have to maintain our confidence that God

knows what He is doing. Job 42:1-6

X. Emotions and God.

A. As deity, God does not possess emotions that change or fluctuate since He resides in a state of complete glory at all times. Ps. 61:2, 62:2 The term rock implies total stability, immutability.

B. However, anthropopathically, human emotions are attributed to Him in the Scripture.

Doctrine of Emotions 7

C. It is from these anthropopathisms that we readily observe that even the “negative” emotions are necessary and legitimate when based on the perfect standards of God.

D. Bible doctrine provides the necessary frame of reference for the emotions to operate in a manner that is consistent with the essence of God.

E. Emotions attributed to God include:

1. Anger. Num. 22:22, 25:3; IKings 11:9; Isa. 5:25
2. Jealousy. Ex. 20:5, 34:14; James 4:5
3. Disgust. Ezek. 23:18
4. Sorrow. Gen. 6:6
5. Hate. Prov. 6:16; Amos 5:21; Zech. 8:17
6. Regret. ISam. 15:11,35
7. Surprise. Isa. 5:7
8. Longing. Isa. 30:18
9. Compassion. Ex. 34:6; IIChron. 30:9; Ps. 103:8
10. Joy. Ps. 104:31

F. These anthropopathisms are not employed to suggest that God actually experiences the emotion rather, they are employed to indicate the function of some attribute of the Divine essence.

G. Emotions and the God/man.

1. As perfect deity, the eternal Son did not possess emotions anymore than the Father did.

2. However, in His humanity He possessed and experienced all the same emotions that normal humans experience. Heb. 2:17, 4:15

3. This is observed in His display of:

- a. Sorrow. Matt. 23:37, 26:38; Jn. 11:35
- b. Anger. Mk. 3:5; Jn. 2:13
- c. Surprise. Matt. 8:10; Lk. 7:9
- d. Joy. Matt. 11:25
- e. Love. Mk. 10:21; Jn. 11:5, 13:23
- f. Compassion. Matt. 15:32, 20:34; Mk. 6:34
- g. Frustration. Mk. 7:17-18, 8:14-21
- h. Rejection. Matt. 26:31; Lk. 22:47-48
- i. Repugnance. Heb. 12:2
- j. Loneliness. Jn. 16:32

4. He demonstrated, at all times, that the emotions He experienced did not have to rule the soul and He never allowed His emotions to dictate policy to His soul.

5. No matter what situation He faced, or what emotion He was experiencing, He always made Bible doctrine the issue. Matt. 11:25; Mk. 6:34, 10:21

6. The fact that all His emotional responses were devoted to God was taught in the Levitical offerings. Lev. 3:15-16

H. Anthropopathically, emotion is attributed to the Holy Spirit as well. Eph. 4:30

XI. Conclusions.

Doctrine of Emotions 8

A. The emotions are part of the human experience and were provided by God as the appreciators of the soul.

B. Like every other creation of God, the emotions were perfect until the introduction of sin into human history.

C. At that time, the sin nature caused the emotions to respond in a markedly different way.

D. It is only through proper content in the soul (Bible doctrine in the inner man) and consistent rulership by the Holy Spirit that one may have some measure of confidence in his emotions.

E. Even then, the emotions were not designed by God to be in the position of rulership over the soul.

F. An understanding of Bible doctrine and acclimation to the same will cause us to manifest appropriate emotional responses to the various situations we face in our niche.

G. We must be willing to submit "how we feel" at any given time, on any given subject to the Word of God and take every thought captive to Bible doctrine.

II Cor. 10:5

H. Since emotions are related to the body, and bodily changes can certainly effect the emotions, believers are wise to take proper care of the body and not place unnecessary pressure on the soul. I Cor. 6:12-13, 19-20

1. Proper rest.

2. Appropriate exercise.

3. Avoid excesses in food or drink.

4. Excessive hours on the job.

I. One should recognize when the body is adversely influencing the emotional responses and overrule these things with doctrine.

J. Be aware that cosmic stimulation of the emotions is one of Satan's regular tools and avoid those things that cause you to stumble.

K. For single people, the emotion of love allows men and women to recognize RM/RW but the overriding consideration must be the precepts of doctrine.

L. Generally speaking, those in fellowship with doctrine in the soul are not going to react the same way emotionally as their unbelieving or carnal counterpart.

Jn. 16:20; Rev. 18:15,20

M. Positive volition coupled with the F/HS and doctrine in the soul will cause your emotional responses to be much more accurate and more in line with how God "feels".

N. However, all this will not exempt you from the pressure of the angelic conflict but it will cause you to experience emotions unique to positive believers. II Cor.

4:8-9, 6:7-10, 7:4-5

---

Psalm 7:9 O let the evil of the guilty one [the wicked one] come to an end [be terminated], but establish the just [let the righteous be vindicated]. For the righteous God tries the minds and hearts.

1Samuel 26

Psalm 7:9-14 2Cor. 6:11, 12 72David  
03/02/1973 Doctrine of emotions (continued)

631\_0069

We are still in the doctrine of emotion.

God the Father tests the right lobe and the emotion.

8. How emotions relate to this dispensation. During this dispensation, Jesus Christ is absent from the earth and seated on the right hand of the Father. Whatever you do in life, however you make a living, that is your full-time Christian service. There is no double standard, one for the clergy and one for the layman. There are no laymen. The filling of the Holy Spirit is minus emotion. The purpose of the filling of the Holy Spirit is to gap it to supergrace. Emotion is not designed to produce character. It has no thought content. Emotion has no virtue; it is strictly a responder; it responds to whatever is in the right lobe. It cannot produce character or thinking; it can only respond to such things.
9. Emotion and ecstasies has no spiritual content in the Church Age. The emotional response to speaking gibberish is meaningless.
10. David came to the throne when Israel reached a great time in its history. All of the nations were going from the bronze to the iron age; and this was occurring throughout all of the nations. The Philistines had the superiority here for awhile.
11. 2Cor. 6:11–12 **Our mouth is opened to you, Corinthians, our heart has been made larger. You are not restrained in us, but you are restrained in your own affections. How can a church have some of the best Bible teaching and get off the track?** Paul probably coined more words in the Greek than any other individual. Enlarged heart means he had a lot to communicate to them. Their mouth being open, indicates a lot of teaching. Emotion needs to be hooked up to something good in order for it to be any good. The emotion cannot dominate.
12. Women have souls.
13. David was allowing his emotion to take over; this was related to being married to two women. David went through a period of time without a woman and he was woman starved. So he picks up on two women. He was very fond of Michele.
14. The fun isn't worth it in the long haul. The Corinthians got emotional about something; and whatever they got emotional about, that was it. David got emotional about having 2 women and that led to emotional revolt of the soul; which made him negative toward doctrine. He will become a great con artist. It is women with David; but it can be anything which makes you emotional. Athletics could turn on your emotions.

David has doctrine in his soul; his appeal to the supreme court is, David has doctrine and Saul does not; however, David will be a lot like Saul. He will be reversionistic very soon.

God has a bonafide system of testing. We need to make sure that we are in supergrace. Make certain that you are not in danger of falling into reversionism.

Any traumatic experience can also set up emotional revolt. You can have a shock and become jealous and vindictive. You can get scar tissue of the right bank, go into emotional revolt, and then scar tissue on the left bank.

Psalm 7:9 **O let the evil of the guilty one [the wicked one] come to an end [be terminated], but establish the just [let the righteous be vindicated]. For the righteous God testing the minds and hearts.**

David leaves the supreme court of heaven. He begins to point out that, for the supergrace believer, God is his defense. In his soul, he has Bible doctrine and he takes it wherever he goes.

Doctrine can be attacked by a pipeline that comes in. There is demon influence. A more common attack is emotional revolt of the soul. This pipe contaminates. David is attacked from the emotion. The Members of the Trinity are David's shield.

Psalm 7:10 **My defense [lit., *shield*] is from God, who saves the upright [integrity] in heart.**

God renders a judicial decision based upon accurate facts. The reversionist is carnal too, but there are other things besides his sins. When a reversionist is carnal, he stays that way.

Zaam means *righteous indignation*. God does discipline the supergrace believer when he gets out of line. God always spansks the believer in supergrace when he is carnal.

The rest of this psalm is about the carnal believer? Or the reversionist? The reversionist is in trouble every day. He carries his own trouble with him every day.

Psalm 7:11 **God judges the righteous, and God is angry with the wicked every day.**

This is going from negative to positive. Discipline for the reversionist. He skins alive with a whip every son He receives. In the warning stage, you can rebound and get out of the deal. The last stage, dying discipline; you have to be strong on the repent, rebound what you can remember, and start gapping like hell.

Sharpening the sword indicates that we are talking about the sin unto death. Bending the bow to make it ready means that the person is still in the intensive stage of discipline. God is getting ready to apply the sin unto death. So, we are not quite there yet.

Psalm 7:12 **If he does not turn [repent, turn around, go back], He will whet [sharpen] His sword; He has bent His bow and made it ready.**

If God wants to take us out of this world out as a reversionist, He will not use the exact same method each time. We will die in a way that is totally painful to us. The person in dying grace has a wonderful time. No two reversionist goes out the same way. God will pick the manner in which we will die, which will be painful. Dying grace versus a dying hell via the sin unto death. When a reversionist dies, it is horrible; but the believer can get out of it, like Hezekiah.

When God shoots an arrow at you, it is a burning one; it hurts. God has no use for amateur archers. Don't try to malign other people. David stayed out of this whole thing. He's not going to shoot Saul.

Psalm 7:13 **Yea, He has fitted him for instruments of death; He has made His arrows hotly pursue.**

The next strophe is all about what a reversionist is really like. *Behold* is to get your attention focused upon what is being said. This doll has all kinds of pain when in labor. a reversionist is in pain when under discipline. Bobby was born without any pain. Being in pain from getting pregnant. To be pregnant, delivering, and in all kinds of pain. What is being born is nothingness.

Saul is so miserable that he tries to get a spiritual abortion. We have not found out how he got pregnant yet; that comes at the end of the passage.

#### **Becoming Pregnant and Conceiving**

1. W
2. This is reversionistic evil.
3. There must be a pregnancy before there is a birth.
4. The pregnancy comes from negative volition toward doctrine or from emotional revolt.
5. Whichever way you go, emotional revolt or sewage system, always there follows a frantic search for happiness. The first thing you do is to look for happiness in a very frantic way.
6. This results in blackout of the soul. Each one of these is its own separate labor pain.
7. At the point of the practice of reverse process reversionism, there is the birth of a life of great deceit.

The road to reversionism is paved with mental attitude sins and sins of the tongue and overt sins.

David is talking about himself and he doesn't even know it. David is going to become a strap-on artist.

Psalm 7:14 **Behold, he labors in pain with iniquity [nothing], and he has conceived mischief [pregnant with sin], and has brought forth falsehood [give birth to a life of deceit].**

### Summary

1. This verse describes every step of reversionism from negative volition to whatever trend reversionism takes. All reversionism does not start with negative volition; but all roads to reversionism leads to negative volition toward doctrine. Emotional revolt can do it. You can be a holy roller first and get there; or be a polygamist and get there. Or you can be involved in a frantic search for happiness. No born again believer can be demon-possessed. Demon influence is almost worse, however. Eventually, everything goes to negative volition no matter how you get there. You can be socially unfaithful. That can lead to negative volition. The pregnancy is the frantic search for happiness or mental attitude sins expressed or taking revenge. The birth pains can be next; you carry around your own misery. Giving birth is reversionism full-blown.
2. Every reversionist lives a lie; deceit and superficiality.
3. No reversionism has capacity for love, life, happiness, promotion, etc. the reversionist digs his own hole. No one every gets into reversionism accidentally. Ignorance is no excuse. When you get out of fellowship.

1 Samuel 18

Psalm 7:14-17 72 David  
03/04/1973 The pregnancy of reversionism

631\_0070

pregnancy is the topic and apparently there are babies making noise which can be heard in the auditorium.

At a point of negative volition, a person can go into negative volition toward Bible doctrine or they might get into emotional revolt. The laboring is the painful end. Usually when a woman gets pregnant, there is no pain involved; it is generally related to pleasure.

The child has to breathe once before the child is a child.

### Laboring with Emptiness

1. Reversionism rarely begins with negative volition toward doctrine. It may start in the soul at that point, but something has to cause negative volition toward doctrine.
2. Generally it begins with one of several forms of vanity. The 2 most common forms are emotional revolt of the soul and a frantic search for happiness. Apathy; suddenly, you are totally indifferent. Self-pity. Boredom, especially dangerous in a woman. A frustration, or disappointment in one's social life within a church. They think everyone at church is perfect or near perfect and are quite disappointed when it turns out that they are not. One of these things will cause Operation fish; frantic search for happiness. Either way, this is the pregnancy period. The fun. Whatever it is, an emotional experience or frantic search for happiness, the pregnancy begins. Some form of sublimation leads to negative volition leads to reversionism. This opens up the vacuum, which sucks in false doctrine. Through your own volition, you build up the pain. Emotional revolt and a frantic search for happiness are both

associated with feeling good, but they lead to sharp pangs. It was much more painful then to give birth then.

You become pregnant because you are bored or frustrated and then sends you into emotional revolt or a frantic search for happiness. You carry on until you have pain.

In 1Sam. 27, David will become a great strap on artist. Start out with apathy; or self-pity, and you graduate to much greater apathy and self-pity. You begin with a small amount of frustration, and then you bear a lot of frustration.

Stage one is pregnancy, which might begin with boredom, apathy, disillusion. This leads to emotional revolt of the soul of frantic search for happiness. This results in negative volition toward doctrine. You don't go immediately to negative volition toward doctrine; you begin with something else, social life or whatever, because you are bored or frustrated; and so you go with that, and eventually turn negative toward doctrine. In the labor pain period of time, you are spending all of your time with one of those things. They give birth to deceit. Through your own negative volition, the reversionism digs his own grave.

When a woman becomes pregnant, her physiology changes somewhat. If you get like this, you have to change some habits; you can't reach the table, so you balance the cup on your own table. When you become pregnant, you develop habits that you did not have before. As long as you are pregnant, this is how you drink coffee.

When reversionism goes, you lose this; but you still have the bad habit. You do not balance to coffee on your tummy but on the table, once you have given birth. Habits you develop in reversionism are broken by getting back into supergrace.

Psalm 7:14 **Behold, he labors in pain with iniquity** [vanity, emptiness], **because he has conceived mischief** [anguish, misery, wearisome labor; early stages of emotional revolt, frustration], **and has brought forth falsehood.**

The next verse is the volitional side of all of this. Every time you decide, through boredom or apathy or disillusion or indifference or frustration that you are going to go out and have some fun or assuage your self-pity, you put yourself in a position where you are negative toward doctrine. Frantic search for happiness means negative volition toward doctrine. As the pregnancy develops and you go through the various stages, you, of your own free will, develop these things. Knocking is the warning stage; you pass that and you get into the intensive stage. No matter how disillusioned you are no matter how much frustration is in your soul, you bring it on yourself.

Emotionalism and a frantic search for happiness appear to solve your problems of boredom or whatever. Once negative volition toward doctrine is established, operation frantic search for happiness starts up. These are reactions against your frustration and your self pity and in this you begin to develop scar tissue. Then you are pregnant. You go through the stages and you eventually get into labor pains. The expiration means you end up in reversionism or reverse process reversionism. Exploring the pit is the life of the

believer who has rejected doctrine. He was fallen into the pit. That is the dying stage. This is the pit that he himself has constructed. You manufacture your own torture via your own unhappiness.

Psalm 7:15 **He dug a pit and bored [explored] it, and has fallen into the ditch which he made.**

What began as a big or boredom or frustration eventually becomes a ghastly, horrible nightmare. The frantic search for happiness. These things return on his own head. There is a paronomasia here.

David, who would never think of committing war against women and children, will suddenly begin to make war against women and children. Violent oppression will come down on David's head, rather than the crown. The first part of this chapter had to be postponed.

In David's frantic search for happiness, this had to return on his own head. Every believer needs to take responsibility for his own decisions. God will take responsibility for positive volition toward Bible doctrine; for that which is in adherence to His plan. God took responsibility for David's good decisions and He backed David all the way. When the reversionist makes his own decisions, he takes the responsibility for his own choices.

The supergrace believer sows what he does not sow; he sows what God sows; only the reversionist reaps what he sows. The decisions of the supergrace believer multiply blessings upon blessings; he reaps what he cannot sow and what he does not deserve. He reaps God's blessing. David is the richest man in his day. David reaps what he could not sow. When he is in reversionism, then he reaps what he sows. Supergrace blessing is beyond earning and deserving. If you are in supergrace, thumb your nose at the next jackass legalist.

Psalm 7:16 **His mischief shall return on his own head, and his violence [violent oppression] shall come on his own crown.**

David will snap out of this completely. That is what v. 17 is all about. You cannot sow and reap occupation with Christ or supergrace capacity or supergrace blessing. Going to Bible class is not sowing. You are the ground that God throws the seed into; God is sowing in us the very framework in which He will bless us.

A famous guy Robt Muldave wine grower in CA. You cannot take wine and age it in steel vats. You age the wine in the very wood of the forest. He developed a great quality wine because he knew CA grapes were every bit as good as Italian grapes. He has the most successful business in the United States with regards to wine.

We all sin each and every day. When the victors came to Rome, the spoils of the victory belong to the supergrace believer. No supergrace believer reaps what he sows; he reaps what God sows for him.

Saul will go out under 3 stages of discipline; David will be graced out. Our souls must be lined with grace capacity. David will be the beneficiary of maximum grace that he did not earn and what he did not deserve.

David will even fall into reversionism and yet he will reap what God sows.

We will see David as a strap on artist, and he will go through boredom and self-pity and into reversionism. David will now dig a hole for himself.

Psalms 7:17 I will [be caused] praise Jehovah according to His righteousness, and will sing [in celebration] praise to the name of Jehovah most high.

**1Samuel 27**

**72David**

**631\_0071**

**71 03/04/1973 1 Sam. 27:1-4; 13:19 Doctrine of idolatry**

This marks the beginning of trouble for David. God has done many things on behalf of David.

#### **What God Is Doing for David**

1. God saw David in eternity past and called David at that time into His plan. Many nations would be quite shocked and surprised about David being the king of Israel in 1000 B.C.
2. 1445 B.C., the Jews were pulled out of slavery and given 400 years worth of wages. 1405 crossing the Jordan to take the land.
3. 1400 after the Jews crossed the border, the Hittites discovered iron in the mountains of Armenia and bring the bronze age to an end around 1200.
4. The Egyptians also a great empire.
5. Kingdom of Matani. This kept the Hittites from going south into Palestine; and keep the Babylonians from going west into Palestine and Egypt from going northeast into Palestine. Natani finally eliminated by the Hittites.
6. They will gain an iron monopoly after the collapse of the Hittites.
7. The Hittites will expand and move down into Palestine and frighten the Egyptian.
8. A group of people in 1200 which turn the world upside down. The first of these events is the fall of Troy. Troy was a buffer state. When it was destroyed, things changed everywhere. This was the last great activity of the Achaian Greeks. Soon after this, north of Greece in Macedonia and east of that is Thrace. These are all cousins. Area occupied by the Dorian Greeks. Phrygians, Lydians, Likians all moving into Turkey.
9. Achaians hop into the ships and travel about.
10. Dorians conquer many little areas. This forces the Carrians, Phrygians, Lydians and Likians to move into the Hittite empire and to destroy them flooding into the north are these barbarian Greeks. Achaians get into the ships and leave.
11. The sea peoples made up of some Carrion, Lydians, Dorians, etc. set off on adventures for 200 years. They move with their bronze age weapons.

12. Egypt's 20<sup>th</sup> dynasty beginning.
13. The people who invaded and stayed there were the Philistines and they established 5 great cities and they stopped the Egyptians. The Egyptians would not go into Palestine because of the Philistines. Amalek are Arab or bedouine robbers and raders. They are south of Philistia.
14. The emergence of some new peoples. The Aramæans, the modern syrains. They will act as a buffer and keep everyone out of Palestine from the north. The great empire of Lydia, previously an empire of the Hittites. Also called the Phrygian empire. Side by side, apparently. The rise of the Aramæans stopped the neo-Hittites, the Lydians, the Chaldeans, the Phrygians from coming down into Palestine.
15. Philistines kept the egyptians out of Palestine. 1200 to 1000 Assyrians, neo-Hittites and the Philistines, and the Etruscans knew how to smelt iron. But this is not a universal age; just for a few of these.
16. The Philistines had a great monopoly on iron. Sword of Goliath was iron. 1Sam. 14 is talking bout an iron monopoly. They had nothing with which to cope against the Philistines, who had iron weapons. However, even people with superior weapons cannot conquer those with Bible doctrine in their soul.

1Sam. 13:19 [And there was no smith found throughout all the land of Israel, for the Philistines said, Lest the Hebrews make swords or spears.](#)

Iron sharpens bronze because it is stronger.

1Sam. 13:20 [And all Israel went down to the Philistines, each man to sharpen his plowshare, and his mattock, and his axe, and his plowshare.](#)

The Philistines had iron; the Jews did not.

1Sam. 13:21 [And the sharpening charge was a pim for the plowshares, and for the mattocks, and for the three pronged forks, and for the axes, and for setting the plowshares.](#)

Jonathan will go to attack the Philistines to take some of their weapons.

1Sam. 13:22 [And it happened in the day of battle that there was neither sword nor spear in the hand of any of the people with Saul and Jonathan. But one was found with Saul and with his son Jonathan.](#)

1Sam. 13:23 [And the fort of the Philistines went out to the pass of Michmash.](#)

One Jews with Bible doctrine in his soul and a bronze weapon is superior to an army of Philistines with iron weapons.

David fought Goliath with a stone-age weapon. Jesus Christ overrules where there is Bible doctrine in the souls of the army.

David was discouraged and despondent because of Saul's attacks on him. He has entered into polygamy; and this does not solve his problems. That is a frantic search for happiness. Scar tissue is developing on the right bank of his soul. He is lonely and bored and he wants stimulation. Doctrine stopped functioning in the soul of David. He begins to think in terms of human viewpoint. He became disinterested in doctrine. Negative volition toward doctrine. The opening up the vacuum, which began to suck in false doctrine.

What God does not remove, He means for us to endure. God expects David to endure Saul's harassment. While David was great; he could have been even greater. He will make 3 or 4 mistakes which can go back to not gutting it out right here.

Disillusion, boredom, frustration, discouragement, self-pity all seeping into David's soul. But what God does not remove, God expects for us to endure. David has a divine promise that he is going to be the king. David should remain in Judah.

When David says, *there is not good*, indicates that David has tried it God's way and is unhappy with that. He is going to try it his way. These 5 things have made David pregnant. He reacts to these 5 things in his life. The first thing is to start a frantic search for happiness. This leads to emotional revolt of the soul. When these seesaw back and forth, doctrine is rejected. The believer thinks, I've got to go somewhere where things are better. David decided that he needed to go to Philistia. He thought a change of environment would solve his problem.

David assumes that he will have security in Philistia. He thinks of security. He will have security in Philistia. Ahinoam, because of her name, was probably a lot of fun. David figures a change in environment means happiness. He marries Abigail; Ahinoam. But he is still bored, disillusion, bored, lonely, frustrated and discouraged.

Philistia at that time, it was as safe as any other place in the world. These cities are near the Mediterranean; and there are great views to the ocean and the mountains from Gath. David will get this in Ziklag. He knows it is beautiful and the climate is great. He recalls that Achish has a great sense of humor. There is something very attractive about the city-state of Gath. Achish rules for 50 years. Gath is a beautiful city. The Greeks constructed their homes to be air conditioned. They had ducts to pull in the cool air. They knew about entertaining. Put all of this into a nice climate, and David buys into it.

David is tired of Saul on his back all the time; he is tired of putting up with this. He is discouraged and bored; he is filled with self-pity. Today, it might be, "on to California."

Now, these women might not be getting along at this time; and they are living in tents and probably at too close quarters; so maybe a place they could call home is the key, so David thinks.

Saul won't go into the land of the Philistines to get David, because he does not want to battle the Philistines. He will if he has to; but he will not go on the offensive against them.

### A Few of David's Problems

1. The Qal imperfect begins this verse. David says this over and over again; and this is him thinking. He is thinking apart from Bible doctrine. This is operation over-think. This excludes any divine viewpoint. He has begun to look at life from the human viewpoint.
2. Human viewpoint thinking adds fuel to the fire; panic, depression, insecurity.
3. The action of Saul should not dictate to David; what David should think about is the will of God. If you as a believer are being persecuted, bullied and pushed around; that pressure should not dictate your direction in life.
4. The will of God is constantly available to David in his soul.
5. Negative volition toward doctrine results in no doctrine in the memory center or in the right lobe.
6. Samuel, Jonathan, Abigail and even Saul all know that David is the next king.
7. Reversionism will not listen to the truth. Reversionism rejects the truth. Reversionism is not interested in Bible doctrine.
8. Reversionism must invariably be dictated to by self-pity, panic, give up itius, boredom and disillusionment. Therefore, David will make a run for it.
9. Reversionism always seeks to solve problems through change of faces. Change of geographical location. Some change of the environment. A new environment does not solve problems. Problem solving comes from inside the soul.

1Sam. 27:1 *And David said in his heart, I shall now perish [will be destroyed] one day by the hand of Saul. Nothing is better [lit., there is not good] for me than that I should speedily escape [deliver myself] into the land of the Philistines. And Saul shall despair of me, to seek me any more in any border of Israel, and so [therefore] I shall escape out of his hand.*

Only David, in reversionism, is blind to God's will. His thinking is shallow and superficial, and this will intensify his problems; when you seek to change a person, a church, your job or a geographical location in order to solve a problem, then you postpone the solving of the problem.

Obviously, you may take a better job. You might change one bf for another. But this should be based upon Bible doctrine, not based upon human viewpoint solutions. You can move from one house to another. Moving for a legitimate reason, that is one thing. You may have a horrible car and you may try to solve that problem is buying a '73 model; but that worst bunch of junk was built to fit to hippy standards and these cars are piles of junk.

It is okay to get something new, to go to a new job, to move to California, to go to a new church; provided that you do not do this in order to solve a problem. David is in great trouble here; and Achish will face a buttload of problems because David comes into Philistia.

The Amalekites live in the southern area; they won't go into Philistia, however. They go to Edom, Moab or the Jews; but they do not go into Philistia. When brother David moves there, he will slaughter the Amalekites.

David will strap it on Achish. There are 7 ways that you can't lose, apart from being a believer. You'll want to save a page for that doctrine. He will strap it on Achish.

Kum is a verb of action. David has made a decision and he is going to go with it. He will change his environment to solve his problems. Problem solving will be based upon geographical location rather than by doctrine in the soul. Your problems follow you wherever you go. These problems are in your soul.

Last time David was in Gath, he developed a great appreciation for Achish. "I already have a staff filled with madmen; I don't need another one. I am not accepting any new applicants." David knew he would be accepted in Gath.

1Sam. 27:2 **And David arose and passed over, he and the six hundred men with him to Achish the son of Maach, king of Gath.**

David sat down and enjoyed himself in Gath. There are the phallic cults and the heathen temples and they worshiped the gods of Mount Olympus. David is enjoying himself to the utmost. How can he solve problems by intensifying the situation? Achish worships Neptune, like all of the Greek sea pirates did.

### **The Doctrine of Idolatry**

1. Idolatry is forbidden. Gath is a large and prosperous city; and a great city of idolatry. Ex. 20:3 Deut. 7:16 You cannot have compatibility with Achish King of Gath without entering into the phallic cult.
2. Idolatry is spiritual adultery. Jer. 3:8–10 Jesus Christ is the object of category #1 love.
3. Idolatry of mind precedes idolatry of practice. Mental idolatry occurs first. Judges 2:1–18 Saul is a reversionism. Achish is a reversionist. Saul is a believer; Achish is an unbeliever reversionist. David is the ping pong ball between them. David is an honorable, honest man. But he will become a great strap on artist after this. He will go right along with Achish in all of his practices.
4. Idolatry for the believer involves the rejection of Bible doctrine. The vacuum opens up and false doctrine has entered into the soul of David. He knew what was going on there. Idolatry would once shock him. Now, he is okay with it.
5. Demons function through idols and practice idolatry. David can be demon influenced. We will see possible examples of this.
6. Idolatry is the devil's communion table. The passover was the communion table of David's day. This is used for David going into Egypt.
7. Since idolatry is related to emotional revolt of the soul, it produces psychotic conditions.
8. Related to sexual sins. Ezek. 22, 23
9. Idolatry leads to national judgement of the fifth cycle of discipline. Isa. 2 Jer. 4

**DOCTRINE OF IDOLATRY**

I. Idolatry is a satanic attempt to substitute false gods and concepts for God's Person and plan. His purpose is to blind mankind with respect to God's plan. He does this by setting up a series of counterfeits. 2Cor.4:3,4 cp.11:14

II. Idolatry results in negative volition to the gospel. Rom.1:18-25

A. This produces false concepts introducing soul idolatry. Rom.1:18-21

B. This leads to overt idolatry. Rom.1:22-23

III. The development of idolatry in postdiluvian civilization:

A. Whatever form of idolatry that pre-existed the Noahic flood was wiped out leaving only believers in Noah and his family.

B. The first recorded clear example of idolatry is found in Gen.11:1-9

C. The time: immediately after the flood.

D. The place: historical Babylon. Gen.10:8-10; 11:9

E. The human instigators: Cush, Nimrod and Samerimus and the Samaritans (Shinar). Gen.10:8-12; Gen.11:1-9

F. The images of idolatry: the city and the tower. Gen.11:4

G. The city = political idolatry; the tower = religious idolatry.

H. The concept: One world order and a one-world religion.

I. The one world political order is further depicted in Jer.51:7 and Rev.18 under the code name Babylon.

J. The one world religion is further depicted in Rev.17 esp. vss.1,4,5 under the code name Babylon.

K. The distinctive characteristics of the cult: mother son. She was known as the goddess of love (Ashtarti, Isis, Diana, Venus, Mary, the queen of heaven). Nimrod (Baal, Brahma, Osirus, Jupiter, Bacchus). Salvation by works, many holidays, prayers for the dead and purgatory, false priesthoods; this organization sponsored the phallic cult.

IV. Both the political and religious systems of idolatry are carried over into the Church Age. Rev.17-18 cp.2The.2:7

A. Christian titles and terminology were adopted.

B. Responsible for the death of millions. Rev.17:6; 18:24

C. Its concept and philosophy under religiosity dominates the world.

Rev.17:1-2,18

D. The separated political and religious system's entities/heads will be destroyed in the middle of the Great Tribulation (Rev.17:8-17; 18:8-21) to be united under the antichrist (Rev.17:13).

V. Idolatry will continue to exist in the last half of the Tribulation. Rev.13

A. It centers on the unholy trinity of Satan, the beast and false prophet.

B. It promotes a system of economic coercion.

C. Will include mass murder of many.

D. It is inclusive of miracles as deluding influences. Rev.13:13,14; 2The.2:9-

12

E. It includes overt idolatry. 2The.2:4

Doctrine of Idolatry

Lake Erie Bible Church

P-T Ken Reed

May 2003

2

VI. "The lie" is the descriptive title for this system. Rom.1:25; 2The.:11

VII. The first and second commandments prohibit mental and overt idolatry.

Exo.20:3,4; 23:24 cp. Deu.4:28; 5:7; 6:14; 7:16; 8:19

VIII. Idolatry was a crime and those involved in occults were to be punished by death.

Exo.22:18 cp.18:9-14

IX. Idolatry begins in the mental attitude in rejection of truth always preceding overt idolatry. Ex. The Exodus generation Exo.32:1ff cp. vs.8

X. Demons operate through idols. Zech.13:2; Rev.18:2 cp. 1Cor.10:19-20

XI. Therefore, idolatry is the devil's communion table. 1Cor.10:21-22

XII. Idolatry results in national disintegration and judgment. Jer.2:27-30; 3:6-11; 7:17-20; Eze.6:2-7

XIII. Idolatry in the New Testament:

A. It is degeneration from true worship. Rom.1:16-28

B. The phallic cult is a form of religion/idolatry. Eph.5:5

C. Monetary reversionism is also a form of idolatry. Eph.5:5

D. Believers are commanded to separate from idolatry and those that practice it. Gal.5:19-21 (idolatry that stems from lusts of the flesh); 1Joh.5:21 (Philosophical/intellectual/religious idolatry); Rev.18:4 (Political idolatry)

XIV. The local church is to be separate from the local religious idolatrous environment.

From: <http://www.lakeeriebiblechurch.org/doctrine/pdf/IDOLATRY.pdf>

For David to live in Gath, there must be some compatibility. Gath will influence some of his men will become SOB's because of this. 1Sam. 30:22 these are reversionists. These are some who went with David. David has, during this 14 months in Ziklag and however long he lived in Gath before that, that some of his men will become reversionists.

There is a pseudo love here; it is phoney. David does not put God first. This is reverse process reversionism. He becomes a pseudo-love type. That is the result of reversionism. That is also pseudo security.

There are about 3000 people with David at this time. David brought his problem with him. He will not solve his problem in Philistia. He has his 2 wives with him. The change of environment does not solve this problem. If either of these women were his rw, then he would not be bored or lonely. The wrong wife means he would be lonely. You will take your problem with you. It is in the soul.

God does not condone polygamy. All the great believers in the Bible have one wife or no wives. RM/RW; Noah, Abraham, Joseph all had rw. Joseph tempted into adultery. He had all of the romanticism; and he saw the daughter of the high priest of Egypt and he married this woman. The 2 sons of this marriage became 2 tribes. Joseph went in the right direction; Jacob in the wrong. Polygamy brought great trouble to Gideon, to Solomon, to Elkane in the Dunghill special. There are special disciplines for this kind of thing.

1Sam. 27:3 **And David lived with Achish of Gath, he and his men, each one with his household; David with his two wives, Ahinoam of Jezreel, and Abigail of Carmel, Nabal's former wife.**

Saul succeeded in reducing David to his own status. As Saul bats the ping pong ball over the net to Achish, he turns away and he is all through. Saul is a reversionist. David as another reversionist becomes uninteresting to Saul. David is wacked over the net and no longer important to him. You may be persecuted in the worst way in supergrace, and all you need to do is get into reversionism, and no more attacks from reversionists. Saul has reduced David to his status in reversionism. Saul has no quarrel with a human viewpoint reversionist. Polygamy is the basis for David's panic.

Saul gets an intelligence report. David is out of Israel; he is in Gath. Once that happened, Saul was no longer interested in David and his movements. This will mark the end of Saul seeking after David.

#### **David's Flight from Samuel**

1. The satanic influence on King Saul. He is not demon-possessed.
2. Once David is discredited by his flight, once he ignores the Word of God, Saul no longer seeks to destroy him.
3. Saul fights David as a supergrace believer, but no interest in a reversionist.
4. A believer cannot be cp he can be demon influenced.
5. Saul's madness did not carry him into Philistia.
6. David is more discredited through his flight than he would be through his death.

Saul is no longer concerned about, "Saul has slain his thousands and David has slain his tens of thousands."

1Sam. 27:4 **And Saul was told that David had fled to Gath. And he never again looked for him.**

**1Samuel 27:5-11**

**72David**

**631\_0072**

**72 03/09/1973 David as strap-on artist; seven ways a strap-on artist functions**

Tulsa, OK was very encouraging. Bob had an ecstatic experience and fell down and hit his head on the table. Great gym that Bob was in it. He wondered about it. One guy who was a heavyweight lifter; and there was a special team from Campus Crusade; and he was on tapes. Gary Glenny has a great deal to do with that club. He is the US champion in the heavyweight division. A bunch of Christians in this gym. Many have been in Berachah Church. You sure have to watch your step these days. Bob is now a chief in the

chawkataw tribe. Bob was called Jehovah's warrior; and he has a bonnet as well as a chief. He's got it there. He doesn't wear that without his war paint.

David is beginning his 2<sup>nd</sup> reversionistic lapse. There is disillusion sometimes followed by boredom or discouragement. With some believers, you wonder; "Jesus keeps, He saves, He satisfied." Are they trying to convince us or themselves? Is it a ham hypocrisy?

There is a reaction and many go off on a frantic search for happiness. Everyone has different things which they go after.

1Sam. 27:1 **And David said in his heart, I shall now perish [will be destroyed] one day by the hand of Saul. Nothing is better [lit., *there is not good*] for me than that I should speedily escape [deliver myself] into the land of the Philistines. And Saul shall despair of me, to seek me any more in any border of Israel, and so [therefore] I shall escape out of his hand.**

David reacts and he becomes negative toward doctrine and that is the pregnancy; and he decides to make a change of place and that will fix things.

1Sam. 27:2 **And David arose and passed over, he and the six hundred men with him to Achish the son of Maach, king of Gath.**

Achish is king over Gath, which appears to be preeminent over the other Philistine cities. David crosses over with 600 soldiers.

David brought his 2 wives, which means, his trouble will follow him.

1Sam. 27:3 **And David lived with Achish of Gath, he and his men, each one with his household; David with his two wives, Ahinoam of Jezreel, and Abigail of Carmel, Nabal's former wife.**

Once David is in reversionism, there is no difference between David and Saul. Saul will only bother with David if he is a supergrace believer.

1Sam. 27:4 **And Saul was told that David had fled to Gath. And he never again looked for him.**

There are many Greek temples; they have idolatrous religious practices. David recognizes that there could be problems living in a wild city with all of the family men who are with him.

David, in reversionism, is a great strap on artist. It helps to be attractive to be a strap-on artist. Much easier when you are attractive. David is handsome and brilliant with a great personality. He is very personable and attractive. David explains why he wants to live outside of Gath. He is strapping it on Achish. David implies that he is a person of no consequence and he should not be living in the presence of a Greek royalist. Many Christians would buy this, thinking that David is being humble. David is showing brotherly love and international friendship.

Gath is the city of Goliath. The Philistines are Greeks, a part of a very unusual set of circumstances. Widespread movement of Greeks due to a set of circumstances. They conquered the world, and the world never knew it; long before Alexander the Great. The Thracians called by different names; Lydians, Trojans, etc. They moved into all parts of the world. They were bold. They fought in smaller groups. The Philistines makes up a great nation at this time. The Egyptians are afraid to move toward Palestine because of the Philistines in the land. It was another Athens or Corinth; it was not some dump in the desert. It is a truly royal city of the Greeks.

They practiced idolatry. David can see the danger to his entourage. David is using Achish. A strap-on artist must use someone else and he must create an image that is pleasing to this other person. He needs to seem anti-Jewish, a true fugitive from Egypt; and he is bitter enough to do this. He must seem pro-Greek, but there are certain things which the Greeks do that do not sit well with him. Therefore, he needs to move out of Gath, but without arousing suspicion. He will make it seem as if he cannot live in the presence of such a great man. He wants Achish to have a blind side where he is concerned. If you have a great voice, you can get away with a lot, because smart people are tone conscious. They can very easily strap it on. David knows that he must get out of there. He has to first create an image of inferiority. Most strap-on artists move into a crowd of superior people. David wants to create the concept of inferiority.

If you ever go to a Bible college, you may find yourself as the skunk at the picnic unless you develop a deceptive image of being humble. You will need to talk about the people you have witnessed to and how many times you agonize in prayer. David is creating the inferiority image.

David is not antisemitic, but he has to give that impression; and that he is inferior to Achish and not worthy to live in the royal city.

1Sam. 27:5 [And David said to Achish, If I have now found grace in your eyes, let them \[the other kings\] give me a place in some town in the country so that I may live there. For why should your servant live in the royal city with you?](#)

Ziklag is a very beautiful sight for a city. Mediterranean and a high plateau and you can see the beach from there. You can see the peaks of Mount Herman. You can see the beautiful desert area in Judah. Beautiful oases and caves. 3 Arab tribes; land pirates. They live there in great safety because Philistia protects them. They will raid these camel caravans. They will take the booty and the dancing girls from the Egyptian caravans. They move up into Israel, and they raid Ammon and Moab and they even raid Aram. This is why Ziklag was empty. It is a beautiful city and it is way too close to these Arab raiders. They are not adverse to slipping over the border and slitting a throat or two. Now this would be an area that would act as a buffer for the Philistines. The climate is like Southern California. This was possibly a deserted area because of these raiding pirates. This is a beautiful place; a great city.

**Ziklag**

1. Ziklag is actually one of the cities which was assigned to the Jews when they crossed over the border. It was given to Simeon and then given to Judah.
2. In the southwest corner of the Negev and it was later conquered by the Philistines.
3. David got along well with Achish and this is a nice gift; well constructed city, a key city, it is a very beautiful and strategic spot. \
4. Only David in reversionism could compromise with the enemies of Israel this much.

1Sam. 27:6 **And Achish gave him Ziklag that day. Consequently, Ziklag belongs to the kings of Judah to this day.**

1Sam. 27:7 **And the number of days that David lived in the field of the Philistines was a year of days and four months.**

David is no longer getting his food from Achish and he has 3000 mouths to feed. They are voracious in this wonderful climate. So, where can he find food in all of this desert? He sends out patrols and discovers that these Arab tribes left their oases unguarded because the Philistines lived there, and that was their protection.

In supergrace, God has great promotion and money and blessing for David; but he is in reversionism, so there is none of this blessing for David in reversionism. He will try to figure out this dilemma of his rw. Both of these women will get pregnant in Ziklag.

He is building a kingdom on operation strap-on.

David mounts a series of attacks against the Geshurites, Gezrites and Amalekites. These is stealing property, raping women, and carrying off slaves. David wiped out the Geshuriy. The people of David are in Philistine dress. David would kill them all, rape the women, and all of their possessions were taken into Ziklag. This is reversionistic David. He is no different from that great monster, Sherman. This was a war against women and children.

The Gezerites were next and then the Amalekites. Saul made war on the Amalekites, but he refused to kill Agag. Saul and David. Saul was told to go to war against them; but Saul would not wipe them all out, even though God called for it. It would be right for Saul to kill them all and for David to show mercy; but the opposite occurred.

Recall Nabal where no one was harmed and they were protected. However, this approach is entirely different. This is the same group. They killed all of the children and women. We are 2 people, entirely different in reversionism and in supergrace. How did this happen? Just one man guided them into reversionism.

1Sam. 27:8 **And David and his men went up and invaded the Geshurites, and the Gezrites, and the Amalekites. For they were the inhabitants of the land from the past days, as you come into Shur, even into the land of Egypt.**

Striking the land. He did not keep men or women alive; but he kept all of their wealth; clothing, artifacts and animals. Any group of people with camels are wealthy and successful people. The apparel is any kind of artifacts.

David returned and came to Achish. David was not able to kill all of each tribe; because other groups would be elsewhere. They would come back and find these villages destroyed. Their children were dead; no one was left alive. It took them 16 months to find out what had happened, and they struck back with a vengeance. These people came back to camps with everything gone and all the people dead.

These people are under the protection of the Philistines and have treaty with the Philistines; but dead men tell no tales. The most awful things happen.

so David brings this stuff to Achish. Achish asks him, where did this stuff come from? David cannot say, "I wiped out all of these people you were friends with."

1Sam. 27:9 [And David struck the land, and did not keep alive man nor woman, and took away the sheep and the oxen and the asses and the camels and the clothing, and returned and came to Achish.](#)

Instead, David says he struck Jews. He gives areas where he claims to have killed Jews. Now, it was true he killed without allowing prisoners. But he was not killing Jews, but Arab tribes that Achish was allied with. He hit them because they did not expect it.

A good strap-on artist always has nerve. A strap-on artist destroys his own conscience. His wives want new clothes. The Amalekites have all of this great jewelry that they have been stealing for 500 years. Diamonds, rubies and emeralds.

#### **David in Reversionism in Ziklag**

1. Reversionism makes war on women and children. Saul and David both did it in reversionism.
2. David made frequent reports to Achish, to explain how he got all of this stuff; he practiced perpetual deceit. Achish thought that David loved him and he was going to make David his bodyguard.
3. For 16 months, David is in this fortified city, they had beauty nature, sex life and all kinds of material goods.
4. David in reversionism and his men are miserable. They probably had parties as well, liberating some Amalekite wine. They have all things but they do not have the happiness that goes with them. You need the capacity in order to be happy. That requires Bible doctrine in the soul. They are living in deceit.

Achish sees all of this stuff and he asks where did you raid today? David mentions 3 tribes, 2 are Jewish and 1 tribes is a friend of the Jews.

**How the Strap-on Artist Functions; 7 Ways to Be a Con Man**

1. Victim: the strap-on artist locates a victim. David uses Achish, kind of Gath; he is the victim. David uses Achish to get security, wealth, etc. and all of this stuff that he has not had during this time that he has been running from Saul. David has a terrible case of the wants; the gimmies. The strap-on artist has a victim; he uses others. The girl who was yawning before is now paying attention.
2. The strap-on artist must deceive his victim. The one he will use, he must deceive. When Achish and David must depart, Achish is going to act as if he has lost his best friend. Achish will part with David and he will hate it. Bob hates to be used and deceived.
3. The strap-on reversionist must hide or cover over any damaging evidence in order to make the lie stick. It is not like David to slaughter women and children, even Arab ones. He must do so to make the lie stick.
4. A strap-on reversionist must do something to ingratiate himself to his victim. This can involve inferiority; pretend to be superior, to know something he does not know or pretend to reflect his image.
5. Strap-on reversionist must give the impression that he hates everyone his victim hates and that he thinks more of his victim than anyone else in the world. David loves the Jews and he must pretend to hate them. Where did I get all of these sheep? I have been attacking the Jews. He must appear to love the Arabs to the south because Achish has a treaty with them. No strap-on artist succeeds unless he can give the impression that his victim wants. A doll wanted to get interested in Bob so she pretended to like football in order to get acquainted. David made it a point to know about Achish and his likes and dislikes. This is all human viewpoint; and some of you are getting carried away. Some of you look ready to go into reversionism.
6. To be a good strap on artist, you must cultivate certain mental attitude sins; you must be filled with pseudo love compliments. You must know how to lie, telling one lie, but with all kinds of refinements related to that one lie. Telling 2 lies ends up being impossible for most people. The lie was, David went against the Jews rather than against the Arabs.
7. The strap on artist lives to regret his actions. He lives long enough to regret his function as a strap on artist. David will live long enough to regret these actions. This will come back and their camp will be struck as well. They will cry like crazy over this. They will all blame David for this. Let's stone him; let's kill him. David then calls for the ephod. This is the most important point. You will say, "It wasn't worth it."

1Sam. 27:10 [And Achish said, Where have you made a raid today? And David said, Against the south of Judah, and against the south of the Jerahmeelites, and against the south of the Kenites.](#)

David did not preserve a man or woman alive. Two "saying's" here. After the 2<sup>nd</sup> saying is what they would tell Achish. What some Arab might tell Achish. This is David's lifestyle. He has killed dozens of villages; maybe hundreds.

1Sam. 27:11 And David did not keep alive man or woman to bring news to Gath, saying, Lest they should tell on us, saying, So David did, and so has been his custom all the days he lived in the fields of the Philistines.

1. David practices, dead men tell no tales.

Abruptly ends the lesson

**1Samuel 27:10-12 28:1-2 29:1-6 72David 03/11/1973 631\_0073**  
**Deceiver reaps boomerang; supergrace reaps what God sows; pseudo-friends abuse you**

David was first under disillusion; Saul persisted. David had been delivered many times. David had other pressures and he possibly suffered from boredom. He also had 3000 people depending upon him. Discouragement involved here. Self-pity. All of these things add up to frustration. He went in for a frantic search for happiness. He decided to change his geographical location. He also went into emotional revolt which also leads to a frantic search for happiness. Negative volition toward doctrine and scar tissue built up. Then an opening up of the sewer line. David is now in reversionism. His besetting sin is strap on. He strapped it on the high priest of Israel and Nob was massacred.

David had asked for a city and he was given Ziklag, and he raided Arab raiding tribes; but he tells Achish that these are Jewish tribes instead, because there was an alliance between Philistia and these raiders. They were perfectly safe until David moved in next to them. David cornered the market on all of these things. At some point, someone might go to Achish and tell him, so David killed everyone; all men, women and children.

He had to bring some of his stuff to Achish, and he is going to ask where it comes from. David tells him that it came from the Jews.

#### **Strap on Artist Principles Reviewed**

1. Victim: the strap-on artist locates a victim. You have to use someone.
2. The strap-on artist must deceive his victim will part with David and he will hate it. Bob hates to be used and deceived.
3. The strap-on reversionist must hide or cover over any damaging evidence in order to make the lie stick. David slaughters men, women and children, even Arab ones.
4. A strap-on reversionist must do something to ingratiate himself to his victim.
5. Strap-on reversionist must give the impression that he hates everyone his victim hates and that he thinks more of his victim than anyone else in the world. David loves the Jews and he must pretend to hate them. Women will do this to men and probably 75% of men have had this done to them.
6. To be a good strap on artist, you must cultivate certain mental attitude sins; you must be filled with pseudo love compliments. You must know how to lie, telling one

lie, but with all kinds of refinements related to that one lie. Telling 2 lies ends up being impossible for most people. A good strap-on artist sticks with one lie and all of the related stories to that lie. David had one lie. A good strap-on artist must have a good voice and it must not betray his lies. The best way to detect a lie is the tone of a person's voice.

7. The strap on artist lives to regret his actions. He lives long enough to regret his function as a strap on artist. David will live long enough to regret these actions. This will come back and their camp will be struck as well. They will cry like crazy over this. They will all blame David for this. Let's stone him; let's kill him. David then calls for the ephod. This is the most important point.

1Sam. 27:10 [And Achish said, Where have you made a raid today? And David said, Against the south of Judah, and against the south of the Jerahmeelites, and against the south of the Kenites.](#)

David did not allow anyone to live. The problem was to keep them from going to Achish. Dead men tell no tales. Achish believed that David had killed many Jews because he was angry with Saul and with Jews turning him in.

Association with the Philistines has not improved David. Beware of your associations because this can have a dramatic affect on your actions.

They all have a lot of wealth at this time. And there is no happiness in David's camp. Happiness in his home and battalion are gone. Some of you think that living in California with wealth would make you happy; but it would not.

1Sam. 27:11 [And David did not keep alive man or woman to bring news to Gath, saying, Lest they should tell on us, saying, So David did, and so has been his custom all the days he lived in the fields of the Philistines.](#)

Achish took the Philistines to the top of their empire. He leans on David for a friendly relationship and for many other things. He does not know it, but he is being used. People change when they use other people. David is not noble; he is an evil man. He has developed the skill of lying. He is a master at the art of strap on. He is the most miserable person in the world.

Achish drew some false conclusions. He believes that David will be forever Achish's assistant because David has made himself odious to all

### **1.Achish Is Deceived; He Thinks Israel Hates David.**

1. How deceived he is, is obvious. He has no concept of what David is like. True friend Jonathan and false friend Achish. David pretends to have a great love for Achish but he does not; however, what David will do will allow for Achish to attack Israel and his true friend, Jonathan, will be killed. If you really want to be a sucker,

all you have to do is be fat headed. If that is true, then you will have a radar that will pick up any thing that you think is flattery.

2. You cannot use someone and love them at the same time.
- 3.
4. Strap on destroys your soul. You can destroy your own soul. Therefore, you destroy your capacity for love and capacity for freedom.
5. When you being to destroy your own soul, you make yourself miserable. God also provides discipline. However, prior to this, you have your own misery; and God knocks on the door of your soul to get your attention. You cause your own misery and God will add to that. He adds to these things so that your soul hurts, so the reversionist is a totally miserable person.
6. All of the time that you practice deceit, you are a totally miserable person.

13, 22, 66, 69 are the 4 psalms written about this situation.

1Sam. 27:12 **And Achish believed David, saying, He has made himself to be hated [stink] among his people Israel, and has become my servant forever.**

Now we go back to national and international events. We go back to the days when David was slaughtering Arab tribes and while he was lying to Achish. At this same time, the Philistines gathered. This is a total mobilization for an all-out warfare. Saul is not chasing David all over the Negev. But the Philistines are aware the David is not in Israel at this time and no longer defending Israel.

In this mobilization, David is considered to be a part of the Philistine force. David is a part of Philistia now, so he is responsible to go to war with Philistine against their enemies.

A twixt? Bob used this term twice. This is embarrassing, but Jonathan, Abigail, Saul, God and Samuel all told David that he would become king over Israel; and now David is about to attack Israel.

You cannot live a lie without it eventually backfiring on you. David seems perfect to Achish; he kills Jewish women and children.

1Sam. 28:1 **At that time, the Philistines brought their military units together into one army to fight [destroy] against Israel. So Achish said to David, "You know, of course, that you and your men must march out in the army with me."**

David's reply is as obscure as Achish's request was clear. David gives a very abstruse answer. As a strap-on artist, David is filled with double-talk. What he says means nothing; it does not even mean that David is going to be there.

You send this woman a twixt and say. "After I get back, we'll meet at such an such a place." After getting married, she will send him a twixt to say, "Now you will know what I

can do.” Achish is a smart man and he is taken in by this. Operation strap-on is completely successful. Achish is blinded by David’s sincerity.

David has put himself into a jam where he cannot get out without revealing his reversionism. David has worked his way into a jam. God never brings us suffering that we can’t take; but when we get ourselves into our own jam, that is another thing.

What a reversionist sows, he reaps. He has lied and deceived and he has done such a good job here, that he is now the chief bodyguard of the king. The king is the hereditary enemy of the Jews. David has worked himself into being the permanent bodyguard for the enemy of the Jews.

In supergrace, you do not reap what you sow; you reap what God sows. David is getting to a point where he will change his mind. He will be as low as he can be. It will be time for him to stop and to let grace take over.

Only God can help.

1Sam. 28:2 David replied to Achish, "Good, you will find out what your servant can do." So Achish said to David, "Very well, I will appoint you as my permanent bodyguard."

Now we go to a place where only God can help. There is a total mobilization of the Philistines against the Jews.

There is a concentration point. When you mobilize an army for a war, you must have a concentration point. They will gather in Aphek. The army of Israel is also mobilized. Saul is up in the north. The Philistines assemble and bivouac in Aphek, then they march to Jezreel. These events take place just outside of Aphek. There is a war between the two nations.

The Greeks have a typical line of march.

1Sam. 29:1 The Philistines brought all their military units together at Aphek while Israel was camped by the spring in Jezreel.

Hundreds are the companies; and the thousands are the battalions. David passed on behind Achish. These are rulers of Gaza. There are 5 lords of the Philistines here. The 5 city-states will be held together for 50 years by Achish, who is a little green at this time.

1Sam. 29:2 As the Philistine leaders were passing in review with their units of hundreds and thousands, David and his men were passing in review behind them with Achish.

A different name is used here for the leaders. We would call them princes or generals. They ask, “What are these Hebrews doing here?” And they are in the rear of the army, which is even more of a problem. This would put the Philistines in between two sets of Jews.

Achish makes a big thing of the time that David has been with him. David has been with Achish since he deserted, which is how Achish took it.

1Sam. 29:3 Then the Philistine commanders asked, "What are these Hebrews doing here?" Achish answered the Philistine commanders, "That is David, servant of King Saul of Israel. He has been with me a considerable period of time. From the day he defected until today, I've found no fault with him."

The Philistine commanders were unhappy with this. They are upset; David is one of the greatest warriors of their day...an enemy warrior. They reason this out. This could allow David to reconcile himself to Saul. They do not really understand what is going on between Saul and David. They just see this as some kind of personal thing that David would solve by turning against the Philistines.

David is a reversionist. As the bodyguard of Achish, David could really wreak havoc in this war.

1Sam. 29:4 The Philistine commanders, however, were enraged with Achish and told him, "Send that man back and let him return to the place you assigned him. He must not go down with us into battle only to become our adversary during the battle. What better way could he regain his master's favor than with the heads of our men?"

Even the Philistines know the hit song about David. They are not afraid of Saul; but they are afraid of Saul backed up by David. This is a Rom. 8:28 **All things work together for good to those who love God.** Supergrace believers harvest what God sows. Under reversionism, we reap what God sows. All things do not work together for good for the reversionist. Not every believer loves God. David sows and reaps all the way down to zero; so he throws himself at the Lord's mercy. Only God could have gotten David out of this jam. When you sow and you are in reversionism, you will reap a harvest of bitterness and misery.

Rom. 8:28 is for all supergrace believers. Only supergrace believers are in the plan related to blessing.

David is at a low point here; only God can take you to a high point.

1Sam. 29:5 Isn't this the David they sing about during their dances: Saul has killed his thousands, but David his tens of thousands?"

Achish disagrees with his generals here, but he has tremendous common sense. David meant the deceit for the harm of Achish. Achish is a born-again believer at the time of this separation. He is in heaven right now because of David. He talks like a Jew occupation with Christ.

God even used this deception for the blessing of Achish. You men may have been suckers and deceived, some people in Berachah are in Berachah because some doll strapped it on them. God has a blessing for the victim. The victim is Achish, and he says, "By the life of Jesus Christ."

God is about to separate Achish from this great strap-on artist. Jesus Christ is doing Achish a favor as well as David. God will get David out of a jam and remove Achish from a strap-on artist.

1Sam. 29:6 So Achish summoned David and told him, "As the LORD lives, you are an honorable man. I think it is good to have you working with me in the camp, because I have found no fault in you from the day you came to me until today. But the leaders don't think you are reliable."

## 74 Deliverance of Achish from the deceiver; reversion misery and recovery of David

Achish calls David. It can mean *to shout, to be disturbed*. Achish says, "By the life of Jehovah," which suggests that he is a believer. The princes of the Philistines are correct and Achish has misjudged David.

### Achish

1. Achish is obviously a believer and a growing believer.
2. He has been blessed by association with David, even though he has been deceived by David.
3. He swore to be faithful and he has been.
4. In association with David, Achish has become a growing believer.
5. David strapped it on to Achish. Achish has a true category #3 love for David and David is using Achish.

For all we know, Achish never found out that David strapped it on him.

Rom. 8:28 never applies to the reversionist; it only applies to the supergrace believer. Reversionists do not love God. The deliverance of Achish and David will begin his recovery from reversionism.

The princes do not trust David and they are right to feel this way. The sovereignty of God in grace will take him back from zero to 100.

1Sam. 29:6 *So Achish summoned David and told him, "As the LORD lives, you are an honorable man. I think it is good to have you working with me in the camp, because I have found no fault in you from the day you came to me until today. But the leaders don't think you are reliable.*

Achish asks David to go in peace. The more you have strapped it on, the more you will protest. David is trying to bring something out of the shadows of the true love that Achish has for him. God has just opened the door so that David can walk away from all this; but David is dilly-dallying around to retain his relationship with Achish.

Achish has truly been David's friend; he has been honest with him; he does not want to leave Achish thinking ill of him. He wants to leave with Achish thinking well of him.

1Sam. 29:7 *Now go back quietly and you won't be doing anything the Philistine leaders think is wrong."*

The lords of the Philistines see right through him; and Achish is loyal to a fault. He wants to leave with a noble image in Achish's eyes. David walks out, but he has a great respect for Achish.

1Sam. 29:8 *"But what have I done?" David replied to Achish. "From the first day I was with you until today, what have you found against your servant to keep me from going along to fight against the enemies of my lord the king?"*

Achish gives the final approach. Achish must be very close to supergrace because he understands the Angelic Conflict. He has the right vocabulary for that.

This is Rom. 8:28; believers reap what God sows; for supergrace believers.

1Sam. 29:9 Achish answered David, "I'm convinced that you are as reliable as an angel of God. But the Philistine commanders have said, 'He must not go into battle with us.'

Pre-dawn revely and move out.

1Sam. 29:10 So get up early in the morning, you and your masters' [Lord's] servants who came with you. When you've all gotten up early, go as soon as it's light."

1Sam. 29:11 So David and his men got up early in the morning to return to the land of the Philistines. And the Philistines went up to Jezreel.

What happens between these chapters is Psalm 13:

two verse in each stanza. It is not clear in the English; each strophe has a different number of lines; 5 lines; 4 lines; 3 lines.

David reaps what God sows; God's deliverance. First 5 lines, David reaps what David sows. The next 4 lines, David repents and comes back under grace. In the final 3 lines, David reaps what God sows.

Psalm 13 inscription [For the choir director. A Davidic psalm.](#)

*How long* introduces 4 or the 5 lines.

David realizes that he does not want to spend the rest of his life in Philistia being a bodyguard for a person that he has been strapping it on for months. Achish used it on him and David tries to use it on God. Same word. A good strap-on artist uses a word he learned from Achish. This is real sarcasm.

David sowed change of environment; operation strap-on, and he does not like this harvest at all. He is quite displeased with what he has done.

Psalm 13:1 [LORD, how long will You continually forget me? How long will You hide Your face from me?](#)

The 3<sup>rd</sup> how long. David is not lining up troops. He is lining up worries in his own soul. He is so good at reversionism that he manufactures his own worries. Instead of gapping it, he is lining up worries in his soul. He planted all of these crops and all that came up is worry weeds. You will not like what it is that you have sown. And God says, "What the hell do you expect?" You cannot rise up over your ability. David looks like he will be the lifetime bodyguard of Achish and go to war against his own people, the people God says he will rule over.

David has been acting against the guidance of God, and that means this is all of his fault. He has no one else to blame. It is all David's fault. The worries continue their march every single day.

David's enemy is Saul. He is getting drunk every night toasting David. David has enough trouble, but Saul is at the top of the hole dropping dirt in.

Psalm 13:2 **How long will I store up anxious concerns within me, agony [maximum misery] in my mind every day? How long will my enemy dominate me?**

David's repentance; Apek to Ziklag. David is demanded that God have respect for him. He has just awakened to the fact of grace. David is drilling Rom. 8:27. Decrees; all in. When God does something, He has to vindicate what He has done. "God, this is Your plan; You must vindicate what You do." Whatever God sows, He reaps. He sows and grace and He reaps in grace. God sows doctrine in the soul. But the ground must be open. God can only sow where there is doctrine.

David only had a few days to get back into Ziklag, so he wants the doctrine in a hurry.

Psalm 13:3 **Consider [respect] me and answer, LORD, my God. Restore brightness to my eyes [cause my eyes to be enlightened]; otherwise, I will sleep in death,**

For 16 months, Saul has been gloating. He chased David out of Israel.

David has not fallen because he did not die; he is tottering. David will repent and recover; Saul will eventually go into the grave. While you gloated over the tottering of someone else,

Psalm 13:4 **my enemy will say, "I have triumphed over him," and my foes will rejoice [to dance around in a circle] because I am shaken.**

Now we get into David's recovery. Batach means that repentance is non-meritorious. This is a verb used for faith rest.

It is better to be the greatest king who ever lived rather than be the bodyguard of a pretty good king. Doctrine in the soul demands divine vindication.

### **The Recovery**

1. Recovery and reentrance into the supergrace life.
2. Doctrine in the soul must be vindicated; this is David's growth. Doctrine in the Bible is vindicated. Doctrine in the soul of the believer is
3. Now David repents and God's grace delivers him from the jam and God delivers Achish as well.
4. No more strap-on for David. No more lying to Achish.
5. Both men are delivered.

Psalm 13:5 **But I have trusted in Your grace; my heart will rejoice** [dance around in circles] **in Your deliverance.**

David will sing in celebration. David reaches the point of supergrace recovery.

Psalm 13:6 **I will sing to the LORD because He has treated me generously** [compensated me in grace].

David is reaping deliverance now. He goes into Ziklag as a believer ready for disaster he is a believer operating under grace. He will reap what God sows. It is David's recovery that makes the deliverance of his people possible.

**1Samuel 30:1-6 Psalm 22:1 72David 631\_0075**  
**75 03/18/1973 From disaster to occupation with Jesus Christ**

Aphek is on the northern border of Philistia. Ziklag is further south. The various Philistine armies were gathered at Aphek. There is a council made up of the leaders of the 5 Philistine city-states. They asked for David to give up his commission as allied with them and as a permanent bodyguard for Achish.

Ziklag is close to Judah and very close to the negev of the Amalekites. 3 day march to Aphek. By the time David gets to Ziklag, he will be recovered enough to deal with the crisis.

There is a rapid and sudden change of events. They made 3 days of forced marches and this will be a great test of David's men.

The Amalekites are a mysterious group of people, but they are just another group of Arabs. They are related to the Jews through Esau. Others are descended from Abraham. About a half-dozen different ways they are related to the Jews. There is a fantastic difference between Arabs and Jews, even though they are simply cousins of the Jews.

These are land pirates. 400 years previous, these people kept the Jews out of the land. It was the Amalekites that stopped the Jews at Kadesh Barnea. The Jews wandered around for 40 years and then they entered into the land from the east. All Arab groups are at enmity with the Jews.

There was a great concentration of wealth in the negev. They attacked the caravans traveling north to south or south to north; and they go from Egypt or to Egypt. The negev is where there are great Arab raiding parties. The Apaches use to lie in wait and attack anything that came across the desert.

There is a great valley in the midst of these mountains. There is a beautiful valley for cattle; the pleasant valley cattle wars. I guess this is in the US. It is difficult to get into and

it is very well hidden. This is why the Amalekites have been so successful. David had never

the Amalekites were from Esau but they apparently were in the land already even when Esau was alive. They are the subject of Balaam's prophecy. They were once a great empire. In the time of Chedorlaomer, controlled the land in Canaan down to the Negev. Balaam called them one of the great nations. They used to join the Midianites in order to do raids. Psalm 83:7

David is about to reap some of the wages of reversionism. A reversionist reaps what he sows. David has been sowing the devastation of Amalek. He is going to recover and reap what God sows. He will operate under Rom. 8:28. The Amalek wealth will soon be David's.

Negev means south country and sometimes means the high desert country out in front of mountains. David had been hitting the oases where there were no defenses put up because of a mutual defense pact between the Philistines and the Amalekites.

1Sam. 30:1 Then it happened, when David and his men arrived in Ziklag on the third day. The Amalekites had raided the Negev and attacked [had hit] and burned down Ziklag.

V. 2 gives a retrospective. This is what David did not know what happened at the time. In David's group of 3000 camp followers, some were ladies and some are children; and they are all taken. All of the females are taken by Amalek. This word is also used for sick women. They will be marched for several days to get them far away. They will then rape, torture or abuse the women they have taken while they tie one on. Every woman taken is a very unhappy woman. They are captured women and in deep trouble. The great disaster belongs to the women. The Amalekites were fond of children and treated them well. The children will have an easy time of it. It is like being kidnaped and allowed to do whatever they want to do. The Amalekites must travel fast. The women would become the toys of the Amalekites.

There are no women so ugly that they are slain. This indicates that this is a great collection of women. David took his battalion of 600 and went off to war, leaving his women behind defenseless, which is poor security. David in reversionism is guilty for the very thing that he accused Abner of doing. The Bedouine raiders did not make war on the women and children as David did; but the women would become the sex toys of the people of the desert. Many children which were taken in war were raised as their own children.

They moved them off very rapidly. The great and the small were carried off; and, so far, unharmed.

1Sam. 30:2 They also had kidnapped the [distressed] women and everyone in it from the youngest to the oldest. They had killed no one but had carried them off as they went on their way.

When v. 3 begins, David does not have a clue as to what has happened. This is much like this week in Houston; a celebration for St. Patrick's Day. Many are married. Patrick was a born-again believer and a protestant 1000 years before the reformation. He was born in Scotland near Glasgow. His grandfather was a married Catholic priest, which was frowned upon. The Scots were so independent. They did not care much about the Catholics and the pope. They taught salvation by faith in Christ and was clear on doctrines pertaining to salvation. Irish pirates hit the coast and Patrick was taken and made into a shepherd. He got back to Scotland and he got back into doctrine and he began to think about these Irish people and how slovenly they lived and how clean the Scots were. This burdened him; so he decided to evangelize them. The Irish were under some sort of druid system. He would go out in the open fields and he would teach. There were a number of Irish who were on positive signals at that time. Patrick knew very little about the pope; and he set up some independent schools. He had a ministry that lasted over a half century and he led so many Irishmen into supergrace that the whole island changed. He was a saint, as all believers are. Try to tell that to anyone who is Irish or to a Polack who admires the Irish, or to anyone connected to it. Notre dame are blue and gold, not green and white. They are called the fighting Irish but they ought to be called the fighting Polacks.

Again, this is the Catholics trying to reach out and claim everything. People are ignorant about things. David was as ignorant about what happened in Ziklag as we are about St. Patrick's Day. We ought to have St. Columbo's Day. An Irishman named Columbo who was saved, 100 years later, from the great St. Patrick revival and he set up missions in Scotland. He was truly Irish and he converted the Scots.

David did not have a clue as to what happened to Ahinoam and Abigail. He just knows that there are no bodies left behind. Lots of signs of struggle and everything has been burned out.

They arrive and this is a very dramatic incident. 3 days later, things are still burning. Qal active participle. It was still burning. Again, David does not know what had happened. They were looking forward to seeing their wives, girl friends, children or whatever, and there was a dramatic reaaaction.

1Sam. 30:3 [When David and his men arrived at the town, they found it burned down. Their wives, sons, and daughters had been kidnapped.](#)

There was some real loud screaming. They were very unhappy, upset, panicking. They were hysterical. These were tough men; great troops. They kept on weeping and weeping. They were shocked and frustrated. Maximum lamentation. They wept until they had no more strength to weep.

1Sam. 30:4 [David and the troops with him wept loudly until they had no strength left to weep.](#)

David's two wives were taken as well. David does not know exactly what happened yet. He has an equal loss to his troops. David is the leader and he has 600 grunts. He is suffering from loss as they are, but he is truly a great leader.

1Sam. 30:5 David's two wives, Ahinoam the Jezreelite and Abigail the widow of Nabal the Carmelite, had also been kidnapped.

David is very distressed and he has the additional pressure that everyone wants to kill him. He is blamed for what occurred. He is distressed for having a great imagination. Many men do not have as great of an imagination. Their children are off and gone; but David is distressed over imagination, because he is thinking that they might be raped and tortured and suffering all kinds of humiliations. David and his grief must blame himself. He is suffering from loss and he is suffering because of his great imagination. He is also under pressure because his troops want to stone him to death. This puts an incredible amount of pressure upon David. The people are unable to deal with this.

### **Leadership of David**

1. Solutions are simple to people who are not leaders. Leaders cannot be killed in order to solve a problem. Some women over at T&P have no idea how to run the place. Bob has never seen a woman who could run this or that. Many of these women are pitiful. He has an organization to weed out their goofy ideas so that he does not gnash his teeth. Many times, their idea is the fire somebody else. That's stupid. Women in control of things had stupid solutions. The solution to this problem is not to wipe out the leadership. Leadership is responsible, but destroying it does not fix problems. For a woman, destroying one's husband does not fix everything.
2. Suppose that David left behind 200 men. There were 1000 or 2000 Amalekites in this raid and they might have killed off any residual force. Robert E. Lee on the 3<sup>rd</sup> day of Gettysburg took responsibility for what happened, the loss. One of the greatest writings on leadership who was a military observer with the confederate army. When the confederates came back from Picket's Charge (should be Longstreet's dragging his butt's charge). Leadership must assume responsibility in great disaster. People often want the approbation that goes with leadership but not the responsibility.
3. David's real mistake was in not leaving security for the women and children.
4. However, stoning their leader will not solve this problem. If they are to recover anything, this will be based upon David's leadership.
5. David is reaping what he sowed; the wages of reversionism. The Amalekites would never attack Ziklag under normal circumstances. They avoided one another. David sowed by attacking the Amalekites. Now, he is reaping by an attack of the Amalekites. The wages of reversionism is misery and disaster and heartaches of all kinds.

David makes a rapid recovery; in 3 days, he recovers. The answer is to reap what God sows. The principle of Rom. 8:28. While David recovers from reversionism, he has the harvest of strap-on reversionism.

Self-induced misery and divine discipline. The supergrace believer reaps what God sows. The people are bitter over what happened. First they grieve and then they are bitter. Each

person is bitter about his sons and daughters. All who are followers all who are sheep all benefit from good leadership. They often lose sight of all of the benefits under pressure.

However, David encouraged himself in the Lord. Hithpael stem here. David, almost overnight, has to seize his leadership and God's strength. He is showing himself courageous in something. Here is where reversionism recovery begins to pay off. He has recovered some of the doctrine in his soul.

Leadership cannot afford to be emotional too. He is very upset, but he cannot lead from emotion. Emotional has blotted out the right lobe. David regains his composure and his poise. In his vocabulary, he began to talk doctrine and doctrine was put on his launching pad.

1Sam. 30:6 [David was in a difficult position because the troops talked about stoning him, for they \[the souls of his men\] were all very bitter over the loss of their sons and daughters. But David found strength in the LORD his God.](#)

David has recovered from reversionism; Saul, simultaneously, is in a panic, and he goes to the witch of Endor. David goes back to Jesus Christ.

Hithpael imperfect of kazk, which leads us to Psalm 22. From the burning ruins of Ziklag we get the psalm of the celebrityship of Jesus Christ.

The name is a title of the Lord Jesus Christ in His helplessness on the cross. David has imagination and the gift of prophecy. This gift of prophecy and David's imagination gives us the Doe of the Dawn, one who is unmercifully persecuted. At dawn, the deer hunt begins.

Bobby and Bob went deer hunting early in the morning. They sat back to back and they both fell asleep and all around them were deer tracks. A half dozen or more deer had gone through and possibly even sniffed them. Deer tracks all over the place. The deer are always hunted at dawn. This is the emblem of someone who is under maximum pressure.

Psalm 22 starts with all of the horrible things which happened to Jesus on the cross; and it goes to the resurrection and the 2<sup>nd</sup> advent.

God the Father converted the terrible thing which happened to Jesus into great eternal happiness for us. David will find his situation turned complete around as well. He will go from this great disaster converted to great blessing.

Psalm 22: inscription [For the choir director: according to "The Deer of the Dawn." A Davidic psalm](#)

David in supergrace will reap what God sows. The cursing is turned to blessing.

21 verses to the death of Christ; then the glorification of Christ in 22–26 and something for the final ones.

David calls out to God. This describes David's great grief as we saw when David arrived and found his wives to be missing. There is a desertion or a forsaking. My God, My God, me, why have you forsaken? This is what David said when he came to the ruins of Ziklag. Everything that he posses is gone. It is all taken from him. There is nothing left. This very same phrase would be uttered by David's Greater Son. Matt. 27:2 is the same thing. First time to the Father and second time to the Holy Spirit. Jesus Christ utters this because the sins of the world were poured out upon Christ. Since Christ was being judged for our sins, the Father had forsaken Him and so the Holy Spirit.

David recognizes what he said in Ziklag; God will take him at this lowest point of his life, and turn this cursing into blessing. The cursing of Jesus on the cross is converted into blessing, just as it will be to David. Every ruler in all of Judah became a wealthy man over this. He will share it with everyone.

Jesus Christ will reign forever and we will share in this reign. In this great disaster, we will have cursing turned into blessing. Jesus Christ Who knew no sin was made sin for us.

Psalm 22:1 [My God, my God, why have You forsaken me? Why are You so far from my deliverance and from my words of groaning?](#)

**1Samuel 27 Psalm 22:1-19**

**72David**

**631\_0076**

**76 03/18/1973 A psalm of celebrityship**

David is under incredible pressure. The pressure is the greatest in all of the human race when Jesus bore our sins in His Own body on the tree.

To understand this scream of Jesus Christ, we have to understand a few points of doctrine. The day you eat, dying, you will die. This is judgment, spiritual death. Spiritual death is judgment from God, the greatest judgment that God gives outside of the second death. Gen. 2:17 for spiritual death and the 2<sup>nd</sup> death are the two great judgments from the justice of God.

Gen. 3:6 Adam dies spiritually. However, he dies physically 930 years later. Physical death can be said to be the result of spiritual death. The wages of sin is judgment. Isa. 53:9, Jesus went to the cross and he died twice for our sins. Τετέλεστι and this is how the psalm will end. The psalm will end, "It is finished." After that, physical death occurred. It is the spiritual death of Jesus Christ that is connected to our salvation. The first death on the cross was a spiritual death and the second was a physical death.

The issue of the gospel today is, *what think ye of Christ?* The Father and the Spirit, in the judgment of Jesus Christ on the cross, forsook Him and deserted Him. Having completed the mission of the incarnation, Jesus Christ dismissed His Spirit. When He dismissed his spirit, He was death; His body went into the grave and His soul went into Hades. The spirit and the soul rejoined the body and Jesus arose from the dead 3 days later.

Psalm 22:1 **My God, my God, why have You forsaken me? Why are You so far from my deliverance and from my words of roaring [cry of distress]?**

The suffering of David becomes the suffering of David's Greater Son. David suffered these things to a lesser degree; David is speaking from Ziklag. Oh, my God, I scream out to You. All Jesus said and David said this.

David in the ruins screamed until dark. This also speaks of the supernatural darkness of Golgotha when Jesus was bearing out sins on the cross. Why did Jesus bear our sins and stay under this pain and discipline; how did he hang in there until all of our sins were judged. Jesus Christ was a supergrace Person.

David will get supergrace blessings just before he gets the throne of Israel. It is doctrine in the human spirit that got Jesus through this. There has never been so much concentrated suffering and pain placed on One Person at any one time. David could completely comprehend just exactly what the Lord would endure prophetically.

Psalm 22:2 **My God, I cry [scream out] by day, but You do not answer, by night, yet I have no rest.**

The reason for David being under such adversity is given in v. 3. Because God is justice and righteousness, there is divine discipline to David, from the righteousness and holiness of God. David is reaping what he sowed under the ruins of Ziklag. This was pain and suffering to David for about the same time that Jesus was on the cross. David should have been guarded.

David calls God Kedesh; holy. The faith rest life.

Psalm 22:3 **But You are holy, enthroned on the praises of Israel.**

David recognizes deliverance in the past. The Lord Jesus Christ recognized the same thing on the cross. Jesus Christ, while He recognized deliverance in Jewish history, it was based upon doctrine.

God the Father judged Jesus Christ for 3 hours, and Jesus continued to cry out, "My God, My God, why have You forsaken Me?" Jesus Christ could not be delivered from the cross, even though, in His humanity, He was perfect.

Psalm 22:4 **Our fathers trusted in You; they trusted, and You rescued them.**

All of the cries in Jewish history; dual prophetic concept. Every time. In grace, they trusted and they were not put to shame.

Psalm 22:5 **They cried to You and were set free; they trusted in You and were not disgraced.**

Being a worm indicates that he is totally a helpless person in this situation. He has completely and totally failed. David is as helpless as anyone has ever been. His own troops were thinking about stoning him; killing him.

The worm here is the worm which was put into vats and crushed and made into a crimson dye. Jesus would be crushed under the load of our sins and judged for them. We, who are totally undeserving, would reap eternal life. We would wear the robe forever and ever. No one faced the pain and suffering that Jesus did. When He was put up on the cross, He had the pain and agony of suffering and it was intense.

The wine that soldiers had were issued was offered to Jesus. Jesus refused it to keep His senses about Him; He had to keep thinking doctrine at all times. He had to be alert at all times.

David was a reproach from his men. His men looked at David with great disdain because of the destruction of the camp and taking of their wives and children.

Psalm 22:6 [But I am a worm and not a man, scorned by men and despised by people.](#)

David recalls some of the ridicule that he has received as a fugitive. When David would move through a town and people would laugh at him and shoot out the lip and shake the head. These are the dirty signs of people 3000 years ago. Everywhere David went in Philistia, they laughed at him and give him the finger; and the same is true of Jesus Christ while He was on the cross. He took more ridicule on the cross than any person has ever taken.

They have given Him the finger. I always knew I could read some of you vulgar types in some way.

The devil was at the cross and demon-possessed people were making the most vulgar ridicule of Jesus.

The Hiphil indicates that they were motivated. Shooting out the lip is referring to an obscene gesture.

Psalm 22:7 [Everyone who sees me mocks me; they sneer and shake their heads:](#)

these are the remarks made about David in his day; and these remarks were also made about Jesus going to the cross.

Could this psalm have been written when David was on the run? There was this guy who laughed at David and ridiculed him.

David went through the ridicule of those around him; and our Lord suffered this to the maximum.

Psalm 22:8 "He relies on the LORD; let Him rescue him; let the LORD deliver him, since He takes pleasure in him."

God had a plan for David, which begins to dawn on him. God took David from the womb and He had a purpose for David from the very beginning.

You motivated me to hope. From the time he was weaned, David was out on his own. He had almost no family life, which knocks psychology right on its butt. We have some bad experience in childhood. David totally was rejected by his family, just as our Lord was rejected on the cross.

The last close contact David had with his family was milk from his mother's breast. When Samuel came to anoint David, and he was not home and no one brought him in because they did not think he was worthwhile.

David had less family life than you have ever had. You might have had a bad home life or divorced parents or whatever, and that does not mean a thing. Self-pity is reaping what you sowed and it is time to reap what God sows.

God found David in the sheepcoat. Or the sheepfolds, which gets closer. This is where the sheep eat and stand around. This is where they eat and have sheep excrement around as well. God took the person with the worst childhood and kept his family alive for a long time to bug him and to make life miserable for him.

Psalm 22:9 You took me from the womb, making me secure while at my mother's breast.

David was given over to God at birth. God has been David's God out from his mother's womb. We have all gone through a place of not being real and God stuck us with neshema when we are born.

When did David have his last family hook up? When we was weaned, he was gone.

David's testimony leads to the testimony of the virgin birth. David knows why he was born. When you get to v. 10, you get our Lord's testimony. V. 9 was David and v. 10 is Jesus.

From the moment of the virgin birth, Jesus was under God's authority from the beginning. Mary and Joseph were both sinners. We all have sin natures. The father passes along the sin nature. The man willfully sins. Therefore, copulation cannot be the means for bringing Jesus into the world. He needed to be born of a virgin. He needed to be minus a sin nature and minus personal sin. V. 10 is unique. This belongs to Jesus only.

Psalm 22:10 I was given over to You at birth; You have been my God from my mother's womb.

There is no one helping David. He is in trouble. He is helpless. This is a transitional verse; from here, David begins to reap what God sows. David was reaping what David had

not sown but what God had sown. Operation strap on; raids against the Amalekites; and David reaped that. That was the basis of his reaping.

Jesus Christ on the cross is God sowing that we might be reap what he sowed.

Psalm 22:11 **Do not be far [stay away] from me, because distress is near and there is no one to help.**

Now we have the sufferings of the cross. Bulls are wild bulls here; famous for their horns. This can refer to evil power. He is abhorred. The emphasis has to be on the bulls and their horns. All of the sins of the world are goring Jesus Christ. This is like a bull goring someone. Those are the sins being lined up to gore Jesus.

Psalm 22:12 **Many bulls surround me; strong ones of Bashan encircle me.**

They tear apart with their mouths. This means to tear to pieces with the mouth like a roaring lion. The sins of cross are tearing Him to pieces. This is like a plane without a prop being shaken to pieces.

Psalm 22:13 **They open their mouths against me--lions, mauling and roaring.**

Being poured out means that Jesus is dehydrated and has lost His strength; He lacks vitality. So bad is it that all of His bones are separated. They are pulling apart. While He is physically enduring the cross, He is also bearing our sins. There is the extreme pain of the body along with the pain of all of the sins.

He cannot even move His tongue in His mouth.

Psalm 22:14 **I am poured out like water, and all my bones are disjointed; my heart is like wax, melting within me.**

David is physically dying while bearing our sins in physical death. Jesus realizes that He is moving toward death.

Psalm 22:15 **My strength is dried up like baked clay; my tongue sticks to the roof of my mouth. You put me into the dust of death.**

Dogs refers to the gentiles. The assembly of the wicked are the religious Jews. They have encircled Him.

Psalm 22:16 **For dogs have surrounded me; a gang of evildoers has closed in on me; they pierced my hands and my feet.**

Jesus' bones are separating and poking out of the skin.

Psalm 22:17 **I can count all my bones; people look and stare at me.**

The Roman soldiers part his garments among them. They began to cast lots for Jesus' clothing. This is David occupied with Jesus Christ on the cross. He is focused on Jesus.

Psalm 22:18 [They divided my garments among themselves, and they cast lots for my clothing.](#)

**1Samuel 30:6-10 Psalm 22:21-31 72David**

**631\_0077**

**77 03/19/1973; Psalm of celebrityship (continued); supergrace 2 aggressiveness**

What do you reap in reversionism? Boredom or some kind of mental attitude sins, which sets up negative volition toward doctrine. Scar tissue begins to build up. Reaping what you sow means self-induced misery. Divine discipline in 3 spheres, warning, intensive and dying discipline.

The principle of Rom. 8:28. All believers are called according to the plan of God. Only those who love God are the supergrace believers. The cursing was David reaping what he sowed. The camp followers, loved one and friends all disappeared.

David made his first billion when recovering all of the wealth from the Amalekites.

Psalm 22:19 [But You, LORD, don't be far away. My strength, come quickly to help me.](#)

Psalm 22:20 [Deliver my life from the sword, my very life from the power of the dog.](#)

Bob backtracks to v. 21. He calls for deliverance from the lion's mouth, in the previous verse. That is a deliverance from His physical death. He will not be delivered from death, but out from death. When you wound a water buffalo, he goes off into the woods and hides and waits for you, to ambush you.

Psalm 22:21 [Save me from the mouth of the lion! You have rescued \[answered\] me from the horns of the wild oxen \[water buffalo\].](#)

We resume with v. 22; previous verses skipped. David will write this down because he will be delivered from this situation. Doctrine is taking hold at this point.

Out of great cursing will come great blessing. God the Father will be praised, which is Who is spoken of in v. 22.

There will be a great concentration of wealth and David is going to be in control of it.

Psalm 22:22 [I will proclaim \[write\] Your name to my brothers; I will praise You in the congregation.](#)

Grace finds us when he was helpless and useless.

Psalm 22:23 [You who fear the LORD, praise Him! All you descendants of Jacob, honor Him! All you descendants of Israel, revere Him!](#)

Piel intensive; God has not ignored David's disaster just as God the Father did not ignore Jesus on the cross. Dual experience; David in great pain and Jesus Christ on the cross.

Psalm 22:24 For He has not despised or detested the torment of the afflicted. He did not hide His face from him, but listened and [concentrated] when he cried to Him for help.

Psalm 22:25 I will give praise in the great congregation because of You; I will fulfill my vows before those who fear You.

Let your right lobe refresh itself forever.

Psalm 22:26 The humble will eat and be satisfied; those who seek the LORD will praise Him. May your hearts live [shall be refreshed] forever!

David is past history and was the greatest king who ever lived. The reign of his son was great because of David's reign. Jesus Christ will be the greatest ruler of human history.

The curse of Coniah, which meant the Davidic line would not be completed in his line, which is the line that leads to Joseph.

The ends of the earth are the universal worship of the Lord in the Millennium. The same thing applies to communion as applies to Rom. 8:28.

Return to the Lord really means *to convert* to the Lord; which would occur in the Millennium.

Psalm 22:27 All the ends of the earth will remember and turn to the LORD. All the families [nations?] of the nations will bow down before You,

Jesus Christ will rule forever; and yet, there will still be national entities.

Psalm 22:28 for kingship belongs to the LORD; He rules over the nations.

All the fat ones refers to the wealthy. God is tapping His foot, waiting to bless us. All the great ones, wealth ones, successful ones have eaten. Qal perfect. They are already in supergrace; so they are in the status of occupation with Christ.

God pours and he keeps on pouring. David has seen this vision of Jesus Christ reigning forever. David will now reap what God has sown. The very fact that David is alive means that David will reap what God sows. The Seed of the Woman is the Lord Jesus Christ as Savior. It shall be written about the Lord to a generation.

Psalm 22:29 All who prosper on earth will eat and bow down; all those who go down to the dust will kneel before Him--even the one who cannot preserve his life.

Psalm 22:30 **Descendants will serve Him; the next generation will be told [written] about the Lord.**

Those named here will assemble themselves to tell about His righteousness. Supergrace believers beginning with David will come and be motivated to relate His righteousness.

This ends with the Qal perfect of asah.

Psalm 22:31 **They will come and tell a people yet to be born about His righteousness--what He has done [finished].**

This is what David was thinking when it reads *and David encouraged himself*. David has a vivid imagination. A catastrophe is blamed on David.

The souls of the men were all very bitter over the loss of their sons and daughters; but David encouraged himself.

#### **Hithpael Imperfect**

1. Here is where David begins to reap what God sows.
2. David has recovered a lot of the doctrine in his soul which he lost through reversionism. Therefore, the 22<sup>nd</sup> psalm.
3. At this point, Saul, in total disaster, seeks the witch on Endor. This is the night before the battle of Gilboa. Saul continues his reversionism; David recovers. Saul goes to a demon-possessed woman.
4. This is why Saul will die in the next chapter and David will go on to become king over all Israel.

1Sam. 30:6 **David was in a difficult position because the troops talked about stoning him, for they [the souls of his men] were all very bitter over the loss of their sons and daughters. But David found strength in the LORD his God.**

Now David goes into action. Not more than 150 miles away, Saul is going into the tent of the witch of Endor. David calls for the ephod. There is great silence; the men have lost their voices from great weeping. David calls for Abiathar.

This is the first order. He calls for the ephod. This is the garment of the high priest. There is this outfit of gold and blue and affixed to this is the breastplate of the high priest, on each shoulder is urim and Thummim. One is yes and the other is no. It was a system of determining the will of God. A precious stone arrangement on the front; 12 stones, each represents a tribe. David calls for the ephod in order to determine the will of God. David gives a command and there is obedience. David does whatever is necessary to get them moving. This keeps them busy, gets their mind off their sorrows; and everyone is quiet and listening; and only David and Abiathar are talking. Abiathar straps on the ephod and marches into the presence of David. Problem-solving always involves recognition of authority and obedience to authority. Bible doctrine is authority. We recognize it as our authority and we obey it as our authority.

1Sam. 30:7 David said to Abiathar the priest, son of Ahimelech, "Bring me the ephod." So Abiathar brought it to him,

David asks if he should pursue the raiders and will he catch them. At this point, only David is thinking. This is why David is the leader and 600 men are grunts. Anyone can think without pressure; but only great men can think when there is pressure.

In closing in, the Lord assures David that he would overtake. He is also told that he would rescue all of the people. David, with a series of moves, gets everything rolling again. The final verb is doubled, which indicates that he would rescue everyone. God only shows us a little at a time. David moved out. He and his 600 men moved out.

1Sam. 30:8 and David asked the LORD: "Should I pursue these raiders? Will I overtake them?" The LORD replied to him, "Pursue them, for you will certainly overtake them and rescue the people."

They came as far as the brook Besor. This loops all over; and it is a river. This is a small battalion. 200 men are stragglers at Besor. These men can go no further. He will run into several thousand soldiers. 4000 or 5000 soldiers.

1Sam. 30:9 David and the 600 men with him went as far as the Wadi Besor, where 200 who were to remain behind would stop.

#### Summary Points

1. David's battalion was out of shape. Some armies can make a forced march and then right a battle. But these men are out of shape. You get this way when you stop going to the gym. To stay in condition, you must be consistent. When you stop doing that, you've had it. Ony Roger Lewis has been consistent in this; he doesn't work out. When a battalion starts training and reaches its peak, then you have to keep it there. When they joined the Philistines, they were out of shape. Too many parties and picnics. Too much easy living and nice living. The worst thing is to get a fat head from being spiritually out of shape. You brain turns to fat, and you become fat-headed, when you allow your doctrinal growth to stop.
2. They have not been training, so there is a high percentage of stragglers.
3. Combat effectiveness is reduced by a third. The Amalekites are not demoralized; they are very happy about this whole thing.
4. David's battalion would all be on the rockpile. David's battalion will reap what God sows. A third stragglers is poor training and a lousy outfit; that is as gross as it can get. The fact that they are down this way indicates that they are helpless.
5. David is through reaping what David sows and he will now reap what God sows.
6. There is a great deal of wealth. David is still doing a little reaping from what he has sown. Grace is the overruling factor at this point.
7. If the battalion had depended upon the 200 stragglers, no one would have been rescued.

8. The dropouts of the Brook Besor will be used to smoke out reversionism in David's battalion.

200 are too exhausted to go on, but David pursues. God must vindicate doctrine in David's soul no matter how lousy a person David has been. David has no clue as to where to find them yet. No matter how black or how dark the situation may be, it is always darkest before the dawn. Doctrine pushes David. It is David's goal to get this raiding party. David has great concentration; and this is great in sports and sex and social life. This is great in driving and learning doctrine and business; it is the key. It is doctrine which gives him this concentration; it gives him focus.

The men left behind are all pagar-ed out. They were too exhausted to cross the brook

David takes them across that river with no food and no water and only weapons. And David has no trace of anything to follow.

1Sam. 30:10 [They stopped because they were too exhausted to cross the Wadi Besor. David and 400 of the men continued in pursuit.](#)

**1Samuel 30:10-15**

**72David**

**631\_0078**

**78 03/23/1973 David pursuing the Amalekites**

Bob has been in Mexico a few times? David began his recovery process. Rom.8:28 requires supergrace believers; God must vindicate His Word. The reason we are alive is so that God can vindicate His Word.

God wants to pour; He is anxious to pour; but we must have a cup. When we have a cup, then God starts pouring; and He pours and He pours. First thing you know, David is a hero and a general at age 24. He becomes the son of the king through marriage; God is pouring. When David became a fugitive and lying to the high priest, then he was in reversionism and he began to reap what God sows.

God gave David 400 of the biggest misfits and brought them all to the cave of Addullem and that is Psalm 141, 144 when David said, "God, help."

David eventually began reacting and in a frantic search for happiness and emotional revolt. David later straps it on Achish, king of Gath.

God later poured money out on David. He made his first million when he finds and conquers these Amalekites. We need to get our heads back into doctrine; it's getting to be like Rebecca of Sunny brook farm.

1. If God does not promote you, you are not promoted.
2. If you don't have a cup, then God cannot pour. God is not impressed with merit badges. God isn't impressed with doing works or with being good looking.

3. God is impressed with doctrine and He must vindicate doctrine in the soul of the believer. . God is impressed with doctrine.
4. As David is down in the dust, God in heaven is having a great laugh? God sees Psalm 22 in David's soul. God must vindicate Bible doctrine in the soul of the worst jackass who ever came to the cross.

David is on the road now; he hasn't a clue as to who struck him and he is moved out, looking for them. David will recover all of this and he will hit one of the greatest treasures of the world. When pirates have been attacking successfully for hundreds of years, they have a great amount of treasure. This is why they did not want the Jews walking through their land.

1Sam. 30:10 They stopped because they were too exhausted to cross the Wadi Besor. David and 400 of the men continued in pursuit.

Only 400 make it over the river of his 600. We already took up the principle of staying in shape. That is what happens when you let your battalion get out of shape. They get to sit by the stuff and nurse their blisters.

You don't pour a gallon of water down someone's throat when they are dying of thirst; that will kill them.

First man on the point calls for a halt and everyone freezes. They find this bird in the brush. They have all halted. You always move your new point up and halt them. Then your column up in bivouac. They discovered an Egyptian. They are now reaping what God has sowed. There are hundreds of places where this Egyptian could be dying, and he just happens to be in David's path.

Can you imagine if God said, out in that desert, there is a needle in the haystack; there is a dying Egyptian that you must find before he dies. God puts him in David's path. David reaps what God sows. The Amalekites have been raiding for a long time, including the Egyptians. They just picked him up and hauled him in.

They have the imperfect and that means they nurse him back to health. David is being very patient. They give him a little time to recover. They did not want to rush his revival. This will be in contrast to how the Egyptian was treated by the Amalekites. David is thinking; he is calm. He uses his common sense. You bring in common sense into Bible class and you develop more of it.

1Sam. 30:11 They found an Egyptian in the open country and brought him to David. They gave him some bread to eat and water to drink.

David's 400 men are pursuing 1500 or so. The fig cakes are baked in camp and then it is easier to carry with them. The same thing with the raisins. All troops that are successful eat while they march. These are very sustaining rations for a force march.

The Qal imperfect of *to eat* took a few hours. David had to restrain his troops. David knew when someone like this was in his path, then he needed make use of him.

Ruwach means the Holy Spirit or the human spirit. It can also refer to wind or air; and it can also mean *life*.

1Sam. 30:12 Then they gave him some pressed figs and two clusters of raisins. After he ate his life revived, for he hadn't eaten food or drunk water for three days and three nights.

David is one of the great believers of all time. There are those who want this one-shot deal that give them great spiritual power. There is no substitute for the daily intake of doctrine. You take in doctrine tonite, that is pretty much what you need. When things go well for you, that is the time to get doctrine in your souls. Those who file their nails in Bible class and spend their time thinking about what they do tomorrow, those are people who cannot deal with a crisis.

David knows what to do and he does it. The grunts with him are followers; and many of them are in bad shape spiritually. All of those grunts will be millionaires someday, but that is because of obedience ot authority. That is the issue. The laws of divine establishment.

David interrogates this Egyptian. David does not leave this to G2; he handles this himself. David's questions are simple, and it could be because this is an Egyptian. David looks over this guy carefully for a long time before he begins questioning him. David is concentrating on this guy, which is one of the great successes in life. David could see that he is a slave; therefore, David asks "To whom do you belong?" That question came from observation.

Just because you are a Christian, this doesn't mean that you don't go first class. You are to observe and pay attention and use this. 400 men are going to attack several thousand.

When this guy names an Amalekite master, he knows that he is with the attacking Amalekites. The Amalekites liked slaves. This man would not abandon his slave means that the Amalekites were in a hurry. They were racing to their valley where they would be safe from attack. They also picked up some beautiful women, and they wanted to get them back to camp in order to enjoy them. However, they learned through the years to raid and get back to their headquarters before doing anything.

The Amalekites loved children and they wanted to get them back to a place of safety.

1Sam. 30:13 Then David said to him, "Who do you belong to? Where are you from?" "I'm an Egyptian, the slave of an Amalekite man," he said. "My master abandoned me when I got sick three days ago.

The Cherethites. This may not thrill anyone. There is an area in front of a mountain range. El Paso is built in front of a mountain range.

This is a group of Philistines in the southeast corner. The Philistines were originally sea pirates. Some Achaians and others. There is one group that still goes to sea to raid. There was a treaty between Amalek and the Philistines. They did the same things.

These Amalekites probably figured out who were attacking them; and these are the people who they attack. The Cretes are synonymous with the Philistines. They originally came from the Isle of Crete. The Philistines are Achaian Greeks.

These Cherethites became David's bodyguard. It was customary for a ruler to have a foreign body of bodyguards, so they are only loyal to him.

They moved south of Judah, which kept them out of Ziklag. They more or less missed Ziklag altogether. This required a big loop.

1Sam. 30:14 [We raided the south country of the Cherethites, the territory of Judah, and the south country of Caleb, and we burned down Ziklag.](#)"

now we get to the application of this interrogation. Going down here means that David wants to be in a position to pounce upon these Amalekites. The Egyptian makes a deal with David. He asks for a solemn promise.

This slave knows where the Amalekites are hiding out. He knows their route. This is a large valley with many castles and ranches. This Egyptian knows where they go to divide the spoils, and to party and enjoy their spoils.

1Sam. 30:15 [David then asked him, "Will you lead me to these raiders?" He said, "Swear to me by God that you won't kill me or turn me over to my master, and I will lead you to them."](#)

all of this time, God is pouring for David. The strap-on artist is gone. Bible doctrine is back in his soul. He is now reaping what God sows.

**1Samuel 30:16-20**

**72David**

**631\_0079**

**79 03/25/1973 Conquest of the Amalekites**

A lot of surprises in store this evening and Bob wants to have the young people up close today. He is going to show that athletes are not animals (not all of them). World's Weight lifting champion is there, pressing about twice his weight. Gary Glenny is also a member and he is the heavyweight champion of the United States in weight lifting. His wife is a famous track star. Mike Camping, who is still a growing boy. He is in the super-heavyweight division; and he is 6'7".

There are no solutions to the problems of life apart from Bible doctrine. There are many counselors and advisors today and all types of therapy; but the only solution is in the souls of individuals. The principle that God must vindicate His Word in the souls of individuals. God is not impressed with people; He is not a respecter of persons; but He does vindicate His Word. This is true of David and true of us today. David tried to solve his own

problems; he tried running away. A change of environment; he needed to move to southern California. This change of environment was a result of his soul, his thinking, his frustration, disillusionment, and in a state of self-pity. He thought changing his environment would solve his problems. Being a man, he develops some feminine attributes. You must feminize your soul to get into operation strap-on. David is in reversionism at this time, so that he will reap what he sows. As a supergrace believer, he will reap what God sows.

When he returned to Ziklag, his city was still burning after 3 days. He has almost gone through his reversionism recovery. Rom. 8:28 is applicable only to a supergrace believer. It does not apply to a believer in reversionism.

God wants us to be ready for Him to pour. He has infinite wealth. He has far more than we can understand and He wants to pour this out. He is a good host. But we are standing around without a cup. The question is, what is the cup and how to we get it.

Self-consciousness distinguishes us from animals. Bob has shown Balderdash photos of himself and it does not impress him at all. He was not even impressed by an Alpo ad. Animals do not have self consciousness. This puts us way above animals and a little below the angels. Emotion is designed to enjoy your life. There is a system there to respond and to enjoy what goes into the soul. The Bible always uses heart for a part of the brain; it is never used for the pump.

There are component parts to your heart. There are many songs about remembering things, some good and some bad. Articles are brought into Bob, because their souls respond to the information.

Bob read a newspaper article about Rhodesia and South Africa getting tired of the Black nations around them, and China and Russia are arming many of these other countries. The UN is getting ready to stir up a great war in Africa.

The food, Bible doctrine, is in the canon of Scripture. It must be transferred into the soul. David communicated because he had the gift of prophecy. God will make every believer he can, a RM/RW and a million dollars or more. He wants them to have wonderful friends; social life. When God puts anything into our cup. There are wonderful blessings which come out of adversity.

3 day march, a force march, from Apec to Ziklag. He arrived in Ziklag to still be reaping what he sowed. He began to encourage himself in the Lord. This means he began believing what God has told him.

1Sam. 30:6 [David was in a difficult position because the troops talked about stoning him, for they \[the souls of his men\] were all very bitter over the loss of their sons and daughters. But David found strength in the LORD his God.](#)

David got his people in line and they went out after the Amalekites. However, he lost a third of his men due to lack of training and exhaustion.

The Amalekites want children because David has killed off their children, as he wiped out entire populations. David revived this man and now he is moving forward.

The Egyptian led them to the correct spot. "Down" refers to being surreptitious rather than to direction. A pass that came in from the north and a high ridge of mountains; David went up to this pass and he saw this great valley that is 30 or 40 miles long. Various hills feed into this valley and there are these houses and castles all over; and the Amalekites had been operating from here for a long time. When the Jews came up this direction, the Amalekites had 100 years of accumulated wealth at this time, in the Exodus generation. By the time of David, we are talking 500 years of wealth accumulation. They had been hitting caravans all over and living off of these caravans. They are in a spot from which they can move and hit caravans in all directions. David and this Egyptian and a small patrol look down into this valley and they see all of the accumulated wealth. He will recover billions of dollars of loot; and everyone associated with David will become wealthy. David is on the verge of seeing God pour. His cup is about to run over. David married the daughter of the king, killed Goliath, was the great military hero of that time; and his cup was running over.

Then David is given 3000 unruly types in order for him to learn how to rule over people. If he can rule over these men, then he can rule over all Israel. When David goes into reversionism, he loses his cup. When he gets out of reversionism, then he gets back the cup and God pours. When you have problems, you know how to handle them.

What you need is doctrine in the soul, which is the doctrine in your soul which forms the cup into which God can pour. Fundies today have gone right off their rockers; psychological activity, and they have people going out and doing stuff. These are legitimate activity.

God must vindicate His Word in your soul; He magnifies His Word above His name.

The raiding party has already arrived at their hideout and they have spread out; and they have been back for awhile, since they are having a great party. You can hear the screams and the parties and the music occurring in the valley. They are eating, drinking and celebrating. These are in the particples; this is party eating; celebration eating. Some are happy because they now have children, since David has killed their children and wives (for many of them). There is this sensuous type dancing; this is dancing which will eventuate in sex. This party is 40 miles long. It is a real bash.

It appears as though this chapter stands in contrast to 29 and 31. David is in contrast to Saul; and the results of their wars as well.

David slaughtered them. In the Hiphil stem; it indicates that you might find a guy who has taken your wife, and you might cut off a few extremities before they kill them. This is not a Sunday school picnic. They hacked the Amalekites to pieces.

A good outfit can march 30 miles a day, but it is difficult. They had 5 days of force march and they fought for 24 to 48 hours.

1Sam. 30:16 So he led him, and there were the Amalekites, spread out over the entire area, eating, drinking, and celebrating [dancing, staggering] because of the great amount of plunder they had taken from the land of the Philistines and the land of Judah.

There were 400 men who escaped. Maybe out of 3000 warriors.

#### **David's Attack and Advantages**

1. From the men who escaped, this was the headquarters of Amalek.
2. The number who escaped are equal to the number of men David brought in.
3. David has a decimated force.
4. David has a smaller force but he can attack with great surprise and mobility.
5. Many Amalekite soldiers are looted; so they are not nearly as good as they are most of the time. They are caught in the act of fornicating or they were stoned.
6. The raiders are spread out. There are at least 3 or 4000 men spread out in this valley. David is able to strike them in various groups. David will suffer no casualties, and he strikes them at their most vulnerable moment.
7. David concentrates his force at a spot where his smaller numbers counts. There might be 100 here, or 400 there; and only a few can stand on their feet. He has an advantage where he attacks. It is not the size of the force, but how it is utilized tactically.
8. In this way, David had the most men concentrated at the point of contact. So this small force could defeat a large force. This is called defeating in detail.

David struck them from sundown to the evening of the next day. That is at least 24 hours; probably 26 minimum.

1Sam. 30:17 David slaughtered them from twilight until the evening of the next day. None of them escaped, except 400 young men who got on camels and fled.

David recovered everything.

#### **David's Recovery**

1. Were David's wives molested. David is late to this party. What as David's attitude toward them? When Absalom went in and raped David's mistresses, David would not touch them again. You have to do something to indicate that you are revolting. David took care of these women, but he never touched them again. David has great imagination and a man of great IQ. So, someone who has no imagination, it makes no difference to him. It makes a difference to David. We do not know the status of David's two wives in this passage. We will analyze this because of something will come up later.

2. David continued to have sex with both of his wives. David is going back to Ziklag and spend 3 days there, and he will hear that Saul is dead. Then he will go to Hebron, where he will be made king of Judah. After this time, he had children by both of his wives. 2Sam. 2:2-3
3. When Absalom fornicated, he had sex with 10 of David's mistresses. 2Sam. 16:22
4. When David returned from putting down the Absalom revolution, he did not touch these mistresses.
5. Apparently David would not touch a woman who gave her body to another. 2Sam. 16:2 20:3
6. His wives were rescued before being raped; or David correctly evaluated the situation that his wives were helpless.

1Sam. 30:18 David recovered everything the Amalekites had taken; he also rescued his two wives.

There was nothing missing to them, whether small or great. David recovered everything. When David was in the ruins of Ziklag and encouraged himself in the Lord, he stopped reaping what he sowed and began to reap what God sowed.

1Sam. 30:19 Nothing of theirs was missing from the youngest to the oldest, including the sons and daughters, of all the plunder the Amalekites had taken. David got everything back.

He seizes all of the cattle and sheep. The people shouted, "This is David's plunder."

1Sam. 30:20 He took all the sheep and cattle, which were driven ahead of the other livestock, and the people shouted, "This is David's plunder!"

It was all recovered and all of the wealth of Amalek, minus 400 camels. He has a great amount of treasure. No one has tapped so much wealth. Romans hitting Corinth made off with a lot and in Carthage. The Goths took all the treasures of Rome, and set sail for North Africa and were hit with a storm, and this took all of the treasure into the deep seas. This is somewhere out in the Mediterranean, and this is one of the greatest treasures in world history.

Most of the Assyrian treasure taken by the Scythians and spread all over the world.

There will be a slight reversionistic revolt. Success destroys some of the men in David's battalion, but it does not destroy David.

**1Samuel 30:21-24**

**72David**

**631\_0080**

**80 03/25/1973 Moral courage and grace policies**

This is a very short lesson. 38 minutes.

Anyone who wants to dead lift any weights on the platform, to come down and give it a shot.

God wants to bless us, but we must have a cup in our soul. We can go toward blessing or toward reversionism. The daily intake of the Word of God leads to blessing. He was disillusioned and ran away to Philistia and he was bitter and he entered into a frantic search for happiness. His soul went into emotional revolt. He became negative toward Bible doctrine. False doctrine sucked into his right lobe and he went into reversionism, when he began to reap what he sowed. He got divine discipline which came to a dramatic climax in the ruins of Ziklag. Doctrine taken into the left lobe and cycled in the human spirit. This began to be circulated throughout the thinking of the soul. The top floor is +H. Believer goes into supergrace.

Then we have the supergrace capacities. Capacity for love, happiness, adversity, freedom. This is the cup and God begins to pour blessings. The first time, God poured. Death of Goliath and his rapid promotion. He had professional blessing as a general. He was given a wife and his cup was running over. He was in reversionism. He lied at Nob and Nob was massacred. He lied and Gad and had to leave in humiliation.

He got many of the throwaways and he whips them into a great fighting force. He falls again, and leaves Judah. He took out 500 years of loot from the Bedouins.

A third of his battalion became stragglers. They were worn out. This is the long valley where all of these castles and houses were built.

These men were totally exhausted and they were out of shape. 3 day force march and they had to move out again, and they were too exhausted to move on. 400 were strong enough to go on. The 200 are undeserving and they are stragglers. They lacked the self-discipline to stay in shape.

There is some mumbling as all of this treasure is being led out of the valley.

The 200 inquired or asked about how it went. This is the stragglers who are making the inquiry.

Rom. 8:28 applies only to those who love God; those who are in supergrace. This begins with ἐπίγνωσις doctrine in the human spirit.

Occupation with the Person of Christ is the basis for the supergrace life.

There is self-righteousness in those who are coming across to the Wadi Besor. They defeated the Amalekites. God made the difference. 200 men were out of shape. The secret to success resides in Who and What God is.

Amalek was scattered in ranches and castles all across the valley.

1Sam. 30:21 When David came to the 200 men who had been too exhausted to go with him and had been left at the Wadi Besor, they came out to meet him and to meet the troops with him. When David approached the men, he greeted them [they greeted him; they inquired of them],

They were helpless to help, but they wanted to know how it all came out. The 400 have already made up their minds not to share the gain with the 200 who remained behind. These are reversionists. They are called sons of Belial here, which means *sons of wickedness*.

1Sam. 30:22 but all the worthless men among those who had gone with David retorted, "Because they didn't go with us, we will not give any of the plunder we recovered to them except for each man's wife and children. They may take them and go."

They would allow one thing. They could have their wives and children. They would not get anything else. They don't even get their furniture back. They would be able to take these wives and children and leave.

50 or 60 people left Berachah because they wanted to make a policy that was contrary to God's grace. The 400 made their non-grace decision.

#### Summary of V. 22

1. This is a challenge of David's leadership. Is he oriented to grace enough to see the issue? This is legalism versus grace. God has graced all of them out.
2. Some of the men are in reversionism and they have not yet recovered.
3. Reversionism goes to a merit system; you must earn and deserve my friendship or my love. You must do something to earn this or that. Reversionism has a terrible self-righteousness.
4. Whoever shares in the grace must earn it, according to the 400.
5. Reversionism ignores God's grace and places everyone on a merit system.
6. Reversionism becomes a policy-making group or individual. They defy their authority. This is a revolt against David. This ignores David's leadership and authority.
7. Reversionism rejects true authority.
8. The reversionistic believer, having just benefitted from the grace of God, wants to deny this grace to other believers.

David will not let them get away with instituting policy over him. David has tremendous moral courage. David clearly understands the principles here. This tells us that David is in fellowship and functioning in doctrine. David calls them brothers, which indicates that they are also believers. The key is what God has given.

David kept the Egyptian alive so that his knowledge could be exploited. They would know nothing without this Egyptian sitting right in front of them. One set of zeroes complain about the zeroes left behind. It is God's grace that makes all of the difference.

Do not criticize those who do not measure up to your natural abilities and natural strengths. Gary Glenny has strength and training; would he say you have no deserving of anything if you cannot dead lift 600 lbs? The 200 men were weak in one way; 400 were weak in another. It is God's grace that makes the difference.

The entire battalion survived this. All 600 men came out of this without a scratch. David tells them that God gave them into their hands.

#### **Legalism Versus Grace in this Situation**

1. We see the spiritual factor and how he uses Bible doctrine here.
2. David applies grace, divine viewpoint and doctrine. This gives him the moral courage to handle the challenge to his authority. He stands up against the reversionists. He lives by the principles of doctrine and fairness and justice.
3. Legalism puts a lot of pressure on leadership. Good leadership never allows themselves to be pressured by the sons of Belial.
4. The entire battalion was helpless, hopeless and useless.
5. This same group of reversionists had previously sought to stone David at Ziklag.
6. Therefore, David establishes a grace policy.

1Sam. 30:23 [But David said, "My brothers, you must not do this with what the LORD has given us. He protected us and handed over to us the raiders who came against us.](#)

David is elated at recovering everything. However, David's head is not turned because he has been successful. Many in supergrace will face success and this will knock them out. You think you have all of this blessing because of your merit, and you will be wiped out. Others will be blessed and can take it all in stride. Many will have RM/RW and success in their profession, and success in adversity; but the key is, the giver is more important than the gift.

1Sam. 30:24 [Who can agree to your proposal? The share of the one who goes into battle is to be the same as the share of the one who remains with the supplies. They will share equally."](#)

**1Samuel 30:24-31 Psalm 112:1a 72David**

**631\_0081**

**81 03/26/1973 Doctrine of Association**

A pastor Bob used to listen to. God is not a respectable Person; and the gifts gold, Frankenstein and myhrr.

Supergrace capacities: capacity for love, life, adversity, promotion, etc. God cannot pour until you have a cup. You do not have a cup until you have supergrace capacities. David had it all. Jeremiah lived under the time of the fifth cycle of discipline which was reserved for his old age. He settled down in Babylon at about age 65.

David, by the time he was 23, he had a cup. The first pouring was when he fought Goliath. His first fall was getting people killed in Nob and having to feign madness in Gath.

But God gave David the worst people around and he was to whip them into shape. Then he went back to Philistia, where he went down and then got back up again. No one has had such a cup running over as David did. But God has designed for all of us to have a cup and one that runs over.

Rom. 8:28 is for supergrace believers only. The reversionist always reaps what God sows. David leaves Ziklag, gets to the River Besor, crosses over; finds an Egyptian, and he leads them to a valley of ranches and palaces. 400 Arabs escaped on 400 camels.

There were 200 who stayed behind and David left them at the River Besor. David would not let the reversionists make the policy. All would share in the take. Grace is the policy.

1Sam. 30:24 [Who can agree \[listen and support\] to your proposal? The share of the one who goes into battle is to be the same as the share of the one who remains with the supplies. They will share equally."](#)

This became the established policy from that day forward. He set up a grace policy which went into their army manual. Every member of his battalion will get a share. They will become very wealthy men.

1Sam. 30:25 [And it has been so from that day forward. David established this policy as a law and an ordinance for Israel and it continues to this very day.](#)

### **David and Friendships**

1. David will reap what God sows. God is sowing for David some lifetime friends. To have such friends is a sign of stability of character. Changing friends constantly is a sign of instability. Do you have friends that go way back? If you change friends, you can count on it; you are an unstable person.
2. The wealth was distributed to these 200 stragglers; that is grace. They did not earn it or deserve it. He gave great wealth to every friend that he had made in those years of persecution. These will be true friends. These will be lifetime friendships. True friends are often very scarce. You must have something in your soul. You must have something to offer in a friendship. If you have a dried up soul, you have nothing to offer.
3. David gives in a true sense; he gives with no strings attached. He gives from a supergrace attitude, which is no strings. He is not trying to bribe anyone. The people of Judah cannot make David king over all Israel. Giving without strings is a sign of true love. You do not have to give with strings. Giving of love and materialistic things is a sign of true love.
4. Contrary to the undeserving commentators, David was not giving to those people of Judah, he was not giving to campaign. Commentaries do not have a great deal

to say about Samuel. Some say that David uses this to pay his campaign expenses.

5. David did not give to ingratiate himself with the judges of Judah.
6. 3 days after David returned to Ziklag, the news of Saul's death will come to him. He will have already sent these gifts. In fact, it is likely that his men simply took these things to these various cities right from the valley, so they are not covering the same ground twice with all this merchandise.

1Sam. 30:26 [When David came to Ziklag, he sent some of the plunder to his friends, the elders of Judah, saying, "Here is a gift \[behold, to you a blessing\] for you from the plunder of the LORD's enemies."](#)

### **David and His Wealth and Blessing**

1. The friends of David did not deserve this blessing. Mountain areas, cities on a side of a hill. God wants to pour; he does not want to take some jackass and pour blessings on him. He would not appreciate it. Solomon was not a businessman. He inherited his money from David. He didn't worry about taxes; he was the tax collector.
2. God was following David and pouring. God chased him all over the countryside to pour. He fell into the sewer of Ziklag he came up smelling like a rose.
3. God must vindicate doctrine in the soul. God is impressed with doctrine; He is impressed with His Word.
4. Under grace, the believer reaps what God sows. Under legalism, the believer reaps what the believer sows. The difference between cursing and blessing in our lives.
5. These next verses describe those who shared adversity with David. When Saul pursued David, these people gave to David without strings. They gave him cattle, sheep, etc. they helped him out with food of all kinds. David was a fugitive. Now David has all of the dough.
6. They share his adversity; now they share his prosperity. This is the doctrine of association.

### **The Doctrine of Association**

1. The believer is blessed by association with supergrace leadership. That is the first principle. Take a nation; a supergrace king; a supergrace ruler of some kind. Rome was blessed by the leadership of Cæsar. Under TR we were strong in our military and had a sustained peace. Free enterprise paid off; and big business was doing well. When they opened up the vote to women, that was bad. Women shouldn't vote about anything. You end up with a lot of women's lib and a lot of homosexuality. Industry provides more illustrations. The way he treats his employees is something fantastic. Bob's grandfather was an executive in a set of mills, and they never unionized, because he gave them a good deal. The prosperity overflows.

2. The believer is cursed by association with reversionism. Jonathan is a supergrace believer, but he remained in association with his father, King Saul; and because of this, he died at Gilboa. Cursing overflowed even to supergrace believers.
3. The believer is blessed and prospered by association with Jesus Christ. The concept of Heb. 12:2
4. Believers often associate disaster with their past sins. This is a monster to associate a present disaster; and you link it with a past sin due to a guilt complex. This is associated with a past failure. God keeps short accounts. Do not go way back into your closet and pull our things from a long time ago. Don't be stupid. A guilt complex is a heinous sins. It leads to pseudo associations.
5. Rebound is also a principle of association. You commit a sin or sins and you get out of fellowship. Those sins were all judged on the cross. God the Father judged those sins when they were poured out on God the Son. You simply name a sin. Bob usually names sins that he enjoys doing. If he doesn't want to do it, then why mess with it? Association always has a link. When you name or confess a sin, that sin was paid for on the cross and you are forgiven.
6. The believer is influenced by sexual associations. The person that you have sex with, that person as a great deal of influence over you. Samson and Delight-ya.
7. The believer is influenced by social association. He can be influenced for evil or good by the company that he keeps.
8. There is guilt by association. The innocent suffer because of their association with the guilty.
9. Prov. 11:11 the mouth of a righteous one is a well of life. When doctrine is communicated so that you can understand it. By the blessing of the upright, the city is exalted. This refers to a city-state. It is overthrown by the mouth of the reversionist.

1Sam. 30:27 He sent gifts to those in Bethel, in Ramoth of the Negev, and in Jattir;

Then there are desert towns scattered all over Palestine.

1Sam. 30:28 to those in Aroer, in Siphmoth, and in Eshtemoa;

The Kenites were a tribe very friendly to Israel and Moses married a Kenite.

1Sam. 30:29 to those in Racal, in the towns of the Jerahmeelites, and in the towns of the Kenites;

1Sam. 30:30 to those in Hormah, in Bor-ashan, and in Athach;

1Sam. 30:31 to those in Hebron, and to those in all the places where David and his men had roamed.

The prosperity of the supergrace believer. Psalm 112. This is an acrostic psalm. The next step will be a civil war followed by rulership. David pulls something from every file on this subject.

The aleph file this is an ox, and an ox is prosperity. The more that you have, the greater your prosperity. The subject of this psalm is the prosperity of the supergrace believer. God fills the cup; this is what the Hallelujah is. However, this is really the title of this psalm.

Ashere is the actual first word. When the edification complex of the soul is completed, there are multifarious blessings. When God takes some zero and makes him absolutely wealthy, it makes demons upset.

Fear is occupation with, Celebrityship of the Lord, etc.

Psalm 112:1 [Hallelujah! Happinesses is the man who fears](#) [is occupied with] [the LORD, taking great delight in His commandments.](#)

**1Samuel 30 Psalm 112:1-7** **72David** **631\_0082**  
**82 03/27/1973 Prosperity and character of the supergrace believer**

The collective opinion of the human race means nothing. It is what God thinks of you that matters.

Psalm 112 title [Hallelujah](#) [Praise you the Lord]!

Supergrace capacities; capacities for life, love, happiness, adversity, etc. Supergrace blessings are secondary to occupation with Christ. All things only work together for good for those who love God.

Happinesses in the plural refers to the various blessings which are given to the supergrace believer. God must vindicate His Word, whether in the canon of Scripture or in the soul of the believer.

The beyth file, which is a house, and the house refers to the place of the intake of doctrine. The basic principle of this verse is the basis for life, the intake of Bible doctrine. Bemitsotaw means *in his doctrine; principles extracted from a text*. In his doctrine, he delights to the maximum.

That show where a bunch of libs vote for the best actor, best actress, etc. That industry is as tied up with the conspiracy as any other. We have some real weak sisters and we ought to do something very special for them; that is liberal thinking.

God pours in an unusual way; he got all the crooks, con artists, psychopaths and malcontents all joined him at the cave of Addullem. He accepts this commission and whips these men into a great fighting force.

Psalm 112:1 [Happy is the man who fears the LORD, taking great delight in His commandments](#) [categories of doctrine].

2 files in v. 2; beginning with the gimel file. It is a camel running. The camel indicates travel and trade. It is another word for the concept of prosperity in the field of trading. Bible doctrine produces greatness and promotion. Gibbowr means *mighty warrior*. Bible doctrine guarantees that a believer will be blessed of God. God blessing doctrine and recognizes doctrine in the Word, which is why we have the canon of Scripture today. God must vindicate doctrine in your soul. You can be the worst person in the world and He will still vindicate the doctrine in your soul. The thing you can leave behind for your children is Bible doctrine. This is the best heritage to leave behind. However, each generation must make its own way. Each generation will produce might heroes, valiant soldiers.

The we have the dalet file, which refers to a door; the next generation walks through the door; one generation leaves the scene and the next comes on the scene. Jashar is different from tsadiq. This does not mean *righteous* but *upright, noble*. You are not born a *gentleman, noble, a good lover*; these things are taught; they are not instinctive; they must be inculcated in the next generation. This is the only way to make a gentlemen out of a sow's ear. Nobility is based on doctrine; moral courage is based on doctrine; being a good lover is based on doctrine. This will all come up in a few weeks.

If parents are animals or parents are stupid or pseudo intellectuals; then they are unable to train their children. They will lavish great love on their children and they indulge them; when you are itching to tear their butt off. Bob has a paddle at home that Bobby as signed.

True nobility is not a matter of family relationship or a matter of birth; it is a matter of training. No one is born a gentleman. Just to prove that you are not born a gentleman, they wrap diapers around you to hide the fact that you cannot behave like a gentleman. Nobility is trained, not born.

Psalm 112:2 [His descendants will be powerful \[valiant\] in the land; the generation of the upright ones will be blessed.](#)

If you pass on the heritage of Bible doctrine to the next generation, then they will be noble and they will be blessed, which is v. 3.

What does God say that He wants us to have? Does he want you out of money and suffering for Jesus and complaining that the devil is after you? God wants us to be prosperous. God has all the money trees. Wealth and riches are in His house.

Fallen angels look in and see all of that wealth that God is willing to lay on us. Every generation has different standards for wealth. When David arrives in the wilderness of Ziklag, he just has his sword and tired feet and his men wanted to stone him to death. But he encouraged himself in the Lord.

When they recover all of their own stuff, they also gather up all that the Amalekites had looted over the past 400 or more years. David took this around to the various cities and gave them a bunch of wealth without strings. After this is all over, David sits around in the

midst of all his wealth, a few million dollars or so. Solomon will get twenty million in gold each year from one investment.

The wealth of the soul which leads to wealth all around him. David looked out the window toward God and God began to pour because David has a cup. Now all of the demons are looking in David's window and they see all of this wealth.

The waw file is next; a hook or peg on which the plan of God hangs. God must provide in His plan. You might say that God has a plan for us, but this is a pretty wide circle. However you can also go for reversionism. Whichever way you go, God guarantees you a reward. You go one way and you reap what you have sown; you go another direction and you reap what God sows.

Many of you have probably had someone who has vowed undying love to you. When people say they love you, it can mean a number of things. It can be interpreted 137 different ways. It really depends upon what goes on in the soul of the individual.

God says, "I will bless you on the basis of My righteousness" rather than on basis of love. It was love that sent Jesus Christ to the cross; and love that He died for us. But it is His propitiation of the Father that saves us. God keeps His righteousness and He saves us.

Emotion isn't the basis for love. What makes a man's word count is the righteousness in his soul. What makes God's love so important that He can love us and retain His integrity. God gives on the basis of His righteousness.

Our own righteousness is not going to be the basis for us getting anything. God will be righteous tomorrow; and He will be righteous a month from now; and 2 years from now.

2 years from now, will you be righteous? Some people who say, "Pride goeth before a fall" and that is enough to make you lose your righteousness right there.

Psalm 112:3 [Wealth and riches are in His house, and His righteousness endures forever.](#)

The zayin file is a weapon; it is a sword, and Bob likes weapons. The Bible is a sword. When we begin this thought, we begin with a sword. Zarah and darkness is the condition of our country today. We live in darkness, insofar as our national entity is concerned. God looks upon the heart. Doctrine in the norms and standards and on the launching pad. This is the light for a dark world. There arises in this a dark light. David was in all darkness; and now it is all light. David had lost everything. It was David's fault. He was reaping what he sowed.

The characteristics are given of those who are light in a dark world.

Psalm 112:4 [Light shines in the darkness for the upright. He is gracious, compassionate \[merciful; full of compassion\], and righteous.](#)

David continues. Relationship or association. A good man keeps on being gracious. The context of this passage is being a supergrace believer. Qal active participle of chanan, which means *to be gracious*.

The yod file refers to the hand. God has a lot of doctrine on judgment. David now describes his trips into reversionism. He is getting out of it.

Psalm 112:5 **Good will come to a man who lends generously** [keeps on being gracious] **and conducts his business fairly.**

The kaph is the hollow of the hand. There is great stability. He takes every thing in stride.

Then the lamed, which is the ox goad to cause the animal to work. David had tottered when he went to Nob and then to Gad. When God can pour, there is a permanent memory of it. There is the blessing and the enjoyment of this in time.

Psalm 112:6 **He will never be shaken** [he will not totter, forever]. **The righteous will be remembered forever.**

When God pours disaster, we do not fall apart. Mem represents water. When you get adversity, there is still blessing. All suffering is designed for blessing. All such suffering comes in supergrace. With Job, Satan told him, stop pouring and Job will turn against You. The supergrace believer can take any disaster in life and deal with it.

The nun file, which is the tail of the fish; this is divine provision from Bible doctrine.

Psalm 112:7 **He will not fear bad news; his heart is confident** [stabilized], **trusting** [he will keep on being confident] **in the LORD.**

**1Samuel 28**

**72David**

**631\_0083**

**83 03/28/1973 Ps. 112:8-10 Reversionist frustrated**

“We’re getting down to the homestretch on David; a couple more days and we will write him off for awhile.”

Psalm 112:1a **Happinesses to the man who is occupied with Christ in his categories of doctrine. He delights exceedingly.** The first Christian millionaire that Bob met tried to hide it and tried to keep others from knowing what he was worth, and figured that they would not think well of him. He thought this was the spiritual approach. We will be in the lap of luxury for a long period of time and we have some wonderful phrases to describe what eternity is like. Eternity is mostly described in terms of a lack of negatives. The devil controls a number of things. But, God can make any believer successful or a millionaire. He wants to when we are able to appreciate it. No one has exceeded David’s blessings in so many ways.

God is not trying to withhold anything from us; too many people simply lack cups. Bob forgot to go out and get a workout today because he ran into a fascinating passage in

Habakkuk. It is a real hair-curler. The translator was scared to death and he really shied off this one.

This is a test; repeat; this is a test.

Habak. 2:15 **Woe to him** [someone on a frantic search for happiness] **who gives his neighbors** [his female companion for the evening] **drink, pouring** [pours for her sexual heat and passion] **out your wrath and even making them drunk, in order to look at their nakedness!** They have barely met and he is already undressing her.

Habakkuk is in this Bible and no one has ever questioned it—until now.

Habak. 2:16 **You will be filled** [saturated] **with disgrace** [reversionism] **instead of glory.** **You also--drink, and expose your uncircumcision** [let your genitals be uncovered]! **The cup in the LORD's right hand will come around to you** [this is an empty cup that will be turned upside down and placed over this guy fornicating; he is now surrounded by an empty cup], **and utter disgrace will cover your glory.** You have destroyed your honor by what you are doing.

This will come up in the revised doctrine of the cup. Once a cup is put over you, you are isolated from everything; you are completely disconnected from everything.

Psalm 112:1–7 **Happinesses to the man who is occupied with Christ in his categories of doctrine.** **He delights exceedingly.** David went into reversionism and the cup disappeared. God gave David a chance with 3000 misfits as the chance to prepare himself to rule over Israel. David in reversionism was something else. Nobility or disgrace; but not so when it comes to God. God looked upon the heart of David. David is writing the story of his own life. Here, he is talking about himself. A supergrace believer is the best kind of a parent. **Noble in the land is his progeny; a generation of noble ones....wealth and riches are in his house** this is the post-Ziklag psalm **His righteousness stands forever. A light rises in the darkness to the righteous ones** the supergrace types, and graciousness, mercy and righteousness are the result. Grace righteous type of person is relaxed; a self righteous person is not. **A good man keeps on being gracious and clings** friend of God in James 1 is the same as the Rom. 8:28 type. David had not reached supergrace in Ziklag, but he was on his way. **He will not totter forever; in memory will be the righteousness.** There is some kind of history book or album which records these great victories. **From bad news you will not be afraid; being stabilized in his right lobe, being confident in the Lord.**

The tsamek file, which is a fulcrum; and the concept is, the lever and the pressures and the adversities of life. Here, the leverage concept comes into play.

Psalm 112:8 **His heart is established** [or, *being sustained*]; **he will not fear. In the end he will look in triumph on his foes.** The destruction of his enemies.

Pê This is what David will do when returned to Ziklag. David gave without strings.

Tsade is a reaping hook. David recognizes that he is being blessed by the absolute righteousness of God. Jesus Christ was absolute righteousness, and He was free to give to us and the basis of His justice. God's righteousness was propitiated by the Lord Jesus Christ. God is free to bless us from material blessings.

Koph file; when God can bless you because you are a supergrace believer, then God is glorified. This blessing glorifies God. It is God's plan to bless us. This is His only chance to show how He can provide for us in suffering, so the blessing is not every moment of the day. Why was David a man after God's Own heart? When God found a cup where He could pour and pour, God did. Just think what God could do if He could pour and pour for 43 years to us?

Psalm 112:9 **He distributes freely** [without strings] **to the poor; his righteousness endures forever. His horn** [power/ability] **will be exalted in honor** [glory].

Resh; for the reversionist, the frontal lobe is dedicated to evil. The reversionist always thinks of us in negative terms.

Michal could not stand for David to be greatly blessed and hated to see him dancing. God is pouring and pouring, and Michal did not keep up with his spiritual growth.

Sheen file; the tooth file.

The lust of the reversionist.

Psalm 112:10 **The wicked man** [reversionist] **will see it and be angry** [irritation and frustration]; **he will gnash his teeth in despair** [in frustration]. **The desire** [lust, frantic search for happiness] **of the wicked** [reversionist] **will come to nothing.**

When you are transferred, you take your records with you. The reversionist fades out completely. The principle is a contrast between blessing and reversionism. Not only does the reversionist get self-induced misery, but when God turns the cup upside down, he can no longer see. He gets frustrated, irritated, and finally fades. This is how the verse and the passage both end.

24 hours after David penned this passage, David will die. Saul was exalting about David's failures; and he will die. No supergrace believer ever goes very long without arousing the ire of someone.

**1Samuel 28**

**Psalm 111:1-10 72David**

**631\_0084**

**84 03/29/1973 God must vindicate the doctrine in the supergrace soul**

No more saving a seat at Berachah Church and bibles and stuff go home. In order to have reserved seats, you need 95% ladies and gentleman. Bob is disgusted to see Bibles in seats and no people there. Enough of you have had abused that type of prosperity. No

clipboards, walking desks, etc. Doug's going to go through this place and haul out all the stuff and dump it.

"I heard a little clapping when this thing started; it all came from the back."

This psalm and one more principle and we are done with David for awhile. Bob has learned something about sequential continuity. Rather than do a different book every night, just start on a book, go through that, then another and another, and then the rapture occurs. Bob is thinking of going to that system. Bob does not feel sorry for those who can't get here every night.

David developed the supergrace status and the slaying of the giant was the beginning of God pouring. David in Nob and Gath was falling spiritually; but started on the right track when he left Gath.

After Amalek, God will pour and pour and pour.

Piel stem demands intensity.

Psalm 111 title [Hallelujah!](#) Praise the Lord.

Aleph file, which is the ox, and it means prosperity under an agricultural economy. It depends upon positive volition toward doctrine. Faith cycles the doctrine into the human spirit. It is one thing to be just a hearer of the Word; but to be a doer of the Word is a believer with doctrine in his right lobe. Doctrine in that right lobe means that God must vindicate His Word. He must vindicate doctrine in that right lobe.

God then pours and God is glorified when He can pour. He has all of the wealth of the universe and He therefore pours when He can. The aleph file.

The beyth file is the house and it is in connection with the house of worship. David had his worship in the tabernacle, so says Bob.

David has a great many material things but it has not spoiled David. He still has the right perspective and he is a millionaire many times over.

Psalm 111:1 [I will praise \[be grateful to\] the LORD with all my heart in the assembly of the upright and in the congregation.](#)

The gimmel file, which is the camel. Rom. 8:28 is a promise of favor and blessing. A new believer cannot really claim this verse; this verse is for those in supergrace.

Joseph was a supergrace believer and 10 of his brothers sold him into slavery in Egypt. They meant this for evil. He was hauled out and sold into slavery. He was in jail then out of jail and then promoted to prime minister. Joseph reaped what God sowed. The sooner you get there the better. You learn to feed on God's Word.

V. 2 is the attitude of the supergrace believer. God divine institution not provide for us just now but billions of years ago. Some of you will never claim what God has provided for us; He has provided these things and we will never claim them. Some of you will never claim RM/RW and you will lose out there and everywhere else as well.

How do you put the Lord first? There were always places in California to have a variety of outdoor services to burn faggots on a fire or whatever. It was a whole lot of, um, malarkey. Once God stops pouring, your cup will run over and run over. There is always an overflow when speaking of supergrace.

Darash. You are sought by pleasure; you don't seek pleasure. This is the door file.

Psalm 111:2 **The LORD's works are great** [great are the deeds of the Lord], **studied by all who delight in them.**

Then we go to the window file, which is a new perspective. The perspective of life changes for the supergrace believer. You are not aware of being in full-time Christian service until you reach supergrace. You must reach that plateau, which is the normal place for the believer.

Waw file, a peg, nail or a hook; and the plan of God hangs upon a hook. Everything that God provides must jive with His righteousness. God's righteousness is the basis for everything that God will do for us. God does not simply give from love; His righteousness must be involved and that provides the stability to love.

Psalm 111:3 **All that He does is splendid and majestic; His righteousness endures** [stands] **forever.**

Zayin file, which is a sword. God has manufactured His Word to be marvelous. The Word of God is the greatest treasury of all times. Just as David tapped the valley of the Amalekites, we have that treasure.

Then we are at the fence; the kaph? The fence is grace and grace in action. All of God's plan is tied up in one word; grace. God does the work and we reap what God sows.

Psalm 111:4 **He has caused His wonderful works to be remembered** [a memorial he has manufactured to be marvelous]. **The LORD is gracious and compassionate.**

Teth is the next letter. Food He has given. The supergrace life is maintained by the intake of doctrine.

The yodh file, which is the hand; and God pours as the perfect Host. God keeps on pouring. There was never a believer who reached the supergrace status for whom God has not poured.

Psalm 111:5 **He has provided food for those who fear Him; He remembers His covenant forever.**

Kaph, which is the hollow of His hand. The power of His works is revealed by His people. God never runs out of success, money, RM/RW, or any other types of blessings.

The lamed is the ox goad, the 12<sup>th</sup> letter, and this pushes us along. This keeps the oxen moving along in the fields. When David moves back into the land, he will move out the various enemies of Israel. He will move out these angry people.

Psalm 111:6 **He has shown His people the power of His works by giving them the inheritance of the nations.**

Mêm file, you choose doctrine or judgment. You have a choice; doctrine or judgment. Various levels of discipline. Positive and negative volition. You reap what you sow or what God sows.

Nun file which is a fish. Believers, God will do something for you. If you choose doctrine, then He will bless; if you choose to reject doctrine, then He will judge. We are in His hands, so from there, He will bless us or curse us. You can always count on doctrine.

Psalm 111:7 **The works of His hands are truth and justice [judgement]; all His instructions [categories of doctrine] are trustworthy [faithful].**

Being sustained forever and ever. Under this, we are sustained by the Word of God. It is so great that it takes all of our levers and all of our adversities.

Psalm 111:8 **They are established [sustained] forever and ever, enacted [being manufactured] in truth [from doctrine] and uprightness.**

Pê represents a mouth. David recognizes from this point that he has been delivered. He was delivered from the jam he was in, in Ziklag.

tsade is a reaping hook.

Psalm 111:9 **He has sent redemption to His people. He has ordained [decreed forever] His covenant forever. His name is holy and awe-inspiring.**

Qoph is the back of the head. In supergrace, we automatically become occupation with Christ. Holy and being revered.

Resh is the front lobe, which is the beginning of wisdom. Doctrine really pays off at the point of occupation with Christ.

Good perception means that your life is based upon doctrine. God is glorified in time and in eternity by the supergrace believer. He has chosen for man to be a part of this.

Psalm 111:10 **The fear [reverence; occupation with Christ] of the LORD is the beginning of wisdom; all who follow His instructions have good insight [perception]. His praise endures forever.**

A conclusion coming up with this set of Davidic studies. However, in looking ahead, this appears to be a constant daily study soon.

**1Samuel 28 Ps. 116:13**

**72David**

**631\_0085**

**85 03/30/1973 Doctrine of the cup**

Back on a regular schedule tomorrow. No saved seats in Berachah Church any more. Half stunned; half clapping.

### **Doctrine of the Cup**

1. The cup is used in an analogy for salvation. **I will lift up the cup in salvation.** We are either looking at content or something being empty. **Therefore, I will call upon the name of the LORD.** The ability to assimilate liquid is specifically non-meritorious. Breathing and eating and breathing is all done automatically.
2. The cup represents supergrace blessing based upon supergrace capacities. Psalm 16:5 **LORD, you give me stability and prosperity; you make my future secure.** Hearing is the first stage of gap. You must be not only a hearer of the Word but a doer of the Word; which takes place in the soul. It is not overt; it takes place in your soul, This is your cup. God does not pour unless you have a cup. The simplest choice in the world after salvation. If you go the route of supergrace, then you reap what God sows. David, here, was on his first supergrace blessing; he built the cup in his soul and God began to pour. Death of Goliath and a year later, David is a general and a member of the royal family. God gave David all kinds of things. He poured and poured. Bob spent the whole day on Heb. 4:1. Faith rest is the supergrace life. Any idiot can claim a promise and often it is the wrong one, but God has a sense of humor and often allows for that anyway. Bob has used this verse dozens of times for faith rest and now it turns out that he missed 15 things. "Some of you got the same seats; I've been wondering about that." It takes a couple thousand people to keep a battalion functioning. God is going to pour the next day like you wouldn't believe. This is David's 2<sup>nd</sup> cup. Occupation with Christ is the concept of this phrase. David is in supergrace again. That is the significance of that phrase. So he writes, "The Lord is my inheritance." David doesn't want any land; he doesn't want any people. He just wants the Lord. David is confident of victory because the Lord is pouring. Therefore, the cup is the concept of supergrace blessing. David has failed but David has recovered; he will deliver the city of Keilah. That is a Rom. 8:28 situation. Psalm 23:5 **You prepare a feast before me<sup>2</sup> in plain sight of my enemies. You refresh<sup>3</sup> my head with oil; my cup is completely full.** Food is served categorically. Things have to be separated. They are found in the Word and they have to be separated and identified and related to other things in Scripture. David would make a set of enemies and God would wipe them out. No enemies would survive David. The concept is, you can take in

doctrine sitting next to someone whose shaving lotion or soap or deodorant that you don't like. You can take in doctrine under any condition. David took in doctrine in the presence of his enemies. Cæsar was a genius. We have a totally weak group of leaders. In the conflict society, you are born in a time when people are taught to hate; blacks hate the whites, tenants hate the landlords, it is not a united society. Everyone is brought up as a minority group and they are to get up some negative feeling about another minority group. There is a wide-spread desire for handouts to their minority group. The man who promises the most things is the person more likely to give the most stuff. Inflation is a chosen path of a government. When we reach maximum limit of taxation, new means must be found to finance, unbacked currency, deficit spending. In a society built on envy, covetousness, other ways must be found to fund giveaways. Inflation will be a way of life and the long lines for handouts is growing longer. No matter who you send to Washington, they often give in to minority demands. If you balance the budget and cease the welfare state... Fiat money, inflation and France, which was a blueprint for the future. It tells you who made it and who lost. Inflation destroys the middle class. Continued inflation. Unbacked currency destroys the savings of the middle class and those on fixed pensions. Debtors lose and creditors win. Our national debt is around 450 billion. The state is to become the source of all earthly blessings. The welfare society increases and there is a widespread dependence. You will continue moving from crisis to crisis and cheap printing press money while the U.S. erects barriers about going into other currencies. And here you sit as if the United States was not going to hell. As long as God wants you on this earth, you will stay here and you will always know that doctrine is available to those who are positive. The first thing that happened to David. He had a cup when he was out there with the sheep. "You anoint my head with oil." God poured and made David king. God's Word was in his soul. My cup runs over. He concludes that grace and mercy pursue him all the days of my life. If you have a cup, grace pursues you. Psalm 73:10 the waters of overflow are drained on them.

3. Habak. 2:15–16 the cup is related to a frantic search for happiness. Hab 2:15 **Woe to him who gives his neighbor [his female target for the evening] drink, pouring out your wineskin, and also making him [her?] drunk, that you may look [to take sexual pleasure in looking at someone; deriving sensual pleasure from looking on her nakedness] on their nakedness! You are filled [satiated with shame] with shame instead of glory; drink also, and be seen as one uncircumcised! The cup of Jehovah's right hand shall turn on you, and disgrace shall be your glory.** A lot of people think they have just discovered sex as a frantic search for happiness. The frantic search for happiness leads to negative volition toward doctrine. They are set up with a drink; they set up the doll for fornication. He is in his frantic search and he is using sex. This isn't a bottle; this is a noun. Sexual heat. The one pouring in her sexual heat and passion. Little girls are almost too dumb when they are sober. Most girls are just going somewhere to happen. And most girls are stupid when it comes to boys. You figure that he is just a sweet boy and what he wants is a little fellowship. If a guy says, "How about a drink with me after work" he is asking you to go to bed after the drink. Any smart operator can set you up. You are just as vulnerable as you can be. Beware with whom you drink and wait until you

are 30. There never was a woman who, with a snootful, wasn't a pigeon for someone. A frantic search for happiness in sex. When a woman ties one on, she is a pigeon for someone. Don't ever get up and go to the powder room and leave your coke glass there. Or when you return, don't drink it. Order another. Bob's father taught him both sides. "You may want to protect a girl and this is what you tell her; you may want to seduce her, and this is what you tell her." Bob's dad's advice to him. Here, the cup is related to the frantic search for happiness binge through sex. The cup is used to set up his pigeon. The doll who is innocent or stupid or both. The seducer is saturated with shame because he is reaping what he has sowed. He ought to be protecting this woman because she is someone else's right woman. The pigeon will be filled with shame because she is two different people. A Jeckle and Hyde sort of thing. The frantic search for happiness does not work out for this guy. If he doesn't have shame, then he will have something down the line. She will have shame as well. Shame is reaping what you sow. You have been saturated with shame, rather than with honor. This is addressed to the seducer; "You drink too. You set up the pigeon; now you drink too; you drink from your cup of frantic search for happiness." This is the Qal imperative of sarcasm. "Drink and expose your phallus." You will add shame to shame. He has undressed his victim. It may be a slut. He is ready for fornication. Go ahead and belt one down and expose your ready phallus. The cup of the Lord's right hand. Now we have a new cup; the cup of divine discipline. It is the cup of the right hand of Jehovah. Beyth is pronounced like a "v" in a word. This is the cup in the soul. When you go into reversionism, this cup disappears. God pours out discipline and He pours our discipline and it surrounds the recipient, who is in there in the midst of it. He is in the intense stage. Shameful spewing. And the spewing of your seduction will cover your honor. You will cause God to pour out from the right hand. Your frantic search for happiness. Sex became a shame instead of an honor. The capacity for sex is phenomenal. It must be with the right one. Anything to which they agree is normal. Abnormalities come with homosexuality, incest or bestiality. Sex has many facets, and the agreed upon volition is what is allowable between those two people. The capacity when both cups are running over is fantastic.

4. The cup is used for the discipline of reversionism. Psalm 11:6 **On the wicked He shall rain snares, fire and brimstone; and a horrible tempest shall be the portion of their cup.** This is the discipline of reversionism. He will cause to rain upon the reversionist live coals and the burning wind.
5. The cup is used for the discipline for a national entity. Psalm 75:8 51:17 **The sacrifices of God are a broken spirit; a broken and a contrite heart, O God, You will not despise.** Jerusalem has drunk the cup of fury.
6. The content of the cup are the sins of the world poured out on Jesus Christ on the cross. Mark 10:38
7. The cup is used to remember the cross. 1Cor. 11:25–27
8. Under reversionism, the believer develops a cup capacity for satanic doctrine. The doctrine of demons is linked to the cup of demons.

9. The content of the cup of the Tribulation is anti-Semitism. This has almost destroyed anti-Semitism. The content of cup is the system of religion and the false doctrine of the beast. Rev. 14:9–11 18:4

Psalm 116:13 I will take the cup of salvation and call upon the name of the LORD.

**1Samuel 28:1a**

**72David**

**631\_0086**

**86 03/08/1974 Doctrine of Demonism; introduction to the witch of Endor**

Apparently this is lesson on demonism.

There is a little game that Bob and Bobby play from time to time. Bob asked, who changed the program, and Bobby said, "The woman made me do it." Once the fall occurred, the fallen angels rallied to a fighting force, and from then until now, demonism is on this earth. Many of the bleeding heart crusades are related directly to demonism.

At first demons enjoyed a different type of relationship with the human race. When the demon controls the woman, it doesn't always follow that there is abnormal behavior. When a demon possesses a man, more obvious evil enters into the picture. The demons involved or the fallen angels from Gen. 6 are all in jail. The demon can only control the body or the soul of a person of the human race since that time. There must be some volitional assent to become involved in demon-possession. This is a part of the witch of Endor, but we will not see the kind of stuff that we normally associate with demon-possession. Some women who are possessed are more normal than women we would call normal. She starts with a seance but ends up cooking Saul's last meal on this earth.

In the Greek pantheon, there is Zeus and his wife and sister. Incest was considered a normal function. These people did not exist. These are physical representations and mental images of demons. All of the ancient people who were anti-doctrine and anti Lord Jehovah, offered human sacrifices to these demons. Still, Kali is worshiped in India, and still, violent deeds are done in the name of Kali.

All heathen that practice animal sacrifice, they also practiced human sacrifice. In order to get something, like crops or a love life or whatever, by sacrifice a loved one to Kali or to whomever in order to get this.

The witch of Endor is different from most of our demon concepts. Some appear to be totally acceptable to society and their behavior seems quite normal. Some movies. Demon possession wreaked havoc on some societies; and sometimes whole groups of women are offered up to appease the gods.

#### **Demon-possession**

1. Demon-possession was punishable by death. Lev. 20:27
2. Methods of demon-possession:
  - a. Passive submission to demons through idolatry.

- b. Dedicating one's body to demonism; psuchra and monty.
  - c. Drug abuse and addiction
  - d. Vapors of the oracle of Delphi.
  - e. The whirling dervishes; the dancing.
  - f. The phallic cult was used.
  - g. Those who claim to have hypersensitivity in the arena of the psyche.
3. Demons were the gods of nations. Psalm 96:5
  4. Ex. 12:12 Isa. 19;3
  5. Child sacrifices.
  6. Canaanite nations destroyed because of demonism. Deut. 18 Mayan civilization was a demon civilization. Many of the Indian civilizations destroyed because they were involved in demonism. Many of the great volcanoes that destroyed people the basis of this was demonism. Krakatoa. The Dutch brought Christianity into that area. One of the island blew up because there was a concentration of demonism.
  - 7.
  8. Necromancy can be a sign of demonism.
  9. Demonism can bring the fifth cycle of discipline to a nation. They have received some attention in movies like the Exorcist; but Bob would not go across the street to see it. The one basic true fact is, demon possession is a true fact. The Agamemnon is a story of demon-possession. He offered his daughter a beautiful woman as a sacrifice and this became a classical background for demon-possession. The whole basis for WWII was demonism, which was a part of the personage of Hitler, and he got into it via astrology.
  10. Evil is associated with the rule of demon-possessed kings, like Manasseh Jer. 27:6–10
  11. Systems of demonism. Nebuchadnezzar was demon-possessed when he first came to Jerusalem. This is a very dangerous thing. There were 7 demons in Mary Magdalene, sex demons. Many of the hippy murders were associated with demonism. Heb. 2:14–15 demons under command to cause Cain to kill Abel and to kill the children of Job. Satan is a killer and he delegates this authority as well.
  12. Satan is a source of disease and utilizes demons for this purpose as well. When demons are a cause of disease, when they are removed, the disease leaves. Instantaneous healing. Many who claim to be healers are the representatives of Satan; demons are removed and there is instant healing.
  13. Satan is the cause of many deaths and disease in the human race. He can be used as an instrument of discipline. Satan is not bashful. He asks for Peter to tear him up and he wanted to give him the sin unto death. Satan always wanted to get his hands on Peter. 2Tim. Example of Satan used for discipline.
  14. There are 3 excellent books on demonology. The best is "Earth's Earliest Ages" published in 1876 and Bob found it on his grandmother's book shelf. G. H. Pember. One of the best books of demonism and spiritism. Stuart Edward White involved in demonism and necromancy. Arthur Conan Doyal was involved in demonism. He wrote the Sherlock Holmes books. Unger's book "Biblical Demonology." First

edition is better. In later editions, he tries to show that believers can be demon-possessed. John L Nevis "Demon-possession and Allied Beings." The concept covers many areas of life.

15. 2Chron. 11:15
16. of all the classical cases Mark 5:1... He has a loss of individuality; he lived in tombs; society could not solve his problem. Abnormal behavior. Constantly screaming and he would run through town naked. We are now having that occur on some of our campuses. He wanted to get rid of the demons and the demons took over his vocal cords and Jesus spoke to the demons and not to the man. They went into pigs and they all ran off of a cliff. Demons indwell animals as well as people. Convulsions, violence, abnormal strength, raving, shrieking and screaming, self-mutilation, foaming at the mouth, nakedness, living in abnormal circumstances, grinding the teeth.
17. The engathromuthos demon, which is a very excellent and talented demon. They have a way of throwing their voice like a ventriloquist. He is a very busy demon in the United States today. The entire tongues movement is related to the engathromuthos demon. Isaiah prophesied that the Jews would go out in another dispensation. The Jews would get a warning; they would be evangelized in gentile languages. Someone would speak to the Jews and give them the gospel in gentile languages. This is fulfilled in 1Cor. 14. The gift of tongues was discontinued. Tongues is a cheap substitute for gap and is a system of demonism for unbelievers involved in the tongue movement. It is not a bonafide experience except during the non-canon period of the church.

The woman will fall into a trance and the demon will speak through her. She is a young attractive woman.

There is the crisis in vv. 1–6

Saul's expediency

Seance for the dead, and such a thing is not possible. Your friends are in perfect tranquility. There is no contact between the living and the dead. Ventriloquist demons are super demons. The demon takes over and he may throw his voice out of a wall behind the bereaved person. Generally, they like to have it out of the ground. Or through the vocal chords of the medium. She is a calm, quiet person. She only screams once. She does not throw up green soup and act weird. She doesn't know who this was. Saul thinks the whole thing is routine. He had not attended any seances before. The demon is paralyzed and hauls Samuel up. God, in His great sense of humor, will actually bring Samuel up. It appears to Bob that the witch of Endor becomes the woman of Endor, and she returns to being a normal woman, cooking some guy a meal before he goes to battle. This is how God worked out everything to put David on the throne.

Bob will get us started and then continue next Friday.

It is a habit or a custom to call Israel *Palestine*; but that means *the land of the Philistines*. The Philistines who are named here only occupy a small southwestern section on the Mediterranean. There are 5 cities which are a confederation of city-states.

The Akkians are a part of the Miceneans, and they are called the Greek Sea peoples, and they conquered areas all around them up to 1000 miles away. They are not the same as the Athenians or the Spartans. Some of them are offshoots.

There is no difference between Achish King of Gath and Agamemnon, or Hector, or Ajax. They are called Akkians and Micenians because of their culture.

So we understood that the people

### Isagogics

1. The Greek sea peoples came by way of Crete. Caphtorim is the Semitic word for it. And the testaments are written in these 2 different languages as well. Philistine is Semitic. In the Greek, they are called Akkians. They occupy Greece and great portions of the earth before the Spartans and they were the toughest people who had come along until the Romans.
2. The Greek sea peoples invaded Palestine in the time of Ramses III. 1195 1164 B.C., which is one of the most unusual moments of history. The planet earth was turned upside down by historical events. The Greek peoples went all over the world and they were being pushed right out by the Dorians; cousins, but very different. Tough, rugged. This Dorian invasion caused the Greeks to take to their boats. They carved out areas of Phrygia and Lydia. Many went all the way to Spain and to Tarshish. They moved to Troy and they moved to Anatolia. They attacked Italy and Spain and the Middle East. They went everywhere but north. They went south into Egypt. They destroyed the Hittite empire. The Dorians were coming down out of the north. They came down through Greece out of the north. The Hittites the Akkians. Achaians. Also called Tjker. Also called Tersha by the Sycles who were in and they were also called the Polescet. They were the same people wherever they went. British would call us Yanks and we aren't Yanks. The only thing that saved Ramses III was that there weren't too many. He had an army of 60,000. Overwhelming numbers defeated these people and forced them back and the Egyptians were glad to push them back out of Egypt. They fell back to Gaza and moved there. But they also went to the Valley of Esdraelon. Many settled in the Pass of Jezreel. Saul had impregnable fortifications. So Achish got his compatriots to go and meet in Aphek. All of the fighting took place; Saul is near the well of Jezreel. Behind Saul the Gilboa range, are steep cliffs and he cannot bring up reserves and he has no place but one to retreat. He placed his troops in the wrong place. He was also frightened. 10 miles away on the herman mountain range is a little town called Endor. It never occurred to him to put a holding force here. He could have outmaneuvered the Philistines. But Saul is in reversionism. When Samuel came up, Saul said, "Don't be afraid" and then he took charge of the seance. He takes a two man patrol and zips through their lines. He is brave to do this, and yet he will be cowardly. His troops will be disorganized. He is frightened

one minute and courageous the next. The Philistines are Greek by race; they intermarried with the Canaanites. Some real freaks came out of it.

The Philistines gather, which mean they mobilize. There are 5 armies that the Philistines. They brought together 5 separate armies, and they are well-trained and well-prepared and they will win. As early as the time of Abraham, there were Micenian Greeks who settled in Crette and in Palestine. When Abram came into contact with Abimelech, that was a Micenian Greek, but before they were powerful.

The Philistines are like the Apaches; get them all together and they are tough and formidable. In the time of Deborah and Barrack, the Philistines were built up. They were aggressive in the time of Samson.

Jewish army, Beth-shean has a temple of Aphrodite and a temple of Dagon, half fish and half man. The Argonauts were Philistines. Jason was a Philistine. Philistines wandered all over. The Philistines loved to roam. They were curious about everything.

This very well is where Gideon tested his men. Hostilities with the Philistines were sporadic until the time of Saul. Until this time, no battles had been fought in northern Israel. The Philistines were great military types and they had iron weapons. They would not allow the Jews to have iron weapons, not even in the time of Saul. The Philistines had superior weapons to the Jews. David's weapons were not as good, but he was a supergrace believer when he defeated the Philistines. Because of Saul's reversionism, the Philistines had invaded. They had been stopped before by David. But this time, the Philistines did something different. They used a strategic single envelopment to draw Saul out of his lair. They went up further north and the Philistines had cousins who lived up there who acted as their eyes and did reconaissance for them.

1Sam. 28:1 [At that time, the Philistines brought their military units together into one army to fight against Israel. So Achish said to David, "You know, of course, that you and your men must march out in the army with me."](#)

**1Samuel 28:1-3**

**72David**

**631\_0087**

**03/08/1974 Foreign bodyguard of the ruler; promotions may deviate from the divine plan**

Birmingham conference and Bob was met at the airport with a Bear Bryant protegee. Rick Hughes met Bob? Sam Hankins came in that night; Gary Horton was there. Bill Kessler.

The Philistines were a part of the Greek sea peoples and they upset the world in their day. They did some phenomenal things in their day. They were being driven out of Greece by the Dorians. Ramses III ran them out of Egypt. The Philistines settled in the 5 cities of Palestine. Part of the valley narrows down to a small neck, the valley of Jezreel. These Philistines mobilized their armies. There has been warfare with the Jews and the Philistines for a long period of time. Saul has been fairly successful much of the time. There was general success in Saul's defending of Israel. In Gibeah, Saul has great fortifications and as long as he was there, the Philistines could not get Saul out of his lair.

They did a strategic sting envelopment, which pulled Saul into an area where he was unfamiliar. There were many Canaanites up in this general area who were more sympathetic with the Philistines.

It was Achish who had a great sense of humor. Achish sends word to David, after he has recovered all of his stuff and has become greatly enriched by the Amalekites. Knowing, you will know..." means "red alert" "be definitely alerted" so that David understands clearly that he is expected to go along. David knows that he is the future king of Israel, and now he is reporting in for duty.

1Sam. 28:1 [At that time, the Philistines brought their military units together](#) [mobilized their armies] [into one army to fight against Israel. So Achish said to David, "You know, of course, that you and your men must march out in the army with me."](#)

David is now in a real jam as a result of previous problems. When a believer goes into reversionism, 2 things can happen. He can stay in reversionism or he can recover. What he has done in reversionism can bounce up to haunt him. He David has recovered, God will deliver him from the jam. The consequences will produce disaster and he will not be delivered from them, if he does not recover. God will deliver him from the jam of fighting his own people. Saul does not recover and he does not get with Bible doctrine. So, as a result, Saul will get into a jam and it will end up in his defeat. Reversionism is the status where the believer reaps what he sows. Supergrace is where the believer reaps what God sows. God will deliver David and God will execute Saul. This ought to be a strong reason for reversionism recovery. We can go one of two ways. We can reap what we sow or reap what God sows.

David is in a jam and he finds himself in a difficult position. He was generally a very honest person and reversionism always changes a person's and their qualities. Reversionism turned David into a monster. David was involved in lying and deceiving. The worst thing is for David to have to strap it on to Achish, who was always honest, honorable and noble in his treatment of David. Achish is honorable and David is dishonorable.

David gives an interesting reply. He uses the verb that Achish did, twice. Kên means *therefore*. This suggests an honorable reply, but it is not. It is using words as a smokescreen. The principle is, in life, people will tell you one thing, but mean something entirely different. We all, in our lifetimes, have been taken in. Bob has had this happen to him a few times by a pathological liars. You will find out sometimes that you will be ripped to shreds if you miss this or that meeting.

When people begin to use words for a disguise, you are in serious, serious trouble. This is David realizing that he is in a jam, and he just tries to give some meaningless tripe. David is trying to be honest, but he ends up being sincere and deceitful. David's policy is to be ambiguous and abstruse. He couches his decision in nebulous verbosity. Words should communicate a true decision.

1Sam. 28:2 David replied to Achish, "Good, you will find out what your servant can do." So Achish said to David, "Very well, I will appoint you as my permanent bodyguard."

#### Summary of V. 2a

1. David's answer is ambiguous and deliberately abstruse.
2. Part of the strap on is to assure Achish that his confidence is properly placed. Bob watches his own back when someone says, "I'm behind you 100%."
3. David is being alerted to fight his own nation, his own people and his own friends.
4. He must therefore come up with a strap on. This is a jam which he has placed himself in because of his previous reversionism.
5. The strap on was covered by an ambiguous answer. Achish was impressed just like people here are impressed by politician double-talk.

Achish says, I will appoint you keeper of my head, which means *guarded of my head* which refers to a bodyguard. This is a place that David would fulfill for life.

1Sam. 28:2 David replied to Achish, "Good, you will find out what your servant can do." So Achish said to David, "Very well, I will appoint you as my permanent bodyguard."

#### David's Promotion by Achish

1. Achish is wise. The Philistines are under the command of Achish king of Gath. There is a lot of competition between the various city-states of the Philistines. Achish is looking for someone that he can trust. He cannot trust his own people. He is too smart to do that. Too many would like to assassinate him and take over. He knows his own people. Many are suffering from power lust and approbation lust. Hannibal always had a foreign bodyguard that he knew he could trust. This is customary for a strong monarch to use a foreign bodyguard. It is a smart idea. Basically, David is an honorable and noble person.
2. David's Jewish battalion is not involved in the politics of Philistia. General Frederick started the special forces and he was a young general in WWII. He became the victim of petty politicians after WWII. MacArthur was the victim of Truman. The Russians assassinated Patton. It was no accident.
3. David's strap on has worked so well, that he is in trouble with his conscience and with his own nation. His strap on worked so well because Achish admired David and took this duplicity as ascent.
- 4.
5. David has just received from Achish king of Gath a great promotion and honor.
6. The promotions of the world are often designed to deviate from the plan of God. How can the next king of Israel be fighting his own people?
7. The plan of God calls for David to be king of Israel and not the lifetime boydgaurd of a heathen king.
8. The world can legitimately reward and promote individuals under the principles of divine establishment. Only God can promote and reward believers. This does not

mean that all promotions are illegitimate. For the believer in the supergrace status, promotions are from God. You are successful in sports; that is blessing from God. The military is God's plan for some people's lives. For some of us, it is God's plan to make us a millionaire. We have to be careful.

9. David has recovered from reversionism and has entered supergrace. He is suffering from the backwash of divine discipline. He is a recovery person. Only God's grace can work out this problem of him going to war against those people that he will rule over.

Now we have a change of scenery. Samuel had died. All of his lifetime, Samuel had been a leader of Israel, a communicator of doctrine. It was Samuel who was involved with the kings and he was the last legitimate political ruler until David. Saul was the people's choice; we have suffered from the people's choice since FDR. The people's choice is not Saul's choice. The ruler of the people was Samuel and would be David. They are both chosen by God.

1017 B.C.

Samuel was the last and greatest of the judges. Acts 13:20; 3:24 unique as Eli's successor in the priesthood. Samuel's father was . Samuel wrote Samuel. Nathan and Gad completed Samuel. He was one of the greatest men in God's plan. Death meant that he had succeeded and completed God's plan. Samuel was the last of the judges. He was one of the most unusual who had ever lived. We all have weaknesses; we all had sin natures. When it comes to true greatness, Samuel was there. He was a prophet, priest, and as a judge. He worked constantly. He will complain about having to come back.

This is a peer rating. All Israel lamented him. They all appreciated him. There is an overt noisy kind of mourning. Samuel was missed. He was the first great Bible teacher after Moses, after the apostate period of the judges.

Two high priests to take the place of Samuel; 2 prophets to take his place. 2 political rulers, Saul and David, also take his place. Behind these statements is the greatness of a truly great man.

Apostasy did not ruin Israel; he kept them from going out under the fifth cycle. Even David grew spiritually under Samuel. No one went to heaven until Jesus Christ ascended.

The funeral was an occasion to remember the departed person and the real importance is one where Bible doctrine is clearly taught.

The name of the city means "lift up" or "height." There are several Ramah's; Rama of Gilead, of Naphtali. From Ramah, Samuel went on a yearly circuit. It is all related to doctrine. Ramah was in the center of Bethel, Gilgal, etc. The emphasis was based upon Bible doctrine. Bible doctrine survived his death. Samuel was dead; and doctrine went on.

There will be some discussion on the mediums and spiritists and the witch of Endor.

1Sam. 28:3 By this time Samuel had died, and all Israel had mourned for him and buried him in Ramah, his city, and Saul had removed the mediums and spiritists from the land.

## 1Samuel 28

## 72David

631\_0088

88 03/10/1974 1 Sam. 28:3b-4 Doctrine of necromancers and mediums

Phase II was designed to work on grace. This is the 3<sup>rd</sup> in the series of the new David series and it will be handled every day from hereon in.

Saul started out strongly. He was handsome and good looking. Samuel was one of the great triple threat men of all time. God set aside the family of Aaron. Samuel was the official communicator of doctrine. He was the political ruler of the land. The people chose Saul. God's choice was for Samuel to rule until David became of age.

1Sam. 28:1–2 At that time, the Philistines brought their military units together [mobilized their armies] into one army to fight against Israel. So Achish said to David, "You know, of course, that you and your men must march out in the army with me." David replied to Achish, "Good, you will find out what your servant can do." So Achish said to David, "Very well, I will appoint you as my permanent bodyguard."

Both David and Saul were in reversionism, and David recovers, but Saul does not. Both men have created problems for themselves. David is going to war against his own people. God will work this out. Saul's latter reign was misery and he will die losing a battle; he will die in disgrace.

The wisdom of Achish to trust David more than his own people. It is common for ancient world kings to choose bodyguards from outside the realm of local politics. David has been promoted by Achish. The only legitimate promotion in this life is either by God or in conjunction with the laws of divine establishment. Only God's grace can work out the problem that David faces here. He cannot go to war with his own people and later lead them. It would never happen. This is Satan moving chess pieces around the chess board.

Haobatch which comes from the noun obh. It is a rare masculine noun with a feminine ending. A masculine noun with a feminine ending means that this demon always enters into a woman. Only a woman is used by this demon. If he is going to assimilate the gift of tongues, then he will involve himself with males and females.

A wizard is a male medium. The holy rollers are under demon influence or demon possession. There is no bonafide speaking in tongues recognized by God after the fall of Jerusalem. This was to give the Jews a chance to be evangelized and to get out of Jerusalem before it was taken down.

Satan uses tongues to make suckers out of those in the tongues movement. There are no exceptions.

The use here is to imitate the dead. The python is named after a demon Puthon. Here, we have a woman indwelt by an obh demon. The best way to translate this is *necromancer*. This is a woman indwelt by a demon in order to contact the dead. The ob demon can bring the sound from the floor or the ceiling or from wherever.

Hitler was so indwelt by a demon. Louis XI had astrologers to face off his enemies. A lot of idiots... There are many cases where Chaldean kings and others who predicted things based upon astrology. Nebuchadnezzar came to Jerusalem after his priest threw arrows up in the air. He used hepatology and some other.

Creasis, king of Lydia, thought of money as a medium of exchange. There was a phrase, "rich as Creasis."

Cyrus would conquer the world in 25 years and he had one big problem with the Kingdom of Lydia.

he was told to cross over a river and a greqt empire would be destroyed. He did and his empire was destroyed. Demons do not die. They continue still alive as they were centuries ago. The demons for the medium of Endor are still around.

A necromancer is a female + a demon. The wizard is a man who is demon-possessed. The demon imparts information through several systems. The person can go into a trance. This thing of contacting the dead and foretelling the future is quite common for thousands of years. These demon-involved people were removed from the Land of Promise. This is where the Jews lived. During this time, Saul had no interest in contacting necromancers.

### **Necromancers and Mediums**

1. This contact was forbidden by the Word of God. Lev. 19:31 this is still true today; we are not to consult fortune tellers, seances, people involved in astrology or anything of this sort. This is getting your information from Satan.
2. Lev. 20:6 contact with such was a evidence of reversionism.
3. Necromancers and mediums were to be apprehended and subjected to stoning. God wants us to have no contact with demon-possessed people. Demon-possessed people destroy the society in which they are. This is why India is filled with cows and starving people. People suffer because of demonism. Demons are starving people in India. The idol is nothing; it is the demons behind it.
4. The iniquity of the Amorites was not quite yet full in the time of Abram but later they were. Deut. 5
5. Saul killed for contact with a witch necromancer.
6. One of the most evil kings 2Kings 21:6 was based upon demonism.
7. Josiah was famous for outlawing demons. Very detailed account.
8. Isaiah warned Israel to consult the Word of God rather than necromancers.
9. Fifth cycle of discipline administered to Judah Isa. 29:8

Principle of the holy roller movement; they may destroy the United States. Believer versus believer. Unbeliever with common sense versus others. Wheaton college takes money from the tongues people. Harold Lindsay has gotten soft on the tongues crowd. That is destructive to our nation and to the spiritual life of the individual. They represent the evils of self-indulgence.

The believer in supergrace protects the nation. For 13 years, 1017 B.C. Samuel died and 13 years elapsed. There are no wizards and necromancers in the land. Saul has done from being a strong believer all the way into reversionism. The 13 year lapse.

1Sam. 28:3 [By this time Samuel had died, and all Israel had mourned for him and buried him in Ramah, his city, and Saul had removed \[caused the removal of\] the mediums and spiritists from the land.](#)

Now we are at troop concentration where they have moved to the place where they can destroy the enemy. The Qal imperfect indicates that they did a lot of marching to get there. There is the great fortification of Saul and they were looking to draw Saul out from his lair. Be-Shunem is a specific spot. The valley goes to the Jordan River, but it does some strange things. Moreh is in front of Little Hermon. On the slopes of Mount Moreh to the well of Jezreel is a narrow valley called Megiddo or Armageddon. The Philistines race up to get to the higher place. The Philistines are fast and they are well-organized. Saul is disorganized and he gets there last. A shorter distance to cover but the Philistines beat him to the battleground. The Philistines have cousins up in this area and this population is friendly to the Philistines. They will have the advantage of reconnaissance and they can pick their own terrain. Saul knew one area where he had chased David. So the Philistines will not challenge Saul in land that he knows, so they will get him to land that they know but he doesn't. The idea is to get Saul farther north. Saul is facing north and they are facing south. He is pulled out of the heavily fortified area of Gibeon.

### Strategy

1. It is important to learn your terrain. This great plain called the Plain of Esdralan. It narrows down as it moved toward the Jordan River. It narrows to a pass where it is 4 miles wide close to the Jordan. Most of it is much wider, 30 to 60 miles wide. The Endor village is behind Philistine lines. The big key to this whole area is always this valley. Gideon fought the Midianites here.
2. On the southern side is a mountain range, very steep, includes Mount Gilboa. A famous well, the well of Jezreel, where Gideon eliminated many of his troops.
3. On the northern side is the Little Hermon range and Mount Moreh; gentle slopes. Gentle slopes where the Philistines are; but where Saul's army is, it is steep and it cannot be maneuvered and there is no place to put reserves.
4. The area where the battle was fought is the Greek sea peoples. There was information constantly fed to the Philistines.
5. There is a town not too far away called Beth Shean over off the flank. This is a Greek sea people town. There is Dagon, 120 miles away from Philistia and a temple of Aphrodite called Ashtoreth. Saul's body placed in one place and his head

in another. Both belong to heathen Micenean Greeks. Samson destroys the temple of Dagon.

Shunem is located on the little Herman range and this is the area where the Schulumite woman will come from. This will be the concentration of the Philistine troops. It is a village today surrounded by. In bivouacking here, they cannot be approached except by coming up the gradual slope of the hill. You can run patrols so that they cannot be attacked from the rear very easily.

Saul is on the other side of the valley. There was plenty of water around the spring of Jezreel. Saul concentrated his army in Gilboa.

1Sam. 28:4 [The Philistines came together and camped](#) [both marched and bivouacked] [at Shunem. So Saul gathered all Israel, and they camped at Gilboa.](#)

### Summary

1. Picture two armies 4 miles apart in plain sight of one another. Jewish army is in the south.
2. Each army has a mountain behind it. The mountains behind the Philistines is to their advantage. Not that behind the Jewish army.
3. Endor is behind the Philistine lines on the eastern side of the mountain and the Philistines are on the southern side. Saul is afraid of the Philistines and yet, he penetrates these lines in order to get to the witch of Endor. Inconsistency of reversionism.
4. The terrain favors the Philistines. Just because you are a believer, that does not mean that you must be stupid. A believer in business does not have to be stupid. Bob met a believer with a good record but he is mixed up confused and he is a legalist. Just because you are a believer, it does not mean you should be stupid about the opposite sex. A reversionistic general can get his outfit wiped out. There is nothing that says a person has to be stupid as a believer. Achish is a smart man who knows how to guide his forces. \
5. The ground slopes gradually from Shunem to mount Gilboa. It keeps going slowly down, but the Jews are trapped with high mountains behind them.
6. Behind the Jewish camp, the mount Gilboa rises sharply.
7. Saul's army will be defeated and they will try to retreat by the right flank.
8. Therefore, Saul made a poor choice when it comes to his bivouac. The reversionism is not just in trouble spiritually, but in all areas of life. Saul shows boldness to penetrate the Philistine lines. Saul could have moved his entire army over on that side, because there were not many troops and not many eyes; so Saul had the perfect setup to deal with his situation. He saw the way to make an attack but he was blinded by reversionism. Reversionism destroys business ability; your business judgment will fall flat.

1Sam. 28:4 The Philistines came together and camped [both marched and bivouacked] at Shunem. So Saul gathered all Israel, and they camped at Gilboa.

This is all original and, if you hear this information again, you know where they got it from. This verse marks the first for a number of mistakes.

Tonite the drama begins.

**1Samuel 28**

**72David**

**631\_0089**

**89 03/10/1974 1 Sam. 28:5-6 Doctrines of Saul's stages of reversionism and fear**

Many times, knowledge of various items helps us to understand Scripture. Saul saw indicates reconnaissance. The same mental attitude sin hit Saul at the Well of Jezreel, where there was enough water for a large army. 22,000 men dropped out of Gideon's army at this point. Judges 7:1-3 Here, we have the fear of King Saul. The Midianites were located in the same spot as the Philistines.

The 2 armies are 4 miles apart. Saul does a reconnaissance, and he is filled with fear. Saul needed to remember the messages Samuel gave on the judges. He forgot or he was absent. He needed this information on the spot. 22,000 cowards were ferreted out by a simple test. Saul should have been standing there meditating on these cowards. Fear immobilizes the thinking process. The heart is the real you.

Rick Hughes was in charge of the Birmingham conference. Article; halves of the brain are different, science discovers. The 2 halves of the brain think in different ways and they tend to turn off the part of the brain that is responsible for man's richest experiences. They knew that there were 2 lobes there.

The new research may make it possible to dramatically improve learning. The brain is divided into two halves or hemisphere. The left side of the brain thinks rationally, logically and sequentially, good with mathematics. The right hemisphere thinks in a completely different manner. It is responsible for insight and patterns of recognition. The so-called mystical experiences. It is the right half of the brain that gets turned off and dominated by the left side. As a result, the right hemisphere is not terribly well-educated. This is why so many people have turned to drugs and experiences. For the first time in our culture, we have the ability to bring the two sides together. A lot of psychiatrists are not going to figure this out. This is Dr. Orenstein, that Bob went to school with; but Bob called him a number of other names.

### **Stages of Reversionism**

1. Reactor factors. Saul was jealous of David. Jealousy led to great hatred of David. Saul would never forgive David and continued to persecute David. Vindictiveness and implacability. These things were not handled by rebound; instead, they were allowed to fester.

2. Then he went in for the frantic search for happiness. For King Saul, he tried to eliminate David from this life. He tried to build his happiness on David's unhappiness. He asked for the testicles of 100 Philistines. Saul did not expect David would return; but David brought back 200; Saul never departed from this stage of reversionism.
3. Operation boomerang. Saul chases David all over the land and eventually out of the land. Saul attempted to build his happiness on someone else's unhappiness.
4. Emotional revolt of the soul; the emotion revolts against the right lobe. Saul is no longer a rational person; he is no longer a great military man; he wipes out a whole generation of priests. This emotional revolt would also serve
5. Saul began to neglect assembling with the people of the nation to hear the messages of Samuel the prophet; negative volition toward doctrine. He became indifferent toward doctrine. He was angry because Samuel anointed David as the next king. No one turns his back on Bible teaching without regretting his action.
6. Blackout of the soul; which sucks in the doctrine of demons. The approach is to kill David; to get rid of David. That is exactly Satan's plan. He is on a revenge kick.

1Sam. 28:5 When Saul saw the Philistine camp [army of the Philistines], he was [became] afraid and trembled violently.

#### **The Doctrine of Fear**

This is a hasty doctrine.

1. Fear is described as a mental attitude sin, which is the worst type.
2. Fear is a sign of reversionism.
3. Lack of fear is a part of mental attitude dynamics. Heb. 11:27 13:6
4. There is also a legitimate fear. This is failure to utilize the faith rest technique. Believers should be afraid not to employ faith rest. Heb. Legitimate fear is directed toward not doing something right or the way it ought to be done.
5. Love is said to be the absence of fear. 1John 4:18
6. Fear is not a part of God's plan for the believer. Ex. 14 Deut. 31:8 1Chron. If you cater to fear long enough, there will be patterns of the soul which will disintegrate.
7. Courage or lack of fear is a sign of the supergrace status. Psalm 3:6 56:3, 11
8. Fear is also used in the Bible for occupation with the Person of Christ. It can be used to refer to awe and respect. Neh. 5:9, 15 Job 28:28 Psalm 19:9 111:10 Prov. 1:7

we must anticipate several things in v. 6. Saul's fear is a part of his reversionism. He definitely was a man of courage at one time. This was his lifetime habit and characteristic. Reversionism changes you; it converts you into something that is evil and ignoble. The reversionist never thinks about God. He never associates it with God. He is not thinking about God. The reversionistic believer, in times of disaster, will turn to God for help. He will start shouting, "Oh, God, oh, God." You can tell the reversionist is hurting because they return to Berachah.

Saul is in a jam and he inquires of God, but God did not answer him. God the Holy Spirit will show His sense of humor here. And, asking, asked Saul.... This is Saul's name 3 times. Saul saul'ed of the Lord. He is in a jam, and for the first time, he is thinking of the Lord.

Thummim is the checkerboard of the 12 squares and the Urim is the 2 shoulder pads that lit up to mean *yes or no*. Saul had made a substitute one with a fake high priest. This won't work. The true high priest and the Urim and thummim is with David.

Saul is not guided by the prophets. Either Saul has no prophet around him or he has hired someone who is a fake prophet. Samuel is dead; he is in paradise enjoying his first vacation.

David has Gad and Nathan; Saul has no one. Samuel is dead. Where is all the doctrine being taught. There are no prophets but false prophets for Saul. Maybe some devotional type thing or "Sir, have you tried loving the Philistines?"

A vision finds the person awake and generally in ecstasies. In a dream a person is asleep; and Saul could not sleep.

God does not speak to us via dreams or visions anymore. There are no true prophets teaching doctrine anymore with Saul. When the reversionist needs doctrine the most, he has it the least. Divine answers and guidance when under pressure, come to believers who have doctrine stored in their souls. The reversionist who always wants his answers in the form of a miracle. Reversionism seeks miracles. They always both those whom they think has the answer. They want you to stop and show them how miracles work. Reversionists are selfish and self-centered. Sensitivity training was developed for reversionist only.

There is no verse which allows us to take reversionists and line them up against the wall and knock them out. If you slap the female reversionist, she cries or faints, then she is well. Bob would get his slapping bag out. There is no one-shot answer. Reversionists always come in whining. They have no common courtesy toward others. They want their misery to overflow to you. They want you to suck the pus out of their wounded soul. You know that they have the same chance at doctrine that we have. They have the same shot at doctrine as anyone else. "Don't speak to me; don't whine. And you'll think I am only speaking to you. But I'm not. You'll take it personally and you'll vibrate and just keep coming back."

only believers with doctrine, growing believers, and supergrace believers can survive the pressures, disasters and catastrophes of comos diabolic us.

Note that Saul is unable to assess the crisis. The ephod is with Abiathar, the high priest in David's camp, that Saul sent running. God has a great sense of humor, will stop the seance, and bring Samuel back for the last sermon, and he will preach it to King Saul.

1Sam. 28:6 He inquired of the LORD, but the LORD did not answer [had not answered] him in dreams or by the Urim or by the prophets.

Instead of a tactical maneuver, Saul and two men will go past the Philistines lines, risking his life to do this. He is not afraid to go to Endor, which is the clue to a single envelopment on the east side.

Saul has lost the spiritual battle first; and he will lose in war because of that.

**1Samuel 28:7-8**

**72David**

**631\_0090**

**90 03/11/1974 Dangerous disguises**

We will find pseudo rebound in this chapter, which is hidden in the Hebrew; what he says in the English just doesn't make sense.

The military is going to bring out of a lot of spiritual lessons in this chapter.

Oscar Johnson Congressional medal of honor recipient citation read. 25 German soldiers came up and surrendered to him. 5 companies tried to take his position for 2 days and they failed. He acted as a one-man platoon.

We began with the war with Philistia and how the Greek sea peoples almost upset the entire world. Unbelievers do have a sense of humor. V. 2 was operation strap-on. Bob knew a person who, by the obscurity of his language, strapped it on; but only when he gossiped and maligned others, was it clear how he felt.

The Philistines are preparing a war with Israel, and Achish sends a message to David to get him prepared to work with the Philistines. David sends back an abstruse message; in part because he has no idea what he is going to do.

Samuel dies in v. 3; he was a prophet, a priest and a ruler. We spend time on where he was buried and why. So, Saul got rid of the necromancers; so Saul had trouble getting a hold of anyone to give him guidance.

The bivouac of the opposing armies in v. 4, which was detailed in Scripture. Plain of Esdralon narrows down as it moves inland. It narrows down to 4 miles across where Saul and the Philistines are. Saul is in the south by the well of Jezreel, but with steep mountains behind him.

Vv. 5–6 we get the panic of a reversionist. Saul inquires of God, but God is not speaking to Saul. So, there is a point at which, God no longer answers when you say, "Help, God."

vv. 7–10 is the Road to Endor. Saul is consulting with his staff. The servants are Saul's staff and Saul is interested in cranking up his intelligence. Now, if Saul cannot talk to God, in his mind, he might as well talk to a medium. This is how far he is gone.

Generals, in the middle of a battle, often have a blank out period of time; often from exhaustion. Saul wants to make a reconnaissance, but not for the purpose of G2 information.

### Summary Points for V. 7

1. Saul could have repented and changed his mind and gone through reversionistic recovery. However, at some point the sin unto death takes over.
2. The doors of divine revelation are closed to him in these final stages of reversionism.
3. A reversionist believer has no common sense with regards to his own profession; Saul seeks help from a demon-possessed woman. The Philistines, 4 miles away, have a perfect set up. They have a great G2 system. They picked a great place on a sloping hill where they can hide their reserves and bring them out to achieve a surprise.
4. Saul ought to be making a reconnaissance and recognize that he is in a difficult position. Very dangerous to advance across the enemy's front. This is the most dangerous of all maneuvers. The second most dangerous is, when the enemy advances, to retreat across the front of the enemy, which will happen here.
5. Saul's real objective is not stated in the next phrase, but it will come out in v. 11. He wants to talk to Samuel for advice. He is so confused, that he is going to a medium to have a seance to bring up Samuel.
6. Saul is under emotional revolt. He thinks a medium can bring Samuel up from the dead. There is a vacuum in his soul and his soul has sucked in demon-influence, which leads to blackout of the soul. He has hardness of heart. Doctrines he previously understood no longer understands. He does not even understand rebound any more.
7. Reversionism reverts to superstition, as a part of human viewpoint. Saul is reduced to a mere frightened, superstitious person.

Saul knows that the female medium is used for necromancy; and that male wizards do other things. The sacrifice of women and children. The only medium that can be found is 6 miles behind the Philistine lines. They found a necromantic witch.

144 years before this, Gideon had been in this same place. You never know when studying the Word when you might get something which is necessary for later. Some of the least significant principles suddenly become life-saving. If Saul remembered what Samuel taught about Gideon would have saved his life and saved Israel.

Saul should have advanced on the Philistines. Saul and a two-man patrol will make that same move, moving through the enemy lines. Reversionists are unstable. Saul, taking only 2 men walks through the enemy lines and he is not frightened at all. Frightened one moment courageous the next. There is no power in instability. The instability will tear you apart. Another principle: in reversionism, Saul sought to use the Lord for his own ends. However, when God is silent, Saul turns to Satan and demonology and becomes an enemy

of the cross. Only a believer can be called an enemy of the cross. Delusion, deception and superstition mark the believer in the blackout of the soul.

Saul's G2 reports to him. A mistress with a ventriloquist demon is in Endor, along Little Herman, behind the flanks of the Philistine lines. Later, his staff reports to him that there is such a woman in Endor.

1Sam. 28:7 **Saul then said to his servants, "Find me [make a reconnaissance for] a woman [a female mistress of] who is a medium [ventriloquist demon], so [that—purpose clause] I can go and consult her."** His servants replied, "There is a woman at Endor who is a medium."

Saul always has patrols moving through Endor. The first verb has very different meanings elsewhere. Saul no longer appears as the commanding general of the Jewish army. So he apparently wore some civilian clothes.

### **Saul Disguises Himself**

1. To hide his identify, Saul put on civilian clothes to hide himself from the medium. Out of uniform meant, if he is captured, he is dead.
2. This disguise hides his own instability and inconsistency. The disguise here is clothes. The second disguise and more subtle is personality. Now Saul is embarrassed, because he wants to contact a medium, a person he got rid of. They are all hiding from him in these mountains. So, a medium is going to be suspicious of him. He is inconsistent. The most dangerous reversionists are those who change their personalities and try to fake you into the stands. Yesterday, they despised you, but today, they may want something from you. Some gal may decide that she needs to get married. So you end up being her victim. A man can be fooled by a woman who dresses up and hides her real personality. Her anger and tantrums she hides. The worst disguise we face in life are personality disguises. This involves the soul; where you think. The clothes just cover the body.
3. Saul was the king who had prohibited divination and necromancy. Yet, in the final stages of reversionism, he seeks help from divinity.
4. What has happened to Saul in reversionism, he began with doctrine, he is sound and conservative, and he is courageous; but lip service changes such people. We undergo physical and mental change and spiritual change as well. A believer undergoing change is in the worst or the best, but never in between. This is why we can see such dramatic changes in the same person. All of the good changes are based on doctrine and the worst changes based on lack of doctrine or rejection of doctrine. You may not see someone for a month and suddenly, they are different.
5. Reversionism always changes believers for the worst. It destroys the believer and everyone else connected with him.

How would 3 men do such a thing? One goes out ahead. Then motions for the other 2 to come ahead. One goes through, checks and clears each place. They are crawling; hitting the deck; creeping and walking and running. This is not an easy movement; it is moving undercover. This is how a reconnaissance works. Saul is afraid and this is what

motivates him. But cowards do the wrong brave things. All cowards do the wrong brave things. Saul is still afraid, but he is able to do brave things. Moving through 6 miles of enemy territory; Saul needs to be in one spot where anyone can find him. No one can find Saul if important decisions need to be made. It is wrong and it is stupid. His objective is wrong; his objective is to get into a seance. Had he been out there with a patrol. Cowards are always cowards, but very inconsistent. They are brave in weird circumstances. The most dangerous people in the world are cowards. They endanger themselves and endanger those who love them and trust them. Anyone in reversionism becomes a coward. Saul has done some very valiant things in battle. He is already dead because he is in reversionism. Always watch the cowards so that, if trouble develops, you can take it from there. If you know any cowards, you need to avoid them like the plague. They will talk behind your back. Never depend upon them. You know they are yellow and you know that they are cowards. They have this sweet personality front. If you know they are a coward, then do not associate with them in the name of grace. Such people are sneaky and dangerous and they use their mouths to destroy people. Bob has made the mistake of trusting some of them even.

#### **Summary of V. 8a**

1. Saul faces a fantastic dilemma divided into many categories. There is the problem of establishment. Under the divine laws of establishment, freedom is provided by the government. There are a few good troops that Saul has deployed in chasing David. He is minus a good military organization. A nation needs all good men in the service. The marines do not like it if they get a man sometimes. Tim Horton; they couldn't make a man out of him because he was already a man. It killed them because he was already a man. They didn't like it. They could not break him. The marines like to think that they can make a man out of everyone. But you need to be able to take men from all kinds of situations and train them. Some are already men. The army needs men and training. Bob with a free hand with any kind of men and he will make an army out of them. He will take all kinds; Mexicans, blacks, whites; just anything. And Bob does not want good men. No such thing when you start your military life. The Marines don't want a few good men; they are the ones building them into men. While a few men are being trained, but what saves a country is millions of men being trained properly. All need to do their job. Goofy VOLAR posters; and goofy pitches that all the services are giving. What you need is bodies and the strictest, toughest beast barracks the world has ever seen. Untrained men in a military situation pay with their lives.
2. Saul used the military for a personal vendetta against David. Saul used them wrongly.
3. The result is a military with a lack of training. The Jewish troops are no match for the Philistines. Saul had a nucleus of well-trained men, but he had a whole army. 2000 British and 6000+ Americans at Bladensberg. A lot of men with little or no training. The British clobbered the American army. All of them need to be well-trained. The British marched into Washington D.C. and burned it into the ground. Some of the most dangerous politicians are Christians; those who are anti-military. Bob believes the president is saved but that he doesn't know straight up from

straight down. Bob met a brother type, praise-God who was a Green Beret who left the army because his wife didn't like it. To hell with his wife; who's running the show? Bob could not be paid enough for him in his outfit. Worst platoon leaders in the world are Christians and the best are Christians. Saul was born again; he was a child of God. How would you like your son serving under that ass? The Jewish troops would be no match for the Philistines. Personal courage will not take up the slack for poorly trained troops. All kinds of people need to work as a team, so that they all do their jobs. The greatest fighting organizations have a whole platoon of well-trained, well-disciplined men. You don't need heroes; you just need good soldiers. The military is all about people with brains who just go ahead and do what they are supposed to do.

4. In addition, Saul had a personnel problem. A reversionist repels good officers. The good officers are all with David. One of the greatest officer corps of all time are in David's battalion. Good leaders cannot thrive or function under reversionism. If you have no doctrine, you will drive away good officers. Jonathan and his sons stuck it out because of loyalty to dad. He was good until the battle of Mishmash. Reversionism changed all of this.
- 5.
6. Good leaders like Jonathan are scarce, so they are poorly led.
7. The Jewish people have reached a point of apostasy and degeneracy. It no longer has discipline and patriotism.
8. Most important of all, Saul has a great spiritual problem related to reversionism. Therefore, the battle is the Lord's, that basic principle, does not apply here.
9. The Lord will not answer or guide a reversionism. Saul is now under the sin unto death. When a reversionist leader is under the sin unto death, all those he leads die with him. People die by association with a reversionist leader.
10. Consequently, Saul is desperate, confused and neutralized by human viewpoint. Hardness of heart and reverse process reversionism.

Now they came. They yalacked it for 10 miles. They completed it and now they are 6 miles behind enemy lines. Under cover of darkness, the duplicity is completed. This is the night before the battle of Gilboa. The darkness of night matches Saul's soul in reversionism.

1Sam. 28:8 [Saul disguised himself by putting on different clothes and set out with two of his men \[soldiers\]. They came to the woman at night, and Saul said, "Consult a spirit for me. Bring up for me the one I tell you."](#)

**1Samuel 28:8b-10a**

**72David**

**631\_0091**

**91 03/12/1974 High and low IQ demons**

Saul *disguising* himself; which is an unusual word that means so many other things except in this particular stem. Instability is disguised by clothing and the other is by personality.

There was a 10 mile trip, 6 of it behind enemy lines.

In the first 7.5 verses, Saul faces the problem of establishment, where the nation is protected by the military; and he used the military to exercise a personal vendetta. He also has personnel problems and he lacks officers to deal with troops in battle. The Jewish people have a spiritual problem at this time as well. Na is used for respectful entreaty at the end of the verb; it means *please, if you please*. At this stage of his life, Saul is not a gentleman; he is a reversionist. When a reversionist tries to disguise himself as a gentlemen, things are getting dangerous. Desperate people use other people; and they disguise the true condition of their own soul. He goes from cruel vindictiveness to polite entreaty; he disguises his soul with good manners in asking for a favor.

Beware of those who use good manners to merely use you. Saul knows that this woman has a demon; but he thinks that the demon can go down to Hades, tap someone on the shoulder, and bring them back.

1Sam. 28:8 [Saul disguised himself by putting on different clothes and set out with two of his men. They came to the woman at night, and Saul said, "Consult, please, a spirit for me. Bring up for \[cause to come up to\] me the one I tell you."](#)

#### Summary

1. Saul believed that the demon could go down to Hades and bring Samuel back up.
2. Ingredients for this verse:
  - 1) Disguising the body.
  - 2) Disguising the soul, being very polite.
  - 3) Demanding counseling.
  - 4) He could have said to Samuel, "I know that you're busy, but..." Samuel was a prophet, a priest, a ruler and a judge. God's choice was Samuel to rule; the people's choice was Saul. The people's choice could have gone to Bible class. He refused to come to learn. This is typical of a believer who refuses to come when class is in session; and then, when they need to doctrine for growth, come to you and demand all of your time, in order to deal with a problem. They want to deal with the problems of their life with the doctrine in your soul. Bob thinks that counseling stinks and the minister who spends his time in counseling is a failure. We are not here to lean on everyone.
3. Saul had the chance to grow spiritually; God made that possible for him. He chose not to. What Saul could be doing now is a reconnaissance that would destroy the enemy. But he is out looking for a spiritist.
4. Saul, as a reversionist, is under delusion. He is wrong to think that a demon will go down and get Samuel. He lacks doctrine. The demon can throw his voice from anywhere, from the ground or the ceiling; or through her vocal cords; to get whatever effect that he wants.
5. Saul had rejected doctrine in every way.

Bob gets calls from all over the nation and when he asks, "Why are you calling me? Why not your pastor?" "I don't trust him?" "Then why are you going to that church?" God did not call Bob to be a crutch.

The woman is skeptical. She suspects a trap. Witches and mediums were often trapped by people requesting a seance. Death was the punishment for being such a person. A recent extermination of witches added to her suspicion. She did not recognize Saul. This woman is demon-possessed. However, the demon does not tell her that Saul is right there. There is no communication from this demon to her.

People are crazy when it comes to demonism. Demons aren't that smart. Especially ventriloquists. They cannot be too smart; they are always imitating someone else. The demon inside the woman does not tell her that this is Saul. This is the first clue that all of this stuff is fakery. Most ESP is just fakery and you fall for it. If you took half as much interest in doctrine as you do with all this idiotic claptrap going on in this country today, you'd be much better off. You would think that somehow this demon would know that this is King Saul. Satan's messenger is a little late in getting there.

Mediums are smart. If there is anyone who is stupid and on a binge, it is a person like Saul. The woman here has the advantage. This woman says that Saul knows what Saul has done. Here, this is the execution of a law or a decree.

The prouder you are as a man, the easier it is for a woman to take him down. The more credit that you take to yourself, the more you have had it. You might as well bore a hole right through your nose, so that any woman can just pull you around. To the extent that he is filled with pride, to that extent he can be defeated by a woman. Such a man is a sucker; he is stupid.

We think of demons in Africa or India; but they are all over the place. The woman is demon-possessed, and yet she gives credence to establishment and government. She appears on the surface to be law-abiding.

The genius of Satan. This is a demon-possessed woman; she is giving credence to the laws of divine establishment. She gives the appearance of being law-abiding. This will be the story of demonism in the United States right at this very moment. Demon-possessed people obey the law; they operate under establishment as long as Satan has the better hand. This woman has out-disguised Saul. We have 2 phoney people here conversing. Satan very wisely hides demon-possession. He uses demon influence on believers, and this works better than any other method. What the devil uses in the United States today is the sincere, born-again believer who has rejected doctrine and has ignored doctrine.

There are angels who about as dumb as some of the people around here. King Saul is lawless and the woman is lawful. If we neglect Bible doctrine, then we are in the same boat. Note that the witch of Endor does not follow what we have seen with demon-possessed types. She is not lawless, crazy, wild, foaming; she is a very attractive woman. Only women can be indwelt by the Engathramuthos demon. These are the stupidest of the demons. The smartest demons indwell men with the power. The woman is always under the authority of the man; and this woman can only submit to the dumbest of demons.

This is why archangels are protecting...?

This woman will end up exercising her voice for compassion; and cooking. Right now, she is demon-possessed. In the last 5 verses, there is no way that she can be demon-possessed.

All demon-possessed women are not raving lunatics vomiting green soup. Apparently some saw *The Exorcist*. Bob like John Wayne. You'll never see him vomiting up green soup.

No believer under demon influence is going to be nice. A wizard is one with superior knowledge; but this can also be a demon-sorcerer. This would be a male-medium. Demons cannot be destroyed. Demons on the battlefield in Gilboa may be here in Houston even tonite. However, they will burn forever in the Lake of Fire.

When Saul made this law, he was in good shape, spiritually. This was the right thing to do.

Then the woman accuses Saul of setting a trap for her soul. The Angelic Conflict is all about the soul. If you do not have doctrine in your soul, you will get demon doctrine in your soul. Demon-doctrine in the soul is much greater than anything else. Demon doctrines can go right into our soul as a part of the 5<sup>th</sup> stage of reversionism.

She does not realize that this is Saul. She thinks that this is someone else who is possibly trying to entrap her. She is a young and attractive woman; and she is clever. She is people-smart. Bob has known males of the species who were clever. They had enough to brown-nose people. The demon could not communicate to the woman except perhaps in a trance.

1Sam. 28:9 **But the woman said to him, "You surely know what Saul has done [accomplished, decreed], how he has killed the mediums and spiritists [male mediums] in the land. Why are you setting a trap for me [my soul] to get me killed [to cause me to die]?"**

We will learn some principles of immunity of the witch. Saul is 12 hours away from death and he makes a solemn oath to the woman by the Lord.

#### **Saul Invoking the Name of the Lord.**

1. Saul used his two best men to go with him. He wants to use the woman; but he has to use the Lord to get the woman to do what he wants her to do. Reversionistic people always use others. They know how to use others. They are clever and know how to manipulate you. Reversionistic Saul was using the Lord.
2. Saul is using the Lord. Some deacon wants something to be done a certain way so he climbs up and says, "It's the Lord's will for this or that to be done." That man is in reversionism. When you vote for deacons, you send me people that just drive me up the wall. Many of you just vote for some nice, sweet person. "I'm the one that lives with those people; you don't." There were people who kept saying "It's the Lord's will for us to stay downtown; we need church on Lamar and Brazos." People who use people do not love them.

3. Believers who love the Lord and depend upon Him grow up to supergrace. They love the Lord. You never use the one you love. A mature believer would not use God in order to get their way.
4. If you find yourself using someone, then you do not love them.
5. Saul, as a reversionistic believer does not love the Lord, so it is no problem for him to use the Lord for his own desperate ends.
6. Imagine using God to get a medium to practice necromancy. The concept of total inconsistency. A reversionist cannot be stable or consistent. Instability leads to inconsistency.
7. Many fundies today use the name of the Lord as a self righteous disguise. A means to reach their own selfish ends. This does not make what someone says true. People use God's name in order to further their own ends.
8. Believers with Bible doctrine who keep on taking in doctrine, become people smart. We can learn from Saul's reversionism that people who use the name of the Lord are not necessarily true, honest, spiritual, or dependable.

1Sam. 28:10 Then Saul swore to her by the LORD: "As surely as the LORD lives, nothing bad will happen to you because of this."

**1Samuel 28:10b-11**

**72David**

2 citations read. This one forces 32 Germans to surrender, and he does this with a .45 automatic.

2 armies lined up, 4 miles apart.

Review of points above and placed with the points above.

### **Saul's Violation of the 3<sup>rd</sup> Commandment**

1. Saul actually said, "As the Lord lives..." This violates the 3<sup>rd</sup> commandment. This vow is executed simply to get his own way. Ex. 20:7 Most people think of this commandment as profanity; it is using God, like saying, "It is God's will for me to marry you." This is using the Lord's name in vain. He said, "The hell it is."
2. You will not lift up the Lord's name in vain is what this verse reads. The use of expletives is not using the Lord's name in vain. Hell and damn are not violating this commandment. Using God's name as an expletive is blasphemy.
3. In vain means to use God to sponsor your own projects.
4. The 3<sup>rd</sup> commandment prohibits using the Lord or His name for unworthy projects or to gain a false goal.
5. It is using His name to cover a lie.
6. Using His name to get your own way; to bully others to get your won way.

3 members of the Trinity have the same essence. This is using God's veracity to get your own way. You do not use God or people to get your own way.

Saul made a vow to her by the Word of the Lord. He guarantees that this is what it will be.

### Summary

1. Ventriloquist demons only indwell women; they are stupid demons. Anyone who surrenders their bodies to demons must believe that which is false in order to do so. Once you start believing what is false, people can and will use you, sucker. It is one thing to do something for someone because you love them, because you have been misled or deceived. All cases of demon-possession demands that people believe a lie.
2. This concept of believing the false until the demon is removed.
3. The witch in Endor believes this vow made by Saul in the name of the Lord; and she does not know it is Saul, even being indwelt by a demon.
4. But, the promise of Saul is no greater than the character of Saul. He is unstable, selfish, vindictive, unstable, unreliable, reversionistic. When dealing with the reversionist, you cannot trust them. When living a lie, it is easier to speak a lie.
5. Demon-possessed people will always depend upon the false, the evil and the vindictive. Therefore, demon-possessed people come to a very bad end, apart from the solution to their problems, which is personal faith in Jesus Christ.
6. Their life is filled with misery under demon-control. There is no pleasure for them in life or in death.
7. If they remain as a demon-possessed person and unregenerate, they will spend eternity with this fallen demon.
8. It is obvious in life that every person has a soul with his very own volition as a part of it. Self-consciousness and 2 frontal lobes, volition, emotion and the old sin nature. As long as there is bonafide volition, every person is held responsible for their own decisions. Babies, when they die as babies, are automatically saved, without any use of their own volition. God does not hold anyone accountable until they reach accountability. God never holds anyone accountable until they have the normal function of free will. This woman is old enough to be accountable.
9. One person can influence the volition of another.
  - a. There is thought transference. The dynamics of their thinking or the persuasiveness of their thinking. There are some pseudo-thought transference systems. Communication, debate and teaching are legitimate. Mind-reading, mental telepathy, hypnosis, hyper sensory or extra-sensory perception are not bonafide. They do not look to appeal to the volition, but to gain power or to use someone else. ESP is highly overrated. Much of it is psychological predictability or knowing your victim. Some people can be easily hypnotized and they easily and passively allow their volition to be taken over.
10. Demons and fallen angels can do the same. They can, with the doctrines, influence those in the 5<sup>th</sup> and 6<sup>th</sup> stage of reversionism.

11. However, no believer can be demon-possessed since his body is the temple of the Holy Spirit.
12. However, unbelievers can be demon-possessed. It always involves some act of will, like idolatry. These people can very easily be demon-possessed. Certain activities and certain people that lend themselves to demonism. Whores are accustomed to yielding and setting aside their normal responses to make money. They are either maladjusted to normal sex or abnormal in their sexual proclivities. Demonism and human-sacrifice can be a part of this. The breakdown of establishment due to degeneracy can be a part of this.

Not all demon-possession is shown by weird activity, exhibitionism, etc. The witch of Endor gives overt credence to the law. There is no frothing at the mouth or rolling in the aisles. She is very different from the demon-possessed stalker in Mark 5. This is why the witch of Endor was neither executed or banished. She appears outwardly to be a normal, obedient member of society.

Arthur Colonel Doyle wrote the Sherlock Holmes series and there was some connection to demonism? Many people went to demonistic people for guidance.

1Sam. 28:10 [Then Saul swore to her by the LORD: "As surely as the LORD lives, nothing bad \[punishment for violating the law\] will happen to you because of this word."](#)

A new paragraph; and this is the Seance at Endor. The woman replied at some length; imperfect tense. There was a lot of conversation; which is summarized here. "Whom shall I cause to come up for you?" This woman is a liar. She cannot bring up anyone from the dead. Bible doctrine is the truth; the Satanic lie is the means by which so many are deceived. This is the dumbest of all the demons. This demon did not tip her off. No ESP. "Oh, you're King Saul." There is no way. A messenger demon could have come to warn the woman. But, interestingly enough, God froze the demons on the outside. No one gets through. This is several people confusing each other.

Saul is a huge guy. She is a faker. He is the king; disguised. There is no way that she can contact the dead. Nothing more interested than two people trying to deceive each other across the table. The objective is a lie; why does Satan command his demons to possess people? Why is there a demonic... They are both fakers.

At this point, the woman has gone into a trance. She has gone into her mumbo-jumbo, but God the Holy Spirit does not speak of this.

### **This Woman and Her Demon**

1. This statement is made in the middle of a trance
2. The witch begins this seance by her customary procedure so that the demon takes over. Demon activity demands that the person submit to the demon in order for the demon to function. The demon does not control the person under some situations;

the trance is designed to allow the woman to be put under the control of the demon. At this point, the ventriloquist demon takes over.

3. Whom shall I have come up, occurred at the beginning of the trance.
4. It was not true that there was control over the dead by demons.
5. Instead of causing someone to come up from the dead, the demon imitates the dead through throwing his voice.
6. The entire practice of necromancy is a fake. Only God can bring up the dead.
7. Satan is therefore claiming divine power through the medium, which power the demon does not have.
8. The question of the witch of Endor indicates the use of doctrine when possible. This borders on Bible doctrine because God does bring back people from the dead. Satan knows about all those brought back from the dead. Satan uses doctrine only against the reversionistic believer.
9. Departed souls in Old Testament times go into the heart of the earth. Only God can bring anyone back from the dead.

The woman asks Saul, "Whom shall I call up from the dead." The demon has now taken over the body of witch.

Saul kept saying, "Cause Samuel to appear."

#### **Saul's Disguise**

1. it would be hard to disguise Saul. He was 7' tall, very handsome, a head taller than everyone else. You cannot disguise a 7' tall person if he's the only one.
2. It is hard to deceive a demon-possessed person. IQ differs in angelic beings as it does for people. Just being invisible gives them an advantage.
3. To disguise himself and to get away with it, Saul was a great actor. He is a well-known person; and he is able to act and deceive those around him.
4. This is the possibility that the witch was not deceived, but v. 10 seems to negate that option.

What Saul asks for cannot occur. Fallen angels cannot haul Samuel out of paradise. This is Samuel's first vacation and he is enjoying it greatly. The seance is a total fakeout. The demon part is real. Only God can fulfill such a request and He does it because God has a sense of humor.

This woman has a smile on her face and it is frozen; the demon is confused because Samuel is brought up. It is Samuel because he is wearing his prophet's robe.

1Sam. 28:11 "Who is it that you want me to bring up for you?" the woman asked. "Bring up Samuel for me," he answered [kept saying].

The woman and the demon are frozen; and Samuel comes up. The woman screams bloody murder and the demon is not saying a thing. She is expressing great fear and the demon is not going to do any voice throwing that night.

To Saul, this is routine 6; he thinks this is just how it happens; and the witch is in a twitter and the demon is frozen; and that is it. So when God in His great sense of humor, Saul just figures, "This is what I came for." He doesn't know that everything is wacked out. He just assumes that Samuel will be brought back.

**1Samuel 28:12-14**

**72David**

**631\_0093**

**93 03/14/1974 1 Sam. Doctrine of Necromancy**

Two Texan medal of honor winners.

1Sam. 28:11 "Who is it that you want me to bring up for you?" the woman asked. "Bring up Samuel for me," he answered [kept saying].

Suddenly, there is a dramatic moment. The woman calls for Samuel to come up, and then he does, and she screams. God has honored Saul's final choice. The demon actually leaves the woman. She is free of her demon, possibly for the first time in many years.

The imperfect tense indicates a series of screams. This means something has gone wrong and the demon is now forced out of the woman. Some power has arrived that is greater than the demons and this woman. Her scream indicates terror. She is frightened; the shock is too much for her. When she comes out of the shock, she will be a free unbeliever. She is now under the control of the demon; but she will be free of the demon.

Demons are great bullies and in this case, there is no way to explain it.

This is not the routine that is helping. There are psychotic demons, like the stalker of Mark 5. The ventriloquist demon. There is the indwelling and the filling. The demon must control her and that occurs in the trance. She goes to a place where she completely relaxes her vocal cords, and the demon can take over. But her screams take back the control of her own vocal cords.

The demon and the witch are now in a jam; the dead has appeared. Only God can bring people back from the dead. He has done so on several occasions. Sometimes it will be back to give a message; Moses and Elijah will return.

In our era, no contact with the dead and no one coming back from the dead. Necromancy is still taking place today. These days in England, they used to try to contact loved ones; but, these days, they are contacting their former pets. The shriek indicates fear and a loss of poise.

The woman now speaks, and this means the demon is gone. She screamed the demon out of existence.

She says she has been betrayed or deceived.

### **The Demon-possessed Woman Being Deceived**

1. When a woman becomes distraught, her first instinct, if hysterical, is to blame anyone around her for her problems. She blames everything on Saul.
2. It is obvious in this question that the divine interruption has taken this woman out of her trance and away from her demon filling.
3. However, she is still upset. She is acting and thinking like an upset and irritable female; so she will blame the closest person.
4. No woman likes to be tricked or deceived. If a demon-possessed woman doesn't like being deceived, what about a normal woman?

Wa attah means *and you, Saul*. She has now penetrated the disguise of the king of Israel.

How did this woman figure out that this is Saul? As a demon-possessed person, she had lost her perceptive abilities about life. No demon-possessed person is normal. She could not and did not recognize Saul. He is about 7 ft. tall and he is very tall and very handsome. So it is hard to disguise such a man. So, he has to speak. With the demon gone, the woman recovers her perceptive abilities. She is now perceptive and catching on to the seance.

At this moment, the woman sees Samuel. She had a highly sensitive mentality. She has strong ESP. She is a very hypersensitive woman in her soul. Without a demon, she is very sensitive to others. She is also sensitive to demons as well. There are many ways she could have been entrapped in a demon possession.

She doesn't know Samuel; but she did figure out who Saul is. It is the Bible which tells us that is Samuel. She is an unbeliever without doctrine and she had no interest in doctrine; and Samuel is the greatest Bible teacher of his age.

At this point, the demon is gone. Samuel and Saul are two real people. Samuel is in some sort of a spirit form, but with a visible body. The woman's problem is Saul; Saul's problem is being without doctrine. Saul comes to her with a problem.

Reversionists are selfish and only thinking of their own; but they can sometimes benefit others indirectly. This woman is free to be saved and free to go her way. She calls out, "Why have you deceived me? You, Saul." The seance did not follow the normal procedure. The ob demon never went into his act. In fact, the demon was driven out of the woman. The best the medium could do is lose her demon.

1Sam. 28:12 [When the woman saw Samuel, she screamed \[several times\], and then she asked Saul, "Why did you deceive me? You are Saul!"](#)

this is the first time Saul is called the king in the narrative. The Holy Spirit recognizes that he is still a king.

Saul has heard a number of hysterical screams and he is drawn out and he begins to calmly speak to the woman. He kept telling her not to be afraid. To Saul, there is nothing out of the ordinary occurring. God has interrupted this seance; what the witch could not do, what the demon could not do. He has finally found something which has gotten his attention.

However, Saul hasn't seen Samuel. The woman has. Perhaps, Saul just wants the woman to calm down and do her job.

The woman says, "I see God." It is really Samuel; God the Holy Spirit has already told us this. Whatever has happened, it is stronger than the demon; stronger than the woman; so she figures that this must be God.

This woman is aware of others to an unusual extent. But she allows the trials and difficulties to affect her in an unusual way. But now, she is free of the demon and she is hypersensitive to others. Now, she is sensitive to the fact that someone is there who is greater than the demon. Her reasoning is good; it is logical. She logically puts it together.

This is an unbeliever woman. She can be demon-possessed; we cannot be. However, we can be influenced by demons, as Saul was. The doctrines of demons of 1Tim.4:1 can get into our soul. These doctrines will give us the same fuzzy thinking. When a believer is without doctrine, he cannot think clearly or objectively or put things together properly.

It will be King Saul who will put things together logically. They are both at this seance, but the demon is gone and there is a cloaked figure approaching. And these 2 people are now thinking. She is frightened by this interrupter than she calls Elohim. But it is Samuel. God the Father and the Holy Spirit are never visible to the human eye.

In the other room are two soldiers who risked their lives to go behind enemy lines.

When God interrupts anything in life, it gives those involved the chance to think; the freedom to think; the ability to think. The ability to see catastrophe from divine viewpoint.

God interrupts. Behold, I stand at the door and knock. That knocking is interruption. There is nothing more important than Bible doctrine. Saul cannot see the interrupter yet; but the woman can. She is in a semi-clairvoyant state. She can see and describe him. She calls him Elohim, which is incorrect and Saul will know that he is Samuel. He can make the identification immediately.

### **Mediums and Necromancy**

1. The medium assumes that the form coming up must be God because she and her medium consort lost control here. She logically assumes that Elohim has come.
2. She accurately assumes that God is stronger than the demons and Satan.
3. Because of her assumption, she is afraid. Anyone related to demons will have a real fear of God. She is afraid of the truth. All people in demonism are afraid of the

truth. The entire practice of necromancy is fake. They use mechanical devices or demons to imitate the dead.

1Sam. 28:13 But the king said to her, "Don't be afraid [stop being afraid]. What do you see?" "I see God form coming up out of the earth," the woman answered.

### Necromancy

1. This is defined as a system of divination or a way of determining information about the future. It contacts the dead for such information. The word comes from two Greek words: nekros and monteia with is dead + divination. This employs the ventriloquist demon or it employs mechanical devices to represent the dead.
2. This is prohibited by the Word of God.
3. There are other forms of divination, which are related to Satan and demons or to some mechanical or chemical ability.
  - a. Astromancy. This uses the stars for information. Astrology is sometimes psychological. It uses predictive psychological factors found in the life of most people. However, it can be demon-related. Astrology brings them into contact with super demons called cosmos krautos in the Greek. Find in China, Burma, the Orient, Indonesia. There has been some attempt to copy this, but it has been unsuccessful. Nebuchadnezzar was strong for this in his day. He decided to turn off to Jerusalem on the basis of belanmancy and herotasotamy or some damn thing. Hepatoskamy taking out the liver while the person is alive and making a determination of the future by the liver.
  - b. Rod-domancy is divination by the use of rods. There were divination rods and we do not know exactly how they were used. Hos. 4:12
  - c. Teraphim are figurines of your ancestors; or of what you think your ancestors were and they are related always to demonism. Nebuchadnezzar consulted his teraphim as well. The images were often likened to ancestors and they were raised to the position of household gods.
  - d. Sorotilogy is divination by lot; Lev.16:7–10 25:8 and several others. These can all be related to demonism and to emotional revolt and to hypersensitive imagination. Eventually to hallucination.
4. The four questions of necromancy.
  - a. Can you communicate with the dead? The Bible says no; they cannot communicate with you or return from the dead. This is the only exception in human history. This was divine intervention concerning a reversionist. Saul refused doctrine all of his life; and now, he desires Samuel to be there. He could have had Samuel for decades. So he got him on a face to face basis at his death. Bob wouldn't mindn comeing back and saying, "You SOB, you are going to die."
  - b. Is communication with the dead necessary? No. If there was no for doctrine, there would be a great desire to know about loved ones in eternity. The dead loved ones are not watching us. They cannot see what is going

on, on the earth. In heaven, they have no more contact with the earth, visually or otherwise.

- c. Is communication with the dead permitted? The answer is no. No seance and no necromancy. Whether mechanical or psychological, it is forbidden.
- d. Who do people communicate with? Ventriloquist demons; they impersonate the dead.
5. Any believer who practices this is involved in reversionism. These people are definitely in reversionism. If you read that astrology malarkey, you do not care enough for doctrine. You are a reversionist.
6. 2 famous passages. Ahaz and Manasseh.

There is an actual crisis and Saul is calm and he calms the woman. The medium describes what Saul cannot see. You can tell that this woman has calmed down. She describes him as an old man.

Saul finally recognizes the authority of Samuel; too late. If he had recognized Samuel's authority prior to this, he would never be in this mess. He would be free from vindictiveness and he would be free from all of this. But it was too late. For most of us, Bob is our right pastor-teacher. He is our authority. It is an authority we must use daily. When he is teaching, we need to be there as well. This would avoid the worst thing that could happen to us; what King Saul faces here; the sin unto death. Bob's ministry is not to the living dead, but to those in supergrace and those who are moving in that direction.

Samuel will complain. Why the hell are you calling me back?

Saul gets all the way down on his face. He cannot get any lower. He is a big man; his face is on the ground. Samuel closes in. Recognition of authority does not require kowtowing. Bob does not expect to walk over prostrate bodies when he leaves. It demands concentration on the Word of God. Good manners.

1Sam. 28:14 Then Saul asked her, "What does he look like?" "An old man is coming up [closing in]," she replied. "He's wearing [wrapped in] a robe [a prophet's robe]." Then Saul knew that it was Samuel, and he bowed his face to the ground and paid homage [prostrated himself].

### Closing Points

1. Even in reversionism, Saul recognized the authority of Samuel.
2. The importance of doctrine is learned by the absence of doctrine and the consequence of this absence.
3. The reversionists want help from doctrine after many years of rejecting it.
4. As a last resort, the reversionist comes to doctrine when it is too late.
5. Saul wants help from doctrine; but Samuel can only pronounce the sin unto death over Saul.
6. Saul cannot recover. He will die the sin unto death.

7. Those who reject Bible doctrine are always ready to inconvenience anyone to get doctrine when it is too late.
8. Anticipating the next verse, Saul complains about being disturbed; but reversionists are insensitive to the feelings of others.
9. Pastors have the same problem in the Church Age. Those who reject their teaching regularly expect instant attention when they are in a jam. "I know you're busy, but give me 5 minutes of your time."

**1 Samuel 28:15-16 Phil. 3:18, 19 72 David**

**631\_0094**

**94 03/15/1974 Doctrine of reversionism; category of enemies**

Another citation for the Congressional Medal of Honor; a Texan. This is a Texan Penaltion in Korea. An Hawaiian is named next. Also in Korea. More than 40 enemy were counted dead around his body. This is probably the only time that their names will be remembered for the rest of our history. Their names too often just disappear. Their names ought to be found throughout our history books rather than those of politicians who seeks to shackle us and bring us down.

We are building up to one of the great battles in history insofar as tactics are concerned. This is the first time in history that the oblique order of battle was used.

Samuel had a lot to say to Saul, as the imperfect tense indicates. God has interrupted the seance and brings Samuel up. Saul, for once, had his way. He gets to have Samuel speak to him. This is a strong expletive, and it has sort of a *what the hell* sort of a connotation, which is apropos to Samuel being brought out of Hades. He was unhappy from coming out of Hades. Saul grabs Samuel by the robe on a previous period of time and Samuel walked away, tearing the robe, and Samuel said, "That's how much kingdom you have left, sonny boy."

Here, the verb means *to cause a disturbance*.

### **Saul's Reversionism and Reversion Recovery**

1. Saul's reversionism is typical of all reversionistic types; they are totally thoughtless and self-centered.
2. In the intensification of reversionistic discipline, the reversionist becomes even more thoughtless than usual. They are very self-centered and very unpleasant to be around.
3. The reversionistic has no capacity for thoughtfulness and capacities
4. It is also the reversionist who takes up so much time of the communicator's time. The pastor-teacher has trouble from the reversionist. He is a pain in the neck; he wants you to wave a magic wand. He is not interested in doctrine. He wants you to take up the slack.
5. There is no solution apart from repentance. Rebound, this is not accomplished by counseling.

6. Repetence must be directed toward Bible doctrine. Psychotic reversionist and drug addiction are not one shot deals.
7. Repentance and a change of mind include exposure on a consistent amount of time on Bible doctrine.
8. Samuel was not descended from Aaron, but he was a priest. He was also a prophet like Moses. He was the judge, just like the judges in that book. He was the legitimate political ruler of the land. He was replaced by Saul the people's choice. Saul never recognized Samuel as his spiritual superior and he was totally negative toward the doctrine that he taught. He gave only overt lip service to him as a priest. Because of all of this, he rejected God's man and God's authority.
9. Saul wants to be the typical thoughtless reversionist and take up Samuel's time. Saul is thoughtless enough to want to bring Samuel back.

Saul caused Samuel to be brought up. Saul did not listen to Bible teaching when Samuel was alive. Samuel was alive long enough for Saul to have gone to supergrace many times over. He rejected the authority of Samuel. Saul was filled with pride; and that turned to jealousy and implacability and vindictiveness. He turned away from Samuel as the object of his scorn to David as the object of his scorn. If Saul had listened to Samuel, he would not have been in this jam. It is important to listen to Bible teaching now. It is not for you to wait until you become interested when you decide to listen. Now is the time to get it. Bob will not go over the witch of Endor again. Bob never expects anyone to call him up and ask for some points on the witch of Endor. Bob is not interested in when we develop interest in this or that subject. Our personal interest is of no consequence to Bob. Bob can hardly wait until we get to this battle. The oblique order of battle was taught at West Point and the Spartans outnumbered him 2 to 1. The Philistines 700 years before the first time this maneuver was thought to happen used it against Saul.

It is important to listen to Bible teaching now. If Bob was teaching RM/RW, you'd be in here an hour and a half early. Others have other interests. You need to have a general interest in Bible doctrine.

"Pressure, adversity, great, to me" is what Saul says. "I am under terrible pressure" might be a good translation of this. He knew that this war was coming, but he did not pay attention. He was spending all of his time trying to kill David. He ignored the fact that he was on the verge of a war.

Since FDR, we have had a series of presidents who have used their office for some personal reason, for their power lust or approbation lust or for their family. We have not had anyone since TR who has fulfilled the true concept of leadership. We had one president who was dumber than anyone else here tonight; and he is a military man who has a nice personality but no moxie at all.

He ignores the fact that he is on the verge of a great military disaster. One present after another gets rid of our missile sites. Our strategic air command is at its lowest place ever.

We do not even have a good basic military weapon. We have the poorest weapons that we have ever had. M16's are worthless. It is a .22 with a toy wood stock.

Saul's pressure comes from him and his own personal attitude. He wants to share his pressure with the greatest Bible teacher of his time.

And God is departed from me, he complains. As if, somehow, this is all God's fault. God has not answered Saul for a long time. Not by prophets or by dreams.

### **Saul's Lack of Logic**

1. Note the instability and inconsistency of reversionistic thinking. He contradicts himself. Saul logically should expect no contact from Samuel. God has let me down, but Samuel would not. All of Samuel's greatness is because of God. "God let me down, but you won't."
2. If God will not answer Saul, then how can he expect to get a response from a demon-possessed woman.
3. There is no logic or reason in the soul of a reversionist.
4. If no living prophet can answer, then how does Saul expect a dead one to do it.
5. Divine viewpoint principles of doctrine always elude the reversionism.
6. Furthermore, obvious divine discipline can only increase and intensify. Saul violates divine prohibition here.
7. The panic of reversionism is incapable of logical thinking or of any observation of divine viewpoint.
8. Divine viewpoint has long left Saul's launching pad. He rescued Jabesh Gilead; this was an act of greatness.

They cannot exhibit the simplest form of manners, consideration.

Saul says that he is under terrible pressure. He rejected Samuel's teaching for all of his life; and now he wants Samuel to teach him what to do. He wants to know what course of action he can take in order to turn his life around. The only answer to reversionistic Saul is the sin unto death.

The reversionist cannot cope with pressure. He cannot be happy. He flounders in a sea of discipline until he dies. When you are under the sin unto death, you cannot take up the slack for years of missed Bible teaching. This is 18 years of rejection of doctrine. People do recover, but not this type. He is under the principle of strong delusion.

1Sam. 28:15 "Why have you disturbed me by bringing me up?" Samuel asked Saul. "I'm in serious trouble," replied Saul. "The Philistines are fighting against me and God has turned away from [deserted] me. He doesn't answer [Qal perfect] me any more, either through the prophets or in dreams. So I've called on you to tell [teach] me what I should do."

the Holy Spirit probably cut out some of the expletives. Why do you Saul me? This is a play on words. Quit *sauling* me. These questions are to bring Saul to himself. He was

thoughtless and discourteous to try to bring up Samuel in the first place. The person who is negative cannot get it for himself. You either accept or you reject authority. It is that simple. Life is filled with authority. You cannot go through life without facing various authorities.

The status of the believer in reversionism is described by the Lord departing from that person. Saul is a vain, implacable, self-centered, selfish, poor-mannered man without poise. In the Old Testament, the Lord merely departed from them. This is a part of divine discipline. It is associated with all stages of reversionism.

### **The Doctrine of Reversionism**

1. Definition: reversionism is the status quo of the believer in phase II who is negative toward Bible doctrine. As a result of being negative toward Bible doctrine, he is in a spiritual recession. He is moving in the opposite direction from growth. He is moving away from supergrace. Carnality is a believer out of fellowship for a relatively short time. The carnal believer is always positive toward doctrine. He gets out of fellowship, but he rebounds and gets back with doctrine. If he goes unchecked, he will end up like King Saul under the sin unto death.
2. Stages
  - a. Stage 1: reactor factors and a lack of interest in doctrine. The reactor stage with Saul is pride. Pride always leads to jealousy. Pride or self-righteousness. There is only a slight hairline in distinction. They cause a person to be jealous, implacable, vindictive, etc. other reactor factors; discouragement, disillusion, self-pity, mental attitude sins, operation vengeance. Saul tried to build his happiness on killing David.
  - b. Frantic search for happiness. Reacting to the reactor factors and trying to have some pleasure in life. They can be lascivious or they can be not.
  - c. Operation boomerang. There is an intensification of the original reactor factors. The more that David was kind to Saul, the more Saul became hateful and tried to kill him again and again. His pride and jealousy continued.
  - d. Emotional revolt of the soul. The emotion takes over from the heart or the right lobe. The mentality is the rm of the soul and the emotion is the rw; and the emotion chooses to run the show. It closes down all of the valves in the right lobe.
  - e. Negative volition toward doctrine. This is what Samuel had emphasized up to this point. Indifference or apathy toward Bible teaching. Saul was antagonistic toward David and occasionally toward Samuel. He was vengeful against David. Saul could not handle prosperity. These all add up to a strong antagonism toward doctrine meaning a complete and total rejection of doctrine.
  - f. Mataiotis or the vacuum opens up. The person suffers from blackout of the soul.
3. Divine discipline

- a. Warning stage of discipline. James Rev. 3:20
- b. Intensive. Psalm 38:1–14 repentance required; a change of mind
- c. The sin unto death. The dying stage. 1John 5:16 Jer. 9:16
4. The principle of reversionism is found in Gal. 5:4 you have become unprofitable from the ultimate source of Christ; you have drifted off course from grace.
5. Rejection of good Bible teachers. Samuel, Paul, Moses all rejected.
6. In reversionism, person uses mental attitude sins to perpetuate his carnality. Heb. 12:15 so that there is no failing the grace of God. Not one root of bitterness sprouting upward. Saul is bitter toward everyone.
7. Many descriptions: failing from the ultimate source of God, the Uncircumcised heart, a tortured soul, drifting off grace, an unstable soul, lukewarm, an enemy of the cross, leaving your first love, fallen.
8. The recipients of Hebrew were involved in reversionism.
9. Reversionism recovery is impossible apart from the daily function of gap.
10. Reversionism recovery is impossible when one is practicing religion or functioning under the various cults. No one can recover when persisting in the same course of action.
11. Reversionism leads to reverse process reversionism. Doeg the Edomite is an example of a false friend.
12. 1Peter 2:15–19 related to mental illness.
- 13.
- 14.
15. Categories:
  - a. Phallic reversionism.
  - b. Legalistic reversionism.
  - c. Monetary reversionism. James 4:13–14
  - d. Drug addiction or alcoholic reversionism. Gal. 5:20 Isa. 28
  - e. Anti-establishment reversionism.
  - f. Mental attitude reversionism. Includes mental illness reversionism. His jealousy leads Saul to near insanity. He has taken an insane attitude as the ruler of a nation.
- 16.
17. Profile for a reversionist

Samuel points out the God has departed from him. God has become Saul's enemy. That is a sign of reversionism and the sin unto death. Therefore, God can become your enemy.

### Enemyship

1. Carnal believer.
2. Reversionistic believer.
3. Reverse process reversionism in category #1 love which produces enmity with God.
4. Demons are the enemies of God.

5. Unbelievers are the enemies of God.
6. The pastor who levels with the reversionist becomes his enemy.

1Sam. 28:16 Samuel answered, "Since the LORD has turned away from you and He has become your enemy, why are you asking me?"

Now to Philip. 3:18 for this same principle.

Philip 3:18 For many walk as hostile to the cross of Christ, of whom I often told you [dative of advantage], and now even weeping I say it,

many are those who are Paul's own converts who have become enemies of the cross. They were saved by the cross, and yet they are enemies of the cross. The basis for being royal family forever.

Philip 3:19 whose end is destruction, whose god is the belly, and who glory in their shame, the ones thinking earthly things.

All of these things have made Saul an emotional wreck.

1Sam. 28:16 Samuel answered, "Since the LORD has turned away from you and He has become your enemy, why are you asking me?"

### Conclusions

1. The answer to Saul's problem is the Word of God. A muscular body takes a period of time via much exercise. It is not done overnight. The believer reaches maturity over a period of time as well.
2. The believer in reversionism has run out of time.
3. Saul had rejected the only solution to reversionism; Bible doctrine.
4. Apostasy or reversionism cannot be rectified by consulting a Bible teacher or a medium or a witch. The problem is not on the exterior. The problem is on the interior.
5. No communicator of Bible doctrine can help by consultation and counseling.
6. Only a person is helped through the daily function of gap.
7. An hour or two of counseling will never take up the slack for months or years of the neglect of doctrine.

**1Samuel 28**

**72David**

**631\_0095**

**95 03/17/1974 1 Sam. 28 via 1 Sam. 15:1-25 Saul's pseudo-rebound**

this will be a flashback to see how Saul got into this mess.

Demands dynamics of divine viewpoint; demands that we function under divine viewpoint. We cannot pick up the Bible, read it for ourselves and derive spiritual benefit from it. Samuel

consistently communicated Bible doctrine and saul consistently rejected it. At this point, Samuel is going to talk of something from the past. Separation from apostasy and reversionism as well as doctrine in the soul preserves the person.

1Sam. 28:16 Samuel answered, "Since the LORD has turned away from you and He has become your enemy, why are you asking me?"

Bob goes through the verses quite quickly.

1Sam. 15:1 Samuel told Saul, "The LORD sent me to anoint you as king over His people Israel. Now, listen to the words of the LORD.

1Sam. 15:2 This is what the LORD of Hosts says: 'I witnessed what the Amalekites did to the Israelites when they opposed them along the way as they were coming out of Egypt.

1Sam. 15:3 Now go and attack the Amalekites and completely destroy everything they have. Do not spare them. Kill men and women, children and infants, oxen and sheep, camels and donkeys."

1Sam. 15:4 Then Saul summoned the troops and counted them at Telaim: 200,000 foot soldiers and 10,000 men from Judah.

1Sam. 15:5 Saul came to the city of Amalek and set up an ambush in the wadi.

1Sam. 15:6 He warned the Kenites, "Since you showed kindness to all the Israelites when they came out of Egypt, go on and leave! Get away from the Amalekites, or I'll sweep you away with them." So the Kenites withdrew from the Amalekites.

1Sam. 15:7 Then Saul struck down the Amalekites from Havilah all the way to Shur, which is next to Egypt.

1Sam. 15:8 He captured Agag king of Amalek alive, but he completely destroyed all the rest of the people with the sword.

1Sam. 15:9 Saul and the troops spared Agag, and the best of the sheep, cattle, and fatlings, as well as the young rams and the best of everything else. They were not willing to destroy them, but they did destroy all the worthless and unwanted things.

1Sam. 15:10 Then the word of the LORD came to Samuel:

1Sam. 15:11 "I regret that I made Saul king, for he has turned away from following Me and has not carried out My instructions." So Samuel became angry and cried out to the LORD all night.

1Sam. 15:12 Early in the morning Samuel got up to confront Saul, but it was reported to Samuel, "Saul went to Carmel where he set up a monument for himself. Then he turned around and went down to Gilgal."

Saul was filled with all of this holy language. He is hiding his loot in Carmel.

1Sam. 15:13 When Samuel came to him, Saul said, "May the LORD bless you. I have carried out the LORD's instructions."

1Sam. 15:14 Samuel replied, "Then what is this sound of sheep and cattle I hear?"

Saul already had thought of an excuse. God said, "Destroy" but Saul had the excuse that he would save some of them.

1Sam. 15:15 Saul answered, "The troops brought them from the Amalekites and spared the best sheep and cattle in order to offer a sacrifice to the LORD your God, but the rest we destroyed."

Samuel tells him to stop and listen.

1Sam. 15:16 "Stop!" exclaimed Samuel. "Let me tell you what the LORD said to me last night." "Tell me," he replied.

1Sam. 15:17 Samuel continued, "Although you once considered yourself unimportant [with grace orientation], have you not become the leader of the tribes of Israel? The LORD anointed you king over Israel

1Sam. 15:18 and then sent you on a mission and said: 'Go and completely destroy the sinful [degenerate] Amalekites. Fight against them until you have annihilated them.'

1Sam. 15:19 So why didn't you obey the LORD? Why did you rush on the plunder and do what was evil in the LORD's sight?"

Saul objects; he did obey the Lord.

1Sam. 15:20 "But I did obey the LORD!" Saul answered. "I went on the mission the LORD gave me: I brought back Agag, king of Amalek, and I completely destroyed the Amalekites.

He blames this on the people. He is not ruling if they overrule him.

1Sam. 15:21 The troops took sheep and cattle from the plunder--the best of what was set apart for destruction--to sacrifice to the LORD your God at Gilgal."

He disobeys God in order to sacrifice to Him.

Because He was disobeyed, God repented about Saul. Saul kept repeating the excuse that these animals would be used for sacrifice.

Samuel gives the gist; does God take pleasure in burnt offerings and sacrifices? It is a pleasure to Jehovah. Do you think that God will be pleased by burnt offerings and sacrifices of animals that you were supposed to destroy?

Since Saul is unable to answer this question, he will die the sin unto death. God is only interested in the believer with Bible doctrine in his soul.

If you are shocked by the language of people, then you are way off base. You are filled with all of that superficial nonsense. Which is most important; sacrifices or gap, is what Samuel is asking.

Ritual without reality. When you are gathering doctrine, you will be like the squirrel gathering nuts for winter. To concentrate on doctrine is better than the fat of rams. This principle is important now. Some of you miss the rituals that you think have to do with spiritually, but they mean nothing. You can genuflect with an empty soul, and it is totally meaningless.

The emphasis on ritual impresses even those who are degenerate. But Bible doctrine is more important than any form of worship.

1Sam. 15:22 **Then Samuel said: Does the LORD take pleasure in burnt offerings and sacrifices as much as in obeying the LORD? Look: to obey is better than sacrifice, to pay attention [which means, to listen to Bible doctrine] is better than the fat of rams.**

Chesem is all forms of divination. The fortune teller, the crystal ball, the tea leaves, etc. Rejecting Bible doctrine is a negative stupid thing; and divination is a positive stupid thing.

Patsar and the infinitive is used as a substantive, and here it refers to the rejection of the authority of the right communicator of doctrine.

1Sam. 15:23 **For rebellion is like the sin of divination, and defiance is like wickedness [an idol is nothing; it is a vapor] and idolatry [a teraphim is a form of ancestor worship; little figurines]. Because you have rejected the word of the LORD, He has rejected you as king.**

Saul completely rejected the Word of God, and this negative binge will continue until the day that he dies.

1Sam. 15:26 **Samuel replied to Saul, "I will not return with you. Because you rejected the word of the LORD, the LORD has rejected you from being king over Israel."**

#### **Saul Rejecting the Word of God**

1. Saul has rejected the Word and the authority of the communicator of the Word. Samuel is his right prophet. Saul rejected both Samuel and his message.
2. Saul has turned to Samuel, to the witch of Endor, to get help from the person whose authority that he rejected before. There will come a time that, if you reject the

authority of your right pastor, that you will want his help in the future. Having rejected Samuel's help, Saul cannot expect help in a crisis situation. It is doctrine in the soul that would help.

3. Too late to gap it back to reversionism recovery. Saul is in a helpless situation in 1Sam. 28.
4. He has gone too far into reversionism for a comeback. Samuel can only tell him that he will die.

Now back to v. 24. This looks as if Saul is rebounding. He tells Samuel that he has sinned. He is saying that he has transgressed a law; this appears to be a correct case of rebound. The words of Saul will indicate pseudo rebound, which is not rebound. In the Jewish Age, you confess the sin; and then you offer a rebound offering. These must line up. The confession and the rebound must line up. We don't have to feel sorry for it. We first name the sin; then we add to it, and that is not rebound. We simply name the sin and we are forgiven. However, breast beating and promising to make it up to God does not help. You will never make it up to God. It is pseudo-rebound. That is the whole system of the Catholic church. First the reality and then the ritual. So Saul confesses his sin; but he does not follow it up. Saul will go into rebound ritual and he has no doctrine in his soul. He will pick the wrong offering.

In self-righteousness, Saul will try to make his sin appear as an unknown sin, so that he does not lose face with the people.

1Sam. 15:24 [Saul answered Samuel, "I have sinned. I have transgressed the LORD's command \[I ignored the message of the Lord\] and your words. Because I was afraid of the people, I obeyed them.](#)

Saul was pressured by public opinion to spare Agag and the best of the animals. It is believer without doctrine who is swayed by public opinion, which may be right and it may be wrong. The cattle represented phenomenal wealth.

It appears that this public opinion may simply be a smokescreen; maybe it did not happen.

King Saul and Richard Nixon are very similar. Teddy Roosevelt is the last president to have doctrine in his soul and he expressed this. Woodrow Wilson was a terrible president; one of the worst. He went the wrong way on everything. He was a history professor. Right now the oil companies are being blamed. For years, the federal government has been taxing and regulating the oil company. And everyone is trying to blame the oil company for an oil crisis that does not exist in the first place.

Steel is hard to get. We will suffer in the field of flour; the wheat crop looks bad, and we had a 50 year supply until Nixon gave much of it to the communists.

Saul chose human viewpoint over divine viewpoint. He lacked Bible doctrine and he had no moral courage to tell the people what to do.

He will try to rationalize away his sin. Sin offering in Lev. 4 and the trespass offering in Lev. 5; he should have offered a trespass offering, which is a known sin. He knew what he was doing, but he asks for the unknown sin offering.

1Sam. 15:24 **Saul answered Samuel, "I have sinned. I have transgressed the LORD's command [I ignored the message of the Lord] and your words. Because I was afraid of the people, I obeyed them.**

1Sam. 15:25 **Now therefore, please forgive [lift up, away] my sin [offering] and return with me so I can worship the LORD."**

He is looking to do penance to solve this.

#### Summary

1. This refers to lifting up an animal on the altar.
2. What Saul is requesting is that Saul use one of the spare animals as a rebound offering. \
3. The Hebrew noun, chattah, refers to the rebound offering of Lev. 4; which emphasizes unknown sins. This would have been an offering for a sin that he did not know was a sin. He should have confessed his sin and then went for a rebound offering. This makes Saul a liar. This is pseudo rebound.
4. He would not admit that his disobedience was known to him.
5. He wants to categorize this as an unknown sin.
6. If Saul had merely said, "Please lift up my trespass offering" he would have been forgiven. Reversionism distorts rebound. The reversionism wants to feel sorry for the sin.
7. Grace in rebound is rejected.
8. What Saul did in his dispensation is like the believer in the Church Age trying to be forgiven by adding some legalistic gimmick. Pseudo rebound is not rebound at all. So Saul did not rebound at all. In attempting to rationalize his sin, he used the wrong nomenclature. No one is forgiven for penance, sincerity, promising never to do it again, or to feel sorry for it.

One more time to go over this verse.

**1Samuel 28 1Sam. 15:22-29**

**72David**

**631\_0096**

**96 03/17/1974 Saul loses the kingdom**

This is the first of 2 flashbacks.

1Sam. 15:22 **Then Samuel said: Does the LORD take pleasure in burnt offerings and sacrifices as much as in obeying the LORD? Look: to obey is better than sacrifice, to pay attention [which means, to listen to Bible doctrine] is better than the fat of rams.**

1Sam. 15:23 For rebellion is like the sin of divination, and defiance is like wickedness [an idol is nothing; it is a vapor] and idolatry [a teraphim is a form of ancestor worship; little figurines]. Because you have rejected the word of the LORD, He has rejected you as king.

1Sam. 15:24 Saul answered Samuel, "I have sinned. I have transgressed the LORD's command [I ignored the message of the Lord] and your words. Because I was afraid of the people, I obeyed them [listened to their voice].

#### Summary Points

1. King Saul was supposed to kill all of Amalek, their animals, women and children.
2. Saul did not come anywhere close to doing this; but David obeyed this order, to a greater degree (I think?). Agag was the only person that they had contact with who was not killed; but a greater portion was slain.
3. Samuel confront Saul about lying and Saul said, it was the people who made me do it.
4. Saul will be involved in a pseudo rebound.
5. Propitiation emphasizes the person of Christ in Lev. 2; the peace offering in Lev. 3. Lev. 4 is the sin offering, called chattah, for unknown sins only. Jesus Christ died for all of our sins; known and unknown.
6. Lev. 5 is for known sins. Trespass offering for known sins.

1Sam. 15:22 Then Samuel said: Does the LORD take pleasure in burnt offerings and sacrifices as much as in obeying the LORD? Look: to obey is better than sacrifice, to pay attention [which means, to listen to Bible doctrine] is better than the fat of rams.

Recognizing the authority of the one who teaches and recognizing the authority of the one who teaches. The phrase *to listen* means you recognize the message of the communicator; you recognize the authority of the communicator; first comes the person of the communicator, then comes the message of the communicator. First authority is the issue and the recognizing authority of the communicator.

#### Summary

1. The authority of the communicator and the authority of the message are necessary to resonate.
2. This assumes that the communicator teaches Bible doctrine.
3. Samuel taught Bible doctrine; Saul ignored it.
4. Bible doctrine in the soul is more important than ritual and worship forms.
5. Ritual and worship forms at best represent doctrine but, at worst, replace doctrine. They become a substitute for doctrine.
6. Ritual is often a cover for negative volition toward doctrine.
7. Ritual is not an issue for..
8. Only a reversionist makes an issue out of ritual.

9. Saul does not understand the meaning of ritual because he tries to use the wrong sacrifice.

Negative volition toward doctrine sets up an interest in pseudo religion. Stubbornness. Used as a substantive here for the rejection of authority. There is nothing worse than rejecting Bible doctrine. All of Saul's problems came from the rejection of Bible doctrine.

1Sam. 15:23 **For rebellion is like the sin of divination, and defiance is like wickedness** [an idol is nothing; it is a vapor] **and idolatry** [a teraphim is a form of ancestor worship; little figurines]. **Because you have rejected the word of the LORD, He has rejected you as king.**

Saul has been negative for a long time. The rejection by God is future and has not come to pass yet at this time. Perfect tense indicates incomplete action?

#### **Summary Points, Apparently Repeated**

1. Continuation in reversionism means loss of kingship.
2. Saul reject Samuel as the communicator and samuel's message.
3. When Saul went to the witch of Endor, he turns back to Samuel, whose ministry he rejected.
4. It is too late for Samuel to help Saul.
5. Saul should have listened while Samuel was alive.
6. Saul cannot recover in one night in 18 years of negative volition. Typical of a reversionist to reject doctrine all their lives and then want to make up for it overnight.

You too may be a serial pseudo-rebounded.

Perfect tense of chattah means that Saul actually sinned in the past. Saul should have stopped right there. Saul fiddled around with it, trying to justify himself.

#### **Saul's Pseudo Rebound**

1. I have sinned; the Qal perfect of chattah is tantamount to the use of the rebound technique in the Church Age.
2. Pseudo rebound is no rebound at all.
3. Pseudo rebound in Saul's day demands that he match the proper sacrifice with the proper sin.
4. We must distinguish between reality and ritual. We live in the dispensation of the church and there are no animal sacrifices in the Church Age. Reality and ritual. On the reality side, all Saul had to do is confess his sin. On the ritual side, his known sin required the trespass offering of Lev. 5.
5. The sin offering of Lev. 4 was for an unknown sin; or for a period of time when you think maybe you committed some unknown sins.
6. Saul will seek to save face by glossing over his sin. Saul bowed to public opinion. He allowed public opinion to sway him.

1Sam. 15:24 Saul answered Samuel, "I have sinned. I have transgressed the LORD's command [I ignored the message of the Lord] and your words. Because I was afraid of the people, I obeyed them [listened to their voice]."

Saul following the people would be enough of a reason to remove Saul from being king; the people are to follow him; not vice versa. The idiom means that he ignored the message of the Lord and Samuel's words. "I feared the people and I listened to their voice."

### Summary

1. King Saul was the people's choice, not God's.
2. King Saul became king by the permissive will of God. He should have depended upon the Lord more than anyone who lived.
3. Saul is a believer in reversionism. He will cater to public opinion because of this when he holds office or panders to the public. Bob knew commanders who were more concerned about public opinion than about making good soldiers of their men.
4. The supergrace believer in authority or holding office will do his job as unto the Lord. Col. 3:16 regardless of what the public may think or anyone thinks.
5. The subtotal or consensus of human viewpoint is public opinion unless the public is made up of supergrace believers, which happens every 700 or so years. The Gallup poll; so what, who cares what they think? They represent human viewpoint; not divine viewpoint.
6. Saul was pressured by public opinion to confiscate their cattle rather than to destroy it; and Saul did not annihilate all thep pole.
7. Saul could have gone with God's command or human viewpoint. He succumbed to public opinion in violation of God's command.
8. Saul allowed public opinion to supercede the plan of God.
9. He lacked doctrine in the soul when he needed doctrine most in his soul.
10. Now because of public opinion, Saul

Let's anticipate v. 25; confession required ritual and reality for completion. Confession of sin means that a person knows that sin. When you confess a known sin, the only kind that you can confess, a ritual which is the trespass offering of Lev. 5.

the ritual pointed out God's faithfulness and justice in forgiving sin. If he crosses over from the trespass offering to the sin offering, then he is covering up. The trespass offering portrays the basis. The ritual portrays that the body of Christ cleanses from all sin. Ritual, the blood of Jesus Christ cleanses from all sin. Unknown sin was forgiven at the same time, but there was no offering until a future time, either a periodic time or when the unknown sin was realized. Jesus Christ died for all sins. To mix up the offerings is pseudo rebound. We have pseudo rebound in the Church Age. Reality is confess and if you put anything with confess, it is legalism and pseudo. If you put penance or feeling sorry for sin or burning candles or doing something, then it is pseudo confession.

isa. 53 uses the same word for Christ being lifted up on a cross. Now, therefore, please offer my sin offering. Saul wants the people to like him. He wants the people to think that it was all a mistake and not really an act of disobedience. Saul is strictly a public relations type.

#### **Saul's Mistake**

1. Now, therefore, offer up my sin offering; Saul is requesting the Samuel use one of these spared animals as a rebound offering.
2. He specifies the rebound offering that emphasizes the unknown sins from Lev. 4; he is suggesting the routine offering that anyone might offer up in coming back from a battle or a campaign. This covers up Saul's favor.
3. This makes Saul guilty of pseudo rebound. He would not admit his disobedience as a known sin. Saul rebounded without reality. He added something. The offering of the unknown sin.
4. If Saul just said, "Please offer up my rebond offering, that would be enough.
5. This is a case of distortion; he is distorting the rebound technique.
6. What Saul did in his dispensation is like the believer in the Church Age trying to be forgiven; public confession for instance.
7. Saul was guilty of pseuo rebound so he had not rebounded at all.
8. Saul uses the wrong nomenclature.
9. He contends the it is a matter of semantics, but this is true vocabulary versus false vocabulary.
10. Saul did not use grace rebound.

Saul wanted Samuel to return with him to Gilgal where all of the offerings would be done. The different offering would vindicate Saul in front of the people. Saul tells them that he would not return with them. Saul had tried to excuse his own sin on the basis of being a sin of ignorance. In reality, this is a known sin that requires the trespass offering. Saul is trying to deceive the Lord. People like to get on their phoney high horse and bring out Scripture which is out of context. That is what Saul is doing.

1Sam. 15:25 **Now therefore, please forgive [lift up, away] my sin [offering] and return with me so I can worship the LORD."**

Samuel will not go back with Saul. God has rejected him as being king over Israel.

1Sam. 15:26 **Samuel replied to Saul, "I will not return with you. Because you rejected the word of the LORD, the LORD has rejected you from being king over Israel."**

Saul is 7' tall and he is big and tall and powerful. This is a woolen robe; the prophet's mantel. It was ripped.

#### **Saul Tries to Stop Samuel**

1. Saul in his desperation was using his physical strength to stop Samuel.

2. He used his strength to grab Samuel's robe.
3. Samuel kept walking away.
4. Saul was left holding a piece of the prophet's mantle or robe.

1Sam. 15:27 When Samuel turned to go, Saul grabbed the hem of his robe, and it tore.

Now we get to the phrase which necessitated us going back and looking at this. Samuel speaks to him one more time. The next time that Samuel says these words, he will insert the name *David*. The next time that Samuel says this to Saul, he will return from paradise. He says exactly this, except he adds in David's name.

1Sam. 15:28 Samuel said to him, "The LORD has torn the kingship of Israel away from you today and has given it to your neighbor [friend] who is better than you.

God never lies and God does not change His mind. So what Samuel is saying here will stand. Put this into your brain and think about it. Saul's weakness is in his soul where he has no doctrine.

#### A Few Summary Points

1. God is perfect and His plan is perfect.
2. God's plan depends upon God's character or essence.
3. His essence is perfect strength so there is no place for man's efforts in God's plan.
4. The principle of grace emerges. In grace, God will administer
5. God does this on the basis of His perfect character.
6. The difference of Saul and Samuel is doctrine.
7. David will be promoted because he is grace oriented. He is not in God's way.
8. Saul without doctrine is reversionistic. He must be eliminated before he gets in God's way more.

1Sam. 15:29 Furthermore, the Eternal One [strength] of Israel does not lie or change His mind, for He is not man who changes his mind."

Not covered:

1Sam. 15:30 Saul said, "I have sinned. Please honor me now before the elders of my people and before Israel. Come back with me so I can bow and worship the LORD your God."

1Sam. 15:31 Then Samuel went back, following Saul, and Saul bowed down to the LORD.

1Sam. 15:32 Samuel said, "Bring me Agag king of Amalek." Agag came to him trembling, for he thought, "Certainly the bitterness of death has come."

1Sam. 15:33 Samuel declared: As your sword has made women childless, so your mother will be childless among women. Then he hacked Agag to pieces before the LORD at Gilgal.

1Sam. 15:34 Samuel went to Ramah, and Saul went up to his home in Gibeah of Saul.

1Sam. 15:35 Even to the day of his death, Samuel never again visited Saul. Samuel mourned for Saul, and the LORD regretted He had made Saul king over Israel.

## **1Samuel 28:17 15:22-28 reviewed 72David**

**631\_0097**

**97 03/22/1974 excuses cancel rebound**

This flashback is absolutely necessary to understand the battle. Saul was told to kill off all of the women, cattle, children of Amalek. He kept Agag and all of the wealth (the cattle). Samuel confronted Saul about this, and Saul said the people made me do it and, besides, these animals are going to use for sacrifices.

On the cross, all of our sins have been judged. All of our sins have been judged on the cross, and whether we know something is a sin or not is not an issue. Ignorance is not an excuse. That is only an excuse to the stupid. Christ bore the unknown sins as well as the known sins. You cannot confess an unknown sin. Offering a sin offering is like trying to be forgiven for penance or sincerity. However, in rebound, all we do is judge ourselves; we do not take it any further. For us, all we have to do is start making excuses. If we apologize, it is pseudo rebound; if we say we will never to it again, it is pseudo rebound.

All Saul needs to do at this point is, "I have done wrong; I allowed Agag and the animals to remain alive." When you are braced in the military, your answer is always, "No excuse, sir." The more excuses that Thieme heard, the more that added fuel to the fire; and he just kept it up. When someone said, "No excuse, sir" they got chewed out, and then Bob and he forgot it and moved on.

When you commit a sin, you do not go into detail and explain yourself and give excuses for the commission of the sin. Samuel was Saul's right pastor, so to speak. King Saul neglected the Word, and ignored his spiritual authority. Ritual and worship forms are superficialities. Ritual, even bona fide ritual today, is no good without the reality.

King Saul will confess and then fill in the middle with excuses. That sin was judged on the cross; so that last thing in the world that God is interested in is excuses.

They think that Bob is a prophet up in Ohio, as he told him it was going to snow.

1Sam. 15:22 Then Samuel said: Does the LORD take pleasure in burnt offerings and sacrifices as much as in obeying the LORD? Look: to obey is better than sacrifice, to pay attention [which means, to listen to Bible doctrine] is better than the fat of rams.

Rebellion is like the sin of divination, which is what Saul would commit 15 year later. Samuel levels with Saul. He is honest and honorable.

1Sam. 15:23 For rebellion is like the sin of divination, and defiance is like wickedness [an idol is nothing; it is a vapor] and idolatry [a teraphim is a form of ancestor worship; little figurines]. Because you have rejected the word of the LORD, He has rejected you as king.

If Saul was smart, he would have stopped at "I have sinned." Saul, as a reversionist, gets at least one thing straight. You do not give excuses for sin. There is not excuse for sin. When it comes to sin, we are all free spirits. We commit every sin that we commit from our own free will.

When you fear people, you are out of the grace life. Like Nixon, he was elected by the people, but not by God. Samuel was the ruler of the people under God. Saul was tall and very, very handsome. He was the people's choice. This is the worst time in America's history. It is such a tragedy that there are so many parallels between today and then.

Saul superceded the will of God, because he lacked doctrine in the soul. He could not make a human viewpoint decision.

The reality is confessing your sin; legalism is offering penance or offering up promises or trying to feel sorry for your sin. Whatever you add to rebound is pseudo rebound.

1Sam. 15:24 [Saul answered Samuel, "I have sinned. I have transgressed the LORD's command \[I ignored the message of the Lord\] and your words. Because I was afraid of the people, I obeyed them.](#)

Here, Saul wants to use Samuel and use God. If you want something so badly, you want to use God. So you can get married? There are many millions of dollars for many men and blessing for many men in this congregation. There is great blessing for us; but it is in a paragraph of divine decrees. We will never see if apart from doctrine.

1Sam. 15:25 [Now therefore, please forgive \[lift up, away\] my sin \[offering\] and return with me so I can worship the LORD."](#)

1Sam. 15:26 [Samuel replied to Saul, "I will not return with you. Because you rejected the word of the LORD, the LORD has rejected you from being king over Israel."](#)

Saul grabs him, and ends up with a piece of torn cloth; and Samuel tells him, that is all you will have, a piece of torn cloth.

1Sam. 15:27 [When Samuel turned to go, Saul grabbed the hem of his robe, and it tore.](#)

We got into this flashback back in v. 16. 15 years later, Samuel will be brought back from the dead, and he will utter these words, but he will add one word; *David*. Samuel tells him that God will take the kingship of Israel and give it away to someone who is better than you. Bible doctrine is the soul is the only thing that God can use in your life. He cannot use your looks, your personality, your charm. Stop thinking of God in the way that you think of people. You think of God as a super-person; a little better than everyone else. He is not the man upstairs, the pie in the sky.

### **God's Plan and Saul and David**

1. God is perfect; His plan is perfect.

2. God's plan depends upon God's character or essence; it does not depend upon us or upon our sincerity, our excuses, our moral life, or anything else at all.
3. Therefore, there is no place for man's efforts in God's plan. No place for excuses, no place for sincerity, no place for bleeding heart do-gooders.
4. Therefore, the principle of God's plan is grace. Grace emerges as the principle of God's plan. In grace, God will administer discipline to Saul, and He will do that same to anyone at anytime.
5. God does everything on the basis of His perfect character. Discipline of Saul and blessing of David. No one else can do it.
6. Therefore, the difference between Saul and David is one of doctrine. They both have muscles; they are both attractive men; they are both handsome, personable, charismatic, military men, kings, with great opportunities. One went down and one went up.
7. David with doctrine will be promoted he will not get in God's way.

God cannot use ur abilities or our excuses. Rebound indicates whether we are grace oriented or not.

1Sam. 15:28 [Samuel said to him, "The LORD has torn the kingship of Israel away from you today and has given it to your neighbor who is better than you.](#)

Now we get to Samuel speaking to Saul. Samuel reminds Saul of what he already said. He already told Saul all about this.

Imperfect tense means that the kingdom was taken away from Saul as a process; the tense of grace. God did it step by step. David was not suddenly promoted; David had to learn some things as well. David went into reversionism and God had to get him back to supergrace.

Samuel remembers 15 years later his sermon to Saul.

Bob's ministry does not depend upon him; it depends upon God's grace. Bob is the pariah dog of Dallas Seminary.

1Sam. 28:17 [The LORD has done](#) [has accomplished something for Himself; idiom for *now the Lord has carried out His purpose*] [exactly what He said through me: The LORD has torn the kingship out of your hand and given it to your neighbor David.](#)

**1Samuel 28:18, 19**

**72David**

**631\_0098**

**98 03/24/1974 Doctrines of negative volition and anthropopathisms**

Samuel repeated the same message that he gave to King Saul 15 years previously. The reason for Saul's discipline and failure is his negative volition toward Bible doctrine. God is perfect righteousness and how He treats us comes out from abundant fairness. He

always blesses when He can. Saul did not listen. Negative volition is the worst thing that can happen with any believer.

Greek tragedies are all based upon the tragic flaw of the hero. That is the system followed by the Greeks.

We are here to assimilate grace and to develop the supergrace capacity.

### **The Doctrine of Negative Volition**

This is the tragic flaw of every believer who goes out on the sin unto death.

1. Primary negative volition is refusing to assemble; to listen to your pastor.
2. Secondary is refusing to believe the message. Failure to be filled with the Spirit means no doctrinal transfer.
3. The refusal of the faith-rest technique.
4. Refusal to be consistent; you only gap it when you are under pressure. He wants something from God or he is in a jam.
5. Negative vulnerability. Gaps it to supergrace, but reacts to something negative in his life. This is what happened to Saul. He was jealous of David. Operation vengeance.
6. Negative emotionalism; the believer becomes negative toward doctrine and he uses emotion as his criterion for everything. If he feels good; it is good; if he feels bad, then he is disappointed.

Saul had no doctrine in his soul. God is not angry with Saul, but we have wrath here to explain to us the thinking of Saul. God does not repent; and He is not angry.

### **Doctrine of Anthropopathisms**

1. Human feelings, passions and thoughts are ascribed to God using language of accommodation. This is done in man's vocabulary in man's frame of reference. This helps us to understand His divine policy. Some of these are listed.
2. Repentance; which is a change of mental attitude. There is no emotional involvement. There is nothing sacred about the King James English. God does not change His mind. It is a change of policy.
3. Divine hatred; but God does not hate anyone. He has no antagonism toward anyone. This is just so that man can understand divine rejection. God was not made at Saul; God did not hate Saul. God's anger is another system of anthropopathism. Saul made a heroic trip behind enemy lines and he could have enveloped the enemy army. Sheer cliffs; no place where they can withdraw and regroup. He can only go back on the right flank; and they will be pursued all the way to Bethshan. No training of the men. The Jews will eventually regain their freedom. The long valley all the way down to Gilgal. Saul lost out in every possible way. His reversionism means that the only 3 good officers will be killed; his sons.
4. God is scornful of those who reject Bible doctrine.

5. Others, as benevolence, love, which is often used to explain God's motivation. Language of accommodation takes divine love and uses the words used by us for human love. In Ohio there was this Christian who walked around saying praise the Lord, also cheated a number of men at a Christian businessman's meeting. Love and eternal life come to man via the grace pipe. All believers have a relationship with God.
6. Compassion is a human concept used of God Lam. 3:33 Col. 1:24 expresses God's wonderful attitude toward us, whereby we are made successful and blessed. This can explain a lapse of time in history without divine judgement. It can explain why God does not strike people dead from time to time. Longsuffering. Blessedness is another example. God wants to share with us His happiness.

Why did the south lose? The real issue was not emancipation but union versus succession. Riots in Detroit because they did not want the Black man to be free because they would go to Detroit and be a problem. Those are the thoughts of Yankees back then.

Saul was told to kill all of the men, and their women, children and cattle. He failed to execute these Aram marauders of the Negev. The Amalekites lived by plundering others, which included the Jews. They attacked the Jews at Rephidim during the exodus? They attacked David's camp; and David got them and got his monetary supergrace blessing.

David will get over 20 million a year in gold from one source alone. Ha dabar means *this doctrine, this word*.

1Sam. 28:18 [You did not obey the LORD and did not carry out His wrath](#) [execute the heat of His anger] [against Amalek; therefore the LORD has done this](#) [doctrine; the sin unto death] [to you today](#).

We will see the oblique order of battle in the last chapter of 1Sam. 31.

Divine law; a demonstration of the faithfulness of God; are the so-called scientific laws. Science cannot make these laws work; science can only make observations. All of the freedom that we enjoy comes through WWII. Our officer corps today is filled with socialists and liberal ideas. We have lost concepts of authority and every concept that counts. We have lost contact with reality when it comes to the military. Combat is an abnormal set of circumstances and pressure. The men who command other men must have a devotion to duty and understand their job.

Our whole concept today is setting up a defensive perimeter; there is nothing worse than setting up a defense. The only reason for defense is to be able to launch an offense. However, doing this in Vietnam gave our enemies time to think about how to attack. You do not sit on defense; you go on the offense. MacArthur's move across the Pacific was brilliant, even though he had very few troops. He moved across the Pacific with very few troops and equipment.

The Old Testament saints were in Hades, in the heart of the earth; and when Jesus was raised, they were transferred to heaven. While Samuel was saying these things, Achish was setting things up. They knew the terrain and they knew that Saul put his army with their backs to cliffs. They had to move out, exposing their flanks to the advancing enemy, while retreating, which meant that they would be defeated.

Saul's sons will all die with their father, even though Jonathan is a great man. But he and his brothers are associated with Saul; and this association is what killed them. They died for staying with Saul. There will be a high casualty list. There are no supergrace believers in this casualty list. There is a brilliant officer, Abner, and he will fight his way out of this trap. The defeat suffered by Israel indicates a maximum number of reversionists. The laws of divine establishment had been rejected by failure to train and mobilize a large army. There was no real national army. The Jews lack motivation to fight. They had rejected Bible doctrine. They were more interested in sensitivity training. The problem is spiritual as well as a military one. All the supergrace remnant is in David's battalion (and remember, these originally were a bunch of losers).

1Sam. 28:19 [The LORD will also hand Israel over to the Philistines along with you. Tomorrow you and your sons will be with me, and the LORD will hand Israel's army over to the Philistines.](#)"

Now we will have the reaction of Saul.

**1Samuel 28:20, 21**

**72David**

**631\_0099**

**99 03/24/1974 Saul's shock**

Many strange things happened in the Fredericksburg campaign. They advanced rapidly. Two from the opposite side were loading and firing at each other and they could not hit each other and they kept getting more and more angry and yelled at each other, and finally, came and fought hand to hand. This let off a lot of steam, and they were encircled; and they were badly battered, their fight was seen as a tie, and they shook hands and then returned to the battle.

Yankee yelled across the lines at the confederates, saying that they had no uniforms. So, a confederate said, "We don't dress up to a hog killing." Then a shot was fired. So the band was brought out to stop them from fighting; the union brought out the band and played union songs for awhile; and then the confederates say, "Why not play some of our songs" so they did. They closed with "home sweet home" and "auld lang syne." After that, sentries did not shoot at one another for awhile. These were the armies which clashed at Chancellorsville.

Saul, when he hears about him dying, Saul falls down on the ground. The biggest surprise that a boxer has is, when you knock someone out, they often fall forward. This is what happens to Saul. The imperfect tense of *to fall* means it took a long time to get there. There was no doctrine in his soul and there was no internal means by which he could be prepared for this. If you are in reversionism, there is nothing that can be of any help to

you. Saul is in the position of knowing that he will die and it will be a miserable death because he is under the sin unto death. Being without doctrine means that Saul is unprepared and the shock is causing him to faint. Only doctrine can help a person prepare for difficulties in life. Saul could have done better had he exposed himself on a daily basis to the teaching of Samuel. Saul was not prepared in his soul for a disaster. His self-consciousness was related to the mental attitude sins of fear. Saul is in this state of fear. Saul is frightened to the point of fainting. He was extremely frightened by the doctrines of Samuel. This indicates his reversionism; that he cannot face life; that he is self-centered and selfish and childish. The person who neglects doctrine and rejects doctrine will always find that doctrine is the basis of his misery if he rejects it. The lack of doctrine produces fear in the soul of the reversionism. The soulish reason first; he is frightened. He is upset and he cannot eat. He has neglected his rations.

Saul has gone 24 hours without food. He had not had any rations for one day and one night. This indicates that he is nervous and he neglects food for 24 hours, causing him to be weak. Shock and fear shake his body up. Saul has moved in on Endor during the daytime. He could have learned something about enveloping the Philistine army. It was a 10 mile trip and he had to do a lot of zig-zagging. Saul could have developed a plan to fight against the enemy here; but he was not thinking; he was self-centered.

1Sam. 28:20 **Immediately** [literally, he hurried up], **Saul fell flat on the ground. He was terrified by Samuel's words and was also weak because he hadn't had any food all day and all night.**

#### **Summary Points on V. 20**

1. When it says that Saul fell his full length to the ground, that means he is a very tall person. He is described in 1Sam. 9:2 he was a choice and very handsome man, and he was a head taller than everyone else.
2. It is difficult to think of this vindictive and jealous king as him being handsome, well-built and personable.
3. Reversionism has changed him. Reversionism will make you look old before your time. You will be frustrated and upset. Bible doctrine is your only hope and your only answer.
4. Saul's fantastic physique is laying out flat on the ground. No matter how attractive you think you are or how smart you think you are or how well you think you are built; and some of you cling to these things like flotsam and jotsam. These things are no good when the chips are down.

Saul's face is on the ground; his strength has failed him. Many of you younger people think you can get by with your looks and personality and your physique. Saul had fantastic muscles and they are all on the ground. He had a great personality; but it has crashed to the ground. All of the human abilities and human assets that we have are useless in the crisis. You cannot think your way out, you can't talk your way out; you cannot bat your eyes out of it. There is no way that you can handle life apart from Bible doctrine. With all of Saul's power, physical beauty and physique, he cannot get out of this problem. And no

one cares much for Saul throughout the land. He is an object of pity throughout the land. This is the spiritual narcissist complex.

Bob has never found anything wrong with a beautiful feminine body, or a good face; as long as these things do not conflict with grace. The narcissist complex makes you a totally selfish person.

No one has a narcissist complex without becoming jealous of someone else. There is always someone else with a better looking face and a better body. When this happens, jealousy is always the next step. This puts a coating on the soul. Saul had this in his soul and we will see when we look at another flashback.

5. No human asset or ability can take up the slack for the lack of doctrine in the soul
6. Divine discipline brings Saul to the place of total helplessness. This is a legalistic believer when all the chips are down. This is the most helpless. All of the legalistic gimmicks that they have do not work. Legalism in every form is a sham and it never helps you in a jam. Legalism is spiritual BO. It is that malodor that must be corrected in the plan of God. Legalism is like being a skunk. What you have to get rid of is legalism. Bible doctrine in the soul can correct and remove the legalistic tendencies. Saul is under this divine discipline. This brings him to a point of total helplessness. He can be a candidate at this point for God's grace or God's discipline. What kind of a hand God deals us depends upon the doctrine in our soul at the time of the disaster. Saul has a brilliant mind and he did have a great personality. He was very well liked at one time; he was the people's choice. Saul's body and soul are both completely helpless. The sin unto death has brought him to a point of complete helplessness. The soul fainted because it was without spiritual food. No food for energy of the body and no doctrine for energy of the soul knocks Saul off of his feet. The Holy Spirit saw fit to record Saul's fainting. This tells us that there is a relationship here. Lack of spiritual food in the soul began the shock and the body followed suit. The soul took the full shock. Physical food can only provide energy and strength for the body. It is the soul that cannot cope.

1Sam. 28:20 **Immediately** [literally, he hurried up], **Saul fell flat on the ground. He was terrified by Samuel's words and was also weak because he hadn't had any food all day and all night.**

This brings us to the witch of Endor herself. She is a witch turned women. God the Holy Spirit has not seen fit to tell us what became of her. We know a little about her before she became demon-possessed. Her sensitivity went overboard because her emotion took over her soul. Maybe she became involved in the phallic cult or to hashish, she surrendered her body to the engathramuthos demon. Under sophisticated demon-possession, she was a nice and pleasant person. Mostly in Texas we have sophisticated possession. In a trance, she became possessed by the demon. In a trance, she would become demon-filled. At the point that the seance was interrupted, the demon was removed from the woman. God removed that demon and now she is what she was before, a beautiful, charming, altruistic

type of woman. There is no record of her believing in Jesus Christ. The unbeliever can be a fine noble, generous thoughtful person.

We will all have the chance in our lifetimes of meeting an unbeliever who is fine and noble and this puzzles and upsets some people. Some might have said the same thing about the witch of Endor. She may seem wonderful and by nature, she may seem kind and pleasant. However, they revert to a satanic smokescreen. They seem nice. Some of you girls will run into a nice unbeliever and he will seem to turn you on and he is everything that you could ever imagine, except that he is not saved. You might even marry him as an unbeliever, even though this is contrary to the Word of God. You are the victim of a satanic smokescreen. You meet someone in a business deal and you like them and they become a part of your social life and, pretty soon, you are no longer in Bible class. Unbelievers can be attractive, and some can be quite noble. This woman is all of that and more.

She is now called ha isha, which she was not called before. This is our first clue that she is no longer demon-possessed. She used to be called *the mistress of a demon*. It appears to me as ha ishshah is what she is called several times in this chapter.

Qal imperfect of bo; and she kept coming toward him. I wonder if the imperfect tense simply does not indicate the next thing that happens. Qal imperfect + the wâw consecutive would simply say, this is what happened next.

She is building up a strong, womanly compassion, thinking about the problems of Saul, and she is filled with compassion; and she notices that Saul is troubled. She is extremely agitated. Saul is disturbed in his soul. He is suffering from hardness of heart. She speaks to him. She is filled with compassion and tenderness toward him.

### **Saul and How God Is Dealing with Him**

1. This is compassion for a totally forsaken man. This is courageous compassion.
2. Even in reversionism, Saul is surrounded by those who have compassion toward him. Bible doctrine would have made him a great leader. He is a total wipe out; a total wreck.
3. However, note that God no longer speaks to Saul as a part of divine discipline. God is fair and His compassion and love must be expressed throughout righteousness and justice. Saul has messed things up on this earth.
4. Omniscience has all of the facts, so God must take Saul home to be with him.
5. Divine compassion seems to have come to an end. God has given warning and appeal; and here, his compassion changes form. God brings up only Samuel to tell him that he will not be in heaven tomorrow.
6. Saul is on his way to the Old Testament heaven, which is Sheol.
7. God permits some to remain with him who are truly compassionate. Very sympathetic people. The woman and the two soldiers have risked their lives for Saul as a reminder of what could have been, had Saul been positive. This loyalty of a few could have been multiplied into such a response from the entire nation.

You may think that you have found a new road other than Bible doctrine; but what a waste; and the difference is your attitude toward doctrine. The loyalty of a few could have been multiplied into the loyalty of an entire nation.

The woman sees that Saul is very agitated. She tells him that she risked her life on his behalf. She is telling Saul that he owes her a favor. She asks him to be able to feed him a meal. This is a compassionate woman. This is a woman of great beauty. They are filled with their own self-importance. They lose so much. Most women never really grow up. Their only hope is Bible doctrine. They have been told by those who flatter how beautiful and charming they are; or by those who want to use them. This way, most women are little girls. They are adult bodies and female souls of a child.

A guy that was engaged to Elizabeth Taylor and said, that she was the soul of the child in the body of a woman. The woman who goes from the shelter of her own home to the shelter of another home. She never grows up. With Bible doctrine, you learn how to function as an adult woman. There are many young men who are exactly the same way; they are selfish; self-centered. This is where the problem comes.

We may have a soul that has never come out of childhood. But if everyone in the United States had an adult soul, there would be no place for psychiatry and sensitivity training.

Bob describes this as a *helluva woman* because she is an adult body housing an adult soul. That is glamor. It is very rare.

1Sam. 28:21 The woman came over to [approached] Saul, and she saw that he was terrified [agitated] and said to him, "Look, your servant [female slave] has obeyed you. I took my life in my hands and did what you told me to do.

**1Samuel 28:22-25**

**72David**

**631\_0100**

**100 03/25/1974 Evil side of altruism**

1Sam. 28:21 The woman came over to [approached] Saul, and she saw that he was terrified [agitated] and said to him, "Look, your servant [female slave] has obeyed you. I took my life in my hands and did what you told me to do.

#### **Summary 1Sam. 28:21**

1. The woman is free to express herself because the ob demon is not inside of her.
2. The true character of the woman now comes out.
3. She is revealed as compassionate, thoughtful, sensitive to the needs of others.
4. She wants to help Saul, although he is beyond help.
5. Her altruistic nature made her responsive to all kinds of people
6. She was responsive to demon-possession.
7. Sincere do-gooders may be well-meaning, but they open up themselves to all sorts of forms of evil.

8. At this point, the woman's altruism is expressed in deep compassion for a miserable man.

She is requesting that Saul listen to her. She politely makes this request. Using *Jesus Christ* as profanity is typical of Yankees. You rarely hear someone in the south use His name in this way. *O God* is also profanity. But *hell* and *damn* are not profanities.

There is nothing more frustrating to a woman who wants to help and has no way to do that. Fear and shock is the inability to think. Saul is unable to really think at this point; and she tries to get his attention. She goes ahead with the only thing that she can do to help, make him a meal. She is trying to approach this wisely, and it sounds like she is just preparing a small amount, but she is going to make a wonderful meal for Saul. The man is weak and the woman is strong. The weaker the man, the stronger the woman's compassion. The stronger her compassion. You need to take a good look at yourself is a woman is telling you what to do. She is carried away by her do-goodisms. Bob hates to hear a buzzer when he doesn't use his seat belt.

To be a good do-gooder, a person must have power. They will pass laws to make it mandatory that they do what that want you to do. Our inertia guidance system is in the hands of Russia right now. This means they can hit something with their missiles because the WH gave this to them. The inertia guidance system was the greatest system for finding and hitting a target.

In the name of doing good, everyone is trying to destroy your rights, your freedoms and your privacy. This woman hasn't gone that far yet, because she has no power. However, she is filled with compassion. She is wasting all of her do-goodism on a weak sister. A weak sister always brings out the best and worst in a woman. All of you ladies have the mothering instinct. You cuddled your dolls and you slept with your teddy bear. The old sin nature needs to have a place to go; when a weak sister is spotted, that's it. Worst thing in the world for a man is one who has lost his manhood. This woman had a mother instinct. She offers to cook him a meal. She didn't caress him. She comforts him with food. He does need food, by the way. She has gone from being a charming, sweet wonderful woman to being a nag. The difference between being compassionate and . Xantippe comes into the picture (she is a raging bitch).

She uses the imperative; eat; and the reason for this is, so that Saul will be strong. The first sentence is fine; then she orders Saul as to what to do.

#### Summary of 1sam. 28:22

1. This is a woman without a demon and very compassionate. An unbeliever who is thoughtful.
2. She makes a request with represents the spiritual problem of King saul.
3. Saul has neglected food for 24 hours; he has lost strength.
4. The real problem is, Saul has robbed him of his spiritual strength and he is about to die the sin unto death.

5. In effect, the woman suggests that Saul should have been doing all of these years, and that this is what he should have been doing all of these years. If a little food each day is important, how much more spiritual food each day. Saul has actually lost his manhood. When a woman uses an imperative, obviously he is no longer a man. Man lives by every word which comes from the mouth of God.
6. This crisis brings out Saul's weakness.
7. The woman is an unbeliever. Her advice is practical, helpful and within her framework of her ability to provide. She can cook; she does have food.
8. Note that the woman does not suggest anything outside of her own frame of reference. Altruism in a sin nature never goes beyond their frame of reference. All of this goofy stuff that we have on automobiles and Congress telling auto dealers how they must build these autos. Bleeding heart do-gooders. They want laws against everything. Altruism without doctrine equals evil. This will lead to a loss of freedom. Government tries to take over industry in order to make it better and it is a disaster. The do-gooder tries to enslave the general population. They screw things up.
9. She can cook so she will provide food. She has no doctrine to provide; and no suggestions to make. She stays within the framework of his ability to help. She doesn't try to tell Saul what to do. She offers him no advice at all. No advice, spiritual or military and she asks for no reward. So she is quite a woman.

1Sam. 28:22 **Now please listen to your servant. Let me set some food in front of you. Eat and it will give you strength so you can go on your way."**

When she used the imperative, Saul bowed his neck. He keeps refusing. Piel stem shows the intensity. He is bull-headed about it. He has constantly refused Bible doctrine; and now he is implacable and selfish and he does what he does best; he refuses. He is good at saying "no."

however, Saul's soldiers helped to urge Saul to get off the ground and eat. They keep on urging him. He is enjoying 3 people begging him to do something. He likes the sound of all of this pity. There are people who feed off of pity. He finally responds. All of this time, he has been laying on the ground. So he finally gets up off of one elbow and looks up.

What he sits on is mitzah. This is a bench that goes along the length of the wall. The ladies sow different types of cushions and put it on the bench, which runs the length of the wall, and the wall is the backstop.

Saul has developed a little self pity and he finally gets up and he sits on the divan. The worst thing for a person who is down is sympathy and attention. Men will often do things to get sympathy. Bandage up a perfectly well hand. They moan and groan and they act like selfish children trying to extract from us all of this attention.

1Sam. 28:23 **He refused, saying, "I won't eat," but when his servants and the woman urged him, he listened to them. He got up off the ground and sat on the bed Divan.**

The fat calf is not in the house; but at her house. She has a fathead in the house. She is called Ishshah now. This veal was being saved for a special occasion; and this is the special occasion. She quickly slaughters this calf. She won her first battle and he is up and now she is bustling and hustling around. She doesn't look back. She takes the most expensive and she prepares it.

This is not Bob's favorite passage. The value of the food and the rapidity of her actions indicates her thoughtfulness. She has altruistic nature. This will be the last kindness shown to King Saul. Food in his stomach; but tomorrow he will have arrows in his bowels. It is fitting that an unbeliever, a former demon-possessed medium, should have the honor of serving Saul his last meal. The woman was delivered from her ventriloquist demon. She is without the demon and on her way up; he is on his way out, because he is dying the sin unto death. Saul is minus doctrine. She is minus the demon. She reverts to her true, compassionate self. This is the last kindness shown to Saul.

For her, the meal is a celebration of her freedom; for Saul, it is his last meal. She is entering into freedom and he is going into battle to die.

You ladies know what it means to *knead*. You kind of work it around and what not. She did not have time to put leaven in, so this will be a flat bread. This is the most expensive of all the animal sacrifices. Unleavened bread reminds us who and what Jesus Christ is. This all speaks of grace. The calf is the sacrifice of Jesus Christ. The unleavened bread is fellowship with God. Saul has been to places where these animals are offered up. So this is all about what could have been. Saul could have exploited his salvation by faith in Jehovah Elohim; and by fellowship with God; but he did not.

1Sam. 28:24 [The woman had a fattened calf at her house, and she quickly slaughtered it. She also took flour, kneaded it, and baked unleavened bread.](#)

She was motivated to do this. She served him cheerfully and happily. Then Saul and the soldiers got up and they went out in the night. Bible doctrine is our light; we are in total darkness apart from Bible doctrine. If we watch television, we are aware of the stupidity of the day. Our country will stand until God sees fit to remove it. So we live in times of confusion. We live when the mind of the believer is in terrible darkness. All of these idiotic plans that sound good, but are far from doctrine. Saul is a believer and Saul is going into the night. We will describe the night into which Saul went.

Saul became a reactor. He was jealous toward David, which led to implacability and vindictiveness. His hatred for David became an obsession. In this way, Saul became totally insensitive himself. There is antagonism and frustration together. Scar tissue of the soul and reverse process reversionism. This is a tragedy. We believers might go out into the night of confusion and despair and selfishness.

Echo would try to get someone's attention; and mimic the attention of another. Echo thought she caught his attention; and she went to a cave and wasted away, so in a cave, you can hear what is remaining of Echo.

This woman is one of the two Echo's in Saul's life. This one is the first. He is miserable; he is bitter; and everything in his soul hurts. He leaves behind his own Echo. We hear no more about her; but we will hear about Saul.

1Sam. 28:25 She served it to Saul and his servants, and they ate. Afterwards, they got up and left that night.

**101 03/26/1974 Oblique order of battle**

Another citation. Kumra, Korea.

We understand that things are really bad out there in our country. No matter how bad things get, Jesus Christ still controls history. A letter upset about all of the freaks and weirdos in the country today. If attacked, he is in a place where their life expectancy is 72 hours. Lucky for us that Jesus Christ controls history.

What we are studying has never really been taught. This is a passage long neglected and longer overlooked.

1400 B.C. is where we will start. Those in the mountains of the area now known of Armenia and the central area of Turkey, the Hittites discovered iron (might have been a different group). Between the empire of Egypt and the Hittites were the Matani. The Assyrians gained their freedom and built an empire. The Hittites would have an empire that is driven back.

Iron came into its own in 1400 B.C. and since then, iron has been a factor in warfare.

In 1200 B.C. something startling happened. A number of unusual events that have no explanation. The Dorians invaded Greece and the famous Achaeans, the Greeks of Homer's time, were driven out or began to move out. Known historically as the Great Sea Peoples. They went to Troy in 1184 B.C. (?) They destroyed the Hittite empire, the Cretian empire; Troy; they conquered and intermingled with ? And formed the Etruscans. One Greek people settled down in the Matitine plane of Palestine, who are Achaian Greeks then there was the rise of Assyria. 1200 B.C. rise of the Philistines. 200 years later they will conquer much of the Jewish nation. 1200 down to 371 B.C. and Apamdinomis who lived a short time before Alex the Great. He was a philosopher and military genius and a professional soldier of the Biotia nation Thebes. He broke the back of the great Spartan military action. The Spartans had 11,000 men. They were opposed by the 6000 Thebans. When Apaminobdis saw the Spartans advancing, he put 1000 on each wing; and 4000 came in and destroyed the 1000 and this was known as the oblique order of battle; he rolled up the Spartans and they were all but wiped out. He did this to the Spartans again. Philip of Macedonia learned from this. Alexander is said to learn more from his father about battle, and he learned it from Apamiopdis.

The Philistines would act as God's whip. In 1200 B.C. they were brought into contact with the people of Palestine. A Theban Greek was given credit for... Frederick the Great in Brandenburg, Prussia. He had a fine well-trained army. Austria, France and Russia all went to war against him at the same time. He stole a piece of coal mine. The French crossed the border than he defeated them. The Austrians had a line for 5 miles. The village of Luthan was in the middle of their line. 80,000 Austrians in this 5 mile line. He hit them with the oblique order of battle. The battle of Luthen. Said that he learned this from Apamalondis. 1757 we learned that Jesus Christ controls history.

French and Indian war; and we were not even a nation yet.

How are these related? Since Jesus Christ controls history, the real story of how these things all came together is found in one phrase. The Philistines were eager to fight; they had come to fight. They outmaneuvered Saul already. They came into the valley of Esdraelon and marched in and forced Saul out of Gibeon and his great fortifications there, and forced him to march into this narrow valley. The Philistines have strategically outmaneuvered Saul and now, tactically, they will launch the oblique order of battle; the Philistines fought against Israel. This is the end of our strategical study and brings us to the tactical study where the Philistines take the offensive. The Philistines did not have an unusually large army.

It does not take a larger army to destroy a smaller. It is the ability and training of the soldiers and of their commanders. Saul did not know the terrain nearly as well as the Philistines did. This was the area where the Philistines had cousins. Greek sea peoples lived there already. King Achish lived there; he was a Greek. There were reports always going into Nob to Achish.

There are the range of mountains called Mount Gilboa. There is a high hill where Bethshan was constructed. The Jewish army in the typical set up. Achish put a gigantic right wing out there, just as Frederick did. There is a center to keep the Jews occupied. Enough to keep them off another flank. There are no place for reserves for Saul's army. There can be no withdrawal to the rear. The withdrawal can only go off to Bethshan. No way to withdraw or to regroup or to utilize reserves in a counterattack. Saul essentially put himself in a trap when he placed his men with their backs to the high mountain. They advance across the valley with cavalry and chariots. Saul could not see the true disposition of the enemy until they make contact and they will destroy the Jewish left wing. The people could not run back, they could only withdraw to their right. That is what Achish wants them to do; to retreat on their own center. They are looking for a slow advance on the center. The Philistines hit on their flank. And soon, Jews are sunning down this bottleneck and the first part of the battle probably lasted 30 minutes. They descend in a disorderly mass down the slopes of Gilboa.

They are all in full retreat; but the Philistines can hit them on their flanks and pin them against the mountains. This is the oblique order of battle. The very way in which the Jews moved out, they were victims of this same system. The entire army of the Philistines is now in a complete jam? The Philistines refused their center and their left flank. They allow

a few to flee, which messes up the center. Jews are running madly down the bottleneck. There are individual acts of courage. They are rolling them up like a carpet.

Naphel means at various stages men fell down dead. The battle was strung out for quite a few miles. The valley opens up. The Philistines keep herding them toward Bethshan. Some Jews would get on some slopes, so the archers would come out when there were pockets who would hold out to fight. The Philistines maintained their pursuit and detailed off troops there to hold them in place and to take them out.

Many of them did not die immediately; but were killed and tortured later on; sometimes a day or two later.

The entire Jewish army was forced into a bottleneck. The Jordan valley and Bethshan and Jabesh Gilead. The Philistines are constantly on the flank of the Jews forcing them in one direction only. As they move into the valley, the Philistines chariots can pick them up. Saul's troop dispositions are a part of the problem. Saul has lost his professional ability as his spiritual life declines. When your spiritual life declines, so will your professional ability. There is a definitional relationship. There is nothing wrong with Jewish troops. They were sought all over the world because they make the finest infantry in the world. They are terrible cavalry, but the greatest infantry. The Jews and the Greeks were hired out to more nations than any other people. Every great king would have a Greek and a Jewish battalion. A courageous people poorly led are like animals going to the slaughter. Our finest leadership. We had pitiful general officers, but great field and company grade officers. 2<sup>nd</sup> lieutenants are where we hit some of the greatest casualties. Platoon leaders tend to get wiped out. Saul's troop dispositions were faulty. A reversionistic general cannot think. Same can be true of a typist or engineer or a lawyer or a doctor or whatever; and you cannot think.

1Sam. 31:1 [The Philistines fought against \[attacked\] Israel, and Israel's men fled from them. Many were killed \[fell wounded or killed\] on Mount Gilboa.](#)

The Philistines then engage in vigorous pursuit. Saul and his 3 sons were the best part of their army. They organized rear guard defenses as they moved on to allow others time to get away.

A battle can be won but without any important results because they did not pursue the enemy vigorously. The implications are that Saul took a group and then Jonathan took a group, and each son took a group and tried to hold off the pursuit. Saul tries to stop them; then Jonathan tries to stop them, etc. Each son demonstrated tremendous courage at this point. Jonathan organized a rear guard and they got him. In each case, as they ran, Jonathan organizes a rear guard to try to stop them. They pin him back against the side of the mountain and the archers would stand back and shoot at them. Jonathan is the noblest of all distinguishing himself by killing 250 Philistines. He was gracious to David. He is a noble person tried to form a rear guard. The Philistines kept bypassing this pocket and then Abinadab organized a rear guard. They would pin each son with his rear guard against the wall and take them out.

1Sam. 31:2 **The Philistines overtook [pursued vigorously] Saul and his sons and killed his sons, Jonathan, Abinadab, and Malchishua.**

Saul is the last one to be gotten. The archers did not have to get close. They could stand back and shoot arrows. The order in which the sons are killed is given.

The story of the wounding of Saul. Only 4 professional soldiers. How Abner got away is not discussed here.

Saul is completely routed. Kabadh. The battle goes heavily against Saul. Matsa is used with the archers and this means *to discover* and here it means *to find the range*; so they know how far their arrows can travel to reach Saul. Saul is pinned down against the mountain. He cannot move backwards.

Saul writhes in horrible pain because of the archers. The LXX adds a sentence missing here. Kai ethramisthon eis ta hupokondria. Saul was gunshot with arrows. He has a gut filled with arrows and he is writhing in pain. He is in extreme pain. It is excruciating pain. This is the final stage of the administration of the sin unto death. The Holy Spirit puts all of this in for a reason. If you choose to neglect doctrine in life, count on a miserable, painful death. The born-again believer does not have an easy time of death. There is no dying grace for the reversionistic believer. Saul watches himself die. He can see the arrow in his guts. He is writhing in pain. It is horrible and miserable and slow. God always takes the reversionist out with maximum pain and misery. Next time you want to skip out on doctrine, just remember Saul writhing in pain from being gut shot.

1Sam. 31:3 **When the battle intensified against Saul, the archers caught up with him and severely wounded him.**

When pain is extreme and no one is passing out any pills. A professional soldier is going to see a lot of men die. He got sick the first time he saw someone step on a mine or someone running a few steps with his head gone; but Saul is a professional. He has seen this a lot. He always has to face the fact of dying in any way but in bed. A good professional soldier would even prefer dying honorably on a battlefield. His soul and body are both in great pain and we are to the point of suicide.

Saul kept speaking to his armor bearer. He keeps saying, "Kill me." When a person is under great soul agony, as Saul has been, as he did going to the witch of Endor, he wants to die quickly. He has seen too many people die. He is hurting. One of the great shocks in the military to see your friends come in for a forced landing and have them trapped inside. The screaming only lasts for 20 or 30 seconds; but it is horrible to hear. That is what Saul is doing. This is no picnic. His soul and spirit will be in paradise. King Saul and his sons are in heaven. At this moment, Saul is suffering as he has never suffered before

one wonders what the agitator was doing with his sword in his scabbard. He didn't say "Therewith." Soul and body pain is totally compatible with the sin unto death.

Daqar is in the Qal perfect. Hithpael perfect of alal. Saul can foresee that these things can take a longer time than it is taking.

being the king of Israel, Saul believed they would capture and torture him slowly. He believed that being killed right then will keep him from suffering a long and prolonged death. There were 4 cases that Bob was aware of of believers who committed suicide. Their mind is always affected before choosing to superimpose their will over God's will. It is typical; he will do it one more time and then go to heaven. Reversionist to the last, Saul seeks to superimpose his will over God's. In life, Saul did this; and in dying, he will do the same thing. The aggitant disobeys the order. He absolutely refused. He is extremely frightened. He was petrified by fear and even immobilized his body. No matter how much it hurts, Saul pulls out the sword and then fell on it.

1Sam. 31:4 Then Saul said [screamed] to his armor-bearer, "Draw your sword and run me through with it, or these uncircumcised men will come and run me through and torture me." But his armor-bearer would not do it because he was terrified. Then Saul took his sword and fell on it.

The sin unto death is next, its meaning, etc.

**1Samuel 31:1-6**

**1Chron. 10:13,14 72David**

**631\_0102**

**102 03/27/1974 Reason why Saul died; doctrine of divine discipline**

there are no accidents in history and Jesus Christ controls history. The oblique order of battle was passed down by many generals. It is what is occurring here. Gilboa range with a northern face and an eastern face. 4 miles away is little Herman, another mountain range with a southern and an eastern face; Mount Moreh has the city Schunem. Saul made the mistake of putting his troops with their backs to high mountains. The Philistines has cavalry, chariots and infantry. Saul only has infantry. The Philistines built up a strong right wing. They would come into contact with the left wing of the Jewish army and crush it. The left wing of the Philistine army kept the Jews in place. All of the Jews were running down the valley. Jonathan formed a rear guard and was pinned and dispatched. They are running for Bethshan.

1Sam. 31:1 The Philistines fought against [attacked] Israel, and Israel's men fled from them. Many were killed [fell wounded or killed] on Mount Gilboa.

1Sam. 31:2 The Philistines overtook [pursued vigorously] Saul and his sons and killed his sons, Jonathan, Abinadab, and Malchishua.

Jonathan went first because he put up a rear guard. He found a slope, held with some troops, and he was taken down fighting. Same with the rest of his brother. Each son tried to protect the Jewish army by establishing a rear guard.

1Sam. 31:3 When the battle intensified against Saul, the archers caught up with him [found the range] and severely wounded him [Saul was gunshot with several arrows].

This begins the administration of the fifth cycle of discipline.

1Sam. 31:4 Then Saul said to his armor-bearer, "Draw your sword and run me through with it, or these uncircumcised men will come and run me through and torture me." But his armor-bearer would not do it because he was terrified. Then Saul took his sword and fell on it.

Saul knew that he would get special attention, being the king of Israel. He was frozen with fear. Saul was in terrible pain, so he seized the sword, but it was difficult for him to grab. There was a soldier in the army of Saul, an Amalekite; and David has just completed his victory over the Amalekites. This Amalekite soldier was hiding and he watched the suicide of Saul; and he stole some personal items of Saul and he is an opportunist and he will attempt to use David.

### Summary Points

1. Saul in reversionism is a poor personnel man. His adjutant was frightened and unable to follow orders.
2. The adjutant could not think or act; he was paralyzed with fear.
3. Obviously, the adjutant represents the junior officer type in personnel. This is the result of 15 years of reversionism. Saul's sons were splendid officers; but the rest of the Jews were not. Saul can still think; and he uses his thinking to commit suicide.
4. Saul even explained why he would commit suicide. God wants a reversionist dying the sin unto death to know why he is dying and why he is dying horrible. The poor adjutant was probably only half way.
5. But Saul is talking to someone who is so frozen with fear that he can do nothing; so Saul spends the rest of his time trying to kill himself.
- 6.
7. For the last time, Saul has superimposed his volition over God's; dying as he lived; a reversionist acting in opposition to God. Samuel tells Saul that he and his sons would be with Samuel. The most pompous and proud people in the world think that they can do something to lose their salvation.

The adjutant suicide; he removes himself from the military in a very hasty manner. He is frozen with fear. The adjutant is unscathed and he is frightened out of his wits. While all of this battle is going on, Saul kills himself and then his adjutant also killed himself. The imperfect indicates that he adjutant did a bad job of it. He is the most inefficient military type that Bob has ever known. The Qal imperfect indicates that he finally made it and he died as well.

### Saul and His Adjutant

1. The adjutant was a victim of Saul's reversionism. Saul had appointed him as his adjutant; incompetent but appointed.
2. Saul did not use his personnel observation abilities to recognize that this guy would freeze under pressure.

3. Saul, because of his reversionism, is incompetent in his field, which is military. He was once a brilliant field commander. If you are in reversionism, then you are going to be incompetent in whatever field you find yourself in. As a believer, you are in full-time Christian service at your job. Neither of these men had personal spiritual assets in their souls.
4. When people are dependent upon others, e.g., a military team or as in a business and they lack the spiritual assets of doctrine in the soul, they share the disasters of those upon whom they depend. If you have doctrine, you are going to come through it. Abner survived this. He is fair on logistics; a bad paper general and a good combat general. Not strong on tactics but he loves the actual fighting. He got out of there; and his outfit is still intact when he runs into David. The letter from the man in Germany—72 hours with 100% casualty rate. The neglect of military training; the failure to train properly is the most disastrous thing to happen to us. Only men with Bible doctrine in the soul will be able to survive that military. We are dismantling our Nikki sites. We can put a missile in the hole of the donut and we gave that info to the Russians. Freedom through military victory. Hundreds of thousands of people will lose their freedom; or they will lose their shirts. As long as God has a plan for your life, all the demons cannot take you out of it. The government is going to buy up all the beef and put it into school lunches. To hell with the school lunches, but they won't be there without a military. God has designed the believer to be spiritually independent and self-sustaining. You can use your head; you can pull out or right with your wits about you.

1Sam. 31:5 [When his armor-bearer saw that Saul was dead, he also fell on his own sword and died with him.](#)

So Saul dies. Jonathan was begged by David to separate, but he didn't do it. It is a difference between loving and respecting your father and Bible doctrine, then dad's got to go. No family tie is as great as Bible doctrine in the soul. Bible doctrine is more important than any family tie. Because of this, Jonathan died with his father and with his brothers.

Only doctrine in the soul can cause a believer to see the issue; the importance of Bible doctrine versus the family. Some people never get away from their families until the day that they die. Grandparents can't live under the shadow of grand children. The reason so many people lean on relatives is because they lack doctrine and they need a crutch to lean on.

Jackson was never sweet; but Lee was and his orders were sweet and "if you please" sort of orders. There is always a challenge of some kind. There is always someone that you have a high regard for, and they tell you that you're taking in too much doctrine. It is spiritual maturity that God uses; not hotdogging.

1Sam. 31:6 [So on that day, Saul died together with his three sons, his armor-bearer, and all his men.](#)

*All of Saul's men* is not every soldier. Some were simply neutralized.

1Chron. 10:13 **And Saul dies because of his trespass that he trespassed against Yahweh [he was unfaithful to the Lord], against the word of Yahweh that he kept not, and also for asking at a familiar spirit--to inquire, -**

Saul was jealous about David and he tried to build his happiness on David's unhappiness. This set Saul's vindictiveness on fire. He tried to destroy David by anyway possible. Then there was the opening of the vacuum into his left lobe. Blackout of the soul. This is all treachery against God. Every believer who is not consistent in his intake of doctrine makes him a saved Judas Iscariot. The only thing that keeps any of us from being treacherous toward God is Bible doctrine. In the soul.

You cannot return the love of the Lord without Bible doctrine in your soul. Supergrace means that you have His Word in your soul.

He also asked counseling from a demon-possessed medium. Saul spent his time searching for this woman; and not for the Lord.

1Chron. 10:14 **and he inquired not at Yahweh, and He puts him to death [imperfect tense; he died slowly], and turns round the kingdom to David son of Jesse.**

Saul did not search for the Lord; this was for 16 years. He fought a battle against the Ammonites, Nahash, which means *snake*. He did not search for the Lord. In one night, Saul wanted to make up for the whole thing. He wanted all of the information that he had missed gotten to him in one night. God does not counsel with reversionists. Counseling is a waste of time for a minister. Bob had 3 telephone calls, one from a crying woman, after she had read RM/RW. This interrupted Bob in the middle of a verse; and she didn't care about that. You cannot take up the slack for missing doctrine.

It rains in Houston all the time, and some think they can't make it to Bible class while it is raining. This is the high ground at Berachah Church.

David's campaign against the Amalekites, which turns his battalion into a bunch of millionaires. The difference between these armies; David is in supergrace and Saul is in reversionism. The transference of the kingdom; two battles 300 miles apart, as the crow flies. The defeat of the Amalekites began the rise of David. As God took Saul out, He promoted David.

There needs to be security on both flanks all the time. Saul died for his treachery because he did not inquire of the Lord.

#### **Closing Points**

1. Unfaithfulness to the Word is tantamount to unfaithfulness to the Lord.
2. The written word and the Living Word must always go together; they cannot be divorced in phase II.
3. You cannot love the Living Word unless you love the written Word, Bible doctrine.

4. The inhale of the written Word results in maximum love for the Living Word.
5. Saul did not neglect military security but he did neglect doctrine. So Saul's indifference to Bible doctrine resulted in his indifference to the Lord.
6. This resulted in his reversionistic status to fail to annihilate Amalek.
7. Saul was seeking counsel from a demon-possessed medium; and he searched for her and not for the Lord.
8. Notice that the Lord caused Saul to die at the end from the sin unto death. The kingdom was transferred to David.
9. If the Lord does not promote you, you are not promoted. The last thing God can do to the reversionist is the execution of the sin unto death.

Tomorrow night, a dispossessed people.

#### **Divine Discipline**

1. Divine discipline is punitive action from God for the believer only and administered in love. The righteousness and justice expressed in the love of God. Heb. 12:5
2. Based on God's love for the believer and it is always related to justice and righteousness. All minus doctrine types are under discipline. Heb. 12:6 Rev. 3:19
3. There is no loss of salvation.
4. Discipline is related to the grace principle of turning cursing into blessing. The exception is found in the last two stages of reversionism. Recovery depends upon rebound, repentance rebound, and/or taking in doctrine consistently.
5. If suffering continues after, then that is for blessing.
6. All divine discipline is confined to time. Rev. 21:4
7. There is an intensified type of discipline known as triple compound discipline. Mental attitude sins promote sins of the tongue. These are the basis for further discipline. When you malign someone else, you name their sins, real or alleged, but no matter, means that you will get the discipline for those sins. Matt. 7:1-2
8. There are 3 categories of discipline; warning, intensive, sin unto death. Rev. 3:20 James 5:9 intensified stage serious illness, extreme types of discipline; strong delusion of the believer. It demands a change of attitude toward doctrine. It is changing one's mind about doctrine, but not consistently. There is no instant repentance. Dying stage, which is a sphere of time.
9. Persistence in reversionism results in the sin unto death.

**1Samuel 31:7**

**Sin unto Death 72David**

**631\_0103**

**03/28/1974 Doctrine of the importance of the military; Sherman's march through Georgia**

Citations.

**Doctrine of the Sin unto Death**

1. Maximum discipline for the believer in reversionism. This is the physical death of the believer before his time.
2. But the sin unto death does not mean the loss of salvation. 2Tim. 2:12–13
3. Reversionism is always the spiritual cause for the administration of the sin unto death. The mechanics vary greatly. In principle, it is the reversionism that dies the sin unto death. Jer. 9:16
4. There are 4 causes for the death of any believer. 2 categories: dying grace; or sin unto death. 2 principles of dying. Under dying grace, we always have the growing believer; he dies because his work is finished. 2Tim.4:7 If you are a believer growing in grace; taking in doctrine; then God's plan is here which keeps you alive until your time is done. When it is your time to go, then you will die. You will depart when it is your time. As long as God wants to keep you here, you will be here. Captain disemboweled and he was observed to be pulling them back in; he soon had them in a pile on top of him. A surgeon came by and said, "There is nothing we can do." He came back around and instructed the surgeon to put everything back in. Yet, general Isaac Richardson, one of the best of the Yankee generals. He was leading the charge across Bloody Lane. Another wound that looked simple and he dies within 48 hours. For the believer, it is work finished on this earth. A special occasion type death, to glorify God in some special way. Philip.
5. Reversionism recovery removes the sins and the discipline involved. The first concept is repentance. It means to change your attitude toward doctrine. Back to the daily function of GAP.

### Doctrine of the Sin unto Death

1. Introduction & Definition-1st John 5:16▲17
  - 1) A Sin Not Unto Death.  $\mu\alpha\tau\tau\tau\tau\tau\alpha \mu\alpha\tau\tau\alpha \mu\pi\tau\tau\tau\tau\tau\alpha\tau\tau$  (1st Jn. 5:16ax2,17).
  - 2) A Sin Unto Death.  $\mu\alpha\tau\tau\alpha \pi\tau\tau\tau\tau\tau\tau\tau\tau\tau\tau$  (1st Jn. 5:16b).
  - 3) The context is a confident prayer ministry based upon our life in Christ (1st Jn. 5:13▲15).
    - (1) Intercessory prayer is prescribed for brothers sinning non-leading-to-death sin.
    - (2) We should never request that any brother is subject to the Sin Unto Death. Such a request is an  $\tau\tau\tau\tau\tau\tau$  request (1st Jn. 5:16b) rather than an  $\alpha\tau\tau\tau\tau$  request (1st Jn. 5:14,15x2,16a).
  - 4) All unrighteousness is sin, but there is sin that is non-leading-to-death sin (1st Jn. 5:17 cf. Rom. 6:23).
    - (1) The wages of sin is death.
    - (2) The gift of God is eternal life in Christ Jesus our Lord.
    - (3) What is a sin that doesn't lead to death? A sin that is forgiven!
  - 5) The antithesis of death as a purpose-consequence is the glory of God purpose-consequence (Jn. 11:4).

(1) Unrepentant, unconfessed sin results in operational death and premature physical death.

(2) Confessed sin restores operational life and extends physical life with the purpose-consequence of God's glory being achieved.

## 2. Illustrations

### 1) Illustrations of the Sin Unto Death.

(1) Nadab and Abihu (Lev. 10:1▲2; 1st Chr. 24:1▲2). Their lines were ended, and Eleazar was not commanded to provide for their lines to be preserved.

(2) Eli and his sons (1st Sam. 2:12▲17,22▲36; 3:1▲21; 4:4▲18).

(3) Saul and his sons (1st Sam. 15:10▲35; 31:1▲7; 1st Chr. 10:13▲14).

(4) Ananias and Saphira (Acts 5:1▲11).

(5) Hymenaeus and Alexander (1st Tim. 1:20).

### 2) Illustrations of the Sin Unto Death judgment being stayed.

(1) David's close call (2nd Sam. 12:13).

(2) Hezekiah's close call (2nd Kgs. 20:1▲11; Isa. 38:1▲22).

(3) The Corinthian man of incest (1st Cor. 5:5; 2nd Cor. 2:6▲11).

### 3) Illustrations of the Sin Unto Death judgment being stayed, then reinstated.

(1) Moses' deferment (Ex. 4:24) and later judgment (Deut. 32:48▲52).

(2) Balaam's deferment (Num. 22:31) and later judgment (Num. 31:8).

## 3. Summary & Conclusion

1) The OT and the NT provide multiple illustrations for the Sin Unto Death.

2) Illustrations are provided as warnings (1st Cor. 10:1▲11).

3) The bottom-line cause of Sin Unto Death is idolatry (1st Jn. 5:21).

(1) Ananias and Saphira pursued the idolatry of approbation-lust (Acts 5:1▲11).

(2) Defiling the Lord's Supper is the idolatrous practice of eating the table of demons (1st Cor. 10:20▲22; 11:30).

(3) Apostasy is the idolatrous practice of living the teachings of demons (Rev. 2:20▲24 cf. 1st Tim. 4:1).

Taken from [http://gracebiblechurchwichita.org/?page\\_id=539](http://gracebiblechurchwichita.org/?page_id=539)

now we move into v. 7. First time this word is used, it means *civilians*; and here, it means *the military*. The military guards the freedom of the civilians; and the military has no freedom. They lead an abnormal life.

Every fence and every tree was cut down; houses as well. The Yankee army turned it into a desert. They were commanded by Ambrose Burnside. He blamed everyone else and wrote a letter about this and handed it to Lincoln. Lincoln relieved him immediately.

Between 1946 and 1965, SAC kept the Russians under control. SAC officers on leave had to be where they could report in at any time. Bob talks about SAC officers and their lives; and they are fighting the worst kinds of politicians. They are dedicated, discouraged, with

ridiculous orders, and bombarded with far too much paperwork. Some Blacks who are great soldiers and some niggers who aren't. Streets are not safe in Germany because of these hoodlums.

Those in the Jordan valley on the other side of are these civilians. The entire northern Israel was taken over by the Philistines. The army corps had fled or were dead on the battlefield.

We are not accustomed to fighting on our own soil. But in 1862, there were people who had lived there for 100 years and there was furniture that was 100 to 300 years old. They had the finest wines of the old world. It was a place where wonderful place to live. The Yankees moved in and they began to steal these things. The provo marshall did not seem to exist. The civilians suffer when the military is not there.

The Philistines advanced and they began to take over all of these cities. They settled in these cities. This is the typical function of the Greek sea peoples to settle down in the cities that they conquer.

It is difficult for us to realize what it means to lose a battle; or to lose a war. Johnston was a brilliant strategist; but Hood was not. A good divisional commander but a horrible army commander. He did not go into Georgia; he looped back up into Tennessee. When Sherman decided that he would take it out on the civilian population. There was no army between Savannah and Atlanta, and he took 60,000 men to wage war against the civilians. This is documented by the diaries of the Yankee officers. What the south had to say is generally unprintable.

Sherman burnt Atlanta to the ground, after making the civilians leave in the rain in the winter. Many died from exposure on the roads to Jonesboro. The thoroughness with which the Yankees stripped the food out of a home and if there was nothing to steal, they simply burned it down to the ground. They would ask the Blacks where things were; if they did not tell them, they would be bayoneted. Dolly Birge with her daughter and 100 slaves. She told her slaves to hide. The Yankees came in, taking everything. Animals shot in her yard. Then gave Birge a lot of trouble. The Yankees forced her slaves from the home at the end of a bayonet.

One soldier in Mrs. Glass's house took everything they could, and then smash all that was left that they could not carry.

They dressed up the slave women in the mistresses clothes and then sent them on their way on horses.

60,000 hardened soldiers were let loose on the Georgian women who lived, for the most part, in unprotected homes. Material damage could be repaired; but spiritual wounds left scars of hate for generations yet unborn. About 30,000 people died of starvation after Sherman's march.

it is inevitable that civilians will get caught. All the Russians have to do is to drop 5 battalions, rope off Houston, and then they could do what they want. This sort of thing always goes along with warfare. So great are the orientals with rape, torture and plunder that they destroy whole civilizations. Some of these areas inhabited since Alexander the Great, and they are destroyed.

Richard Nixon going over the China. Some of our missionaries were kicked out of Africa after Nixon went to China. You cannot do that to the Mongolian peoples. Russians are partially oriental.

Bob's tip: make sure that you live with doctrine in your soul; that way you can function in any catastrophe.

1Sam. 31:7 *When the men [civilians] of Israel on the other side of the valley and on the other side of the Jordan saw that Israel's men [army] had run away and that Saul and his sons were dead, they abandoned the cities and fled. So the Philistines came and settled in them.*

#### **The Doctrine of the Importance of the Military**

1. The protection of a national entity is two-fold. The exterior lines by the military and the interior by the police.
2. Warfare will continue to the Millennium, despite the attempts for peace. National sovereignty and freedom purchased on the battlefield.
3. In the struggle for and perpetuation of freedom, this occurs on the battlefield and God is called Lord of the Armies.
4. Armies defend freedom; armies destroy freedom.
5. It all depends upon which army wins. When the Chaldeans won, the Jews lost.
6. God uses the military inaction to demonstrate the degeneracy of the nation. There was a spiritual and moral decline reflected in the military when Israel went out under the fifth cycle of discipline.
7. Luke 41
8. Importance of military leadership Prov. 24:1–6
9. The importance of military training. Saul's army was untrained and lost at Mount Gilboa.
10. Military defeat which precedes the fifth cycle of discipline is God's discipline on a nation. When a nation loses a war, they lose their freedom. Athens in the Peloponnesian war.

**1Samuel 31:8–10**

**72David**

**631\_0104**

**03/29/1974 Desecration of the dead by the victors; testimonies of Jerry Jones, Gabe Dominguez, and Rick Hughes**

Testimonies; Jerry Jones first. Gabe came in from 8 weeks of Ranger school. 4 Berachah guys in the Rangers. Rick has been a believer for 7 years; and he knew that he has the gift of evangelism.

Last time, it was, what happens to civilians when the military breaks down.

1Sam. 31:7 [When the men \[civilians\] of Israel on the other side of the valley and on the other side of the Jordan saw that Israel's men \[army\] had run away and that Saul and his sons were dead, they abandoned the cities and fled. So the Philistines came and settled in them.](#)

Bruce Katten's series on the army of the Potomac. The civilians are just as much at war as the military. One man, King Saul, and the loss of the war, the battle and the campaign added up to a tremendous tragedy insofar as the nation Israel is concerned. The Jews lost under the oblique order of battle. His 3 sons nobly attempted to set up a rear guard. We will learn why the military and warfare are a definite part of human history. War will be the testing ground; Bible doctrine is more real and more important and more vital than anything else in life.

The wounded were often left on the battlefield and then tortured by the Philistines. We will need to cover a flashback after the next 3 verses. He was a nobler man 16 years ago than he is here.

There has to be a reason that God the Holy Spirit included these 3 verses into the Bible. We understand that, once a person dies, his soul and spirit leave the body. What happens to the body is not important. It does not make any difference where your body is disposed; a battlefield, cremated. The ashes can be scattered wherever. We will get a resurrection body. We have no further use of the body that we leave at the point of death.

The Philistines made a great deal about the body and head of Saul. They tortured a dead body like a live one. This is typical of heathenistic ancients. What we have here is twofold. There were many treasures to be taken from the dead and their camps. However, these soldiers got their kicks out of mutilating dead bodies. All of the military heroes were found in the south; Judah and Benjamin. Bob, in the past 2 years, has discovered that Yankees with Bible doctrine are wonderful people. This may be hard for us to take.

Imagine getting your kicks by torturing a dead body? There was a crafty Amalekite and apparently there were Amalekites in the Jewish army. There was one who was hiding and he stole the crown and several other articles. He is going to take this to David's camp in Ziklag.

It is hard to kill men in battle using swords. You are very tired if you have killed 100 men or so. There is no attempt to go back that night and recover any of the loot. In modern armies, there is a provost marshal. He is responsible to the commanding general concerning the behavior of the troops. There was no such thing in the ancient world. Soldiers were paid by being turned loose on a city to rape, kill and steal. Plunder is their

salary. Saul's sons' bodies were spread out. In discovering these people, they were recognized by their armor; Saul is easy to identify, as are his sons.

1Sam. 31:8 [The next day \[after the battle\] when the Philistines came to strip \[and plunder and destroy\] the slain, they found Saul and his three sons dead on Mount Gilboa.](#)

Many would love to put their heads on the end of a spear and carried around. Saul's head could remain on his shoulders if it had been filled with doctrine. The king's armour would look quite incredible. Anything of any value was stripped off of Saul's corpse.

It was good news to the Philistines that Saul was dead. Having his head on the end of a spear was a tremendous victory for the Philistines.

The idol temples of Philistia are of two types. The Dagon temple; the head of a man and the trunk of a fish. All of their sacrifices and phallic activity were related to him. There is the temple of Ashtarte as well, which is where the phallic cult took place. Saul's skull put in the temple of Dagon. This way the Philistines could see the dead head of Saul.

1Sam. 31:9 [They cut off Saul's head, stripped off his armor, and sent messengers throughout the land of the Philistines to spread the good news in the temples of their idols and among the people.](#)

His armor was placed in the temple of Ashtoreth. This is the addendum. Even the lowest of believers; Satan can do nothing to him. These Philistines can ridicule and chant over the corpse; but Saul is with God. There is nothing that they can do to Saul except drag his body around. However, the means noting. Greater is he that is in you than he that is in the world. Demons are helpless and powerless in the presence of God.

The worst type of believer in the Church Age, and Satan cannot touch him. He can mess with the body and nothing else.

1. The temple of the phallic cult; temple of Ashtoroth. There was an expedition to Bethshan (or Beth shean). It was discovered by the University of Pennsylvania. They found a temple 80x62'. There was a sign of life in one hand and something in the other. People always said these were Philistine gods; and here they were in the northern part of Israel. They found the other temple of Dagon as well. They discovered that the city was destroyed in 1000 B.C., which is 4 years after this battle. That was David who beat them down.
2. They hung their bodies on the wall of Bethshean. This is a challenge. Is there any man in Israel who could come and take these bodies down? The Philistines knew that they were safe as long as those bodies stayed up on the wall.
3. The men in Jabesh Gilead would take these bodies down.

1. Up until this time, the center of power was between Gaza and Joppa. This is about a 20 mile wide strip.
2. It was during the reign of Saul that the Philistines became a great enough power to defeat Saul. They decided to go up and take the whole of the north.
3. While there were scattered groups that had settled around; this was the first time that the Philistines completely conquered this portion of Israel.
4. They had destroyed Shiloh and taken the Ark of the Covenant.
5. Only Judah and Benjamin in the south were free of Philistine power. There are a few pockets of freedom in the north.

The communist world, beginning with FDR, who gave them a third of the earth. It is difficult to still find people who think like Americans. People think in terms of liberalism and socialism. Minding other peoples' business is an evil and is done often today.

1Sam. 31:10 [Then they put his armor in the temple of the Ashtoreths and hung his body on the wall of Beth-shan.](#)

Bob wants to point out a few things to take with us so that we don't lose heart.

#### **Closing Principles**

1. Jesus Christ controls history. Nothing can touch you.
2. God uses human leadership in history. God raises up men, believers and unbelievers both, to lead a nation; someone as the man of the hour.
3. Cyrus the Great, Cyrus the Persian, conquered the world in 25 years. This was a believer living in the high hills of Asia. He was thirsty for doctrine and he swept down and destroyed the apostasy of . Cyrus made it possible for the Jew to come back into the land.
4. He is the servant of the Lord.
5. Many references to him. Dan 10:1 Ezra 1:2
6. Very little is known about Cyrus, but Holy Spirit potentially the greatest man of that era. War is often related to one man; one man emerges as the man of the hour. It is beautiful when that man is a believer in the Lord Jesus Christ.
7. Thru Cyrus the Great, Jesus Christ reversed the trend of history which had become reversionistic.
8. In every critical period of history, God has been faithful and he raises up a man or a people. Sometimes God will use supergrace believers scattered throughout the world. In God's control of history, we see the manifestations of His grace.
9. The Jews are at an all-time low at this time.
10. There is a supergrace believer on the horizon; His man is David. Saul was the people's choice and David was God's choice. So Saul is dead, and God is raising up David.
11. As members of the royal family of God, as believers in a disastrous, critical time, we must be prepared for catastrophe by the intensification of the instake of Bible doctrine. It must be the center of our lives.

12. There is a supergrace believer on the horizon; God's man is David.
13. God's man David has passed Saul; Saul is down and David is advancing. We, as believers, are moving into a disaster period of history. We are moving rapidly toward a disaster period. The believer will go down with the civilization if he lacks doctrine. We must consider what we are doing now and we must be looking toward the near future.
14. There were many men who had doctrine; not just the men of Jabesh Gilead. Bible doctrine now means that we, as believers, can stand in the gap, when our country is crashing.

Jabesh Gilead represent the ordinary men who have honor; and there will be David, who is a supergrace believer that God raises up. We will study a flashback, then the 3 final verses, and then we will study David, in several psalms. David is a boy who began as a shepherd and became the greatest king in human history.

Out of the worst disasters in life, God converts them into the blessings of grace.

**1Samuel 12:12–13 11:1–4**

**72David**

**631\_0105**

**105 03/31/1974 Siege of Jabesh**

A people who advanced to the supergrace status and they are in the center of the storm; and they had performed great deeds of courage and valor. National catastrophe always sets aside reversionist believer; and God uses the supergrace believer. Catastrophe brings out the best and the worst.

This is our second flashback. There were valorous deeds with regards to the remnant. We must understand Saul and his relationship to the men of Jabesh-Gilead. Men like this will preserve the freedom of Israel. Saul was not always an evil man. There was a time when he was a great military ruler.

Sea of Galilee and the Jordan River running down the Jordan Valley. One of the highest hills and about 12 miles from the Sea of Galilee is a mountain and the city of Beth-shan. The Jews scattered when the Philistines took the central part of Israel. The Ammonites were never able to get to the Jordan; they could never get past Manasseh. The people of Jabesh-Gilead were of the tribe of Manasseh.

Nahash the Ammonite. Nahash means *the snake*. Maybe he was treacherous and struck when not expected. Or maybe he hid out well. The Ammonites are relatives of Abram. Lot impregnated his two daughters, and Moab and Ammon came from these two. Moab from the eldest daughter. All true Arab races of Semitic; the Egyptians are Hamitic.

The Ammonites were a warlike people and Molech was their god, and he required human sacrifice. There were also phallic orgies; and this was the basis for their worship. Their second blessing was watching a friend of theirs burn up on an altar.

The Semitic peoples are the most warlike of peoples. The Chaldeans, the Assyrians, the Jews, the Arabs, the Ammonites and the Edomites. All of these are very warlike people. Arabs in the 7<sup>th</sup>

century looked as if they were going to conquer the world. They were stopped by Charles Martel in the 8<sup>th</sup> century.

Most of the people that we are talking about are cousins to the Jews. Syrian desert which is fed by the Tigris and the Euphrates Rivers. The Ammonites were never good to the Jews. Solomon had an Ammonite wife and he built a small temple to Molech outside a valley called Tophet, which means *drums*. This made it impossible to hear the human scarifices outside of that area. Tophet became a word for hell for this reason.

Conquered the Zanzumim, a race of giants; that the Ammonites fought and drove them out of the mountains. The Ammonites were now looking to take over the Jordan River. Gilead was inhabited by Reuben and Gad in the southern part; and Manasseh was north of them. They settled right on the Jordan River; they lived a rugged outdoor life and they were tough. Therefore, they managed to hold a beautiful piece of land there. They held their own and they managed to stay where they were. Nearly all of the tribes of Israel had men who was unusual as fighting men. The Jews made up the greatest infantry of that day.

Tough Jews on one side, tough Ammonites, Edomites, Moabites on the other side. The Jews never lost their territory except when they were reversionistic. These people were never successful unless the Jews were in reversionism. This reminds the Jews that they are in very difficult straits if they are in reversionism.

The people kept saying that they wanted a king like Nahash; a king that they could see; not God. Jehovah Elohim was their King.

1Sam. 12:12 [But when you saw that Nahash king of the Ammonites was coming against you, you said to me, 'No, we must have a king rule over us'--even though the LORD your God is your king.](#)

They kept begging for Saul. Therefore, God gave them Saul as their king; he was the people's choice. He was a fine believer when he started out. At this time, Saul seemed great.

1Sam. 12:13 ["Now here is the king you've chosen, the one you requested. Look, this is the king the LORD has placed over you.](#)

Bob remembers when Eisenhower was elected and everyone thought it was great; but no one who knew Ike knew he was going to run a crony presidency. Others were very enthusiastic about Kennedy. But nothing changed. The idea that one man can become the president and solve anything is ludicrous. This would require a man of genius who would become a dictator. TR should have been elected rather than Woodrow Wilson and we have had nothing but mediocrity in the office since then. No one who could really cut it as a leader.

A nation of beggars will be destroyed. The government has been using money against various people and states since Abraham Lincoln. Indiana was for the confederacy and they were against the emancipation and they were for states' rights. Lincoln kept Morton, the governor of Indiana, functioning with hundreds of thousands of dollars; but the legislature was against him. Lincoln cut out their legislators. This has been used by the federal government against the states. The very concepts are the same concepts that existed in the days of David and Saul. Different time and nations. Surrounded by enemies; problems with reversionism. We have strayed from our fundamental principles. The War Between the States changed that because Lincoln used federal funds to get his way with the states.

Lincoln turned the state armies into a federal army. There is no such thing as federal funds; these are taxes.

Nahash invaded and encamped against Jabesh-Gilead.

#### Some Background

1. The original inhabitants of Jabesh-Gilead are from
2. They were destroyed when they refused to punish Benjamin in Judges 21. The Jews wiped them out, and there were maybe 1000 Benjamites who were still alive. They destroyed Jabesh Gilead and took 400 virgins and brought them to Benjamin. Saul's great grandmother came from Jabesh Gilead.
3. Jabesh Gilead people are tough. At the time of this invasion, they were just recovering from the punishment of Judges 21. They were not yet prepared to do any fighting.
4. Nahash was trying to recover what once belonged to the Ammonites but Jephthah took it from them. The population was weak and their area is defendable. All the men of Jabesh spoke with Nahash; they saw that they were in trouble.

1Sam. 11:1 Nahash the Ammonite came up and laid siege to Jabesh-gilead. All the men of Jabesh said to him, "Make a treaty with us, and we will serve you."

the people come out and they bargain for slavery. They decided that it was better to be alive under the Ammonites. This is occurring 60 years previous to this. Or is it 16 years? They are the only ones with any courage. Bible doctrine can change a whole population of people in a relatively short time. The tribe of Manasseh and Gad were very tough. Here, they are ready to give up. Now we are giving up to the communists; we are sending wheat into Russia. We lost face all over the world when Nixon went to China. That caused many missionaries to be forced out of Africa. The official government stand of Jabesh Gilead was for the government to surrender and become slaves.

These people are saying that they will be the slaves of Nahash. The warlike men of Manasseh and Gad had not recovered from the devastation of Jabesh from the Jews. Snake is vindictive and he is filled with great pride. When the people come out to make a treaty, he sees this as a failure.

There are spiritual problems for these men of Manasseh and Gad.

The fact that we have negotiated with the communists and we keep backing off and bowing down; they see this as a sign of weakness, just as snake the Ammonite understands this of the people of Jabesh.

So Nahash agrees to this on the condition that all of their right eyes be gouged out. He wants to do something that will make all of the Jews afraid of him. Why did he select the right eye? This would disqualify them to fight. Most people are right handed, and this would make it impossible for them to fight. They carried the shield in the left hand. So, this would keep them from functioning in battle.

This would be made a reproach on all of Israel. Snake is avenging the Ammonites from the days of Jephthah from 85 years ago. This king is cruel and evil and vain; and with these things, he is also stupid.

1Sam. 11:2 Nahash the Ammonite replied, "I'll make one with you on this condition: that I gouge out everyone's right eye and humiliate all Israel."

they ask for a 7 day cease fire. They asked if they could send out for some savior to save them. This tells us that, if they have to send messengers all over Israel; there is no central government in Israel. Nahash does not think that there are 5 men who could come and rescue them. He may need the time to get his troops concentrated there. They might be having a party at this time as well after their recent plundering.

1Sam. 11:3 "Don't do anything to us for seven days," the elders of Jabesh said to him, "and let us send messengers throughout the territory of Israel. If no one saves us, we will surrender to you."

they don't go to Saul; they go to his hometown. There is a relationship between these tribes. They probably had not heard of Saul's election. They arrived in the early morning hours. They told a very sad and intense story; and they would all break down and begin crying. This affected them emotionally. They have no ability to do anything about it. They are all relatives. The only response here is, weeping and crying. Some of you are whiners and when disaster strikes, you will just cry. You will never think to blame yourself for your lack of Bible doctrine. You fall apart very quickly and very easily. Willie the 'Weeper is a song that Bob recalls. These people will do nothing about it.

Saul is not in town; but, tonite, Saul is in town, and he will do something about it.

1Sam. 11:4 When the messengers came to Gibeah, Saul's hometown, and told the terms to the people, all wept aloud.

**1Samuel 11:1-4)5-7 10:24, 27 72David 631\_0106**  
**03/31/1974; Eph. 4:26 Doctrine of the ministry of God the Holy Spirit in the Age of Israel**

national disaster in the closing days of Saul's life. God raises up men for the house in time of catastrophe and disaster. The Philistines have conquered most of Israel. There are some pockets of resistance. We are now studying our second flashback. The purpose is to explain 1Sam. 31. Our story being 16 years before.

When the Ammonites besieged their city, they were not prepared spiritually. Being caught without doctrine found them trying to make some kind of treaty with the enemy. We find that the enemy is implacable.

1Sam. 11:1 Nahash the Ammonite came up and laid siege to Jabesh-gilead. All the men of Jabesh said to him, "Make a treaty with us, and we will serve you."

1Sam. 11:2 Nahash the Ammonite replied, "I'll make one with you on this condition: that I gouge out everyone's right eye and humiliate all Israel."

1Sam. 11:3 "Don't do anything to us for seven days," the elders of Jabesh said to him, "and let us send messengers throughout the territory of Israel. If no one saves us, we will surrender to you."

Nahash had been briefed by his intelligence and he knew that there was little or no chance of this. The Israelites were in bad shape. At one time the Jewish nation exterminated the Benjamites and Jabesh Gilead for not coming to fight with them. Women were gathered to make wives for the Benjamites and this repopulated them.

1Sam. 11:4 When the messengers came to Gibeah, Saul's hometown, and told the terms to the people, all wept aloud.

When action is called for, they have no actions to make. They are whining and complaining.

At this time, Saul is a believer on the verge of supergrace. He will go from supergrace to the sin unto death under reversionism. These are ships that pass in the night.

Saul had been out working in the field all day and he had not heard about the news from Jabesh. He says, "What's with the people?" He has no idea what is going on. The people laid out all that happened.

### Saul and His Spiritual Growth

1. At this time, Saul has reached his spiritual peak as a believer. This is Saul with Bible doctrine in his soul.
2. He is grace oriented and he functions on the basis of doctrine here.
3. He is engaged in agriculture even though he has been already anointed as king.
4. In 1Sam. 10:27, there were those who disparaged him. These are the anti-establishment types. Since the people were not behind him, he kept to his farming. This is what he had always done. He knew enough not to get pushy about his anointing. **But some wicked men said, "How can this guy save us?" They despised him and did not bring him a gift, but Saul said nothing.**
5. Saul is positive toward the Word of God. 1Sam. 9:27 **As they were going down to the edge of the city, Samuel said to Saul, "Tell the attendant to go on ahead of us, but you stay for awhile, and I'll reveal [i.e., teach you] the word of God to you." So the attendant went on.** Yesterday's doctrine will not carry you tomorrow. This is Saul at his best in this flashback. He refused to stay with the power of the Word of God; and when you do that, down you go.
6. 1Sam. 10:6 Saul was indwelt by the Spirit and he was turned into another man. 1Sa 10:10 **When Saul and his attendant arrived at Gibeah, a group of prophets met him. Then the Spirit of God took control of him, and he prophesied along with them. Saul taught a group of prophets.**

7. He has no illusions about himself. He is a man of grace orientation. Saul was hiding around a stack of wheat in 1Sam. 10:22; it seems like too much to him to be able to exercise authority. This seemed quite foreign to him. He was a man of no illusions.
8. 1Sam. 10:26 supergrace believers were attracted to him. They were rallying about him.

Remember these things about Saul; he is a great man with doctrine. The key difference is having doctrine in the soul or not. When the Bible says something nice about Saul, it is worth noting.

1. In this passage, Saul has reached his spiritual peak as a believer.
2. He was grace oriented and he functioned on the basis of Bible doctrine.
3. He was engaged in agricultural pursuits rather than as king. He did not accept this position at first.
4. Saul was positive toward the Word of God. 1Sam. 9:27
5. Filled with the Spirit
- 6.
7. Supergrace believers attracted to him.

This makes him a man of honor; a man of doctrine.

He refused the kingdom when it was first offered to him at Mizpah. He is a believer under the control of God the Holy Spirit. He is a man of grace orientation. Because all of these things are true, we find him plowing.

1Sam. 11:5 **Just then Saul was coming in from the field behind his oxen. "What's the matter with the people? Why are they weeping?" Saul inquired, and they repeated to him the words of the men from Jabesh.**

When the messengers came in the morning, they told of this siege and what would happen and the people had a feeling of hopelessness. Their emotions took over. Their emotions were in control; not their right lobe. Divine viewpoint does not occur to them. No one really knows what to do. However, Saul does not begin to weep with the people. There has been an all-day crying affair. Crying never gets anything done. Weepers usually do not have solutions; this is a form of complaint or self-pity; and they are getting no help whatsoever from those they are appealing to.

This crying means that they have already given up. They have a tendency to become implacable. Great leadership is required here and Saul will provide this leadership by being under the control of the Holy Spirit.

The Spirit of God controlled Saul. In that dispensation, God the Holy Spirit did not indwell all believers.

### **Doctrine of the Ministry of God the Holy Spirit in the Age of Israel**

1. In the Old Testament dispensations and specifically in the age of Israel, the Holy Spirit would come and go. There was no permanent indwelling of the Spirit. The Spirit filled only specific people for specific reasons. Joseph, artisans, the 70 elders who assisted Moses; like certain judges (Othniel, Gideon, Jephthah, Samson), certain kings in Israel (Saul), Daniel, some post-exilic rulers; Old Testament writers (1Peter1:11). No indwelling of the Holy Spirit during this time period. This was generally for believers who were growing, positive or in supergrace.
2. The Holy Spirit's ministry with any Old Testament saint was temporary. After the task was completed, the Spirit was withdrawn. David prayed for the Spirit not to be taken from him. Both filling and indwelling in this dispensation only.
3. In this dispensation, we are given a gift by the Holy Spirit; we are indwelt by the Holy Spirit, we are regenerated by the Holy Spirit. Ours is a perfect grace relationship. Then, the filling of the Spirit was temporary.
4. Believers in the Old Testament could obtain upon request the filling of the Spirit. 2Kings2:9-10
5. Jesus gave the Holy Spirit to the 10 disciples to hold them over. Thomas was not there. This would sustain them for the 50 days. John 20:22. This was the filling of the Spirit; not the indwelling.
6. Once the Church Age begins, every believer is indwelt by the Holy Spirit. John7:27-29
7. We are commanded to be filled with the Holy Spirit.
8. The believer cannot lose the residency of the Holy Spirit in the Church Age. Members of the royal family have the Holy Spirit in the Church Age.

To be indwelt with doctrine is doctrine in the left lobe. To get it into the right lobe is God the Holy Spirit. That is a grace transfer. It is the filling of doctrine that counts. Doctrine just being heard makes us hearers of the Word only. A doer doesn't mean that you hustle around doing Christian things. Saul has doctrine in his left lobe transferred to his right lobe. In order to use this doctrine properly, he will need the filling of the Holy Spirit. The Holy Spirit will activate the doctrine in the right lobe. This gives them something to activate the doctrine in their soul.

What does the Holy Spirit gin up in Saul? He becomes angry. The first thing he says is, "What's this all about?" God the Holy Spirit comes inside of Saul and activates the proper doctrine for the proper attitude. He gets angry; rough tough anger.

Saul had the doctrine but he did not have the Spirit. When the Spirit controlled him, his anger burned to the maximum.

9. Only once and awhile did the Holy Spirit fill some believer to motivate to utilize the doctrine. The filling of the Spirit in the Old Testament stirred up the proper doctrine for action. That was the catalytic agent to stir up doctrine. The Holy Spirit could do nothing for a person who had no doctrine. The person needed enough doctrine to

work with. Some of you think that you need to be all sweetness and light. Idiotic, stupid, superficial people.

10. In John 7:39 Jesus Christ gives the Holy Spirit to the disciples under conditions that would exist in the Church Age. He told them in Luke 11 to ask for the Spirit.
11. Eph. 4:26 **be angry and do not sin**. This is the iterative present, describing what would be true at various intervals. Permissive middle which represents the agent as voluntarily yielding to the results of the action. So there is a legitimate anger; a legitimate righteous indignation. The pseudo is the pathological liar. So you can be filled with the Spirit and you can be angry.

Under the filling of the Spirit, King Saul goes all out with a very strong anger. The proper attitude is maximum anger.

1Sam. 11:6 **When Saul heard these words, the Spirit of God suddenly took control of him, and his anger burned furiously.**

Saul has a big investment in oxen. He goes into the house and grabs his sword and comes out and starts cutting up his oxen into pieces. Action based upon doctrine is based upon divine good. These oxen are big; and he does this quickly and efficiently.

Saul grabbed the different crybabies and gave them pieces of oxen and told them that they had better come out to war. This is a military draft; the first national army in a long time.

Saul has been selected and anointed, but he had not yet accepted the kingship. So Samuel is still the judge, insofar as Saul is concerned. The filling of the Spirit develops respect for authority. This is good recruiting. It is easier to hack up a man than it is to hack up an ox. Saul includes Samuel as a part of the authority. So, everyone should recognize the authority.

This is the first time that Saul used his authority to move the people. And this is the first time that authority had been used in that nation for a long time.

So they enlisted as one man. For the first time, everything is straight. There is authority in the land.

1Sam. 11:7 **He took a team of oxen, cut them in pieces, and sent them throughout the land of Israel by messengers who said, "This is what will be done to the ox of anyone who doesn't march behind Saul and Samuel." As a result, the terror [respect] of the LORD fell on the people, and they went out united [as one man].**

Nahash believed that Israel could not gather into an army because there was no king who had them under control.

### Closing Points

1. Saul does not exercise his authority as a king but under Samuel.

2. Saul mobilizes the others as an army under Samuel.
3. He takes the responsibility for this military move.
4. He cuts up his expensive oxen.
5. In dramatizing this, it is clear that the Ammonites will not stop with Jabesh. An enemy might lay off a year or two, but he will not stop.
6. Saul regards this attack as a danger to the entire nation, even though this is on the other side of the Jordan.
7. When a man exercises authority through Bible doctrine, the people respect the Lord.
8. There must be authority in a nation for respect of the Lord to exist in this nation.
9. Just as there must be doctrine in the soul of the believer for respect for the Lord, so there must be doctrine in the soul for occupation with the Person of Christ, which is supergrace.
10. Enlisting as one man indicates that there is unity among the people. This unity does not come through love; it comes through authority.
11. This passage further reveals the importance of the mental attitude in military life. There must be a desire in training as well as in combat to close in on the enemy.

**1Samuel 11:8–11**

**72David**

**631\_0107**

**107 04/01/1974 Saul's tactical double envelopment**

We are still in flashback mode.

Medal of Honor recipient. Treadwell. Singlehandedly captured 18 men or pillboxes. Colonel Jack Treadwell is the most decorated soldier.

The occasion is the disaster at Jabesh Gilead.

1Sam. 11:1–7 Nahash the Ammonite came up and laid siege to Jabesh-gilead. All the men of Jabesh said to him, "Make a treaty with us, and we will serve you." Nahash the Ammonite replied, "I'll make one with you on this condition: that I gouge out everyone's right eye and humiliate all Israel." "Don't do anything to us for seven days," the elders of Jabesh said to him, "and let us send messengers throughout the territory of Israel. If no one saves us, we will surrender to you." When the messengers came to Gibeah, Saul's hometown, and told the terms to the people, all wept aloud. Just then Saul was coming in from the field behind his oxen. "What's the matter with the people? Why are they weeping?" Saul inquired, and they repeated to him the words of the men from Jabesh. When Saul heard these words, the Spirit of God suddenly took control of him, and his anger burned furiously. He took a team of oxen, cut them in pieces, and sent them throughout the land of Israel by messengers who said, "This is what will be done to the ox of anyone who doesn't march behind Saul and Samuel." As a result, the terror of the LORD fell on the people, and they went out united.

Some of you will need to change the tone of your voice because you are always out whining. That would be a great relief to those who are around you.

Under the doctrine of residency, no Old Testament believer was indwelt by the Spirit. The Holy Spirit was used to activate the doctrine in the soul of a person with the result that they produced divine good. We are commanded to be filled with the Spirit in the Church Age. The Spirit-filled life for Saul made him tough. He cut up the oxen into pieces, who took these pieces throughout Israel. The people responded.

For the first time in a long time, there is a national army. They reorganized in Bezek. Jabesh Gilead is right across the river. 11 tribes gave 300,000 and Judah gave up 30,000.

### **What Is Being Taught Here?**

1. The Holy Spirit differentiates between the 11 tribes and Judah. The Holy Spirit makes a point out of this. It does not simply say, "There are 33000 troops.
2. If each tribe mustered 30,000 like Judah, there would have been some more troops. The 11 tribes were slightly inferior to Judah. Judah was under a great deal of pressure from the Philistines; so they were motivated by Bible doctrine in the soul. Judah had the strongest muster even though they were fighting on two fronts in the south.
3. This is not the only reason Judah is separated out. Judah is the royal tribe. All of the kings of Israel will come out of Judah.
4. While many of the men of Judah are in David's battalion, the tribe is still patriotic and they still offer up the largest contingent. During this time, David was persona non grata, out of the loop and on the run.
- 5.
6. The tribe of Judah in having the largest muster set aside their personal prejudice to fight their common enemy, the Ammonites.
7. Judah contributed as many to the relief situation which indicates that they are nobler than any of the other tribes. The men of Judah are called Ish. The 11 tribes are called benay Israel instead. Only one portion of this contingent are called men; the rest are called children; sons.
8. The northern kingdom, which are 20 tribes, will go out under the fifth cycle of discipline in 782 B.C. and the southern kingdom will go down in 586 B.C. This is prophetic of what is to come. This is illustrative. God the Holy Spirit makes this distinction. The southern kingdom stayed with doctrine longer.

The difference between these are men and boys; the men are positive and the boys are negative. This principle is later proved out historically. These people stayed with doctrine. Doctrine was more important to them in the south.

1Sam. 11:8 [Saul counted them at Bezek. There were 300,000 Israelites and 30,000 men from Judah.](#)

They are organizing their army; and they send messengers back to Jabesh to tell them, help is coming. In the afternoon, the army would show up. The people are quite enthusiastic about this. They were celebrating. As far as they were concerned, that's it. They were jubilant.

They took this attack by Nahash as a warning that they were negative and needed to become positive toward doctrine. Under a warning which they heeded. 16 years later, after the War of Mount Gilboa, they are supergrace believers, and they step in and take down the corpses of Saul and his sons off the wall, where the Philistines place them.

They were celebrating their deliverance and they were deciding that they will get with doctrine. They are the reversionists here and Saul is mature. However, 16 years later, they will be the supergrace believers and Saul will be the one in reversionism. Those ready for the crisis are those with doctrine in the souls. The supergrace believer can face the crisis.

#### **Principles on Saul's Spiritual Place in All of this**

1. It is refreshing to see that Saul, 16 years earlier, he has doctrine. In 1020 B.C. at Bezek, Saul is with doctrine and filled with confidence. He looks at these 30,000 people from Judah and 300,000 from the rest, and he knows that he has it made.
2. If you have confidence, then you inspire confidence in others. The men of Jabesh are confident because they have faith in this deliverance.
3. The contrast 16 years later. In 1004 B.C., just a few kilometers away, everything has turned around. In 1020 B.C. Saul has doctrine and in 1004 he is without doctrine. It takes consistency to go in either direction.
4. Doctrine in the soul is the decisive factor of phase II.
5. Without doctrine, the believer cannot function in this life and he has no confidence and he cannot stay out of the Lord's way.
- 6.
7. The Lord is perfect, His plan is perfect.
8. A perfect plan excludes the actions, plans, celebrations of imperfect people.
9. This exclusion means that grace excludes the principle of God's plan.
10. Grace demands that we stay out of God's way.
11. This demands a constant grace orientation from the residency of Bible doctrine in the soul.
12. Already, they are celebrating in Jabesh, and deliverance is 12 hours away.

I am a little confused on the timeline. I thought that Saul was ruling over Israel for 40 years?

1Sam. 11:9 He told the messengers who had come, "Tell this to the men of Jabesh-gilead: 'Deliverance will be yours tomorrow by the time the sun is hot [the afternoon].'" So the messengers told the men of Jabesh, and they rejoiced [were jubilant; they celebrated].

Therefore, the men of Jabesh will have to stall Nahash. It will keep the Ammonite army from being alert. They tell them that they will come out and surrender. "We will come out and you can do all that seems good in your eyes." The people are happy and relaxed about this. Snake the Ammonite should have realized that something was up when they said this. Save that corn for when things are better.

The idea here is to relax the security and readiness of the Ammonite army. He will pull in his patrols and start celebrating with a little bit of partying.

1Sam. 11:10 Then the men of Jabesh said to Nahash, "Tomorrow we will come out, and you can do whatever you want to us."

Saul will have a night march and his soldiers will have to do some climbing as well. The idea here is, one man will change everything. Saul with doctrine in his soul as a leader, he will change the life of this city. One man pulls this army together, one man gets them across the river. This isn't the same man as we find on Mount Gilboa. People change. Count on it. Bob has noticed how much people change over 24 years. He has seen people he thought would never get with doctrine; and they are gung ho. And just the opposite.

Bob reads a letter about teaching once the basics; and now he studies for himself and teaches. John Hince is doing a good job. Signed Ron Brightwell. He says that Bob would be very much like a prophet in his era.

The principle is, if you stay with doctrine long enough, the changes that are made are great. Things never stay the same. Look at yourself in the mirror tonight. Some of you change fast; you rot in a hurry.

Saul goes from his greatness here down to defeat. These same men will turn around after this and be the heroes of the hour 16 years later. We can thank God they we have been free of a communist invasion for all of these years. Even the Supreme Court who indicted the men of the national guard who shot down students; they should be decorated; not indicted. We are inviting invasion. Thank God for every day of freedom that we have to take in Bible doctrine. Resident in our soul is God the Holy Spirit.

*It came to pass* advances the historical context. Under the cover of darkness, Saul gets the troops across the Jordan; he has made a reconnaissance probably before dawn.

They are divided into 3 corps (not companies, as this is 110,000 in each corps). The attack is going to be a wedge and trap. A tactical double-envelopment. The holding force occupies the enemy at the front; and a closing force on each side, going all the way around them.

Operation Barbarosa in 1941 was the greatest use of this in recent time. Von Lieb had 4 armies. Von Ronstadt has 3 armies. The Germans had 11 full armies on the Russian border. 5 were Panzer armies. A 2000 mile front with 3 million Russians and 2 million

Germans. You cannot handle armies like this without some great knowledge. Only Patton and MacArthur.

The idea of 3's, the same thing that King Saul used. The battle of Biallestak Minsk. Huge numbers of German prisoners are captured. Double-envelopment was used 3 times on the same armies.

Von Rischenow kept the Russians occupied at the front and Von Klisht brought his army around to close the trap. 660,000 prisoners were the result.

Hitler relieved a number of men; Germans lost 800,000 and the Russians lost millions. The Russians were out of everything but people. FDR came to their rescue. The Russians were rearmed by the United States, which is what saved them. At the same time, Hitler removes 8 men of genius ability. He kicked them all out. He brought them back from time to time.

They come into the midst of the host, which means the army. J2 corps is working on envelopment as is J3. The army that comes in front of them is what catches their attention. The idea was to suck everyone into their direction. They charged into the midst of the bivouack of the Jewish army. Saul organized the army into 3 corps and hit the enemy early in the day. A full 8 hour day of slaughtering. They probably started around 6 am. They were running around without organization; in a panic.

They began to scatter and they 2<sup>nd</sup> and 3<sup>rd</sup> corps began to hit them. Ammonites only escaped via single-man infiltration. Complete and total victory.

1Sam. 11:11 [The next day Saul organized the troops into three divisions. During the morning watch, they invaded the Ammonite camp and slaughtered them until the heat of the day. There were survivors, but they were so scattered that no two of them were left together.](#)

Samuel now comes into the picture.

**1Samuel 10:27 11:(11), 12–15**

**72David**

**631\_0108**

**108 04/02/1974 Doctrine of reconciliation**

We are still in flashback mode.

Staff Sergeant Jonah E. Kelly. He was doing house to house, leading; and only had one good army to work with. Fired a rifle with that good arm. Never left to seek medical attention, even going on to the next day. His name will probably never be publically mentioned every again in our history.

King Saul separated his army into 3 corps. Dallas theological seminary don't like military terms and often send master's theses back to be re-written without military terms.

1Sam. 11:11 The next day Saul organized the troops into three divisions. During the morning watch, they invaded the Ammonite camp and slaughtered them until the heat of the day. There were survivors, but they were so scattered that no two of them were left together.

This was single man infiltration breaking through and escaping. 1020 B.C. King Saul was a brilliant tactician and a supergrace believer. 16 years later, he was a reversionism and he used bad tactics in 1004 B.C. Someone asked if Bob was mixed up on the dates because he was running backwards on them.

When someone is winning and popular, people want to use that person and ingratiate themselves to them. Bob's old seminary tends to do that with former students who are successful and well-regarded.

The people here get on the bandwagon. Samuel is still technically the ruler. Saul just won the great victory but he has not taken over yet.

1Sam. 10:27 But certain worthless fellows said, How shall this man save us? They despised him, and brought him no present. But he held his peace.

These are the ones that are alluded to in v. 12. Saul is now riding a wave of great enthusiasm. He is now like the quarterback who does nothing wrong for a week, so he is a great hero for that reason. He is riding the crest of the wave.

The victory over Snake the Ammonite is a great victory to the people. From 1020 down to 1004, these men of Jabesh will gap it to greatness.

Saul's admirers have great enthusiasm. People love to use successful people to sharpen up their vindictiveness. Vindictive petty people always use a successful person; they are name droppers. They are always trying to get on someone's gravy train; on someone's bandwagon. These are petty people.

There is some opposition to Saul and various types of opposition. "Saul is the people's choice; go ahead and crown him." Then men of Belial are simply reversionists. It is this crowd that someone is attempting to eliminate.

Later, there is will loyal opposition in David. There is the disloyal opposition who told David to kill Saul, when he could be killed.

There are those who just dislike you. It doesn't matter to them. People use a hero. Heroes often think that everyone is sincere as they are sincere. Or that people are sincere as they are. One of the great tragedies of life is the exploitation of your success on the part of others. Doctrine will save you from that.

Petty people are tattletales. Russians believe that you should be a tattletale. If you see someone going against the Russian law, then it is your civic duty to turn them in. They have the same smallness of attitude.

Get on a bandwagon with whomever is in power, and then use that to kill off your enemies. Vindictiveness is something that you cannot have and enjoy success at the same time. What is the use of being promoted if you are going to mess it up?

People don't like to be used. Everyone with a sin nature has the possibility of pride. Some people know they have the disease but they do not know what to call it.

1Sam. 11:12 [Afterwards, the people said to Samuel, "Who said that Saul should not reign over us? Give us those men so we can kill them \[may put them to death\]!"](#)

Saul steps in here and does the answering, even though it was Samuel who was approached. Saul would not let his success be used as a means of killing innocent people. Opposition can be a very healthy thing.

1. There is no jealousy here, no implacability, no desire for vengeance.
2. These things slipped into Saul's character as he became jealous toward David. In his frantic search for happiness, he sought to kill David.

Each one of us is a Dr. Jekyll and Mr. Hyde. It all depends upon the content of residency. We are royal family; and God the Holy Spirit is resident in us and He was not in the average believer in the Old Testament. When the Spirit came to help them, then they were filled with the Spirit at that time. We won't always be here but Bible doctrine will be. We won't last long. There is a taper down in the valley. Bob's 56 and he's 93. Doctrine is in his soul. Just as it is in May's soul. It makes no difference how much longer that we live; it is doctrine that makes the difference. There are too many believers who don't want it and fake it. Saul is Dr. Jekyll on this occasion; but 16 years later he will be Mr. Hyde. It all depends upon doctrine.

1Sam. 11:13 [But Saul ordered, "No one will be executed this day, for today the LORD has provided \[accomplished\] deliverance in Israel."](#)

There is no phoney attitude here in Saul.

Samuel considers that Saul is showing promise. The renewal is to reconfirm Saul as ruler over all of the tribes and to reinstall him. We have no leadership in our land today; so there is disunity. From 1<sup>st</sup> Manesseh to Appomattox there was no real issue. It was all about states' rights. Garrison was one of the most legalistic men in history. Joe Hooker could care less about black people. He just wanted to command these troops.

1Sam. 11:14 [Then Samuel said to the people, "Come, let's go to Gilgal, so we can renew the kingship there."](#)

There were a number of sacrifices offered up to celebrate Saul's renewal. Saul is reconfirmed.

There are no rebound offerings and no propitiation offerings. Just peace offerings. There are no propitiation offerings because that means that God is satisfied, and God is not satisfied. Saul is the hero of the moment and He is a great general; but not a great king. Saul has not don't anything wrong, so no rebound.

1Sam. 11:15 So all the people went to Gilgal, and there in the LORD's presence they made Saul king. There they sacrificed fellowship offerings in the LORD's presence, and Saul and all the men of Israel greatly rejoiced.

### Doctrine of Reconciliation

1. Reconciliation is the removal of the barrier between God and man. It means peace between God and man. The peace offering means that God has removed the obstacles so that the people can have their way.
2. The cross is the basis for reconciliation.
3. In reconciliation, the unbeliever is regarded as the enemy of God. Since Christ died, He did the most for His enemies. Now that we are His children, He will do much more than the most for us.
4. Believers are given the responsibility for the ministry of reconciliation. This is the true basis for witnessing. You have stepped over the line; and you offer to someone else. You explain that the barrier is gone.
5. Reconciliation denotes peace between God and man.
6. The peace offering portrays reconciliation.
7. The mechanics of reconciliation. All have sinned and come short of the glory of God. Various problems; position in Adam, personal sin, sin nature, imputation of Adam's original sin. Position in Adam is replaced by position in Christ. These mechanics indicate that God has to handle a large number of facets. There are multifarious concepts that must be taken care of. God had to handle a large number of details before Saul coming to the throne could occur.

### Doctrine of Reconciliation

- I. Reconciliation is a Phase 1 (salvation) doctrine emphasizing the removal of the barrier between God and man that resulted from the fall. Eph.2:14-17 "For He Himself is our peace (reconciliation) who made both parties one, and broke down the barrier of the dividing wall, by abolishing in His flesh (Phase 2) the enmity, the law of commandments contained in ordinances, that in Himself (positional truth) He might make the two into one new man, thus establishing peace, and might reconcile them (potential positive volition) both in one body to God through the cross, by it having put to death the enmity. And He came (incarnation) and preached peace (Doctrine of Reconciliation) to you who were far away (gentiles outside the Mosaic Covenant), and peace to those who were near (Jews)."
- II. The concept of reconciliation.
  - A. In reconciliation, mankind is viewed as the enemy of God, Rom.5:10 "For if while we were enemies (evcqro,j, echthros) we were reconciled to God by the death of His Son."
  - B. The barrier between God and man is called "enmity" (evcqra,, echthra), Eph.2:15,16.

C. The removal of the barrier is known Biblically as "reconciliation", 2Cor.5:18; Eph.2:16; Col.1:20,21.

III. Greek vocabulary.

A. Noun, katallagh,, katallage: reconciliation.

B. Verb, katalla,ssw, katallasso: to reconcile.

C. Verb, avpokatalla,ssw, apokatallasso: to reconcile.

D. Noun, eivrh,nh, eirene: peace (Phase 1 context).

E. Noun, e;cqra, echthra: enmity, a technical word for the barrier.

F. Noun, evcqro,j, echthros: enemy.

IV. The doctrine of reconciliation was portrayed in the Old Testament through the peace offerings, Lev.3; 6:30; 7:37,38; 8:15.

V. The basis of reconciliation is the Cross, Eph.2:16 "and might reconcile them both to God through the cross, by it having put to death the enmity"; Col.1:20.

VI. The person of reconciliation is Jesus Christ, 2Cor.5:18,19.

VII. The mechanics of reconciliation involves the removal of the barrier and faith in Christ.

A. The barrier consisted of personal sins, Rom.3:23.

B. Christ's death for the sins of all men removed this barrier, 1Jn.2:2.

C. With the barrier removed, what stands between God and man is Christ, who removed it, Jn.3:18; 10:9; 14:6.

D. Acceptance of the work of Christ on the Cross (faith in Christ) secures reconciliation for the individual, Jn.3:16,18; cp. 2Cor.5:19a; Col.1:20.

VIII. The ministry of reconciliation, 2Cor.5:18-20a "Now all things are from God, who reconciled us to Himself through Christ, and gave us the ministry of reconciliation .therefore we are ambassadors for Christ."

IX. The message of reconciliation is the gospel, 2Cor.5:19 "and He has committed to us the word of reconciliation."

X. The challenge of reconciliation is Phase 2 reconciliation, wherein the believer must respond to God's initiative and reconcile himself to God by isolating his STA (sinful trend of Adam) and acclimating to doctrine in Phase 2, 2Cor.5:20b "be reconciled to God."

From: [http://gracebiblechurchwichita.org/?page\\_id=476](http://gracebiblechurchwichita.org/?page_id=476)

1Sam. 11:15 So all the people went to Gilgal, and there in the LORD's presence they made Saul king. There they sacrificed fellowship offerings in the LORD's presence, and Saul and all the men of Israel greatly rejoiced.

### Summary

1. Because of this great victory, it appears as if things are great.
2. This is the people's election; not God's.
3. Consequently, there is a strong, emotional connotation, which will not survive the coming disasters; the degeneration of Saul and the people.
4. You cannot build anything on the emotion of people. That is why there is not all of that cornball stuff around here. That is why Berachah doesn't allow holy rollers in

there. Many of you had the problem that you never felt saved; and you wanted to feel something; and you didn't feel anything. You do not build on emotion. You build on mentality. That is why the military is have a hard time lately. They are trying to build their esprit decorps on emotion but it is discipline. You build a church on the same thing. Doctrine is the major factor for the church. Business groups do not hold together because of great emotion. Nor can they be built on great parties. You cannot build even a good love life on emotion. We may be scattered someday and you will have a tough time figuring how to find a church; and pastors will compliment you, etc. Bob's life is simple. He either studies for hours or he doesn't. Then he stands up and teaches. Then some idiot wants me to talk to his friend. Then Bob growls and then hangs up.

5. The only permanent building comes from Bible doctrine resident in the soul.
6. The enthusiasm of the moment will fade away. There will be no authority and just an empty shell is left.
7. You cannot build a solid government on the people's choice. Rarely is God's choice that same as the people's. The Supreme Court is just a group of men looking to change the government into socialism.
8. Saul has reached his peak here. Approbation and power lust will destroy his love of doctrine.
9. He will suffer from a narcissus complex. Only the men of Jabesh Gilead will be his echo.

Next, we will go back to the future; and we will study Saul's dying echo.

**1Samuel 31**

**72David**

**631\_0109**

**109 04/03/1974 1 Sam. 31:11-13 Basis of loyalty**

1Sam. 31:10 [Then they put his armor in the temple of the Ashtoreths and hung his body on the wall of Beth-shan.](#)

San Berdo, CA dude medal of honor recipient. This is the only time that these men will be named again. The freedom of evangelism exists as a courtesy of the military services.

In the actual flashback, the men of Jabesh Gilead were under siege in 1020 B.C. They were all torn up about it; when Saul did all of this, he was the supergrace believer. The men of Jabesh-gilead picked up the warning that they were under and went from reversionism, to recovery and into supergrace.

God the Holy Spirit did not reside in the bodies of believers. We are the only believers in all time who have the Holy Spirit in our bodies. We are commanded to be filled with the Holy Spirit. This activates whatever doctrine that we have in the right lobe. The filling of the Spirit activates doctrine in phase II.

What the Philistines did to Saul was known to the people of Jabesh-gilead. The Philistines were Greek sea peoples and they had the same background as the Miceneans. They chopped up bodies; they carried the heads around, sometimes on swords or spears.

1. Saul's 2 echos; with the witch of Endor and with these men of Jabesh Gilead. The witch of Endor represents an unbeliever and her kindness. The men of Jabesh Gilead remember what Saul did for them 16 years ago and are responding to that. Bible doctrine in the soul allows for their capacity for life. Even though Saul is dead, they are willing to risk their lives. Their attitude is, Saul did something for them, and they had a loyalty to Saul. They never bothered to count the cost. It is very difficult to form permanent or real friendships in the United States because people do not have the capacity or loyalty to sustain such relationships. There is a great shallowness of the American people. We are in a low point of American history. These men live by principle; and such men live in every generation and for a short time, they live on this earth. They have a wonderful, marvelous life. They are not involved with a phoney life. It is a tragedy that we live in a time when there are so many superficial people.
2. Saul had a narcissist complex; he was a totally self centered person. You can only do this in the way that Echo loved Narcissist.
3. No one can compete with a self-centered person. When a person loves himself, all competition winds up with the echo in the cave.
4. Here and there, there are persons who have such capacity for life, that it doesn't make any difference whether their love is returned or not. This is one of the aspects of that. It does not matter to these men whether Saul thinks about them, cares about them, or anything like this. Saul is self-centered and egotistical. Those in Jabesh-gilead do not show a change in their thinking. The principle of loyalty based upon capacity for life. Most people think of love only in terms of emotional response. Constancy and loyalty together mean faithfulness to the one you love. So the men from Jabesh-gilead never cease to be loyal to Saul. They are not guilty of flim flam.
5. In the north at Jabesh gilead, there were a group of men who never forgot. They defied the Philistines, the conquerors of the land; the witch of Endor, who represents a burst of compassion and thoughtfulness; and way down in the south is David, who had capacity for love. He was loyal to King Saul. This will be our next study is David's attitude toward Saul after he hears of his death. These 3 remain faithful to Saul. This is the truth of auld lang syn.
6. Those who have capacity for life live by the principle of auld lang syn. Memories are pleasant they are grateful.
7. There are isolated pockets of Jews here. They were not afraid of the Philistines who now controlled the land.
8. The people did not change in their thinking toward Saul simply because he was defeated. All of us will experience some form of success in our lives and that will bring out the fleas. With doctrine, you can distinguish between true friendship and those who would only flatter you.

Many of us have liked those who are successful and then, when they lost that success, we became embarrassed by them. You might have had a casual relationship with them because they were celebrities of sort; and when they fell, you ditched them.

Bob's dad had some actor friends like John Barrymore. One guy who was down and out from drinking, and he encountered someone who used to flatter him. His friend, instead of appreciating him for what he had done, was embarrassed by him and got out of there as soon as possible.

Suppose that Nixon was a great personal friend of yours and you would drop his name. Do you still drop his name? Bob can see a lot of parallels between Saul and Nixon. There is something wrong with you if you drop your friends because they lose some of their success.

1Sam. 31:11 [When the residents of Jabesh-gilead heard what the Philistines had done to Saul,](#)

These are valiant men. They rise up and they go all night. This word means virtue, valor, strength, integrity. Chayil. These are men of integrity. And they are wealthy. But they risk their wealth and status by doing this, and yet they do it. They are supergrace believers. They continue in Bible doctrine.

The women may have told them, "This isn't your fight. Saul is dead; the Philistines will come after us. I don't want to lose you." "If I die, it'll be great in heaven and no more nagging." They were willing to loose everything that they got in supergrace to stand up for Saul. The one with doctrine in the soul must live by that doctrine. The Lord is the source of security and safety; and you live by the principle of doctrine. These were fat cats but they did not mind jeopardizing their wealth because of Saul and what he had done.

When doctrine is resident in your soul, this means there will come a time when you will live by that doctrine. Some of you will stand up to do what is right, even if it costs you your rw, your treasure, your blessings. You take it on yourself to live by principle. These are men of integrity. They live by chayil. Much better than charisma. All then men of integrity go

they would make this trek at night up a hill, and this is 12 miles, 20 clicks, and they seize the body of Saul and the bodies of his sons. The Philistines are Greek sea peoples and this was an added insult to a warrior. They believed that these warriors felt pain after death. They wanted to keep the Philistines from desecrating the bodies any more. They understand the doctrine that the souls are gone. But they do this to defy the Philistines. Putting these bodies on the wall say to the Jews that they are cowards.

They burn the bodies to erase the humiliation and insults. This indicates that they would fight the Philistines at any time. This would be for a clean burial.

1Sam. 31:12 [all their brave men set out, journeyed all night, and retrieved the body of Saul and the bodies of his sons from the wall of Beth-shan. When they arrived at Jabesh, they burned the bodies there.](#)

This is the last verse until we go through a couple of psalms. Once these bones are cleaned of flesh, they then bury the bones. In doing this, they have an echo. The burial is important. Even though Saul died in disgrace; even though he died as low as anything, these are men of integrity. They are not embarrassed. What Saul does does not change their love and loyalty. What Saul did is based upon whatever; but what they did was based on principle. They were not embarrassed.

Bob has done a little hell raising. He has embarrassed a few of his friends. He dropped those friends. Bob had a roommate who would always get him into fights. He would get them into fights. You cannot be embarrassed by your friends. Many of you are attracted to people because they are some kind of a celebrity. You want a name that you can drop. These men are valorous and spiritual and great men.

They even pick a great spot. It is not a tree here; Bob is bugged because there are flowers or trees or something. This is a tamarisk tree/bush; and they can be both. It makes no difference. The fact that there is a tamarisk is a shocking thing.

This is dry desert valley; but there is a tamarisk tree. If this tree can tough it out after all these years in this dry desert. This tree has defied everything. There should be no tamarisk tree; all we should see is brush and tumbleweeds. Whoever planted that tamarisk was either dumb or an optimist. The sand over many years buried Bethshan. You just can't imagine any tree living there and surviving. Before Saul died, he passed the baton. The baton is Bible doctrine. 16 years before, Saul was with doctrine. Now he was without it. However, they picked up the baton 16 years ago and they ran with it. Men come and go but Bible doctrine goes on and on. The person who picks up the baton will be as strong as the person who picks it up. God turned the death of a reversionist into something great.

They went without food as a tribute fast to Saul. Sometimes without food, you begin to see things; there is a tendency to be able to reflect and to think. No one ate anything for 7 days. They defied the Philistines and they took Saul's body. They paid their respects to their king. He was buried with full royal honor buried by men of integrity.

1Sam. 31:13 [Afterwards, they took their bones and buried them under the tamarisk tree in Jabesh and fasted seven days.](#)

We are going to study supergrace vindication. There are a cluster of supergrace believers. No matter how bad things get, if someone picks up the baton, things will move. We will see the supergrace vindication in times of disaster.

**1Samuel 31**

**72David**

**631\_0110**

**110 04/04/1974 Ps. 26:1 Psalm of vindication; doctrines of walking and faith (partial)**

we have apparently completed 1Sam. 31 and these psalms help us with going from in between these two chapters.

This is a supergrace vindication psalm. Bob reads the entire psalm:

Psa 26:1–12 Vindicate me, Yahweh, for I have walked in my integrity. I have trusted also in Yahweh without wavering. Examine me, Yahweh, and prove me. Try my heart and my mind. For your loving kindness is before my eyes. I have walked in your truth. I have not sat with deceitful men, Neither will I go in with hypocrites. I hate the assembly of evil-doers, And will not sit with the wicked. I will wash my hands in innocence, So I will go about your altar, Yahweh; That I may make the voice of thanksgiving to be heard, And tell of all your wondrous works. Yahweh, I love the habitation of your house, The place where your glory dwells. Don't gather my soul with sinners, Nor my life with bloodthirsty men; In whose hands is wickedness, Their right hand is full of bribes. But as for me, I will walk in my integrity [my supergrace status]. Redeem me, and be merciful to me. My foot stands in an even place. In the congregations I will bless Yahweh.

### Preparation for this Psalm

1. The vindication psalm is written by David during the battle of Mount Gilboa. This sets up a contrast between Saul and David.
2. It emphasizes that God is perfect and His plan is perfect.
3. A perfect God can only devise a perfect plan.
4. Grace emerges as a principle of God's plan.
5. Under grace, there is no place for human merit, human ability, human thinking or human divisiveness.
6. Therefore, Saul must be set aside as king because reversionism is filled with gimmicks and contrivances of the flesh.
7. As a supergrace believer, David is ready for promotion; and God will promote him at the lowest ebb of history of Israel. The secret of staying out of God's way is the constant, persistent intake of Bible doctrine, without having ulterior motives, without trying to work God for something.
8. David as a supergrace believer is ready for supergrace promotion and supergrace blessings.
9. David has already been blessed with God's happiness, success, embarrassment from fighting against his own people. He has had social and sexual prosperity. Next in line is God's promotion of God's man in a critical time in Israel.

David demands vindication. God cannot overlook or ignore doctrine in the soul of any believer; no matter how much you appear to be out of it, overlooked, or how humble your circumstances or how much life seems to have passed you by, God always vindicates doctrine resident in the soul.

Qal imperative of shaphat. He demands vindication not on the basis of the Philistine controlling the land but because he has doctrine in his soul. He does not demand to be promoted on the basis of his own human abilities, including his military ability. David's only plea to the Lord is based on the fact that Bible doctrine is something that God must honor. God honors doctrine in the Bible. The Bible is the most attacked and the most distorted thing in human history. Satan has done everything to try to remove it from human history. God preserves it because the Word of God lives and abides forever; and God must honor His Word, this is compatible with His essence and His grace. So, whenever a believer

goes all out to take in doctrine and has a maximum amount of doctrine in his soul, then God is obligated to vindicate the doctrine in that believer's soul. David asks to be vindicated based upon the doctrine in his soul. If you have a soul filled with doctrine, God vindicates your life. God will promote when you have doctrine in your soul.

Vindication is a great subject. There is justification by works or vindication by works. Rom. 5 is justification by faith. Vindication is a more modern word; justification is a more ancient term. Removing the barrier between us and God. Phase II vindication is Bible doctrine resident in the soul via the daily intake of Bible doctrine.

David knows exactly what his status is. Grace knows what your status is. If you use the imperative mood to speak to God, then you must either know what you are saying or you are speaking blasphemies. Tamiym refers to great prosperity because you have matured in your life to where you are a stabilized person. Completeness is a basic meaning, but there is prosperity and integrity.

When you reach supergrace, there is a change in your status and a change in your soul.

Many of you were shocked that there was a group of thunderstorms suddenly hit and killed 300 people. When these things hit, they hit fast. Some of you aren't going to make it. Bob has seen fundies walk out of Berachah in a huff; and they will sit there in shock until the roof falls in. Those with doctrine will be the ones who stand in the gap; we will be the ones that the Lord promotes.

One person said he wasn't interested in advancing to the supergrace stuff and he was going to do his humble best for the Lord and he didn't want to be recognized. When God can take a jackass like that windbag and promote him on the basis of grace, God certainly deserves a great deal of credit. His humility is much worse than the devil's pride.

There are things that you enjoy; clothing, homes, money or wealth. This is prosperity of things. There is nothing wrong with a believer being prosperous. If it is prosperity provided by God, then there is everything right about it. You glorify the Lord Jesus Christ by letting Him work with the doctrine in your own soul. That is the cup and God will pour money, success, promotion or whatever into your cup. God is glorified. David is complete.

In your soul, you are never the same. You are better or worse. Yesterday, you might have been little Pollyanna crying over Black Beauty; and the next day, you are something else. Physical change is generally slower than soul change. People do not realize how other people change because they hide behind the same face.

The silliest thing in the world is to ask for money. God will pour it out because He is glorified by it. We thank the Lord for our two prunes and the half piece of shredded wheat. And then God dumps great wealth into your lap. God loves to make people wealthy. Social prosperity; David now has the greatest men of the age and he made them out of this group of neer do wells.

### **The Doctrine of Walking**

1. The mechanics of walking depict analogies to the Christian way of life. Rarely does walking in the Bible speak of going from point A to point B. Most of the time, this represents the spiritual life. Walking is one step at a time, moving one step forward at a time.
2. Walking is also used for being consistent; integrity of soul. Resident in each one of us is God the Holy Spirit. He did not indwell anyone in Old Testament times; but now all believers are indwelt by God.
3. In our dispensation, this is related to the intensification of the Angelic Conflict. Balance is lost for a moment and then it is regained when our foot goes down again; which is stabilization. The believer is stabilized with consistency.
4. The Greek word for walking depicts the pattern and function of the royal family in phase II.
5. Walking describes the lifestyle of the reversionistic unbeliever.
6. Walking use dto describe the modus operandi of the reversionism.
7. 3 spheres of walking; in the Spirit, by faith, and walking in doctrine.

### **The Doctrine of Walking (The Spiritual Life)**

#### 1. Lexical:

a. peripateo, used literally of the forward step by step motion. Or used figuratively: "To conduct oneself or behave in a particular manner; to live." The metaphorical meaning represents the entire panorama of a person's life, including both thought life and overt action. Physically, walking is one of the best forms of exercise, it works more muscles than any other activity, it develops circulation, improves breathing, supports regular elimination of waste, strengthens the heart. Thus, spiritual walking works all the spiritual skills, the "muscles" of the spiritual life, increases circulation of doctrine in the soul, improves the application of Bible doctrine, eliminates the waste of Human Viewpoint (HVP) in the soul as it is replaced by Divine Viewpoint (DVP) in the soul, and edifies or "strengthens" the soul through the construction of the soul-fortress which protects and defends the soul from the outside pressure of adversity and prosperity.

b. stoicheo, to walk in a straight line, used metaphorically to march in step, to march in ranks, to walk in agreement with, to walk forward in an orderly manner, to live in line with certain precepts and principles. This is used for advancing in the spiritual life under the filling of the Holy Spirit in relation to the mandates given in the Word of God under the inspiration of the Holy Spirit.

c. orthopedeo, to walk straight, to walk in a straight path, used in Gal. 2:14 to refer to a course of conduct

d. poreuo, to walk, to go about one's daily activities, to proceed, to travel, to live.

2. Walking is a crucial term to describe the characteristics of the believer's life. The overall mandate is to walk worthy, (Eph. 4:1; Col. 1:10; 1 Thess. 2:12)

a. Walk in a sphere or realm, the use of en plus the dative of sphere or just the dative of sphere without the preposition.

in the day (Rom. 13:13) or in the light (Eph. 5:8, 1 John 1:6), not in darkness (1 John 1:7)

walk in newness of life, Rom. 6:4 in Him (Col. 2:6)

in love (Eph. 5:2; 2 John 6)

in good works, (Eph. 2:10)

in wisdom (Col. 4:5)

in truth (2 John 4; 3 John 3,4)

NOT in the emptiness of minds, like the Gentiles, (Eph. 4:17)

Not in craftiness 2 Cor. 4:2, panourgia, deceitful cunning; utilizing teaching for your own gain, power, money, approbation.

b. en plus the instrumental dative of means:

by means of faith, 2 Cor. 5:7 not by means of sight

by means of the Holy Spirit (Gal. 5:16, 25)

c. According to a norm or standard (kata plus the accusative):

walk according to the norm of the Spirit and not the flesh, Rom. 8:4

according to love (Rom. 14:15)

NOT:

according to the norms and standards of the sin nature, Rom. 8:4

according to the standard of men, 1 Cor. 3:3

according to non- apostolic tradition, 2 Thess 3:6 which is disorderly, unruly, in a licentious or antinomian manner.

according to the course of this world, according to the prince of the power of the air, of the spirit that is now working in the sons of disobedience (Eph. 2:2)

3. In Gal 5:16 walking by means of the Spirit is contrasted with walking according to the flesh, the sin nature. Throughout Galatians and the New Testament walking is used of one of two states. The believer is in one or the other. The one is in the Spirit, according to the Spirit, also characterized by the light, promise, grace, the true Gospel; this is in contrast to the Law, morality, immorality, religion, antinomianism, the flesh, the sin nature.

4. The basis for the believer's walk is his new position in Christ, Rom. 6:4

Rom. 6:1 & What shall we say then? Are we to continue in sin that grace might increase?

Rom. 6:2 May it never be! How shall we who died to sin still live in it? (spiritual, physical, sexual, positional, carnal or temporal, operational, eternal) This is not talking about the eradication of the sin nature, this is a pernicious heresy known as perfectionism. This idea was first promoted by John Wesley then picked up in the various holiness movement in the 19th Century, referred to a "entire sanctification" a second work of grace subsequent to the cross. THE NEXT VERSE EXPLAINS

Rom. 6:3 Or do you not know that all of us who have been baptized into Christ Jesus have been baptized into His death? Baptism signifies identification. At the instant of salvation every believer is identified with Christ's death, burial, and resurrection.

Rom. 6:4 Therefore we have been buried with Him through baptism into death, in order that as Christ was raised from the dead through the glory of the Father, so we too might walk in newness of life. [aor act subj, peripateo, expressing the contingency of the believer's volition]

Rom. 6:5 For if we have become united with Him in the likeness of His death, certainly we shall be also in the likeness of His resurrection,

Rom. 6:6 knowing this, that our old self was crucified with Him, that our body of sin might be done away with, that we should no longer be slaves to sin;

a. The basis for walking, i.e., the Christian way of life, is our identification with Christ's death, this is positional death, which happens at the instant of salvation.

b. Positional death frees us from slavery to the sin nature (6:6), but does not free us from the presence of the sin nature. Realization and implementation of this freedom is the course of the Christian life which is a supernatural way of life based on a supernatural means, the filling of the HS.

c. The potential is there for every believer but is activated only by his volition, to carry out the mandates of walking.

d. The goal or purpose is to no longer obey the dictates of the sin nature to advance spiritually.

5. Another key verse is that the believer is to walk as a child of light because positionally he is already light. Eph. 5:8

Eph. 5:8 for you were formerly darkness, but now you are light in the Lord; walk as children of light

Eph. 5:9 (for the fruit of the light consists in all goodness and righteousness and truth),

a. Light represents absolute perfection, darkness represents all that has been tainted by sin. Light represents the absolute righteousness of God.

1 Tim. 6:15 He who is the blessed and only Sovereign, the King of kings and Lord of lords;

1 Tim. 6:16 who alone possesses immortality and dwells in unapproachable light; whom no man has seen or can see. To Him be honor and eternal dominion! Amen.

Again,

1 John 1:5 And this is the message we have heard from Him and announce to you, that God is light, and in Him there is no darkness at all.

How much sin does it take to violate the Righteousness of God? Only one, small, big, short, long, mental, overt,

Now what happens at salvation.

a. We become sons of light, that is a description of our basic character, light, i.e., we have positional righteousness.

John 12:36 "While you have the light, believe in the light, in order that you may become sons of light." These things Jesus spoke, and He departed and hid Himself from them.

b. We are transferred positionally into light.

1 Pet. 2:9 But you are a chosen race, a royal priesthood, a holy nation, a people for God's own possession, that you may proclaim the excellencies of Him who has called you out of darkness into His marvelous light;

Acts 26:18 to open their eyes so that they may turn from darkness to light and from the dominion of Satan to God, in order that they may receive forgiveness of sins and an inheritance among those who have been sanctified by faith in Me.'

Col. 1:13 For He delivered us from the domain [exousia, authority, power] of darkness, and transferred us to the kingdom of His beloved Son,

We are born in darkness. At salvation we are transferred into light. This is positional truth. We have that phrase right here in Christ.. In Christ is synonymous with being In the light. But this is not always our experience.

c. Scripture clearly affirms that believers still possess sin natures and thus still performs works of darkness and even though they are Sons of the Light they can live in darkness. Rom. 13:12 The night is almost gone, and the day is at hand. Let us therefore lay aside the deeds of darkness and put on the armor of light.

Laying aside, apotithemi, means: "to put or take something away from its normal location, to remove, take off, expunge. The hortatory subjunctive is a form of command that emphasizes the potential determined by the use of volition, the middle voice indicates the believer participates in the results of the action. The hortatory subjunctive indicates that a believer has the option to not obey the command and continue to live in darkness. This guarantees a life of misery in divine discipline and a loss of eternal rewards.

This indicates that though the believer is light, positional truth, this does not necessitate his living as light.

Eph. 4:22 that, in reference to your former manner of life, you lay aside (apotithemi) the old self, which is being corrupted in accordance with the lusts of deceit,

Eph. 4:25 Therefore, laying aside (apotithemi) falsehood, speak truth, each one of you, with his neighbor, for we are members of one another.

Col. 3:8 But now you also, put them all aside (apotithemi): anger, wrath, malice, slander, and abusive speech from your mouth.

Heb. 12:1 Therefore, since we have so great a cloud of witnesses surrounding us, let us also lay aside (apotithemi) every encumbrance, and the sin which so easily entangles us, and let us run with endurance the race that is set before us,

James 1:21 Therefore putting aside (apotithemi) all filthiness and all that remains of wickedness, in humility receive the word implanted, which is able to save your souls.

1Pet. 2:1 Therefore, putting aside (apotithemi) all malice and all guile and hypocrisy and envy and all slander,

d. \*\*Light and darkness are absolutes. You are either light or darkness and you either walk in light or walk in darkness. You can't be walking with one foot in both. Why not? " What fellowship has light with darkness? 2 Cor. 6:14.

How much sin violates the Righteousness of God? Any sin violates the Righteousness of God of God and wipes out fellowship.

2Cor. 13:14 The grace of the Lord Jesus Christ, and the love of God, and the fellowship of the Holy Spirit, be with you all.

What effect does this have on our relationship with the Holy Spirit?

1. We quench the Holy Spirit 1 Thess 5:19; how first by despising prophetic statements, today this applies in terms of rejecting Bible doctrine.

2. Eph. 4:30 And do not grieve the Holy Spirit of God, by whom you were sealed for the day of redemption.

3. Therefore, at the moment of sin we lose fellowship with God the Holy Spirit, and thus God the Trinity.

1John 1:3 what we have seen and heard we proclaim to you also, that you also may have fellowship with us; and indeed our fellowship is with the Father, and with His Son Jesus Christ.

1John 1:4 And these things we write, so that our joy may be made complete.

1John 1:5 And this is the message we have heard from Him and announce to you, that God is light, and in Him there is no darkness at all.

1John 1:6 If we say that we have fellowship with Him and yet walk in the darkness, we lie and do not practice the truth;

1John 1:7 but if we walk in the light as He Himself is in the light, we have fellowship with one another, and the blood of Jesus His Son cleanses us from all sin.

Two types of punishment for sin,

P1 Eternal, this is spiritual death, eternal separation from God. This is resolved through justification, reconciliation, redemption, atonement is tantamount to Phase one salvation.

P1 is resolved by S1, at which time all presalvation sins are forgiven. The cross provides the basis for forgiveness of all post salvation sins, "continually cleanses," thus the believer cannot lose salvation. So P1 is resolved by S1 which provides F1 and the basis for F2. But there are also temporal consequences for sin.

P2 Consequences in space-time history. When Adam sinned, he instantly died spiritually. However, there were also immediate and long lasting consequences for all creation, (Gen 3:15-19; Rom. 8:20-22). Thus, the cross provides the basis for forgiveness of all unrighteousness. This is applied to presalvation sins at the instant of faith alone in Christ alone, and to post salvation sins at confession.

If forgiveness of postsalvation sins came automatically because of our position in Christ, then verse 9 would not only be unnecessary but would contradict verse 7. Verse 7 establishes the basis, and then verse 9 articulates the precise methodology for realization of forgiveness for postsalvation sins. Those who argue that verse 7 overrides verse 9 substitute their own subjective, allegorical opinion and violate every rule of historical, grammatical interpretation.

1. The subjunctive mood is the mood of potentiality, we may or may not walk in the light.

2. Walking in the light is experiential sanctification.

3. Walking in the light is not equivalent to being a believer.

4. When we walk in the light this is tantamount to walking by the spirit, to having a life temporarily free from sin, Because of experiential righteousness, the result is fellowship with God and with other believers.

5. Second result is cleansing but which kind. Judicial, forensic related to type P1 punishment, sp death, or P2. Type 1 is in view here, type 2 in 1 John 1:9.

1John 1:8 If we say that we have no sin, we are deceiving ourselves, and the truth is not in us.

1John 1:9 If we confess our sins, He is faithful and righteous to forgive us our sins and to cleanse us from all unrighteousness.

1John 1:10 If we say that we have not sinned, we make Him a liar, and His word is not in us.

1John 2:1 My little children, I am writing these things to you that you may not sin. And if anyone sins, we have an Advocate with the Father, Jesus Christ the righteous;

The Connection between 1 John 1 and Eph. 5 is found in the principle of walking in the light. Those that walk in the light of Eph. 5 are filled with the Spirit (5:18), those that walk in the light in 1 John 1 are those that have acknowledged their sins in privacy to God the Father. Thus, the acknowledgment of sins is the key for transferring the believer from an experiential walk in darkness to an experiential walk in the light and being filled by means of the HS.

Summary

1) Walking in the light refers to the Christian living His life in fellowship with God applying Bible doctrine.

2) Just as the darkness is incompatible with light, so sin patterns, whether overt, mental, or verbal are incompatible with fellowship with God.

3) When we sin we quit walking in the light and begin walking in darkness; we reject grace, and we reject Bible doctrine.

4) Walking in darkness is an absolute that is compared to other absolutes in Eph. 5, foolish vs wise, drunk vs filled with the Spirit.

5) The command to be filled with the Spirit is tantamount to the mandate to walk.

6) The continuous light metaphor in Eph. 5 and 1 John 1 shows a connection between fellowship with God and the filling of the Holy Spirit.

7) Conclusion: Recovery from the darkness is through the use of 1 John 1:9. But the emphasis in walking, continuous residence in the light under the filling of the Holy Spirit, is on movement, progression, spiritual growth. Confession merely restores the believer to a position where He can advance, now he must remain in fellowship, learn and apply doctrine, this is the walk by means of the Spirit.

6. The precedence for walking in the light is found in 1John 2:6 the one who says he abides in Him ought himself to walk in the same manner as He walked. Jesus Christ walked in continual dependence on God the HS and thus established the precedent for the believer's walk by means of God the HS>

7. The Christian Walk is based on the Faith Rest Drill, 2 Cor. 5:7, with Col. 2:6: "As we received Him," how did we receive Him, faith alone in Christ alone.

From [http://gracebiblechurchwichita.org/?page\\_id=309](http://gracebiblechurchwichita.org/?page_id=309)

batak refers to the function of the faith-rest technique.

Psalms 26:1 **Davidic. Vindicate me, LORD, because I have lived with integrity [walked with my completeness] and have trusted in the LORD without wavering.**

Let's look of the principle of faith:

### **The Doctrine of Faith**

1. Definition: faith is thinking. Those who believe in evolution have a great deal of faith. Without rationalism or empiricism, they accept a great complex mess in order

the try to think God Holy Spirit not involved. Faith is non-meritorious thinking. This is thinking without any merit being imputed to them. Christ has all of the merit when we believe in Him.

2. The adjective means *dependable, faithful, believing*.
3. There is no place for someone to yell out, "Amen, brother; preach on." This is rude; this is poor manners. This breaks the concentration of others. Emeth, patak, and other words for faith. One of these words refers to a thread being wound into a rope that cannot be broken. It means to bind or twist strands together.
4. Biblical definition of faith is Heb. 11:1; **the substance of things hoped for and the evidence of things not seen**. In Corinthians, **We look not at the things which are seen, but the things which are not seen**.
5. Faith rest is mixing the promise of God with faith. The ministry of God the Holy Spirit did not occur until the Church Age.
6. Faith rest has a boomerang in it; you reach out with your faith and reach into your soul. You latch onto a promise and you claim it, but this gives you peace of mind and relaxation. Faith rest is the principle of spiritual victory. Faith rest always is a factor in every dispensation so far as every dispensation is concerned.

### Doctrine of Faith

#### I. Definition and description.

A. Faith is a system of thinking common to all mankind (Mt.3:9 "and do not think that you can say to yourselves, 'we have Abraham for our father'"; the reversionistic unbeliever's faith is in an erroneous view of salvation, cp. Jn.5:39).

B. Faith is one of three systems of perception, along with rationalism (Rom.2:3; Prov.14:12 "there is a way which seems right") and empiricism (2Cor.5:7 "for we walk by faith, not by sight"; 2Cor.4:18).

C. Faith is the most basic system of perception (Mk.9:42 "these little ones who believe"; cp. Mk.9:36).

D. Faith is the only non-meritorious mode of thinking and is, therefore, chosen by God as the means of response to His plan, Phases 1 and 2 (Rom.3:27 "where then is boasting? It is excluded. By what kind of law? Of works? No, but by [the] law of faith [di,a nomou. piste,wj, dia nomou pisteos]"; cp. Rom.4:14; Col.2:12 "through faith in the working of God"; 1Tim.1:4).

E. Faith is the only system equally accessible to all men and compatible with grace (Rom.4:16; 5:2; Eph.2:8,9).

F. The efficacy of faith resides in its object (1Cor.2:5 "that your faith should not rest on the wisdom of men [human viewpoint rationalism], but on the power of God [sanctifying power based on response to doctrine]"; 1Cor.15:14 "and if Christ has not been raised, then our preaching is in vain, your faith also is vain"; 1Cor.15:17; cp. Mt.24:23,26 "do not believe [false Messiah reports]"; 2Thess.2:11 "that they might believe the lie"; 1Jn.4:1 "do not believe every spirit"; cp. Jn.6:29 "This is the work of God, that you believe in Him whom He has sent"; Acts.4:12; 16:31).

G. Faith has a two-fold application in the experience of the individual.

1. Inhale faith, or faith at the point of initial perception (Gal.3:2,5 "hearing with faith"; cp. Rom.10:17 "So faith comes from hearing and hearing by the word of Christ").

2. Exhale faith, or faith at the point of applying what was initially believed, also called Faith-Rest (Mt.21:22 "And everything you ask in prayer, believing, you shall receive"; Heb.11:6 "And without faith it is impossible to please Him, for He who comes to God must believe that He is, and that He is a rewarder of those who seek Him").

II. Greek and Hebrew vocabulary of faith.

A. Pisteu,w, pisteuo: a transitive verb, having a subject (stated or implied) and an object (stated or implied), used 248X.

B. Pi,stij, pistis: a fem. sing. noun, used for faith and as a synonym for Bible doctrine, used 244X.

C. The hiphil of !m;a' , aman: used of saving and Ph2 faith (Gen.15:6; Isa.28:16; Jonah.3:5; cp. Ps.78:22,32).

III. Five uses of faith in the Bible.

A. Misplaced faith, as in 2Thess.2:11; 1Jn.4:1.

B. Saving faith (Jn.3:15-18,36; 1Jn.5:1).

C. Inhale faith (Heb.4:2).

D. Exhale faith (Mk.9:24 "I do believe; help my unbelief"; Lk.8:50 "Do not be afraid any longer; only believe").

E. Bible Doctrine as the object of faith in Ph2 (Eph.4:5 "one faith"; 2Thess.3:2 "not all have faith"; 1Tim.1:2 "child in the faith"; 1Tim.4:1 "depart from the faith").

III. Faith is classified as a basic doctrine (Heb.6:1 "Therefore leaving the elementary teaching about Christ, let us press on to maturity, not laying again a foundation of repentance from dead works and of faith toward God").

IV. Observations on saving faith.

A. Christ is the object (Jn.1:12 "But as many as received Him, to them He gave the right to become children of God, even to those who believe in His name"; Jn.3:15-18,36; 6:40,69; 7:38,39; Acts.11:17; 22:19; 24:24; Rom.3:22; 4:5; 10:11,14; Gal.3:22; Phil.1:29; 1Tim.1:16; 3:16; 1Pet.2:6; 1Jn.3:23 "And this is His commandment, that we believe in the name of His Son Jesus Christ"; 1Jn.5:1,5; 5:3; cp. Jn.20:31).

B. It is called obedience in Jn.3:36; Acts.6:7; Rom.1:5.

C. The amount necessary is compared to a grain of mustard seed in Mt.17:20.

D. It always results in the imputation of righteousness (Ph1 justification, Rom.3:25-31; 4:3; 5:1; Gal.2:16; 3:6,8).

E. It results in the imputation of eternal life (Jn.3:15-18,36; 5:24; 6:47; 20:31; 1Tim.1:16).

F. It is totally apart from works, but by grace (Rom.3:27,28; 9:32; Acts.15:11).

G. The gospel supplies the content (Acts.15:7; Mk.1:15; Rom.1:16).

H. Abraham is the pattern (Rom.4:9,12; Gal.3:9, quoting Gen.15:6).

I. Old Testament salvation was the same (Gen.15:6; cp. Rom.4:3; Gal.3:6; Isa.28:16; cp. Rom.9:33; 10:11; 1Pet.2:6).

J. It results in sonship (Jn.1:12; Gal.3:7,26).

K. It is the basis for our victory over the cosmos (1Jn.5:1,4,5).

L. It knows no cultural or racial barriers (Mt.21:32 [the religious crowd rejected Him; there was a greater response from the immoral crowd]; Jn.4:39 [Samaritans]; Acts.14:1 [Jews and Greeks]; Rom.3:30; 9:30-32; 1Cor.12:13; Gal.3:28; Acts.13:8,12 [proconsul Sergius Paulus]).

M. Eternal life in a resurrection body is secured by saving faith alone (Jn.6:39,40; 1Thess.4:14ff).

N. It will not eventuate in disappointment (Isa.28:16; cp. Rom.10:11; 1Pet.2:6).

O. The negative volition of "the many" cannot neutralize the positive volition of "the few" (Rom.3:3,4).

P. The Acts record clearly demonstrates that salvation is by faith alone (Acts.2:44 "all those who had believed"; Acts.4:4 "who had heard the message believed"; Acts.5:14 "believers.were added"; Acts.6:7 "priests were becoming obedient to the faith"; Acts.8:12,13; 9:42; 10:43; 11:17,21; 13:12,39,48; 14:1,23; 15:5,7,9,11; 16:31,34; 17:12,34; 18:8,27; 19:2,4,18; 21:20,25; 22:19; 24:24; 26:18; cp. those who are said to have believed throughout the course of Christ's ministry: Jn.2:23 "at Passover.many believed in His name"; 4:41; 7:31; 10:42; 11:42,45,48; 12:11).

V. Observations on Ph2 faith.

A. Bible Doctrine is the object (Heb.4:2 "the word they heard did not profit them, because it was not mixed together with faith in those who heard"; Eph.3:17 "so that Christ [cp. 4:20] might dwell in your hearts through faith"; Col.1:23 "if indeed you continue in the faith").

B. The body of doctrine is, therefore, called "the faith" (Eph.4:5 "one faith"; Eph.4:13; 6:16 "the shield of faith"; 1Tim.1:2,19; 3:9,13 "the faith that is in Christ Jesus"; cp. 2Tim.1:13 "the faith.in Christ"), or doctrine as the mind of Christ (2Tim.4:1,6; 5:8,12; 6:10,21; 2Tim.3:8; 4:7; Ti.1:4,13; 2:2; Philm.6; Jd.3,20).

C. We are expected to grow in faith (2Cor.1:24; 5:7; 10:15; Col.1:23; 2:5,7; 2Thess.1:3).

1. The mustard seed analogy teaches this (Lk.17:5,6; cp. Mk.11:22,23).

2. Few believers pursue Ph2 faith to maturity (Lk.17:11-19).

3. Faith is a product of the filling of the Holy Spirit (Gal.5:22).

D. Jesus praised or rebuked the presence or absence of faith.

1. Praise: Mt.8:10 - the centurion; Mt.15:28 - the Canaanite woman.

2. Rebuke: Mk.4:40; Lk.24:25 "O foolish men and slow of heart to believe in all that the prophets have spoken".

E. God's righteousness is known by faith (Rom.1:17 "the righteousness of God is revealed from faith [saving] to faith [Ph2]; as it is written, `But the righteous man shall live by faith").

F. Our faith is tested (Jam.1:3; 1Pet.1:7).

G. It is rewarded (Heb.6:22; 1Pet.1:9).

H. Abraham is the pattern (Rom.4:16-22; Jam.2:21-23).

I. The Faith-Rest of others is a source of encouragement (Rom.1:12; 1Thess.3:2,7; Col.1:4; 2:5; Philm.5).

J. Faith and love (FHS).

1. Faith to move mountains, minus love, is worthless (1Cor.13:2).

2. Faith operates through love (Gal.5:6).

3. Those who are stronger in faith should not cause the weak to stumble (Rom.14:1,22,23).

K. Faith and production.

1. Faith minus production is vain (Jam.2:14-26).

2. God evaluates the local church in this regard (1Thess.1:3; 2Thess.1:11; Rev.2:13,19).

L. Spiritually mature heroes are examples of faith (Heb.6:12; 11:3-39; 13:7; 1Tim.4:12; 2Tim.3:10; Rev.13:10).

M. Faith and Ph3.

1. Few are oriented eschatologically (Lk.18:8).

2. We Faith-Rest our future (Gal.5:5).

3. Faith will not be an issue in heaven (1Cor.13:12,13).

N. Prayer and faith.

1. Faith is a key to answered prayer (Mt.21:22; Mk.11:24; Jam.5:15).

2. Pray for doctrine as the muscle of faith (Jam.1:5,6).

Hab.2:4 "Behold, as for the proud one, his soul is not right within him; but the righteous will live by his faith."

Heb.11:6 "And without faith it is impossible to please Him, for he who comes to God must believe that He is, and that He is a rewarder of those who seek Him."

From: the same website as above.

When you get to the point where you do not vassilate or waver, you cut back on friction. The worst friction in the world is in the soul. When your car makes clunk, clunk, clunk sound means that friction has taken over your engine. Worse than a woman not putting oil in a car is friction in the soul, as there is no oil for that.

The worst thing; you are miserable when you cannot make up your mind about this or that. You burn out bearings all the time and throw rods.

David is demanding vindication and it isn't arrogance at all; it is spiritual maturity. David isn't arrogance; he is totally grace oriented.

Psalm 26:1 [Davidic. Vindicate me, LORD, because I have lived with integrity](#) [walked with my completeness] [and have trusted in the LORD without wavering.](#)

{A SuperGrace Vindication Psalm}

1~{a Psalm} of David. Vindicate {shaphat} me, O Jehovah/God for I have walked 'in SuperGrace'/'without blame'/'in integrity' {tom}. Likewise, I have trusted in Jehovah/God without vacillation/ faltering {ma`ad}.

{Note: From I Samuel Chapter 31, the battle of Mount Gilboa has just finished. David knows he is a mature believer that God is going to use. David is in the south and David is ready to serve the Lord and therefore serve his country.}

## 111 04/05/1974 Ps. 26:2 Doctrine of emotions

Bob does not like people coming in late and he does not like the office looking like crap; so the lost and found is moved to the foyer.

The Philistines now control the land, with the exception of a few pockets like Jabesh-gilead and the southern portion of Israel.

David will reunite the land and he will apply faith rest and he knows more promises and doctrine than anyone else in the land. He demonstrated great leadership potential when he stops crying with the rest of his troops and gets them moving toward God's plan.

In v. 2, he shows great spiritual growth. He is demanding a test here. This is a word used for testing metals in the ancient world. They often tested things by fire.

Kiljay means *emotions, kidneys*. He is asking for vindication on the basis of testing his emotion. Most people fail emotional tests they base everything upon how they feel. We have a tremendous number of emotional rejects in Christianity today. David is actually asking for an emotional test, which we will find in the 2<sup>nd</sup> chapter of 2Samuel.

Psalm 26:2 **Test me, LORD, and try me** [give me a vigorous examination]; **examine my heart and mind.**

### Doctrine of Emotions

1. The parts of a soul. Self-consciousness; the thinking part of the soul; there is a vocabulary problem. There is no word in the Greek or Hebrew that means *emotion*.
  - a. Belly usually refers to emotion.
  - b. Bowels
  - c. Reins or kidneys.
2. The right lobe to the emotion is like the RM/RW.
3. 2 parts to the emotions.
4. Emotional revolt is when the emotions control the soul.
5. Magazine which shows that women have been great failures in the business world as executives. There is all of this emotional claptrap. A long-haired male is a soul in emotional revolt.
6. God has designed the right lobe to dominate the soul. By function, the emotion responds to whatever is in your right lobe. We all have emotions and they respond to specific things which are very different from others. Bob thinks there ought to be football all year round; and to eliminate basketball and other sports. Bob never got worked up over tennis. He was raised around tennis, in California. You cannot respond to what someone else likes. Bob cannot responds to what is called music. Your emotions merely respond to what you have in your right lobe. Oil companies and breweries get taxed the most.

7. Emotions are tested by God. I would guess that this test is to make certain that one's emotions and lusts do not control the person. Are we emotionally stable. Can we enjoy something to the maximum but are not overly influenced by that thing. Emotion does not think. Thinking feels; but feeling does not think. That is the issue in emotion. If you are a supergrace believer, then your emotions are under the control of the Word of God. The more doctrine in the right lobe, the greater the blessing in your emotional response.
8. Emotions can be destroyed. Just like when you reflux; the emotion is the same deal. Emotions backing up is like the bladder backing up. Pride, jealousy, etc. are sins that are related to emotional revolt. This is what happened to King Saul; this is why he tried to kill David. The man that comes to David with a false story does this in order to get something from David.
9. Emotions react to tragedy. Emotions do not have doctrine; they cannot think; they cannot respond to doctrine or to reason.
10. Emotion and romance.
11. Emotion stimulates happiness. It intensifies it.
12. Two dispensations are in view; the Church Age and the Millennium.
13. Emotion is not designed to make or form character; it can respond to character. Spiritually is without emotion. Emotion is merely a responder. Emotion is never spiritually. You can feel good or feel lousy and still be filled with the Spirit. Emotions cannot determine one's spiritual state. Emotion can react to the filling of the Spirit but it is not the filling of the Spirit. The best you can have is emotional revolt to the filling of the Holy Spirit, which may or may not occur. God made perfect environment.
14. The filling of the Holy Spirit in the Millennium will include emotion. This is because He is present on the earth and therefore, He is appreciated.
15. Emotion of the negative volition believer hinders him from learning doctrine.
16. Believers are commanded to separate from other believers who suffer emotional revolt of the soul.
17. This is taught as a doctrine. This is the 6<sup>th</sup> stage of reversionism.
18. Good reference: <http://www.biblenews1.com/emotion/emotion1.htm>
19. Better reference <http://www.gbible.org/index.php?proc=tvw&tid=5927>

### **The Doctrine of Emotions**

1. Emotion is defined as a complex, biological, physiological process or function concerned with somatic expression or feeling. Emotion can be normal or abnormal. The purpose of normal emotion is to respond to various thoughts in our souls by way of norms and standards.
2. Emotion is what is experienced as distinguished from cognitive and volitional states of consciousness. The frame of reference, memory center, viewpoint, norms and standards, and doctrine exist in the right lobe only. None of these exist in the emotions that are designed to respond to thoughts that emanate from them.

3. Emotions can respond to thoughts, but emotions can also function without thoughts. When emotions function without thoughts, it is abnormal emotional activity called emotional instability. It comes and goes with extreme rapidity.
4. Emotions contain no thinking, therefore they are not adequate guides for motives, decisions, and actions of the believer.
5. Normal emotional experience results in subordinating the emotion to the intellect. Abnormal emotional experience results in the soul subordinating the intellect to the emotion, or the emotion bypassing the norms and standards.
6. Positive response to the heart produces the spectrum of happiness in the emotions from tranquility to ecstatic. Happiness is there because of doctrine. But how do you know it's there? Emotions tell you, because of all of the responses from the whole spectrum of emotions.
7. There is no divine power in emotions. The power is in thought, and that thought must be Bible doctrine. Emotion has no spiritual connotation. Emotions are a stimulus for action, and therefore must be regarded as a form of human energy.
  - a. Emotional stress, for example, causes people to act on impulse. The emotion of fear, also a sin, causes flight. The emotion of disgust causes repulsion. The emotion of anger causes violence.
  - b. Instincts are reflex behavior based on emotion rather than thought. Emotion does not contain thought. Therefore, emotion is physiological and not spiritual.
8. Emotion does not contain the ability to reason. It does not contain common sense. It does not contain vocabulary as a tool for mental function. It has no doctrinal content. Emotion is related to human power and influence, but never to divine power and the mystery doctrine of the church.
  - a. Such believers make a god of their emotions, Phil.3:18
  - b. Such believers' emotional patterns distract them from the execution of the plan of God, Rom.16:17-18
  - c. Emotion hinders spiritual growth and application of Bible doctrine, 2Cor.6:11-12.
  - d. Such believers' unrestrained or uncontrolled emotional patterns are the basics for criminality, violence, hatred, anger, total involvement in the arrogance complex, which means bitterness, vindictiveness, jealousy, implacability, and self-pity.
9. Ignorance of Bible doctrine causes people to say things like, "You are not saved unless you feel saved; you are not spiritual unless you feel spiritual. Under some conditions, the use of doctrine in recall or application often causes an emotional response, and that is normal, but not necessary.
10. From: <http://www.gbible.org/index.php?proc=tvw&tid=5927>

David is saying that he can stand up under any pressure or difficulty in life. When you face a difficulty, the first place that you get hit is in your emotions. So this is where people collapse; they fall prey to their emotions.

David uses imperatives all the way through this passage. Vindicate me, O Lord, for I have walked in completeness of soul. This is integrity of the soul; and David has also been greatly prospered.

David tells God to test him.

Charlie Clough said, he was teaching David from the Hebrew and there were 5 families that just up and left. The time is coming when fundamentalism will be split right down the middle; grace versus legalism. The son of the bond woman always persecutes the free woman. We will see more and more of this great split. There will be a split between legalism on one hand and grace on the other.

Psalm 26:2 **Test me, LORD, and try me** [give me a vigorous examination]; **examine my heart and mind.**

**Examine me** {other way of saying test me - I want MORE Grace}, **O Jehovah/God, and test/prove me. Test/prove my emotions** {kilyah - idiom: literally means kidneys} and my 'right lobe'/heart {leb}.

{Note: David is saying he is ready for full capacity to enjoy life! Please give me even more grace! He has doctrine in his soul and 'his cup runnith over'. This is for our benefit - God always knew this!}

## **1Samuel 31 Psalm 26:(1-2), 3-4 72David**

**631\_0112**

**112 04/07/1974 Doctrines of grace and separation**

Psalm 26:1-2 **Vindicate me, LORD, because I have lived with integrity** [walked with my completeness] **and have trusted in the LORD without wavering. Test me, LORD, and try me** [give me a vigorous examination]; **examine my heart and mind. Vindicate me, LORD, because I have lived with integrity** [walked with my completeness] **and have trusted in the LORD without wavering. Test me, LORD, and try me** [give me a vigorous examination]; **examine my heart and mind.**

Completeness is integrity of soul; and a lack of vacillation. At a time of the lowest ebb of the monarchy, the next king would be promoted and become the greatest king of all Israel.

Psalm 26:3 **Because Your grace is before my eyes, and I live** [have walked] **by** [in, by means of] **Your truth.**

### **The Doctrine of Grace**

this is the principle by which we have functioned in the plan of God. We all function as full-time believers.

1. Grace is all that God is free to do for man on the basis of the cross. Grace is God's plan and His policy with regards to phase II with regards to our life on this earth.

2. The concept of grace follows the definition. Grace depends upon the essence and character of God. Grace never depends upon Who God is. It is grace that takes us from babyhood to spiritual maturity. God has made David a millionaire; God has provided social prosperity and sexual prosperity; and God has removed him from some very big jams. David has a right to demand certain things from God. He demands divine vindication. Fundamentalists have broken into the grace camps and into the legalist camps. There is a great split coming where the Legalists will line up and be very strange bedfellows; the holy rollers along side the very most formal groups. Every invitation to believe in Jesus is graciousness. Faith is a totally non-meritorious system of perception. That is grace. Eph. 2:8–9 Christian education stuff, which is goofy and does not belong in a church. Grace rejects the energy of the flesh. Man's works count for nothing. The greatest thing that God can do for any believer is to make him like Jesus, His Son. The first Adam lost the victory through the fall; and the last Adam won the victory through His Own free will. When we are saved, God gives us 36 things permanently. We share His righteousness and His election and His destiny. We share in the future, His kingship. We are in the palace forever. David became a king. We will see how he entered into royalty. When he died, he was simply a member of the family of God. We are royal family forever. Jesus is seated at the right hand of God, being a part of the strategic victory. Positionally, we are higher than angels. God is able to have a royal family because Jesus sits on the right hand of God. Grace and sanctification meet at the cross in phase I. However, never before in history has God taken up residence within man. Phase III is where we receive a resurrection body.
3. Every believer has tasted the grace of God at least once, the moment that we believed in Jesus Christ. The Father planned it and the Son executed the plan of God. All there is left for us to do is to believe in our Lord. We did not impress God by something that we have given up; we did not impress Him with anything that we have done. The problems come with the inconsistencies which have occurred afterwards. God is free to give us right now a wonderful life in the devil's world. We have heard braga monies about those who are mixed up about Jesus Christ. They think they have done something to gain God's grace. The big switch is after the person has believed in Jesus Christ and whether they move toward legalism or towards grace. None of these legalistic things have anything to do with God's plan. Bob got a letter from a theologian awhile ago, and he is all mixed up on the body of Christ. "There is something mysterious about the body of Christ." There certainly is; he hasn't studied the Bible for some time. When we take communion, we don't think that we are drinking in the blood of Christ.
4. The divine attitude is, God has set up great blessing for us in eternity past; and He is the One to do it; we do not do this ourselves. God is our host in the devil's world and He only pours when we have a cup to pour into.
5. All grace begins at the cross. The issue in our psalm is the phase II concept.

From the internet:

## Doctrine of Grace

- I. Introduction.
  - A. Grace is all that God has done to bring fallen and sinful man into a just, perfect, and eternal relationship with Himself, without compromising His divine attributes and totally apart from human merit and works.
  - B. Grace is the policy of God and the title of God's plan, (2Tim.1:9).
  - C. Grace completely excludes human merit and works as the basis of access to divine blessing, Rom.11:6 "But if it is by grace, it is no longer on the basis of works, otherwise grace is no longer grace"; Rom.4:4 "Now to the one who works, his wage is not credited according to grace but as what is due."
  - D. Grace benefits are bestowed on the basis of faith, Rom.5:1,2 "Therefore having been justified by faith, we have peace with God through our Lord Jesus Christ, through whom also we have obtained our introduction by faith into this grace in which we stand; and we exult in hope of the glory of God."
  - E. Faith must always be directed toward the teachings of Scripture to secure the grace benefit, Rom.10:17 "So faith comes from hearing, and hearing from the word of Christ."
  - F. All three adjustments to God are according to grace by faith apart from works.
    - 1. SAJG (salvation adjustment to the justice of God; Gal.2:16; Eph.2:8,9).
    - 2. RBJG (rebound adjustment to the justice of God; 1Jn.1:9).
    - 3. MAJG (maturity adjustment to the justice of God; Jam.1:21,22; 2Pet.3:18; see Doctrine of GAP).
  - G. Bible Doctrine is called "the word of His grace" (Act.20:32).
  - H. Grace can be rejected, which brings divine judgment, Heb.10:29 "has insulted the Spirit of grace".
  - I. However, grace always precedes divine judgment.
  - J. Certain phrases show the primacy of grace.
    - 1. "the grace of God" (Act.11:23; 13:43; 2Cor.1:12).
    - 2. "the word of His grace" (Act.20:32).
    - 3. "the true grace of God" (1Pet.4:12).
    - 4. "riches of His grace" (Eph.1:7; 2:7).
    - 5. "grace to you and peace" (2Cor.1:3).
  - K. Mercy is a synonym for grace (2Cor.1:3, grace in action).
  - L. Greek vocabulary.
    - 1. Verb, carizo,mai, charizomai, used 23X: grant, give, bestow on, deal generously or graciously with, forgive.
    - 2. Noun, ca,rij, charis, used 155X: grace, favor, gift, blessing.
    - 3. Verb, carito,w, charitoo, used 2X: to bestow on freely (Eph.1:6; Lk.1:28).

4. Noun, charisma, charisma, used 17X: gift; used of salvation and spiritual gifts.

- M. The Hebrew equivalent is *chen*, a noun: grace, favor, charm, etc. (Gen.6:8; Ex.33:12 in an expression "found grace").
- N. Grace exists in five general categories: saving, living, maturity, dying, and surpassing grace.
- II. Saving grace is all the Godhead has done to provide eternal salvation (Eph.2:5,8,9).
  - A. We were called by grace (Gal.1:15).
  - B. We were justified by grace (Ti.3:7).
  - C. All mankind are candidates for this grace (Ti.2:11; Heb.2:9).
  - D. This grace is realized only by faith (Rom.4:16).
  - E. This grace is not received by works (Rom.3:20,24; 5:15,16; 2Tim.1:9; Ti.3:7; cf. vs.5).
  - F. The SAJG is our access into all other spheres of grace (Rom.5:2).
  - G. This grace is called positional grace to the Royal Family (Eph.1:6).
- III. Living grace includes the believers physical and spiritual provision to make the MAJG.
  - A. The physical provision includes food, shelter, clothing, etc. (Mt.6:25-33; cf. 6:11; Phil.4:19).
  - B. Living grace includes deliverance and protection so that we can finish our course (2Tim.3:11; 4:7,8,17,18). We will be persecuted, but our enemies cannot keep us from the adjustments.
  - C. Living grace will be tested as with the Exodus generation. They flunked the test (Ex.17:2,7; Num.14:22; Ps.78:18,41,56; 95:9; Heb.3:9; Abraham in Canaan, Gen.12:10).
  - D. Living grace is provided for all men (sometimes called common grace; Mt.5:45; Act.14:17).
  - E. Living grace also covers all of the special spiritual assets associated with the indwelling of the Holy Spirit to the Church (Act.2:38; 10:45; Eph.4:7).
  - F. The completed canon, the local assembly, and the pastor-teacher are the grace heritage of the royal priesthood (1Cor.2:6-16; Eph.4:11).
  - G. We are to be content with our allotment (1Tim.6:8).
- IV. Surpassing grace blessings in Phase 2 (SG2) are the blessings, privileges, tests, and Phase 3 blessings associated with seizing and holding maturity.
  - A. SG2 results from maximum application of Bible Doctrine (BD) over the years (Lk.8:15; cf. vs.14).
  - B. Temporal (overt) prosperity will vary greatly from believer to believer (as illustrated from the extremes in Heb.11).
  - C. SG2 has been distorted into a "riches equals godliness" formula (1Tim.6:5; cf. 9,10). All mature believers will not have great wealth, perfect health, sexual prosperity, etc.
  - D. Passages like Mk.10:28-30 and 1Tim.4:8 clearly indicate the promise of temporal blessing for faithfulness.

E. The temporal blessings (beyond the living grace needs) will be tested. Example: Abraham in Gen.22.

V. Dying grace is the blessings associated with the believer's promotion into heaven (Phase 3). (Means of death is not an issue.)

A. It includes the spiritual stimulation associated with having a clear conscience regarding Most Pressing Responsibility (MPR; 2Tim.1:3).

B. It includes the fragrance of memories on the glory road (2Tim.1:3-5).

C. It includes the proper doctrinal perspective concerning Phase 3 (Ph3; 2Tim.4:7,8).

D. It includes the grace apparatus for perception (GAP) and divine good to the end (Paul executing his apostolic duties).

E. The alternative is the sin unto death (Prov.8:36; cf. 1Jn.5:16), which can be cancelled with reversion recovery (incestuous Corinthian).

VI. Surpassing grace blessings in Phase 3 (SG3) refers to the special blessings and rewards reserved for us in Ph3 (1Pet.1:4).

A. The terminology is taken from Eph.1:19.

B. It is available to all believers, but not all believers will receive it (1Cor.3:14,15; 9:24-27; Lk.8:14; Jn.15:5,6; 2Tim.2:5; Heb.6:7,8; Rev.3:11).

C. That which is done apart from the filling of the Holy Spirit (1Cor.13 "love") is rejected as human good (1Cor.3:12-15).

D. Bible Doctrine prepares us for every good work (2Tim.2:21).

E. There is a special category of SG3 for those who stick with MPR to the end (Heb.10:32-39; cf. 3:6,14; 6:11; Rev.2:26).

F. As the conflict intensifies, follow 1Pet.1:13.

VII. The Church Age is called the dispensation of the grace of God because of our positional truth (grace; Eph.3:1-9).

A. Union with Christ guarantees every grace blessing for Phases 1, 2, and 3 under the three adjustments (SAJG, RAJG, MAJG; 1Cor.1:4).

B. Each Church Age saint has access to this grace (Eph.4:7).

C. Paul (the worst sinner, and the twelfth apostle) received this grace in abundance (1Tim.1:12-16; 1Cor.3:10; Gal.2:9).

VIII. Old Testament saints were under Phase 1, 2, and 3 grace as illustrated by Abraham in Rom.4 (cf. Heb.11).

IX. Right woman is a grace provision (Prov.18:22). The Hebrew word ]x, chen, is translated "favor" in the New American Standard, but should be translated grace (cf. 31:30, where ]x is correctly translated "charm").

X. Grace orientation:

A. Is commanded (2Pet.3:18).

B. Is associated with correct prayer (Heb.4:16, "the throne of grace").

C. Should characterize the sacrifice of praise (Col.3:16).

D. Should characterize the sacrifice of giving (1Cor.16:3; 2Cor.8:1-9,19; 9:8).

E. Should characterize the sacrifice of thanksgiving (Heb.12:28; 13:15).

F. Should characterize all our speech (Col.4:6).

- G. Paul demonstrates his grace orientation as the super apostle (1Cor.15:10).
- XI. "Greater grace" is provided for the believer who puts the application of Bible Doctrine over personal interests, Jam.4:6 "But He gives a greater grace (mei,zona ca,rin, meizona charin.)"
- A. The believer who refuses to compromise his norms and standards with the cosmos comes under severe attack and pressure to conform (Jam.4:4).
- B. As he/she sticks with the divine viewpoint, refusing to quench and grieve God the Holy Spirit, relying on God for vindication, he/she is up for "greater grace" (the only time the word grace occurs in Jam.).
- C. Such a believer, who refuses to conform to societies' STA (sinful trend of Adam) standards and who bears up under testing, is called "humble".
- D. To that believer, God gives grace (Prov.3:34).
- E. The arrogant man rejects and rationalizes divine viewpoint, hoping to get along, but misses "greater grace".
- F. When you opt for the indwelling STA (flesh) over the indwelling Holy Spirit, you are arrogant and miss "greater grace".
- G. If you have been playing the arrogant world-ling by refusing to apply, implement Jam.4:7-9.
- H. And the promise of "greater grace" will be yours (vs.10; 1Pet.5:6).
- XII. Misapplications of grace.
- A. Sin so grace may abound. This is a distortion (Rom.6:1,2).
- B. Legalism distorts salvation and spirituality (Gal.1:6-9; 2:21; 3:1-3).
- C. The substitution of ritual for reality (Heb.10:29).
- D. Liberals who label homosexual perversion along with right man/right woman as grace (Jd.4).
- XIII. A description of believers who reject true grace (1Pet.5:12).
- A. Receive the grace of God in vain (2Cor.6:1; cf. Gal.2:2; 3:4; 4:11).
- B. Fallen from grace (Gal.5:4, legalism).
- C. Come short of the grace of God (Heb.12:15, mental attitude sin reversionism).
- D. Insult the Spirit of grace (Heb.10:29).
- XIV. The Lord is the supreme example of grace because He was totally aware of, and committed to, all truth (Jn.1:14,17); the First Advent epitomizes grace orientation under the hypostasis and is the example for grace giving (2Cor.8:9).
- XV. Israel's election is based on grace (Rom.11; cf. vs.5, "election of grace").
- XVI. New Testament exhortations related to grace.
- A. We are to grow in grace and knowledge (2Pet.3:18). This is the highest Biblical imperative, (MPR).
- B. We are to be strong in the grace of God that is in Christ Jesus (2Tim.2:1).
- C. We are to continue in the grace of God (Act.13:13, of the Galatian churches before reversionism).
- D. Stand firm in it (1Pet.5:12). Believers are under persecution from the cosmos.

XVII. The salutations and benedictions in the epistles emphasize both the external provisions as well as the mental attitude.

A. Salutations include: Rom.1:7; 1Cor.1:3; 2Cor.1:2; Gal.1:13; Eph.1:2; Phil.1:2; Col.1:2; 1Thess.1:1; 2Thess.1:2; 1Tim.1:2; 2Tim.1:2; Ti.1:1; Philm.3; 1Pet.1:2; 3Jn.3; Rev.1:4.

B. Benedictions include: Rom.16:20,24; 1Cor.16:23; 2Cor.13:14; Gal.6:18; Eph.6:24; Phil.4:23; Col.4:18; 1Thess.5:28; 2Thess.3:18; 1Tim.6:21; 2Tim.4:22; Ti.3:15; Philm.25; Heb.13:25.

C. The last verse in the Bible deals with grace, Rev.22:21 "The grace of the Lord Jesus be with you all.

From: [http://gracebiblechurchwichita.org/?page\\_id=152](http://gracebiblechurchwichita.org/?page_id=152)

### The 7 Axioms of Grace

1. God is perfect and His plan is perfect.
2. Since God's plan is perfect, then it must function outside of our own limitations. God must do the working and we must stay out of his way.
3. If man can do anything meritorious in the plan of God, then the merit of the individual cannot be a part of it.
4. A plan is not stronger than its weakest link. All human merit is eliminated. Any bleeding hard is in reversionism.
- 5.
6. The work of human righteousness has no place in the plan of God.
7. Therefore, all human good is associated with the greatest of all mental attitude sins.

The pride of the believer who rejects eternal security. Such a person thinks that his sins are greater than the plan of God; and God did something to save him, but he can out think God in order to cancel out all that God has done. Rationalistic super pride. He is so arrogant that he thinks what he does is more important than what God does. Or the person who succumbs to outside pressures and personal sufferings. The pride of pseudo-spiritually. Some system of speaking in tongues or some asceticism assumes that he is making some contribution to the plan of God.

[He has pursued us with grace in the Beloved.](#) Under grace, the believer always reaps what God sows.

Vindicate me, O Lord, for I have walked in completeness, for I have trusted in the Lord without vacillation. You can trust my emotions; I am ready for it. Your grace is always before my eyes. Your grace is my perspective.

[For your 'grace in action'/lovingkindness {checked} . . . {is} before my eyes {meaning your grace is my constant perspective} . . . because I myself have walked in Your Doctrine/Truth {emeth}!](#)

{Note: Doctrine in your soul is the only way you can respond to God's love for you! You are not rewarded because you have doctrine. You are only rewarded WHEN you have the

capacity to enjoy what God wants to give to you as His grace gift - you never earn it or deserve it! It is a grace operation all the way!}

Men of emptiness; they are empty of doctrine; so this is a technical term for reversionism.

The key to this verse is showal, which refers to the reversionist believer. The worst problem that we will ever have is to associate with a reversionist.

### Separation

1. God the Holy Spirit is resident in the body and this overflows to the soul. The filling of the Holy Spirit results in the proper function of the royal priest. The filling of the Spirit is God the Holy Spirit controlling the soul. The Holy Spirit is the missing link. He puts the correct doctrine on the launching pad.
2. Separation must be understood in terms of believers first. From certain kinds of carnal believers first. Separation from reversionistic believers. From various forms of emotional reversionism.
3. Separation related to our social life. From the fast crowd. The superficial social life.
4. Separation from unbelievers. Believers are in the world but not of the world.
5. Separation from worldliness; which is a mental attitude only. It is not something that people do.
6. Separation from religion and apostasy.
7. PDF of this: <http://dikaosune.com/documents/DoctrineofSeparation3.pdf>

Psalm 26:4 I do not sit with the worthless [evil ones; reversionists] or associate [go] with hypocrites [phoney hypocrites].

### Doctrine of Separation

1. Separation is the technique of switching from personal love to impersonal love when dealing with friends or loved ones in the cosmic system.
  2. It is a necessary application of doctrine by which one maintains the right priorities in life by disassociating himself with anyone who becomes a hindrance to his spiritual momentum.
  3. It has nothing to do with your feelings about another person.
    - Some people fail to separate when they should because they allow their strong feelings about the other person to get in the way.
    - Others separate when they shouldn't because they allow their animosity towards a person influence their decision.
  4. Separation is applied to both unbelievers and believers in the cosmic system who seek to influence the believer in a negative way. Therefore, there must be separation from reversionistic loved ones (but it does not have to be physical separation).
- There are two categories of separation from people.

### Mental separation

1. In mental separation, there is one-way antagonism from those in the cosmic system toward you. Your application of unconditional love protects you from becoming antagonistic toward them..
2. In the context of Mt 10:34-38, certain loved ones or friends become involved in the cosmic system. You have the alternatives to allow your relationship with them take priority over your relationship with Lord, or you can take up your cross (mental separation) and follow the Lord.
3. Their influence can be so great on the believer that he is tempted by their love to join them in the cosmic system.
4. To avoid this negative influence, the believer must maintain the right priorities by mental separation, switching from personal love to unconditional love.
5. Mental separation emphasizes the integrity, honor and doctrinal application of the believer residing inside the divine domain.
6. Unconditional love is immune to those who are residing in the cosmic system, who are reversionistic and antagonistic to doctrine.
7. It functions on its own integrity and perpetuates its own objectivity from the intake of doctrine.
- 2
- 2
8. It emphasizes personal love for God while setting aside the functions of personal love for friends or loved ones.
9. Mental separation, in contrast to physical separation, is therefore a separation which avoids maligning, judging, hating, criticizing, seeking revenge, hurting those with whom you've been intimate in the past.
10. Mental separation avoids destruction of the spiritual life.

### Physical separation

1. There are some cases where switching from personal love to unconditional love is not enough. For example, getting false information in the local church. You must leave physically as well as under the principle of unconditional love. Another example, when a woman is used as a punching bag by her husband, she should leave.
2. When some form of tyranny says, "No you cannot go to church," then physical separation is demanded.
3. Physical separation means to avoid any personal contact with a person under nearly any circumstances. You regard that person as dead.
4. This means severance of all relation with that person of any kind.
5. Physical separation is sometimes needed to maintain one's priorities and to use one's volition to keep his spiritual momentum moving forward.

## The Function of Separation

1. You may avoid people or hate people due to mental attitude sins (MAS) but you are not practicing Biblical separation as taught by the Word of God.
2. True separation is impossible without the filling of the Holy Spirit, doctrine in the soul, and the consistent intake of Bible doctrine.
3. 2 Tim 3:5, "They [believers and unbelievers in the cosmic system] hold to external forms of godliness, but have renounced the power of that same godliness; you also be turning yourself away from these men."
4. 2 Thes 3:6, "Now we command you, brethren, in the name of our Lord Jesus Christ, that you separate from every believer who leads an undisciplined life [wrong priorities], that is not according to the tradition you have received from us."
- 3
- 3
5. 2 Thes 3:14, "If anyone does not obey our doctrinal teaching in this epistle, take special note of that person and do not associate with him, so that he may be put to shame."
6. Rom 16:17-18, "Turn away from them" is physical separation from troublemakers.

## Discernment in separation

1. When to separate and when not to. I Cor. 5: 9-13
2. Rom 12:1-3. If you fail in the matter of separation, you will think about self in terms of arrogance.
3. Separation is thinking about yourself in relation to others apart from arrogance.
4. The first prerequisite for proper separation is a good sense of humor. By switching from personal love to unconditional love you must let go of your illusions about people you have loved.
5. Separation demands understanding permanent priorities Jn 2:15-17. Your permanent priority is your daily function inside the divine domain, while avoiding at all costs any prolonged stay in the cosmic system.
6. Separation from unbelievers inside the cosmic system Taught in 2 Cor.6:14:17. Every time you hook up with something or someone in the cosmic system, you are in partnership with the cosmic system. This is why you are given the order: "Therefore come out from among them."
7. Separation is important in social life Jer.15:16:17; 1 Pet.4:3-4, Eph.5: 6-12
8. The believer is to separate from a superficial social life, the fun crowd. The party crowd always has a false scale of values. They emphasize the

details of life and non-essentials as most important.

9. The believer is to separate from the "fast crowd." There comes a time when the believer grows spiritually, and his first function is to separate from the crowd that use to lead him in the wrong direction.

10. Separation from those who embrace false doctrines. 2 Jn.1: 7-10

11. The believer is to separate from violence and criminal activity, Prov.1:10-19

- Separation from carnal believers - I Cor. 5:10-11

- Separation from believers who are indifferent to or reject Bible doctrine - 2 Thes. 3:6, 14 & 15

- Separation from believers who make their emotions the criterion for life - Rom. 16:17-18

- Separation from the fast crowd - I Peter 4:4, Prov. 1:10-19

- Separation from human viewpoint thinking - Rom. 12:1-2

- Separation from unbelievers where doctrine is compromised 2 Cor. 6:14, Heb. 13:13

- Separation from religion and apostasy - 2 Cor. 6:17, 2 Tim. 3:5, 2 John 1:7-10

from: <http://dikaosune.com/documents/DoctrineofSeparation3.pdf> where there is more information.

Psalm 26:4 I do not sit with the worthless [evil ones; reversionists] or associate [go] with hypocrites [phony hypocrites].

4~~I do not sit/consort/'have social life/'dwell in prosperity' {yashab} with scoundrels/'men of evil'/reversionistic believers {shav' math - idiom: literally 'empty of content in their speech' people}, and I do not go with phony hypocrites {`alam}.

**1Samuel 31 Ps. 26:(4), 5-7**

**72David**

**631\_0113**

**113 04/07/1974 Review of the doctrine of separation; doctrine of rebound**

Psalm 26:4 I do not sit with the worthless [evil ones; reversionists] or associate [go] with hypocrites [phony hypocrites].

### **Doctrine of Separation**

1. Separation is a decision or an action that stems from maximum doctrine in the soul. It is a decision, an attitude or an action which comes from the doctrine of residency. Filling of the Spirit + the application of the proper doctrines.
2. Separation which involves other believers. This is important because there is an emphasis of separation from unbelievers.

- a. Separation from certain types of abnormal carnality. Incest; homosexuality, or being a traitor.
- b. Separation from the reversionistic believer.
- c. Separation from the various forms of emotional reversionism like holy rollers; emotional legalists, do-gooders, etc. the emotional crowd.
3. Separation when it comes to social life. Bob tries to couch this with some obscurity. These points are a combination of obscurity and clarity.
  - a. Separation from the fast crowd. You have to dig this out a little bit for yourself.
4. Separation from the unbeliever. This must be predicated on the concept of the believer being in the world but not of the world. We have contact with unbelievers all the time. There are unbelievers in your platoon, your flight, your squadron, you class, etc. You do not separate yourself from your business. You live with and among unbelievers. The royal family separates from unbelievers where doctrine is compromised. This means a believer does not marry an unbeliever. This would exclude some business partnerships, some fraternities and some social organizations. It is whenever doctrine is compromised.
5. Separation from worldliness is not an action or a deed. Worldliness is something that you think. Rom. 12:1–2 it is the phrase the *renewing of your mind* that is important. This takes place firstly in the soul. The believer must separate from any group of people that keep him from getting doctrine from his right pastor. This can even be a service organization. They have nothing to do with the local church. Whatever keeps you from doctrine you should separate from.

Psalm 26:4 I do not sit with the worthless [evil ones; reversionists] or associate [go] with hypocrites [phoney hypocrites].

Some pastor teachers think they need to lean on something, like a service organization. That should not be the mental attitude sins of a preacher. As a rule, a pastor should avoid joining organizations.

Qal perfect of sana, which is righteous indignation.

Psalm 26:5 I hate a crowd of evildoers [those who cause or plot evil], and I do not sit with the wicked.

Vindictive organizations, when they get into power, look to take out this or that group of people.

The Roman Catholic church empowered Torquemada. He set up an inquisition to destroy the Jews. It is a disastrous thing for a politician; and some spend much of their time paying off political debts. We consequently face the serious problem that no one comes into office free, as David comes into office. He comes in free from entanglements. When he becomes king, the people will have true freedom and they will be free from proscription. History is filled with men who have had great leadership abilities, but if they have some sort

of responsibility to this or that organization, that organization can ruin their leadership. This is what happened to the iron brigade. The general in charge of that brigade was a political appointee. Thousands of men died because of this principle. When a man comes to power, he must be free from prejudice.

A new executive takes over and he sets these cliques and the old clique aside, and the new one might be filled with mediocre types. A man who becomes the head of a large company, he must be unhindered with owing people this or that. More local churches have suffered from female dictatorships. This is why women are not supposed to be in charge of anything. They always cater to a clique or a group. Nothing is worse than henhouse-ocracy. You should ask yourself, do you have the tendencies to be a dictator.

Some of you think of yourselves as easy-going and happy-go-lucky; but, suddenly, out steps the tyrant monster (e.g., when you have to discipline and control your children). Some of you might be the neo neo nazi party when you get enough power.

I have detested/hated the company/assembly of those who plot and execute evil, furthermore, I will not sit/consort/'have social life'/ 'dwell in prosperity' {yashab} with the wicked ones {rasha`}

1. David has refused to build his happiness on someone else's unhappiness. He had 2 opportunities to kill Saul and yet, he chose not to. The other part of this is to have thoughtfulness; to recognize that other people have feelings and sensitive to others problems.
2. David refuses to be used by the pettiness and vindictiveness of others.
3. He has separated himself from those who are vindictive or those who would use him or those
4. David has chosen not to step on others for his success. Chase in Lincoln's cabinet wanted to be president more than anyone else. He once hooked himself up with General Hooker, who was lousy with an army. Disaster resulted. When people are ambitious and greedy and they have great power lust and they suffer from egomania, only Julius Cæsar matched this. He was a fantastic person in this area of leadership. David will be the greatest ruler of all time. We have true greatness in the making here. David does not depend upon others for his promotion or success so he has no debts to pay when he becomes king.
5. He does not use the influence or power of evil men to get ahead. Therefore, he is not obligated to them. This has trapped every president from Woodrow Wilson to today. When men have wealth they often want to exert their influence in another way, so they try to influence those in power, like the president. In effect, many presidential candidates do sell their souls to get their position. David did not use wicket men to get ahead.
6. David can say with a clear conscience that only God can and will promote him. David has not compromised the principles of his life.
- 7.
8. David separates from those who plot and practice evil. He will therefore never be guilty by association.

The worship of David is more important than the other things. V. 4 is the principle of separation.

Here, we get to an entirely different principle. Washing the hands comes from the brazen laver, which was out with the altar out in front of the tabernacle. The priest washed his hands before he did anything. The speaks of rebound just as the altar speaks of the cross.

### **Doctrine of Rebound**

1. Rebound is a technical term for a whole principle of theology. In this dispensation it is the recovery of fellowship and the filling of the Spirit.
2. The concept; rebound must be understood in the light of relationship with God. We can live with a sin nature that takes control of the life; and yet we can still function. Our concept of rebound is more than restoration of fellowship; it is also restoring the ministry of God the Holy Spirit.
3. The frame of reference is the efficacious death of the Lord Jesus Christ for our sins. Jesus bore our sins in His Own body on the tree. Christ was judged for known sins and unknown sins on the cross. When we name our sins, the unknown sins are also forgiven.
4. The principle is we can commit a sin tonight, name it and be forgiven. This is because it was forgiven 1900 years ago on the cross. \
5. Rebound means restoration of fellowship with God; but in this dispensation, it also has to do with filling of the Holy Spirit. Prov. 1:23
6. Eternal security is always a prerequisite for understanding the rebound technique. Such sin is carnality; not a loss of salvation.
7. Mechanics are specified in 2 verses 1John 1:9 1Cor. 11:31 how you feel about your sin is not the key. You are forgiven because you name it. There is no breast beating or self-flagellation that is involved. Self judgment is another way to describe this.
8. Once you have confessed a sin, then you are commanded to forget it. You are not to look back. You will have others who might remind you, but you keep moving forward. You need to make certain that you do not ruminate on that sin.
9. Carnality and reversionism result in divine discipline. Heb. 12:6 if you don't rebound, God will discipline you; it is a different way that He expresses His love.
10. The principle of discouragement to rebound. Legalism discourages rebound. Many people think that rebound is for believers in this dispensation only. It is also in the Old Testament as well. Prov. 28:13 with the OT types, it means that they are back in fellowship.
11. Biblical synonyms:
  - a. Confess.
  - b. Judge yourself.
  - c. Yield in the aorist tense.
  - d. Lay aside every weight.
  - e. Be in subjection to the father of lights.

- f. Lift up the hands that hang down.
  - g. Make straight paths for your feet.
  - h. Arise from the dead.
  - i. Put off the old man.
  - j. Acknowledge your iniquity.
12. Helping others to rebound is a grace function. Gal. 6:1 you must be in fellowship yourself. Grace orientation applied; reward to help others to rebound.

Compassing the altar? The idea is to surround the altar with offerings. It refers to the Levitical offerings. Sin offering for an unknown sin.

Psalm 26:6 [I wash my hands in innocence and go around Your altar, LORD,](#)

6~~I will wash my hands in purity/innocence {niqqayown}. and, O Jehovah/God I will surround {with rebound offerings} Your altar.

David now gives us a reason for all of this. This is a purpose clause. You have to be in fellowship to praise the Lord. Saphar usually means to write or engrave. In the Piel, as here, it means *to recount*. Kala in the Niphal means something above and beyond. Extraordinary. It is all the provisions of grace in eternity past.

Psalm 26:7 [raising my voice in thanksgiving and telling about Your wonderful works](#) [God's grace provision].

7~~That I might proclaim with a voice of praise/thanksgiving. That I might recount all of your 'extraordinary grace provisions' { pala'}

would this be embarrassing for David to be the king of Israel and still on the side of the Philistines who went to attack King Saul?

One must be in fellowship to function in worship.

What does v. 8 mean? There is no Temple and the tabernacle is scattered.

**1Samuel 31 Ps. 26:8-12**

**72David**

**631\_0114**

**114 04/08/1974 Refuge is doctrine**

Private Kelly and the medal of honor. He converted mortar shells into grenades. Great ingenuity.

Psalm 26:1-7 [Vindicate me, O Jehovah, for I have walked in my integrity \[completion\]; I also have trusted in Jehovah; I shall not slide. Examine me, O Jehovah, and prove me; prove \[or test\] my reins and my heart. For Your mercy is before my eyes; and I have walked in Your truth. I have not sat with lying men; and I will not go in with hypocrites; I have hated the assembly of evildoers, and I will not sit with the wicked. I will wash my hands in](#)

innocency [rebound]; so I will go around Your altar, O Jehovah, to cause to hear with the voice of thanksgiving and recount all Your wonderful works [grace provision].

David will get out of fellowship; he will sin and he will fail; but he has an attitude which he will keep. Psalm 90, 91 have this same word. This has nothing to do with the Temple; but it is related to Bible doctrine. The parts of the Tabernacle are pretty much scattered at this point. The Philistines have the Ark of the Covenant? There is no assembled Tabernacle.

Even the most obnoxious of us will have a friend. Most of our illusions in life are delusions; and what straightens everything out and makes life worthwhile is Bible doctrine in the soul; that changes everything.

Bob had a wonderful, well-adjusted childhood. He did not go without meals except being licked so bad he didn't feel like eating. Came from a wealthy situation. Grew up in the #1 city in the country and the #1 high school, academically. He had every advantage of life.

David took his lumps and had a variety of experiences; but he knows that doctrine is the key. The house here is really doctrine. That is where he takes his refuge. This is something that he carries with him. Survival classes; but the true kind of survival is doctrine in the soul. That is the real survival pack. You can ask yourself, just what kind of a pack are you carrying? It is your emergency kit. No one can reach into your soul and take it from you. You can take your doctrine with you. Once doctrine is more important in your life than anything else, then you have reached the right place. It is imperative that you understand that it is not everyone who loves doctrine.

Doctrine is usually much easier to get than the things that you want. Your pack or your kit is the Bible doctrine in your soul. The habitation of His glory. After salvation, if you want to enjoy life, you must get doctrine. Unbelievers can have fun without it.

David lost everything, along with everyone else. But he had doctrine in his soul and he reaches into his soul and pulled out Bible doctrine. All of these great future generals were laying about whining.

You have exposed yourself to doctrine, so you can demand from God, as David did, "Vindicate me, O Lord." The attitude expressed in this verse is David in the Ziklag operation. David lost everything momentarily. He lost his wives, his children and even his clippings. He recovers without any damage being done. None of his children were harmed and none of his wives were raped. And he gained a great deal more. He liberated a great deal of wealth. Solomon's wealth was one of the greatest fortunes in history. We do not have men of wealth today like David and Solomon. David recovers all that he lost and had the basis of a great fortune. At this time, because David gave much of this away and is probably worth \$10 million. Solomon will buy all kinds of things; but they will not bring him any great happiness. Solomon can't enjoy it. If you want to enjoy anything in life, you need doctrine. You can dump a few million dollars into the laps of some believers and they can enjoy it; however, the same may not be true of the believer. The believer cannot have

all of these things without doctrine and be happy. The unbeliever can be happy with these things; and unhappy after awhile and unhappy if he loses them.

God has a great sense of humor. Some of you women are here to get a man. You heard that there is a lot of great guys in Berachah. However, even with your RM, you can be miserable, if you lack Bible doctrine. You take your good times with you because you have doctrine in the soul.

David is about to go from one supergrace blessing to another. He is about to be promoted. A messenger will come to him with the tragic news of Mount Gilboa. Saul was without doctrine and he died the sin unto death; David had doctrine in his soul and he would be promoted.

Psalm 26:8 **LORD, I love the house** [refuge, habitation, place of security] **where You dwell, the place where Your glory resides.**

Oh Jehovah/God, I love the refuge of Your House . . . even the place of the habitation of Your glory.

Because of Bible doctrine in his soul, David is associated with those who love Jesus Christ but are in the world. In dying, David will want the same. He is actually thinking about dying. He does not want to die the way that Saul has died. David will die in between two teenaged girls in bed. Don't try to read ahead. Charlie Clough called Bob up about that passage and said, he lost a couple of church members over it. David is very impressed with the horrible death of Saul. Bob recalls the first dead person he had to deal with, someone whose chute didn't open. Bob knew the guy before he was just spleen and guts. One moment he is a handsome, personable young man, and the next, he is splattered all over the landscape.

You may think, "Don't let me die in that way" but all David is concerned with is, "Don't let me die like a reversionist." So David is impressed by Saul's horrible death. Believers without doctrine will eventually go out in a horrible way. David wants no association with them in life or in death. You may think that it is great to be associated with all of these phoney hypocrites, but it is disastrous.

David is no doubt thinking of Jonathan as well, who died in association with Saul.

Psalm 26:9 **Do not destroy me along with sinners, or my life along with men of bloodshed** [bloods, violence]

You live with the scars of the thing that you did. David does not want to be identified with this kind of a person in life and in death. The men who died, many of them were lawless men. People sometimes get involved in mass rioting; sometimes, they have no interest in this sort of thing on their own, but they become involved when they are with a mob.

They use bribery to get away from justice. David does not want to hang out with such a group. Lawless, rape is used; lawful, bribery is involved. The two go hand in hand when a nation is in reversionism.

Saul has seen a rise of crime, murder and rape. The judges have been bribed to give light sentences to criminals. So the judicial system in Israel has been corrupted. Bribery is an illustration of this. When a nation become apostate and reversionistic, the judicial system to control crime becomes corrupt, which increases the crime. There is a complete breakdown in the function of the laws of divine establishment. This is demonstrated by and reflected in the military disaster which overtook the military on mount Gilboa.

Psalm 26:10 **in whose hands are evil schemes [is rape], and whose right hands are filled with bribes.**

9-10~~Do not take away my soul { nephesh} along with sinners, nor . . . {snuff out}my life {chay} with 'men of bloods' {murderers} 10~~ . . . in whose hands is rape {zimmah}, and their right hand has been filled of bribes.

Now we get to the tactical victory of the supergrace life. Halak means his modus operandi for the future. David walks in integrity, completeness and prosperity. David recognizes that only in supergrace status does he function as the head of the Jewish army. However, Jesus Christ is the commander-in-chief of the Jewish army.

David knows that he is the next king, but he does not want to end up like the previous king. The principle is, grace promotion demands grace function. To be promoted by grace is the challenge to function on the basis of grace. David is challenged to function as a king by means of grace.

Will success destroy David, is the question he asks right here. David uses the Qal imperative of *to preserve*; he is asking to be preserved from having to die a horrible death because he is without doctrine. David is referring to himself. He anticipates pressures and difficulties. You either go forward or backward in the spiritual life. No believer with integrity can afford to fall into reversionism. The request has Saul in mind. The more you are promoted, the greater are the demands of doctrine from your soul. God's sense of humor manifests itself again. The maintenance of the supergrace life.

### **Some Closing Points**

1. The higher the promotion, the more you need grace consciousness to miss the traps of reversionism.
2. The believer without this is finished.
3. David has Saul in mind. Saul switched to his own human resources.
4. David recognizes every aspect of grace in the office of king given to him by God.
5. A gracious promotion demands grace function; and this demands more and more doctrine.

6. This second request indicates David's application of doctrine to his promotion. He cannot be king of Israel without graciousness from God.
7. He has no illusions about himself or his ability.
8. It must be grace or God's grace provision. Human scintillation will not meet the demands of high office.

Psalm 26:11 [But I live with integrity; redeem me and be gracious to me.](#)

11~~But as for me, I will walk 'in my SuperGrace status/' 'without blame'/'in integrity' {tom}. Preserve me and be gracious to me!

David's foot stands on a level place; in a secure place. He is conscious of what he has in his soul by means of doctrinal assets. He stands at a level place because he has been promoted by God.

Psalm 26:12 [My foot stands on level ground; I will praise \[Piel stem means \*to celebrate\*\] the LORD in the assemblies.](#)

David is ready to take office.

12~~My foot stands in a level place. In the public convocations, I will celebrate {Who and What} Jehovah/God {is}.

Translation reviewed.

**1Samuel 31 Psalm 11:1, 2**

**72David**

**631\_0115**

**115 04/09/1974 Doctrine of occupation with the Lord Jesus Christ**

Lt. Richard Shay.

This is the 2<sup>nd</sup> psalm on our way to 2Sam. 1. This is a record of what David thought before he became king in Judæa.

It takes a lot to be a choir director; this takes a tough leader who knows more than all of his musicians. Learning to play a musical instrument requires a great deal of dedication and concentration. Great self-discipline. However, they cannot bring this over to group discipline.

Easter cantata, which is a mess; the choir goes on and on and the preacher stands up and gives a 15 minute gospel message.

This actually reads, *to the one who excels, to David*. David is exhibiting great confidence and confidence is not arrogance. David was in supergrace in Psalm 26 and here, the country is in crisis, and he knows that he is the man for the job. David is saying, "I have been practicing and practicing and I am ready." When the crisis hits, the person ready for the crisis is the one with doctrine in his soul. The women used to come out and greet their bf's, who come from other nations with all of these things that they got; but now, the enemy armies are coming into these

towns and raping the women. David's army is the last thing between the survival of the nation and total disaster.

{Note: The psalms often begin 'to the chief musician'. But here, RBT says natsach in the piel stem means to the 'one who excels' meaning David himself. He is not boasting - this is the confidence of David. Instead he is recognizing the fact that he has bible doctrine in his soul. The country is in a mess and David knows he is the man for the job of fixing it all up!}

Psalm 11 inscription [For the choir director. Davidic.](#)

David has been faithful in the function of gap. We have a verb for *faith* here.

these are the only 2 military organizations in the land which can provide any protection for the people.

there is a vast difference between arrogance and occupation with Christ.

#### **Occupation with Christ**

1. This is the maximum expression of category #1 love toward God. David had great capacity for love. He could be occupied by the Person of Christ and he could make permanent lifetime friends. Deut. 6:5 God is the object of our attention as the only celebrity.
2. Occupation with Christ is related to the function of gap. It is impossible to respond to God's love without odc in the soul. It is one thing to be saved and another thing to be occupied with God. Eph. 3:18–19
3. Occupation with Christ is the motivator for the preacher.
4. Illustration of occupation with Christ. RM/RW
5. Occupation with Christ is related to the strategic victory.
6. The permanence of category #1 love is based upon God the Holy Spirit. This guarantees and eternal love relationship between the believer and Jesus Christ.
7. The title here is friend of God; maximum category #1 love. Abraham was called this. James 2:21–23 You cannot love what you do not see, do not know, or that which is abstruse and nebulous. The harder some people work, the less that they love God. You need doctrine in the soul to love God. Running around doing things is not what love is. Without knowledge of God, you cannot love Him. It is easy to love God in heaven; it is much more difficult to love God when we are here on earth.
8. Characteristics:
  - a. Supergrace believer contributes to national blessing. David will contribute as a supergrace believer. At the right time, David goes into action.
  - b. Provides courage and victory in battle. Joshua 23:10–11 you can have a great courageous army, but they can lose in battle because they lack good leadership. The army has taken all of their aviators and has put them into civil Courageous men can be killed in battle if they lack good tactics. Saul, by bad tactics, squandered the manpower of Israel. If we go to war right

now, there will be mistakes like you cannot believe. Just give an army a stupid leader and they will be wiped out. Burnside was the worst. And he grew sideburns. He was the worst man to put on a uniform. He just made a frontal attack and caused the decimation of. Hooker froze up under pressure. Great battles do not depend upon sergeants, lieutenants and captains; it depends upon brigade commanders. We have the dumbest generals ever. Stupidity rises to the top; so men who are very courageous are wiped out by terrible superior officers. Gates was terrible and he was promoted over the greatest general at that time. Benedict Arnold was the smartest general that we had. You cannot have stupid leadership with brave men. Lee had a great officer shortage. He said the confederate army men were the greatest soldiers on earth. Lee and Jackson were the greatest when it came to strategy and tactics. When you destroy the vitality of youth, then all that is left is the scum and many nations never recover that that.

- c. Leadership ability.
- d. It leads to preservation and prosperity.
- e. Occupation with Christ in the area of prosperity; and the rise of our industries is often based upon believers. Eli Whitney invented the revolver. First person to find out that you don't have to ram a ball into a flintlock pistol.
- f. Associated with stability and happiness.
- g. With supergrace blessing.
- h. Minimizes suffering.
- i. Glorifies Christ.
- j. Occupation with Christ begins at the believer's entrance into the supergrace life.

The basis of David excelling is his confidence in the Lord. Occupation with the Person of Christ

David gets bad advice. How can you all say to my soul. Don't get your loot mixed up with your doctrine. If you have a lot of doctrine, you will get mixed up about your loot.

David knows tha there must be a time when he stops running. If God can provide wealth, then certainly God can provide protection as well. All these liberals in school; but then when they became rich, they became very conservative.

### **Conclusions**

1. At this time, all Israel is running away. 1Sam. 3`7
2. The Philistines have conquered much of northern Israel.
3. David receives some advice with a temptation to secure his wealth and flee to the mountains.
4. But God is the source of this supergrace prosperity. Therefore, you cannot secure wealth by running away.

5. God gave prosperity and wealth to David and God can take it away as well. The giver is the source of the security for that which he has given.
6. David is tempted by human viewpoint to get his eyes on the blessings of supergrace rather than on the author of supergrace.
7. It is the giver who counts; not the gift. David will not retain his wealth by running away.
8. Therefore, David recognizes human viewpoint and identifies it as bad advice. Bad advice was based on fear of losing this wealth. In the next verse, bad advice will be based on losing one's life.

Psalm 11:1 I have taken refuge [I have confidence] in the LORD. How can you say to me, "Escape to the mountain like a bird!"

{Title} To the one who excels . . . to David.

I have confidence {chacah - a grace orientation verb - faith in the sense of having a strong form of confidence} in the Jehovah/God.

How can you all say/'make comments' {David's 'human viewpoint' advisors telling David to run and hide} to my soul {referring to the intellect of the soul here}, "retreat/flee as a bird to your mountain?"

{Note: Chacah was the Hebrew word used to describe the situation where a rabbit would run into a crack in a rock to get out of the reach of the fox! It means to protect from danger. God is David's rock.}

{Note: At this point in time, David's advisors are now rich men. They don't want to risk losing it to Saul or even dying now that they are rich! They advise David to run and hide when David knows now is the time to stand and fight!}

The bad advice continues with loss of wealth and property and loss of life. They started out by advising because they were afraid of losing their property. Make a person successful and the occupational hazard is, they become afraid of losing what they have. The supergrace believer is a gainer; he is not a loser. Only God can take away. They don't have to be afraid of the enemy. Therefore, they need the fear/awe/respect of God. The only thing you need to be concerned about is occupation with Christ and category #1 love. Whether God gives money, wealth, promotion, or whatever, the retention of these things does not depend upon man's ingenuity or plans. It always depends upon God's grace. God gave it and only he can take it away.

Divine blessings are retained on the basis of grace; who and what God is. Therefore, everything depends upon God as the giver. Disaster and catastrophe bring out the weakness of the weak believer.

What is a strong believer? This is a supergrace believer. He has maximum doctrine in his soul. He has the maximum application of doctrine in his soul. He has the maximum use of the divine viewpoint in life and of the faith-rest technique. He produces maximum divine good.

What is a weak believer? A weak believer must not be confused with a new believer. New believer has not had a chance yet. He is a reversionist. He uses his own norms and standards. He lives by his feelings, his traditions, by his prejudices, rather than by Bible doctrine. He is disoriented to grace. He is fettered by taboos. He is loaded with them. Taboos are things that people say are wrong and they come from religious customs. As soon as the weak believer has anything, he pulls up in a state of terrible fear and by human means; and holding onto what he has becomes an obsession. He always persecutes the strong believer. He rejects doctrine and he rejects rebound. God the Holy Spirit has not control over his soul. He is guilty of being egocentric. He is not interested in doctrine, but he is interested in ecstatic experiences. He has superficial opinions that take the place of doctrine. He has solid prejudice where he ought to have solid doctrine. He is a meddling troublemaker.

The wicked ones here describes the Philistines. They had a great infantry and a great archer infantry. They found the range on Saul and filled his abdomen with arrows. They can zero in on the target. They are so good, they can hit a target in darkness. "The Philistines will pluck us dry." They knew how great these archers were. They could hit their targets in the dark. They are good tactically. Mental attitude sins of fear. Fear of the loss of wealth and fear of the loss of their lives. They are worried that they will either die or they will lose their wealth. If you have capacity for life, you could care less.

We are here as the guests of God. Therefore, why should we worry about dying. We are here as long as God wants us here and we will go when He wants us gone.

1. Fear of death is a strong motivator for doing the wrong thing.
2. David's counselors are afraid of death.
3. If you die, you lose your wealth.
4. David is the man of the hour. He has already rejected this bad advice.

Psalm 11:2 [For look, the wicked string the bow; they put the arrow on the bowstring to shoot from the shadows at the upright in heart.](#)

2~~For, behold, the wicked ones {the Philistines} prepare/bend their bow, they sight their arrow upon the string, to shoot in the darkness at the True of heart/'right lobe' {referring to the Jews with doctrine in their right lobes} .

**1Samuel 18 Psalm 11:3-7**

**72David**

**631\_0116**

**116 04/10/1974 Jesus Christ controls history**

Private Kessler; pretty amazing medal of honor recipient.

Psalm 11:2 **For look, the wicked string the bow; they put the arrow on the bowstring to shoot from the shadows at the upright in heart.**

Don't mess with the archers of the Philistines. They are quite amazing.

The pillars being torn down are the defeat of the Jewish army. Enslavement, robbery, rape, torture, disaster for all involved.

The pillars being torn down refer to the government being destroyed.

What can the righteous do, refers to the believers who are not soldiers. When there is a wartime disaster, only those with doctrine can stand in the gap and do that job.

David asks, the righteous person, what can he do about this? Tsedek, which means *vindicated one*. The idea is not that this person is a goody two-shoes, but that they have been vindicated. We have the residency of God the Holy Spirit in our bodies. The filling of the Spirit + doctrine means that we stand in the gap at a time of disaster. Preparation for disaster is Bible doctrine in the soul.

We are coming close to a depression in this country. The vindicated person has doctrine in the soul. Human viewpoint is only offset by Bible doctrine in your soul. Doctrine in the Bible does not offset human viewpoint in any generation. Bible doctrine is resident in the Bible itself; but it must be transferred to the soul of the believer for it to be meaningful.

It is just like in salvation, Jesus is in the Bible. However, He must be in our soul in order for us to be saved.

Psalm 11:3 **When the foundations [pillars; the foundation of government] are destroyed, what can the righteous do?"**

Jesus Christ controls history and God the Father has a plan for his life. We live in the Church Age, and God has a purpose for each one of us. Each member of the Trinity has exactly the same essence.

Hekal means *palace*. There is no Temple in Israel at this time. Jehovah the Son is in the palace of His holy abode.

### **Jesus Christ Controls History**

1. God the Father has given God the Son the prerogative of controlling history, so Jesus Christ controls history as a part of the Father's plan.
2. Both the Father and the Son are in the palace; they have not been overthrown by any revolution in heaven. They have always been there in this palace.
3. As long as God is on the throne, Jesus Christ controls history.
4. The overthrow of a government; the conquest of a nation does not change the plan of God.

5. Catastrophe cannot change the plan of God for your life. The only thing that changes the plan of God for your life is the lack of doctrine in your soul.
6. David recognizes that national disaster does not change the Father's plan for him.
7. David will not hide in the mountains like a bird. The One who gave David his fortune can take it from him.
8. Jesus Christ, not Satan, controls history. God uses these disasters to introduce His man to the people. The people's choice is Saul; God's choice is David.
9. The people's choice, Saul, is dead; and God's choice, the man of the hour, is David.
10. God uses the disaster of Goliath's challenge to introduce David to Israel's military. This 40 day crisis introduces David to the military of Israel. God uses this Philistine conquest of northern Israel.
11. God uses the Philistine conquest to remove the people's choice and to replace him with God's choice.
12. God's choice must be a man of doctrine occupied with doctrine.
13. Only the supergrace believer can step into the gap during a crisis. David is God's man for the hour.

Anthropopathism. Bob went to the football hall of fame in Ohio. Someone went with him, and they saw what Bob and the rest saw. God sees history and He understands. We see history and we do not necessarily understand what is going on. No detail of our life is missing from God's view.

The female of the species does a little eye batting; sometimes she is thinking and that makes her eyelids bat.

Your eyes get closer and closer together sometimes when you concentrate on something. God does not have eyelids or eyelashes. This is an anthropomorphism and an anthropopathism. These things are designed for a divine policy to be explained. God is constantly testing men's souls.

Psalm 11:4 **The LORD is in His holy temple;** [in the palace of His holiness] **the LORD's throne is in heaven. His eyes watch** [God sees everything that is going on]; **He examines everyone** [God is constantly testing the human race].

#### **The Principle of History**

1. The Father's plan calls for Jesus Christ to control history.
2. Not only does Jesus Christ control history, but He is the focal point of history as well. His death, resurrection, ascension and session.
3. His strategic victory of the Angelic Conflict and His rising again from the dead; this is the critical point of history.
4. David, as the man for the crisis, has a true perspective of history. Before he made history, he had the perspective of history. Only Bible doctrine gives the key to the interpretation of history.

5. David's counselors are frightened; they are intimidated by disasters of history. Now these are wealthy and successful men and they are now afraid of losing this wealth.
6. Human viewpoint relates to disaster; divine viewpoint relates to the one who controls history, Jesus Christ.
7. Therefore, David is not frightened and he will not run away. He is not looking over his shoulder now that he is prosperous. His security is in God, not in his possessions. The Lord gives and the Lord takes away; blessed is the name of the Lord.
8. The anthropomorphisms remind David that God has not lost track of him. We will think, from time to time, that God has forgotten us. "Oh, God" and then, "Where the hell are You, God?" People accuse God of forgetting them. You can renounce your salvation until you are blue in the face and you cannot lose it. God has not lost track of David.
9. David is tested by catastrophe and passes it with doctrine in his soul. He does not pass the test with his success or money. Some wealthy people try to solve their problems with money.
10. Those who God has enriched have their eyes on money. They are worried of being stripped of their wealth. David has his eyes on the source of these blessings.
11. Doctrine in the soul makes the difference. Disaster intensifies blessing. Prosperity and disaster can both intensify blessings from God.
12. The remainder of this psalm sets up a contrast between the supergrace believer and the reversionist.

God tests for purity and reality; it is the reality of Bible doctrine in the soul. Jehovah tests the righteous person; the supergrace believer. David is a supergrace believer. He has now reached maturity with doctrine in his soul. Evil comes from Satan and the old sin nature. But God, in controlling history often uses evil to destroy evil. He uses the evil of the Philistines to destroy the evil of the reversionistic believer King Saul.

Saul loved violence. He was jealous of David. In trying to get rid of David, vindictiveness and implacability destroyed any possibility of his ever loving anyone. Revenge obsession means this person is unable to love. This is a lost cause. You are beating a dead horse. Jonathan loved his father but he will die in association with his father. Saul was incapable of love toward Jonathan. Violence was the means of getting rid of David. Using violence to gain an objective. This applies to people involved in kidnaping; those who plunder and attack other nations and peoples.

Saul tried to find his happiness in violence. He tried to kill David. He used violence to try to kill David. His reversionistic obsession began with jealousy toward David. He became a reversionist. He rebelled against God, God's order.

When it says the God's soul has hated, this is righteous indignation. God uses violence to remove Saul, who used violence to keep his own promotion. Saul tried to hold on to his kingdom through unnecessary violence; God then used violence to remove Saul from his power.

Psalm 11:5 **The LORD examines the righteous [the supergrace believer] and the wicked. He hates the lover of violence.**

The cup of the reversionist in contrast to the cup of the supergrace believer. A snare which destroys that which is caught. The reversionist with his own mental attitude sins plunges himself into revenge tactics. Every snare that Saul sets for David, and God provided means of escape for David again and again. The snares that Saul set continued to backfire in him.

it is never clear whether brimstone can be crude oil on top of the ground. The chemical destruction of Saul. The whole chemical structure of Saul's body is affected here. People not prepared for disaster are caught up by the disaster and ensnared by this disaster. When any nation saturated with reversionists lacking the salt preservative, it goes down. Too many reversionists take a national entity down.

Psalm 11:6 **He will rain burning coals and sulfur on the wicked; a scorching wind will be their portion.**

The principle by which the supergrace believer survives a national disaster. God is perfect in His essence; and the essence of God is perfect. So when He vindicates, this must be compatible with his justice, love, and the rest of His character. God can only vindicate a believer with doctrine in his soul. This is why the legalist is always upset. Because God is righteous, He Himself loves righteousness. A righteous person will see God's face, meaning that he will understand God in his soul through maximum doctrine in his soul.

Psalm 11:7 **For the LORD is righteous; He loves righteous deeds. The upright will see His face.**

The entire psalm is reviewed: to the one who excels, to David. I have confidence in the Lord. How can you say, retreat to your mountain like a bird. Behold the wicked ones, the Philistines, who bend the bow, who shoot in the darkness at the sure of heart. Because the pillars of government are being overthrown, the righteous person, what can he do about it? God in the heavens; his eyes see what is going on; His eyelids test. He tests a vindicated believer by the fire of national catastrophe. The one who loves violence, his soul God has hated. God will bring snares, fire, brimstone and a burning wood to such type. God loves grace vindication. A supergrace believer shall see His face.

**1Samuel 18 Isa. 51:1, 7, 9**

**72David**

**631\_0117**

**117 04/11/1974 Doctrines of the covenants and vindication before others**

moved to other computer temporarily for integration into 2Sam. 13.

### **Covenants**

1. 4 unconditional covenants to Israel:
  - a. Abrahamic in Gen. 12, 15, 26 Ex. 6:2-8 God agrees to provide for Abram in grace.

- b. The Palestinian covenant Gen. 15:18 34:1–12 Joshua 1:3–4 larger area than Israel has ever occupies.
  - c. Davidic in Psalm 89 and 2Sam. David will have a son to rule forever and a kingship that will be forever.
  - d. The New Covenant; the Mosaic Law was temporary and designed to be replaced and only to carry Israel through the dispensation of Israel.
2. The covenants and the Messianic Line
    - a. Adamic covenant: Gen. 2:15 3:15
    - b. Noahic Covenant Gen. 6:18 seed of the woman through the line of Noah.
    - c. Abrahamic covenant
    - d. Davidic covenant
    - e. Messianic covenant David will be at a very low ebb in the time of Saul and it will be repeated before the Tribulation.
  3. The New covenant to the church Heb. 9:15–20 Matt. 26:28 1Cor. 1:25 it recognizes the dramatic interruption to the Age of Israel. The death, burial, resurrection, ascension all interrupt the Age of Israel so that Jesus Christ may have a royal family forever.
  4. The Mosaic Law is a covenant which is not pertinent to this study.
  5. [Jehovah says to My Jehovah, sit down at My right hand until I make your enemies your footstool.](#) Easter is a typical American holiday and people approach it feeling quite blue. It is imperative that we understand David's Greater Son, and that is the subject of Isa. 51–52

The function of gap is the basis for our encouragement. The only ones who will appreciate this Easter week are those who appreciate Jesus Christ on any given day. They can appreciate any significant day. This is a good time to pause and see how much David's Greater Son has done for us. David on earth was a king and his royal line will last forever.

Isaiah 51:1 [Hear Me, pursuers of righteousness, seekers of Jehovah: Look to the rock from which you were cut, and to the hollow of the pit from which you were dug.](#)

We are all related to David's Greater Son. It is fitting that we take the time to look at David's Greater Son. The Jewish race is the newest race; it is a grace race. Encouragement by the Word. Isa. 51:4–8

again, we have that word *hearken*. It means to concentrate, to listen, to pay attention to the authority of. You may have been criticized or maligned and you found yourself in a pressure situation because of the people in your area. You may have this experience that you do something right or the first time that you make some real effort to do something right and well. Then you were amazed to find out that people did not agree with what you did or how you did it or if it was any good.

John B. Hood and he was an excellent and courageous officer and tops as a brigaid commander in the civil war. When Lee heard that Hood had been killed, Lee said he lost his greatest generals, Hood, Jackson and someone else who is essentially unknown.

He was a man who knew good tactics. Had he been allowed to do what he suggested, about going around, there would have been a great victory on the 2<sup>nd</sup> day. The only way his men could stay away is to chew tobacco and put the juice in their eyes. No one paid attention to him. He came under great criticism for one battle; and he spent 10 years trying to proves that he was not a bad general. He wrote hundreds of letters and these 1200 or 1300 are thought to be the greatest collection of information.

Criticism from legalism has turned many a grace believer into a legalist. People cannot stand criticism. There is a small group of legalists in Berachah. Unless the Bible forbids something, either directly or by principle, it is not forbidden to us. Why is it so easy to convert people to legalism? Criticism. When people doe this long enough or often enough, people either rebel completely or they knuckle under. Don't run around and try to justify yourself. If we live right, we live as unto the Lord. Some of you think my job is to make you live a certain way, but it's not. It is to crank out Bible doctrine. You cannot live your life as unto the Lord if you are being bullied or you submit to legalism.

It is justification or vindication. You never have to prove anything to anyone. David has been criticized by many; by the Philistines, by Saul, by Doeg; and everyone seems to be jealous or vindictive toward him.

Some expect that Berachah will be the Millennium. You can take any promise under the faith-rest technique and structure it out under the essence box.

Isaiah 51:7 **Hear Me, those knowing righteousness** [you who understand vindication; righteousness], **the people of My Law** [doctrine] **in their heart** [right lobes]; **do not fear the reproach of man, and do not be bowed from their blasphemings.**

Next phrase, "WAKE UP!" Isaiah is shouting to God to wake up. We are taling about God's essence and Isaiah calls for God to wake up. The idea is to shock his audience and to get them focused on this message. If God went to sleep, then there would be no grace plan.

God is always omnipotent. He cannot change any of His characteristics and He knows Himself and He knows he has these characteristics.

Arm of the Lord refers to David's Greater Son, Jesus Christ. People read about these things and they want to see these things occur for them. They want fire to come down out of heaven.

Rahab here is a poetical word; and these are short a's. This is a poetical word for Egypt as in Psalm 89:10. Piercing the dragon is the Hebrew word taniym and it means *crocodile*,

and it refers to the pharaoh of the exodus. The Jews were delivered because of this. Ezek. 29:1–3 This is the name for pharaoh in that passage.

Isaiah 51:9 **Awake! Awake! Arm of Jehovah, put on strength. Awake, as in days of old [the generations of the past; God's omnipotence revealed during the Exodus generation], everlasting generations. Was it not You cutting in pieces Rahab, and piercing the sea monster?**

We go into God's essence and how He is a comfort and blessing to the Exodus generation. This is a message of encouragement from David's greater Son.

**Isa. 51:12, 17, 23; 52:7, 10**

**72David**

**631\_0118**

**118 04/12/1974 Encouragement in life**

We are encouraged by the foundation of the Jewish race (vv. 1–3). We are simply covering some representative verses. We are encouraged through the Word (vv. 4–8). You are freed from spiritual bullying by learning Bible doctrine. One more verse dealing with the topic of encouragement. The troops are restless tonite; maybe Good Friday has affected that. Not much genuflecting and very few hot cross buns this time around.

David's greater Son is answering the wake up paragraph from the night before. When God provides comfort, it is perfect comfort. The essence of God is perfect and the essence of his comfort is perfect.

If you are being comforted by someone and you still are neutralized by your fears, then you are not fully comforted. Fear has no place in the believer's life. Fear is incompatible with our status as members of the royal family of God. We have a permanent relationship with the perfect God. Jesus Christ is the same, yesterday, today and forever.

We have divine provision for every need. We have perfect love. Fear is another mental attitude sins. It indicates failure insofar as the function of the Christian life. God has provided victory over death; so why should we fear man, who will die.

It is appointed unto man to die once and then the judgment. His omnipotence is related to the Red Sea in v. 10; v. 11 is about His deliverance in the end times. Encouragement by the Word; and the final is courage by disasters and tragedies. This is the only chance that we can be under maximum pressure and learn that God's deliverance is greater than the disaster. No disasters in heaven,

Isaiah 51:12 **I, I am He comforting you. Who are you, that you should fear from man? He shall die! And from the son of man? He is given as grass.**

Rouse yourselves; get on your feet; stand up. It also means to become alert. General Gordon became a Senator. He comforted soldier who appears that he would die. Barlow. He had his wife come through and she nursed him back to health; and they ran into each other years later. They were both believers and they both had a lot of Bible doctrine.

Barlow said that it was like God dropping a man out of heaven to comfort him; which led to his eventual recovery.

Isaiah 51:17 *Awake! Awake! Rise up, O Jerusalem, who drank the cup of His fury from the hand of Jehovah; you drank the bowl of the cup of reeling; you fully drained it.*

God delivers. They have converted minus doctrine into plus doctrine. God never condones antisemitism.

“Bow down” means that someone has made a slave out of someone else. Historically, the Jews are still here; and Jews have been persecuted as we have never seen in this country. Israel has suffered like no people on earth; and yet, they are still here. This ought to tell us that God spans Israel; but, when they get with doctrine, God moves on against their persecutors. Israel will remain here until the 2<sup>nd</sup> advent. It is a miracle of the grace of God that Jews are still alive today. Satan wants to remove them.

Isaiah 51:23 *But I will put it into the hand of those oppressing you, who have said to your soul, Bow down that we may cross, and, Put your back to the ground, and as the street to those who cross.*

The 6<sup>th</sup> paragraph comes in v. 7 and in that area. 6. *How beautiful* is a verb in the Pilel stems. Something it is not necessarily beautiful but becomes beautiful. The mountains are used as a hindrance to getting out the Word. To be able to keep on teaching is what is key. Bob has to make a decision to study and teach every day. Just looking at everyone is enough to make Bob want to quit.

*Good news* is either the gospel or news that is encouraging. Bob is in pain because of his back and he used his feet the entire time. The feet are beautiful because they represent the volition of the communicator of Bible doctrine. It is the volition to keep teaching the Word, no matter what. It is disappointing to see the instabilities of people; the frustration, the sorrows, the difficulties; but, no matter how you feel, you keep moving. Even though the people were indifferent; what is important is, he kept right on doing it. Isaiah used his volition. His job was not to make people listen but to present the material. In this dispensation, it is the job of the pastor-teacher. This is, whether anyone comes or not or anyone cares or not. A communicator actually becomes inhuman if he does his job right. That is the meaning of the beautiful feet here. He does it as unto the Lord. He sticks with it. Bob just happens to have perfect feet; Bobby's feet are as flat as can be. But, nothing to do with the actual way the feet look; it is all about the communicator.

Those who complain are unstable. Those who come every night are faithful and stable. We have to be consistent together. God wants the consistency; not those who have the magnetic and exciting personality, who get people whipped up with enthusiasm. The regathering of Israel is taught in every dispensation down to the crucifixion and during the Church Age, and during the Tribulation and to the very night that Jesus Christ comes back in the 2<sup>nd</sup> advent. There will always be a man with a spiritual gift and it will be no good unless it is doctrine that is the key. The gifted man must hook up with doctrine.

Isaiah 52:7 [How beautiful on the mountains are the feet of him proclaiming good news \[of the Millennium\], making peace heard, bearing tidings of good, making heard salvation, saying to Zion, Your God \[Jesus Christ\] reigns.](#)

Next, we move to v. 10. Psalm 19:1 is finger work when it comes to the creation. Using the arm is heavier work, and the arm of the Lord is Jesus Christ in His hypostatic union. So far, 6 paragraphs dealing with encouragement.

Isaiah 52:10 [Jehovah has revealed His holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation \[deliverance\] of our God.](#)

Up to this point, we have just introduced the context; with a representative verse; which reveals who Jesus Christ is. David is getting ready to become king over Israel. David's Lord is also his Son. The Son of David is the unique Person of the Universe. Beginning with v. 13, we have the concept of David's Greater Son, the only source of blessing and encouragement.

## **1Samuel 18 Isa. 52:13a**

## **72David**

**631\_0119**

119 04/14/1974 Doctrine of the resurrection

we are studying David's greater Son, the Lord Jesus Christ. Jesus Christ became a man with a soul, a spirit and a human body. He is the Savior of David, the Lord of David and the Son of David.

We are encouraged through divine essence or the character of God. We are encouraged by disaster and we are encouraged by divine deliverance.

Bob reads the next 4 verses. Jesus Christ is absolutely unique. The principle, is Jesus Christ worth considering or not. The facts must be considered in the light of the Bible. He is either a liar or a faker; or He is the Son of God.

The whole matter of expletives needs to be reexamined. *Hell* or *damn* are not profane words; they are minor expletives.

A demanding expletive; like "Ten hut." Here, "Hinnêh" means that your attention is being required for an important topic. He is eternal life and we share His life. He is the Son, and we share His sonship. He has a destiny and we share His destiny. He was elected in eternity past; we share His election.

There is no such thing as clergy and laymen. We are all in full-time Christian service. The word servant always applies to Jesus Christ in hypostatic union. God the Son agreed to become true humanity and to take our place on the cross and to be judged in our place. Calling Him a servant points out what Jesus had to give up in order to save us.

Sakal means that He will be caused to prosper and others will be caused to prosper.

### Summary Points

1. If God does not promote you, then you are not promoted.
2. As God the Father promoted David to king, so he promoted Jesus as King of Kings.
3. People believed in Jesus before the cross, and this was still the method of salvation. Christ our Passover was given for us. Abraham is the patriarch of the Jewish race and not royal family.
4. The baptism of the Holy Spirit enters every believer into union with Christ. Christianity is where God seeks man. Man has no merit by searching for God.
5. We are in union with royalty.
6. Jesus is the only celebrity.
7. Not only does Christ prosper, but He causes us to prosper in supergrace status. When we reach maturity, we are occupied with the Lord Jesus Christ. God is the host and God pours. There is sharing the happiness of God. You cannot have God's blessings until you have a cup. God as the host is waiting for us so He can pour.
8. The next 3 verbs indicate the manner in which Christ prospered. There is no place for human good in the plan of God. Our good is as filthy rags in His sight. Our only approach to God is by means of faith in Jesus Christ. Faith is thinking; believing is thinking. Faith is non-meritorious thinking. The merit when it comes to faith is in the object of faith. Even rationalists will believe that. If we are taught something that they approve of, and we believe it, that is thought to be a good thing.

Qal stem if rum.

Isaiah 52:13 [Behold, My Servant shall rule wisely; He shall be exalted and lifted up and be very high.](#)

### The Doctrine of Resurrection

1. Not the same is bringing back someone from the dead temporarily. Like Lazarus. Resuscitation. We was resuscitated from the dead and he retained his corrupt body. The soul does not die and is not subject to death.
2. Resurrection is a part of the gospel. The limits of the gospel are given in Corinthians. His spiritual death pays for our sin. When this is all over, He said, τέτελεστί, which means "it has been finished in the past with results that continue forever." He will rise up; and that is the resurrection.
3. There are 2 technical words in Biblical theology: theophany and Christophany. A Theophany is any appearance by Jesus Christ before the 1<sup>st</sup> advent. Christophany is a resurrection appearance of Jesus Christ, after the crucifixion and burial.
4. The resurrection of Christ is a part of the strategic victory of the Angelic Conflict. The resurrection is part of the strategic victory. He breaks through the opposition and is seated at the right hand of the Father when his soul, spirit and body are all regathered and unified. Many of you have trouble identifying with Jesus Christ; but there will come a time through aches and pains and miseries where you realize that

your human body is wearing out and your resurrection body at that time will become quite important to you.

5. The resurrection is necessary to perpetuate the Davidic line Tim.2:8 David's Lord is David's son. The oldest is Solomon and Nathan is the youngest of David's 4 sons with Bathsheba (the eldest died). The promises to David were unconditional.
6. The resurrection of Christ are the basis for the believer's in the future. 1Peter1:21 it should be obvious that one cannot live in this body forever. Philp1:21
7. There is a serious problem with God saving anyone because God is absolute righteousness. He cannot change any of these characteristics. God cannot just say, "Well, I just love mankind, no matter what. He's okay." Because this violates His character. God cannot compromise any characteristic. Love with compromise is human love. When we believe in Jesus Christ, we come under maximum love from God, regardless of our failures. Regardless of that, God loves us with a maximum love. Jesus Christ bearing our sins on the cross, dying for us, taking our place, satisfies these characteristics. Therefore, God can love us, because His righteousness has been satisfied. Jesus Christ is accepted in heaven. He sits down at the right hand of the Father and since He is accepted in the beloved, we are as well. We are vindicated by faith in Jesus Christ. There is a relationship between the resurrection body of our Lord Jesus Christ and our vindication. We are justified by faith. The resurrection of Jesus Christ indicates the complete ministry of Jesus Christ.
8. Identification with Jesus Christ and His resurrection is the motivation for the tactical victory of the supergrace life. Through the baptism of the Spirit. This motivates the supergrace life. The moment that we believe in Christ, we are entered into union with Christ. At that point, we are in the palace forever. We are motivated to act like royalty. Jesus Christ takes on those characteristics of royalty. This is the heritage of the believer priest. In effect, it is God's desire to give us billions of dollars; it is His desire to bless us greatly in some way; with rm or promotion or riches or whatever. This recognizes that the strategic victory has been accomplished. Somehow, we morphed into Lee flanking Grant; strategically the war was won, but tactically, there was a problem. He left the tactics to his men. Lee had the advantage on the first day; the most troops concentrated on the first day, where the Union forces were scattered all over. If it wasn't for Hancock, the union army would have retreated. Lee should have had one of his generals attacking, they could have gone through their line and exploited their advantage. Their strategic victory lacked the tactics to back them up. Just because you are a believer, the strategic victory is yours; it has been accomplished. The tactical victory depends upon your attitude toward Bible doctrine. Many of your are here once a year. For some of you, this will be your last time here. You can find another church. I don't care if you come back here for not. Bob's ministry is to those who are interested in doctrine daily. I bet you had hot cross buns yesterday too. Next year, Bob wants it said that there was not a large crowd. Bob can tell that there are many who are uncomfortable. Next time, don't come to the closest church. Bypass this and use the single envelopment and perhaps you will hear some more singing.

9. 2 general categories: for believers only; a resurrection for believers only in Dan.12:2 1Cor.15:20-22. Unbelievers have their own resurrection. Rev.20:5–15 this will include a lot of nice people and religious people. Maybe not too many town drunks, because they will stumble into a meeting somewhere and get saved. Evangelists are shocked by adultery and drinking; but not usually about gossiping, implacability, and self-righteousness. None of your sins will be mentioned at the final judgment. The law of double jeopardy. These sins have been paid for. It is your human good that will be the basis for your condemnation. You cannot be judged twice for that which was already judged. Your good deeds will be brought up. You have accomplished 2734 good deeds, and you think that is good enough. You think that God will add them up and be extra proud of you. But you refused God's solution so you must accept God's alternative. These good deeds are not good enough. At the judgment bar of God, no bad deeds will be mentioned. Spending eternity in the Lake of Fire is the penalty for ignoring grace.
10. 1Cor.15:20-24 gives us the battalions which are going out. These are under strength battalions. There are only 4 companies. The reviewing stand. Alpha company is Jesus Christ and He is the only one resurrected. The dead in Christ is the royal family. Believers in bravo company. Charley company is made up of the Old Testament saints and the Tribulation martyrs.
11. Agents in the resurrection of Jesus Christ. God the Father and the Holy Spirit. The entire trinity is involved in the resurrection of the Lord Jesus Christ.

Two weather people in Berachah; from channel 2 and 39 and they predicted good weather, but it did not turn out that way. Jesus Christ has been glorified and He has been seated on the right hand of the Father and He is waiting for His enemies to be made His footstool. He will rule forever and seated at the right hand of the father is like Adam in the garden. God said, "Not good that Adam should be alone." The last Adam is seated on the right hand of the Father in a resurrection body; and it is not good for the last Adam to be alone. He will have a royal family as well.

Easter is being members of the royal family of God and as long as we are in this life, we are guests of the Lord with a purpose. Men like Cyrus the Great and David. We did not earn this or deserve us and many of us do not appear to be royalty. This means that we must have wealth, promotion, great happiness, success; and this only happens when we take in doctrine regularly.

Isaiah 52:13 [Behold, My Servant shall rule wisely; He shall be exalted and lifted up and be very high.](#)

**1 Samuel 18 Isa. 52:13b-15**

**72 David**

120 04/14/1974 Doctrines of ascension and session and Second

Isaiah 52:13 [Behold, My Servant \[Jesus Christ\] shall rule wisely \[prosper\]; He shall be exalted and lifted up \[resurrection\] and be very high \[ascension\].](#)

The context of this passage is encouragement to the people of God. By the foundation of the Jewish race 51:1-3 by the Word of God 4-8 divine deliverance; regathering of Israel 52:1-12 occupation with Christ vv.13-15. The prosperity of David's Greater Son, Jesus Christ.

David's Greater Son will rise up and He will be lifted up.

### **The Doctrine of Ascension and Session**

1. The change of residency of Jesus Christ from earth to the 3<sup>rd</sup> heaven. This is accomplished in a resurrection body.
2. The resurrection body capabilities. Verified by the Lord Jesus Christ and what happened after He was resurrected. Unlimited space travel. It goes horizontally and vertically.
3. The reception and acknowledgment of the Son. Seated at the right hand of the Father, confirmed and acknowledges that all those who believe in Jesus Christ are accepted in the Beloved.
4. Celebrityship of Christ. The glorification of David's Greater Son. Philp.2:9 He is preeminent; He is unique. He is the nobleman in eternity with an illustrious celebrityship. His greatness defies hyperbole; King of Kings and Lord of Lords.
5. This is the basis for the strategic victory Heb.1:10-14
6. The ascension and the royal family. Jesus Christ will be alone at the right hand of the Father. The Father says, "Not good that the Last Adam should be alone." The baptism of the Spirit occurred on the Day of Pentecost. For the first time, God the Holy Spirit lived in the body of a believer (all believers).
7. The ascension and the new priesthood. This sets aside the Levitical priesthood. Jesus Christ at the right hand of the Father is the new High Priest and He makes intercession for us.
8. The ascension and the ultimate defeat of Satan are perfectly related. The 2<sup>nd</sup> advent will terminate operation footstool. Rev.20:1-3

### **The Doctrine of the Ascension**

from: [http://gracebiblechurchwichita.org/?page\\_id=913](http://gracebiblechurchwichita.org/?page_id=913) The Ascension of Christ was the vertical transfer of our Lord's true humanity from planet earth to the third heaven in a resurrection body. It demonstrates the vertical travel capability of the resurrection body through the earth's atmosphere, the galaxies of the stellar universe, and billions of light years in an instant, and then entering the third heaven where the throne of God is. The original languages of Scripture teach that there are 3 levels of heaven. (1) 1st heaven: Earth's atmosphere. (2) 2nd heaven: Stellar universe. (3) 3rd heaven: Abode of God, the angels and the dead believers. This multiplicity of heavens is indicated in Hebrews 4:14 where our Lord at His Ascension is said to have "passed through the heavens" (accusative masculine plural noun ouranos). The 1st and 2nd heaven are not specifically mentioned but the 3rd heaven is discussed in 2 Corinthians 12:2. Logically speaking, it is evident that there cannot be a 3rd heaven without also a 1st and 2nd heaven. The 1st heaven is the earth's atmosphere which surrounds the earth and is composed of the following 7 layers:

(1) Troposphere (2) Stratosphere (3) Mesosphere (4) Thermosphere (5) Exosphere (6) Ionosphere (7) Magnetosphere. Our Lord at His Ascension passed through the earth's atmosphere, i.e., the 1st heaven (Acts 1:9-11). An invisible war is taking place in the Church Age between the kingdom of God and the kingdom of darkness throughout the 7 layers of the earth's atmosphere as part of the angelic conflict (Dan. 10:20; Eph. 2:2; 6:11-17) and will visibly manifest itself during the Tribulation period (Rev. 6-19). Satan is called in the Greek, "ton archonta tes exousias tou aeros, "the ruler of the power of the air" (Eph. 2:2). He has tes exousias, "the authority or the power" over the earth's atmosphere. He is archon tou kosmou toutou, "the ruler of this world" (John 12:31; 14:30; 16:11). The 2nd heaven is the stellar universe or space which consists of a vast array of stars, moons, suns, galaxies and solar systems. Angelic beings populate the stellar universe. The pre-historic battleground of the angelic conflict stretches into this region known as the 2nd heaven. In astronomy the stellar universe is referred to as the cosmos. The cosmos contain the entire physical universe consisting of all objects and phenomena observed and postulated as well invisible angelic beings. The principal components of the universe are the galaxies, stars and stellar groupings, and nebulae. Substantially smaller components include the solar system and any other assemblage of planets, satellites, comets, and meteoroids revolving around a central stellar body that may exist among the millions of galaxies. The universe also contains gravitational fields and various forms of radiation. The 3rd heaven was also created by the Lord Jesus Christ (Psa. 102:25; 115:15; 124:8; 134:3; Isa. 45:12; 51:13; Jer. 32:17; Zech. 12:1; John 1:3; Col. 1:16-17; Heb. 1:10). The Scriptures teach that the 3rd heaven is the abode of the Trinity (Gen. 14:19, 22; 23:3, 7; 1 Kings 8:30, 49; 2 Chron. 6:21, 30; Neh. 1:4-5; 2:4, 20; Psa. 11:4; 20:6; 33:14; 103:19; Isa. 63:5; 66:1; Matt. 5:34; Luke 16:9; John 14:1-3; Acts 1:11; 7:56; 2 Cor. 12:2; Heb. 2:10; Rev. 19:14). The 3rd heaven is located billions and billions of light years away from the earth above the 1st and 2nd heavens. A light-year in astronomy is the distance traveled by light moving in a vacuum in the course of 1 year, at its velocity of 186,282 miles per second. A light-year equals about  $5.878 \times 10,000,000,000,000$  miles, or 63,240 astronomical units. Therefore, the humanity of Christ in hypostatic union travelled billions and billions of light years passing through the 1st, 2nd and 3rd heavens by means of divine omnipotence in order to arrive at the right hand of God the Father in order to receive power, rank and authority over all creation and its intelligences. The ascension of Christ occurred 40 days after His resurrection. He remained on earth for 40 days in order to confirm the fact that He had indeed risen from the dead as He prophesied many times in His earthly ministry during His 1st Advent. The ascension of Christ was a visible event and in a public place. It took place on the Mount of Olives in Jerusalem where He will again return at His 2nd Advent which occurs at the end of the Tribulation period. Luke is the only 1 of the NT writers who gives a detail description of the event. Our Lord's ascension brought to a conclusion His earthly ministry and not the resurrection. The dispensation of the hypostatic union concludes with the resurrection, ascension and session of Christ. There are 2 Christocentric Dispensations: (1) Hypostatic Union: The Birth of Christ to His death, resurrection, ascension and session. (2) The Church Age: Day of Pentecost in 32 A.D. to the Rapture. It was our Lord's ascension is the 3rd major event in relation to the appeal trial of Satan. There are 5 major events in relation to the appeal trial of Satan: (1) Spiritual Death of Christ (2) Resurrection (3) Ascension (4) Triumphal Procession (5) Session. A trial has 3 phases: (1) Formal presentation of the case: Prosecution presents

its case, followed by the defense. (2) Rebuttal Phase: The rebuttal arguments of the prosecution followed by the rebuttal arguments of the defense. (3) Closing argument and summary: By the prosecution and the defense. The Formal trial in Satan's appeal trial corresponds to Old Testament history. The Rebuttal phase of the Prosecution (God) includes the Christocentric dispensations: (1) The First Advent, Hypostatic Union: Virgin Birth of Christ to His death, 1 resurrection, ascension and session (B.C. 4-30 A.D.), New Testament Gospels (2) The Church Age, Pentecost to the Rapture (30 A.D.-Rapture): Pre-canon period-Book of Acts until John wrote Revelation (A.D. 30-96); Post-Canon Period-Completion of the canon of Scripture, New Testament epistles, (96 A.D.-Rapture). Our Lord's voluntary substitutionary spiritual death on the cross as an impeccable human being on behalf of all fallen creatures (both men and angels) earned Him the Title of the "Faithful and True Witness" in the appeal trial of Satan (Rev. 3:14). Satan's Rebuttal takes place during the 1st of the 2 Eschatological dispensations called the Tribulation period which goes from the Rapture to the 2nd Advent of Christ, 7 years from the Rapture to the 2<sup>nd</sup> Advent of Christ, Prophesied in the Old Testament, Matt. 24-25 and Rev. 6-19. The Closing argument by God as the Prosecution takes place during the 2nd Eschatological dispensation called the Millennium which is the 1000 year reign of Christ on earth following Satan's imprisonment. God's closing argument goes from the 2nd Advent of Christ to the end of human history, prophesied throughout Old Testament and Revelation 20. Satan's closing argument is his release from prison after the Millennium & the Gog revolution (Rev. 20:7-9), resulting in the execution of his sentence and being cast into the eternal Lake of Fire (Rev. 20:10). The ascension of Christ is the visible manifestation that God the Father promoted the humanity of Christ in hypostatic union to the highest position of power, rank and authority in all of creation. The ascension of the humanity of Christ in hypostatic union declares His enthronement as cosmic ruler with authority over all creation. Our Lord's Ascension was a visible manifestation before the angels and mankind that the humanity of Christ in hypostatic union was granted authority by God the Father over the following: (1) Creation (Matt. 28:18; Eph. 1:22; Col. 1:15-17; 2:10; 1 Pet. 3:22). (2) Church as the King of kings and Lord of lords (1 Tim. 6:15; Rev. 17:14; 19:16). (3) Israel as the Son of David (Matt. 1:1; 20:30; Mark 10:47-48; Luke 1:32; 2 Tim. 2:8; Rev. 3:7; 5:5; 22:16). The Ascension of Christ also denotes that the humanity of Christ in hypostatic union has been promoted to the position of authority in order to conduct the following 5 judgments: (1) Bema Seat: This takes place at the Rapture and is actually an evaluation rather than a judgement of the Church Age believer's "works" in order to determine if they were done by means of divine omnipotence from the use of the 2 power options (Filling of the Spirit and Metabolized Doctrine) resulting in divine good and rewards or whether they were accomplished in the power of the old sin nature resulting in loss of rewards and shame and embarrassment (Rom. 14:10; 1 Cor. 3:11-15; 2 Cor. 5:10; 1 John 2:24). The believer sins will not be brought since they were already judged at the Cross. (2) Israel: This will take on earth at the 2nd Advent of Christ taking place at the end of the Tribulation and its for the purpose of removing unregenerate Israel from the earth leaving only regenerate Israel to enter the Millennial Kingdom of Christ (Ezek. 20:37-38; Zech. 13:8-9; Mal. 3:2-3, 5; Matt. 25:1-30). (3) Gentiles: This judgement will also take place at the end of the Tribulation at the 2nd Advent of Christ following the judgement of Israel and preceding the Millennial reign of Christ and is for the purpose of removing unregenerate, anti-Semitic Gentiles from the earth who lived during the Tribulation from those who were regenerate and pro-Israel

(Matt. 25:31-46). (4) Fallen Angels: This is the judgment of all fallen angels at the end of human history by the Lord Jesus Christ and the Church for their rebellion against God in eternity past and will result in them being cast into the Lake of Fire (1 Cor. 6:3; 2 Pet. 2:4; Jude 6; Rev. 20:10). (5) Great White Throne: This is the judgment of all unregenerate humanity at the end of human history for their rejection of Jesus Christ as Savior resulting in them also being cast into the Lake of Fire (Rev. 20:11-15). Their sins will not be brought up since they were judged at the Cross. These individuals trusted in themselves and their own good works done in the flesh rather than on the perfect Person and Work of our Lord and Savior Jesus Christ. Our Lord received His third royal title as "King of kings and Lord of lords, the bright morning star" which is a direct result of His execution of the Father's Incarnation Plan. The ascension of the humanity of Christ was another demonstration of divine omnipotence which characterized the dispensation of the hypostatic union. The Great Power Demonstration of the Hypostatic Union refers to that particular dispensation when the unique Person of our Lord Jesus Christ demonstrated the power of God by dying for the sins of the world and rising from the dead. This resulted in the execution of the salvation plan of God for mankind and a strategic victory over Satan in the Angelic Conflict. The Great Power Demonstration of the Hypostatic Union is the 1st of the Christocentric Dispensations. Each of the Christocentric dispensations end in resurrection. Christocentric means Christ centered. A dispensation is a period of time and is God's viewpoint of human history. A dispensation is a period of time during which a specific revelation concerning God's mind, will, purpose and plan is manifested and in which man is tested as to his obedience to it. The term Great Power refers to divine omnipotence in 2 categories which are Lord in His impeccable humanity employed to execute the plan of God for His life: (1) Spirit of God (Heb. 9:14). (2) Word of God (John 1:14). Webster's Ninth New Collegiate Dictionary defines omnipotence, "an agency or force of unlimited power." God has unlimited power or He is all powerful. Our Lord's life was a life of power (Luke 1:35; 4:36). Our Lord in 2 3 His humanity always relied upon the omnipotence of God the Holy Spirit and Bible Doctrine resident in His soul. He did not rely upon His deity to solve His problems or to execute the Salvation Plan of God for His life. Nor, did He rely upon His own deity to defeat Satan. The same Divine Omnipotence that the Lord Jesus Christ relied upon to fulfill the Protocol Plan of God for His life, we are also to rely upon to fulfill the Protocol Plan of God for our lives here in the Church Age. There were 2 ascensions that took place: (1) Immediate: On the day He rose from the dead (John 20:17; Luke 24:38-40). (2) Final: 40 days after the resurrection (Acts 1:8-11). The Scriptures indicate that there was an immediate ascension of our Lord. The doctrine of an immediate ascension appears when 2 passages of Scripture are compared (John 20:17; Luke 24:38-40). It is recorded in John 20:17 that when Christ came out of the tomb He was met by Mary, who in ecstatic devotion would have embraced His feet and held her Lord. Christ told her not to touch Him since He had not yet ascended to present Himself to the Father. Yet in Luke's account of the resurrection it is asserted that the same day in which He arose and at evening He not only appeared in the midst of the frightened disciples, but requested that they touch Him where the nails were driven into His hands and feet. Therefore, a comparison of Scripture reveals that He ascended to the Father during the day that He arose from the dead. The ascension for Christ was a glorious triumphal procession into heaven ( Col. 2:15).

Encouragement comes through occupation with Christ.

Isaiah 52:13 **Behold, My Servant [Jesus Christ] shall rule wisely [prosper]; He shall be exalted and lifted up [resurrection] and be very high [ascension].**

There is an analogy here, which is continued in the next verse. This would be Jews shocked over the crucifixion of Jesus Christ. The shock comes from how the Lord Jesus Christ appears. He appears disfigured. People are shocked just from looking at Him.

An officer waking around after the battle of Gettysburg and the horror of it all. This officer went into shock for about a day over this. But seeing the Lord Jesus Christ after all of this, the shock is even greater. No one has ever appeared to be more shocking. There is torture and abuse. Religion is the cruelest motivator in life.

Isaiah 52:14 **Just as many were astonished over You, so much was the disfigurement from man, His appearance and His form from sons of mankind.**

This shock will be even less than the shock of seeing the return of Jesus Christ. They were totally shocked by the disfigurement of Jesus prior to the cross; but this is to be contrasted with how great He looks at the return. This is a shock based upon His glamor and glory. He will cause shock and astonishment. Many gentiles will be totally shocked over the look of Jesus Christ at the 2<sup>nd</sup> advent.

Before getting to the cross, Jesus had to wade through all of the power of evil to take Him out. So great was the abuse, the torture, the punishment; He was so badly beaten up that He could not carry His Own cross. This was the most shocking scene in human history. There is no scourge of the earth that was worse than this. This was shocking and awful. It was almost a relief to get to the cross, so horrible and excruciating was the pain. Without a sin nature, He could hang from the cross and receive our sins.

They will see it with their own eyes. What they will see and what they see is shocking\

Isa. 52:15 **So shall He startle many nations, over Him shall kings shut their mouths, for they to whom it had not been related concerning Him, see, and what they had not heard, they consider."** CLV and Thieme.

Isaiah 52:15 **So He sprinkles from many nations. At Him kings shall shut their mouths; for they will see that which was not told to them; yea, what they had not heard, they will understand.** Most other translations.

### **The Doctrine of the Second Advent of the Lord Jesus Christ**

1. Jesus Christ returns to earth in a resurrection body. She returns with all the glamor and glory of his royalty in a body of incorruption. We will have a view of this of Jesus landing on the Mount of Olives. "There are people on the back row who have been talking. Get out of here and do not come from. Imagine having to stop on Easter Sunday lecturing someone on manners."

2. Jesus Christ will return to destroy the armies of those surrounding Israel. The first thing that Jesus does is destroy the armies. Ruins it for liberals. He kills 85,000 people in one battle. And he will break this record on the 2<sup>nd</sup> advent. He will return in a white uniform but it will be soaked in blood.
3. The analogy of the 2<sup>nd</sup> advent is the day of Noah.
4. The second advent will remove all of the unbelievers from the earth.
- 5.
6. This is not the rapture of the church. They are not the same. Believers disappear and it is almost private. The 2<sup>nd</sup> advent is very public; every eye will see Him.
  - a. The rapture takes place in the air. The second advent occurs on the earth.
  - b. The church goes to heaven in the rapture; it returns with Christ in the 2<sup>nd</sup> advent.
  - c. Judgment of the works of believers. At the 2<sup>nd</sup> advent, the baptism of fire judgment.
  - d. Our bodies are changed at the rapture to be incorruptible; the earth is changed in the 2<sup>nd</sup> advent.
  - e. Jesus is the groom in the rapture and the Messiah in the 2<sup>nd</sup> advent.
  - f. Israel's covenants are not fulfilled in the rapture; all fulfilled in the 2<sup>nd</sup> advent.
  - g. End of church age verses end of the Jewish age.
  - h. Believers are caught away at the rapture; unbelievers are taken off the earth in the 2<sup>nd</sup> advent.
  - i. The rapture is comfort; the 2<sup>nd</sup> advent is a terror to the inhabitants of the earth.
  - j. The rapture is part of the mystery doctrine; the 2<sup>nd</sup> advent has been well-known for a long time.
7. Perfect environment on the earth when our Lord returns.

### **Doctrine of Second Advent of Christ**

from: [http://gracebiblechurchwichita.org/?page\\_id=524](http://gracebiblechurchwichita.org/?page_id=524)

The 2nd Advent is the visible return of Christ to planet earth with the elect angels and the Church in order to save the nation of Israel from her enemies and establish His 1000-year millennial reign resulting in the fulfillment of the 4 unconditional covenants to Israel. The 2nd Advent of Christ is well documented in both the Old and New Testaments (Dan. 2:44-45; Zech. 14; Mt. 24:29-31; Rv. 1:7; 19:11-21). The Lord and His armies will orbit the earth before landing on the Mount of Olives, which was the site of His Ascension (Acts. 1:9-11). There will be a great earthquake when our Lord's foot touches the Mount of Olives (Zech. 14:1-8). It will be a unique day having neither day nor night (Zech. 14:7). The 2nd Advent is distinct from the Rapture of the Church. The Rapture delivers the Church while the 2nd Advent delivers Israel. The Rapture is seen only by the Church and is therefore; invisible while the 2nd Advent is the visible manifestation of Christ on the earth. The Lord meets the Church in the earth's atmosphere at the Rapture, whereas the Lord physically lands on the Mount of Olives in Jerusalem at the 2nd Advent. Signs do not precede the Rapture whereas visible signs precede the 2nd Advent. The Lord claims His Bride at the

Rapture but He returns with her at the 2nd Advent. The Rapture completes God's program for the Church while the 2nd Advent is related to God's program for Israel. The Rapture is a mystery, not known to Old Testament saints whereas the 2<sup>nd</sup> Advent is prophesied throughout the Old Testament canon. The Rapture leaves creation unchanged whereas the 2nd Advent entails a change in creation. The Rapture does not fulfill God's covenants to Israel whereas the 2nd Advent marks the beginning of their fulfillment. The Rapture precedes the Tribulation whereas the 2nd Advent follows it. The Rapture affects only the Church Age believer whereas the 2nd Advent will affect all mankind. The Rapture marks the beginning of the worst period in all of human history whereas the 2nd Advent marks the beginning of the greatest time of prosperity and peace in human history. The Rapture removes only believers from the earth whereas the 2nd Advent removes all unbelievers from the earth. Satan remains on the earth after the Rapture while he is removed and thrown into prison at the 2nd Advent. The Rapture precedes the appearance of the anti-Christ on the earth whereas the 2<sup>nd</sup> Advent precedes his removal. Religion remains active on the earth after the Rapture whereas after the 2nd Advent it no longer exists. The Rapture precedes the marriage of the Lamb whereas the 2nd Advent follows it. The exact time of the Rapture cannot be determined because it is imminent whereas the exact time of the 2nd Advent can be determined once the anti-Christ sets himself up in the Jewish Temple to claim himself to be God at the middle of the 7 years period called the Tribulation.

The Rapture precedes the Bema Seat Judgment of the Church before Christ whereas the 2nd Advent precedes the judgment of Israel before the Lord. The Rapture marks the beginning of the rulership of anti-Christ on the earth whereas the 2nd Advent marks the end of his rule and the beginning of our Lord's millennial reign. Evil flourishes after the removal of the Church at the Rapture whereas evil no longer exists on the earth after the 2nd Advent. The Rapture marks the end of God's Rebuttal in the Appeal Trial of Satan whereas the 2nd Advent marks the end of Satan's Rebuttal in the Trial. The Rapture marks the exit of the Church from the earth while the 2nd Advent marks the entrance of regenerated Israel into the Millennial Kingdom of Christ. While Christ takes the church off planet earth, Michael and the elect angels of God defeat Satan. A great war in heaven will take place between the elect angels of God, led by Michael and the fallen angels, led by Satan. Rev 12:7-9, "And there was war in heaven, Michael and his angels waging war with the dragon. The dragon and his angels waged war, and they were not strong enough, and there was no longer a place found for them in heaven. And the great dragon was thrown down, the serpent of old who is called the devil and Satan, who deceives the whole world; he was thrown down to the earth, and his angels were thrown down with him." The Lord Jesus Christ prophesied the defeat of Satan. Luke 10:18, "And He said to them, "I was watching Satan fall from heaven like lightning." As this war is taking place, Christ is taking the church off planet earth in order to deliver them from Satan who will be cast to the earth by Michael and his legions and to deliver them from the judgments recorded in Revelation chapters 6-19 upon a Christ rejecting world. After the church receives their resurrection bodies at the Rapture, each member of the church will be evaluated to determine who will get rewards. This is called the Bema Seat where Christ evaluates each member of the body of Christ to see if they shall receive a reward as a result of good works. 1 Cor 3:11-15, "For no man can lay a foundation other than the one which is laid, which is Jesus Christ. Now if any man builds on the foundation with gold, silver, precious stones, wood,

hay, straw, each man's work will become evident; for the day will show it because it is {to be} revealed with fire, and the fire itself will test the quality of each man's work. If any man's work, which he has built on, it remains, he will receive a reward. If any man's work is burned up, he will suffer loss; but he himself will be saved, yet so as through fire." Members of the church who were overcomers on planet earth and received rewards from Christ at the Bema Seat Evaluation will be presented to the Father. Rev 3:5, "He who overcomes will thus be clothed in white garments; and I will not erase his name from the book of life, and I will confess his name before My Father and before His angels." Immediately after the Bema Seat Evaluation, the church will be taken into heaven and the marriage of the Lamb of God will then take place in heaven. Rev 19:6-9, "Then I heard {something} like the voice of a great multitude and like the sound of many waters and like the sound of mighty peals of thunder, saying, "Hallelujah. For the Lord our God, the Almighty, reigns. Let us rejoice and be glad and give the glory to Him, for the marriage of the Lamb has come and His bride has made herself ready. It was given to her to clothe herself in fine linen, bright {and} clean; for the fine linen is the righteous acts of the saints. Then he said to me, "Write, "Blessed are those who are invited to the marriage supper of the Lamb." And he said to me, "These are true words of God." Simultaneously, while the church is married to Christ in heaven, the Great Tribulation period is taking place on planet earth. Tribulation period is also described as: (1) Jacob's trouble (2) Great Tribulation (3) Daniel's 70th Week (4) Satan's desperation.

The Tribulation is characterized by: (1) Wrath (Zeph. 1:15, 18; 1 Thess. 1:9-10; Rev. 6:16-17; 14:10, 19; 15:7; 16:1, 15, 19). (2) Judgment (Rev. 14:7; 15:4; 16:5-7; 19:2). (3) Indignation (Isa. 26:20-21; 34:1-3). (4) Hour of trial (Rev. 3:10). (5) Punishment (Isa. 24:20-21). (6) Hour of trouble (Jer. 30:7). (7) Destruction (Joel 1:15). (8) Darkness (Joel 2:2; Zeph. 1:14-18; Amos 5:18).

The Tribulation period is also called the 70th prophetic week of Daniel. A Biblical week is 7 years. God owes Israel one more 7-year period. The first 69 weeks of Daniel's prophecy have been literally fulfilled, but because of the nation of Israel's rejection of Christ as their Messiah, God has postponed the fulfillment of the 70th week. During this postponement, God has inserted the church age where He is forming the future Bride of Christ. Once the church is raptured, then the fulfillment of this 70th week will take place. The Tribulation period or Daniel's 70th week as it is sometimes called in theology is divided into 2 3 ½ year sections. The first 3 ½ years there will be great peace and prosperity but there will be rumors of war. Matt 24:6, "You will be hearing of wars and rumors of wars. See that you are not frightened, for {those things} must take place, but {that} is not yet the end." Dan 11:44, "But rumors from the East and from the North will disturb him, and he will go forth with great wrath to destroy and annihilate many." Once anti-Christ displays himself in the rebuilt Jewish temple, the war of Armageddon will commence and will culminate with the 2nd Advent of Christ. In the middle of this 7-year period, antichrist will stop the sacrifices in the rebuilt Jewish temple and will declare himself to be God. Dan 9:24-27, "Seventy weeks have been decreed for your people and your holy city, to finish the transgression, to make an end of sin, to make atonement for iniquity, to bring in everlasting righteousness, to seal up vision and prophecy and to anoint the most holy {place.} So you are to know and discern {that} from the issuing of a decree to restore and rebuild Jerusalem until Messiah the Prince {there will be} seven weeks and sixty-two weeks; it will be built again, with plaza and moat, even in times of distress. Then after the sixty-two weeks the Messiah will be cut

off and have nothing, and the people of the prince who is to come will destroy the city and the sanctuary. And its end {will come} with a flood; even to the end there will be war; desolations are determined. And he will make a firm covenant with the many for one week, but in the middle of the week he will put a stop to sacrifice and grain offering; and on the wing of abominations {will come} one who makes desolate, even until a complete destruction, one that is decreed, is poured out on the one who makes desolate." Compare this with what Paul writes. II Th 2:3-4, "Let no one in any way deceive you, for {it will not come} unless the apostasy comes first, and the man of lawlessness is revealed, the son of destruction, who opposes and exalts himself above every so-called god or object of worship, so that he takes his seat in the temple of God, displaying himself as being God." These last 3 ½ years will be the most terrible time in human history because God will be pouring out judgment upon a Christ rejecting world. Israel will be caught in the midst of this onslaught. Many in Israel will become believers in Jesus Christ during this time. This is the greatest period of crisis evangelism in the history of the world. Many Jews in Israel will turn to Christ at this time and accept Him as Savior. Revelation 12:1-8 says that 144,000 Jews, 12,000 from each tribe will become believers in Jesus Christ. There will be 2 Jewish witnesses proclaiming the Gospel for the first 3 ½ period. Rev 11:1-12, "Then there was given me a measuring rod like a staff; and someone said, "Get up and measure the temple of God and the altar, and those who worship in it. Leave out the court which is outside the temple and do not measure it, for it has been given to the nations; and they will tread under foot the holy city for forty-two months. And I will grant {authority} to my two witnesses, and they will prophesy for twelve hundred and sixty days, clothed in sackcloth. These are the two olive trees and the two lampstands that stand before the Lord of the earth. And if anyone wants to harm them, fire flows out of their mouth and devours their enemies; so if anyone wants to harm them, he must be killed in this way. These have the power to shut up the sky, so that rain will not fall during the days of their prophesying; and they have power over the waters to turn them into blood, and to strike the earth with every plague, as often as they desire. When they have finished their testimony, the beast that comes up out of the abyss will make war with them, and overcome them and kill them. And their dead bodies {will lie} in the street of the great city which mystically is called Sodom and Egypt, where also their Lord was crucified. Those from the peoples and tribes and tongues and nations {will} look at their dead bodies for three and a half days, and will not permit their dead bodies to be laid in a tomb. And those who dwell on the earth {will} rejoice over them and celebrate; and they will send gifts to one another, because these two prophets tormented those who dwell on the earth. But after the three and a half days, the breath of life from God came into them, and they stood on their feet; and great fear fell upon those who were watching them. And they heard a loud voice from heaven saying to them, "Come up here." Then they went up into heaven in the cloud, and their enemies watched them." Revelation, chapters 6-19 describe this awful period in human history. Fallen angels will become visible on planet earth and kill a third of mankind (Rev. 9). Antichrist will persecute Israel and will put to death anyone who does not have the mark of the beast. Rev 13:16-17, "And he causes all, the small and the great, and the rich and the poor, and the free men and the slaves, to be given a mark on their right hand or on their forehead and {he provides} that no one will be able to buy or to sell, except the one who has the mark, {either} the name of the beast or the number of his name." The Lord Jesus Christ describes the Tribulation period in detail and His 2<sup>nd</sup> Advent. Matt 24:3-39, "As He was

sitting on the Mount of Olives, the disciples came to Him privately, saying, 'Tell us, when will these things happen, and what {will be} the sign of Your coming, and of the end of the age?' And Jesus answered and said to them, 'See to it that no one misleads you. For many will come in My name, saying, 'I am the Christ,' and will mislead many. You will be hearing of wars and rumors of wars. See that you are not frightened, for {those things} must take place, but {that} is not yet the end. For nation will rise against nation, and kingdom against kingdom, and in various places there will be famines and earthquakes. But all these things are {merely} the beginning of birth pangs. Then they will deliver you to tribulation, and will kill you, and you will be hated by all nations because of My name. At that time many will fall away and will betray one another and hate one another. Many false prophets will arise and will mislead many. Because lawlessness is increased, most people's love will grow cold. But the one who endures to the end, he will be saved. This gospel of the kingdom shall be preached in the whole world as a testimony to all the nations, and then the end will come. Therefore when you see the ABOMINATION OF DESOLATION which was spoken of through Daniel the prophet, standing in the holy place (let the reader understand), then those who are in Judea must flee to the mountains. Whoever is on the housetop must not go down to get the things out that are in his house. Whoever is in the field must not turn back to get his cloak. But woe to those who are pregnant and to those who are nursing babies in those days. But pray that your flight will not be in the winter, or on a Sabbath. For then there will be a great tribulation, such as has not occurred since the beginning of the world until now, nor ever will. Unless those days had been cut short, no life would have been saved; but for the sake of the elect those days will be cut short. Then if anyone says to you, 'Behold, here is the Christ,' or 'There {He is}' do not believe {him.} For false Christ's and false prophets will arise and will show great signs and wonders, so as to mislead, if possible, even the elect. Behold, I have told you in advance. So if they say to you, 'Behold, He is in the wilderness,' do not go out, {or} 'Behold, He is in the inner rooms,' do not believe {them.} For just as the lightning comes from the east and flashes even to the west, so will the coming of the Son of Man be. Wherever the corpse is, there the vultures will gather. But immediately after the tribulation of those days THE SUN WILL BE DARKENED, AND THE MOON WILL NOT GIVE ITS LIGHT, AND THE STARS WILL FALL from the sky, and the powers of the heavens will be shaken. And then the sign of the Son of Man will appear in the sky, and then all the tribes of the earth will mourn, and they will see the SON OF MAN COMING ON THE CLOUDS OF THE SKY with power and great glory. And He will send forth His angels with A GREAT TRUMPET and THEY WILL GATHER TOGETHER His elect from the four winds, from one end of the sky to the other. Now learn the parable from the fig tree: when its branch has already become tender and puts forth its leaves, you know that summer is near; So, you too, when you see all these things, recognize that He is near, {right} at the door. Truly I say to you, this generation will not pass away until all these things take place. Heaven and earth will pass away, but My words will not pass away. But of that day and hour no one knows, not even the angels of heaven, nor the Son, but the Father alone. For the coming of the Son of Man will be just like the days of Noah. For as in those days before the flood they were eating and drinking, marrying and giving in marriage, until the day that Noah entered the ark, and they did not understand until the flood came and took them all away; so will the coming of the Son of Man be."

The 2nd Advent of Christ is further described in Zechariah and Revelation. As we noted earlier in this article, Zechariah 14:1-4 makes it clear that the events of the 2nd Advent are included in the program of the Day of the Lord. The prophecies of Zechariah appear in the Major Prophets in the Old Testament Hebrew canon.

The Old Testament was divided into 3 sections: (1) The Torah (2) The Prophets (Nabhiim) (3) The Writings (Kethubim). The 1st section is called the Torah meaning "the Law" contained: (1) Genesis (2) Exodus (3) Leviticus (4) Numbers (5) Deuteronomy. The 2nd section was the Prophets which were divided into 2 sections: (1) The Former Prophets (2) The Latter Prophets. The Former Prophets: (1) Joshua (2) Judges (3) Samuel (4) Kings. The Latter Prophets were divided into 2 categories: (1) Major (2) Minor. Major Prophets: (1) Isaiah (2) Jeremiah (3) Ezekiel. The Minor Prophets were also called the Twelve because they were all contained 1 Book: (1) Hosea (2) Joel (3) Amos (4) Obadiah (5) Jonah (6) Micah (7) Nahum (8) Habakkuk (9) Zephaniah (10) Haggai (11) Zechariah (12) Malachi. The 3rd and last section was called the Writings: (1) The Poetical Books: Psalms, Proverbs and Job (2) The Five Rolls (Megilloth): Song of Solomon, Ruth, Ecclesiastes, Esther and Lamentations (3) The Historical Books: Daniel, Ezra and Nehemiah (1 book) and Chronicles! According to Nehemiah 12:1, 16 the prophet Zechariah was born a Levite in Babylon. He was the son of Berekiah and the grandson of Iddo the priest according to Zechariah 1:1. Ezra and Nehemiah referred to him as "a descendant of Iddo" (Ezra 5:1; 6:14; cf. Neh. 12:4, 16). Thus, implying perhaps that his father had died young and Zechariah became the successor of his grandfather (cf. Neh. 12:4, 16). So, like Jeremiah and Ezekiel before him, Zechariah was both a prophet and a priest. Zechariah's name, which he shared with about 30 other men in the Old Testament, means, "Yahweh remembers." He was a contemporary of Haggai the prophet, Zerubbabel the governor, and Joshua the high priest (Ezra 5:1-2; Zech. 3:1; 4:6; 6:11). Zechariah returned to Jerusalem from Babylon with almost 50,000 other Jewish exiles. He was probably a relatively young man at the beginning of his prophetic ministry according to Zechariah 2:4. According to Jewish tradition, Zechariah was also thought to be one of the members of the Great Synagogue, a body, which is thought to have gathered and preserved the sacred writings and traditions of the Jews after the exile.

The book of Zechariah has been called the apocalypse because of the presence of a number of visions. He dwells on the Person and Work of Christ more fully than all the other Minor Prophets combined. Zechariah 14 concludes the 2nd division of the last section of the Book of Zechariah. This last section, chapters 9-14, deals with prophecy concerning the 1<sup>st</sup> Advent of Christ (chapters 9-11). In the 2nd and last division, chapters 12-14, we have the prophecies concerning the 2nd Advent of Christ. Chapter 14 is entirely prophetic and eschatological in scope from the standpoint of the rapture of the church. Zech 14:1, "Behold, a day is coming for the LORD when the spoil taken from you will be divided among you." This summary verse announces the last future siege of Jerusalem in the "day of the Lord," which is during the Great Tribulation period that is also known as Daniel's 70th week. Zechariah 14:2-4, "For I will gather all the nations against Jerusalem to battle, and the city will be captured, the houses plundered, the women ravished and half of the city exiled, but the rest of the people will not be cut off from the city. Then the LORD will go forth and fight against those nations, as when He fights on a day of battle. In that day His feet will stand on the Mount of Olives, which is in front of Jerusalem on the east; and the Mount of Olives will be split in its middle from east to west by a very large valley, so that

half of the mountain will move toward the north and the other half toward the south." The Mount of Olives will be split in half by the return of our Lord to the Mount of Olives. If you recall in Acts 1:9-11 upon our Lord's ascension the angels told the disciples of our Lord that He would return in the same manner to the Mount of Olives in the future. The statement that the Lord will stand "on the Mount of Olives, which is in front of Jerusalem on the east" is a significant statement. This is not a casual statement. You will notice throughout Scripture that help for Israel is coming from the east. This is the reason the Jews pay great attention to that eastern gate, which some call the golden gate. The Lord will come through the eastern gate at His 2<sup>nd</sup> Advent in the rebuilt Jewish temple. Zechariah 14:5, "You will flee by the valley of My mountains, for the valley of the mountains will reach to Azel; yes, you will flee just as you fled before the earthquake in the days of Uzziah king of Judah. Then the LORD, my God, will come, and all the holy ones with Him!" \_When the Lord lands upon the Mount of Olives at His 2nd Advent to personally and bodily deal with His enemies and those of His people, the Jews, the Mount of Olives, dislodged by a severe and terrible earthquake, will dissolve into "an exceedingly great valley." Therefore, there will be a vast alteration of the geography in Jerusalem in order that it might be the center of blessing to the world during the millennial reign of Christ. According to Isaiah 2:2-3, Jerusalem will be the capital of the entire earth during the Millennium. Zechariah 14:6-7, "In that day there will be no light; the luminaries will dwindle. For it will be a unique day, which is known to the LORD, neither day nor night, but it will come about that at evening time there will be light." The 2nd Advent of Christ will be unique because Jesus Christ is unique since He is undiminished deity and true humanity in 1 Person forever, the God-Man. Zechariah 14:8, "And in that day living waters will flow out of Jerusalem, half of them toward the eastern sea (Dead Sea) and the other half toward the western sea (Mediterranean); it will be in summer as well as in winter." Jerusalem, who throughout her history has been an inland city, will become a seagoing city, or port town at the 2nd Advent of Christ. Zechariah 14:9-10, "And the LORD will be king over all the earth; in that day the LORD will be the only one, and His name the only one. All the land will be changed into a plain from Geba to Rimmon south of Jerusalem; but Jerusalem will rise and remain on its site from Benjamin's Gate (North wall) as far as the place of the First Gate (Northeastern corner of the city) to the Corner Gate (northwestern extremity), and from the Tower of Hananel (at the opposite extremity of the "corner gate," in the northeastern part of the city, Jer. 31:38) to the king's wine presses." The 2nd Advent of Christ will cause a severe earthquake that will change the entire central highland ridge from Geba of Benjamin (Josh. 18:24; 2 K. 23:8), located some 6 miles northeast of Jerusalem, to Rimmon south of Jerusalem, located 33 miles southwest of Jerusalem, an inhabited site in Zechariah's day. All the land of Palestine specified here in verse 10 shall be transformed so as to become, like the Arabah. The Arabah is the deep depression that extends from the Sea of Galilee, 652 feet below sea level to the Gulf of `Aqaba, and only 300 feet above sea level just west of Petra in Edom, making the Arabah the deepest depression on the surface of the earth. But the depth of the terrain was only one element that prompted the comparison by Zechariah to the Arabah. Another was its level character. Josephus twice mentions "the Great Plain" in describing the Ghor or Rift, from the Sea of Galilee to the Dead Sea (Wars 8.2; Antiquities 6.1). Hence, Zechariah used the simile "like the Arabah" to stress the of Jerusalem in emphasizing the depression of the surrounding hills and their being made as level as a plain. Jerusalem shall be elevated and exalted instead of being imbedded in the

midst of mountainous rough terrain that it is presently surrounded by. Zechariah 14:11-16, "People will live in it, and there will no longer be a curse, for Jerusalem will dwell in security. Now this will be the plague with which the LORD will strike all the peoples who have gone to war against Jerusalem; their flesh will rot while they stand on their feet, and their eyes will rot in their sockets, and their tongue will rot in their mouth. It will come about in that day that a great panic from the LORD will fall on them; and they will seize one another's hand, and the hand of one will be lifted against the hand of another. Judah also will fight at Jerusalem; and the wealth of all the surrounding nations will be gathered, gold and silver and garments in great abundance. So also like this plague will be the plague on the horse, the mule, the camel, the donkey and all the cattle that will be in those camps. Then it will come about that any who are left of all the nations that went against Jerusalem will go up from year to year to worship the King, the LORD of hosts, and to celebrate the Feast of Booths (Feast of Tabernacles)." The Feast of Tabernacles contains an interesting feature that makes it prophetic from the standpoint of the Millennium. The solemn 8th day, "the last and great day of the feast" when Israel no longer dwelt in booths but returned to their homes, looks beyond the millennial kingdom to the eternal state, when time will merge into eternity and the millennial kingdom will merge into the eternal kingdom (1 Cor. 15:24-28; Rev. 21:1, 3). Zechariah 14:17-21, "And it will be that whichever of the families of the earth does not go up to Jerusalem to worship the King, the LORD of hosts, there will be no rain on them. If the family of Egypt does not go up or enter, then no rain will fall on them; it will be the plague with which the LORD smites the nations who do not go up to celebrate the Feast of Booths. This will be the punishment of Egypt, and the punishment of all the nations who do not go up to celebrate the Feast of Booths. In that day there will be inscribed on the bells of the horses, 'HOLY TO THE LORD.' And the cooking pots in the LORD'S house will be like the bowls before the altar. Every cooking pot in Jerusalem and in Judah will be holy to the LORD of hosts; and all who sacrifice will come and take of them and boil in them. And there will no longer be a Canaanite in the house of the LORD of hosts in that day." Rev 19:11-21, "And I saw heaven opened, and behold, a white horse, and He who sat on it {is} called Faithful and True, and in righteousness He judges and wages war. His eyes {are} a flame of fire, and on His head {are} many diadems; and He has a name written {on Him} which no one knows except Himself. {He is} clothed with a robe dipped in blood, and His name is called The Word of God. And the armies which are in heaven, clothed in fine linen, white {and} clean, were following Him on white horses. From His mouth comes a sharp sword, so that with it He may strike down the nations, and He will rule them with a rod of iron; and He treads the wine press of the fierce wrath of God, the Almighty. And on His robe and on His thigh He has a name written, "KING OF KINGS, AND LORD OF LORDS." Then I saw an angel standing in the sun, and he cried out with a loud voice, saying to all the birds which fly in midheaven, "Come, assemble for the great supper of God, so that you may eat the flesh of kings and the flesh of commanders and the flesh of mighty men and the flesh of horses and of those who sit on them and the flesh of all men, both free men and slaves, and small and great." And I saw the beast and the kings of the earth and their armies assembled to make war against Him who sat on the horse and against His army. And the beast was seized, and with him the false prophet who performed the signs in his presence, by which he deceived those who had received the mark of the beast and those who worshiped his image; these two were thrown alive into the lake of fire which burns with brimstone. And the rest were killed with

the sword which came from the mouth of Him who sat on the horse, and all the birds were filled with their flesh."

04/15/1974 Isa. 53:1-3 Erroneous images of Jesus Christ; Easter Special

8 different principles dealing with Jesus Christ and the cross.

Vv.2

V. 10 resurrection and the cross

v. 11 Soteriology and the cross

v. 12 His glorification and the cross.

You should make a decision based upon information. The arm of the Lord is the humanity of Jesus Christ; Lord stands for the deity of Jesus Christ. Used in many passages in Isaiah. 59:6 63:5 creation was finger work; but salvation is arm work.

Isaiah 53:1 [Who has believed our report \[doctrinal teaching\]? And to whom is the arm of Jehovah revealed?](#)

Now e move into the doctrinal teaching that Isaiah is speaking of.

What is a tender plant? Joneq actually means *a suckling, a sucker plant*. This is a technical word used for a plant which derives its nourishment from its own roots and from its stalk. Very different from the male sucker today. So Jesus derives His nourishment from His Own roots. He learned doctrine and He drew upon it throughout His lifetime. God the Father provides from His deity that which is necessary. Doctrine is resident in his soul and the root that God the Father just started He became spiritually self-sustaining very early on in His life. He will be caused to grow up like a sucking plant. He received Bible doctrine in His soul. Luke 2:40, 52 He was in the supergrace life before He was in his teens; but He held the world together even in the cradle.

Sheresh refers to a root shoot; a root that has sprouted a little. It is both a root and a shoot. Jesus is both the source of David as well as from David. Rev. 5:5 22:16 Isa. 11 here, He is said to come out of dry ground. Israel is dried up by religionism, and legalism; as they lived then under the 4<sup>th</sup> cycle of discipline. Jesus did not find his nourishment from the religious groups them; He does not get any nourishment from the ground itself.

Physically, He was unattractive. There was nothing about Him that caught a person's eyes. Ghasty monstrous pitiful job for the Greatest Story Ever Told. Jesus did not have long hair; He was not a hippie. This is a sign of effeminacy. It means the woman runs everything. A man with long hair means that a woman is running him; or of emotional revolt of the soul. Jesus did not have long hair and He did not have an effeminate face. Neither is Jesus some kind of a superstar; pitiful piece of junk that operetta.

Jesus grew up being nourished from His Own soul. So, such a man could grow up and be unattractive physically, but be very attractive overall because of what is in his soul.

A word for being handsome in an aristocratic way. You might see a person like this and think that they are arrogant. Noble. They look set apart. But Jesus was not this way. He was not ostentatious in His looks. He did not look like a king to Israel. Saul looked like a king to the people of Israel; Jesus did not. Jesus was tall and powerful, but He did not look like a king.

Jesus came without the pomp and the haughty demeanor of royalty; nothing like the Roman aristocrats or the religious leaders. They did not see Him as King of Kings, Lord of Lords.

Some guy who came up to Bob and said, "You don't look at all like your picture; you used to have a lot of hair." It wasn't that Bob was repulsive; he just wasn't what this guy expected.

Many a guy would order a bride in the catalogue, and the picture looked one way; and she looked another.

The Jews were influenced by the facade of the Roman leaders; we estimate a great man by virtue and not success is the motto, but not what the Jews looked at.

The Jews of the first advent generally rejected Christ, but the gentiles did not.

This simply did not see in Jesus the picture of a Roman leader.

Isaiah 53:2 [For He comes up before Him as a tender plant \[sucking plant\], and as a root out of dry ground. He has no \[ostentatious\] form nor magnificence that we should see Him; nor form that we should desire Him.](#)

No one in all of history has been more loved by a few and hated by the majority than our Lord Jesus Christ. How do you go about despising a perfect man? He has every right to the throne of Israel, but birth, by background; how do you despise someone like that?

The Jews were able to pull this off because they were very religious and very stuck on the superficialities of life. There was a strong opposition to Him and He has a record of being so incredibly hated. He had a zero peer rating; and peer ratings are meaningless. The peer rating of the military men is meaningless and a bad idea.

The opposition of man did not keep Jesus from fulfilling the Father's plan. He was despised and rejected. Men were against Him and men plotted to kill Him, but none of these things could stop the plan of God. There is nothing which can stop the plan of God. Just make certain that you are operating under the plan of God.

**Closing Points**

1. Not only was Jesus despised by the religious and reversionistic unbelievers, but He was forsaken by the disciples who claimed to love them.
2. The infidelity did not hinder the Son of David from fulfilling the will of the Father. The other disciples, except John, all deserted. Let's say you stand alone; the only thing that can keep you steady is Bible doctrine in your soul. You will go right on doing the right thing; the plan of God. Men are stupid here. Most men assume, when they are young, that they are God's gift to women. The worst thing that can happen to him is have a woman claim to love you while she despised you.
3. Public opinion was against Jesus. Today, people think that if public opinion is against you, that you ought to pull up your tent and pull out. Who cares about public opinion. How does one care about public opinion.
4. Criticism and antagonism were constant pressures to Him.
5. Rejection of the unbelievers and the implacability of loved ones and the hatred of religious types was a fountain of opposition that He waded through.
6. He became a man of sorrows.

This comes up next. He is a man of sorrows. This actually means a man of adversities; grief, pain, pressure.

Every catastrophe, every disaster, every betrayal that we have faced, Jesus faced to the maximum.

When a leper went by, you cover your face; so when Jesus went by, they covered their faces, as if He is a leper. It means to razz, to disdain, to make fun of.

The final verb means *to evaluate*.

Isaiah 53:3 **He is despised and abandoned of men, a Man of pains** [pressures and adversities], **and acquainted** [to know; and knowing] **with sickness** [catastrophe, grief]. **And as it were hiding our faces from Him, He being despised, and we did not value Him.**

Jesus was totally excluded and banished by the Judaistic religion; the repudiation was total, as it clear by the cross.

#### **Closing Points.**

1. The facts regarding Jesus Christ indicate rejection.
2. The judaizers had distorted the Scriptures and they merged the majesty of His 2<sup>nd</sup> advent with the humility of His 1<sup>st</sup> advent. They bypassed the cross entirely. They ignored this part. They wanted glory, majesty, glamorous. They wanted patitians like the SPQR types.
3. They ignored the strategic victory of the cross which must precede His 2<sup>nd</sup> advent, before His could be revealed in His aristocratic demeanor.
4. The mission of the cross had to be accomplished.

5. The incarnation was lost of the generation who met Jesus. He could not simply be a good man. He had to be God or a liar.

Know the time in which you live. The Jews did not know their time. They tried to skip the cross and take the crown. The Romans had a proverb at this time: *in excessive altercation the truth is lost*. That was the tragedy of the 1st advent.

## 1 Samuel 18

## 72 David

631\_0122

04/16/1974 Isa. 53:4-7 Doctrine of unlimited atonement

A conclusion is demanded here. In spite of the ostracism and the rejection, Jesus Christ went to the cross and died for the sins of the world. He died for the sins of those who rejected Him and for those who despised Him. Human opposition has never stopped the plan of God. No one is going to stop God's plan. It is based upon Bible doctrine resident in the souls of believers. Even though God the Son met every type of opposition, He moved right on. This is grace; we did not earn it or deserve it.

Sinful afflictions are failures on our part; and most of the time, no one helps us to get into this hole. We dig that hole ourselves. While on the cross, all of the sins were poured out on Him; He was made sin for us; He bore our sins in His Own body on the cross.

The time to judge our sins had now come. In the past, God had overlooked or winked at our sins.

Isaiah 53:4 **Therefore, He has borne [carried] our sicknesses [sinful afflictions], and He carried our pain; yet we esteemed Him plagued [evaluated by judgment], smitten by God, and afflicted.**

Man's guilt as related to the cross. Many people do nice things because they have a guilt complex or a guilty conscience. Many people try to live their lives to make up for some sin that they committed a long time ago. If you understand the cross, you understand efficacious atonement.

Any time that you are motivated by guilt or you are nice to someone because you feel guilty about something because you feel guilty, you have lost track of the grace of God. The proleptic pronoun, and pronoun in the emphatic position.

In this middle section of the chapter; our sins are not judged by God on us, but are judged by God in Jesus Christ. He and only He is the One being pierced by our transgressions. The guilt that accompanies these sins is also removed. This is why we just name our sins and we are forgiven. This is a free way where we are forgiven. There is no penance, no feeling sorry; it means to name them privately. If someone else pays, then it is obviously free to us. If we try to pull this guilt complex on God, the problem is, we are dealing with the sins twice. When Jesus died for our sins, that was the end of it. Christ has already paid for our sins, so there is no guilt that ought to accompany these sins. The judgment

was total. Jesus left no part of it for us. You are not entitled to any sort of guilt for any reason. Some work around the church in order to work your guilt off.

Jesus was judged for us; the judgment that we deserved was poured out on Him.

The bruise is Jesus Christ; He was one massive bruise when He took upon Himself our punishment. Completely and totally bruised. To restore; to pardon.

### Summary Points

1. when Jesus Christ was on the cross, He was judged for us.
2. This was provided by His spiritual death.
3. Jesus was alive physically when He took the punishment for our sins.
4. He was alive and screaming. "My God, My God, why have You forsaken Me?"
5. He was not bleeding to death.
6. Jesus screamed on the cross, not from physical pain, but from bearing out sins.
7. He was forsaken by God and punished because He was made sin for us.
8. All of this time, while Jesus was taking our place, providing for us this efficacious sacrifice of Himself, He was very much alive. He was still alive when He had completed dying for our sins. Jesus was alive when He proclaimed, *finished*. He did not bleed to death.
9. Salvation was entirely completed before Jesus Christ died physically. He died physically by an act of His Own volition. He dismissed His Own Spirit. His blood was still in His body.

Isaiah 53:5 **But He was wounded for [by] our transgressions; He was bruised [crushed] for our iniquities [punishment for sin]; the chastisement of our peace [the punishment which produced our peace] was upon Him; and with His wounds [bruise, scar] we ourselves are healed [forgiven].**

### The Doctrine of Unlimited Atonement

1. Jesus Christ died for the entire world, not just the elect.
2. Rom. 5:6 1Tim. 2:6, 4:10 1John2:2
3. Jesus died for the sins of the world on the cross. The area of weakness of the sin expresses itself in the production of sins and the area of strength produces human good. Human good is judged at the final judgement. Rom. 6:6
4. The unbelievers sins are not mentioned at the final judgment; law of double jeopardy. When a person is thrown into the Lake of Fire, only his human good will be mentioned.
5. The unbeliever is present at the last judgment because he has rejected Jesus Christ as Savior.
6. His indictment will be based upon human good. The unbeliever cannot be judged for his sins; he was judged on the cross and his sins were dealt with there.
7. Christ did not die for human good; He died for our sins.

8. **Therefore, the doctrine of unlimited atonement deal with sin only.**

Here, we have sheep that are wayward sheep; they are confused and wandering and not able to find their way back. Some people can do the right thing without thinking about it, just based upon instinct. That is what we have on this situation. Sheep are stupid and they have no instincts. They cannot smell; they cannot find the nearest water hole. Most animals can, but not sheep. They cannot find food for themselves. Sheep are typically bull headed about their own ignorance. They wander in and wander off. A fox can kill a sheep. Bites their nose and they just stand there; then bites their stomach and pulls the contents out. They are helpless and stupid. We are the sheep in all of the analogies which are found in the Bible.

Sheep have no sense of direction. You can take the sheep anywhere, give them perfect instructions and they will get lost.

Sheep are completely and totally helpless and without direction. They cannot defend themselves and are totally disoriented. We as members of the human race are totally disoriented. We do not know what to do about sin. We always do the wrong thing. In fact, we often try everything but the right thing. If not for the grace of God, we'd have no idea. We have to know about the gospel in order to believe.

All of us are like sheep. Thumb goes to me, finger goes to you. For the sake of the tapers, I was pointing my index finger.

Isaiah 53:6 **All we like sheep have gone astray; we have each one turned to his own way; and Jehovah made meet in [has caused for fall upon] Him the iniquity of [punishment for] all of us.**

There is Satanic pressure on Jesus; direct and indirect (through human media). All of the pressure was to keep Him from going to the cross.

### **Summary Points**

1. Jesus Christ, as the servant of God the Father, was doing His will
2. But to do the Father's will required wading through a tremendous amount of pressure.
3. Every form of government that Jesus had contact wanted to abuse and torture Him.
4. From the very start of His public ministry, he was oposed by every form of religion.
5. Never once did Jesus lose His poise. Yet the pressure seemed to intensify as He moved toward the cross.
6. One of the pressures is, Jesus was lied about. Falsejkl
7. Another attack upon His poise is, hundreds spit on Him. The saliva was all over His face and body.
8. In trhe Jewish courtroom, where violence is prohibited, He was slugged on many occasions. His face was slapped thil s. He was tied to a whipping post and He was

scourged, where there are bits of metal and bones and it is designed to remove the skin from the back. His body was lacerated at this time. Whatever pain was involved, was intensified by the spiritual forces of evil.

The people were trying to do whatever they could in order to make Him feel pain. He resisted a fantastic temptation, when the evil snarling pharisees challenged Him to come down off the cross. The temptation was the get off the cross and beat the hell out of them. Every kind of attack was brought against our Lord. All the way through, there was emphasis, He was oppressed, He was the One being humbled.

When David walked out into the field in Ephresdonia, he asked, who is this uncircumcised Philistine? His brother began to make fun of David. "Hey, David, where are your sheep?" But David did not once open his mouth. It is not easy to kill a giant; you have to wade through all of the fundies first.

Isaiah 53:7 He was oppressed [abuse, harassment], and He was afflicted, but He did not open His mouth. He was led as a lamb to the slaughter; and as a ewe before her shearers is dumb, so He opened not His mouth.

Next verse is very technical.

**1Samuel 31**

**72David/Easter Special**

**631\_0123**

**04/17/1974 Isa. 53:8, 9 Jesus Christ's six trials and burial**

### **He Was Taken Away by Oppression and by Judgment**

1. Jesus faed 6 unjust trials before the cross.
2. These trials were used to get rid of the only perfect Person; the One causing extreme embarrassment to the religious types.
3. He was brought before Annas, the father-in-law to the high priest. More abuse; no indictment, no testimony; just abuse.
4. The law of Israel and the law of Rome were great systems of law and they were distorted to put Jesus on the cross.

### **Summary of Trials**

1. Before Annas, who was no longer a high priest; but he was powerful. He was a great ganster and he could cover his actions with law or hide behind the law. The office of high priest owas held by 5 sons and a son-in-law, controlling one of the highest offices in the land for a quarter century. As a sadducee, he was not troubled by the religious aspects. He owned the concessions in the Temple. Jesus drove them out and kept them out for awhile. This thing had to be cleared with Annas. John 18 and this violated Jewish law in all respects.
2. A legal trial before Caiphas John 18 Matt. Holding court at night was illegal but they wanted an immediate disposition. There was no defense attorney at any trial. The nearest thing to this was Pontius Pilate, who said Jesus was innocent of all

charges. To try a capital case, there must be 23 members of the Sanhedrin. There had to be an ellapse of 24 hours between a guilty verdict and sentencing. However, both occurred at the same night without any evidence. Usually, the younger members give their votes first and the high priest last, so he did not influence them. Here, he gave his decision first.

3. 3<sup>rd</sup> trial held at dawn. Luke 22 Matt. 27:1 only refers to it the idea was to prepare a case that would hold water instead of establish the facts. All the laws of evidence were set aside. They wanted Jesus to seem as if He were a revolutionists and a rival to Cæsar. It is now daylight and it is the day after the Passover. 8 straight holy days and trials cannot be held for these days. In their hypocrisy, they insist of having a very legal sounding trial. The members of the sanhedrin has not observed the Passover yet.
4. John 18 this is the only trial to come up with an honest verdict. Pilate examines the witness for the defense and found Him to be an honest and credible witness. The Jews could not put someone to death; only Rome could do this.
5. The 5<sup>th</sup> trial was political expediency. Before Herod. Pilate was looking for an out and he sent Jesus to Herod, who was seeing the holy days in Jerusalem. Herod was the ruler of Galilee in the north and Jesus was a Galilean, so he put them together. He wanted to be entertained and Jesus did not. No way that Herod as a gentile would have gotten a miracle. He sent Jesus back to Pilate without any directive order.
6. John 18:39–19: Pilate tries to release Jesus by offering Him or a murderer to be released. Matt. 27 washing his hands and saying that this was judicial murder; he renounced the sentence and said this would be on the Jews. This is found in Deut. 21:6–9 and this should have shocked the Jews and gotten their attention. Pilate hoped that the horror of scourging Jesus would move to people to call for His release. He thought he could bluff them to call for our Lord’s release, but he was wrong.

After the physical death, we have *because of the transgression of My people*. The punishment was poured out on the Lord Jesus Christ. The distortions of the best systems of human justice.

### **The Injustice of the Trials**

1. S
2. Jewish and Roman laws were the best systems of law in that day. When you get a generation of bleeding hearts, they try to undo the system out of guilt.
3. God the Father used in justice as a means of providing our salvation; maximum human injustice got Jesus Christ on the cross. He poured out our sins on Him.
4. In the middle of v. 8 there is the question, “Who gave thoughtful consideration to the fact that He was cut off from the land of the living?” Who realized the true significance of the cross in our Lord’s generation. But there was hardly a person in all of Israel who was unaware of what Jesus did and all of His miracles. Some of you think all you need is to see a true miracle and you would be impressed.

However, only Bible doctrine in the soul is the only thing that you have to make discernment.

5. Legal procedure brought Jesus to the cross, the judgement for sin occurs on the cross.
6. Christ was judged in our place and man was reconciled to God as a matter of grace.
7. This passage was being read by a royal treasurer from Ethiopia and he was reading Isa. 53:8 and Philip explained salvation by this passage.

The idea is, Jesus was not deserving of death; He did not deserve the sins being poured out on Him, just as He was mistreated and given a bad sentence.

Isaiah 53:8 **He was taken from prison and from justice** [was taken away by oppression and by judgment]; **and who shall consider His generation? For He was cut off out of the land of the living; from the transgression of My people, the stroke was to Him.**

There are 2 doctrines in Christology that are never explained. Jesus dying on the cross and why there is so much on the burial of our Lord. There is other information.

Nathan means *to give*. It has other related meanings. It means *to assign, to appoint*. Jesus was identified with criminals on the cross. Therefore, He was supposed to be buried in obscurity. If Jesus is buried in obscurity, there is no proof in resurrection. He must be buried in a prominent place. There must be no question as to the meaning of the empty tomb.

Josephus tells us that it was the custom to bury blasphemers in obscure place. However, Jesus was to be assigned to death with the rich. Though Jesus was crucified with criminals and died with criminals, He was assigned to a rich man's grave. God the Father took over the control of history during this time. Maximum injustice is practiced. God turns it into salvation by striking Him with our sins. Because of the crucifixion, His burial is supposed to be obscure, But God assigned Him a prominent tomb. His body was turned over to some of His disciples; and an obscure burial would have obfuscated the resurrection.

*Deaths* is in the plural. 2 deaths on the cross. There was His spiritual death, which started at noon and lasted for 3 hours. This is where He cried out, "My God, My God, why have You forsaken Me?" At 3 pm, He died physically. **"Father, into Your hands, I deposit My spirit." And having said this, He expired.** His physical death followed because His work was finished. When the first Adam sinned, He died spiritually. He died physically 935 years later. So His physical death followed His spiritual death. Same pattern with the first and last Adam. To the one born twice, he can only die once; and vice versa.

*Violence* here refers to wrong of any kind. This summarizes His entire life. He was absolutely perfect.

Isaiah 53:9 **And He appointed Him His grave with the wicked** [while His burial would be assigned with criminals], **but He was [associated] with a rich man in His death; though He had done no violence** [no wrong of any sort], **and deceit was not in His mouth.**

### Summary

1. His burial is not covered well.
2. His burial is a part of the gospel. It is a link between death and resurrection. One fight of confederates with a mostly black held fort; and they pretended to be dead, until they were buried.
3. The importance of this doctrine relies on the fact that burial for 3 days means death without question.
4. This avoids all of the false views of resurrection from resuscitation to the swoon theory.
5. Burial in a prominent place guarded by Roman soldiers removes all problems with regards to the validity of our Lord's death. There was a Roman seal on the tomb.
6. Since Jesus Christ truly died physically, He was truly resurrected physically.
7. The burial established the validity of a literal, bodily resurrection.
8. The end of this verse establishes impeccability with regards to all sins. Deceit emphasizes the inner sins. The burial of our Lord means God the Father would permit no additional indignities to the body of our Lord.

Doctrine of resurrection next time.

**1Samuel 31 Isa. 53:10      72David/Easter Special      631\_0124**  
**04/18/1974 Doctrines of the hands of Jesus Christ and ascension and session**

Bob went through the cycle of slavery, to prosperity, to apathy to dependence and then slavery again.

We are a free people based upon military victory. A medal of honor recipient read.

He carried the guilt of our sinful afflictions. Consequently, He was the One being pierced for our transgressions. Because of divine judgment of My people, the stroke of judgment was upon Him.

[Yet Jehovah the Father purposed to crush Him.](#)

Tolaaf is a worm whose blood made an excellent dye. It made a beautiful crimson color. Jesus was crushed like a worm, as it were. Because Jesus was crushed with the weight of our sins. We wear the king's robe.

Psalm 22:6 [But I am a worm and not a man, scorned by mankind and despised by the people.](#)

Jehovah the Father made a command decision to crush Him (Jesus Christ). The Father had to cause the cross, and He made this decision in view of the great temptation not to make it. The corruption of the Roman administration and the vituperation of the pharisees, who scoffed at Him and maligned Him while on the cross.

Isaiah 53:10 **But Jehovah pleased to crush Him, to make Him sick, so that If He should put His [when You will appoint Him an offering for sin; a trespass offering] soul as a guilt offering, He shall see His seed; He shall prolong His days; and the will of Jehovah shall prosper in His hand.**

Lev. 12:5–6 the trespass offering is a rebound offering. The one who is wronged is the one Who gains. Jesus gains a royal family. No matter what kind of a life we live, we are still counted as gain. Lev. 5:16 emphasis is upon the one who is wronged. God the Father gains because Jesus dies for our sins; and there is an entire family because of this which God the Father acquires. Man is also a gainer; man gains more than was lost in the fall.

Man did not have eternal life in the garden. You cannot argue from silence. If the antithesis is not stated, then it does not exist. We think in terms of antithesis because of Hegel, who hatched the egg from which communism sprung.

Jesus Christ is the point in history where all of these gains come together. There is no great sets of laws than Jewish and Roman and both still prosecuted Jesus. The two greatest systems of law met and conspired to put Jesus on the cross. Still, God gains and man gains.

Isaiah 53:10 **But Jehovah pleased to crush Him, to make Him sick, so that If He should put His [when You will appoint Him an offering for sin; a trespass offering] soul as a guilt offering, He shall see His seed; He shall prolong His days; and the will of Jehovah shall prosper in His hand.**

After His death, there must be a gain. The Levitical offering, found in Lev. 5 and 6. God is the gainer in 5:16 man is the gainer; God is the gainer in 6:5. We gain by being royalty. Were self-discipline, no matter what our human abilities, these things are inconsequential.

Apparently, we are on the verge of a recession. A recession means loss. If Christ bears our sins on the cross, then He must die physically. He had to die spiritually first. The spiritual death is as important as the physical death. Jesus was alive and speaking when He said, "Finished." The peace offering was accomplished on the cross, that is not is what is in view here. There is a barrier and this removes the barrier. Gain can occur on the cross when our sins have been judged.

Zero to 100 occurs with salvation. Gain occurs with resurrection. The sin here is a particular sin offering and that is the key. From His resurrection comes a seed and from the seed comes a harvest.

Isaiah 53:10 **But Jehovah pleased to crush Him, to make Him sick, so that If He should put His [when You will appoint Him an offering for sin; a trespass offering] soul as a guilt offering, He shall see His seed; He shall prolong His days; and the will of Jehovah shall prosper in His hand.**

Gain is profit; we use gain because it sounds more theological. Jesus planted the seed in death (1Cor.15:41-44). This one seed yielded billions of acres of harvest. One royal son went forth on the virgin birth.

Prolonging the days. Hiphil stem here. David's Greater Son will prolong His days.

### **The Empty Tomb and the Resurrection of Jesus Christ**

1. He shall prolong His days, means that David's greater Son will reign forever.
2. This emphasizes the duration of the resurrection; forever.
3. This is why God did not permit an obscure and ignominious burial as with the 2 thieves. The tomb had to be prominent.
4. The tomb was sealed and guarded by Roman guards. The dead could not leave and the living could not go inside.
5. The empty tomb means that Jesus had a literal, physical bodily resurrection after a literal bodily death.
6. If the tomb had not been empty, then the religious types would have produced the corpse to stifle the religious hysteria. They lacked a corpse. They could not produce it and say, "Here's His corpse."
7. In view of the sealed tomb and the Roman guard, the disciples would have no desire or ability to steal the body.
8. Assume the disciples stole the body. They could not proclaim His resurrection with a hidden corpse.
9. If the enemies of Christ had stolen the body, they would have produced it.
10. Therefore, the empty tomb is a witness to the resurrection of Jesus Christ.

By His resurrection, God brings many sons into glory. The resurrection means that Israel has a ruler forever.

Therefore the plan of Jehovah the Father will advance by the hand of Jesus Christ. This is used to make a point.

### **The Hands of Jesus Christ**

1. The hands of Jesus Christ are the hands of the Creator. Psalm 119:2
2. The hands of Christ are also the hands of our Savior. The hands nailed on the cross are the hands of the Creator and Savior.
3. The hands of security. Psalm 37:24
4. Therefore the plan of Jehovah the Father will advance in His hand.

Resurrection advances the plan of God the Father so that one Seed planted will bring forth a harvest of billions. We are the harvest. Change from the 3<sup>rd</sup> person to the 2<sup>nd</sup> person, and that gives you a parenthesis in the Hebrew.

### **Closing Points**

1. The Father's plan was designed to include the two deaths of Christ on the cross.
2. The physical death of Jesus Christ as a trespass offering seems to be the end of the plan. However, in the middle of this verse, "He shall prolong His days." That is the impact of the resurrection. The plan does not end with His physical death. Death of Christ on the cross makes no impact on the Angelic Conflict? The plan must advance in the Angelic Conflict and that requires the resurrection.
3. The seed is the royal family of God.
4. The prolongation of days emphasizes the importance of Israel, as David's Greater Son will rule over forever.
5. C
6. The necessity of the resurrection from the standpoint of Christ Himself. No resurrection no strategic victory. The glorification of Jesus Christ depends on His resurrection. No session means no victory in the Angelic Conflict.

Isaiah 53:10 **But Jehovah pleased to crush Him, to make Him sick, so that If He should put His [when You will appoint Him an offering for sin; a trespass offering] soul as a guilt offering, He shall see His seed; He shall prolong His days; and the will [plan] of Jehovah shall prosper [advance; move forward] in His hand.**

The resurrection is necessary to advance the plan of God the Father. It is necessary for a seed to die and from it, a great harvest.

#### **Doctrines of Ascension and Session**

1. Change of residency from earth to the 3<sup>rd</sup> heaven; so this occurs after the resurrection of the dead.
2. The resurrection body of Jesus Christ could move vertically or horizontally. It could go through solid objects and it moves through space, through all 3 heavens.
3. The reception and acknowledgment of the Son is very important in this doctrine. He had to get up there in order to be seated.
4. The celebrityship of Christ. As God, Jesus Christ is preeminent. Jesus Christ is unique on the right hand of the Father. He has illustrious celebrityship.
5. The strategical victory of the Angelic Conflict. The ascension and session of Christ begin a new sphere of the Angelic Conflict. This means the Church Age believer is involved in the intensified stage of the Angelic Conflict.
- 6.
7. The new priesthood
8. The ascension and the ultimate defeat of Satan; this begins operation footstool. The resurrection will terminate.. In His resurrection body, Jesus will break the record of killing His enemies.

#### **The Doctrine of the Ascension**

from [http://gracebiblechurchwichita.org/?page\\_id=913](http://gracebiblechurchwichita.org/?page_id=913) The Ascension of Christ was the vertical transfer of our Lord's true humanity from planet earth to the third heaven in a

resurrection body. It demonstrates the vertical travel capability of the resurrection body through the earth's atmosphere, the galaxies of the stellar universe, and billions of light years in an instant, and then entering the third heaven where the throne of God is. The original languages of Scripture teach that there are 3 levels of heaven. (1) 1st heaven: Earth's atmosphere. (2) 2nd heaven: Stellar universe. (3) 3rd heaven: Abode of God, the angels and the dead believers. This multiplicity of heavens is indicated in Hebrews 4:14 where our Lord at His Ascension is said to have "passed through the heavens" (accusative masculine plural noun ouranos). The 1st and 2nd heaven are not specifically mentioned but the 3rd heaven is discussed in 2 Corinthians 12:2. Logically speaking, it is evident that there cannot be a 3rd heaven without also a 1st and 2nd heaven. The 1st heaven is the earth's atmosphere which surrounds the earth and is composed of the following 7 layers: (1) Troposphere (2) Stratosphere (3) Mesosphere (4) Thermosphere (5) Exosphere (6) Ionosphere (7) Magnetosphere. Our Lord at His Ascension passed through the earth's atmosphere, i.e., the 1st heaven (Acts 1:9-11). An invisible war is taking place in the Church Age between the kingdom of God and the kingdom of darkness throughout the 7 layers of the earth's atmosphere as part of the angelic conflict (Dan. 10:20; Eph. 2:2; 6:11-17) and will visibly manifest itself during the Tribulation period (Rev. 6-19). Satan is called in the Greek, "ton archonta tes exousias tou aeros, "the ruler of the power of the air" (Eph. 2:2). He has tes exousias, "the authority or the power" over the earth's atmosphere. He is archon tou kosmou toutou, "the ruler of this world" (John 12:31; 14:30; 16:11). The 2nd heaven is the stellar universe or space which consists of a vast array of stars, moons, suns, galaxies and solar systems. Angelic beings populate the stellar universe. The pre-historic battleground of the angelic conflict stretches into this region known as the 2nd heaven. In astronomy the stellar universe is referred to as the cosmos. The cosmos contain the entire physical universe consisting of all objects and phenomena observed and postulated as well invisible angelic beings. The principal components of the universe are the galaxies, stars and stellar groupings, and nebulae. Substantially smaller components include the solar system and any other assemblage of planets, satellites, comets, and meteoroids revolving around a central stellar body that may exist among the millions of galaxies. The universe also contains gravitational fields and various forms of radiation. The 3rd heaven was also created by the Lord Jesus Christ (Psa. 102:25; 115:15; 124:8; 134:3; Isa. 45:12; 51:13; Jer. 32:17; Zech. 12:1; John 1:3; Col. 1:16-17; Heb. 1:10). The Scriptures teach that the 3rd heaven is the abode of the Trinity (Gen. 14:19, 22; 23:3, 7; 1 Kings 8:30, 49; 2 Chron. 6:21, 30; Neh. 1:4-5; 2:4, 20; Psa. 11:4; 20:6; 33:14; 103:19; Isa. 63:5; 66:1; Matt. 5:34; Luke 16:9; John 14:1-3; Acts 1:11; 7:56; 2 Cor. 12:2; Heb. 2:10; Rev. 19:14). The 3rd heaven is located billions and billions of light years away from the earth above the 1st and 2nd heavens. A light-year in astronomy is the distance traveled by light moving in a vacuum in the course of 1 year, at its velocity of 186,282 miles per second. A light-year equals about 5.878 x 10,000,000,000,000 miles, or 63,240 astronomical units. Therefore, the humanity of Christ in hypostatic union travelled billions and billions of light years passing through the 1st, 2nd and 3rd heavens by means of divine omnipotence in order to arrive at the right hand of God the Father in order to receive power, rank and authority over all creation and its intelligence. The ascension of Christ occurred 40 days after His resurrection. He remained on earth for 40 days in order to confirm the fact that He had indeed risen from the dead as He prophesied many times in His earthly ministry during His 1st Advent. The ascension of Christ was a visible event and

in a public place. It took place on the Mount of Olives in Jerusalem where He will again return at His 2nd Advent which occurs at the end of the Tribulation period. Luke is the only 1 of the NT writers who gives a detail description of the event. Our Lord's ascension brought to a conclusion His earthly ministry and not the resurrection. The dispensation of the hypostatic union concludes with the resurrection, ascension and session of Christ. There are 2 Christocentric Dispensations: (1) Hypostatic Union: The Birth of Christ to His death, resurrection, ascension and session. (2) The Church Age: Day of Pentecost in 32 A.D. to the Rapture. It was our Lord's ascension is the 3rd major event in relation to the appeal trial of Satan. There are 5 major events in relation to the appeal trial of Satan: (1) Spiritual Death of Christ (2) Resurrection (3) Ascension (4) Triumphal Procession (5) Session. A trial has 3 phases: (1) Formal presentation of the case: Prosecution presents its case, followed by the defense. (2) Rebuttal Phase: The rebuttal arguments of the prosecution followed by the rebuttal arguments of the defense. (3) Closing argument and summary: By the prosecution and the defense. The Formal trial in Satan's appeal trial corresponds to Old Testament history. The Rebuttal phase of the Prosecution (God) includes the Christocentric dispensations: (1) The First Advent, Hypostatic Union: Virgin Birth of Christ to His death, 1 resurrection, ascension and session (B.C. 4-30 A.D.), New Testament Gospels (2) The Church Age, Pentecost to the Rapture (30 A.D.-Rapture): Pre-canon period-Book of Acts until John wrote Revelation (A.D. 30-96); Post- Canon Period-Completion of the canon of Scripture, New Testament epistles, (96 A.D.-Rapture). Our Lord's voluntary substitutionary spiritual death on the cross as an impeccable human being on behalf of all fallen creatures (both men and angels) earned Him the Title of the "Faithful and True Witness" in the appeal trial of Satan (Rev. 3:14). Satan's Rebuttal takes place during the 1st of the 2 Eschatological dispensations called the Tribulation period which goes from the Rapture to the 2nd Advent of Christ, 7 years from the Rapture to the 2<sup>nd</sup> Advent of Christ, Prophesied in the Old Testament, Matt. 24-25 and Rev. 6-19. The Closing argument by God as the Prosecution takes place during the 2nd Eschatological dispensation called the Millennium which is the 1000 year reign of Christ on earth following Satan's imprisonment. God's closing argument goes from the 2nd Advent of Christ to the end of human history, prophesied throughout Old Testament and Revelation 20. Satan's closing argument is his release from prison after the Millennium & the Gog revolution (Rev. 20:7-9), resulting in the execution of his sentence and being cast into the eternal Lake of Fire (Rev. 20:10). The ascension of Christ is the visible manifestation that God the Father promoted the humanity of Christ in hypostatic union to the highest position of power, rank and authority in all of creation. The ascension of the humanity of Christ in hypostatic union declares His enthronement as cosmic ruler with authority over all creation. Our Lord's Ascension was a visible manifestation before the angels and mankind that the humanity of Christ in hypostatic union was granted authority by God the Father over the following: (1) Creation (Matt. 28:18; Eph. 1:22; Col. 1:15-17; 2:10; 1 Pet. 3:22). (2) Church as the King of kings and Lord of lords (1 Tim. 6:15; Rev. 17:14; 19:16). (3) Israel as the Son of David (Matt. 1:1; 20:30; Mark 10:47-48; Luke 1:32; 2 Tim. 2:8; Rev. 3:7; 5:5; 22:16). The Ascension of Christ also denotes that the humanity of Christ in hypostatic union has been promoted to the position of authority in order to conduct the following 5 judgments: (1) Bema Seat: This takes place at the Rapture and is actually an evaluation rather than a judgement of the Church Age believer's "works" in order to determine if they were done by means of divine omnipotence from the use of the 2 power options (Filling of the Spirit and

Metabolized Doctrine) resulting in divine good and rewards or whether they were accomplished in the power of the old sin nature resulting in loss of rewards and shame and embarrassment (Rom. 14:10; 1 Cor. 3:11-15; 2 Cor. 5:10; 1 John 2:24). The believer sins will not be brought since they were already judged at the Cross. (2) Israel: This will take on earth at the 2nd Advent of Christ taking place at the end of the Tribulation and its for the purpose of removing unregenerate Israel from the earth leaving only regenerate Israel to enter the Millennial Kingdom of Christ (Ezek. 20:37-38; Zech. 13:8-9; Mal. 3:2-3, 5; Matt. 25:1-30). (3) Gentiles: This judgement will also take place at the end of the Tribulation at the 2nd Advent of Christ following the judgement of Israel and preceding the Millennial reign of Christ and is for the purpose of removing unregenerate, anti-Semitic Gentiles from the earth who lived during the Tribulation from those who were regenerate and pro-Israel (Matt. 25:31-46). (4) Fallen Angels: This is the judgment of all fallen angels at the end of human history by the Lord Jesus Christ and the Church for their rebellion against God in eternity past and will result in them being cast into the Lake of Fire (1 Cor. 6:3; 2 Pet. 2:4; Jude 6; Rev. 20:10). (5) Great White Throne: This is the judgment of all unregenerate humanity at the end of human history for their rejection of Jesus Christ as Savior resulting in them also being cast into the Lake of Fire (Rev. 20:11-15). Their sins will not be brought up since they were judged at the Cross. These individuals trusted in themselves and their own good works done in the flesh rather than on the perfect Person and Work of our Lord and Savior Jesus Christ. Our Lord received His third royal title as "King of kings and Lord of lords, the bright morning star" which is a direct result of His execution of the Father's Incarnation Plan. The ascension of the humanity of Christ was another demonstration of divine omnipotence which characterized the dispensation of the hypostatic union. The Great Power Demonstration of the Hypostatic Union refers to that particular dispensation when the unique Person of our Lord Jesus Christ demonstrated the power of God by dying for the sins of the world and rising from the dead. This resulted in the execution of the salvation plan of God for mankind and a strategic victory over Satan in the Angelic Conflict. The Great Power Demonstration of the Hypostatic Union is the 1st of the Christocentric Dispensations. Each of the Christocentric dispensations end in resurrection. Christocentric means Christ centered. A dispensation is a period of time and is God's viewpoint of human history. A dispensation is a period of time during which a specific revelation concerning God's mind, will, purpose and plan is manifested and in which man is tested as to his obedience to it. The term Great Power refers to divine omnipotence in 2 categories which are Lord in His impeccable humanity employed to execute the plan of God for His life: (1) Spirit of God (Heb. 9:14). (2) Word of God (John 1:14). Webster's Ninth New Collegiate Dictionary defines omnipotence, "an agency or force of unlimited power." God has unlimited power or He is all powerful. Our Lord's life was a life of power (Luke 1:35; 4:36). Our Lord in 2 3 His humanity always relied upon the omnipotence of God the Holy Spirit and Bible Doctrine resident in His soul. He did not rely upon His deity to solve His problems or to execute the Salvation Plan of God for His life. Nor, did He rely upon His own deity to defeat Satan. The same Divine Omnipotence that the Lord Jesus Christ relied upon to fulfill the Protocol Plan of God for His life, we are also to rely upon to fulfill the Protocol Plan of God for our lives here in the Church Age. There were 2 ascensions that took place: (1) Immediate: On the day He rose from the dead (John 20:17; Luke 24:38-40). (2) Final: 40 days after the resurrection (Acts 1:8-11). The Scriptures indicate that there was an immediate ascension of our Lord. The doctrine of an

immediate ascension appears when 2 passages of Scripture are compared (John 20:17; Luke 24:38-40). It is recorded in John 20:17 that when Christ came out of the tomb He was met by Mary, who in ecstatic devotion would have embraced His feet and held her Lord. Christ told her not to touch Him since He had not yet ascended to present Himself to the Father. Yet in Luke's account of the resurrection it is asserted that the same day in which He arose and at evening He not only appeared in the midst of the frightened disciples, but requested that they touch Him where the nails were driven into His hands and feet. Therefore, a comparison of Scripture reveals that He ascended to the Father during the day that He arose from the dead. The ascension for Christ was a glorious triumphal procession into heaven ( Col. 2:15).

### **Doctrine of the Session of Christ**

From [http://gracebiblechurchwichita.org/?page\\_id=526](http://gracebiblechurchwichita.org/?page_id=526)

1. Definition The Session of Christ pertains to the glorification of our Lord's humanity at the right hand of God the Father when our Lord received His third royal title from God the Father as "King of kings and Lord of lords. the bright morning star." Vocabulary Hupsos (noun), "height, measurable height, a height that is too great to leap over." Hupsos (verb), "to exalt, to raise high, to lift up, to promote." Huperupsos (verb), "to promote to the highest position of authority, rank and power." Hupsoma (noun), "height, stronghold, obstacle, exaltation, something elevated." Hupsistos (adjective), "the highest, the Most High, highest position, highest of heights."
2. Documentation Psalm 110:1 Daniel 7:13-14 Matt. 22:44; 26:64; 28:18 Mark 12:36; 14:62; 16:19 Luke 20:42; 22:69 Acts 2:25, 33-34; 5:31; 7:55-56 Romans 8:34 1 Corinthians 15:27 Ephesians 1:20; 2:6; 4:9 Philippians 2:9 Colossians 3:1-4 1 Timothy 6:15 Hebrews 1:3, 13; 2:8; 8:1; 10:12; 12:2 1 Peter 3:22 Revelation 3:21; 4:2; 17:14; 19:16
3. Authority Our Lord's Session points to the fact that the humanity of Christ in hypostatic union has been granted authority by God the Father over the following: (1) Creation (Matt. 28:18; Eph. 1:22; Col. 1:15-17; 2:10; 1 Pet. 3:22). (2) Church as the King of kings and Lord of lords (1 Tim. 6:15; Rev. 17:14; 19:16). (3) Israel as the Son of David (Matt. 1:1; 20:30; Mark 10:47-48; Luke 1:32; 2 Tim. 2:8; Rev. 3:7; 5:5; 22:16).
4. The Session of Christ also denotes that the humanity of Christ in hypostatic union has been granted authority to conduct the following 5 judgments: (1) Bema Seat: This takes place at the Rapture and is actually an evaluation rather than a judgment of the Church Age believer's "works" in order to determine if they were done by means of divine omnipotence from the use of the 2 power options (Filling of the Spirit and the Word of God) resulting in divine good and rewards or whether they were accomplished in the power of the old sin nature resulting in loss of rewards and shame and embarrassment (Rom. 14:10; 1 Cor. 3:11-15; 2 Cor. 5:10; 1 John 2:24). The believer sins will not be brought since they were already judged at the Cross. (2) Israel: This will take on earth at the 2nd Advent of Christ taking place at the end of the Tribulation and its for the purpose of removing unregenerate Israel from the earth leaving only regenerate Israel to enter the Millennial Kingdom of Christ (Ezek. 20:37-38; Zech. 13:8-9; Mal. 3:2-3, 5; Matt. 25:1-30). (3) Gentiles: This

judgment will also take place at the end of the Tribulation at the 2<sup>nd</sup> Advent of Christ following the judgment of Israel and preceding the Millennial reign of Christ and is for the purpose of removing unregenerate, anti-Semitic Gentiles from the earth who lived during the Tribulation from those who were regenerate and pro-Israel (Matt. 25:31-46). (4) Fallen Angels: This is the judgment of all fallen angels at the 1 end of human history by the Lord Jesus Christ and the Church for their rebellion against God in eternity past and will result in them being cast into the Lake of Fire (1 Cor. 6:3; 2 Pet. 2:4; Jude 6; Rev. 20:10). (5) Great White Throne: This is the judgment of all unregenerate humanity at the end of human history for their rejection of Jesus Christ as Savior resulting in them also being cast into the Lake of Fire (Rev. 20:11-15). Their sins will not be brought up since they were judged at the Cross. These individuals trusted in themselves and their own good works done in the flesh rather than on the perfect Person and Work of our Lord and Savior Jesus Christ.

5. Our Lord received His third royal title as "King of kings and Lord of lords, the bright morning star" which is a direct result of His execution of the Father's Incarnation Plan. Deity of Christ Matthew 26:64-65, "But kept silent. And the high priest (Caiaphas) said to Him, 'I adjure You by the living God, that You tell us whether You are the Christ, the Son of God.' Jesus said to him, 'You have said it yourself; nevertheless I tell you, hereafter you shall see the Son of Man sitting at the right hand of power, and coming on the clouds of heaven.'" Our Lord's response to Caiaphas demand to know whether or not our Lord was the Son of God indicates that our Lord's session at the right hand of God the Father is directly related to His deity.
6. The Lord Jesus Christ as Theanthropos (God-Man) possesses all the attributes of deity by which He was entitled to divine honor and was qualified to exercise absolute and universal dominion. Philippians 2:5-11, "Everyone keep on thinking this (according to humility) within yourselves, which was also in (the mind of) Christ Jesus, Who (Christ Jesus) although existing from eternity past in the essence of God never regarded existing equally in essence with God an exploitable asset. On the contrary, He denied Himself of the independent function of His deity by having assumed the essence of a slave when He was born in the likeness of men. In fact, although He was discovered in outward appearance as a man, He humbled Himself by having entered into obedience to the point of spiritual death even death on a Cross. For this very reason in fact God the Father highly exalted Him and granted to Him the title above every title that at the title of Jesus every knee will bow in heaven and on earth and under the earth and every tongue will acknowledge that Jesus Christ is Lord for the glory of God the Father." The Lord Jesus Christ is infinite and eternal God (John 1:1-2; John 8:58; 10:30a; Col. 2:9a; Rev. 1:8). The titles assigned to His deity are as follows: (1) "The Son of God" (Luke 1:35) (2) "The Son of the Most High" (Luke 1:32) (3) "Mighty God" (Isaiah 9:6) (4) "Eternal Father" (Isaiah 9:6) (5) "His goings forth are from long ago, from the days of eternity" (Micah 5:2). (6) "Lord" (Rom. 15:30; Eph. 1:22; Phil. 2:11). (7) "God" (Titus 2:13). He has the same divine essence as God the Father and God the Holy Spirit. He possesses all the attributes of deity: (1) Sovereignty (Matt. 28:18a; Col. 2:10b). (2) Perfect righteousness (John 8:46a; 2 Cor. 5:21; Heb. 7:26; 1 Pet. 2:22; 1 John 2:21b). (3) Justice (John 8:16a; 2 Tim. 4:8; Psalms 9:8; Deut. 32:4; Rev. 15:3b). (4) Love (John

13:34; Rom. 5:8; Eph. 3:19; 1 John 4:9-10). (5) Eternal life (1 Tim. 1:17; 1 John 5:11). (6) Omniscience (Luke 11:17; John 2:24-25; 6:64; 21:17). (7) Omnipresence (Matt. 18:20; Prov. 15:3) (8) Omnipotence (John 1:3, 10; 5:21; 1 Cor. 1:23-24; Phil. 3:21; Heb. 1:3; Rev. 1:8). (9) Immutability (Mal. 3:6; Heb. 1:10-12; 13:8). (10) Veracity (John 1:14; 14:6a; 1 John 3:16). He is the Creator and Sustainer of the universe (John 1:3, 10; Col. 1:16-17; Heb. 1:3, 10). The Lord Jesus Christ has authority to forgive sins (Matt. 9:6; Luke 5:24; Col. 3:13). The Lord Jesus Christ has the power to raise the dead (John 5:21; 6:40; 11:25). All judgment belongs to the Lord Jesus Christ (John 5:22; 1 Cor. 3:11-15; 2 Cor. 5:10; Rev. 20:11-14), and receives worship from both men and angels (Psa. 99:5; Phil. 2:10; Rev. 5:13-14). In His Deity always occupied a place of equality and fellowship with God the Father and God the Holy Spirit. The Lord Jesus Christ as God was equal with the Father (John 10:30, 37-38; 14:9; 17:5, 24-25).

7. Kingship The Lord Jesus Christ session at the right hand of the Father points to His kingship (Rev. 4:2). Our Lord acknowledged to Pilate at His 5th trial and 2nd civil trial that He was indeed a king but that His kingdom was not of this world. John 18:33-37, "Pilate therefore entered again into the Praetorium and summoned Jesus, and said to Him, 'Are You the King of the Jews?' Jesus answered, 'Are you saying this on your own initiative, or did others tell you about Me?' Pilate answered, 'I am not a Jew, am I? Your own nation and the chief priests delivered You up to me; what have You done?' Jesus answered, 'My kingdom is not of this world. If My kingdom were of this world, then My servants would be fighting, that I might not be delivered up to the Jews; but as it is, My kingdom is not of this realm.' Pilate therefore said to Him, 'So You are a king?' 2 Jesus answered, 'You say correctly that I am a king. For this I have been born, and for this I have come into the world, to bear witness (for the Prosecution in the rebuttal phase of Satan's appeal trial) to the truth. Everyone who is of the truth hears My voice.'" When our Lord arrived in heaven and was seated at the right hand of God the Father He received a new royal warrant, a 3rd royal title as the "King of kings and the Lord of lords" (1 Tim. 6:15; Rev. 19:16). This title has been granted to Him by the Father indicating His rulership over the Church of which He is the Head. The Tribulation saints in heaven when singing the song of Moses proclaim our Lord as the "King of the nations" which He will assume at His 2nd Advent. Fulfillment of Messianic Prophecies David prophesied in Psalm 110:1 that the Son of God would be seated at His right hand. Our Lord repeated this prophecy to the Jews in Matt. 22:44. Our fulfilled this prophecy when He was seated at the right hand of God the Father in heaven. This prophecy is quoted several times in the Scriptures indicating its importance (Acts 2:34; Heb. 1:13; 10:12-13). Our Lord's present session in heaven thus fulfills the Messianic prophecy of David in Psalm 110:1. As our Lord stated to the Jews, "If David then calls Him 'Lord,' how is He his son?" (Matt. 22:45). They could not answer Him a word. The answer is that David's descendant would have to be God incarnate in order to fulfill the Davidic prophecy. Ascension The session of Christ also is directly related to our Lord's 2nd and final ascension (Acts 2:34). There were 2 ascensions that took place: (1) Immediate: On the day He rose from the dead (John 20:17; Luke 24:38-40). (2) Final: 40 days after the resurrection (Acts 1:8-11). The Scriptures indicate that there was an immediate ascension of our Lord. The

doctrine of an immediate ascension appears when 2 passages of Scripture are compared (John 20:17; Luke 24:38-40). It is recorded in John 20:17 that when Christ came out of the tomb He was met by Mary, who in ecstatic devotion would have embraced His feet and held her Lord. Christ told her not to touch Him since He had not yet ascended to present Himself to the Father. Yet in Luke's account of the resurrection it is asserted that the same day in which He arose and at evening He not only appeared in the midst of the frightened disciples, but requested that they touch Him where the nails were driven into His hands and feet. Therefore, a comparison of Scripture reveals that He ascended to the Father during the day that He arose from the dead. The ascension for Christ was a glorious triumphal procession into heaven (Col. 2:15).

8. The Ascension of Christ was the vertical transfer of our Lord's true humanity from planet earth to the third heaven in a resurrection body. The ascension of Christ occurred 40 days after His resurrection. He remained on earth for 40 days in order to confirm the fact that He had indeed risen from the dead as He prophesied many times in His earthly ministry during His 1st Advent. The ascension of Christ was a visible event and in a public place. It took place on the Mount of Olives in Jerusalem where He will again return at His 2nd Advent which occurs at the end of the Tribulation period. Our Lord's ascension brought to a conclusion His earthly ministry and not the resurrection. The dispensation of the hypostatic union concludes with the resurrection, ascension and session of Christ.
9. The ascension of Christ is the visible manifestation that God the Father promoted the humanity of Christ in hypostatic union to the highest position of power, rank and authority in all of creation. The ascension of the humanity of Christ in hypostatic union declares His enthronement as cosmic ruler with authority over all creation. The ascension of the humanity of Christ was another demonstration of divine omnipotence which characterized the dispensation of the hypostatic union. Eternal Rewards The session of Christ points to the Church Age believer's rewards and Escrow Blessings in eternity for becoming a winner (nikao) and invisible hero in time (Rev. 3:21). The term Escrow Blessings is an analogy based upon a Bible Doctrine describing what God the Father in eternity past did as the Grantor when He deposited greater blessings for both time and eternity for every believer with the Lord Jesus Christ, the Depository and Escrow Officer and the release of these blessings takes place when the believer fulfills the conditions of the Escrow Contract which is the attainment of spiritual maturity in time. Just as the Father rewarded the humanity of Christ by promoting Him to the highest position of rank, power and authority in the universe so also will Christ promoted the believer a position of rank, power and authority in the Millennium and eternal state. The believer will be rewarded for following in the footsteps of their Savior. Winners will receive the conveyance of their Escrow Blessings at the Bema Seat Judgment of Christ (2 Cor. 5:10). The Bema Seat Judgment of Christ is an evaluation of the believer's 3 works after salvation and does not determine salvation. Losers will suffer loss of their Escrow Blessings due to their negative volition to Bible Doctrine. The believer who advances to spiritual maturity will have confidence that they will receive the conveyance of their Escrow Blessings (1 John 2:28; 1 John 4:17). It is their confidence. Only mature believers receive the conveyance of Escrow Blessings for

the eternal state (Rev. 22:12). Losers experience temporary embarrassment (Rom. 5:5; Phil. 1:20; Phil. 3:18-19; 1 John 2:28). Loss of Escrow Blessings and rewards for eternal state does not imply loss of salvation (1 Cor. 3:11-15; 2 Tim. 2:11-13). Invisible Heroes will receive the "crown of righteousness" (2 Tim. 4:7-8). The Pastor-Teacher who is faithful in communicating Bible Doctrine will receive a "crown of glory" (1 Pet. 5:4; 1 Thess. 2:19-20; 1 Cor. 9:24-27). Invisible Heroes will receive the "order of the morning star" which is a translucent uniform of glory over the resurrection body (Rev. 3:4). Our Lord had this uniform of glory at His Transfiguration (Matt. 17:1-13). Invisible Heroes will receive the order of the new Knighthood. Invisible Heroes will receive a new title in the Lamb's Book of Life. They will rule with Christ in the Millennium (Rom. 5:17; 2 Tim. 2:12; Rev. 3:21; 2:26). The Invisible Heroes name will be recorded in the permanent historical record section of heaven (Rev. 3:12). The Invisible Hero will be remembered forever throughout all of eternity as someone who executed God's plan for their life while on planet earth. Extension of the Great Power Demonstration of the Hypostatic Union Ephesians 1:19-21 indicates that our Lord's session is directly related to the extension of the great power demonstration of the hypostatic union. The same divine omnipotence that our Lord used during His 1st Advent in order to execute the Father's Plan for the Incarnation is now available to every Church Age believer through the Baptism of the Spirit which occurs at the moment of personal faith in Jesus Christ. The believer can now execute the Plan of God for the Church Age by utilizing the same divine power that the humanity of Christ used in order to execute the Father's plan for the incarnation which was to provide salvation for all mankind and defeat Satan in the angelic conflict. The believer through current positional truth is now seated with Christ at the right hand of God the Father. Christ is the Head and the Church is His body (1 Cor. 12:27; Eph. 5:23). 100% divine omnipotence has been made available to every Church Age believer at the moment of salvation because of our Lord's session for 10 days after He was seated in heaven, the Church Age began with the Baptism of Spirit which places the believer in union with Christ forever.

10. The Church Age believer is the beneficiary of 3 categories of sanctification as a result of the Baptism of the Spirit which is a direct result of our Lord's session: The 3 categories of sanctification are as follows: (1) Positional: The entrance into the Plan of God for the Church Age resulting in eternal security as well as 2 categories of positional truth (1 Cor. 1:2, 30; 1 Pet. 1:2; 1 Thess. 5:23; Eph. 5:26-27; Heb. 2:11; 10:10; Acts 20:32; 26:18; Rom. 6:3, 8; 2 Thess. 2:13). ) (a) Retroactive: The Church Age believer's identification with Christ in His death (Rom. 6:3-11; Col. 2:12). (b) Current: The Church Age believer's identification with Christ in His resurrection, ascension and session (Col. 3:1-4). (2) Experiential: The function of the Church Age believer's spiritual life in time through the consistent application of the Word of God resulting in the execution of the Plan of God for the Church Age (John 17:17; Rom. 6:19, 22; 2 Tim. 2:21; 1 Pet. 3:15; 1 Thess. 4:3-4, 7; 1 Tim. 2:15). (3) Ultimate: The perfection of the Church Age believer's spiritual life at the exit-resurrection or Rapture of the Church which is the completion of the Plan of God for the Church Age (1 Cor. 15:53-54; Gal. 6:8; 1 Pet. 5:10; John 6:40). The Church Age believer has at their disposal the 2 power options (Eph. 5:18; John

4:24). They have the indwelling of the Trinity (Eph. 4:6; Rom. 8:11; Col. 1:27). They have been created a new spiritual species in order to utilize divine power (2 Cor. 5:17). The Church Age believer can now utilize the operational type spiritual in order to execute the Plan of God for the Church Age whereas the humanity of Christ utilized the prototype. All of this is a result that the Theanthropos (God-Man), the Lord Jesus Christ is now seated at the right hand of God the Father. Positional Truth The session of Christ is also related to the believer's position in Christ. At the moment of salvation the believer is placed in union with Christ through the Baptism of the Spirit. Sanctification is the direct result of the Baptism of the Spirit. Positional sanctification is defined as the Church Age believer's eternal union with Christ through the Baptism of the Spirit which occurs at the moment of salvation. There are 2 categories of positional sanctification: (1) Retroactive: The Church Age believer's identification with Christ in His death (Rom. 6:3-11; Col. 2:12). (2) Current: The Church Age believer's identification with Christ in His resurrection, ascension and session (Col. 3:1-4). The purpose of positional sanctification is for the Church Age believer to execute the Plan of God for the Church Age (Rom. 6:11-13, 19). The Church Age believer's identification with Christ in His Resurrection, Ascension and Session (Col. 3:1-4). The believer is identified with Christ as He is currently seated in heaven. The believer is now positionally higher than angels (Heb. 1 and 2). Intercessory Ministry Romans 8:34 states that our Lord intercedes for the believer as a part of His session at the right hand of God the Father. He intercedes for the believer in prayer and when Satan accuses the believer of sin (Rom. 8:34; Heb. 7:25). The intercessory ministry of Christ is a part of His Priesthood (Heb. 2:17; 8:1). He is our faithful High Priest (Heb. 2:17). He is the believer's High Priest who intercedes for them at the right hand of the Father. This could not be possible if it were not for the fact that our Lord has now been seated at the right hand of God the Father. Our Lord's High Priesthood is permanent (Heb. 7:24).

11. Every Church Age believer has been made a royal priest because of their union with their High Priest, the Lord Jesus Christ. Our Lord holds 3 offices: (1) Prophet (2) Priest (3) King. His priesthood is superior to the Levitical priesthood in that He does not have to offer a sacrifice for Himself since He is impeccable. Instead He offered Himself as a substitute and became the Mediator of a New Covenant which was based upon His spiritual death on the cross. Power to Save and Forgive Sin Peter and the apostles proclaimed to the Sanhedrin in Acts 5:30-31, "The God of our fathers raised up Jesus, Whom you had put to death by hanging Him on a cross. He is the One Whom God the Father has exalted to His right hand as a Prince and a Savior, to grant a change of mind concerning Christ to Israel (salvation) and forgiveness of sins."
12. The session of Christ makes possible for Christ to provide salvation and the forgiveness sins. Peter again proclaims of Jesus to the Sanhedrin in Acts 4:12, "There is salvation in no one else (Jesus); for there is no other title under heaven that has been given among men by which we must be saved." God the Father forgives us sin because of His Son Jesus Christ Who sits at His right hand interceding for us (1 John 1:9). Rebound is possible because of our Lord's session with the Father. Our sins are forgiven because of Jesus Who sits at the right hand of God the Father interceding for us. He is our Advocate with the Father (1 John

2:1). Hypostatic Union Hebrews 1:3 indicates that the session points to the hypostatic union. The Lord Jesus Christ is Theanthropos. He is undiminished deity and true humanity in 1 Person forever. Our Lord has 2 natures: (1) Human nature (2) Divine nature. John 1:14, "And the Word (The Lord Jesus Christ) became flesh (a Man), and dwelt ("tabernacled") among us, and we beheld His glory, glory as of the only uniquely born One from the Father, full of grace and truth." Romans 8:3, "For what the Law could not do, weak as it was through the flesh (humanity), God did: sending His own Son in the likeness of sinful flesh and an offering for sin, He condemned sin in the flesh (in His humanity)." Philippians 2:6-8, " Who (Christ Jesus) although existing from eternity past in the essence of God never regarded existing equally in essence with God an exploitable asset. On the contrary, He denied Himself of the independent function of His deity by having assumed the essence of a slave when He was born in the likeness of men. In fact, although He was discovered in outward appearance as a man, He humbled Himself by having entered into obedience to the point of spiritual death even death on a Cross." Colossians 2:9, "For in Him (The Lord Jesus Christ) all the fullness of Deity dwells in bodily form." 1 Timothy 3:16, "And by common confession great is the mystery of godliness: He (The Lord Jesus Christ) who was revealed in the flesh, was vindicated in the Spirit, beheld by angels, proclaimed among the nations, believed on in the world, taken up in glory." Hebrews 2:14-15, "Since then the children share in flesh and blood, He Himself likewise also partook of the same, that through death He might render powerless him who had the power of death, that is, the devil; and might deliver those who through fear of death were subject to slavery all their lives." 1 John 1:1-3, "We announce to you what was from eternity past, what we have heard, what we have seen with our eyes, what we beheld, and what our hands touched, regarding the Word of Life and the Life was manifested, and we have seen, and we bear witness, and we announce to you the Eternal Life which was with the Father, and was manifested to us. We announce to you what we have seen, and what we have heard, that you also may have fellowship with us and truly our fellowship is with the Father and with His Son, Jesus Christ." He was infinite and eternal God, the 2nd Member 5 of the Trinity in eternity past as God the Son and he assumed a human nature through the virgin birth approximately 2000 years ago (Phil. 2:6-8). He is the unique theanthropic Person in the universe. He is different from God in that He is a human being. He is different human beings in that He is God and does not have an old sin nature due to the virgin pregnancy. This union is personal. He is 1 Person with 2 natures which are in union with each other. This union does not compromise the attributes of His humanity nor His deity. He assumed a human nature in order to execute the Father's plan for the incarnation which was 2-fold: (1) To provide salvation for all mankind. (2) To defeat Satan in the angelic conflict. After the God-Man executed the Father's plan He sat down at the right hand of God the Father. High Priesthood The session of Christ also points to His High Priesthood (Heb. 8:1). He performs His intercessory ministry for the believer in the Holy of Holies in heaven (Heb. 8:2). Our Lord's high priesthood is after the order of Melchizedek (Heb. 5:9-10; 6:20). Our Lord is a high priest forever. He entered into the veil in heaven as High Priest (Heb. 6:20). His ministry is superior to the Levitical high priests on earth during the dispensation of Israel since He did

not have to offer sacrifices for Himself since He was impeccable (Heb. 7:26). In fact, He offered Himself up as a substitute for the entire human race as our High Priest (Heb. 7:28). As our High Priest He is a mediator of a superior covenant for the 1st covenant with Israel under the Law has been abolished and He has replaced it with a new and superior one. The Levitical conducted their ministry under the Law whereas our Lord's High Priesthood is conducted under the policy of grace which is superior to the Law in every respect. Our Lord as High Priest fulfilled the Mosaic Law in every detail during His incarnation. Our Lord put away sin with His substitutionary spiritual death on the cross thus laying the foundation for the dispensation of grace called the Church Age (Heb. 9:26). The Church is a kingdom of priests (1 Pet. 2:6, 9) of which Christ is the High Priest. Efficacy of His Work on the Cross The session of Christ also points to the efficacy of our Lord's substitutionary spiritual death on the cross (Heb. 10:12). He offered Himself as the one and only sacrifice to pay the price for the sins entire of the world. Once the humanity of Christ in hypostatic union as our High Priest had executed the Father's plan through His substitutionary spiritual death on the cross as an impeccable Person He had earned the right to sit at the right hand of God the Father. His sacrifice was perfect because He was perfect whereas the Levitical offerings could only merely portray the true sacrifice of Christ since the Levitical priests were sinners themselves. The humanity of Christ in hypostatic union could not be seated at the right hand of God the Father until He had died a substitutionary spiritual death on the cross. This qualified Him to sit at the right hand of God the Father. The cross had to come before the crown. The obedience of the humanity of Christ to the Father's will earned Him the right to sit at the right of the Father as our High Priest (Heb. 5:7-10).

13. Occupation with Christ The session is related also to the Church Age believer's occupation with Christ (Col. 3:1-4; Heb. 12:2). Occupation with Christ is the 10th Problem Solving Device. Occupation with Christ involves understanding the pertinent doctrines as related to the Great Power Experiment of the Hypostatic Union: Hypostatic Union (John 1:14; Col. 1:15; Heb. 1:3; 1 John 1:1-2); Deity of Christ (John 1:1-2; John 8:58; 10:30a; Col. 2:9a; Rev. 1:8); Humanity of Christ (John 1:14; Heb. 10:5; 1 John 1:1; 1 John 4:2-3); Virgin Birth (Isa. 9:6-7; Micah 5:2; Luke 1:30-35); Impeccability of Christ (John 8:46a; 2 Cor. 5:21; Heb. 7:26; 1 Pet. 2:22; 1 John 3:5); Kenosis (2 Cor. 8:9; Phil. 2:5-8); Prototype Unique Spiritual Life (Matt. 4:1-11; Phil. 2:5-8); Mediatorship of Christ (1 Tim. 2:5); Resurrection of Christ (1 Cor. 15:4); Ascension of Christ (Eph. 4:8); Session of Christ (Heb. 1:13; Col. 3:1-4). Occupation with Christ involves understanding the doctrines as related to His finished work on the Cross: (1) Redemption (Eph. 1:7; 1 Pet. 1:18-19) (2) Unlimited Atonement (2 Cor. 5:14-15; 1 Tim. 4:10) (3) Expiation (Col. 2:14) (4) Regeneration (John 3:1-18) (5) Imputation (1 Cor. 1:30; 2 Cor. 5:21) (6) Justification (Rom. 4:1-5; Gal. 2:16) (7) Propitiation (Rom. 3:22-26; 1 John 2:2) (8) Position in Christ (1 Cor. 15:22b; 2 Cor. 5:17) (9) Strategic Victory over Satan (Col. 2:15; Heb. 2:14; 1 John 3:8) (10) Reconciliation (2 Cor. 5:18; Eph. 2:14-16; Col. 1:20-21). Occupation with Christ is the ultimate problem solving device for the Church Age believer. The Lord's Supper is a time that the Church Age believer is to be occupied with the unique person of our Lord Jesus Christ and His 6 saving work on the Cross. Hebrews 12:2

is a reminder for the believer to not be overcome by adverse circumstances but to concentrate upon the humanity of Christ Who endured more suffering in human history than any other member of the human race (spiritual death as a sinless person on behalf of sinners) in order to fulfill the will of the Father and as a result of His obedience was promoted to the highest position of rank, power and authority in the universe. Trip to Hades Ephesians 4:9 is a reminder that our Lord's session is a result of His trip to Hades where He released OT saints in Paradise and proclaimed His death on the cross to the unbelievers in Torments. There are 2 compartments in Hades: (1) Paradise (Luke 16:19-31; 23:43). (2) Torments (Luke 16:19-31). Paradise is where OT saints resided before the death of Christ on the cross. Torments is where unbelievers in every dispensation including the Church Age now reside. Paradise is now empty as a result of our Lord's trip to Hades which occurred when He voluntarily died physically on the cross.

14. Our Lord's death was a unique trichotomous separation: (1) His physical body went to the grave (Luke 23:50-53). (2) His human spirit went to heaven (Luke 23:46; John 19:30). (3) His human soul went into Paradise a compartment of Hades (Luke 23:43; Acts 2:27; 2:31; Eph. 4:9). When His soul went to Hades He proclaimed to those in Torments that He had died in fulfillment of the Scriptures and He also released the OT saints in Paradise and led them to heaven (Eph. 4:8-10). Those who remain in Torments will be transferred at the end of human history to the Great White Throne Judgment and then will be cast into the Lake of Fire forever (Rev. 20:11-15). Those who were in Paradise are now in heaven awaiting the time at the end of the Tribulation when they will receive their resurrection bodies and will then enter the Millennial reign of Christ. All this was possible because of our Lord's trip to Hades.
15. Strategic Victory Over Satan In The Angelic Conflict The session of Christ is a public affirmation that our Lord is the victor in the angelic conflict (Heb. 1:13; 2:8). Colossians 2:15 states that there was a triumphal procession by our Lord in heaven declaring Him publicly as Victor in the angelic conflict. Satan was publicly shown in heaven to be defeated when the humanity of Christ in hypostatic union sat down at the right hand of God the Father and was granted the power, rank and authority over the entire universe as ruler of the cosmos. An impeccable human being defeated the greatest angel ever created by the hand of God. The humanity of Christ was able to do so because He depended upon the divine omnipotence of the prototype spiritual life provided by God the Father. Satan lost because he chose to remain independent of God thus he was defeated. Although the humanity of Christ became inferior to Satan for a little while during the incarnation, our Lord still was able to defeat him and receive glory and honor as Victor in the angelic conflict (Heb. 2:9). The humanity of Christ did not use His deity to defeat Satan but rather the prototype spiritual life with the Spirit of God and the Word of God. He functioned under a self-imposed kenosis in order to defeat Satan and the kingdom of darkness. Therefore, the humanity of Christ's strategic victory over Satan in the angelic conflict earned Him the right to sit at the right hand of God the Father, receiving the highest position of rank, power and authority in the universe. 3rd Royal Title When our Lord sat down at the right hand of God the Father He received His 3rd royal warrant as "King of kings and Lord of lords. the bright morning star" (1 Tim. 6:15; Rev. 17:14;

19:16; 22:16). Our Lord has 3 royal titles in heaven: (1) Son of God: 2nd Person of the Trinity (John 1:34, 49; 3:18; 20:31; Matt. 4:3; 27:54; Luke 1:32, 35; 2 Cor. 1:19; 1 John 1:3; 5:10; 5:20; 2 John 1:3; Rev. 2:18). (2) Son of David: Ruler of Israel (Matt. 1:1; 20:30; Mark 10:47-48; Luke 1:32; 2 Tim. 2:8; Rev. 3:7; 5:5; 22:16). (3) King of kings and Lord of lords: ruler of the Church (1 Tim. 6:15; Rev. 17:14; 19:16). Our Lord's strategic victory over Satan in the angelic conflict earned Him this 3rd royal title.

16. Every Church Age believer becomes royalty at the moment of salvation. Church Age believers are the only group in history to be called Royal Family. Church Age believers are a spiritual Royal Family for our Lord Jesus Christ. Each member of the Royal Family of God is to function under the Plan of God, which says that a right thing must be done in a right way. Every Church Age believer is born again into the Royal Family of the King of kings and Lord of lords. The Lord Jesus Christ has 3 Royal Families: (1) Son of God: God the Father and God the Holy Spirit are the Lord Jesus 7 8 Christ's family members within the Trinity (2) Son of David: The Davidic Dynasty (3) King of Kings and Lord of Lords: Church Age believers. Our Lord Jesus Christ defeated Satan at the Cross in the Angelic Conflict. For this strategic victory, God the Father gave Him the title above all titles. God the Father also seated the humanity of the Lord Jesus Christ at His right hand. Our Lord's victory over Satan is the source of our Royalty. The founding of the Royal Family took place at the Cross. Christ's Royalty is eternal. Our Lord's spiritual dynasty will last forever

## 1Samuel 31 Isa. 53:11, 12 72David/Easter Special

631\_0125

### 04/19/1974 Jesus Christ's final statement on the cross

Who has believed our doctrinal teaching? He shall grow up like a sucking plant, nourished from the root and the stem. He had neither ostentation or appearance that we should stare at Him. Therefore, He Himself carried the guilt of our sinful afflictions. Because of the transgression of My people, the stroke of judgment fell upon Him. Jehovah the Father purposed to crush Him. He caused the affliction of Christ when You appoint His soul to be a trespass offering. Therefore, the plan of God the Father will advance in His hand.

As the Romans themselves later admitted, with regards to the cross, the cross is the touchstone to faith.

This verse begins with *from the sorrow of His soul*. God is not unhappy; there is no sorrow in His soul. This teaches us what God the Father is thinking.

God the Father is satisfied with the work of Jesus Christ on the cross. God will see Jesus on the cross and he will be satisfied with his sacrifice.

Certain things accomplished on the cross. When a person believes in Christ, +R is imputed to him and God the Father looks at him and says "Satisfied."

Isaiah 53:11 He shall see the fruit of the travail of His soul; He shall be fully satisfied. By His knowledge the righteous One, My Servant, shall justify the many, and He shall bear their iniquities [punishment for sin].

### **Distribution of the Plunder**

1. The spoils or plunder are given to God the Son to give to us. Eph. 4:8–12
2. For Israel, this is a transfer from the 3<sup>rd</sup> heaven to paradise.
3. The Old Testament saints wait here for the resurrection.
4. The distribution of the spoils has a great meaning to the church.
5. Part of the distribution of the spoils is the formation of the royal family.
6. This is accomplished mechanically by the baptism of the Holy Spirit whereby every believer is entered into union of Jesus Christ.
7. This includes the gift of pastor-teacher in the Church Age as the only authority in communicating doctrine in the Church Age.
8. It means plunder and it includes honors and promotions, always given after a great victory. Battlefield promotion for the Church Age believer.

God the Father gives the gain of victory to the Lord Jesus Christ and then He gives it to His royal family.

### **Summary**

1. The distribution of spoils includes the gift of the pastor-teacher.
2. Under this principle, the spoils of victory means that doctrine prevails. Jesus Christ is holding plunder for us as members of the royal family. It is all appropriated through doctrine.
3. This distribution means having your own pastor-teacher to communicate doctrine.
4. Do not look for some person molded into whatever concept you might have. Look for the teaching of Bible doctrine.
5. It is through Bible doctrine in the soul that the believer learns to enjoy the plunder of our Lord's victory. The strategic victory is the overall victory enjoyed by our Lord, which puts Him at the right hand of God the Father. The plunder is there. A piece of this plunder belongs to us. The tactical victory is getting that piece of the pie that belongs to us.
6. Therefore, our attitude toward doctrine determines our blessing in time. Doctrine is afraid of nothing but concealment.

Christ died by an act of His Own volition. Matt. 27:50. Bob is upset because many are not taking notes.

Isaiah 53:12 Because of this I will divide [therefore, I will distribute to Him] to Him with the great, and with the strong He shall divide the spoil; because He poured out His soul to death; and He was counted with those transgressing; and He bore the sin of many, and made intercession for those transgressing.

Mat 27:50 **And Jesus cried out again with a loud voice and yielded up [dismissed, sent away] his spirit.**

Mar 15:37 **And Jesus uttered a loud cry and breathed his last.**

This time an aorist active participle, and there is a portion of the phrase given. Jesus quotes one verse from the psalms.

Luk 23:46 **Then Jesus, calling out with a loud voice, said, "Father, into your hands I commit [deposit] my spirit!" And having said this he breathed his last.**

GI issued wine is present. The perfect tense is where the action is completed and the results go on forever. The declarative indicative. This is the 6<sup>th</sup> cry from the cross. Salvation is completed, so *finished* is in the perfect tense.

John 19:30 **When Jesus had received the sour wine, he said, "It is finished," and he bowed his head and gave [delivered] up his spirit.**

#### **Jesus the Last Few Minutes of the Cross**

1. All 4 gospel accounts indicate that Jesus died from His Own free will and He was able to do so. No reason to remain on this earth.
2. He is said to have deposited or to delivered up or sent up His spirit. 3 different verbs are used.
3. The human spirit of Jesus is emphasized because His human spirit went up to the Father.
4. However, only John emphasizes that Jesus bows His head. Prior to this, His head was erect for 6 hours.
5. The fantastic physical strength and stamina of our Lord.
6. It took more than physical strength and stamina to keep His head up. He looked up at His judge, all that time. There was no weakness and swooning; Jesus was lucid and He knew what He was doing at all times. He had doctrine in His soul and held up His head.

We are going to finished this up with Psalm 31:5 **Into Your hand I commit [deposit] my spirit; you have redeemed [delivered] me, O LORD, faithful God [the God of doctrine].**

Prior to His physical death, Jesus fulfilled the Levitical offerings. He lifted or carried the sin of many.

Isaiah 53:12 **Because of this I will divide [therefore, I will distribute to Him] to Him with the great, and with the strong He shall divide the spoil; because He poured out His soul to death; and He was counted with those transgressing; and He bore the sin of many, and made intercession for those transgressing.**

Who has believed our doctrinal teaching? And the arm of the Lord, to whom has it been revealed. He shall grow up before Him. Like a rootshoot, He had no appearance...He was despised and...by men...furthermore, we did not value Him. He himself carried the...the one being struck down by God, the one being degraded...by His bruise, we have been forgiven. All of us like sheep have gone astray; all of us have gone his own way...He was oppressed, He was the one being humbled...He was taken away...who considered that he was cut off from the land of the living. While His burial would be assigned with criminals...He had done no wrong....He shall see a seed and he shall prolong days. From the sorrow of His soul, He shall see Christ bearing our sins. My righteous servant Christ will vindicate the many believers....therefore, I will distribute the plunder...because He has poured out His soul to physical death...because He carried the sin of the many.

**2Samuel 1**

**72David**

**631\_0126**

**04/21/1974 2Sam. 1:1, 2a Review of 1 Sam. 30**

This verse brings us back into the chronology of what has been happening. David has been introduced as God's man. He was constantly promoted by God. Saul turned all of his anger into reversionism. Then there was some parting of the ways.

David was assigned a special village in southern Philistia, he was having a very wonderful life. However, Saul is at war with the Philistines and he is not prepared for this war. The Bible has been following Saul separately. Now we are going to fuse the narratives together.

God poured out a great deal of wealth upon David, which was increased to Solomon. This continued for 4 or 5 generations. It takes a lot of time and ingenuity to spend a few billion dollars. Before David became a politician, he was wealthy first. A statesman is great if he already has wealth; so that he does not use his political position to amass wealth. We have so many people today who use their political position in order to become richer.

If David killed Saul, he would have become king and poor at the same time. God's time required that David be wealthy.

Napoleon was great in the field of organization and administration.

Accumulate your doctrine now and let God handle the timing. His judgement is perfect; ours is not. Whenever a man is going to rule, he must have human maturity. The Kennedy's were too young to assume office. That should be the criticism of their regime.

However, it takes more than older age; older people can mess things up as well.

The next 5 chapters will bring out many of these principles.

2Samuel 1:1 And it happened after the death of Saul, David returned from the slaughter [anihilation] of the Amalekites, and David stayed [this means *to dwell in happiness*] two days in Ziklag,

David is given a 48 hour R&R. So David did some wonderful relaxing. He still has some things to do. He has a tremendous amount of wealth to distribute. He determined that it was no no good to hold on to all of this money. He kept maybe 50 or 60 million.

How does the believer share the wealth? Men with a lot of wealth invest in things. Those who want to work can work. This is one way in which David shares. The men of Judah gave David a lot of cover during his years of hiding out from Saul. He will just give money to some people that he knew in Judah. David is having a ball with his great fortune. He is not aware of the fact that Saul is dying. He is not buying an office. He is trying to restore the economy of Judah. Commentators criticize David for buying his office, but if that were true, he would have distributed money to the north. However, he just sent this money to those of his own tribe. This would get their economy started. It is best to have a good economy first before having a great ruler.

A supergrace believer cannot have too long of a vacation.

While he is relaxing in Ziklag, we're going to go back to 1Sam. 30 to review what happened there. David had the embarrassing responsibility to protect the ruler of the Philistines. Gath is up north. He comes down on a forced-march, but Ziklag had been destroyed with fire. The Amalekites are Arab raiders in the southern regions. They took all of people of Ziklag captive. They took them by surprise and took them off, along with all of David's accumulated wealth. When David and his men returned to camp, they did not realize that their loved ones were still alive. They were suffering great sorrow; and these men were breaking down and crying. David himself was greatly distressed, because of maximum pressure. **And David was greatly distressed, for the people spoke of stoning him, because all the people were bitter in soul, each for his sons and daughters. But David strengthened himself in the LORD his God.** David called for Abiathar to bring the ephod. David makes inquiry of God based on Urim and Thummim. **And David inquired of the LORD, "Shall I pursue after this band? Shall I overtake them?" He answered him, "Pursue, for you shall surely overtake and shall surely rescue."**

This army had been beat down in their souls. They were discouraged and they quit. 200 men stayed behind. They were too exhausted to go any further. They get a man who was left behind, an Egyptian slave; he was sick and dehydrated. So David was careful not to give him too much water and too much food, which would have killed him. David is great under pressure. He is able to think under pressure. So he makes certain that he does not kill this man with kindness. He had gone 3 days without food and water.

The Egyptian tells how he had been a slave. David asks for him to lead them to this raiding party, and he agrees, as long as David will swear by Elohim not to kill him or to give him into the hand of his master.

The camp is found and they had all kinds of stuff. They were right on the Negev highway where nearly every trading party went. David killed these men and it took them a day or so to do this. About 400 got away, so this was obviously the headquarters for the Amalekites. These raiders were spread out; the battalion of David was concentrated; so

he always had the superior force at the point of contact. He would attack each ranch and he kept his men concentrated and he killed maybe 6000 or 7000 men.

David also rescues two wives. It is likely that some women were possibly raped; but David did continue to have sex with these wives, since they had children later on. David recovered everything. Millions of dollars of loot had been recovered.

They return to the stragglers; and the reversionists did not want to share any of what they got. These were called SOB's. A technical word for reversionism. 400 went along with David. About 20 or 30 stirred everyone up. This was a non-grace policy. "Give them their wives and property back and nothing else." But David is a supergrace believer. Therefore, he functions in grace. He countermands their orders. Jehovah has protected us. So we will all share. This was a great step and his policy. In fact, this became a principle, which we even use it today in our armed forces. Officers in transportation corps get paid the same as the infantry. This is an old principle that we have today in the United States. Apparently hazard duty pay has been taken away, at least at this time. Statute means that this became an army regulation.

David sends some of the plunder to the elders of Ziklag; and to elders and friends in Judah. Behold, a blessing to you from the enemies of the Lord. David knew how to give; and he was a true giver; he gave without strings. He gave under the principle of grace. He did not give for himself.

Sends this stuff to Hebron, which will come up in our study tonite.

2Samuel 1:1 [And it happened after the death of Saul, David returned from the slaughter \[anihilation\] of the Amalekites, and David stayed \[this means to dwell in happiness\] two days in Ziklag,](#)

Now we pick up with his third day of R&R. The man who came to David was an Amalekite who was with the Jewish army. David passed every test with the Amalekites. This man is actually a deserter, which will come out later in the passage. To get Jewish citizenship, he joined the Jewish army. This is common to get citizenship in another country by joining their army.

#### **This Amalekite**

1. He is an opportunist. He thinks coming to David with this info, he can write his own ticket.
2. He carries the crown of King Saul and his golden armband. His accoutrements of rulership. He took this off the dead body of Saul.
3. He hoped to turn this plunder into promotion and reward. He is going to use this plunder for self-promotion.
4. He hoped to turn this plunder into promotion and reward; but if God does not promote you, then you are not promoted. You cannot bless yourself; only God can bless you. \

5. This Amalekite was a reversionist. He has not gotten his justice yet.
6. He deserted under fire and hid in the rocks and slopes of Gilboa.
7. He tries to use personal circumstances to promote himself and he will try to work David by lying. He thinks that David will promote him based on these lies. He thinks that this crown and arm band are his meal tickets. He assumes that everyone is like he is. But if you assume that, you will misjudge others. If you are false and dishonorable, do not think that everyone else is the same way. You will compound your problems to the point of death. What he did was, he saw Saul commit suicide. Saul was in terrible pain with arrows in his stomach and he tried to get his adjutant to kill him and he would not. God is not going to promote someone like this. David is God's man; this Amalekite is clever, dishonest, an opportunist, a coward, and a deserter. He will not confuse David.

There is no such thing as social security. It is a farce. It is not true financial security. But true security is doctrine in the soul. Whatever you depend upon makes Bob laugh at them. Bob knows the Lord of Glory. "I laugh at you, you're an ass." You carry your security with you. You carry doctrine in your soul or you have nothing. He thought with this crown and armband that he was in great shape. Blessing by God does not come with duplicity and manipulation of others.

2Samuel 1:2 [on the third day, behold, a man came out of the camp from Saul with his clothes torn and earth upon his head. And it happened when he came to David, he fell to the earth and bowed to him.](#)

We will study the rest of this, this evening.

**2Samuel 1**

**72David**

**631\_0127**

**04/21/1974 2 Sam. 1:2-4 Military interrogation; profanity cf. expletives**

David's supergrace blessing included great wealth. During this time he was distributing a tremendous amount of wealth. This was a part of his plan to reestablish the economy of Judah. It was David's objective to share this wealth in a manner that would build up the economy of Judah. He is doing this without trying to bribe them into leadership. Long before socialism was socialism, "to accept a benefit is to sell your liberty" was a saying in ancient Rome.

### **Socialism and Today's Society**

1. Socialism caters to insecure people who sell their freedom for a mess of pottage, political baksheesh.
2. Socialism removed freedom and creates parasites in a free society.
3. These leeches multiply until they destroy the courage, moral, nobility and productivity of a free people.
4. They suck up the vitality of a free people. While sucking up economic vitality, they are sucking up the moral fiber of a people. We've had socialism for some time in

our culture. We have had a change in our movies, in our culture. Some asinine Britisher was telling us on television how fragile the western European civilization and how we should get rid of weapons and tear gas.

5. Therefore, the whole picture is like an insecure woman. There is not enough love to satisfy an insecure woman. She cannot be satisfied by anything that she sets up for the male victim to do. New policy one day to the next. She sucks the vitality out of the male. She illustrates socialism. Insecure people always drain from the strong; socialism drains from the strong. Leeches who sit around and take money rather than take a lesser amount to work. They lose their strength. We were the greatest nation in the world after WWII and today, we are a second rate nation. If it came to a clash of arms today with another 2<sup>nd</sup> grade nation, we would lose. We use our taxpayer money for leeches. All of the love in the world from all of the people in the world could not satisfy an insecure woman.
6. The weak have systems for draining the power of the strong. This means a loss of freedom for everyone. The leech has sucked his soul dry.
7. A secure woman allows a man to charge his battery. When she loves a man, she gives him his freedom and privacy. An insecure and weak woman demands and demands until there is nothing left of either of them. The socialized medicine and social security and other benefits will suck the taxpayer dry; and that is the direction that we are going in today.
8. This is like a low-grade infection that never gets cured and eventually saps the strength of the vigor of the victim. So it is in the socialist state. The parasite sucks up the treasury until it is dry.
9. David's gift was made to the men of Judah without taking freedom from these men. 1Sam. 30:26–31. No strings attached. This is a case of spontaneous bounty.

David was a supergrace believer so he gave to the men of Judah in grace. This was to promote free enterprise. This was to advance capitalism. It was not given to the needy. It was not charity and it was not a bribe for public office. David had the means to give and sought the opportunity to give well.

The first was to the battalion after taking out some for himself. We are dealing with billions of dollars here from the Amalekites, a desert pirate group. They raided for 400 years and this was the first time anyone had tapped into their plunder. If a battalion spends a night with you, you can be broke. David and his battalion had a beans and bullets company. These were men with great business ability; they had great businesses and farms and this would restore the economy of Judah.

On the 3<sup>rd</sup> day of David's R&R, God had David go back to work. This is caused by the arrival of a treacherous messenger.

### **The Opportunist**

1. This Amalek was from the army of Saul.
2. His race had been destroyed.

3. He was in Saul's army.
4. He was an opportunist seeking to gain from Saul's death.
5. He had Saul's armband and his crown.
6. He hoped to turn this plunder into advancement and reward.
7. An Amalekite by race but a spiritual reversionist. Most reversionist had been killed there.
8. He escaped by being a coward to hid himself.
9. Like Ananas and Saphira, he tried to create a false impression so that he might be rewarded for it. He hopes that David will like his story and reward him for it. He assumes that David desires the death of Saul.

Do not ever capitalize on the death of another. Some of you want relatives to die so that you can inherit from them. That is the same kind of thinking. If you want, in your soul, some enemy to die, or some relative so that you can make some money, you are spiritually out of kilter and mentally ill. To want someone else to die to benefit you is a great soul distortion. Right now, and maybe this week, it has entered your mind, if old Uncle so-and-so would just die, then I could inherit from them. You cannot play God. It is a very bad game to play. To the extent that you enter into this kind of thinking or activity, you demonstrate that there is something wrong in your thinking.

it is just as bad to be vindictive and implacable to hope for someone to die for your happiness as it is to be a holy roller. You cannot build your happiness by titillating your emotion. You cannot built your happiness on someone else's unhappiness.

Right at this time, there is some happiness going on, and this guy is walking through all of this wealth to get to David. They have several hundred thousands cattle. No townhouse concept here. They are all spread out because of their wealth and this guy thinks that he has the key to that. He could not pawn any of these things and get much money, but he figured he could take this stuff to David and be rewarded for it.

#### **Out of the Camp from Saul**

1. Here is the truth of the matter clearly stated. He was in the bivouac, so he was an enlisted man from another race.
2. The Jewish army always had others from other races in it.
3. He was with Saul but he deserted Saul and hid under fire. He will claim to have a conversation with Saul, but that will be false. He hid out; he did not try to fight.
4. He overheard the conversation between Saul and his adjutant, and the Philistines did not come back until the next day before they came back for the booty. He was alone on the battlefield with the dead. He took the crown and the armband that showed he was the king. As he came out of this camp with Saul, he came with his clothes torn.

He did not want to show any ostentatiousness himself, because he is walking into a place where everyone is partying and there is so much wealth and there is celebration. He has a tunic and he puts some sand on his head.

He ingratiated himself by falling on his face to the ground before David. He fell to the earth and did obeisance. He got down on his knees and kept going up and down bowing before David. That would impress many people. He thought that David would be impressed, but when he saw all of this.

### **Phony Obeisance**

1. This is pseudo overt recognition of authority in order to gain something from David. Therefore, he gives David this overt flattery of obeisance.
2. People who show respect often use it as mere flattery. They have something in mind; they want to gain something. All the phony things in order to flatter David.
3. Reversionism and hypocrisy go together. The treacherous deserter tears up his tunic and puts dust on his head as a sign of being worn out from a disastrous trip, from fighting.
4. This was designed to create a favorable impression with David. He has figured out all of the angles.
5. Then he bows down as if he had accepted David's authority completely. This is phony.
6. He is an opportunist using the misfortune of others to further his own fortune.
7. It runs counter to the principle that you cannot build your happiness on someone else's unhappiness; you cannot be promoted unless God promotes.
8. But David knows how to deal with the Amalekites, as illustrated by operation recovery. He destroyed the Amalekite nation and took 400 years of plunder.
9. Therefore, this treacherous traitor will be properly dealt with. God delivers us from this kind of person.
10. David is not impressed by this man's appearance. The supergrace believer is protected from flattery and never falls for operation obsequiousness.

2Samuel 1:2 on the third day, behold, a man came out of the camp from Saul with his clothes torn and earth upon his head. And it happened when he came to David, he fell to the earth and bowed to him.

David's interrogation will get to the bottom of everything. David needs to get this guy to start talking. This is important. This guy does not give his name rank and serial number. Interrogation is a bonafide means of getting true information out of a liar. It is extracting true information out of a liar. This is one that made Hannibal famous. A good interrogator often appears dumb, even though he may be much smarter than the person he is interrogating. For principle of interrogation, get the victim to talk.

“Where did you come from?” The Qal imperfect indicates that he has been on the road for a great deal of time. That seemed obvious to David. He should be executed for sneaking out of Saul’s camp.

He mixes the true and the false together. He watches his words very carefully and we will pay attention to see where he slips up. He did depart from the army; he was in uniform; it was all torn up; he was AWOL from his organization. In reality, he is a cowardly deserter and an opportunist. He is trying to give the impression that he fought until the end. And he will claim to kill Saul, which would make David king.

2Samuel 1:3 And David said to him, Where do you come from? And he said to him, I have escaped [been delivered] out of the camp of Israel.

David comes back with some counter questions. The Qal imperfect indicates that there is more here than is said. David will persist in the interrogation until all of the facts are in his mind. He will persist in interrogation. The communists have learned this to interrogate day after day after day. You keep it up. You make them go over the same story over and over again. The same thing is done in good police work. If someone talks enough, the facts will come out. Or the facts will come out in constant repetition. Or David will know that the messenger is lying. It will come out what is true and what is false.

This is why so many in the congressional hearings stand on the 5<sup>th</sup> amendment.

There is an expletive and an extra word added to fill up the sentence with some excitement. You don’t need the expletive; it does not add to the narrative. Profanity; and Bob uses the profanity. Hell and damn are not profane; they are expletives.

The exclamatory expletive, would be shucks, beans, dammit, and hell and other 4 letter words. Mild exclamatory expletives and dirty exclamatory expletives. Also a category of satisfactory exclamatory expletives; he is satisfied with what he says.

For years, you wonderful Christians have used expletives. If you please, please; this is another category. They are polite expletives. An expletive can be the difference between good and bad manners. The interrogator does not say to this Amalekite, “Tell me the truth, or I will beat the hell out of you.” However, David here says, “If you please.” David is getting this man relaxed, so that his guard is down. David is listening carefully.

This man gives some truth. The people fled. This is the word he should have used of himself. The people ran away in a disgraceful way, and it was just the antithesis.

Many from the battle were wounded; that is what the “fallen” means. The army is in shambles; lots of casualties. Whenever you look at military casualties, you look at the dead, wounded and unaccounted for. Before you think this army was completely destroyed, we will meet Abner in the next chapter, who pulls together his remnant on the other side of the Jordan and built up his army to attack the Philistines. He is a deserter. Jonathan and Saul are now dead.

2Samuel 1:4 And David said to him, How did the matter go [lit., *how was the word?*]? Please tell me. And he answered, The people have fled from the battle, and many of the people also have fallen and are dead. And Saul and his son Jonathan are dead also.

Saul's other sons have also died, but this guy mentions Jonathan specifically.

#### **What More Will Be Asked**

1. This messenger will be interrogated in detail on these deaths.
2. He will explain about Saul but not about Jonathan. He doesn't really know what happened with Jonathan. This guy deserted and there was fighting all over. Abner actually pulled the troops out. On a battlefield, you only see your own area. He can't say anything about Jonathan, because this would give away that he is a liar. He has no material here that he can twist and turn to his advantage.

In this next verse, this man's rank is given. He is a private in the army. Then David will begin to ask some very specific questions. The end result will be that this man will be executed.

Here we have a passage in the Word of God about military interrogation. Why does God the Holy Spirit bother to give us this story of military interrogation? Why bother with it? Why include it? Why not just say, David interrogated this man and killed him. God the Holy Spirit has a reason for including such things, even though there might not be an obvious reason for it.

One of the most important functions in the military is the function of honor. Everyone in the military needs to have an honor code. Without it, you are inches away from disaster. Behind this is the principle of the importance of the military. Great periods of freedom have existed in the past. Great cultural expression. When Augustus followed Caesar, there was great freedom. There were great writers and great drama. Western European civilization expressed itself this way.

Napoleon freed up Beethoven, who was imprisoned? Beethoven did not like Napoleon, but he allowed him to express his thinking. Great periods of freedom are based upon military victory. No military can succeed without an honor code. For example, men who graduate from West Point, even up to the present time, have a great honor code. Bob studied it when he was stationed there in 1943. This inculcates honesty. Military must run on honesty. When a man is dishonest in the military, thousands die. Longstreet in Gettysburg, and Lee lost in Gettysburg. The troops did not get down there soon enough. This was Longstreet as the problem; he dragged his feet and did not follow Lee's direction to move more quickly. The honor code is best represented by George Patton, men at the top.

The British army had no army code, as demonstrated by that dishonest ass at al Alamaine; that Montgomery was two-faced and dishonest. Americans died because of his dishonesty. Honesty existed in other armies and other ranks. MacArthur is the essence of the honor code. No army succeeds without an honor code. Some of the veterans were

great soldiers, but this did not have the honor code. Abner did not have an honor code; Jonathan had an honor code. We are at the lowest ebb of the honor code in the United States military history, from the politicians. This means that there must be strong spiritual life, Bible doctrine resident in the souls of men who will fight for their country and for freedom.

There are other reasons God the Holy Spirit included this. This indicates that a liar has no capacity for life. A person who uses lies often. A sign of mental illness and instability is such lying. He can use all kinds of phrases that sound right, but a congenital liar is only made honorable by the Word of God.

He is an enemy and he must be destroyed. Under the principle of leadership, David stops all of the fun that he is having. David stops to interrogate this man because David is in authority. David must be just and fair. He must deal properly with this man. No one can maintain a position of leadership without being fair and just. These things demand interrogation. The higher a person goes the less he knows about the rank and file.

Many of you men are heads of businesses and corporations and you must interrogate people from time to time to get the facts. You need to be objective and such people tend to be happier. Subjectivity tends to go with reversionism and such types are not happy.

**2Samuel 1**

**72David**

**631\_0128**

**04/26/1974 2 Sam. 1:5-9 False account of Saul's death**

Captain Howard will possibly become the only man in history to have 2 Congressional medals of honor. He might bring a 10 man ranger team to Berachah Church as well.

God would use the catastrophe of Israel being defeated by the Philistines in order to put David on the throne.

David gave aid to good businessmen and to friends of his and to members of his battalion. Latin saying, "To accept a benefit takes away your liberty."

#### **Socialism Versus What the Bible Teaches**

1. The Bible condemns socialism.
2. The purpose of socialism as a Satanic system is to cater to an insecure pole.
3. Socialism removes freedom and creates parasites.
4. These leeches multiply until they destroy the character and moral fibre of a free people.
5. These multiplications of parasites suck up the vitality of a free people.
6. Socialism and those who benefit from it are like an insecure woman. The woman keeps demanding love until she has drained the strength from her man.
7. They drain and destroy the strong; in the analogy, this is capitalism. David distributed to those in capitalism. David and Solomon did not interfere with industry. They allowed it to work on their own. David ruled for 40 years and Solomon for 40

and not once did they try to tax an industry. You might as well learn it is impossible to tax a corporation. They cannot be taxed. People may vote for someone believes we tax only corporations. This has to be passed along to the consumer. Corporate taxation cannot and does not exist.

8. The analogy to the secure woman. She allows the man to recharge his battery. We have unstable and weak government. There is no group of government more insecure today than those involved in our legislative and executive branches of the government. The judicial branch does not even understand what law is.
9. The parasites suck up money until the treasury is dry.
10. David's gift is without taking money from the men of Judah. He gave money with no strings attached.

2Samuel 1:2 on the third day, behold, a man came out of the camp from Saul with his clothes torn and earth upon his head. And it happened when he came to David, he fell to the earth and bowed to him.

2Samuel 1:3 And David said to him, Where do you come from? And he said to him, I have escaped [been delivered] out of the camp of Israel.

2Samuel 1:4 And David said to him, How did the matter go [lit., *how was the word?*]? Please tell me. And he answered, The people have fled from the battle, and many of the people also have fallen and are dead. And Saul and his son Jonathan are dead also.

We discover for the first time that the bearer of the bad news is a private. The word *young man* gives us his rank. Na'ar usually refers to a newborn infant Ex. 2:6 Judges 13:7 but it is also used for a boy not fully grown. Also used for Isaac when he was almost to be sacrificed by Abraham. It also means a private, someone who does not advance; a total goof off in the armed forces. 1Kings 20:19 and several other places. David said to the private reporting to him. He is beginning to think that the private is manufacturing a report for his own advantage. It is unusual for a private of another army to completely kowtow to general of another army. You can always smell when someone wants to use you. You know what you're really like. David knew that this man was an unmitigated liar and one thing you cannot have in the military is falsehood. David continues to interrogate until he determines that he is consistent or until he prove himself to be a liar. David will persist in the interrogation. We are merely given the gist of this.

Sooner or later, the liar, can get away with it for awhile, but they will trip themselves up permanently eventually. People mature when they take responsibility for their own decisions; and when they look at the character of the person who is speaking.

This question will put it all together for David.

#### **How Does this Explain it to David**

1. He knows that Saul was dead because he was hiding in the rocks.

2. He was guessing when it comes to Jonathan. He reports this as if he knew it for a fact, but it is not a fact to him. When people start telling you what they assume, they begin to tell you what the interrogator wants to know.
3. The private is an opportunist; therefore, his motivation for lying.
4. This Amalekite private is doing what David refuses to do; he is trying to advance himself on another's death; to build his happiness on another's unhappiness.
5. People even use another's death to advance themselves, as this Amalekite. Be careful about those you wish to die, like wishing a relative who will die because they are going to leave you money. That person will never know what the word happiness means. You can't build your happiness on someone else's unhappiness.
6. If God does not promote you, you are not promoted. This man is trying to promote himself.
7. Therefore the Amalekite private has missed the boat. Blessing, happiness, success and emotion. We will study something about this coming up on Sunday.
8. If David needs an illustration of how gross it is to use a dead person to promote yourself, this is it. David sees the distorted soul in this man. This is a Bedouine race that lived in the Negev.
9. This will strengthen David's resolve to wait on the Lord. The promise must be fulfilled God's way and only God's way. The means never justifies the end. This Amalekite would lie or even murder in order to be promoted.

2Samuel 1:5 [And David said to the young man who told him, How do you know that Saul and his son Jonathan are dead?](#)

The falsified report. Here, na'ar means *private* again. He has no discharge on his person so he has not been discharged. He will find himself on the edge of a court marshal. He gives a lengthy report to answer David's question.

When telling a lie it is always good to have some truth around it. Bob Love's angel food cake, but he hates it with effeminate frosting, like orange and pink. But a good heavy thick chocolate frosting. Some people are very adept at taking a bit of truth and then inserting the lie somewhere in the middle of it.

He had run away when under fire and he found a place to hide when the Philistines weren't looking. From his hiding place, he could see Saul and where he was killed. He saw something that made him think that he could use this to advance his own career. He did hear Saul and his adjutant talking about this.

This Amalekite used an expletive to slip in the falsehood. This is a transitional expletive. When you are telling the truth, you can get a very sincere look on your face. Then, you can slip in some falsehood, and, at that time, they will look off at something, or up in the air, just for an instant. This is where they slip in the word *behold*. It is by chance that he was on Mount Gilboa. He has to make the transition from the truth to false, and he uses this transition expletive.

Saul did not have a spear. He had a sword and it was hard to get out because he was gut shot with arrows. Saul was not resting on a spear, but he did not carry a spear. He did keep javelins around the house and he rested on the spear. He might do this from exhaustion or to catch one's breath. When the gun goes off, you are holding your breath.

Saul is a general and not a soldier. The true account we have already studied and he only had a sword. He was supposed to be thinking; not using a weapon. He is supposed to think and make commands and decisions. So this man is lying.

The chariots and the cavalry are pursuing him. The Philistines had both of these but this was erroneous. The true account indicates that Saul was under fire by archer infantry.

2Samuel 1:6 [And the young man who told him said, As I happened to be upon Mount Gilboa \[by chance\], behold, Saul leaned upon his spear. And, lo, the chariots and horsemen followed hard after him.](#)

#### Summary

1. The only true part was this Amalekite witnessing the killing of Saul.
2. The Philistines were pursuing the Jews and that is where the cavalry and chariots were going; to head them off at the flank. Any S2 could figure this out. He saw the chariots and cavalry go by first; then he saw Saul. So Saul had been there for hours and this man was too and he did not fight at all.
3. The chariots and horses were moving to cut off the army.
4. Saul was not resting on a spear or he would have committed suicide with it. If Saul wanted to commit suicide, he could do so easily with a spear
- 5.
6. The true account makes it clear that Saul only spoke to his adjutant.
7. Saul did not have a dialogue with this Amalekite private. King Saul would never do what the Amalekite has said. He thinks he is the prime minister of this new country.

Saul turns around to see this Amalekite. Liar.

Let's say Saul did turn around and see a private. He would not chit chat. He would send them back onto the field. He claims that Saul looked behind him and saw this man, and he says hinni. This idea is to David to respond to, "Behold me."

This is a flim flam of pathological lying. Anyone can look at a uniform and understand who the person is and what his responsibilities are. Saul would never turn around and look at a private during this battle and say, "Who are you?" He would have told the private what to do. But this private is making it seem like this is a sweet conversation taking place. Robt E. Lee was sweet and he should have taken Longstreet out and kicked him to ribbons.

2Samuel 1:7 [And when he looked behind him, he saw me, and called to me. And I answered, Here am I.](#)

He says, "Who you?" And he answers, "Amalekite." When you see the uniform of your country, you begin to order them around. Saul is the general and he should next order this man around.

This last answer is the truth; this man is an Amalekite.

2Samuel 1:8 *And he said to me, Who are you? And I answered him, I am an Amalekite.*

He says a second time, "Stand over me and kill me." When would a general say to a private, "If you please." This is a nicety and he says Saul is using use this in the midst of a battle.

2Samuel 1:9 *He said to me again, Please stand over me and kill me, for anguish has come upon me, because all my life is still in me.*

Since this is a lie, this guy just makes up this conversation. Saul was not a polite man. Saul did not have polite manners; and not on the battlefield. David knows Saul and this is not Saul.

*Anguish* here is cramps of some sort, which makes sense because Saul has all of these arrows in him.

He claims to be seized with the cramps. This guy has used all of his rope and he has hung himself here. You do not lean on a spear and writhe on the ground at the same time. David has spotted the problem but he lets this guy go on.

This guy came out of his hiding place when the Philistines moved on, as they went after the rest of Saul's army.

**2Samuel 1 Isa. 53:12 Matt. 27:50 Mark 15:37 Luke 23:46 72David 631\_0129  
04/28/1974 John 19:30; Ps. 31:5 Last exhale of Jesus Christ on the cross**

We will spend some time on the last breath our Lord exhaled on the cross; the last sentence of our Lord on the cross.

Bob is assuming that we are all believers in Jesus Christ.

We begin with the distribution of spoils, which was understood in the ancient world. Greatest empire in western civilization was SPQR, which is the Senate and people of Rome. It is inevitable that time will be spend in victories. There could be up to 50 days to celebrate their victories. Cæsar returning from Gaul had 50 days of celebration. There were rewards to the soldiers, some getting \$150,000 up to \$200,000 as a reward for their function as soldiers. This verse deals with the strategic victory of our Lord Jesus Christ.

The preposition and the adverb forces a strong conclusion. A royal family is called out by the last Adam. God the Father will distribute great spoils to the many. The spoils would

be divided in two directions. There are the saints in the Old Testament, who are in Abraham's bosom, and they will receive their rewards. Our Lord's final exhale on the cross resulted in our plunder.

The greater part of the blessing. Spiritual maturity is the place where the spoils in time are realized. God's plan predates us by billions of years. Whenever God can promote you or provide something special for you, this glorifies Him. God the Father will distribute the gain, the plunder, because of the many believers, which includes us as believers.

The great ones below refers to believers who are spiritually mature. It is the responsibility of the pastor-teacher to teach his own flock. Study and teach. Herman Mattox is on the platform; he completed Dallas Theological Seminary, as a matter of miracles.

Doctrine conquers all. That is the principle by which our Lord exhaled His final breath. Do not look for a sweet person as a pastor. That is not a pastor, a person who is dominated by the deacons and the ladies missionary society. You think the pastor ought to be a handyman, there when you need him and to make the proper clucking noises like, "It will all be alright." We are members of the royal family and we should not use anyone as a crutch.

All of this is possible because He has poured out His soul to death. Jesus provided doctrine by His physical death. So we need to remember this phrase, that **He poured out His soul to death**. This refers to His final exhale. What he said becomes the key to the royal family.

Isa 53:12 **Therefore I will distribute spoils to Him a portion because of the many, and He shall divide the spoil with the strong [the great ones], because He poured out his soul to death and was numbered with the transgressors; yet He bore the sin of many, and makes intercession for the transgressors.**

"Why don't you read the hymn book while we look up these passages?" "Once and awhile, we feel sorry for those in here and we provide them some reading material; a gun book or something."

kradzô emphasizes the sound that is made. This is an aorist tense. Jesus will have His final exhale. Jesus will utter a sentence and He spoke in a very loud voice, so that this could be heard by many. Crying out with a loud voice means that this could be heard; also this indicates that He is not exhausted, physical ready to die. That is, He was not physically destroyed, where His death was a natural occurrence.

The culminative aorist tells us that this was loud. Body into the grace, soul to Abraham's bosom and spirit to God the Father.

Mat 27:50 **And Jesus cried out again with a loud voice and yielded up his spirit.**

Mark has something to say about this as well. Mark tended to be brief. He did not waste words. He concentrated on actions. There is a different word here for *to cry out*. He uses *απιημι* which means *to send away*. The idea here is breath control. There is the sound and there is the breath. The length of a to x is however long it took Jesus to exhale this sentence. Mark does not tell us the content. Matthew tells us that this was loud and Mark tells us that it was controlled and given in one breath. Jesus exhales His last. Neither Matt. Or Mark lets us know the content.

This is the last breath of our Lord. Jesus exhaled these words as an act of His Own volition. We cannot die by exhaling our breath and then not breathing back in.

Mar 15:37 **And Jesus uttered a loud cry and breathed His last** [expired].

Now to Luke. The translator of the KJV messed this up. It is this same constative aorist and we are now going to hear what he said. We have what Jesus said, but only part of what He said.

Christ is the agent producing the action Himself. This is a dogmatic assertion and this is exactly what was said in this famous last exhale.

Luk 23:46 **Then Jesus, calling out** [aorist active participle of *φωνεω*] **with a loud voice, said, "Father, into your hands I commit [deposit] my spirit!" And having said this he breathed his last** [He expired].

All 3 synoptic writers mention that Jesus speaks at the end of His time on the cross. Each one had something to say about what transpired. This is the last exhale of our Lord. Each writer of the Synoptics describes our Lord's final moments in the aorist tense. They all use different verbs. Sound, breath and words. All are involved anytime a person speaks.

The culminative aorist; and there is something that all 4 of them said. Mark and Luke use *εκπνεω* which means *to expire*. You don't need breath unless you are going to say something. John uses *παραδιδιμε* for this culminative aorist. This means *to deliver over*. Jesus utters one verb in the perfect tense. He receives the sour wine. When He had completely come back from bearing our sins, the Roman soldiers offered him sour wine. It would be put on a sponge and lifted up to His mouth. Perfect passive indicative of *τελεω*; *τετελεσται*. Jesus has not bled to death. He has finished bearing our sins and He states this. He is very much alive. This is a dogmatic or absolute statement. His blood is still in His body. John does not give us the final sentence. He goes to *finished*. Up until this point, our Lord kept His head erect. Crucifixion makes a person very weak; but our Lord's was erect. He was not weak; He was not nauseous. He knew exactly what He was doing. He was our substitute taking our place.

Joh 19:30 **When Jesus had received the sour wine, he said, "It is finished," and he bowed his head and gave up his spirit.**

What does this all mean? Why did Jesus say this? He had breath control; His head was erect; He was not bleeding to death. Luke gives us a partial content of what Jesus said.

What Jesus said before He died physically is very important. Luke gave us enough of the sentence. Jesus in His last exhale spoke this entire verse. The rest of this is in the Hebrew.

“I deposit My spirit into Your hand.” Then He adds *You have delivered Me*; this does not mean *to redeem*. It is *padah*. For 3 hours, Jesus screamed; and he had Bible doctrine in His soul which sustained Him; it sustained His humanity. Therefore, Bible doctrine is designed to sustain us. This is designed for the distribution of the spoils.

After our Lord uttered these words, there was nothing else to say. There was no more inhale that would be required. The spoils of victory depend upon Bible doctrine.

Psa 31:5 [Into Your hand I commit My spirit; You have delivered Me, O LORD, faithful God.](#)

**2Samuel 1:10–12      72David Doctrine of Human Freedom      631\_0130**  
**04/28/1974 Problem of being a success; doctrine of the importance of the military**

the erroneous report of Saul’s death; he was leaning on a spear but he did not have a spear. A report with some true and some false information.

2Samuel 1:9 [He said to me again, Please stand over me and kill me, for anguish has come upon me, because all my life is still in me.](#)

The indication is that Saul wanted him to do this and he thinks that he will gain favor with David because of this.

**A Few Points on V. 10a**

1. The Amalekite manufactured a mental attitude for Saul that fit in with this Amalekite’s story. These were not Saul’s words at all. The purpose of this lie and the lies that came before are this Amalekite trying to ingratiate himself with David.
2. He is playing politics and hopes to be rewarded and promoted as the slayer of Saul, although he did not kill Saul.
3. This is a case of medacious incantation. A case of treachery. Ingandation. He did desert in the face of the enemy, which truth he hides.
4. David is a supergrace believer and as such, is people-smart. Many believers came to Berachah Church with problems of one kind or another. Many came from not necessarily a spiritual problem, but they were just stupid about people and themselves. David is a supergrace believer and even not in supergrace, he was people-smart. He picks up on what this guy is trying to sell and what kind of a guy this person is. Life is too short to hook up with dumb butts. In your lifetime, it will take a long time to cultivate real friendships; and real friendships need to be made

with real people. Most fundies are not real people at all. They are out in the rain without any clue as to what to do, standing around looking for a counselor.

5. David will not be deceived by this audacious fabrication.
6. We are half way through this verse, and the remainder of this verse is true.
7. By mixing the true and the false, this Amalekite hopes to deceive David with his approval.
8. Any approval based upon deceit will come to nothing. Any promotion based upon deceit will come to nothing. This man's life is based upon deceit so it will come to nothing. When you mix the truth with the false, it is always false.

A simple gold band that fit around the helmet. This was his battle crown. It is one of those things you cannot hock anywhere; everyone knows who it belongs to. This is the badge of Saul's rank in Israel. The armband is often worn; and it said, perhaps, melek. This indicates that he was the king. It too was made of gold. He was in a hurry; he was a coward; he dashed out of the rocks and grabbed these things, and then made a run for it.

The final word in this verse is an adverb, henah, and at this point, he took them out and displayed them, putting them, perhaps, at David's feet. David would have recognized these immediately. He knew when he saw these things, that Saul was dead. He knows that the story of the Amalekite was filled with inconsistencies; but he believed this to be true. The very system by which you promote yourself will be the very system by which you defeat yourself. Only God can promote us.

2Samuel 1:10 [And I stood over \[by\] him and killed him, because I was sure that he could \[would\] not live after he had fallen \[his defeat in battle\]. And I took the crown on his head, and the bracelet on his arm, and have brought them here to my lord.](#)

He will be held accountable for what he says. He did not kill Saul; but he will be held responsible for it., because he confessed that he did it. Some of you may wonder why God put so much information like this in the Bible. Some of you are sitting here because you think that you are duty-bound to listen. This is a tragedy.

Many of you women have used flattery to gain everything that you needed in this life. A flatterer always underrates the object of her flattery. They assume that the person is exactly like she is. This man did not kill Saul, but he judged David to be just like himself. This will remove a problem for David, in this man's mind. If the situation was reversed, he would do it. He has no strength of soul; no doctrine in his soul. He has no capacity for life; he had simple conceit in his life. He is as easily subject to flattery as those they are attempting to flatter.

David is a celebrity; a national success. But there is one true celebrity in life, Jesus.

There is a problem with being a success. Some of you will stay with doctrine long enough to be a success. Many of you will be classified as human celebrities. David is a success; he is a celebrity, humanly speaking. He faces some problems with this fact. Celebrities

have specific problems with being celebrities. Bob enjoys hearing about what various people have done; how we have prospered and moved ahead in various places in life.

### **Problems with Being a Success**

1. Once a person becomes successful, that person become vulnerable to being used by others. That is the great tragedy of celebrityship, is people use you as a rung in a ladder of moving up in their own lives. You have to face many phony people. Success has its problems just as vulnerability has its problems. This is exactly what will happen when you enjoy some measure of success.
2. One problem is people use your status to titrate their own ambitions.
3. He is often confused about who loves him and who is using him to gratify his own ends. Or to further their own ends; to gratify their own lusts.
4. Successful and prosperous people get trapped in that with parasites and sycophant. You do not even have to be a successful pastor in order to get this. People has put people on the worldwide map who are the worst phonies that he has ever known.
5. Bible doctrine resident in the soul protects the believer from this trap. It is designed to make us people smart.
6. The supergrace believer is protected from this hazard by doctrine in the soul. If not immediate discernment, it is will eventually be the discernment to know that they are phoney. You just have to be people smart to advance.
7. The supergrace believer has capacity for life and love; they can also spot the phoney, the sycophant, the flim flam artist.
8. Success and prosperity demand that the supergrace believer be surrounded by those who appreciate him as a person. He often finds himself by those who use him as a stepping stone...to promote themselves.
9. David, in supergrace, has the ability, of being to spot the phony, the fraudulent, the con artist. This is a perfect illustration of it.

There is only one thing that is obvious to David at this point, and that Saul and Jonathan are both dead. Lamentation first of all.

There is a break off of interrogation. We will come back to him. David has a genuine response. David is overtaken by grief so he is not called to do anything at this time. David wanted to make Jonathan his prime minister. He will always lack someone for that slot. This means that David has lost by physical death one of his greatest friends. There will be a tremendous elogy for Saul and Jonathan. He is satisfied for the moment.

Now they begin their lamentation. His soul is overcome with great emotion. He will never see him again as his close friend. He is so overcome that he does whatever he does vigorously. If you ever have a true friend and they precede you into heaven, you will be overcome with grief. David stops right here and now and laments his great friend. A true friend is one of the rarest gems in life. You will have very few of them. When you lose them, you will be overcome with a type of grief that will never leave. Robert E. Lee strongly missed Stonewall Jackson; he was irreplaceable. This meant that the army of Virginia

would eventually lose. The army in northern Virginia was doomed that evening that Jackson was shot by his own pickets.

Jonathan was David's Stonewall Jackson. He never had fits of jealousy and pride; he represents the purest type of nobility of soul. We have a part of a eulogy written in the book of Jaser?

Some idiot female dragged you in here hoping something that would rub off; don't bother to come back. One of you bored people here is old enough where you could stand to have a close friendship like that. The most important thing that you would ever possess is the true friendship of that even surpasses the love of a woman. It is possible for such a thing to exist; it is a rare thing. The Philistines now control most of Israel. A lot of fellows citizens have lost their freedom. With a few exceptions, like Judah in the south and Benjamin, who moved their headquarters across the Jordan, are safe, but the rest of Israel is under the slavery of the Philistines.

2Samuel 1:11 [And David took hold on his garments, and tore them. And likewise all the men with him did so.](#)

The whole day elapses after the interrogation. The mourning is continued. Bakah is the word for mourning; these are strong, powerful men who are weeping; there is nothing wrong with it.

This battalion will conquer the world; but right now they are crying. They are weeping and fasting. This is not a spiritual function. There was a spiritual fasting where time is set aside for Bible study rather than having a meal. Charlie Clough used to fast in a spiritual sense; he worked all day at the weather station and would come to Berachah for a long time without food, since he spent time on the bus going to Galveston. They are disturbed in their souls, so there is no desire for food. David's fantastic supergrace attitude and supergrace leadership.

Jonathan was a national hero. The great battle of Mishmash. He attacked 250 Philistines and defeated them. The fasting and weeping here is respect for him.

The people of Jehovah is a technical term for the army of Israel. It has suffered one of its worst disasters of history. The loss of freedom is obvious.

The nation is now mostly in slavery. Military defeat and military disaster for northern Israel.

2Samuel 1:12 [And they mourned and wept and fasted until evening, for Saul, and for his son Jonathan, and for the people of Jehovah, and for the house of Israel, because they had fallen by the sword.](#)

The people had fallen by the sword; and so did the soldiers. Sometimes, the first farm they hit, they killed all the people. Many soldiers suffered blood lust and they would slaughter and butcher the citizens.

### **Final Points**

1. Military defeat affects everyone. There are those in Congress whose reversionism is so bad, they are anti-military and they have all but destroyed us. Mark Hatfield from Oregon, born-again believer, who needs doctrine; he is a mixed up fundy. It will be men like Bobby who will have to stand in the gap for these jackasses; these confused liberals. Some have fought in two wars and they are suddenly dropped from the military. The stupidity of Congress borders on being traitorous.
2. The defeat at the Battle of Gilboa meant a loss of government over Israel, loss of military heroes, a standing army, loss of national freedom and the function of free enterprise. It also meant a loss of dear friends and loved ones.
3. Saul's defeat affects the entire nation.

let's notice a few doctrines

### **The Doctrine of Human Freedom**

1. Human freedom is the heritage of human birth; it is an extension of the various functions of the soul.
2. Areas of human freedom: freedom as the heritage of physical birth and freedom as the heritage of regeneration.
3. The necessity of human freedom. Free will is the one thing that man has in common with angels. We are an extension of the Angelic Conflict. We were designed to perpetuate the Angelic Conflict. Therefore, it is necessary for human freedom to exist on planet earth.
4. Therefore, there are laws designed to protect human freedom. This way, evangelism and Bible teaching can take place. The Decalogue is fundamental for the law of human freedom.
5. Non-meritorious human freedom. God's plan of grace. Salvation is faith in the Lord Jesus Christ. The function that leads to supergrace; the positive volition toward Bible doctrine, which relates the believer to the tactical victory of the Angelic Conflict.
6. The relationship of human freedom to authority and human discipline. Christ was free to accept or to reject the cross. He became obedient to the death on the cross.
7. The military represents the freedom of Christ going to the cross. The military man gives up his freedom to die for his country.
8. Freedom demands responsibility. Believers and unbelievers alike are to adhere to the laws of divine establishment. Morality protects human freedom. Morality demands waiting for RM/RW. Good manners that protects people we love. True love cannot be coerced. It must be freely given. There is a need for morality and good manners in order for freedom to exist.
9. The relationship of human freedom to maturity. The adult must be free to have his own successes or for his own failures and he must take responsibility for it.

10. All sin involves the action of human volition. Neither the man nor the woman possessed a sin nature at the fall. Ignorance of the fact of sin does not change anything; that is still a matter of volition.
11. Doctrine is related to freedom. Jesus Christ provided freedom to serve God and to move toward supergrace. Believers have a glorious freedom. The royal family freedom is a glorious freedom. We are born again and live as royalty on this earth.
12. This freedom is related to God the Holy Spirit. Where the Spirit of the Lord is, there is freedom.
13. The Word of God is called the Law of Liberty or freedom; our freedom to glorify God.
14. Positive volition toward doctrine is the basis of freedom. I will walk in freedom for I seek your doctrines.
15. Freedom is a part of our national heritage. Give me liberty or give me death. No matter where you turn, to the constitution or all that led to it, there is the principle of freedom.
16. The perpetuation of freedom demands respect for authority and great self-sacrifice when that freedom is threatened. Some of our freedoms have been stolen from us by the politicians. We may have to fight the entire communist world to preserve our freedom.
17. National freedom is maintained by military victory. Neh. 8:14
18. It is the army of Israel that led to the loss of freedom.

One more principle:

### **The Importance of the Military**

1. The military protects the national entity and the principles of establishment. It is ordained of God for the military to do this for any national entity. The military defends the nation.
2. In spite of man's efforts for peace, warfare will continue to the end of time.
3. It is a bonafide part of human history. No congress or mixed up president is going to abolish war. That will just invite invasion and disaster. This is like the law of gravity.
4. In the struggle to maintain Jewish freedom, we have many examples of the importance of the Jewish military. Military loss means the loss of civilian freedom. When the Jews were getting ready to invade the law, Joshua made a reconnaissance across the Jordan; and Jesus Christ met him and that He belonged to the army of Israel. He is the God of the armies. This put Joshua to chief-of-staff. The Lord Jesus Christ, known to liberals as turn the other cheek, holds the record for killing in battle.
5. The Jewish army under Saul lost freedom; but it will be recovered by David's army.
6. The preservation of national sovereignty always depends upon which side wins. There is a good army under Abner, who pulled out of Mount Gilboa and he saved a great portion of Saul's army. He was able to do this by the delaying actions of

Saul and his sons. He made Ishbosheth the next king, but he only had a small spot on the other side of the Jordan. Armies always protect the freedom and integrity and sovereignty of a nation.

7. God uses the military to show the reversionism of a nation. Battle brings out the best or the worst.
8. Since the battlefield decides freedom, universal military training is important.
9. Military leadership is an index to national character. Two great military leaders will emerge; Abner and David; and under them will be great general officers.
10. Therefore, it is important that no matter how great a citizenry is, there must be military training. It is useless if the men of the nation are apostate or addicted to drugs.
11. Part of divine judgment against a nation is military defeat that precedes the 4<sup>th</sup> or 5<sup>th</sup> cycle of discipline. We will see these principles to emerge as we continue to study this.

The court marshal tomorrow night of the Amalekite soldier.

**2Samuel 1:13–16**

**72David**

**631\_0131**

**04/29/1974 Court-martial of the Amalekite private**

We are studying the falsified reports by the Amalekite.

2Samuel 1:12 [And they mourned and wept and fasted until evening, for Saul, and for his son Jonathan, and for the people of Jehovah, and for the house of Israel, because they had fallen by the sword.](#)

The court marshal will not reconvene until the time of mourning is over.

David begins the questioning again. Why do we have a passage like this in the Word of God? What is its spiritual value? Why do we have it? Why is it important? The fact that this is in Word of God, it must be analyzed. A chapter like this is summarized by 3 sentences in most commentaries. They often just pass over the fact that David performs specific functions or they mention this in a sentence and simply move out.

This young man is carefully examined. He is a private in the Jewish army and the Hebrew noun means a number of different things, like a newborn infant, for a teenaged boy, for a boy who is nearly 20 and for a private. Here, it refers to an enlisted man in the Jewish army. 2Sam. 1:5 the purpose of this report and what he was up to and how he intended to use these things.

David knows that he is in the Jewish army but also that he is not a Jew. Most people are born again and then they enter into Israel on that basis. They want to be a part of the citizenship of this country.

David had just fought against the Amalekites, so they keep popping up in his life. Because David had been very antagonistic against the Amalekites, he is leaning toward being prejudice against them. This is a big challenge to try this man fairly, despite the strong feelings that David has.

Prejudice is a latent or real antagonism, but not necessarily based upon a lot of information but more upon irritation. How David handles this man is indicative of how he will function as king. When God promotes someone, then his motivations and actions must be carefully watched.

Benishgar is what this man says. Son of a man who is a stranger, or son of a man, a foreigner. They lived in this country in order to become citizens of this country. There was a racial problem in Saul's army. This man deserted while under. This is a lack of discipline and a lack of training. Where strong discipline exists, there are no racial problems. There is objectivity of justice and fairness from leadership. Where you have a soft attitude and a belief that you can solve problems through legislation, then you have problems. Mandatory seat belt laws.

Liberals think that if anyone dies for any reason, this is an attack upon their panaceas. There were riots on an aircraft carrier and they should have been shot.

David now has to deal with 2 kinds of Amalekites; those hostile in the negev and those who immigrated to Israel to become a part of Israel. David will amalgamate Jews and people of many different races. In David's own background, there are many gentiles. So race is never an issue except to bleeding hearts and left wing wacky thinking. There will be no racial problem in David's kingdom. They will all be a part of his kingdom. Uriah the Hittite is an example.

This man should have set aside his self-seeking opportunism. He is innocent of killing Saul. The truth would have saved his life. Well, I don't think so; not as a deserter. He maintains the characteristics of the Amalekites. The cave of Addullem alumni have a strong honor code. Dishonest people have no place in a progressing organization, in an organization with great prosperity. Such organizations should be kept free of dishonesty and duplicity.

Because this guy is a Jewish soldier, he is under court marshal proceedings. He needs to use the truth in his own behalf. Best he could do is to be honest and throw himself at the mercy of the court. However, he is setting himself up to be executed for murdering the King of Israel. He will stick with his story, hoping to advance himself. It is his lie that convicts him. He really did not kill Saul, but he claimed to do so in order to ingratiate himself to David. He became entangled in his own web of deceit and hanged himself with his own lies.

2Samuel 1:13 [And David said to the young man who told him, From where are you \[David is asking for a background profile here\]? And he answered, I am the son of a stranger, an Amalekite.](#)

The main issue is the killing of a king. So, it is possible that David does not really know the truth; that he is simply accepting this man's testimony. This Amalekite is assuming that David is just like he is; and that he will be glad to hear that his political foe was killed.

No army today has any mercy for someone who kills a superior officer, except for us. In other places, they have an execution quickly and a file by.

### **The Court Marshal of this Amalekite**

1. When this private enlisted in the Jewish army, he became acquainted with the articles of war. Killing the commanding general meant death.
2. The worst insubordination a Jewish soldier could commit is to kill his own commanding officer.
3. This Amalekite thought he would be able to bring David to the throne. The idea is, the ends justify the means.
4. The Amalekite figured that he could escape punishment because David would appreciate what he does. As an opportunist, he can only assume that other people are the same way.
5. So, he claimed to kill Saul when he did not actually kill Saul.
6. He confesses to a crime that he did not commit to advance his own cause.
7. His confession represented human viewpoint. Even though his confession is a lie, he paid the penalty for that crime.
8. People must take the responsibility for their own words and actions. Our government treats us like we are in the play pen. Bob had seat belts installed even before they were required. It supplies stability when it comes to offensive fast driving. You get out of jams with acceleration and steering, Bob's philosophy since 1930. When the government decides to tell Bob what to do, Bob will do what he damn well pleases. And if he loses his life because of a seatbelt, that his choice. We should be able to choose the safety features in the automobile that we own.
9. People must take the responsibility for their own words and actions. That is what it means to be an adult in a society. The government ought not to try to make a criminal out of everyone in society. No government ought to be able to act as if every citizen is immature and needs guidance. If people don't like the exhaust from his car, they ought to go elsewhere. Too many have grown up in a conditioned society, brought up to think that Uncle Sam can do no wrong and that legislation ought to be achieving the greatest good for the greatest number. We have at this moment to assemble ourselves. What has happened in the whole automobile thing is that people hate big business and profit. Profit is not an evil. You our conditioned to think that GM is out to run the country. It is a sin to be smart today; you are an enemy of government if you understand freedom. Increasing the population of a national entity, it was easier to preserve freedom. It is now becoming a serious problem. We have an immoral government; all branches including the judicial branch.
10. This Amalekite private had free will, and he is free to tell the truth or free to lie; as a free man, he must take responsibility for his statement. If he sticks with his lie,

then he must pay the penalty under the articles of war. David is not an opportunist like this Amalekite. He could have killed Saul twice.

11. He had to take the responsibility for his words and he did; he was executed.

2Samuel 1:14 [And David said, Why were you not afraid to stretch forth your hand to destroy Jehovah's anointed?](#)

The execution. The sentence was pronounced. There was a sentence, but this was to make the end closer to the Jewish trial. V. 16 is retrospective and actually occurred before v. 15. David summons one of the soldiers; one from among his soldiers. He tells him to approach. This is a command to move face to face with this Amalekite. Paga means to attack. You may think this is a mean command. The whole objective of being a soldier is to kill. This is the job of the military. You have babies in a free world because the job of military personnel is killing. It is legitimate to kill one of their own when he has violated military law. The indictment is read then he is killed. This sort of thing would cure many problems. Most of the civilians, the innocent ones, will be because of riots in the streets. Many will be abused. No nation can survive without discipline, authority and objectivity of law.

#### Summary Points

1. Regicide is always punishable by death; killing a superior officer. The Amalekite private has admitted to killing the king and he brought the incriminating evidence. He took this off the dead king.
2. He reached for a great reward and promotion and he ended up being executed. A deceitful life is being dead anyway.
3. The evidence that he did this is his own verbal evidence plus having Saul's stuff, this all condemns him. He did not have to admit to this.
4. It must have been frustrating for the Amalekite to die for a crime that he did not commit. However, he should have thought about this before unloading these lies to advance himself. That is the wrong approach. No capacity for life.
5. Not only do those who violate the law die by the law. Jewish justice is perfect at this point. This takes care of those who violate the law die by the law. This man ignored the law. He thought he could get away with it. It was not technically a violation in his own thinking. He ignored the law; he set aside the law. He looked only to advance himself.
- 6.
7. The law is fair and God is fair. The law is clear and God's Word is clear.
8. David will not share complicity in the death of Saul. David has been very careful not to advance himself on someone else's misery on someone else's unhappiness.
9. David will not condone violations of the law of regicide or the Jewish articles of war.
10. To permit the Amalekite to live would violate the law. On the basis of these two verses, David cannot let anyone live who claims to have killed Saul. David must try them and punish them. His objectivity and total fairness and adherence to the law

and the purpose of the law. Because he is a supergrace believer, the purpose of the law is fulfilled as well.

And this man was stuck so that he died. Hiphil indicates that the executioner was motivated to kill them. The result is that he died. That is the meaning of the waw.

#### Why Did He Die?

1. The Amalekite rationalized that he would be rewarded for receiving credit for killing Saul.
2. The credit became debit.
3. David gave him credit for killing Saul.
4. By his own words, he alleged that he did it.
5. No man can continue to live in Israel making such a claim; otherwise, lawlessness would reign in Israel. This is why there is capital punishment. People are executed so that people might maintain freedom. The criminal dies and this discourages others from committing this crime.
6. It would be a problem, allowing this man to live.

2Samuel 1:15 **And David called one of the young men and said, Go near [approach]; fall on him. And he struck him so that he died.**

Waw conversive and a Qal imperfect; making it a perfect tense. The sentence was given before the execution was carried out.

Seems reasonable that David could have said this while the man was writhing and dying. You need to take responsibility for your own guilt and your own crime. The plural of blood here means *blood-guiltiness*. This is your confession. The man stuck by his court marshal. He admitted to killing the Lord's anointed; he used these words and he claimed to kill Saul in a violent manner.

2Samuel 1:16 **And David said to him, Your blood be upon your head, for your mouth has testified against you, saying, I have slain Jehovah's anointed.**

This is his literal confession.

#### Summary

1. No one confessing to regicide could be allowed to live without destroying the country. Keeping so many people alive in jails is the reason for the rise in crime. Eisenhower brothers investigated the rise in crime and came up with all kinds of left-wing approaches. There will be no crime waves in David's kingdom.
2. This would destroy the authority of law, leadership and the discipline of David's great battalion.

3. This corps of future generals will be like Alexander's generals who would rule the world after his death.
4. Or like the confederate generals who served as junior officers in the Mexican War.
5. Or the famous German generals in WWII. When you have the emergence of an entire group, there is the superior leader to train them.
6. The wisdom of David's decision is only questioned by those who are ignorant of doctrine and incapable of living by principle.
7. The reconquest of the land, driving out the Philistine oppressors, depends upon this one decision. It looks innocuous. If David made a bad decision now, there would be no reconquest of the land and the Jews would have stayed under slavery to the Philistines. Suppose David was a stupid bleeding heart like our President today?
8. It is the little things in life that make or break you. You are waiting around for big thing to come and it is all these little things that make the difference.
9. Freedom comes through military victory without authority and discipline.
10. This Amalekite private came at a critical time in Jewish history. He failed to cause problems in their state.

**2Samuel 1:17-19**

**72David**

**631\_0132**

**04/30/1974 David's elegy to Saul and Jonathan (introduction)**

Bob does not like to be deceived and he does not like to be asked for anything. Moocher preachers. Hangdog look to get you to give to them. The bane of Bob's existence is that preachers are put in a place where they have to beg. He despises making announcements. That is #3. Bob has to announce a stuffing party. "Let's rebound and hope to hell everything goes okay tonite."

There is a lamentation for a number of men here who have died in combat. V. 18 suddenly goes into talking about teaching how to shoot a bow. Sort of odd. An elegy is a poem. A song or poem of mourning. It is not really a dirge. An anomatpoetic word.

#### **David's Feelings Toward Saul**

1. David was truly Saul's friend and he never changed his attitude toward Saul. David never changed his attitude. When he writes an elegy and mourns over Saul, it is genuine. David truly misses Saul.
2. Bible doctrine gave David the capacity for category #3 love. David never stopped appreciating Saul or his wonderful friendship with Jonathan.
3. Even though Saul sought to kill David, David remained his friend. He loved his enemies.
4. This is what Samuel told Saul at the seance, "And God has given your kingdom to your friend, David."

2Samuel 1:17 **And David chanted** [composed] **this death dirge** [elegy] **over Saul and over his son Jonathan.**

Certain songs were taught in school; we learned about America; the Star Spangled Banner. "God Bless American" is tripe. The Methodists just turn gleeful with that one. Learning songs of the American heritage was standard then.

The title comes from v. 22, where the bow of Jonathan did not turn back, even when facing the enemy. He went down firing, like Davy Crocket and Travis and Bowie. Patriotic songs; songs about killing the enemy. The whole thing was written in the book of Jasher.

2Samuel 1:18 **And he said** [ordered] **to teach the sons of Judah The Song of the Bow. Behold, it is written in the Book of Jasher** [righteous or heroes]:

#### **The Book of Jasher**

1. Whoever wrote this portion of Samuel extracted part of this psalm.
2. This same book of heroes is also mentioned in Joshua 10:13
3. It is apparently a series of odes to national heroes.
4. The two references here specify military heroes.
5. This book has not survived; only these 2 references to it.
6. This is apparently a chronicle of national heroes.

#### **Summary of These Two Verses**

**And David chanted** [composed] **this death dirge** [elegy] **over Saul and over his son Jonathan. And he said** [ordered] **to teach the sons of Judah The Song of the Bow. Behold, it is written in the Book of Jasher** [righteous or heroes]:

1. This is a demonstration of David's grace attitude.
2. Saul had been trying to kill David for years and David still instructs the men of Judah to learn it.
3. He makes certain that the reputation of Saul stands. Saul is still a national hero and he had still done some great things as their ruler. Grace does not forget the great things that a man does in the power of the Spirit and in the power of the Word of God. If you had spent time in supergrace, these things are preserved as are rewards for them. David wants Saul in the record books as a hero; the same thing for Jonathan. This is because both were heroes.
4. On David's part, this is an act of grace; an act of nobility. David is a supergrace believer and it is nice to leave behind supergrace believers who remember you in a kindly way.
5. There is no attempt to wipe our Saul's name or memory.

Only 3 of the stanzas are found here; the rest would be in the Book of Jasher. How the brave soldiers have fallen. The subtitle and the superscription are the same thing here, which is this first sentence. Each strophe begins with "How the mighty have fallen." The

glorious past we know how Saul failed and how his own left flanks was rolled up in the oblique order of battle.

The king has the most power and authority; Abner is not mentioned here. He got out of there with one of Saul's sons. 3 of Saul's sons were heroes; another was a yellow-bellied coward. There is no reference to Abner or to Ishbosheth, the 4<sup>th</sup> son of Saul. Saul has the highest authority; he is the commanding authority of the king.

All glory in life must be related to authority in life. The supergrace status is said to be glory; the reward responding to her reward is glory; there is the glory in the executive branch of business; glory in military authority. Authority means hard work. Think twice before you reach out to grab some glory.

The Amalekite private was not mortally wounded; he was executed. He died here last night. He did not die bleeding to death.

All glory is related to authority and there is no glory related to the Christian life apart from doctrine in the soul. For anyone having authority, there must be tons of self-discipline.

#### **A Few Points on V. 19**

1. Mountains of Gilboa, a range.
2. Saul's killing is noted but his suicide is not mentioned. Suicide is a scandal; and David leaves it alone. The scandals of a man in high authority has no effect on his ability to function as a leader.

People are often destroyed with sexual scandals, but their private lives are not issues. Julius Caesar had quite a vibrant sex life; but this did not affect his decisions with regards to SPQR. As a leader, he was without parallel. Every great leader in history did not keep him from doing his job. Moral people are necessarily the best leaders. Catherine the Great was the greatest person since Peter the Great, and she had the morals of an alley cat, but she got out more often. Frederick the Great was one of the greatest men of history, but he was a homosexual. He could not be a dog catcher in Washington. We have a weak form of government because we vote on people based upon the person with the least amount of dirt attached to them. It is rare for a goody two-shoes to be a great leader. The man in the White House is a nice guy, but he does not have the knack of being a great leader. This president may or may not be impeached; but there is nothing wrong with the man. He's a believer; he's moral; he has Billy Graham in the White House. Commies have really worked on trying to discredit him. His tax problems are nothing. All of this hullabaloo about Watergate just proves that American is stupid. We allow the media to do our thinking for us when it comes to Watergate. Some of the greatest men of history have incredible skeletons in their closets. Legions of skeletons came out of Caesar's closet. Napoleon had the best organized army in history with a procurement corps. He sampled the local belles wherever he went. He was still a political genius and he changed all of European history. A private life is much different than political power. Too many of us come from a religious background and people judge everyone based upon whether they are sweet or not. We need to be people-smart. God has raised up hell-raisers. People

can have moral courage and strength and leadership; and still be great even with moral shortcomings. People are not kidding when they say that George Washington is the father of our country. That did not keep him from being a good general or a great president. Today, morality is an issue for high office. When writing an elegy about Bathsheba, do you think Solomon would tell anything tawdry about her? The relationship between her and David was great. If we judged by... One of the last great men who lost the vote by less than 7000 votes, Windfield Hancock (I think) who made no mistakes as a general. He had tremendous leadership and abilities. He could have been our greatest president. He was sent to Texas and he refused to follow the wishes of the radical Republicans and what they wanted to happen in the south. He had love and respect and honor for the confederacy. He lost to that ass Garfield.

Warren in the Supreme Court was a goody two shoes. He made the decision to round up the Japs and steal their farms and put them into camps. Many of them even received their draft notices after they have been rounded up. This was one of the most cowardly evil decisions in American history. Nixon is also a goody two shoes.

You have to evaluate someone based upon their ability. George Patton might have wild celebrations in between. He saved everyone's bacon in Europe.

It takes a certain type of person to do a certain type of job. Saul did drive out the Philistines and he raised 3 great sons and one coward who survived and he pulled the people together in a great way. He lost out through reversionism. He had arrows sticking out the front side of his bowels. Not one reference to suicide here, even though we know that Saul

3. The suicide was not an issue.
4. Grace would be the dominant theme of this requiem.
5. Saul has been disciplined with the sin unto death; but you go right on with grace. The person who stops to look at the sin unto death in someone else to do some gloating has stopped living, because our lives our grace. We do not make snide remarks about those who are taken out under the sin unto death. That is petty and ungracious. It is over. Once Saul is removed, he will be sang about as a hero. Whoever quoted what is written here, he would not talk about Saul's discipline. That is God's job, not ours. When we stop to smirk or to make snide remarks, we have lost touch with grace. We move on. David does not have one unkind thing to say about Saul.
6. Saul is dead, but Bible doctrine goes on. It is the doctrine that counts.
7. The living must go on living under doctrine so that they do not miss the grace of God.

2Samuel 1:19 [The beauty \[glory\] of Israel is slain \[mortally wounded\] upon your high places \[mountains\]! How are the mighty fallen!](#)

## 05/01/1974 Necessity of great leadership

David knew the Saul had committed suicide and that the bodies had been shown around in various cities. David was not ignorant of these things; he ignored these things.

Glory is a title of authority. The glory of a woman is her rm; glory of a nation is its leadership; all glory is related to its leadership. The heights here refer to Mount Gilboa. Saul was disciplined via the sin unto death; but grace goes right on. Death terminates discipline. The living must go on living and David marches on, ignoring the manner of Saul's death. Bob, when someone commits suicide, ignores that fact in the funeral. Once a person has died, that suicide is of no consequence. What is important is, this person is now in heaven. Death means, you need to be honest with people. For unbelievers, it means hell; for believers, it means heaven. People get their thinking all messed up because we have been thinking so much in human viewpoint. Your problem, you are too interested in the details of someone's life.

A man's personal life has nothing to do with his ability to lead, and most of your are confused about this because you think in terms of the good fairly and miss goody two-shoes. We can't really use "good fairy" anymore; this word has been taken from us.

We have elected to the Congress people who are baby kissers and other kissers as well. They are great in public with few problems; and this does not make a person a good leader.

Each stanza begins with the word *how*. It is also an exclamation of grief. It is a word that is untranslatable.

2Samuel 1:19 [The beauty \[glory\] of Israel is slain \[mortally wounded\] upon your high places \[mountains\]! How are the mighty \[valiant, brave soldiers\] fallen!](#)

### **A Good Army Requires Good Tactics and Good Leadership**

1. Although the Jewish army lost the battle, it was not because of lack of courage. This is accurate. There were many brave men on the battlefield and yet, they still lost the battle. We tend to think that all it requires is bravery. You must be behind your division in order to direct it. It takes more than courage to fight in war. There is this deserter, but that is true of every war.
2. The Jewish army lost this battle because of poor tactics. He made incorrect troop dispositions. The problems with an army are tactics and support.
3. Therefore, there emerges a principle, courage without good tactics and without good administration will not win. Courage in the ranks + poor tactics + poor administration = loss. Courage is essential, but it requires good tactics and good administration (beans and bullets).
4. There must be good tactical choices and great leadership.
5. Poor leadership neutralizes the courage of good soldiers. The British had great courage and tenacity, but lousy leadership for the most part.

6. The best illustration is the army of the Potomac. The rank and file was very good but they had terrible leadership. Pope was a loudmouth who got himself into a terrible jam in Manassah. Hooker and Burnside were two more lousy leaders.

2Samuel 1:19 **The beauty [glory] of Israel is slain [mortally wounded] upon your high places [mountains]! How are the mighty [valiant, brave soldiers] fallen!**

### **How the Mighty Have Fallen**

1. Many Jewish soldiers fought bravely in the battle and in the retreat.
2. Many established perimeters in Mount Gilboa, only to be overrun.
3. This was a terrible loss of valiant fighting men.
4. Saul had 4 sons; 3 fought valiantly and one ran away. Saul destroyed everything with his poor tactics.
5. Poor tactics lost the battle. This repeats itself many times. Liberals who write history ignore the battles and battles are the decisive factor. These battles mean freedom for a people and subjugation for others.

The spiritual life is inevitably related to the military of a nation. The function of the military is underrated by many, including those who teach the Bible. Courage of the men in ranks and great leadership; and all of this is motivated by the spiritual life of a people. After the terrible disasters in the Civil War, many soldiers found Jesus Christ as their Savior. Great revivals in the army of northern Virginia. There is a close relationship between the spiritual life and military life. Few congregations where this information is taught and understood. Even the ladies can appreciate what is being taught here.

The defeat of Custer; they were defeated by poor tactics. The men in his regiment were some of the greatest. Many had been officers in the Civil War. Individual courage must have good leadership. This is the story of Mount Gilboa. Even men of great courage can be defeated and even slaughtered when there is good leadership on the other side. When it comes to training general officers, we have no system of training. This is because the civilians run the military and they foul it up. We have always been plagued by a large number of men who are not commensurate with their rank. The air force may be an exception.

Vietnam, we find a good defensive system and stay there until the enemy comes and takes us out. You cannot think in terms of defense. An army functions in offense. We really have had no system. The Germans used to have corps maneuvers.

One more thing that we must learn; people who reject professional military become a nation of weepers. Thousands of young men are sacrificed on the altar of governmental stupidity. Some of the finest Americans have never lived to perpetuate their wonderful genes; they are killed because of political stupidity and folly.

The excuse given is being afraid of a military coup d'état.

This next verse is dedicated to the fourth estate. They are being told to exercise some wisdom. The fourth estate often give comfort to the enemy by their own stupidity and they are the greatest traitors of all; like the Patton slapping incident. Most of news reporters are liberal by education and they think of themselves as pen and ink crusaders.

Here, David says, "Do not publish this information throughout Israel. Do not give the Philistines courage and confidence." The enemy can take this information and exploit it.

Achish was the king of Gath. As long as David lived, Ziklag was his. It was given to him.

A news reporter must have patriotism. When you report the facts you get one type of news; and when you slant them, you get a different kind of news. They can be slanted in a dozen different ways. This is where immorality in the function of the fourth estate occurs.

A Senator sent a letter out to news media and told them to blame the oil companies for the oil shortage at this time if they want to have their licenses renewed. The shortage is due to government bungling. A news reporter needs to be moral and patriotic. They need to be careful about what they report. A communist spy said he got the best information from American newspapers and magazines. They got tremendous amounts of classified information in this way. They just set up subscriptions to Russia.

Askelon is another of the 5 main Philistine cities.

The news media brought great comfort to our enemies during Vietnam. The reporter in *The Green Beret* is not normal. They are not easily converted like that.

If our people were well-trained in the use of arms, it would decrease crime dramatically. Daughters of the uncircumcised means *enemies*. Only crude people circumcise their women. African cultures do that.

Uncircumcised means no relationship with Israel and no relationship with God.

2Samuel 1:20 **Tell it not** [do not publish this information] **in Gath, do not let it be known in the streets of Askelon, lest the daughters of the Philistines rejoice** [celebrate], **lest the daughters of the uncircumcised triumph** [exalt, crow].

#### **Why Is Their Difference?**

1. David distinguishes between the celebration of the women in different cities. Why?
2. The daughters of the uncircumcised will dance and celebrate because they do not know any of the Israelites.
3. The ladies of Gath know the Jews, but they will celebrate in a different way. The difference is how much they knew about their enemies. The daughters of the Philistines gloat in Ashkelon, because they do not know the enemy; but in Gath, there is celebration, but not as much. They have respect for their enemies.

### How Celebration Can Differ

1. believers and unbelievers celebrate victory differently.
2. Grace and compassion for believers; reckless abandon with unbelievers.
3. David anticipates the celebrations in Philistia.
4. David knows that there are born again Philistines in Gath. He will hire people from Gath as his bodyguard. He knows that as believers, their celebration will be mixed with compassion and grace; good winners, you might say.
5. David's life in Philistia; news media in times of emergency; and David knows the Philistines. He has lived among them.
6. God the Holy Spirit allows this observation from David's past; apart from doctrine, we are under the influence of our environment and our past and of the news media
7. We are influenced by our past. We have all made mistakes by not having all of the facts. God the Holy Spirit sees to it that we have this information.

We are not yet into the actual requiem.

**2Samuel 1:21–23**

**72David**

**631\_0134**

**05/02/1974 Battlefield memorial**

This is David's elegy for Saul and Jonathan.

This is important because it is found in the Word of God.

### In Anticipation

1. This verse is actually addressed to the battlefield.
2. In contrast to the celebration of the enemy, David wants the battlefield to remain barren as a memorial to the loss and to the soldiers who died there. Poor leadership can lead valiant men to their deaths. David wants this battlefield to remain in barren condition. This is in deference to the rank and file. Bob has stood on many battlefields. He is always struck with their great beauty. The terrain is wonderful to see; they all have some particular beauty to them. Beautiful rocks and cactus. David wants this battlefield to be ugly and unfertile and a reminder of the tragedy that took place here.

He wants the battlefield to remain scarred and that every nation must seek to find the best possible means to encourage training the leaders. The people in congress who have sought to interfere with the military is such a petty way. In going through all of our wars, all of these, including Korea and the recent fiasco in French Indo-China, all of these have demonstrated that the American soldier is great as any soldier in the world, but he has been the poorest led; especially in general rank. It is not necessarily the fault of the men who are poorly equipped. There are men with leadership ability but there is no way to bring that to the front. West Point trains a man to be a junior officer and it is filled with liberals. Even men who graduate from the academy call it whoopie U. They are not prepared to handle any more than a battalion or a brigade. We have not seen this in other professions

until the rise of socialism. In medicine, we probably have the most qualified men to do a great job. We have perfect medicine in the United States far beyond any other nation; but socialism is in the process of changing that. Everyone wants something for nothing. In the military, we expect something for less than nothing. Other professions also suffer. Everyone is trying to get something for nothing; and trying to become a parasite in some way. We need a strong, well-qualified leadership corps. We have a bunch of 2<sup>nd</sup> rate politicians; the civilian foot on the throat of the military is destroying it. Those who make fun of the officers are destroying our freedom.

No nation survives the failure of its military leadership. Saul failed even though he had been great in the past. There is always a need for men who have the ability.

No dew or rain would make this a desert; an eyesore. But what about, *no fields of offerings*. He is praying that these fields not produce; may they be an eyesore; may they not produce any grain that can be used as a wave offering.

Today, every area around this battlefield is very nice; but right now, this battlefield is sterile and barren right now. Bob saw a picture of this on the slopes of Mount Gilboa, and it is fertile everywhere, but not on Mount Gilboa. The eyesore, the barrenness, the nakedness of these hills.

The noun *shield* refers to one shield only, and that is Saul's? A plural adjective, gibbowl. There, the shield of the valiant soldiers has been defiled. This means the shedding of their blood and their defeat;

the shield of Saul was not polished with oil. This refers to the cleaning of a shield after a battle. Each man took some polishing oil and cleaned off the blood and flesh. But this is only done when an army is victorious. The unpolished shield is a sign of defeat. His was covered by blood, dirt and rust.

2Samuel 1:21 [Mountains of Gilboa, let not dew or rain be on you, nor fields of offerings](#) [for the firstfruits]. [For there the shield of the mighty has been evilly cast away, the shield of Saul not being anointed](#) [polished] [with oil](#).

### Summary Points

1. This mount Gilboa has remained barren land 3000 years. This commemorates the fact that the military must not be forgotten.
2. This marks those who fought who lost, not because they lacked bravery, but because they were poorly led.
3. Only 2 areas still free in all of Israel at this time. Judah is still free. No one is fooling around with Judah. The Philistines came down the Jordan valley and took everything but Judah. There is the remnants of Saul's army being rallied by Abner, who is very capable. He rescued Saul's last son, Ishbosheth. Abner will conquer Jezreel, Benjamin, and some place else. The country will all be reconquered. David will become king over all of this. They will recoup their losses

in about 10 years. God will overrule all of the bad decisions of Saul. This scarred up hillside stands barren even today as a memorial.

Now to the courage of one great leader, Jonathan. The blood of the casualties. There were many enemies who were killed. Lots of Philistines died in this battle. They could not exploit this great victory. It cost them too much to win.

The bow is apparently Jonathan's favorite weapon. Saul preferred the sword. Both were personally effective. Saul is the commander-in-chief; and Abner is his chief of staff and Jonathan is his high ranking officer. The high-ranking officer should not be killing directly but directing his army to do the killing. His rank and file needs to kill the enemy. You cannot operate this way in a church, in big business, or in the army. Executives, if they are doing the best possible job, they should be able to put their feet on their desks.

As personal men of courage, Saul and Jonathan were both courageous warriors; but it takes more than courage. It takes brains in high places. It takes mentality. Some of those who used to flunk out of Ranger school; they tried to do too much themselves.

Achish, like a good general, is using his brains; Saul is using his brawn. He went down firing. The bow was his favorite weapon and he shot it out until he was killed. The same for Saul. When he was organizing rear guard, he was also killing at the same time.

Bob says that there were 4 separate rear guard defense that allowed Abner to get away.

The Jews were short-haired soldiers; they were not effeminate. Only the Nazarites had long hair. I will make my arrows drunk with blood and with the blood of the slain and the captives of the long-haired leader. Saul and Jonathan made it very expensive for the Philistines to win. They stood their ground courageously. They failed to think; it was easier for them to fight with courage. They did not think their way out; they fought instead of thinking.

2Samuel 1:22 [From the blood of the slain, from the fat \[flesh\] of the mighty \[brave Philistines\], the bow of Jonathan did not turn back, and the sword of Saul did not return empty.](#)

#### **In Death and in Life, Father and Son Were Not Divided**

1. Not divided in life or death.
2. This is because of the nobility of Jonathan and his loyalty to his father. We will note his error later in this. Generals do not get out and set good examples they get out there and think. We all know that Saul committed suicide. We also understand that Saul died the sin unto death as a reversionist. He was terrible during the last half of his rule. But grace marches on. The grace principles are picked up here.
3. This phrase refers to their life and then to their death. Jonathan always encouraged David. Saul persecuted David.
4. David will not separate Jonathan and Saul in this verse. Grace marches on; grace does not stop for the death of anyone. The bad things are ignored and set aside.

David does not separate them nor does David insult Saul. This is grace identification.

5. The character of Jonathan; the nobility of Jonathan is identified with Saul.
6. Saul once had the same great nobility of soul. However, he lost it all in reversionism. His reversionism is not mentioned even once. The file is closed, the punishment is over.
7. All of this is brought together. Saul's nobility from the past is connected with Jonathan's nobility from recent.

we must go back to the characteristics of Saul when he was influenced by doctrine.

2Samuel 1:23 [Saul and Jonathan were loved and agreeable \[amiable\] in their lives, and in their death they were not divided. They were swifter than eagles; they were stronger than lions.](#)

### Closing Points

1. This is illustrated by the echos in Saul's life; the sunset of Saul's life. The men of Jabesh Gilead still loved him; they pulled down the bodies and gave them an honorable burial. These people loved Saul. They did not stand around there are men in life who's ability and capacity for life give them a true love for someone. The fact that this person is disgraced does not influence them in the least.
2. Jonathan was also loved. David loved him. Both of these men were loved.
3. The grace greatness of David is noted in the linking of Saul and Jonathan together.
4. While Saul hated David and sought to kill him, David did not hate Saul nor did he look to retaliate against Saul in life. Therefore, David is not going to retaliate against Saul in death. David knew that Saul committed suicide. How he died made no difference. David is not commissioned to teach the sin unto death from Saul's death. He ignores that whole thing. The ability of a man in leadership is not related to his personal life. History has illustrated this. Julius Cæsar had the morals of an alley cat, but he was a great leader. He even forgave his enemies and let them return to the Senate and then they assassinated him. His son Brutus participated in his killing. He was a great governor. We think that a person must be nice and sweet; and our rulers are nice, sweet, loving and moral; and they are terrible leaders. When you start running down a believer who died because of whatever reason, you are low in your soul as well. David wrote this requiem with full knowledge of these facts. David knew that Jonathan used a bow and Saul was using a sword. He was writing about details of the battle. So David had people look into this; he had a great G2 force. He did not learn this from the Amalekite private and his report was erroneous.
5. Note the lack of gloating; the lack of maligning.
6. To supergrace David, there is no malignant satisfaction in the end. No, I told you so.
7. David ignores the maltreatment, the persecution, the malevolence of Saul over these past 20 years.

8. Saul's implacability were met with total graciousness. David is a supergrace man who writes this elegy.

2Samuel 1:23 Saul and Jonathan were loved and agreeable [amiable] in their lives, and in their death they were not divided. They were swifter than eagles; they were stronger than lions.

This leads to something that will take a lot of sleep and a great mentality.

**2Samuel 1:23**

**72David**

**631\_0135**

**05/06/1974 Doctrine of separation**

Bob has heard about 15 times, *how did you get along with those Yankees?* Bob arrived in time for the end of the first session. You could hardly notice that they were Yankees at all. They filled up the school auditorium in the New England states. Great response by the people there. Daniel Decater Emmet, born in Ohio. Apparently he got an original set of lyrics of Dixie. It's been in Yankee land all this time. He'll put it into the Confederate museum in Berachah Church.

The state of Indiana was the strongest state for state's rights before the Civil War.

Don't ever sell brains short. Today, people are body oriented. This is the work of television and the cinema and printing presses exist in large numbers. Also true of some ancient civilizations because there were great artists. If you have brains today, you often have to act dumb in order to move ahead. For a woman to get married, she has to downplay her brains. People who are smart are sometimes beat down for being arrogant. But just acting within your own personality is not arrogance.

Father and son were not divided. Jonathan did not separate from his father, even though his father was in reversionism. At different times, these were both noble men. When Saul delivered the men of Jabesh Gilead, he was very noble. His reversionism is ignored in this requiem. Whatever their failures and discipline were, they are dead. David is exhibiting graciousness.

2Samuel 1:23 Saul and Jonathan were being loved and pleasant [respected] in their lives, and in their death they were not divided. They were swifter than eagles; they were stronger than lions.

### **Loved and Respected in Their Lives**

1. Saul was still loved by many, despite being in reversionism. He was respected as well. Even though he died the sin unto death and by suicide, that was not the issue to them. Only the person who is suffering has to deal with the sin unto death. If you have a friend you think has died the sin unto death, it is none of your business. They are no longer under discipline. Death terminates all discipline, and you are trying to continue the discipline with your tongue, and that is evil. You have no right to run down the dead. Their discipline is over. You lack the most basic floor of the

edification complex of the soul if you beat up on someone who has died. David respected the Lord's anointed. He respected authority even though that authority was being used against him. He is speaking for himself here. David loved and respected both of them.

2. The grace greatness of David is noted by him linking Saul and Jonathan in life and death. All the time that Saul attempted to kill David, David had no bitterness.
3. Saul hated and despised David. Saul's jealousy of David led to rancorous persecution.
4. David is grace oriented. There is no retaliation in life; he refused to let anyone touch Saul as the Lord's anointed. What a great man that David was. He did not, in any way, retaliate or gloat, whether in life or death.
5. To supergrace David, there was no malignant satisfaction in the death of Saul. No condescension, no I told you so.
6. David ignores the past maltreatment from Saul.
7. Therefore, the vindictiveness and implacability of Saul was met by love, graciousness, nobility etc. from David.
8. As in life, so in death, David demonstrates respect and veneration; even deference for the Lord's anointed. You must be mature and free from pride. People who cannot stand authority exercised over them are the ones who have the pride and the arrogance; this is a lesson that takes great pride and maturity.

2Samuel 1:23 [Saul and Jonathan were being loved and pleasant \[respected\] in their lives, and in their death they were not separated. They were swifter than eagles; they were stronger than lions.](#)

Bob has done a number of series on RM/RW and this has been taken and distorted. One asking "Should you kiss on the first date" and Bob asks, "Kiss or a French kiss?" 15 things to do on a date or not to do on a date. These people are not teaching the Word of God; they are being a crutch. There is a place for application.

If someone Bob was going to marry said, "What do I do after the wedding?" Bob would cancel the wedding.

### **Jonathan and Saul Did Not Separate**

1. Jonathan and Saul remained together in life.
2. Family loyalty blinded Jonathan to Saul's disturbing behavior. His loyalty blinded him from his need for separation. David does not criticize Saul wither. Jonathan should have gone with David. Family loyalty has confused a lot of people about Bible doctrine.
3. David will be most hurt by Jonathan's failure to separate. David always needed a chief-of-staff; he never had anyone in the area and this hurt David by not having Jonathan as his #1. David does not mention Jonathan's failure any more than Saul's.

4. Under the principle of failure to separate, Jonathan died on the field of Mount Gilboa. If Jonathan had separated from his father and from his family, he would have been the greatest prime minister in history.
5. David suffered from not have a great prime minister.
6. Jonathan is not reversionistic but he will die with his father.
7. Failure to separate from reversionism can only bring misery, unhappiness and discipline by association.

### **The Doctrine of Separation**

1. Separation is a decision that stems from Bible doctrine in the soul. It comes from the balance of residency of doctrine in the soul. We have the Holy Spirit indwelling the body and the Holy Spirit controlling the soul; the filling of the Spirit. In carnality, the sin nature takes over. The filling of the Spirit is absolutely necessary. +doctrine is absolutely necessary. This forms the basis for experiential sanctification. Separation is produced by the activation of pertinent Bible doctrine in the right lobe. When there is a balance of residency, separation always occurs.
2. There are 3 areas of separation from certain believers. There are types of believers who are very evil. The incestuous believer. There are certain types of carnality
  - a. From reversionistic believers.
  - b. From the emotional believers.
3. It is related to social life.
  - a. Separate from the fast crowd.
  - b. Separate from the superficial type social life and the apostate fun crowd. Fun is a superficial activity and has little stimulation. It is a great trap.
4. Separate from the unbeliever. The believer is in the world but not of the world. We live among unbelievers. We separate from unbelievers where doctrine is compromised. We all have contact with unbelievers. That is by necessity. A believers does not marry an unbeliever. This has to do with business partnerships and some fraternities and social groups. However, you don't leave a corporation for this.
5. Separation from worldliness. This is a mental attitude; this is human viewpoint.
6. Separation from religion and apostasy. 2Tim. 3:5 you must separate from these people if you are ever going to grow up.
7. There are conditions under which a person should separate from his family and never have contact with them again. Matt. 10:34-39

## **DOCTRINE OF SEPARATION**

September 25, 1991

From: <http://www.versebyverse.org/doctrine/separation.html>

1. Preliminary considerations.

2.The Doctrine of Separation (i.e., the necessity to remain aloof from certain types) is clearly advocated by the Word of God (cf. Ps.1; Prov.14:16; 16:17; 23:17-21,26-28; 24:1,2).

a.Doctrine in the brain/soul gives the believer the necessary discernment to separate from reversionists (Prov.2; 4:10-27; 5:1-14).

b.Failure to separate denies the realities which govern the Angelic Conflict as seen in the five rhetorical questions of 2Cor.6:14,15a.

c.Failure to separate drags the believer down to the level of the reversionist he associates with (cp. Prov.22:24,25).

3.Israel was responsible to stay aloof from their Gentile neighbors as God's priest nation, Ex.19:5,6; Neh.9:2; Lev.20:7 *"You shall consecrate yourselves therefore and be holy, for I am the Lord your God."*

a.When they separated from pagan culture, religion, and practices they were blessed (Deut.28:1-14), but when they did not separate, they brought on themselves cursing (Deut.28:15-68).

b.The doctrine was taught in the ceremonial code of the Mosaic Law, where physical association with designated items rendering one ceremonially unclean shadowed spiritual defilement (Lev.15:31).

c.Under the spiritual code (ritual), they had the law of the clean versus the unclean, which further taught the need to separate (Lev.20:24-26).

d.Capital punishment was used to separate reversionists from the nation (Lev.20; human sacrifice, sexual perversion, and occult practices).

e.They were prohibited from marrying pagan wives (Ezr.10:11).

f.Ultimately, failure to separate led to expulsion (separation) from the land of promise (Lev.20:22,23; 26:27-30; Deut.28:63-68; 29:22-28; 31:15-22; cp. Deut.32, a song of Israel's history).

4.Israel will be challenged to separate during the third restoration, 2Cor.6:16b-18 *"I will dwell in them and walk among them; And I will be their God, and they shall be My people. Therefore, come out from their midst and be separate," says the Lord. 'And do not touch what is unclean; and I will welcome you. And I will be a Father to you. And you shall be sons and daughters to Me,' Says the Lord Almighty."*

a.Biblical prophecy projects a Zionist state in the Middle East prior to the Rapture of the Church.

i.In fact, the presence of an Israeli state is the control sign of the Rapture generation (see Doctrines of the Rapture and Fig Tree).

ii.Prophecy pictures a gradual restoration of scattered Jewry to their land during an era of international antagonism (cf. Ezek.34:11-31; 36:16-21; 37:1-14; Jer.16:16).

iii.Ezekiel makes it quite clear that the return will begin in unbelief (Ezek.36:22).

iv.He further teaches that the physical restoration of the land (Ezek.36:1-15) and the people (Ezek.36:16-21) will precede their spiritual restoration (Ezek.36:22-32).

b.Following the Rapture of the Church, Jews will convert to Christianity, and the restoration process (already in progress) will take on a new impetus and complexion.

i.Jews (and Gentiles) left behind will receive evangelization by an angel (Rev.14:6,7), the 144,000 (Rev.7), and the two witnesses (Rev.11).

ii. Those who make the salvation adjustment to the justice of God (SAJG) are to migrate to Zion to join the Jews already there (Rev.18:4; Isa.52:11; Jer.50:8; 51:5,6,9,45).

iii. The principal nation they will exit is America, since most of world Jewry resides in the U.S.A., known in Biblical prophecy as Babylon (see Doctrine of the U.S. in Prophecy).

iv. Gentile converts will also have to separate from America or die in the nuclear holocaust.

v. So wherever Jews are, it is God's will for them to separate from their geographical environs, like Russia. (Zech.2:6) or the U.S.A. (Zech.2:7).

vi. They are also responsible to separate from the spiritual uncleanness that characterizes the last days (2Cor.6:17; Rev.16:15).

vii. Jews who fail to make the SAJG in the Tribulation will be forcibly separated from the Earth by the Messiah (the Lord Jesus Christ) at the Second Advent (Mt.25:1-13).

5. Unbelievers. The believer is to separate from unbelievers (2Cor.6:14-18). Stop being unequally yoked together with unbelievers.

a. Conditions of being unequally yoked together are evident in:

i. Regular social life with unbelievers.

ii. Business partnerships, but not working for or employing unbelievers.

iii. Membership in clubs, societies, etc., where either the goals or the activity compromises Bible Doctrine.

b. Whenever a believer is unequally yoked with an unbeliever, he violates the fundamental issues of the Angelic Conflict as seen in the five rhetorical questions of 2Cor.6:14-16a.

i. Being under the principle of righteousness, he ties himself to a person who is under the principle of lawlessness. How can he pursue righteousness and maintain his obligations to his partner whose daily conduct is not so governed?

ii. As light and darkness are opposites, how can the unequally yoked believer have any meaningful fellowship with darkness and still remain light?

iii. Since One greater than the believer (Christ, the head of the plan of God) has no ground of compromise with His archenemy, Satan (Belial), how does the believer expect to find harmony with one of Satan's own?

iv. Being unequally yoked, he violates the fact that the believer and unbeliever have no common part in the plan of God in Phase 3. To so associate in time violates the principles governing the Angelic Conflict.

v. And finally, to intimately associate with unbelievers' leads to a compromise of one's own "temple" by associating it with idols. All the unbeliever can do for you is to bring you into contact with idols.

c. Separation from unbelievers does not involve total dissociation since:

i. To do so, you would have to die and go to heaven (1Cor.5:9-10).

ii. To do so, you would cease to be a fragrant aroma to them (2Cor.2:14-17).

d. Conclusions on separation and the unbeliever.

i. When considering if a given situation constitutes being "unequally yoked", first ask yourself if you have to compromise doctrine in order to maintain the association.

ii. Secondly, pray about the matter, seeking God's will, and He will bless your desire to please Him.

iii. You will suffer ridicule when you separate from them (1Pet.4:4 "*And in all this, they are surprised that you do not run with them into the same excess of dissipation, and they malign you*"). Chalk it up to undeserved suffering and rejoice.

6. Believers. The believer is to separate from believers (1Cor.5:9-13 "*I wrote you in my letter not to associate with immoral people; I did not at all mean with the immoral people of this world, or with the covetous and swindlers, or with idolaters; for then you would have to go out of the world. But actually, I wrote you not to associate with any so-called brother if he should be an immoral person, or covetous, or an idolater, or a reviler, or a drunkard, or a swindler-not even to eat with such a one. For what have I to do with judging outsiders? Do you not judge those who are within the church? But those who are outside, God judges. Remove the wicked man from among yourselves*")

a. You are to sever all social ties with any believers who practice any of the items in Paul's list, including: sexual immorality, monetary reversionism (covetousness), dishonesty in financial dealings (swindler), religious reversionism (idolaters), verbal reversionism (reviler), and addictive reversionism (alcohol or drugs).

b. Disassociate yourself from all believers who do not adhere to categorically sound Bible Doctrine, including all false teachers (2Thess.3:6 "*Now we command you, brethren, in the name of our Lord Jesus Christ, that you keep aloof from every brother who leads an unruly life and not according to the tradition which you received from us*"; 2Thess.3:14 "*And if anyone does not obey our instruction in this letter, take special note of that man and do not associate with him, so that he may be put to shame*"; Rom.16:17,18 "*Now I urge you, brethren, keep your eye on those who cause dissensions and hindrances contrary to the teaching which you learned, and turn away from them. For such men are slaves, not of the Lord Christ but of their own appetites; and by their smooth and flattering speech they deceive the hearts of the unsuspecting*"; 2Tim.3:5,6 "*holding to a form of godliness, although they have denied its power; and avoid such men as these. For among them are those who enter into households and captivate weak women weighed down with sins, led on by various impulses*")

c. The local church is to separate from any member who, by his/her life style, brings public reproach on the local body of Christ (the illustration is Paul's instructions regarding the incestuous Corinthian, 1Cor.5:1ff).

d. The separation is designed by God to produce sorrow in the reversionist which, as a result of fellow believers remaining aloof, stimulates reversion recovery (again, the example is the incestuous Corinthian who experienced "Godly sorrow" when believers separated from him, 2Cor.2:6 "*Sufficient for such a one is this punishment which was inflicted by the majority*" [cp. 2Thess.3:14b above]. Also cp. 2Cor.7:8-10; when you fail to separate, you negate this important factor called "sorrow").

e. When the reversionist begins reversion recovery, you are responsible to forgive and forget (even if you were personally victimized by him) and to provide comfort and encouragement toward him as he seeks to establish new momentum and ride out whatever discipline remains (2Cor.2:7-11; the incestuous Corinthian is in view here. Corinthians that had failed to separate initially, then separated, were reticent in accepting him back when he initiated reversion recovery).

f. If there is any contact with the reversionist during the period of separation, you should warn him (2Thess.3:15 "*And yet do not regard him as an enemy, but admonish him as a brother*"). A

combination of warning and encouragement with respect to Most Pressing Responsibility (MPR) is what he needs.

g. Do not separate from believers just for incidental sin (incidental evil).

h. Beware of close friends who violate Heb.10:25, MPR.

7. Family. The believer is to separate from family members who are negative (compatible with other doctrinal constraints).

a. Jesus taught this in Mt.10:34-39 "*Do not think that I came to bring peace on the earth; I did not come to bring peace, but a sword. For I came to set a man against his father, and a daughter against her mother, and a daughter-in-law against her mother-in-law; and a man's enemies will be the members of his household. He who loves father or mother more than Me is not worthy of Me; and he who loves son or daughter more than Me is not worthy of Me. And he who does not take his cross and follow after Me is not worthy of me. He who has found his life shall lose it, and he who has lost his life for My sake shall find it.*" (The sword is a figure for the Word of God.) Lk.14:25ff.

b. Jesus practiced this with regard to His own mother, brothers, and sisters, who sought to interfere with His ministry, Mt.12:46-50 "*While He was still speaking to the multitudes, behold, His mother and His brothers were standing outside, seeking to speak to Him. And someone said to Him, 'Behold, Your mother and Your brothers are standing outside seeking to speak to You.'* But He answered the one who was telling Him and said, '*Who is My mother and who are My brothers?*' And stretching out His hand toward His disciples, He said, '*Behold, My mother and My brothers! For whoever shall do the will of My Father who is in heaven, he is My brother and sister and mother.*'" (Mk.3:31-35; Lk.8:19-21.)

c. Jesus promised to more than repay those who forsook father, mother, brother, and sister for the plan of God (Mk.10:28-31 "*Peter began to say to Him, 'Behold, we have left everything and followed You.'* Jesus said, '*Truly I say to you, there is no one who has left houses or brothers or sisters or mother or father or children or farms, for My sake and for the gospel's sake, but that he shall receive a hundred times as much now in the present age, houses and brothers and sisters and mothers and fathers and children and farms, along with persecutions; and in the world to come, eternal life. But many who are first, will be last; and the last, first*"").

d. Abraham is an example of a believer who separated from family; look at his blessings (Gen.12:1-3 "*Now the Lord said to Abram, 'Go forth from your country, And from your relatives And from your father's house, To the land which I shall show you; And I will make you a great nation, And I will bless you, And make your name great; And so you shall be a blessing; and I will bless those who bless you, And the one who curses you I will curse. And in you all the families on the earth shall be blessed*""; Gen.13:11). He gave up nation, family, etc.

e. Jonathan is an example of a believer who failed to separate from his father (Saul) and it cost him dearly. (He was otherwise a great believer.)

f. Separation does not negate the responsibility to honor your father and mother (cp. Jn.19:27 "*Behold, your mother!*")

8. Marriage and separation.

a. Never marry an unbeliever or a negative believer. (The example is Abraham's intervention in the selection of a wife for his son Isaac from his family, which indicates they were believers, unlike the general Canaanite population, Gen.24.)

b.If you are waiting on the Lord to provide the right woman, remember Prov.11:22 "*As a ring of gold in a swine's snout, So is a beautiful woman who lacks discretion*"; Prov.21:9 "*It is better to live in a corner of a roof, Than in a house shared with a contentious woman*"; Prov.21:19 "*It is better to live in a desert land, Than with a contentious and vexing woman*"; cp. Prov.19:12; 27:15.

c.And remember Prov.19:14 "*House and wealth are an inheritance from fathers, But a prudent wife is from the Lord*", and Prov.16:13 "*Righteous lips are the delight of kings, And he who speaks right is loved.*"

d.If you are married to a spouse who is negative and permits you to fulfill Heb.10:25, then remain married (see 1Cor.7:10-16 for the details).

e.But if the negative party makes it impossible to fulfill 2Pet.3:18, then you are free to separate and not incur guilt before the Lord. (Get the tapes on 1Cor.7 if this applies to you, before you make any decisions!)

#### 9.Concluding applications and observations.

a.Failure to separate neutralizes your ambassadorship and the witness of the life.

b.Separation sometimes entails geographical relocation in order to get with the best face-to-face teaching.

c.Avoid all associations that compromise Bible Doctrine.

d.In questionable situations, pursue God's will through prayer and divine guidance. He will bless your mental attitude to please Him.

e.When separating from people under the influence of evil, remember Prov.24:19,20 "*Do not fret yourself because of evildoers, Or be envious of the wicked; For there will be no future for the evil man; The lamp of the wicked will be put out.*"

f.When you separate, remember the promises you come under (Ps.1:1-3; Mk.10:28-31; 2Cor.6:16-18 "*Or what agreement has the temple of God with idols? For we are the temple of the living God; just as God said, 'I will dwell in them and walk among them; And I will be their God, And they shall be My people. Therefore, come out from their midst and be separate,' says the Lord. 'And do not touch what is unclean; And I will welcome you. And I will be a father to you, And you shall be sons and daughters to Me', Says the Lord Almighty*").

#### 10.Concluding observations.

a.Reasons to separate.

i.To protect yourself from bad influences (1Cor.15:33).

ii.To set in motion the *lupe* (sorrow) factor in the maladjusted (1Cor.2:7).

iii.To fulfill the commandment of Scripture (1Cor.9ff; 2Cor.7:14).

b.Objections to this doctrine.

i.Separation is only from unbelievers.

ii.Answer: Abraham finally separated from Lot (a believer) who was not openly hostile, but who held no interest in the plan of God as centered in the promises to Abraham (see Gen.13:5-18).

iii.Separation is only if the association hurts you.

iv.Answer: the example above indicates otherwise.

v.We should not separate over doctrinal differences.

vi.Answer: Rom.16:17 and 2Thess.3:14.

Finally, remember Jam.4:4 "*You adulteresses, do you not know that friendship with the world is hostility with God? Therefore whoever wishes to be a friend of the world makes himself an enemy of God.*"

### Closing Points

1. David, in grace orientation, does not speak against Saul or Jonathan. Never malign a dead person. God is through spanking them; they are dead. You simply bring down terrible discipline on yourself. They are with the Lord. This is why god is not through disciplining you. Remember that Saul said, "There is no one like you" and he said all of those nice things about him.
2. Grace greatness has the ability to remember and to emphasize the good human attributes. It also has the ability to avoid maligning the dead.
3. Jonathan's failure brings into focus the problem of a family split caused by doctrine.
4. Family dissension and schism over doctrine has been a source of confusion to many believers who are confused by the false ideas of love and responsibility. The family must stick together.
5. Jesus is the best authority on family schism. That means split, donnybrook.

**2Samuel 1:23 Matt. 10:34-39**

**72David**

**631\_0136**

**05/07/1974 Separation by attitude toward doctrine**

Saul and Jonathan were loved and respected in their lives; and David's great grace by linking Saul and Jonathan in death, without any mention of their failures. Jonathan died by his association with a reversionist. Saul hated and despised David and this led to a obsession with David and his capture and killing. But David does not respond to Saul with any anger, exaggeration or gloating. Once a believer dies, he is no longer subject to divine discipline ever again. So no one is to malign him as one maligns or emphasizes his suicide or his sin unto death. We do not take the place of God and there is great discipline reserved for people who run down those who have died. David will be hurt the most by Jonathan's failure to separate from his father. If Jonathan had separated, he would have been associated with David and he would have been the greatest prime minster. Joab, as his chief of staff, was close to this. Jonathan needed to break from his family; it is easy for us to look back and see this principle. Jonathan is the eldest son. There is often a very good relationship between the father and the first son. David never had a #1 upon whom he could fully depend.

Family dissension over doctrine confuses many generations of believers. That some believe in Jesus Christ and some don't; or even more confusing when all are believers but they are still separated in their thinking.

Most families have their problems and their differences. Some are a lasting nature and some are not. Some try to insert their own failures and the failures of their family in this

passage, and claim they are right and their family members are wrong. It would be easy to misapply this passage.

Jesus is teaching that there is something greater than family ties. Family ties are great and this is normal. Family dissension is one of the strongest dissensions in life. Family bickering can be very tough. Every family is composed of people with sin natures. This is not to explain family and family donnybrooks.

Bob does not have to tell us to “think not;” we do this all the time. The word is νομιζω means that your thinking is over and you are making up your mind erroneously. It means *to presume*. Ingressive aorist; it looks at the action from the beginning. We are beginning to presume in a certain way. Presumption is to make a decision without thinking. Do not make a decision without the facts.

Hoti tells us what is erroneously concluded or thought. Jesus Christ came the first time and He became the most controversial figure in history. All of these various organizations need money. Bob is on some mailing lists for many of these. They all need money and they all ask for money. They do not want to be involved in anything controversial. Some tongues people support them, so they do not want to offend them, so they try not to be controversial. Jesus is the most controversial Person in history. He became the center of the greatest controversy in history. The constantive aorist gather up everything into one ball of wax. The action of the verb is contemplated in its entirety.

I am apparently part way through this study. Βαλλω means *to throw, to hurl*. In the 2<sup>nd</sup> advent, Jesus will come into the world and bring peace. God came to divide families and friendships; He would split up various groups; we live in the devil’s world, so such separation would be expected.

Bob got a form letter from his sister. A Thieme family motto, *eat in pieces*. So he is an expert on family controversy.

Jesus says He has come to hurl a sword into our midst. Doctrine divides people; we are so full of all this stuff we hear about sweetness and light. Sometimes, we can stand 1000 miles away and love the brethren; and sometimes, that is much easier to do.

Have you ever seen fundies who prayer together and get on their knees when they can easily pray from their chairs. The family that prays together does not necessarily stay together.

This sword that Jesus hurled to the earth still divides the earth. Bible doctrine splits believers and the gospel splits believers and unbelievers. A sword that splits, divides and separates.

### **Jesus Christ Divides Families.**

1. Our Lord is a splitter of families; He says so. This is where Jonathan went wrong; he should have allowed Jesus Christ to separate him from his family; from Saul.

2. This rift is no respecter of families.
3. Jonathan failed to separate from his reversionistic father. This hurt him in life.
4. It was a case of, *those things which are similar are not the same*. Jonathan and Saul had the same genes, but they were different when it comes to doctrine. They were both tall and very handsome. It was Saul's good looks that first got him into trouble.
5. Saul and Jonathan were father and son but they were not the same; and they were divided by that sword that Jesus hurled into the world. Saul is negative toward doctrine; Jonathan is positive toward doctrine. Family reconciliation the right way. Jonathan influences Saul to get positive toward doctrine and to recover. But there is reconciliation the wrong way, and that is to simply remain with his father Saul. This sword draws a line; and it is important as to which side of the sword you stand. Had Jonathan separated from Saul, Saul would have had to make the decision and Jonathan would have been free and clear. Some people are only alive because God is not through spanking them yet.
6. Doctrine is always a divider of a family unless that family is all positive. If you are a believer in your family,... How do you get along with someone who is nuts? You have to be a little nuts on your own.

Matt. 10:34 "Do not [begin to] presume that I have come to bring [hurl, thrust] peace to the earth. I have not come to bring [hurl, thrust] peace, but a sword.

Jesus explains further. Bob's critics who rarely listen to what he says, claim that Bob is divisive and controversial and that he breaks up this and that. When people learn doctrine, they realize that there is some importance to dividing up. To set a man in variance is  $\delta\iota\kappa\alpha\zeta\omega$ , which means *to disunite, to cause to turn against*. This is the sword which our Lord hurls into the world. One member of the family is going for doctrine, and another is not. That will cause a split.

Matt. 10:35 For I have come to set a man against his father, and a daughter against her mother, and a daughter-in-law against her mother-in-law.

Marriage can unite in-laws; but doctrine can separate it.

#### **Division of Families.**

1. Impact of the 1<sup>st</sup> advent is to divide families.
2. The basis of this is Bible doctrine.
3. This is related to the final words of Jesus on the cross.
4. The family schism comes from the variation of doctrine in the souls of the family. Attitude determines if you are growing or not.
5. The believers who fails to separate becomes identified with divine discipline.
6. Doctrine always causes strong long for members of a family as well as separation from their reversionism and apostasy. If Jonathan would have separated from Saul, his love for his father would have been stronger. If you separate from your

family; you are positive and they are negative, you will develop a stronger love for them. There is nothing better than for love to exist for other family members, even though there is a separation. It is better to be loved from afar than not to be loved at all. It is better to be loved because you are still positive toward doctrine and the family is negative toward doctrine. The family schism comes because of attitude toward doctrine and to the gospel.

Jonathan, as well as any believer positive toward doctrine, had Saul as his enemy; and possibly his brothers. He was blinded by emotional love; that blocked the doctrine in his soul.

Matt. 10:36 **And a person's enemies will be those of his own household.**

Φιλω is a strong word for love. Jonathan loved David more than anyone in life, but he still went back to his father. Loving people doesn't help them to make the right decisions. Only Bible doctrine helps you to make the right decision. It is doctrine, not loving someone to death.

Matt. 10:37 **Whoever loves father or mother more than Me is not worthy of Me, and whoever loves son or daughter more than Me is not worthy of Me.**

#### **Summary**

1. What is most important; family ties or Bible doctrine?
2. Families are details of life.
3. Details of life include money, success, pleasure, sex, status symbols and family.
4. All of these details should be put aside for doctrine.
5. When one is consistent in the function of gap, the details of life become a part of the supergrace life; and if you put them first, they will bring you no happiness.
6. Once you believe in Jesus Christ, you will never be able to enjoy materialistic things without doctrine in the soul. Things that you enjoyed as an unbeliever are not necessarily possible for you as a believer.

Many a mixed-up and confused devotional is based upon this verse. Descriptive or pictorial present. This is a potential indicative, which indicates an obligation. We have an obligation to pick up our cross. This was a year and a half before our Lord went to the cross. What Jesus spoke of here was understood throughout the Roman empire. That covered a huge chunk of land and everyone understood a crucifixion. It was a Roman custom. Slaves, non-citizens and criminals, were executed by the cross. No Roman citizen would be executed in this manner. Carrying one's cross was a matter of humiliation. The privilege of being a Roman was being beheaded. A person carrying his cross was a matter of great disgrace.

Out of these 3 systems of execution and the most disgraceful one involved picking up one's cross. This is a matter of going against all society and being disgraced in order to take in doctrine.

### Picking up the Cross

1. Life is filled with issues which hinder the taking in of doctrine. Or conflict with the consistent intake of doctrine. Maybe someone screamed and threatened not to be there when you return.
2. The indwelling presence of God the Holy Spirit in our bodies.
3. God the Holy Spirit only resides in the soul through the filling of the Spirit.
4. The missing link in our lives is the residency of Bible doctrine in the soul. God the Holy Spirit dwells inside our body no matter what kind of a believer we are. Filling of the Spirit without doctrine gives us a lopsided residency.
5. The spoils of Christ's victory on the cross come from Bible doctrine.
6. The plunder of His strategic victory is first of all spiritual.
7. Therefore, in dividing the plunder, God has provided the pastor-teacher for the royal family.
8. In this congregation, we pick up our cross every time we come to Bible class.

Matt. 10:38 **And whoever does not take his cross and follow me is not worthy of me.**

This final verse explains it well insofar as Jonathan is concerned. Hurisko means to make an search and discovery of something through a variety of methods.

The word *life* here is actually *soul*. The filling of the Holy Spirit is balanced out from having doctrine. The one having discovered his soul...gaining doctrine in the soul—will lose it? It means *to destroy, to nullify*.

Matt. 10:39 **Whoever finds** [makes an intellectual discovery] **his life** [soul] **will lose** [destroy, nullify] **it** [the soul], **and whoever loses his life** [soul] **for my sake will find it.**

Doctrine resident in your soul makes you an entirely different person. It removes the details of life as being the most important thing to you. Only through learning doctrine can you follow Christ. You destroy your old human viewpoint which filled up your soul before.

The one who voids his soul, which is going from A to Z will find it. You have cancelled the old you; the old thoughts and you now have new ways. You will discover it. This seems to be a very tortured explanation to me. Discovery one's soul is capacity for life.

### Summary on this Verse

The real life of the soul is discovered by the person who is positive toward doctrine. This means going against normal life. Then you will discover something that you never had before. Whatever it is. Somewhere in Jonathan's life was a breakdown in his life. When he left David in the forest of Ziph, it was a wrong decision. He should have joined David

in his exile. Both Saul and Jonathan are both dead now, so their shortcomings are not mentioned in this requiem. Bob does not feel any need to run down a believer at his funeral. There is no need for it. This is non-Biblical. It is not necessary; it is totally erroneous.

2Samuel 1:23 **Saul and Jonathan were being loved and pleasant [respected] in their lives, and in their death they were not separated. They were swifter than eagles; they were stronger than lions.**

**2Samuel 1:23–24**

**72David**

**631\_0137**

**05/08/1974 Doctrine of separation**

Medal of Honor recipients read.

Tacitus quote. The tranquility of a nation is not to be preserved without an army. Troops have to be paid and therefore, society must be taxed.

The entire Southern Baptism movement shows that, praying together does not mean that you stay together.

Jonathan dies because of his association with Saul. He dies with his reversionistic father. Failure to separate from reversionism can shorten your life.

### **Doctrine of Separation**

1. Separation
2. Separation from believers and unbelievers.
  - a. From certain carnal types. Incestuous. A believer having relations with his mother.
  - b. Separation from reversionistic believers. 2Thess.3:14–16
  - c. Holy roller types; the emotional types. Rom.16:17–18
  - d. Separation from the fast crowd. 1Peter4:4
  - e. Separation from the superficial social life and fun crowd. Jer. 15:17
3. Separation from the unbeliever. We are in the world but not of the world. We are not in this worlds to be hermits. Only when doctrine is compromised. Heb. 13;13
  - a. Some business partnerships should not be pursued.
  - b. Marriage between believers and unbelievers is not good.
4. X
5. Separation from worldliness. This is not something that you do but what you think. It is human viewpoint in the right lobe. Rom. 12:1–2
6. Separation from religion and apostasy. 2Tim. 3:5
7. Separation from family because of doctrine. Doctrine in the soul is more important than family relationships.

David says nothing about Saul's suicide or about Jonathan's failure to separate.

Speed and agility in a soldier who has made a top score on the obstacle course. The eagle represents combat effectiveness. Speed in movement with whatever weapon you employ. Deut. 28:49 where long-haired hippy type leaders were killed. A description of the Chaldean soldiers and their cavalry: Habak. 1:8 their horses are swifter than leopards (figurative language) and keener than wolves in the evening. (The wolf smells to see if there is any food out there). Their horses paw the ground (horses are not gun shy; they move forward in battle). Their riders come from afar; they fly like an eagle swooping down (agility in combat).

Saul and Jonathan were quick and courageous. That is the eagle and lion reference. Once the battle started, Saul was very courageous. However, Saul is a general and the troops are neutralized by a lousy leader, even if they are very courageous.

The army of the Ptomnic was very courageous. 79% and 83% casualties in various groups in Gettysburg. The number of casualties indicates that these men were very brave, but their leadership led them to take such heavy casualties.

The Duke of Marborough. He was the greatest gigolo of his day. He was kept by a woman who bought him a commission. He became a great officer. They had another brilliant officer. Montgomery, on the other hand, was a farce.

Saul left their left wing open, allowing Achish to defeat him by the oblique order of battle.

### Summary

1. Saul and Jonathan as great military men.
2. The importance of physical fitness in the military as well as spiritual fitness.
3. Agility and speed are the result of good self-discipline and training.
4. Saul and Jonathan made top scores in the obstacle course; but Saul's reversionism destroyed him as a great man and general. Reversionism destroys the best in any profession. Many men who have had great potential have lost out because of reversionism in the soul. Success is related to the soul.
5. As military men, Saul and Jonathan were respected and they fought courageously in battle.
6. The requiem emphasizes their personal lives insofar as being loved and respected.
7. The second sentence indicates that they died in battle, and taking many with them. It is better to die in battle and taking out many of the enemy, if you are going to die anyway.
8. Their military characteristics and they were compared to the lion and the eagle.
9. These are the facts which cannot be ignored. The importance of the spiritual and the importance of the soul; the importance of self-discipline and physical fitness. The defeat comes from the reversionism in Saul's soul as commander in chief of the army.

Benedict Arnold was one of our greatest generals. There has always been jealousy of those who have been great in their achievements. Gauge was promoted over him. This was by Congress. When the civilians are in charge, sycophants rise to the top, but not men who are great soldiers.

2Samuel 1:23 [Saul and Jonathan were lovely and pleasant \[loved and respected\] in their lives, and in their death they were not divided. They were swifter than eagles; they were stronger \[more courageous\] than lions.](#)

We finally get to the women. The clothes on their back came from Saul's military victories. Do not bite the hand that feeds you. Bob no longer has hand; he has stumps. Bob is starting his 25<sup>th</sup> year; it is the day after now. In his 24 years of being a pastor. "Why does God the Holy Spirit see fit to give us certain information? What do we have this kind of information and how is it related to the Word of God?"

Women have a way of being critical. No more critical person in the world than a woman who gets their back up. They seem to get out of hand. The last 10 incidents of bad behavior in Berachah have been women. They ought to know better and their manners are extremely poor.

Bob is not a woman-hater. He appreciates women in many ways; he can't say that about males. Women are designed to be responders. If they are not responding, then they are out of hand. The women are complaining about Saul. When battles are lost, campaigns are lost, it is the woman who suffers the most. It is easy to die in battle than for the woman to be raped continually.

We are not in Europe and not involved in Western civilization. There are a group of countries that have been fighting there under the balance of power for centuries. Also, many coupdetat's over a long period of time.

Women, when armies march through, are raped. One group, Koneirgsburg or something, some women cut off their hair and put mud all over themselves. It is very difficult for the woman.

When Saul drives the enemy out of the land, and he blows one battle, the women then begin to complain like you would not believe. It is tragic that those who have great words of appreciation suddenly change their minds.

Bob has delayed getting to this verse. However, he cannot wait any longer.

David did not write this song the next day after hearing the news. This requiem came some time later after David noted the results.

Women are those who get the most out of freedom and sometimes appreciate it the least. There was great freedom and blessing for women in the Roman empire. The same is true in the United States. In many nations, women have no rights or freedoms. They are

treated as cattle. It is difficult to teach this verse in Houston because we have lived in a great land of freedom where women have been given great freedoms. Women's lib is destroying us today.

### **Introductory Principles**

1. Women suffer from military disaster and they benefit from military victory.
2. David writes the elegy at a time when the Philistines have taken over much of Israel. Complaints have begun to filter through.
3. This military disaster affects the women even more than the men.
4. They lose freedom and become slaves to their environment that they become slaves to those who have conquered them.
5. They lose personally and they lose their male population; who are killed, enslaved or simply removed. Replaced by a conquering army or representatives of the conquering company.

Abner will form a puppet kingdom in Manahaim and this will eventually lead to a civil war. This loss does not just affect the leadership, who have mostly died, but we now deal with the ladies.

Baka means *to weep because there is nothing in their souls to be stimulated*. Without their men, there is nothing which stimulates them. A man does not realize that his emotions are being stimulated by football. It does not occur to this male bump on the love of God that his woman has a soul. She has mentality and she has some culture. She is past the stage of sitting home reading *Rebecca of Sunnybrook Farm*.

The woman is very sealed up in her soul. She is commanded to weep because she is womanhood in slavery. Women, do not denigrate the military. Apart from the military, you could be a weeper for the rest of your life. Raping, torture and abuse. Woman can be the plunder of the conquering army.

The masculine gender is used for the clothing here for this participle? Saul is the one who clothed them. The suffix is in the masculine gender as well. When women are conquered, they are removed from their gender, they are not appreciated for being women and they are like animals to the conquering army. They are simply used. Women lose their human identity when they are conquered. This is why you ladies should appreciate the reading these medal of honor recipients. All freedom comes from military victory is every bit as important as the law of gravity.

David reminds them of the protection of the military. In the ancient world, the army would collect their clothing from the enemy. Their finest styles came when their armies were winning and bringing in the plunder and the booty.

David, in this time frame, has conquered the Amalekites, and he has 400 years of plunder and the women of Judah are very appreciative of this.

Bright crimson in the ancient world was considered to be the noblest of colors then. At a wedding, a woman might even wear red, which indicates that you are wearing very expensive designer clothes.

Saul's victories resulted in great material prosperity and great pleasures for the women. When people have beautiful clothing, they also like to cluster together in order to be seen. So that also stimulates social life. Saul's victories did many wonderful things.

2Samuel 1:24 **Daughters of Israel, weep over Saul, who clothed you in scarlet and with delights [pleasures]; who put [caused to bring] ornaments [jewelry] of gold on your clothes.**

#### **Summary**

1. Note David's gracious attitude toward Saul. Saul tried to destroy him and David has a great attitude toward Saul.
2. David emphasizes to the ladies the benefits to them of Saul's past victories.
3. David mentions those things that ladies prize the most, clothing and jewelry.
4. This will stop the ladies from maligning and judging. Saul is dead, so his discipline is over; and maligning is of no help to anyone.
5. Now that Saul is dead, he can no longer make any more mistakes.
6. Saul failed in life because of reversionism, but death puts him apart from this.
7. Now Saul is associated with supergrace Jonathan. They are associated together.
8. It was Jonathan's association with Saul that caused Jonathan to die at Mount Gilboa instead of him becoming prime minister under David.

The ladies are alerted as to the importance of marching on under the importance of grace. God's plan is always grace. David's grace greatness will now rub off on all the ladies of the land.

**2Samuel 1:25-27 1Sam. 23:16-18; Ps. 133 72David**  
**05/09/1974 Basis for category 3 love**

**631\_0138**

Medal of Honor recipients both from Texas. Conclusion here; the requiem of David. Last night was ladies night. The subject changes this time.

The Jews did not lose this war due to a lack of valiant soldiers. The David series is not for the fainthearted.

#### **Jewish Soldier and Leaders**

1. When the Jewish soldiers lost the war, it was not due to lack of bravery.
2. It was tactics guided by King Saul.
3. Poor leadership with brave men still leads to a disaster.
4. Saul was the source of these bad tactics.

5. Courage without good leadership is wasted. Courage alone cannot win battles. You must have brains in leadership. We almost hold the record for poor leadership in our armed services. There must be in every nation a system for promoting men of merit; men who have great leadership ability and brains; highly intelligent. There is no such system in the American army; this did exist in Germany. It is time and grade for a person to work there way up. It takes a congressional appointment for a Lieutenant colonel.
6. The rank and file can have great courage, but they must be properly led. Many Jewish soldiers were quite brave at Mount Gilboa.

Jonathan died by association with his father. David recalls Jonathan's honor.

2Samuel 1:25 [How are the mighty \[heroes; valiant brave soldiers\] fallen in the midst of the battle! Jonathan is slain on your high places.](#)

Jonathan is a professional soldier. He is in a profession; and he has a job.

1Sam. 23:16 [And Jonathan, Saul's son, rose and went to David at Horesh, and strengthened his hand in God.](#)

What Jonathan will say will be very encouraging. He recognizes that David will be the king. He already recognizes the plan of God because he has Bible doctrine in his soul. He knows that David, not him, is the crown prince. The supergrace believer never fights the plan of God. It is nice to be able to relax and not to constantly fight it.

David suffered all of his life because Jonathan not going with him. There are problems when a leader does not have excellent subordinates. Jonathan would have been a great subordinate. The top executive must have moral courage.

When a supergrace believer associates with reversionism, he shares the fate of that reversionist. If Jonathan had lived, the bloody civil war that we will study would never have occurred. David will never be able to trust any of his subordinates. He will have to fire them and court marshal them.

Both Jonathan and Saul knew that Saul's successor would be David.

1Sam. 23:17 [And he said to him, "Do not fear, for the hand of Saul my father shall not find you. You shall be king over Israel, and I shall be next to you. Saul my father also knows this."](#)

David stayed in the woods and Jonathan went home. This covenant was never carried out. Failure, misery and discipline was a part of Jonathan's life because he stay with his father. He went with the troops to mount Gilboa.

1Sam. 23:18 [And the two of them made a covenant before the LORD. David remained at Horesh, and Jonathan went home.](#)

Ex. 30 tells us what is in this oil. It was used for the consecration of priests and therefore a beautiful analogy for God the Holy Spirit in category #3 love

Psalm 133:1 **A Song of Ascents. Of David. Behold, how good and pleasant it is when brothers dwell in unity!**

Aaron was so anointed, and this information was passed down from one generation to another. The beard indicates the personality and character. Moses and Aaron are both presented with beards. Unsure whether Moses had one or not.

Psalm 133:2 **It is like the precious oil on the head, running down on the beard, on the beard of Aaron, running down on the collar of his robes!**

2<sup>nd</sup> analogy to Mount Hermon (her-MOAN). The snow is melted into water and it is the basis for the great agricultural prosperity. Jonathan did understand. He understood that Israel in association with David would be blessed; and cursed in association with Saul.

Psalm 133:3 **It is like the dew of Hermon, which falls on the mountains of Zion! For there the LORD has commanded the blessing, life forevermore.**

Jonathan is not a reversionist, but he remains with Saul; and in this association, he would die with his father in battle.

2Samuel 1:25 **How are the mighty [heroes; valiant brave soldiers] fallen in the midst [middle] of the battle! Jonathan is slain on your high places [Mount Gilboa].**

David is no doubt thinking about Jonathan as a true friend, as the best friend that he ever had; and never had anyone to function as his prime minister. All that Jonathan had to do was separate himself from Saul, but he chose not to.

A group that left Berachah had high hopes of doing all these great things; a choir and a young people's thing. They would get a preacher they could control, and they did control him. In many cases, these people walked away from Bob, their right pastors. They made the wrong decision like Jonathan, and they are all sharing in discipline. They did not get reversionism; they left after the Angelic Conflict. There is only one way they can go, and that is down. They need a pastor to get ahold of them and straighten them out. Several when they left said that they knew as much as Bob did anyway. You can make one decision, and that can affect you for the rest of your life. One decision shoots you down.

To move in the right direction, you are making all kinds of decisions; and you must continue to make the right decisions; but it is worth it to get there and to stay there.

There was a great capacity for love in the soul of Jonathan. David will have sex with about 25 women. You knock out the sex angle with these women, and there is little else going for them. The same is true of males. Women can often get away with this because they are very attractive. She can get away with a lot as long as her body stays in some sort of

symmetry. Most people think of love in terms of sex rather than in terms of souls. This is a very noble, pure and wonderful friendship. David is saying, what woman would ever say this? What woman would be as devoted as Jonathan. Jonathan's love was free of jealousy, implacability, etc. Jonathan was the one man David knew who was free from these things. Some men fall short of this because they are jealous, implacable; they are easily hurt and easily turned away.

Joab was a man's man. He never let David down, although he failed after David died. Joab was highly aggressive and sharp-witted. One of his two brothers became a great general as well. His brother, Abishai, was very much like Frederick. A general officer always up where the fighting was, but able to control his troops. Joab is more like Patton or MacArthur. Joab is not the noble person that Jonathan is. Jonathan is the epitome of nobility.

2Samuel 1:26 I am distressed [I grieve] for you, my brother Jonathan. Very pleasant [kind] you have been to me. Your love to me was wonderful [extraordinary], more than the love of women.

Defeat is a waste of the nation's manpower. Often the finest men of a country are fighting for their country. Defeat means a maximum loss of life. France never recovered from a loss of manpower in WWI and the Napoleonic era. They simply took too many casualties.

The woman doesn't want her son to go to war and be killed; and this is understandable. However, the way to keep from war is universal military training. "Bring back the swamps; bring back realistic training." We have so many killed because we are the most poorly prepared nation on the fact of the earth.

The instruments of battle are the men in rank.

2Samuel 1:27 How are the mighty fallen, and the weapons [instruments] of war perished!

**2Samuel 2:1**

**72David**

**631\_0139**

**05/10/1974 Doctrine of divine guidance**

Bob makes us read the first 7 verses while he goes for his glasses.

Some people think that the Old Testament has no part in the life of the New Testament believer. However, all Scripture is God-breathed and therefore, it all has meaning. There are almost no preachers teaching verse by verse anymore. We had the opportunity to read this and ask ourselves, *why?*

300 years ago, they had a literary language; they would say, "Damn there." Once the king was dead, many would march right into whatever capital city there was and take it over. He waits on God. There will be 7.5 years before he gets to the throne. David will come to the throne God's way. There is a right way and a wrong way for David to become king of Israel.

David operates under divine guidance. Hayah simply indicates sequence; this takes place after the Amalekite private claimed to kill Saul. David did not move after these incidents. He was being a little cautious here.

We are dealing with Urim and Thummim; and this gave him God's will. When we need to use God's will, we use the system available during our dispensation. Believers in every generation must be guided by God through the vehicle provided by God during that dispensation. There was a time that God used a voice to lead people, and dreams and visions. David goes to an established vehicle for learning the will of God.

Urim is a couple of stones on the shoulders; thummim is a checkerboard with 12 rocks, each representing a tribe of Israel. This was the fastest way to learn the will of God. We know that David is to be the king of Israel; he was already anointed. However, he will not yet seize the throne, nor will he even enter into Israel. He is not bothered by the normal problems of power lust. He is properly motivated.

People call Bob all the time to find out how to get a tape ministry going. No need to get ambitious and to run it. God's timing is perfect. Man's timing is imperfect. God knows everything that will happen before it will happen. Therefore, it makes His timing doubly perfect. Our timing is no good; we don't know what will happen tomorrow.

Our news sources are the blind leading the blind, and the ditch gets wider every day. There is no capitol at this time for Israel. Jerusalem is Jabez right now.

When we fought for our country, there was no Washington D.C. By moving Washington, there are at least 4 major powers who would change all of their plans. They do not want to destroy Washington; they want to get in there and find out who had guns and who does not. God has perfect timing. There are questions like, "Is this the right time to advance this or that candidate for our party?" Timing is a big deal today. David has no worries about timing at all. He waits for divine guidance, so that he can do it God's way rather than David's way. God's timing is 7.5 years from that time. David still operates on the principles, when God promotes you, then you are promoted; but not until then. There may have been a number of no's first; and we break in at the time when there is a yes answer. The answer comes from Urim on the ephod. He is not to stay and rebuild Ziklag. It will belong to David's family forever and a place to go and get away from it all.

2Sam. 2:1 After this David inquired of the LORD, "Shall I go up into any of the cities of Judah?" And the LORD said to him, "Go up." David said, "To which shall I go up?" And he said, "To Hebron."

David asks "Where do I go up?"

### Hebron

1. Hebron is halfway between Beersheba and Jerusalem.

2. It was previously known as Kirjath Arba, then it was known as Mamry; and it is an excellent place for David to make his residence because it is in the center of Judah. The altitude is 2800 ft. it has climate like Tuscon or El Paso.
3. This is the place where Sarah died.
- 4.
5. Isaac and Jacob spent a lot of time there.
6. This is where Jacob sent Joseph to seek his brothers.
7. There is a cave called the Cave of McPheala. All the patriarchs and their wives are buried there except Rachel. It is sort of a sacred ground to Israel.
8. Caleb conquered Hebron and took it away from the giants.
9. The priestly city is also located there and set aside for the Kohathite Levites and a city of refuge as well.
10. As a fugitive, David was befriended by the citizens of Hebron.
11. This will become the capitol city of Judah for awhile until David takes Jerusalem. He took a beautiful fort on a high hill and converted it into a home and palace.

2Sam. 2:1 After this David inquired of the LORD, "Shall I go up into any of the cities of Judah?" And the LORD said to him, "Go up." David said, "To which shall I go up?" And he said, "To Hebron."

*Hebron means intimate relationship.*

#### **Divine Guidance**

1. There are 3 categories of will or volition in history; the will of God, the will of man and the will of angels. The sovereignty of God says that there will be other forms of will in history. This is why people who blaspheme God do not die immediately.
2. Divine guidance is a subject for believers because each believer is in the pot. While divine guidance includes the laws of divine establishment and unbelievers benefit from the laws of establishment and follow it. What we would have to do, if we studied this, is to disband the federal income tax and tax everyone a flat 5%. They would have to abolish all forms of corporate tax and destroy all of the things devised to destroy our country, like HEW. The cardinal principle of divine guidance is, God has a plan for man, and divine guidance begins at the cross. 1John 3:23 for human volition to function, God has provided the laws of divine establishment. This is to provide maximum freedom for evangelism, so that a group of people can say yes to the gospel without being persecuted. It is the sovereign will of God that people have the ability to choose for or against God. God does not harass or coerce. The fact that people say "no" proves that man was given free will.
3. The unique case of Jesus Christ and the free will of His humanity. John Calvin was not a hyper-Calvinist; his disciples went overboard, as some of Bob's disciplines have gone overboard. The sovereignty of God wants nothing to do with sin. His humanity spoke up for His deity.
4. The types of the will of God. Taken from the life of Baalim.

- 1) What God has planned; the directive will of God. It is always compatible with the character of God. Don't go.
- 2) Permissive will of God; God permits human volition to do something not compatible with His plan. God allows man to follow his own free will even though it is outside of God's plan.
- 3) The overruling of God. Numb. 23:5, 6 God did not allow Israel to be cursed. God overruled every time that Baalim tried to have some sort of curse against Israel.
- 4) These are repeated with nations with lots of believers.
5. Principles of the will of God. The mechanics by which God guides us.
  - 1) Today, since the canon of Scripture has been completed, God does not guide by holy rollers, other people telling you what to do (except for the pastor-teacher telling you from the pulpit when speaking to a group.
  - 2) God guides us through Bible doctrine in the soul. This is our urim and thummim. Prov. 3:1–6 Rom. 12:2 Psalm This is the age of the royal family of God. We do not hear God's voice.
  - 3) The filling of the Holy Spirit. The Holy Spirit resides in our bodies and, when filled, He resides in our souls. The term is found in *yieldedness*.
  - 4) Spiritual growth. 2Peter 3:18 as we grow, the will of God becomes more lucid and more understandable and unfolds in our relationship to growth.
6. The phase II categories of the will of God.
  - 1) The viewpoint will of God. What does He want me to think. Our thinking is based on the intake of doctrine.
  - 2) The operational will of God; what does He want me to do.
  - 3) The geographical will of God, where does God want me to be?

### **Divine Guidance: Doctrine of**

From: [http://gracebiblechurchwichita.org/?page\\_id=75](http://gracebiblechurchwichita.org/?page_id=75)

1. Definition and description:
  - 1) Divine guidance is a basic doctrine dealing with the determination of the will of God for one's life. God has had a plan for each one of us from eternity past. Divine guidance is doing the will of God because a person knows the will of God. Divine guidance results when the will of God is communicated. God's will is communicated to us in this dispensation ONLY through the Canon of Scripture.
  - 2) Principle: You cannot know the will of God apart from knowing the Word of God.
  - 3) Principle: The will of God must be consistent with His attributes. The will of God comes from the sovereignty of Go
  - 4) The sovereignty of God or the will of god is manifest in the decree of God.
2. The Divine Will of God
  - 1) The difference between God's decree and God's laws:

- (1) Decrees are the ACTION and the PLAN of God. Laws regulate human conduct and function.
- (2) The laws of God are completely revealed in the Scripture. The decrees are partially revealed.
- (3) The laws of God can be broken by human volition. The decrees of God cannot be broken or frustrated by man's volition or angelic volition.
- 2) All things depend on God's will and nothing is certain apart from God's will.
- 3) The will of God is the reflex of the mature believer, i. e., the mature believer can apply doctrine to every situation of life.
- 4) Distinguish between the decrees of God and the desires of God:
  - (1) Examples:
    - Desire: His perfect will be done by humans and angels.
    - Decree: Human and angelic volition violating His perfect will
    - Desire: Not to cast humans or angels into the Lake of Fire.
    - Decree: All who reject Christ will be cast into the Lake of Fire.
    - Desire: Not to discipline believers
    - Decree: Believer's dominated by the OSN will be disciplined.
  - (2) What God decrees may not be what He desires.
    - Decreed: Your acts of sin, human good, and acts of evil.
    - Not desire: Your acts of sin, human good, and evil.
  - (3) When human volition lines-up with divine desire, the result is divine guidance.
  - (4) When human volition lines-up with divine decrees, this is not necessarily divine guidance.
  - (5) There is much in the divine decrees that is not God's desire.
  - (6) Divine desire is what God wants to happen. Divine decrees are what really happens. (Both desires and decrees come from the sovereignty of God.)
  - (7) What is desired by God is not always decreed by God.
    - Example: All be saved; all will not be saved.
    - What is decreed by God is not always desired by God. Example: Everyone commits sin, human good, and evil, but God does not desire it.
    - What is desired by God is sometimes decreed by God. Example: The desire for the believer to reach maturity. Some actually reach maturity.
    - What is decreed by God is sometimes desired by God. Example: The believer rebounding when guilty of sin.

We will deal with the problems of polygamy on Mother's Day.

We went through this verse last time.

2Sam. 2:1 After this David inquired of the LORD, "Shall I go up into any of the cities of Judah?" And the LORD said to him, "Go up." David said, "To which shall I go up?" And he said, "To Hebron."

Mother's Day, so Bob make s few comments. We always think that mothers should hear a lot of Bach on Mother's Day.

Our passage may help to remind of us motherhood. He will go from Ziklag to Hebron. He obeys his orders to move; and he has more than one wife. This is David's last step before becoming king over southern Israel.

The PCS psalm, but it is hard for us to understand and we will not study it. Psalm 18 is what we ought to study, but Bob is 2 weeks behind on his schedule.

The question arises, obviously, is what about polygamy. Deut. 17:17 it is against the will of God. David has an oriental type harem and he will collect 6 or 7 wives; and Solomon will take this much farther. David is definitely a bigamist. This bigamy would cause some dissensions and constant family brawls. His children will have 6 different mothers. There will be rape and murder in his family because of all this; and then even after his death, two of his sons will fight it out over the throne. When Israel splits up into 2 nations, it will be directly attributable to David's polygamy.

### Polygamy

1. Definition: this is a state of having a plurality of wives; you could call it a state of idiocy. Most find that it is difficult to deal with just one wife. SPQR was monogamous nation. They did not look well upon bigamy as was practiced around them in other nations. There are few disputes in life which cannot be eventually traced back to a woman, was what Juvenile said.
2. Polygamy is prohibited by the Word of God. Deut. 17:14–17 Lev.
3. Violates RM/RW.
4. The Bible records polygamy examples, but it is always related to apostasy.
  - a. Jacob had 2 wives and 2 mistresses. Leah and Rachel are his wives; and their personal maids, who are his mistresses. There was some inherent antagonism among the Jews which can be traced to the polygamy of Jacob. In fact, this has carried on for 3000 years.
  - b. Lamech was a hippy and revolutionist and a polygamist. Gen. 4:19
  - c. Gideon is overrated and he was the prized jackass of his day. He was a coward. He objected to getting into battle. He was afraid to get hurt. He was discovered by the Lord Jesus Christ. One of his confessions was, "I am the last person of the least tribe of Israel." He failed in many ways. He did

have some doctrine, which allowed him to run an army. He also was a polygamist. Judges 89

- d. Elkannah and bigamy upset his household in the Dunghill special.
  - e. Solomon himself. He got bored and started to collect women. 1Kings 11
5. Polygamy and culture. Many people think that students at college level are bettered by studying Indians, Chicanos and Negros. African culture is the most asinine excuse for culture that ever existed. The reason so many Black men have been slaves all over the world is because their culture was stupid and ludicrous. Their culture also had polygamy. The Arabs were smarter than the Africans, as they limited the number of wives to 4. Much of their confusion is, women have been suppressed there, and women are never a motivator for these men. The Arabs have been pseudo hippies for thousands of years. People of India were polygamists. They finally abolished polygamy because it destroyed the strength of a nation. Monogamy gave the Japanese great vigor. The ancient Irish were polygamous, and they had a matriarchal society, which is why they are often divorced from reality and troublemakers. Charlamain had 2 wives. Frederick embarrased the Prussians with his bigamy. You do not have to be a student of the Word of God to know it won't work.
6. Polygamy and the will of God.
- a. Polygamy is not the directive or permissive will of God.
  - b. God does not condone polygamy.
  - c. Polygamy is one of the best known areas of self-induced misery. If a person wants to make himself miserable, polygamy is a good way to do it.
  - d. No man is designed physically for polygamy. It destroys the very rhythm for which he was designed for one rw. It destroys his sex life.
  - e. Monogamy is God's order under the laws of divine establishment.
  - f. No one should have understood the evil of polygamy more than Solomon. It almost destroyed his kingdom. He faced trouble from a half-brother, which was the problem for Solomon.
  - g. Polygamy is not allowed in a Mormon harem.
  - h. The United States government has observed this and passed laws against it in 1862 and it was reviewed by the Supreme court.
7. Conclusion:
- a. It is never condoned in the Word of God. Noted, but not condoned.
  - b. In fact, it is specifically forbidden.
  - c. Therefore, those who practice it were never free from discipline or misery.
  - d. Rivalries of the children into the next few generations.
  - e. Many of the great believers were monogamous.
  - f. Polygamy can result in murder, rape and violence.
  - g. The greatest nation in all human history is Rome and it conquered the world as a monogamous nation.
  - h. Laws of divine establishment and the principles of Bible doctrine and RM/RW is always related to monogamy and not to polygamy.

2Sam. 2:2 So David went up there, and his two wives also, Ahinoam of Jezreel and Abigail the widow of Nabal of Carmel.

David will have a legion of honor with 30 men and then there will be an ultra group of 6. It is absolutely necessary that an army be established. The key to the freedom of France is the military; he took over a ragtag army as very young. He had an alumni from Italy the basis for a great military organization. Same was true of Alexander. He began with 5000 men with which to conquer the world. Of his 30 great leaders, 7 became kings and several of those became the heads of ruling lines for 1000 years.

David has his favorite men as well. He has such fantastic leadership ability so that they will continue to follow him. De-Mobilization almost destroyed us. The French despise us and we liberated them from the Germans. 4 million Russians were casualties in 1942, but FDR rearmed them and preserved them. We rebuilt the industry of northern Italy and France and West Germany. When the Korean conflict came along, we sent troops to Korea with ill-fitting, old uniforms and a lack of guns and ammunition. This would be the nucleus for Judah's security and later for all of Israel. The entire battalion is quartered in and around Hebron. They went into quarters where they could be quickly reconstituted and taken in many directions.

2Sam. 2:3 And David brought up his men who were with him, everyone with his household, and they lived in the towns of Hebron.

### **The Doctrine of the Importance of the Military**

1. God has designed a set of laws; these laws are just as important as the law of gravity or any natural law. They are designed to protect freedom and privacy and they give blessing and prosperity to a nation. It is twofold; interior protection from objective type law; and guilt must be established on bonafide laws of evidence. So there must be an incorruptible system of courts. Proper police procedures to punish the guilty and to protect the innocent.
2. The protection of the exterior. Neh. 4: the military is designed by God to do a certain job. The Jews were about to be attacked from the north by the Samaritans, the Philistines, the Moabites, the Edomites and the Arabs. Nehemiah is a brilliant military man. Neh. 4:14–22 *And I looked and arose and said to the nobles and to the officials and to the rest of the people, "Do not be afraid of them. Remember the Lord, who is great and awesome, and fight for your brothers, your sons, your daughters, your wives, and your homes." When our enemies heard that it was known to us and that God had frustrated their plan, we all returned to the wall, each to his work. From that day on, half of my servants worked on construction, and half held the spears, shields, bows, and coats of mail. And the leaders stood behind the whole house of Judah, who were building on the wall. Those who carried burdens were loaded in such a way that each labored on the work with one hand and held his weapon with the other. And each of the builders had his sword strapped at his side while he built. The man who sounded the trumpet was beside me. And I said to the nobles and to the officials and to the rest of the people, "The work is great*

and widely spread, and we are separated on the wall, far from one another. In the place where you hear the sound of the trumpet, rally to us there. Our God will fight for us." So we labored at the work, and half of them held the spears from the break of dawn until the stars came out. I also said to the people at that time, "Let every man and his servant pass the night within Jerusalem, that they may be a guard for us by night and may labor by day." Their job is to kill; and he tells them their motivation. They must fight for their nation; their sons and daughters. Whether single or married, God designed for them a reward. Their home is their freedom, privacy and property. A prepared military protects from attack.

3. Man is always dreaming of peace; liberals are always very divorced from reality and they speak in terms of dreams and fantasies and utopian visions. The tranquility of a nation cannot be maintained without a military which requires taxes (Tacitus). Rome had very long periods of peace because they were so strong, militarily.
4. In the struggle for and perpetuation of Jewish freedom, Jesus became the commander-in-chief of the Jewish armies, under the title of Adonai Sobato, or Jehovah of the Armies. Jesus Christ was the commander-in-chief and Joshua found this when he crossed the Jordan and made a reconnaissance; he ran into a soldier, Jesus Christ; "Make up your mind, you are my general, my chief of staff, or you will die." Joshua 5:13ff.
5. Armies defend freedom. We have freedom today because of military victory. We still enjoy the benefits of our military.
6. Armies also destroy freedom. Jer. 33:7?
7. National sovereignty depends upon which army wins. Their integrity and freedom depends upon this. Jer. 40:1
8. God uses the military to illustrate the degeneracy of a nation. God will remove such a nation from the world scene due to their degeneracy. Imagine the hippies forming into an army to defend us? How would you like these unstable people defending us? How would you like to command such a platoon. Bobby runs with his platoon 10 miles a day. His sergeant has a trademark move in a fight; he always bites off the ear of someone he whups; it reduces the number of fights. It is that caliber of man that gives us our freedom. The military and the way it functions is a definite index as to the state of a nation. We have been hamstrung by the politicians who run this country, who won't even give them ammunition and won't let them shoot, as they might kill a communist.
9. Universal training maintains freedom. Num. 1:3-5 Luke 4?
10. For many years, the United States has produced great businessmen and leadership and our prosperity is based upon the rise and function of capitalism. We have fantastic professional leadership. 3 areas for great leadership: professional, military and business. The state legislature of Indiana wanted to secede. Political incompetence today, especially in the legislative branch. Incompetence to almost insanity, when it comes to legislation. They have attacked big business, in many ways. You destroy big business and you destroy the goose that lays the golden egg. Socialized medicine has been the destruction of great leadership in medicine. Military and teaching is being destroyed by the government. Or will crime take us over because of our mediocrity of our government. Prov. 24:1-6

11. Military training is useless if the men of a nation are apostate and filled with scar tissue and addicted to drugs. Their self-discipline and respect for authority is destroyed.
12. Military defeat precedes the fifth cycle of discipline. This is what has taken out all great nations.

David knows these principles and he is very pro-military.

It is reported to David that the men of Jabesh-gilead buried Saul. David had a great intelligence system. Where is this intelligence system in 2Sam. 13. David sends out his G2 to get the correct and accurate details of what happened.

2Sam. 2:4 *And the men of Judah came, and there they anointed David king over the house of Judah. When they told David, "It was the men of Jabesh-gilead who buried Saul,"*

#### **David's Intelligence and Acts Accordingly**

1. David has sent out reconnaissance teams to determine the truth of Saul's death. You need to have facts. Businesses and police have intelligence organizations. They are all trying to find out all the things that they need to know.
2. Since the facts were previously studied, they are not repeated here. The brave act of Jabesh-gilead is basically covered.
3. David now has correct and accurate information.
4. David is impressed with the chivalrous function of these men.
5. These men are great and David makes an alliance with them. They are noble and honorable people. If this was us, we would ally ourselves with South African and Rhodesia. Our immoral government would rather buy platinum at a higher price from Russia. David is a supergrace believer.
6. David executed the man who claimed to kill Saul.

**2Samuel 2:4–7a**

**72David**

**631\_0141**

**05/13/1974 First acts of David as King of Judah**

Jack Loomis, a Texan, Medal of Honor Recipient.

The leaders of the tribe of Judah indicates that they were functioning under a Republic type of government, and they are changing over to government ruled by a king. This will be a coronation 1004–998 B.C. will be the 7.5 years that he rules over Judah. In effect, the tribe of Judah will eventually be the southern kingdom. He first step as a king will reveal his great wisdom. His preparation began in the sheepfold as a young boy. He was faithful on the intake of doctrine. David really lived; he lived in a way that was truly fantastic.

He will take his battalion of 600 men and they will become his officer corps for the entire national army. He used his battalion as a training cadre and he drafted an entire army

from Judah. David has put millions of dollars of capital into Judah. The government will stay out of business. Business is in the hands of those capable of handling it.

There will be a great ministry as Nathan and Gad as prophets and the priest Abiathar. The army will provide for the stability of the nation. People will come to Judah from all over Israel, fugitives from the Philistine aggression. They will find homes and jobs.

There is no such thing as the 10 lost tribes; British Israelism is absolutely wrong. They have tried to claim that the British people are descended from the Jews. This is wrong. The British Empire was great for Jews to live. The Jew Disraeli was a much greater ruler than Gladstone, the Christian. He was a total jackass when it came to foreign policy. He was too much to the left in his domestic policy. Gladstone liked to back down and let the natives kill a few missionaries. Disraeli said, you kill a British missionary and we will kill thousands of you. Ethiopia imprisoned a few missionaries, and Brits went in there, freed them, and killed many of them.

Mary Slesher had a great missionary activity in Africa and she could do this because the natives knew that she could walk all over Africa in relative safety. Disraeli was a Jew and a British citizen and a great prime minister. Disraeli sent the British army everywhere, and the missionaries went before or after them. There are millions of believers in heaven today because of these missionaries.

David had a draft and drafted a national army. He had free enterprise. He liberated the plunder of the desert pirates, the Amalekites.

God the Holy Spirit wants this part of David's government revealed to us. David has a moral government with true principles of justice and freedom. No government can be just and at the same time penalize law-abiding citizens. The idea that if we do not drive a 55 mph speed limit, then federal funds will be withheld from us. Federal funds are from us; busing is stupid and insane. It would be comic if it were not so tragic. There is no such thing as federal funds. It is taxpayer money used to bribe the states.

David will establish morality in government. Jabesh-gilead are unpopular in the north. They defied the Philistine conquerors for taking down the bodies of Saul and his sons and giving them a proper burial. The White House would join everyone today and say, "We must boycott the people of Jabesh-gilead." If we were an honest and moral nation, we would have an alliance with Rhodesia and south Africa. South Africa is one of the finest nations in the world and they treat the Blacks perfectly. They cannot come into the cities unless they have jobs. We have been cruel to our Blacks. Most of them are not ready to be treated like first class citizens.

It is like flirting with some guy, and you make him think that you are interested, but you are not.

We could learn a great deal from South Africa. They have handled their Blacks in such a way as to keep them alive, to keep them alive. South Africa has the greatest Christian

groups. Reform theology has its weaknesses, but there are great applications to government.

Some of you who are under 20 have no concept of what it means to be free. You do not understand states' rights. You probably have never studied our constitution. The south has had freedom and an understanding of freedom. Texas is one of the few states where business and free enterprise can still function. Outside of Alaska, Texas is the only state to represent true freedom. Most of your freedoms have been taken from of you.

There was an immoral Ted Kennedy gun law that almost passed but for 10 votes.

Finding moral government. Woodrow Wilson was an ass, a history professor from Princeton, and he set the theme for the presidency. Almost any history professor was better than Wilson. He was a nothing. He wasn't a good professor or a good anything.

Bob likes our passage. We begin with the facts. David always had facts. He lacked Jonathan as his prime minister, but he had a great G2 system. His intelligence officer was one of the greatest men ever. We do not have the name here. You cannot function in leadership without good intelligence. This is what hurt Lee at Gettysburg.

#### **David and Jabesh-gilead**

1. David sent out a reconnaissance team to determine the results of the Philistine war.
2. The facts have already been studied.
3. David now has correct and accurate information about their deaths, the battle, and the end result.
4. David is impressed with the men of Jabesh Gilead. They are chivalrous and noble and they have nobly defied the Philistines as intruders. They took Saul's body and buried it.
5. The men of Jabesh-gilead are men of honor and courage and grace.
6. David makes an alliance with this moral group of people. He executed the Amalekite deserter, but he has nothing but praise and commendation for the men of Jabesh-gilead.

Too long we have had everything sucked out of us from the nations of western European civilization. The Marshall Plan was a mess. Great Britain would have nothing today if we did not support them. Britain is beginning to nationalize all of its industries and we are copying them. We have not had a great secretary of state for years. When the British wanted to give up Egypt, we should have taken it. Same for North Africa when the French gave them up.

2Sam. 2:4 [And the men of Judah came, and there they anointed David king over the house of Judah. When they told \[reported to\] David, "It was the men of Jabesh-gilead who buried Saul,"](#)

David sends an embassy to the people of Jabesh-gilead and speaks to them of an alliance. David has the stronger nation, so he tells them that he would protect them. David asks for God to bless them; we do not have the power to bless others. Last time Bob heard “bless you” was from his sister, to get his goad.

David does not pronounce the blessing, but he recognizes the blessing by grace. David does not hope for their blessing but recognizes blessing from Jehovah the Father.

What they did was gracious. It showed respect to Saul and David recognizes this.

### **David, His Foreign Policy and the Men of Jabesh-gilead**

1. David correctly identifies the action as a grace function. David can see things as they really are. He can wade through all of the intelligence reports and see what is going on.
2. He recognizes that divine blessing has come to Jabesh-gilead. It is the doctrine that motivated the deed. That is what counts. David recognizes both. They rescued the corpses because doctrine was in their souls.
3. He recognizes and applies the principle of doctrine. Blessing thru the residency of doctrine in the soul. David has a little 2x4 country and he is setting up an alliance with a small city-state. The Philistines control much of the land. There will be a false puppet government ruled by Ishbosheth and David will not seek an alliance with them. David demonstrates great moral courage. He ignores the powerful people around him. Hezekiah did not understand these things; he made an alliance with Egypt. Some of the worst demons are in Cairo today and they have been there for thousands of years. Hezekiah was a typical, fundamentalist ass. He was saved but he did all the things that he shouldn't have. David doesn't go to Egypt or to the Philistines. David had divine viewpoint with regards to foreign policy. Divine viewpoint all the way.
4. Then men of Jabesh-gilead carry around Bible doctrine in their souls.
5. David recognizes the principles of authority and loyalty. David can appreciate the value of loyalty. The men of Jabesh-gilead were loyal to Saul. Everyone else was down on Saul, but these men were loyal to him even after death. David admires loyalty.
6. David also recognizes that he may face reprisals from the Philistines. He wants to assure them that he will use his power to protect them. This will be noted
7. Therefore, David will warn the men of Jabesh-gilead. He will warn them to maintain a standing army.
8. These noble people are in danger of reprisal, so they must have a national army. David is putting them on red alert; I guess his army? David is very practical. He tells them that they must have a small standing army to hold off any enemies.

2Sam. 2:5 David sent messengers to the men of Jabesh-gilead and said to them, "May you be blessed by the LORD, because you showed this grace to Saul your lord and buried him.

God will provide the two things that Jabesh-gilead will need these things; grace and truth.

Men who do things to get sympathy from a woman is weak. Love is respect and admiration. Some people come to Bob from kindness and sweet talk. He kicks them around the office and then kicks them out. If he every started passing out sweet epigrams, there would be a line around the office 40 times.

### David, Grace and Doctrine

1. The spiritual necessities for the maintenance of spiritual growth are always related to grace and doctrine.
2. All grace is administered through doctrine. When we respond to the gospel, we are saved by grace.
3. David recognizes that positive volition toward doctrine will be consistent and it will continue.
4. The soul hungry for doctrine is there. When the soul is hungry for doctrine, God will provide the spiritual nourishment.
5. No one ever runs short of grace and doctrine. God has an unlimited supply of both.
6. David, therefore, is confident of their continuation under the function of gap. He can make correct applications.

David's first act as king is to establish a protective alliance with Jabesh-gilead. They are vulnerable being alone in the northern portion of Israel. These men have manifested loyalty toward Saul. They were courageous to find these corpses, to take them down, and to give them honorable burials. Doctrine in the soul. Grace people gravitate to grace people.

2Sam. 2:6 **Now may the LORD show [manufactory; provide] steadfast love [grace] and faithfulness [truth] to you. And I will do good to you because you have done this thing.**

Here, he will give them the practical advice to put together their own standing army. God administers grace and doctrine. He is in the south and he has to be practical. He cannot just zip on over to them to their rescue.

When Bob taught RM/RW, he never saw so many idiots. Some of us got very goofy. Don't give up; just keep taking in doctrine. 50,000 cc of doctrine may only produce 2 cc of common sense, but it is a beginning.

David uses the imperfect here as an imperative, not as a jussive. This means that they must be prepared militarily. They must be practical. David warns them to maintain a military alert. All freedom is maintained by military preparedness and military victory.

David is telling them to maintain a standing army, which is great practical advice.

2Sam. 2:7 **Now therefore your hands will be strong, and be valiant [sons of the army], for Saul your lord is dead, and the house of Judah has anointed me king over them."**

Minimum casualties are important.

Law enforcement is always understaffed. They are not usually ready for riot type conditions. David is explaining that he is only ruling over Judah. And he tells them that it will take time for him to come to their aid.

#### David's Honest Declaration of His Own Limitations

1. David is giving these men an honest appraisal of how much he will be able to help them.
2. David, as the king of Judah, will soon have a very strong army.
3. But even when David develops an army, it will not be a national army.
4. David will soon be involved in a great civil war.
5. We will help them all that he can, but these men must be ready to help themselves.
6. Principle of doctrine that every free man has the right to protect himself, his family, his property his property, his privacy from enemies or criminals.
7. Too often lack of such protection means rape, robbery, torture, abuse, death of innocent victims.
8. The attempt to pass gun legislation is designed to destroy the freedoms and rights of law-abiding citizens. The federal government should provide ranges and instructors how to shoot a .45 automatic and an M1. Then they are given the weapon and 1000 rounds of ammunition, free. The Swiss has done this for a long time. Every home in Switzerland has weapons and ammunition. We ought to have that here.

#### Laws and Guns

1. When laws protect the criminal and not the law-abiding citizen, these laws are distorted. Religious people are often strong for anti-gun legislation.
2. Our law is best described by Tacitus. "There still remains the traces of freedom."
3. Many states like California; criminal must be asked to leave your home; if not, then you leave the home. Imbecilic.
4. The law prosecutes those who defend themselves against criminals in too many states. NY City in the Sullivan laws, protecting yourself with a gun will result with you going to jail. Some gal went to jail in NY for this; a man came in to rape and steal, so she killed him, and she went to jail.
5. The law should protect the life, the freedom, the privacy and the property of the law-abiding citizen.
6. The distortion of the law today is always preceded by the distortion of the soul in reversionism. Gun legislation illustrates the point. Gun legislation thinks that private

citizens should not have weapons. They should submit weakly to violence if there is no one there to protect you. Gun are dangerous, they should be. Bob would not have an unloaded gun. Waving an unloaded gun at someone invites disaster.

Libs think we need to remove the mortality from life.

2Sam. 2:7 **Now therefore let your hands be strong, and be valiant [maintain a standing army], for Saul your lord is dead, and the house of Judah has anointed me king over them."**

the basic cause for civil war; the puppet government of Ishbosheth. Abner is a fascinating villain. You will boo him, and he will suddenly do something noble and then, when you like him, he does something evil. He is very vain and ambitious. He is truly an egotistical, arrogant, ambitious type person.

Abner's name means *father of Ner* and he is so named by his father Ner. He is the uncle of Saul. Ner and Kish were brothers. Abner and Saul are cousins. He always thought he was better than Saul and he had an egotistical arrogant attitude. He never got over thinking that he was a better man than his cousin.

#### **Abner**

1. Abner was a great soldier.
2. Abner met David first at Ephesdamin.
3. He sat on Saul's cabinet. Saul leans on Abner's brains.
4. Abner is egotistical; Saul has a tendency towards jealousy. Smart people tend to be egotistical; dumb tend to be jealous.
5. Abner escaped in the battle of Mt. Gilboa, so he must have had the right flank of the army; Saul would have the left and Jonathan would have the center. The left flank folded in battle. He saw how it was going to be, so he got out of there with a portion of Saul's army. He went out in the valley; he did not even get a drink in Bethshan, he crossed the Jordan, and he went to Mahanaim.

Ishbosheth means man of shame. That was not his original name; that was Eshbaal; fire of Baal. He is the youngest son of Saul.

#### **Ish-bosheth**

1. Eshbaal is his original name.
2. The false God Baal is also called Bosheth. Zerubbabel became Jerobosheth.
3. Ishbosheth is the youngest son of Saul.
4. Not being present, he still intact after the battle and Abner goes to get him. The Philistines control all of northern Israel, so Abner takes him across the border to Mahanaim.
5. It took 5 years to set up this government and Ishbosheth will be assassinated.

2Sam. 2:8 But Abner the son of Ner, commander [chief-of-staff] of Saul's army, took Ish-bosheth the son of Saul and brought him over to Mahanaim,

It became a border town for Gad, Manasseh and Bashan. A city of the Levites. And Abner knew this to be a safe city.

You can put up men there with rocks and keep out everyone else. Bethron means a *narrow pass*. 5 years later, Abner made him king. He will rule for 2 years and be assassinated. 999 to 998 B.C. is when he ruled. The first 5 years, David is organizing the southern kingdom; Abner is organizing the northern kingdom. Only when Ishbosheth becomes the puppet king, then there is war.

V. 9 would be year 5. There are 5 years of fighting. Abner is ambitious and capable.

Gilead is a strip down the east side of the Jordan, on the right bank. There are Philistine patrols on the Jordan and Abner takes care of them.

Ashur is the tribe of Abner. They are in the extreme north. Jezreel is where the Mount Gilboa was fought. That was next. It was the strong point for the Philistines. Then he got Ephraim, south of Jezreel then Benjamin, their traditional home, but they did not move back there.

The Phoenicians are up north and there is a rising power called Syria or Aram. He did not conquer all Israel; it was just over that amount of Israel. Abner has done a great job in setting up an army and setting up a puppet kingdom.

2Sam. 2:9 and he made him king over Gilead and the Ashurites and Jezreel and Ephraim and Benjamin and all Israel.

The rival kingdoms. This is a summary. The civil war occurs during these 2 years.

#### **Abner and Ishbosheth and David**

1. Abner was the true dictator of the northern kingdom until 5.5 years after the battle of Mount Gilboa. He was keeping Saul's harem and a lot of other people. He brought over everyone that he wanted. He wanted to make sure that they gave him no problem.
2. Psalm 35:25–26 is David's attitude: *Let them not say in their hearts, "Aha, our heart's desire!" Let them not say, "We have swallowed him up." Let them be put to shame and disappointed altogether who rejoice [gloating] at my calamity! Let them [they will] be clothed with shame and dishonor who magnify themselves against me!* "Remember...anything" indicates that the enemy struck a target and we should have been ready for them, but we were not. Bosh means shame and bosheth means shame. They will be ashamed and brought to confusion. This refers to Abner and Ishbosheth. They are sitting around gloating and members of the harem are dancing. They are gloating over the calamity.

3. He is a man of shame so he will wear shame. Abner and Ishbosheth will be clothed with shame and dishonor, who gloated over David's calamity.

2Sam. 2:10 Ish-bosheth, Saul's son, was forty years old when he began to reign over Israel, and he reigned two years. But the house of Judah followed David.

Abner was the interim dictator or a rival kingdom.

2Sam. 2:11 And the time that David was king in Hebron over the house of Judah was seven years and six months.

Tomorrow night, we will see a good civil war.

**2Samuel 2:12-18**

**72David**

**631\_0143**

**05/15/1974 : Pool of Gibeon battles**

We are able to study this because of the laws of divine establishment. Abner had enjoyed some success in driving back the Philistines from the northern and central Israel. The king was a puppet ruler; and the power was really in Abner.

Gibeon is the old stronghold of Saul, but they went to Gibeon, where there is a great water supply.

#### **Summary of What Is Going on**

1. Gibeon is located 8 miles north of Jerusalem.
2. It is the same as al-yiv. Excavated by the University of Pennsylvania.
3. An ancient city existed there 3000 to 2500 B.C..
4. Rebuilt around 1200 B.C. This was a strong fortified area with a great circular wall and a very excellent pool cut out of the native rock. There is a top part and a circular stairway made out of solid rock. As recent as the last 10 years, the top part was 37 feet in diameter and 35.5 feet deep. A tunnel down there. It makes a circular trip cut out of rock that goes to a giant reservoir. It protects the people of Gibeon when they are under siege. The steps of the tunnel go down 44 feet to the reservoir.
5. This move to Mahanaim is an act of aggression. Abner's army is up to something.
6. Joab sends a recon force to follow what they are doing.

Joab is one of the 3 sons of Zeruah; and she is the most famous of David's family and her children.

2Sam. 2:12 Abner the son of Ner, and the servants of Ish-bosheth the son of Saul, went out [advanced] from Mahanaim to Gibeon.

The verbiage suggests that this is a fanciful meet. Apparently Abner is outnumbered.

### Summary of What Is Going on

1. The accidental meeting was based on a need for water. They both converge at the same time on logistical needs.
2. The meet by accident. \
3. These are well-trained armies, alert and obedient
- 4.
5. Abner feels trapped and he wants to get out of this jam.
6. He comes up with a sly plan. He wants to equalize the odds by setting up 12 southerners and 12 northerners. The Benjamites of the Spartans of Israel. What offsets the traditions, heritage and ability of great warriors and that is hard work. You may not be as smart as those around you, but self-discipline and hard work can offset the brilliance of others.
7. David has the best troops.
8. The southern army is in better spiritual condition. That is much more important. Professional side and spiritual side will make the difference.

Many battles have occurred as a result of a chance encounter. AP Hill. He heard there were some shoes down there, so he heads on down.

They are 7.5 ft. apart. They are good marches; there are no stragglers. Abner's outfit is small. Abner is thinking and he must have a strategy to overcome his small army.

### The Meet up

1. These armies had not come into contact prior to this.
2. David has been busy organizing the kingdom of Judah. He has restored law and order.
3. The first real act of aggression has just taken place with the northern army being on the word of Judah.
4. Abner proposes personal combat, which neutralizes the fact that his army is smaller.

2Sam. 2:13 **And Joab the son of Zeruiah and the servants [army] of David went out [advanced] and met them at the pool of Gibeon. And they sat down, the one on the one side of the pool, and the other on the other side of the pool.**

Abner's speech is very careful because he is in a weak position. In the Qal stem to have a good time; to have a party. But in the Piel, it means a brawl; a skirmish. These are those who have not had combat experience; those are the ones who are going to fight. He wants to gain the advantage; and he thinks that one man from the tribe of Benjamin is any day better than a man from Judah. Joab is a younger man and he is smarter and he likes this idea with combat experience.

2Sam. 2:14 **And Abner said to Joab, "Let the young men arise and compete before us." And Joab said, "Let them arise."**

The first stage of the battle; the battle of the arena of the swords and the battle of the pool. There is the first one-on-one battle. Qum means *appointed*? Bob says that twice. All the men who had combat experience wanted to get into the act. These are trained men who have never been in combat before.

God the Holy Spirit did not choose to write this as, "They met and started the civil war." Things were better when Bob was a boy.

Article about showbiz stars saying what they miss about the good old days. Normal stuff. Walter Brennan; if a thing was worth having, it was worth working for. Bing Crosby, somewhere, honesty has gotten lost. A handshake could begin a lifetime business partnership. Another, "I remember when you knew your next-door neighbor."

These men are eager to do this. They are anxious to go.

#### The Prelim

1. The number selected is related to the size of the arena and Abner is outnumbered.
2. Therefore, the combat is 12 against 12 in the arena.
3. So the 12 men of Abner will buy time so that more troops can be brought in by Abner and concentrated.
4. The tribes of Judah and Benjamin projected the great warriors.
5. It is going to be a vicious and horrible battle down there in the arena. Their anger supplies them with weapons.

2Sam. 2:15 [Then they arose and passed over by number, twelve for Benjamin and Ish-bosheth the son of Saul, and twelve of the servants of David.](#)

Hiphil stem of kazak. They went at it viciously; it was vigorous. It worked to get a person's head down so they could not see. They were taught this for close quarters. Abner and David used the same training manual for hand-to-hand combat.

They grabbed one another by the heads and stabbed the other in the kidney. Each man did the same thing and they all died; all 24 died right there. No one survived this arena. They all died. In time of emergency or war, it is healthy to kill the enemy; but all good fighting is done without a loss of temper or without being emotional. The idea is the kill the enemy without being killed. None of these men were smart and thinking. The best heroes in military do their jobs coolly and scientifically as taught. To be an eager beaver and to lose track of how to do it right means that you are dead.

This battle came out to be a draw. 100% casualties. The fight occurred in the top half of the pool, which is called the Arena of the Swords.

2Sam. 2:16 [And each caught \[grabbed vigorously\] his opponent by the head \[by ears, hair or helmet\] and thrust his sword in his opponent's side, so they fell down together. Therefore that place was called Helkath-hazzurim \[the arena of the swords\], which is at Gibeon.](#)

There was a fierce battle that followed. Vv. 30–31 will give the summary of this battle. The army of the north will make a break and run for it.

Abner's army was defeated. There was a general battle that followed this matchup.

2Sam. 2:17 *And the battle was very fierce that day. And Abner and the men of Israel were beaten before the servants of David.*

This will explain why Abner finally died; and why Joab took the side of Adonijah over Solomon. And why his brother refused to take the side of Adonijah. Several things are explained by this.

David's family produced many military types, but none were greater than these two nephews. Zeruah is the part of David's family who came to him at the cave of Adullam. She came with her 3 sons.

#### **Abishai Was a Part of the Adullam Alumni**

1. Abishai volunteered to go with David on this mission into Saul's camp. He was his coolest soldier; the best he had. David selected this one above all the others.
2. David had to restrain Abishai from killing Saul. That is why Abishai believed that they were there.
3. Abishai will become a great field commander. He will be a 3 star general, a corp commander.
4. He became famous as the second in command in the Ammonite campaign.
5. He was more loyal to David than any other soldier. Loyal in the Absalom revolution. 2Sam. 18:2, 12
6. Amasah; Abishai put down this revolt.
7. Abishai is one of the 3 greatest soldiers in David's army. He rescued David in a combat situation. 2Sam. 21
8. He broke through the Philistine lines to fill David's canteen with water.
9. He was famous for opposing 300 men and killing them all.
10. He was responsible for winning the victory over the Edomites in the Valley of the Salt.
11. Abishai was a soldier's soldier. Best combat record with mo...
12. Of all the people around David, Abishai was the most loyal of all the generals. He would not join Joab and Adonijah to revolt against Solomon.

He was great because of his combat ability; he was a great general; he had stability of character; and he had great loyalty. One loyal person is worth thousands of disloyal and unstable types. One loyal person is much better than a gallery of sycophants.

He manufactured from these qualities a great spiritual life.

2Sam. 2:18 And the three sons of Zeruiah were there, Joab, Abishai, and Asahel. Now Asahel was as swift of foot as a wild gazelle.

Asahel is a great soldier, the youngest and he is among the greatest of David's men. He is a divisional commander and he will be killed in this pursuit.

3 sons are there. Asahel was speedy, like a gazelle of the field. This pursuit would exploit the victory. Abner is the old man running fast. This becomes a personal footrace and this will have a great deal to do with the history of Israel.

**2Samuel 2:19–32**

**72David**  
**05/16/1974 Death of Asahel**

**631\_0144**

Asahel is the only one who is fast enough to pursue Abner; he concentrated on one person, which is Abner. He would not stop to pursue anyone else. To kill Abner is to end the civil war before it gets started. Nothing caused him to deviate in either direction.

#### **The Pursuit**

1. Asahel knew that, by killing Abner, the civil war would be over, because there is no longer a leader.
2. Therefore, by killing Abner, the victory would be decisive and the civil war would be over before it started.
3. So Asahel concentrated on getting one man and killing him.
4. Asahel is a veteran of David's Addullem battalion.
5. Asahel's concentration is based upon the realization of the importance of killing Abner.
6. He is well-informed on the political affairs of Israel. A good military man knows who it is fighting for and who he is fighting against.
7. One good leader is worth thousands of troops.
8. Ishbosheth was a mere puppet in the hands of Abner and he would be helpless without Abner.
9. The northern army is running and the southern army is pursuing. The battle around Gibeon. The northern army is scattered all over the countryside retreating east. Joab's army is pursuing. The idea is to get to the Jordan River and cross it quickly.

2Sam. 2:19 And Asahel pursued Abner, and as he went, he turned neither [did not deviate] to the right hand nor to the left from following Abner.

Abner was becoming curious about what is going on. They had a file on everyone who was of note and Abner knew him. Asahel is using his wind for running, so he doesn't want to carry on a conversation.

If Abner is running here and he can turn around and talk, he is in excellent shape. Soldiers who are good know about the soldiers in the opposing army. Abner is most anxious to

avoid combat with Asahel. Killing him would start a blood feud with the toughest men in the opposite army. Abner knows that he can kill Asahel. Joab and Abner had been friends, it appears, and they may have been commissioned together. They certainly had mutual respect.

Abner would prefer to have a verbal truce. He is confident that he could kill Asahel at any time.

2Sam. 2:20 Then Abner looked behind him and said, "Is it you, Asahel?" And he answered, "It is I."

"Turn aside, either to the right or the left, and take one of the young men for your spoil. Find an easy man to kill and take his spoil."

Abner is a cool customer; he can think; he is strong. With his great strength, he has speed. On top of that, Abner is brilliant and he can do his best thinking when under pressure. This is how he got out of the Battle of Mt. Gilboa. He represents the finest sort of combat leadership.

These words are all imperatives. He orders this boy to turn aside. He orders him to take some other young man and to take his spoil.

Asahel knows that Abner is the key; and Asahel is also arrogant. He assumes that his great speed makes him superior to Abner. Having a great talent has made him arrogant. He is assuming that he has picked on an old man. He would like this personal glory of killing Abner. This would be the greatest reputation. Abner is as tough as anyone in the world. He greatly overestimates his own ability. Abner tries to talk him out of it, which is kind. Abner knows that Joab will never rest until one of them dies. Abner is smart. Never assume that, because he keeps talking, that he can't fight. He is remaining cool and unemotional. You cannot fight when emotional.

If you are egotistical or arrogant, then you cannot think under pressure. You can only do the instinctively wrong thing. The fatheaded cannot think under pressure. Pride or arrogance keeps you from doing the job right. Too many football teams get emotional and it ties them up in knots.

#### **Asahel and Abner**

1. Abner was unable to dissuade Asahel from pursuing him.
2. It is obvious that Abner is in better shape than Asahel; he is doing most of the talking. He is stronger and smarter. While Abner is ambitious, he does not have the problem of pride. Abner has several advantages. He has great upper body strength and he is faster than Asahel or about as fast. He knows all the tricks of hand-to-hand combat; and he is much better in such a battle.

2Sam. 2:21 Abner said to him, "Turn aside to your right hand or to your left, and seize one of the young men and take his spoil [kill him and appropriate his armor]." But Asahel would not turn aside from following him.

"Turn aside and stop pursuing me" is what Abner repeats. Then he adds something. "Why should I kill you?" There is no question in Abner's mind that he will have to kill Asahel.

#### **Abner and Asahel**

1. This last phrase suggests that Abner and Joab are good friends and possibly fellow cadets in earlier days.
2. This would destroy their friendship and begin a blood-feud.
3. Abner is trying to avoid further bloodshed. He would like to stop this.
4. Abner has a conscience. That is what this phrase means. Asahel is a good warrior but he is not a great warrior. He is nowhere close to Abner.
5. Do not assume that, because someone is cool, that he is a coward or afraid of you.
6. Abner will be left with no option but to kill Asahel.

Abner lays it on the line. He even tells him that he will strike him to the ground.

2Sam. 2:22 And Abner said again to Asahel, "Turn aside from following me. Why should I strike you to the ground? How then could I lift up my face to your brother Joab?"

Piel imperfect of maan. Before, he was encouraged that he could keep up with Abner. Pride blinded Satan; pride began the whole angelic conflict. He is convinced that he will become the great hero by killing Abner.

In the ancient world, the point of the spear was some kind of metal. The butt end of the spear was sharpened. It would be sharpened wood. Abner is carrying his spear at a 45 degree angle with the metal part pointing toward the sky. He is strong. He running. When he lifts up his left foot, he right arms goes back. He slows just a little. He lets Asahel catch up; Asahel probably thinks that Abner is running out of steam. This butt end goes through Asahel. This is an old Arab trick. All he has to do is drop his arm. Your thrust plus his speed impales him. You can only pull this trick on a fatheaded Asahel.

The spear comes out his back. Asahel's run, Abner's sudden stop, and Abner's thrust is enough to run this spear all the way through. Imperfect tense; Asahel died for awhile.

#### **Asahel's Death**

1. This is an old trick to suddenly thrust this spear into Asahel.
2. He turned his back on Asahel, allowing Asahel to move in on him.
3. The spear is at a 45 degree angle.
4. The spear is sharpened so that it can stick in the ground.
5. The power of his thrust and the speed of Asahel, causes Asahel to be impaled in his bowels.

6. Asahel is mortally wounded. He falls right there, writhing in agony. He moves and twists on the spear. By wiggling on this spear he spilled his guts all over the ground.

Asahel was pinned to the ground. He ran into the spear, Abner let it go, and the spear went into the ground and held, and Asahel kept on moving forward.

The first few men, and they are running all over, and provomarshal unit will save them all. He forms his troops. They have to stop running at some point and Abner knew this. The pursuing army comes up and they see Asahel laying on the ground dead.

Those who came upon him stopped and were in total shock.

2Sam. 2:23 **But he refused to turn aside. Therefore Abner struck him in the stomach with the butt of his spear, so that the spear came out at his back. And he fell there and [slowly] died where he was. And all who came to the place where Asahel had fallen and died, stood still.**

Giah is the town in front of the hill. The exact location is lost. The northern army is forced to get on this one highway and go through this one pass.

2Sam. 2:24 **But Joab and Abishai pursued Abner. And as the sun was going down they came to the hill of Ammah, which lies before Giah on the way to the wilderness of Gibeon.**

Abner set up his provomarshal and collected all of his men as they came into the bottleneck, and he picked a defensive position. To go further, Joab would be taking heavy casualties.

This is a good place for a defending army to make their stand, where there is a small pass to go through for the pursing army. They form a defensive line at the top of a hill.

### **Abner's Tactics**

1. Abner can think under the most adverse of conditions. He was thinking of a place where he could rally the troops and save their lives. He could extricate himself from a disaster by using his mind. He has great brawn. Saul had his brawn; Abner uses his brains. He will drive the Philistines out of this land. He can think under pressure, which is one of the greatest abilities that any man can have. It comes naturally to Abner. It also comes as a spiritual endowment.
2. Abner is a skilled tactition and an expert in hand-to-hand combat. He uses the old Arab upswing.
3. Also note that Abner uses his great conditioning to outdistance both armies so that he can rally his own army. He is not concerned about his own life; he can beat almost anyone. He is concerned for his own army.
4. This emphasizes his combat ability. Asahel is human arrogance and pride. He had no change with Abner. He should have taken Abner's advice.
5. While Asahel was an excellent soldier, we was no match for Abner.

6. Abner picks the perfect terrain for rallying his army. A bottleneck. Everyone has to get back on the highway, and there is this bottleneck, and he knows where they will concentrate. He stops his own troops as they come through and organizes them. This terrain is rugged on both sides, so Joab's army cannot go around. Abner is smart all the way.
7. The MP's direct the troops to the Hill of Alma. They become an organized body of men.
8. Abner's wisdom should be noted. He was cool and competent under fire. He was weak with Saul's women.

2Sam. 2:25 And the people of Benjamin gathered themselves together behind Abner and became one group and took their stand on the top of a hill.

His weakness was not in pride; but he could not get his mind off a particular woman in Saul's harem. He will lose out when it comes to power and approbation lust.

Abner calls out to Joab and asks if the sword will devour everyone. Will there be no end to this slaughter? Joab will now succeed without losing so many of his men. Joab says, "You have now won a battle; do you want to press your luck?" 20 dead in the souther army and 360 dead in Abner's army.

Joab saw his brother's corpse with his guts all over the ground; and Joab is a thinking general. He has to be realistic here. Abner's speech calls for a truce. Joab knows that Abner puts his men first. Abner knew exactly what to say. The bitterness will be from the fact that he has now won a battle, but he could lose it. Joab actually had the smallest force here. Abner has a much larger army, even with his casualties. But there would be a lot of bitterness in the end. "How long before you sound recall?"

Brothers here mean that they are all Jews. Abner is dishonest in one thing. His weakness is, he started the whole thing. He was caught at the pool of Gibeon, so he made a suggestion to get out of a jam, and that got him into a greater jam. Abner is trying to manipulate everything.

2Sam. 2:26 Then Abner called to Joab, "Shall the sword devour forever? Do you not know that the end will be bitter? How long will it be before you tell your people to turn from the pursuit of their brothers?"

This is profanity. It is not, "As God lives." It is an interjection + profanity. It is all in one package here. Bob goes through all the different types of interjection, including, "Whoopie" in a high voice. What is the difference between profanity and interjection? One excludes the name of God and the other has the name of God. The "kiy" is equivalent to our "hell" or "dammit." He is saying, "Dammit to hell, by God, had you not spoken, this wouldn't have happened." Charlie Clough translated a similar phrase correctly and 10 people left his church.

It was Abner's suggestion that set this up. Joab is saying, there would have been no battle; the troops would not have fought one another.

#### A Few Points

1. If you hadn't opened your big mouth, then there would have been no battle.
2. Joab agreed to this. He was blind to it. He could have said, "Let's both water up and move along." Two volitions are involved. Abner says, "I'm not your patsy; you agreed to this." When people are looking for a patsy, they never think to blame themselves. A person is not mature until he takes the responsibility for his own decisions. Joab is the commander and he is in part responsible. Joab made a bad decision and so did Asahel.
3. Abner said, "Why should I kill you; I have nothing to gain and everything to lose in that." Joab will have to explain this to David and to his mother. To David, it is okay; 20 casualties to 360 casualties.

2Sam. 2:27 *And Joab said, "As God lives [By the life of God; By God], if you had not spoken, surely the men would not have given up the pursuit of their brothers until the morning."*

So often people with a great disaster turn stupid.

This trumpet blowing is Joab sounding recall. Armies get their commands by trumpet. Self-discipline can be a real dynamic in the rise of a nation.

Reason replaces battle lust. He has won a battle at a terrible personal cost. Continuing the battle would change everything. Asahel figured he was superior to Abner, and that was a deadly mistake.

2Sam. 2:28 *So Joab blew the trumpet, and all the men stopped and pursued Israel no more, nor did they fight anymore.*

Abner is on this hill, and he comes down to the Jordan valley. He is in the northern Arabah. He crosses and marches all night.

Abner gives careful attention to his retreat. In this decisive defeat and being demoralized, Abner makes a night march of this, so that there is no organized pursuit. He selects the Arabah because it is wide open. Once he gets to the gorge, he is safe. That is the best way to extract his army.

2Sam. 2:29 *And Abner and his men went all that night through the Arabah. They crossed the Jordan, and marching the whole morning, they came to Mahanaim.*

Joab's casualties are numbered here. 12 were at the pool of Gibeon.

2Sam. 2:30 *Joab returned from the pursuit of Abner. And when he had gathered all the people together, there were missing from David's servants nineteen men besides Asahel.*

The army of David caused many casualties on Abner's army.

2Sam. 2:31 [But the servants of David had struck down of Benjamin 360 of Abner's men.](#)

They marched all night. He marched by Jebus, a great fortress, and he stopped at Bethlehem, and buried his brother, and they he got to Hebron at dawn. This is a 26 mile march, 15 miles on the last leg. They are in phenomenal shape. An army that can fight and then march like this, is an amazing army.

2Sam. 2:32 [And they took up Asahel and buried him in the tomb of his father, which was at Bethlehem. And Joab and his men marched all night, and the day broke upon them at Hebron.](#)

**1Chron. 10:13- 11:1**

**72David**

**631\_0145**

**12/23/1974 Doctrine of the sin unto death; biography of Gen. Billy Mitchell**

It is 7 months later, and Bob goes into 1Chronicles. This is a Christmas special, or Happy Monica to you.

We are momentarily skipping the civil war. We are going to look at the promotions of David. But we have to back up first and see a demotion. Saul's demotion is, he was killed. This will be the demotion of a reversionist. Stay in reversionism long enough and you will be demoted. You never stand still; you go forward or backward.

### **Sin unto Death**

1. The sin unto death is the means by which the reversionistic believer is transferred from time to eternity in disgrace. This is demotion; maximum discipline and the dying is miserable and painful. It is a series of the most ghastly soul and physical pains. Dying by way of demotion is the worst thing that can happen to a believer. You need to be so upset about dying that you get back onto doctrine. The sin unto death is a misnomer; it is not a particular sin.
2. Documentation: Psalm 118 1John 5:16 you have to live on Bible doctrine; you cannot live on the tripe that is peddled today. There is no such thing as committing a sin that will kill you.
3. The cause for the sin unto death. It is prolonged and unchecked reversionism. Jer. 9:13–16 wormwood and poison water means a horrible, monstrous death. God will send the sword after them. Jer. 44:12
4. Philip. 3:18–19 Rev. 3 the lukewarm; God would vomit them out of His mouth.
5. The sin unto death is terrible beyond description; but it does not mean a loss of salvation. 2Tim. 2:
6. 4 ways to go from time to eternity sin unto death for reversionism, dying grace, pcs under surpassing grace (If I disappear one day and you can't find me, that's the way I went); the rapture generation.
7. Case histories:

- a. It is always some brand of reversionism. Monetary reversionism of Acts 5
- b. Incest
- c. Ritual reversionism
- d. Mental attitude reversionism. 1sam. 13
- e. Verbal reversionism Hymanneus and Alexander
- f. Anti-establishment reversionism. The reign policy of Hezekiah.
8. Rebound is a factor in reversionism recovery. 1Cor. 11:31 James 5:20
9. Consistent function of gap is necessary for reversionism recovery. "Hey, smarty, you in the back, you don't talk when I am talking! You're new around here; I can tell that about your long hair. If you don't like it, then get the hell out." Come near to Him and He will come near to you.

Saul died a reversionist. He was treacherous; he was jealous; he was arrogant. You cannot have those characteristics without being reversionistic. Arrogant people are in trouble all the way. He never got over his jealousy. The worst thing that could happen to anyone is being unfaithful to the Word of God. With doctrine in the soul, you are an island to yourself. If you lose it, then you have not guarded it; that is what happened to Saul.

Saul also asked counsel of a demon-possessed medium.

1Ch 10:13 Therefore, Saul died for his breach of faith. He broke faith with the LORD in that he did not keep the command of the LORD, and also consulted a medium, seeking guidance.

Saul did not seek guidance from the Lord, so the Lord killed him. Hiphil stem means, God caused him to die. He transferred the kingdom to David.

#### **Promotion by God**

1. God demotes reversionist and promotes the supergrace believer. Saul tried to be great and never made it. David relied up God and God promoted him.
2. Reliance on doctrine promotes one believer and demotes another. You cannot change evil; evil can change you. You cannot change doctrine; doctrine can change you.
3. God's grace operates on God's ability. God demotes the reversionistic believer and promotes the supergrace believer. God's grace operates on God's ability; it does not depend upon human ability.
4. Jesus Christ controls history.
5. Part of this divine function in controlling history is to demote the reversionist and to promote the believer with doctrine.
6. David's response to his promotion is found in many passage. 2Sam. 22 Psalm 18

we will look at David's military, personal promotion and political promotion.

1Ch 10:14 He did not seek guidance from [search for] the LORD. Therefore the LORD put him to death and turned the kingdom over to David the son of Jesse.

In Feb. 1936, one great military general was buried without honor. This is often the way that this country treats its heroes. Benedict Arnold was originally a great hero. This man inspected every airfield of the allies. He flew in combat in innumerable missions. He had just completed training, an infantry division that he would drop behind German lines. No one had ever thought of this before; it was his idea. Born in 1879 in Wisconsin, son of a Senator? He became an expert shot and horseman. One of the youngest men to enter George Washington University. He went through the Spanish-American war and he won a commission in the United States army. Stationed in Alaska. Holds the world's record for a 24 hour dog sled. He was the youngest captain in the United States army. He learned how to fly on his own. He saw the tragic neglect of air power after WWI. His name was Billy Mitchell. He advocated for a new branch of the military. Congress would not spend any money on the aviation corp. He challenged the Navy, saying that a plane to take out a ship. 3 were sunk to show that it was true. On the last one, there were bombs all near misses and it sunk in 20 min. Congress continued to cut; and Mitchell wrote magazine articles and Germans and Japs agreed with him, and they built up their air. Mitchell was demoted to colonel and moved to Texas. He made a strong statement to the press, and he was court marshaled. Only one man voted for his acquittal, Douglas MacArthur, who used every one of Mitchell's ideas. Mitchell resigned and continued to crusade for air power and he predicted a Japanese attack against Hawaii, the Philippines and Alaska. He predicted planes traveling 1000 mph, air to air refueling, and several other things. He died of a heart attack at age 56 a demoted person. After he died and after the attack on Pearl Harbor, they recognized that he was one of the greatest men every lived and he was awarded a Congressional Medal of Honor. They presented it to Mitchell posthumously. He was eventually promoted; promoted 3 times and ended up a Lieutenant General. The promotion does not mean a damn thing. This vindication, this promotion after his death, indicates that we aren't very bright. If it were not for the grace of God Who protects the stupid, we'd be destroy.

God never had hindsight; God always has foresight. God's promotions come in a person's lifetime. We know about SG3 based upon what happens in life. The promotion of David is God's grace and wisdom. God knew that David would be a grace product.

### Introductory Points

1. The promotion begins here in v. 1. David was promoted while Saul was being demoted. The entire nation was now united. When God promotes, everyone knows about it. God rubs this in the noses of those who did not like David. Worst thing in the world is to be jealous of a believer that God has promoted. Nothing worse than to be jealous of a person promoted by God. To be jealous of someone God promoted is ludicrous. It is the closest thing to being psycho without being there.
2. This occurs after the death of Ishbosheth, which we have not studied yet.
3. The chronology of this promotion

4. The civil war where Abner led the forces of Saul against David is discussed in this area.
5. The story includes Abner's desertion of David, the final murder of Ishbosheth and abner, which brings the war to a close. This civil war demonstrated the incompetency of anyone in Saul's dynasty to rule.
6. Chronicles omits the civil war. It opts to teach certain doctrines. It is not to teach the entire life of David.

Every town and city sent representatives to Hebron, where David had his capitol. Of their own free will, they began to talk it up; the only hope of Israel was David as their king. They began to recognize that Saul was no good. This was a divine promotion. When God gets ready to promote you, no matter how much the average weak sister disagrees with you, they will still go along with you when it is time. That is a part of divine promotion. They were not all in agreement with David. Bob got into a one-arm pushup contest with Gary Horton last night.

Men in Berachah Church have actually been persecuted by superior officers because of their short hair. That happens when you have libs and gutless wonders. When God promotes, it sticks. God's men are always in the minority. They are always holding ideas that are right and often disparaged.

When God gets ready to promote, there is no one who can stop them. Bobby's talk that southern gentlemen are the backbone of the officers. Stay with principles and your time will come. God opens up things in the most remarkable ways.

Hebron is David's headquarters. This group spoke by a representative. The assembled representatives of all the tribes recognized that the civil war was fought between men of the same race. They recognized that thou cannot become a great nation when there is disunity. It takes at least 3 generations for a country to recover from a civil war.

"Bone and flesh" also recognizes the laws of divine establishment. They must have their freedom and freedom without security is not freedom. There needs to be a strong nation with a strong military to secure the freedom. You never get your security from a government check. It is from being a free people living under establishment.

They must have freedom. The adversities of the civil war. To be a free people, there must be authority. There are God-given authorities in history. They recognized David as that authority from God. They are requesting an absolute monarchy.

1Ch 11:1 Then all Israel gathered together to David at Hebron and said, "Behold, we are your bone and flesh.

Someone dropped something, and the name inside says, "Bah, humbug." Obsolete hat? Can you imagine anyone wanting to go anywhere behind reindeer?

1Ch 10:13–14 Therefore, Saul died for his breach of faith. He broke faith with the LORD in that he did not keep the command of the LORD, and also consulted a medium, seeking guidance. He did not seek guidance from [search for] the LORD. Therefore the LORD put him to death and turned the kingdom over to David the son of Jesse.

Saul was demoted through reversionism.

It is God's desire to promote, in history, particular believers from time to time.

Our happiness resides in our soul because of Bible doctrine in the soul. It does not depend upon material things, promotion or people. David's response to his promotion in Psalm 18 and 2Sam. 22.

Military promotion in vv. 4–9. David had a great deal of magnetism; but that just means that people love you or hate you. We call that, today, a controversial figure. However, when promoted, even those who oppose you go along with it.

The gist of what they said was this, "In times past, even when Saul was king, David came into their attention."

#### **Some Points On: in Times Past, Even When Saul Was King,...**

1. This phrase speaks first of all about lost opportunity for Saul. The concepts that went into our government were phenomenal. Saul was very tall and handsome, and therefore, a very shy person. He was also quite wise. When he came to power, he was criticized by the SOB's. This is a reminder of lost opportunity. Do not lose your opportunities. By the consistent intake of Bible doctrine, you grow and make use of the time given you. Day in and day out, preparation; taking in doctrine every single day. When the opportunity comes, be like Eleazar ben Dodo. He saw his opportunity and he took it. He took his sword and said, "Ranger," and moved out. When he was through, his hand was cramped on his sword, and all around him were all of these dead bodies. He was surrounded by wealth, because the Philistines carried their wealth on them. It was just like Christmas.
2. The second lesson is, Saul was a product of grace, but he did not appreciate grace. He neglected doctrine.
3. Only Bible doctrine resident in the soul provides appreciation for and orientation to the grace of God.
4. The absence of doctrine in the soul and lack of grace orientation, creates a vacuum filled with arrogance, pride, mental attitude sins.

God cannot use a reversionist. He can only discipline such a one. However, during this time, there was someone that Saul was preparing. The subject is leadership here. There are two Hiphil, to lead and to bring in. This is a reference to David. "You, as a military

commander, exercised military command over Israel.” Saul require 100 testicles in order to marry Michel; and David brought him 200; sort of a Christmas present.

Military service is one of the greatest preparations for anything in life. Every nation ought to have universal military training. David has all kinds of military training. He was first in Saul’s army; then he had the Addullem battalion, and then he had the Judæan army; finally, the entire army of Israel.

1Ch 11:2 In times past, even when Saul was king, it was you who led out and brought in Israel. And the LORD your God said to you, 'You shall be shepherd of my people Israel, and you shall be prince over my people Israel.'

David’s preparation for greatness.

### **The Importance of Bible Doctrine**

1. Bible doctrine is the content of the Bible communicated by teaching and instruction. Bible doctrine is what is in the Bible; it is what is taught from the Bible. Bob cannot grill in; he cannot inculcate enough. Military training is the worst thing in the world for a woman; it defeminizes her; but it is great for the man.
2. Words for doctrine:
  - a. Emeth, chachmah
  - b. ἐπίγνωσις. Sunêsis; sophia, and there are others.
3. The legacy of the believer is Bible doctrine. Psalm 138:2 I will worship toward the Temple and praise. Yadav is the use of Bible doctrine toward God. Praise is the expression of category #1 love.
4. Because of Your grace and your doctrine and celebrate Your Person, because You have magnified your Word above Your name. This is establishing a command post in your soul.
5. Last sentence of Jesus, “Into Your hands, I have delivered My spirit for You have delivered Me, O God of doctrine.”
6. Bible doctrine preexisted the human race. Prov. 8. Evil was here before we got here and it will be here after we’re gone; evil is communism and liberalism. Evil always says that there is a solution to man’s problems apart from God. There is no solution ever apart from God. Many of us will be involved in all kinds of trash. To clear up the air or to destroy all the factories. But you waste a whole life charging windmills. You cannot change evil, but evil can change you. Doctrine stands; always will. What you are tonite is what you are all year. Women love the humidity in Houston; it is not how they feel, it is how they look. Good for the skin.
7. Doctrine preexisted the human race. You cannot change doctrine; doctrine can change you. If doctrine has not changed you, then evil has.
8. Attitude toward doctrine determines whether the believer is blessed or disciplined in time. Prov. 8:33 if you reject doctrine, then evil will change you.
9. Therefore, doctrine is the basis for the distribution of supergrace blessings.
10. Basis for surpassing grace blessings in eternity.

11. Bible doctrine is more real than empirical knowledge. If there is a conflict between Bible doctrine and what you see, hear or think, then doctrine is right.
12. Lack of Bible doctrine destroys a nation.
13. Bible doctrine is part of the principle of living grace in phase II. Temporal factors; spiritual factors;
14. The plan of God is both advanced and vindicated through Bible doctrine. God the Father made a decision to crush Him on the cross. When You will appoint His soul as a trespass offering. You are God the Father's Christmas present to Jesus Christ. Jesus Christ was alone seated at the right hand of the Father; but He will not be alone based upon the cross.
15. The pastor or the communicator of doctrine establishes the balance of residency in your soul.
16. Therefore, the importance of the consistency of the intake of Bible doctrine. Heb. 10:35–36 the promise is the special blessing. David carried off all of these blessings because he was a prepared man with doctrine in the soul.
17. Establishment of the command post in the soul.
18. Confidence is a result, as is divine viewpoint, orientation to God's plan and therefore orientation to history. Stability of mind,
19. Basis for divine guidance. You must have the command post of doctrine in the soul.
20. Occupation with Christ principle; loving God to the maximum. Attaining the surpassing grace blessings into eternity.
21. Synonyms for doctrine in the soul; command post of the soul (Eph.); crucifixion synonym of taking up one's cross; priestly building the altar in one's soul; the theological synonym of more grace; putting on the armor of God; redeeming the time; salt of the earth. Bible doctrine in the soul is the means of promotion.

1Ch 11:2 In times past, even when Saul was king, it was you who led out and brought in Israel. And the LORD your God said to you, 'You shall be shepherd of My people Israel, and you shall be prince over My people Israel.'

because he was a prepared man and because he had an extensive life of military training. God said to David, "You will shepherd My people Israel and you will be a prince over My people." Psalm 78:70 summarizes it.

Spiritual preparation; he gapped it to supergrace. Establishment training is military training. No more unusual testing in the world than an army wife. Adjusting to each base and when her husband comes back, and she is the duchess of Marlborough, giving him first class treatment. That is a great woman. She will make that man her home, her life, her everything. The army wife has been pushed around more than any other group in our society.

Abigail said to him, "And shall appoint you ruler over Israel." If God does not prepare you, then he does not promote you.

2Sam. 22 and Psalm 18 are all about David's promotions. Representatives came to Hebron. Abner led the forces of Ishbosheth against Joab. The murder of Ishbosheth shut down the civil war.

1Ch 11:1 Then all Israel gathered together to David at Hebron and said, "Behold, we are your bone and flesh.

Leading them out and bringing them in is simply an execution of military commands.

David followed the colors to the high ground and then he stayed on the high ground. David has been a millionaire now for 6.5 years, but his focus is upon the command post of the soul. David has maximum doctrine in his soul and he has 20 years of military service. Even if you do not stay in the military, it prepares you for life. Discipline, unfairness, great sacrifice, misery. All kinds of people, failure, success, exposure to the elements, etc.

You are not here to raise hell, to make conversations with some doll, to be ill mannered; if that is what you want, then skip this part.

#### Doctrine of Warfare

1. The concept of warfare:
  - a. In spite of man's efforts for peace, warfare will exist until the Millennium. You cannot abolish war with peace treaties.
  - b. The Millennium will be the exception. Isa. 2:4
  - c. Man will not accomplish in the Church Age or the Tribulation what only Jesus can do.
  - d. War is a legitimate part of history and God brings to the front those ready for the crisis. War can be used to kill the leeches. Those who come in for various government checks. Sometimes God kills off the great people and allows the leeches to live. History is made up of war and peace.
  - e. Peter was all blow and no go. He did not know how to handle his sword. If a criminal picks up a weapon to use it, he will be executed. The person living by the sword is the criminal. Jesus never petitioned Rome for sword legislation.
2. Under the laws of divine establishment pertaining to divine institution #4, all national freedom comes through spiritual and establishment factors. Neh. 4:8-9 God tells them not to be afraid. Fight for your brothers, your sons and daughters, your wives, your homes. Failure of the military indicates a lack of character or stability of a people. It demonstrates the degeneracy or nobility of a people.
3. The military image of Jesus Christ. In Jewish history, it is obvious. It began at the Exodus at the Great Sea? Joshua discovered that he did not succeed. God let him

know that He was in charge of the armies and not Joshua. Jesus holds all of the battle records including killing 185 thousand.

4. The principle of universal military training. God said that there would be universal military training. For a portion of every man's life, he went into Israel's army. Only way to get out of it is one year of being married. A census is taken for an army. Num. 31 everyone was mobilized but only 1000 from each tribe was chosen. Mobilize everyone, but only take the best. God wanted to make certain that Israel stayed in shape so that he learned to fight. This was done to test Israel.
5. 1Chron. 5:19 tribes of Arabs and very warlike Arab tribes. The war was from God.
6. Num. 32:6ff draft dodgers are considered to be sinful.
7. The maintenance of peace via the military deterrent. Joshua 11:23 Psalm 46:7-9 peace through military victory. God makes wars to cease from the end of the earth. God protects from the evil warlike nations. They will try to get us to disarm so that they can attack us. But You, O God, will bring them down to the pit of destruction...but I will trust in you.
8. God scatters the nations who desire to attack.
9. There is the nation which sounds like they are for peace but they are for war. Jer. 6:13-14
10. The supergrace believer has a role in warfare. Heb. 11:34 Psalm 27:3 the supergrace believer is protected in combat
11. Leadership in warfare for another time.
12. Warfare demands moral and battle courage. Judges 5:8 there were not shields or spears. God's overruling power; Ethiopians and Libyans both delivered into the hand of Israel. God provides support for those whose heart is continuously.
13. Women have suffer when the military is weak. Isa. 3:16-26 all their great jewelry and perfume and wardrobes will be lost. Jer. 6:22ff give the cruelty of an invading army. It is against the daughter of Zion.
14. Principles of warfare.
15. Warfare and the civilian
16. Warfare and spiritual growth.
17. Warfare and the military is the means of preparing people for life and future greatness. 2Sam. 5:2

### Doctrine of War

July 21, 2010 from [http://gracebiblechurchwichita.org/?page\\_id=313](http://gracebiblechurchwichita.org/?page_id=313)

1. War will continue to exist until the Millennium in spite of man's efforts for peace; man will not bring in permanent world peace (MATTHEW 24:4,6,7; MARK 13:5,7,8; LUKE 21:10; 1 THESSALONIANS 5:3; ISAIAH 2:1-4).
2. We are not to be terrified by these things (LUKE 21:9).
3. There is a time for war (ECCLESIASTES 3:8).
4. War is for adult males, not women and children (NUMBERS 1:3,26; DEUTERONOMY 24:5).

5. A strong defense is sanctioned by God. Predator nations are best countered with a strong defense (NUMBERS 2:1-32; NEHEMIAH 4:15-23).
6. There is a time when it is a sin not to go to war (NUMBERS 31:1-8; 32:1-23).
7. War demands mental attitude courage (DEUTERONOMY 20:1-14).
8. The most important asset in war is Bible doctrine in the soul (PSALM 27:3).
9. God provided strength and training for David the military man (PSALM 18:34).
10. Military men are cited as super grace heroes of the faith (HEBREWS 11:32-34).
11. War demands planning (LUKE 14:31; PROVERBS 24:1-6).
12. Certain nations plot war and seek to destroy freedom of others (PSALM 104:1,2; NEHEMIAH 4:1-8).
13. War is sometimes used as a national discipline (2 CHRONICLES 16:9; DANIEL 1:1,2).
14. The believer is to fight for:
  - a. Divine Institution #4 nation.
  - b. Divine Institution #3 family.
  - c. Divine Institution #2 wife.
  - d. Divine Institution # 1: volitional freedom.
15. The concept of the military:
  - a. Under Divine Institution #4, national freedom comes courtesy of the military.
  - b. There are two factors which protect a nation:
    - i. Spiritual factor: doctrine (GENESIS 14:17-20; NEHEMIAH 4:8).
    - ii. Establishment factors: good training, tactics, strategy, the courage of the military.
  - c. Failure of the military may be caused by:
    - i. Lack of courage.
    - ii. No self-discipline.
    - iii. Poor military discipline; no respect for authority.
    - iv. Lack of spiritual incentive to fight.
    - v. Unrighteous cause.
  - d. The status of the military is an indicator of national character.
16. The military image of the Lord Jesus Christ:
  - a. He fought for the Jews of the Exodus generation (EXODUS 14:13,14).
  - b. He fought for the conquest generation (JOSHUA 10:8-14).
  - c. He fought for Israel during the Assyrian campaign (ISAIAH 36:1-37:38).
  - d. He will fight for Israel at Second Advent (ZECHARIAH 14:1-3; REVELATION 19:11-21).

1Ch 11:2 In times past, even when Saul was king, it was you who led out and brought in Israel. And the LORD your God said to you, 'You shall be shepherd of my people Israel, and you shall be prince over my people Israel.'

God told David and He would promote him. Psalm 78: tells about this. God shepherds them and guides them with skillful hands. If you are not prepared, God will not promote you.

People can be stupid in groups; and sometimes they need a shepherd to lead them and to provide protection. Free enterprise and security. One is the economy and the other is the exterior program of the military to protect the people.

Some of you are just beginning to wake up and enjoy life. You are beginning to enjoy your life. You are learning that your spiritual life must precede your social life.

The laws of the land must punish the criminal but allow for free enterprise. There must be business, supply and demand. There should be no government telling you who to hire and fire and there ought to be a minimal number of regulations.

God only promotes prepared people; to us, that is supergrace. We are preparing ourselves in Bible class to have capacity for life.

You can't pass a law to make people to be nice to someone; you must have them next door; you must associate with them, you must like them. The lib is insane. He is without knowledge of doctrine or historical perspective.

He will be a prince, indicating that the people will love and respect him. William was such an ass that he made it easy for the communists? Not sure on the name. A religious family man.

1Ch 11:2 In times past, even when Saul was king, it was you who led out and brought in Israel. And the LORD your God said to you, 'You shall be [become] shepherd of my people Israel, and you shall be [become] prince over my people Israel.'

### Summary

1. The people of Israel got around to recognizing that David was their proper ruler. David was the only man who was great and qualified to be a ruler. Saul was tall, dark and handsome; he was nice and sweet and shy.
2. There are 2 ways to do anything; the hard way and the easy way. Israel did it the hard way. That is accomplished through reversionism. The easy way is accomplished through doctrine. There is always doctrine and evil. Evil is the sum total of Satan's plan; evil is a system of taxing industries and social security and our erroneous system of income tax, our inability to recognize great nations like Rhodesia and South Africa. You cannot change evil but evil and change you. Saul was changed by evil. David was changed by doctrine.
3. There had been violence, assassinations, civil war, the invasion of the Philistines, and, as a result, there was chaos.
4. Chaos can only be diminished by the restoration of authority and leadership.
5. David is God's man for the crisis of Israel as he was at Ephrys-damim.

6. **David must have his own command post, doctrine in the soul.**

Local rulers came to David. There is no election necessary. They are recognizing God's will. David cut a covenant with them. They chisled it into stone. This was the magna carta of the kingdom. This included David's responsibility. David has the authority and will become their ruler; every person with maximum authority is also a servant. He was their servant to protect their freedom and privacy. He protects their freedoms from criminals on the inside and enemies on the outside. He has doctrine in his soul and this is the follow through of supergrace living.

The people confirm what Samuel did many years ago. David made a contract or a covenant with them before the Lord. Whatever the details were of this covenant, this was the magna carta of Israel. This was the basis by which they became a great nation. This was the means by which good government prevailed. David had the authority and he surrendered to them certain privileges of freedom. They had a constitution. No nation can exist without a clearly defined system of authority and freedom.

David followed those policies, which we will study tomorrow.

1Chron. 11:3 So all the elders of Israel came to the king at Hebron, and David made a covenant with them at Hebron before the LORD. And they anointed [appointed by unction] David king over Israel, according to the word of the LORD by Samuel.

**2Samuel 2                      1Chron. 11:4; Ps. 18:1-50; 101:1-8 72David                      631\_0148**  
**12/26/1974 David's system of knighthood; principles of promotion and policy**

**The Principle of Promotion**

1. God demotes the reversionist and He promotes the supergrace believer.
2. The reversionist is influenced by evil; the supergrace believer is influenced by doctrine.
3. Doctrine and evil are absolutes; they were here before we came and they will be here after we are gone.
4. Evil includes sin and human good, economic panaceas, socialism, internationalism, religion, social panaceas for the improvement of the world. Satan's policy is evil. Sin is a small part of evil. Using law to solve social problems and economic problems. The enslavement of the American people; bribery by federal funds. Our foreign policy is evil; our domestic policy is evil. Attempt to raise the level of the Black man by bringing down whites. The military is no one's laboratory.
5. You cannot change evil but evil can change you. No one has ever made a dent in evil. No one has ever solved the social problems of life or the economic problems of life. Even though the devil is a genius, he cannot solve the problems which he created himself. You cannot change evil; you cannot get involved in social action and the social gospel and change evil. Evil can change you.
6. You cannot change doctrine, but doctrine can change you.

7. Promotion from God depends upon being changed by doctrine rather than by evil. It is being changed by doctrine resident in your soul.
8. Therefore, attitude toward doctrine promotes one believers and demotes another. Like King Saul
9. God's grace must operate on God's ability. Therefore, there is no room for human ability, human talent, or human schemes. There is only room for doctrine in the human soul and grace blessing from God.
10. Jesus Christ controls history and history is made up of individuals. The principle of demotion and promotion.

### **The Principle of Policy and Promotion**

1. When God promotes a supergrace believer, he must have a policy to go with his promotion. Even if you are simply looking to find your rm. Whenever you are promoted by God you must have a policy to go with it.
2. This policy must be guided by Bible doctrine in your soul.
3. In being promoted, the believer advances in the sphere of his daily activity. It may be a profession, a business, a job, as a student.
4. During the process of moving up, share in his advance or blessing.
5. David began formulating policy to advance others as well as himself.
6. David established a military knighthood. What a way to

### **David's System for Knighthood**

1. David had a policy to create a military knighthood, based on the Jewish heroes under Saul, those from the Cave of Addullem and the army of Judah. Napoleon did this at a much later date in history. He created a new one. The British had a similar thing; they created a military nobility. These are decorations for military officers, and these decorations included great stipends as well. Bob gives several examples from Napoleon and from Britain. God promoted David had a policy based upon doctrine.
2. Supreme rank; David is king; chief rank, which belong to Joab; 3<sup>rd</sup> rank is called knights of the first class; 4<sup>th</sup> order, the knights of the 2<sup>nd</sup> class; finally, the knights of the 3<sup>rd</sup> class, 30 men. 37 in all. 30, 2, 3, 1 and 1 going backwards.
3. The promotion of David meant the promotion of those who stood by him; supergrace blessing overflows to others. A supergrace believer becomes a source of blessing to others.

David had an attitude in this promotion, found in Psalm 18:

Psalm 18:1 [To the choirmaster. A Psalm of David, the servant of the LORD, who addressed the words of this song to the LORD on the day when the LORD rescued him from the hand of all his enemies, and from the hand of Saul. He said: I love you, O LORD, my strength.](#)

Rock is stability and fortress refers to the importance of the military. There is constantly a military analogy. When God promotes us, He is the shield.

Psalm 18:2 The LORD is my rock and my fortress and my deliverer, my God, my rock, in whom I take refuge, my shield, and the horn of my salvation, my stronghold.

Even David's enemies went along with making David king.

Psalm 18:3 I call upon the LORD, who is worthy to be praised, and I am saved from my enemies.

V. 4 is all about Saul's persecution of David and other problems that he face.

Psalm 18:4 The cords of death encompassed me; the torrents of destruction assailed me;

Psalm 18:5 the cords of Sheol entangled me; the snares of death confronted me.

God heard David call to him.

Psalm 18:6 In my distress I called upon the LORD; to my God I cried for help. From his temple he heard my voice, and my cry to him reached his ears.

God's wrath against Saul and his kingdom.

Psalm 18:7 Then the earth reeled and rocked; the foundations also of the mountains trembled and quaked, because he was angry.

Psalm 18:8 Smoke went up from his nostrils, and devouring fire from his mouth; glowing coals flamed forth from him.

This is God.

Psalm 18:9 He bowed the heavens and came down; thick darkness was under his feet.

Still appears to be God?

Psalm 18:10 He rode on a cherub and flew; he came swiftly on the wings of the wind.

Or these are fallen angels, who were attacking while David was at the cave of Addullem.

Psalm 18:11 He made darkness his covering, his canopy around him, thick clouds dark with water.

Human and angelic enemies were what David faced.

Psalm 18:12 Out of the brightness before him hailstones and coals of fire broke through his clouds.

Psalm 18:13 The LORD also thundered in the heavens, and the Most High uttered his voice, hailstones and coals of fire.

Psalm 18:14 And he sent out his arrows and scattered them; he flashed forth lightnings and routed them.

Psalm 18:15 Then the channels of the sea were seen, and the foundations of the world were laid bare at your rebuke, O LORD, at the blast of the breath of your nostrils.

These are the terrible jams that David was in last year.

Psalm 18:16 He sent from on high, he took me; he drew me out of many waters.

God rescued him.

Psalm 18:17 He rescued me from my strong enemy and from those who hated me, for they were too mighty for me.

This was David's own Addullem rebellion.

Psalm 18:18 They confronted me in the day of my calamity, but the LORD was my support.

Psalm 18:19 He brought me out into a broad place; he rescued me, because he delighted in me.

This is supergrace righteousness. Perhaps, experiential righteousness.

Psalm 18:20 The LORD dealt with me according to my righteousness; according to the cleanness of my hands he rewarded me.

Psalm 18:21 For I have kept the ways of the LORD, and have not wickedly departed from my God.

David stayed with the principles of doctrine.

Psalm 18:22 For all his rules were before me, and his statutes I did not put away from me.

David did not compromise with evil.

Psalm 18:23 I was blameless before him, and I kept myself from my guilt.

David in fellowship?

Psalm 18:24 So the LORD has rewarded me according to my righteousness, according to the cleanness of my hands in his sight.

Psalm 18:25 With the merciful you show yourself merciful; with the blameless man you show yourself blameless;

Psalm 18:26 with the purified you show yourself pure; and with the crooked you make yourself seem tortuous [astute; this is with Saul?].

Psalm 18:27 For you save a humble people, but the haughty eyes you bring down.

This is promotion.

Psalm 18:28 For it is you who light my lamp; the LORD my God lightens my darkness.

Combat experience.

Psalm 18:29 For by you I can run against a troop, and by my God I can leap over a wall.

Psalm 18:30 This God--his way is perfect; the word of the LORD proves true; he is a shield for all those who take refuge in him.

Psalm 18:31 For who is God, but the LORD? And who is a rock, except our God?--

Psalm 18:32 the God who equipped me with strength and made my way blameless.

David is fast.

Psalm 18:33 He made my feet like the feet of a deer and set me secure on the heights.

David is prepared for war by God.

Psalm 18:34 He trains my hands for war, so that my arms can bend a bow of bronze.

Psalm 18:35 You have given me the shield of your salvation, and your right hand supported me, and your gentleness [grace] made me great.

God does not promote reversionists.

Psalm 18:36 You gave a wide place for my steps under me, and my feet did not slip.

David completes the destruction of his enemies.

Psalm 18:37 I pursued my enemies and overtook them, and did not turn back till they were consumed.

David killed the enemies in battle.

Psalm 18:38 I thrust them through, so that they were not able to rise; they fell under my feet.

Psalm 18:39 For you equipped me with strength for the battle; you made those who rise against me sink under me.

His enemies retreated.

Psalm 18:40 You made my enemies turn their backs to me, and those who hated me I destroyed.

Reversionists cry.

Psalm 18:41 They cried for help, but there was none to save; they cried to the LORD, but he did not answer them.

David wiped them out.

Psalm 18:42 I beat them fine as dust before the wind; I cast them out like the mire of the streets.

David was delivered from bitchy and nagging and contentious people.

Judah and the northern kingdom.

Psalm 18:43 You delivered me from strife with the people; you made me the head of the nations; people whom I had not known served me.

Foreigners submitted to David. They either surrendered or worked for David.

Psalm 18:44 As soon as they heard of me they obeyed me; foreigners came cringing to me.

Psalm 18:45 Foreigners lost heart and came trembling out of their fortresses.

Psalm 18:46 The LORD lives, and blessed be my rock, and exalted be the God of my salvation--

Psalm 18:47 the God who gave me vengeance and subdued peoples under me,

Psalm 18:48 who delivered me from my enemies; yes, you exalted me above those who rose against me; you rescued me from the man of violence.

David wanted to build a Temple; he first established a permanent peace; then, with Solomon and peace, a Temple could be established. Unconditional surrender or death. David gave the next generation peace. Solomon had an army but it was never used. No one wanted to fight. Peace in our time means, we slaughter the enemy today. Enemies are impressed by seeing their own people dead.

The communists have enslaved most of the world because we allowed this. But we did not exercise our power and strength.

Psalm 18:49 For this I will praise you, O LORD, among the nations, and sing to your name.

David's promoted.

Psalm 18:50 **Great salvation he brings to his king, and shows grace to his anointed, to David and his offspring forever.**

David's policy on promotion is found in Psalm 101. God promotes the supergrace believer, the one changed by doctrine and not changed by evil. If you are trying to solve the world's problems through legislation, you are evil and God will not promote you. Bussing is an evil concept; the social gospel; reducing the military; anyone trying to fight crime by taking guns away from law abiding citizens. God promotes the person who is motivated by doctrine.

Evil has been here before us. Evil will be here after we die. All religion is evil. Evil influences the reversionist. If that is the case, there is no promotion.

People sing to have fun, to worship, because they are musical, some because they are arrogant. Of all the words mistranslated, *grace* is the one most often in the KJV.

David could have killed Saul, but he didn't. David recognizes the volition of Saul and of God and allowed them to play out.

Psalm 101:1 **A Psalm of David. I will sing of grace and justice; to you, O LORD, I will make music.**

David is motivated toward a policy of wisdom; he has doctrine in his soul. He will become wise in a mature way. The Hiphil can refer to motivation. David's home is a castle. David has learned that, once God promotes you, you must utilize the doctrine in your soul. David's command post becomes policy.

Psalm 101:2 **I will ponder the way that is blameless. Oh when will you come to me? I will walk with integrity of heart within my house;**

David places or appoints. David will not be influenced by the sons of Belial.

Psalm 101:3 **I will not set before my eyes anything that is worthless. I hate the work of those who fall away; it shall not cling to me.**

Psalm 101:4 **A perverse heart shall be far from me; I will know nothing of evil.**

When God promotes you, there will be those who are jealous, vindictive; they will disagree with your policies, and they will spend time working against you.

For slander, you cut out their tongue. The arrogant and the ambitious would be removed from government.

Psalm 101:5 **Whoever slanders his neighbor secretly I will destroy. Whoever has a haughty look and an arrogant heart I will not endure.**

David's eyes would be on the doctrinal ones. David set up a wonderful social life. His castle is called Zion on the southern end of a high ridge. He will build a great fort on the north end called Milo, and Jerusalem would spring up in between. A castle, a garrison and a lot of relaxed people.

Psalm 101:6 *I will look with favor on the faithful in the land, that they may dwell with me; he who walks in the way that is blameless shall minister to me.*

The person who is deceitful will have no place in David's government.

Psalm 101:7 *No one who practices deceit shall dwell in my house; no one who utters lies shall continue before my eyes.*

This is the policy of David, one which belongs in a situation like this.

Psalm 101:8 *Morning by morning I will destroy all the evil ones in the land, cutting off all the evildoers from the city of the LORD.*

Now we go back to 1Chron. 11. David is now the king of Israel. David used to have a capitol at Hebron, but he has moved. David would not use Hebron and he would not use Bethlehem; so he would move the capitol. Jebus was an eyesore; these people were so warlike that they had not been conquered for 400 years. They are a great race; a warrior race; and David decides that would be his capitol. David as the king would set up a capitol; a king needs a permanent home and David has not yet had a real permanent home.

The national army always has 12 divisions, but not necessarily matching up with the tribes. There are 12 months in the Jewish year, and each month, a division goes on red alert. There will be 12 generals, and 12 of those 37 knights will be chosen, and they will run the divisions. Each month, one will be on full red alert. We have something like this.

There is supposed to be an IRF for Europe; and there is one in the Pacific. Bob tells us who the IRF is here or there. Apparently several battalions. 4 battalions is not enough. The system exists. The Marine corps has a tremendous system. These were the right kind of divisions.

You cannot send an infantryman against the enemy without having a massive amount of artillery support. The end result would be the slaughter of thousands of well-trained men.

Aggression is the key to military success. Jerusalem was the original name for this place, which is a Chaldean name, which means *the city of peace*. Still this during the time of Ramses II. Hittites had moved the Chaldeans out, but then the Jebusites captured it under Adonai Zedek, defeated by Joshua. They were a mountaineering branch of the Canaanites. Joshua burned them out and they went back in and rebuilt. No one defeated them until David.

David figures this is the most secure place in Judah, because it has not been conquered except once. So David now gives the command to move out, and they are on their way to this area north of them.

1Chron. 11:4 [And David and all Israel went \[advanced as a military unit\] to Jerusalem, that is, Jebus, where the Jebusites were, the inhabitants of the land.](#)

**2Samuel 2 1Chron. 11:5 72David 631\_0149**  
**12/27/1974 Doctrine of Zion (point 1)**

Announcements: the Marines have thrown down a challenge to play football against the Rangers at Lee High School. We only have one Ranger, but that's all we need.

The inhabitants of Jebus are tough mountaineers; they have lived there twice as long as our national history.

We have had two wars for independence in our nation, both misnamed by liberals.

They remind Bob of the Afghans in the mountains near India? Being tough, they are also cocky, and their cockiness will be their end. David has been in training for 20 years. He was the boy general, the hero of the Addullem battalion. That professional army included Jews, Philistines, and many others. David developed this smaller army into a larger army. He is preparing to use it to find himself a new capitol.

The Jebus had won too many battles and they were cocky. Arrogance + greatness = ruin. The more that you win, the more difficult it is to maintain that correct mental attitude. True humility is the attitude. Of grace. There are hundreds of things that can turn the momentum of a battle, and the enemy being overconfident is one of them. No matter how well you are trained and use your weapons or no matter what your superiority is, you can lose it all.

Many times, Lee would write to Jefferson Davis, and he attributed his victories to the Lord. He could concentrate on killing the enemy.

What the Jebusites say at this time, the time is about to change. They are about to meet the greatest supergrace believer in that time in combat. David was at the top of his profession; and on the cusp of being promoted.

They are a mountain branch of the Canaanites; and as tough as the valley Canaanites were decadent. "Thou shalt not come hither." Does that sound like what a military man would say? When David was in hearing distance, they said, "No further."

Sunday, we will study the lame and the blind. When two armies of equal abilities clash, the army with the greatest soul wins. What is true of the military is true of life.

The greatest army in Europe and the greatest Bible teaching; in northern German. Brandenburg.

Frederick moved here and started the French and Indian war? They know it as the 7 Years war. Great Prussian discipline. He was outnumbered by the French 2 to 1 and he wiped them out. Everyone recognized that there was a new kingdom in Europe at this time, and it was called Prussia; it became Germany.

The Russians are not a scientific people; as stupid as any Mongolian people, but they have captured German brains. FDR went along with this because he was stupid and he did not understand all of the issues. It takes more than just discipline and training; it takes a mental attitude. Many of these men were supergrace believers. When the Roman Catholics try to destroy the Protestants in France, Frederick the Great. His army had a soul; Bible doctrine in their soul. Their success was a spiritual factor as well as excellent training. The whole trend of modern history began here. David had the same spiritual ingredients that gives an army a soul and the training to endure.

David captured the castle of Jebus; Castle Zion. Milo was the fort that guarded the northern ridge. In between would be built Jerusalem, out of the ashes of the city which would be taken from the Jebusites. Doctrine and a great military is what made the difference here.

#### **David and the Jebusites**

1. The Jebusites challenged David, but they did not realize that he had a greatness which exceeded their 400 years of victory. They did not realize that in eternity past, God the Father had designed for David his very own special paragraph SG2. It included the spiritual blessings, which David was now enjoying. Occupation with Christ; sharing the happiness of God, maximum doctrine in the soul; he had been given great temporal blessings as well. He was now about to be promoted the fortification or castle of sunshine; fort mount sunshine. A beautiful scene in those days; great terrain like the state of Arizona.
2. David stood there looking at that great fort and listening to this chant, "You will not come in here" and he could see that this was his new fort. That citadel was called by his great, great grandfather Abraham *to see*, as Abraham offered up his son Isaac on the southern hill. The holy city in time and forever would be right there.
3. The formality would be the vigorous fighting of David's well-trained army. David would have 37 knights and he has to pick one man out of them to promote. He needs a chief of staff for that entire nation.
4. On this hill, at a later time, Solomon would build a temple. David will build Fort Milo up there and the great city in between. Most beautiful panoramic view that you could imagine. In 40 years, David will bring peace to Israel. There would be peace in his time. Bob would rather fight for the peace than simply live in peace and never be in a battle. You can't have a temple or spiritual blessing until you have the freedom to have it. Valley of Kidron and another and some day, the Temple would stand there. Some day, across the street was Fort Mark Anthony. The Romans

would come out and save Paul. Out from Mark Anthony barracks. During the time of Antiochus Epiphanies, he came and desecrated the temple. He grabbed up Jewish men and killed hundreds of them. The Jews won their freedom and they began on 25Dec. And they had lights; everyone lit up lights, the temple was cleansed, and they had a celebration and parties for a week; and they called it Hanukkah.

David's out there with his generals, and he tells them, that will be my new home. There would be so much activity there. The first Hanukkah and the Roman legions; to the vermin of the earth, the Arabs, using that piece of ground. David will have a whole lifetime of wonderful history. There was fighting there, and in the future, there will be a lot of fighting in the future; and Jesus Christ will come down and great his record when it comes to killing the enemy. Jesus Christ will finish up what David started.

Zion becomes the basis of grace theology. Zion is associated with Jewish blessing and it is a Bible word and a whole system of doctrine. This is based on the military. No such thing as a conscientious objector.

The Baptists sing vigorously, "We're marching to Zion" and they don't even know what the hell it is.

1Chron. 11:5 The inhabitants of Jebus said to David, "You will not come in here." Nevertheless, David took the stronghold of Zion, that is, the city of David.

#### The Doctrine of Zion

1. Zion teaches that Jesus Christ controls history. Zion is a word for the whole system of grace theology in Israel. Zion means grace. Psalm 2:4-6 Jesus Christ controls history. It epitomizes the whole system of grace theology. Israel will exist forever and it represents the great principle that Jesus Christ will control history. He that sits in the heavens shall laugh: the Lord shall have them in derision. Then shall he speak unto them in his wrath, and terrifies them in his sore displeasure. Yet have I set My King upon my holy mountain of Zion (Psalm 2:4-6). They people in government are power mad and this is why Rockefeller is in power right now. Even Nebuchadnezzar went up that mountain at one time. People are slaughtered on the mountain. But that mountain is the holy mountain of the Lord. Jesus Christ controls history and even though David was facing any enemy with superior numbers, David would assault and take that mountain. Zion means the grace of God.
2. Zion commemorates grace deliverance.

2Samuel 2 1Chron. 11:6

72David

631\_0150

12/29/1974 (Introduction) Doctrine of Zion (continued)

Bob played in the Berachah bowl. No broken bones outside of one Marine officer who broke his nose. A lot of mud and a lot of blood on the ground. The Marines had the best score, but Bob's team had the best on age.

1Ch 11:1–5 Then all Israel gathered together to David at Hebron and said, "Behold, we are your bone and flesh. In times past, even when Saul was king, it was you who led out and brought in Israel. And the LORD your God said to you, 'You shall be shepherd of my people Israel, and you shall be prince over my people Israel.'" So all the elders of Israel came to the king at Hebron, and David made a covenant with them at Hebron before the LORD. And they anointed David king over Israel, according to the word of the LORD by Samuel. And David and all Israel went to Jerusalem, that is, Jebus, where the Jebusites were, the inhabitants of the land. The inhabitants of Jebus said to David, "You will not come in here." Nevertheless, David took the stronghold of Zion, that is, the city of David.

Zion is one of those words that has just fallen into our vocabulary; it is just some abstruse word. It is up to us to find out just what this Zion is. We think of all these impregnable forts which were nearly impossible to take over. None is better known than Zion.

There is this high ridge between Benjamin and Judah and it runs from north west to southeast. It is a little slant; not a true north-south ridge. Kidron valley on one side and another on the other side. High ground of the terrain of that area. The Jebusites were burned out in Joshua's day and they went back to fortify it and keep it. Fortification on the northern end which David reconstructed and call Fort Milo. There was no Jerusalem at this time. It was called by the Chaldeans, Urusalem, and by the Canaanite Yebus. The Jebusites were the toughest of the Canaanites. A tough, hardy people.

Zion is more meaningful than that to us.

### **9 Principles Connected to Zion**

1. Zion is the key to Jewish grace theology. Sinai is all about the law and Zion is about grace and promotion.
2. Zion unlocks grace theology for the Old Testament.
3. However, it should be understood that the word specifies a fortified system. Many of us think of bliss as a state of happiness. Bob thinks of it as his first duty station. It is a fort, not a state of happiness. Great posts; one of the best. Zion is first a place and then a concept. Zion is the hill where Abraham offered Isaac. That was a grace function all the way around. The whole thing at that time was called Mount Mariah.
4. Zion was a hill fortification held by the jebusites for 400 years. They maintained their national sovereignty 400 years longer than any of the other Canaanite nations. Zion was a castle captured by David and then made into his own home. David change dthe name to Jerusalem. It eventually became the holy city. There is a little dump in the desert called Mecca.
5. For the next 33 years, David fought many military campaigns and established peace for his son Solomon. Solomon had the chance to build the Temple.
6. When the land was secure, all freedom and peace comes through the military. Then Solomon could build the Temple. The Temple portrayed the whole system of Jewish theology.

7. In time of supergrace prosperity, Zion was associated with blessing. All things were created by Him and for Him.
8. Zion is associated with the discipline of the fifth cycle of discipline. The Chaldeans stormed up that hill at a later time and administered the fifth cycle of discipline at a different time. It has seen many military actions. Jesus Christ will break His Own record for killing in the Tribulation end.
9. A millennial temple on Zion in the future.

These all pale in significance to the doctrinal key of Zion. Zion is all about grace.

1Chron. 11:6 David said, "Whoever strikes the Jebusites first shall be chief and commander." And Joab the son of Zeruiah went up first, so he became chief.

### The Doctrine Zion

1. Zion teaches that Jesus Christ controls history. Psalm 2:4–6 the Lord Jesus Christ laughs at the piddling attempts of Satan to control history. Zion teaches us this great lesson; the power of man and angels is totally insignificant compared to the power of God.
2. Zion commemorates grace deliverance. Psalm 9:9–14 The LORD is a stronghold for the oppressed, a stronghold in times of trouble. And those who know Your name put their trust in You, for You, O LORD, have not forsaken those who seek You. Sing praises to the LORD, Who sits enthroned in Zion! Tell among the peoples His deeds! For he who avenges blood is mindful of them; he does not forget the cry of the afflicted. Be gracious to me, O LORD! See my affliction from those who hate me, O You who lift me up from the gates of death, that I may recount all Your praises, that in the gates of the daughter of Zion I may rejoice in Your salvation. Bob is really happy to be bruised up with football playing. It was a touch game, but Bob thought it might be tackle, and so he did. Once you pass through the gates of Zion, then you are safe; you have been delivered.
3. Zion personifies the restoration of Israel. Psalm 14:7 Israel today is scattered under the fifth cycle of discipline. Oh, that salvation for Israel would come out of Zion! When the LORD restores the fortunes of his people, let Jacob rejoice, let Israel be glad. That same concept exists even today. Our preservation depends upon Who and What Christ is. He recognizes and honors the salt principle. Bob doubts that we will sing "Marching to Zion." Bob got a kick out of everyone singing this hymn and they did not know where Zion was or what marching was.
4. Zion is associated with supergrace happiness and blessing. It means you are gapping it to supergrace. Psalm 48:1–3 Great is the LORD and greatly to be praised in the city of our God! His holy mountain, beautiful in elevation [the high ridge], is the joy of all the earth, Mount Zion, in the far north, the city of the great King. Within her citadels God has made himself known as a fortress. The northern most tip of the land of Judah is Zion; this is the northern part of Judah. When Jesus Christ personally reigns, it will be a castle or a fortification. A tower in the ancient world was a high point; it was the most impregnable area of the wall. David's army

had doctrine in the soul; and they made their assault with doctrine in the soul. Blessing in paragraph SG2; and there are temporal blessings as well. It means for us the construction of the altar of the soul; the command post of the soul. We may see the great prosperity.

5. Zion emphasizes the essence of God. The principle of God's character. Sovereignty. His humor and His perfect happiness. His happiness cannot change. Nothing can destroy His happiness or His sense of humor. Psalm 99:1–5 Psalm 50:1–2 **The Mighty One, God the LORD, speaks and summons the earth from the rising of the sun to its setting. Out of Zion, the perfection of beauty, God shines forth.** People would come from hundreds of miles and they would look up at this high hill and its battlements and high towers. Zion means “beauty in the sunlight.” In the same way, we hold our breath in the beauty of the Lord.
6. Psalm 69:35–36 Israel has a future; they are all over the world. There will be a time when they are all gathered. **For God will save Zion and build up the cities of Judah, and people shall dwell there and possess it; the offspring of his servants shall inherit it, and those who love his name shall dwell in it.** Zion is not really built up today; and there is a Mohammedan mosque on top of it; and that will be removed and there will be no Arabs in a stinking burnous. Zion represents the restoration of Israel and the fulfillment of the unconditional covenants of Israel.
7. Psalm 76:1–3 **In Judah God is known; his name is great in Israel. His abode has been established in Salem, his dwelling place in Zion. There he broke the flashing arrows, the shield, the sword, and the weapons of war. Selah** military victory is related to the concept of Zion. Everything that we have ever had that is worthwhile came through military victory. When that great castle system was taken, David broke the shield and sword of the Jebusites. A great freedom came to the land. This freedom will be restored when David's Greater Son reigns.
8. Psalm 78:68 **but he chose the tribe of Judah, Mount Zion, which he loves.**

We rifled our army before the Battle of 1812.

More stuff about Billy Mitchell. “One bomber can sink a battleship.” They did not like that. He sank an obsolete battleship and cruiser. They got the toughest battleship they could find, surrendered to us by the Germans, and Mitchell dropped 2000 lb. Bombs, none hit the ship; but it still went down. He foretold where the Japs would attack us. He said it would be a Sunday attack. He was demoted and they gave him command of Randolph Field; but he published articles constantly. Only Douglas MacArthur voted for his acquittal. He continued to crusade for air power. He wrote an article about how German air power rules the world. Then Russia and the Japs were making all kinds of advances in these areas. He won more decorations than anyone else, but he was kicked around by our stupid services. He died obscurely and only a few hundred attended his funeral. After Pearl Harbor and after the war began to develop, everything that he said came to pass just as he said. Those who kept quiet were moved up in rank. He was dead and Congress kept promoting him and giving him the Congressional Medal of Honor. “What the hell does it matter after he is dead?” He advocated for a separate air force and it created a great furor. God is gracious and He has infinite wisdom.

David established a military peerage. David was rosch, Sar and melech. There is a system of knighthood that we will study later. Divided into 5 ranks of greatness. David was promoted by God and David promoted everyone else.

Then the knights of the 1<sup>st</sup> class, knights of the 2<sup>nd</sup> and 3<sup>rd</sup> class. The last are called the 30. God allowed David to establish his own peerage. These are all military; not one civilian is named here. Jews would administer the Persian empire; and the Chaldeans had Jews administer their empire (I think?).

8. Zion is associated with David's promotion.
9. Zion is associated with prayer. The power of prayer, the ability of prayer. Psalm 102:16–17 **For the LORD builds up Zion; he appears in his glory; He regards the prayer of the destitute and does not despise their prayer.** God built up Zion from zero and it was based upon prayer to some degree.
10. Zion is associated with the second advent. Psalm 110:1–2 The LORD says to my Lord: **"Sit at my right hand, until I make your enemies your footstool." The LORD sends forth from Zion your mighty scepter. Rule in the midst of your enemies!** Zion always connotes grace; God providing victory; God providing national blessing. Zion is the key to the entire system of the Old Testament.
11. Zion is associated with the entire nation of Israel. No one has destroyed the Jew and no one every will associated with the preservation of the Jews. **Mt. Zion will not be moved, for this time forth and forever; the Lord surrounds His people.**
12. Zion is associated with the curse on anti-semitism. Psalm 129:4–5 **The LORD is righteous; he has cut the cords of the wicked. May all who hate Zion be put to shame and turned backward!** Conservatives have been destroyed because of their attitude toward Israel. This is what has kept them from going anywhere. While we admire conservative policies and politicians, we cannot put up with antisemitism.
13. Zion is associated with the perpetuation of the Davidic dynasty: Psalm 132:13–14 **"This is my resting place forever; here I will dwell, for I have desired it. I will abundantly bless her provisions; I will satisfy her poor with bread.** God has chosen Zion; He has established it for His habitation. Jesus Christ is called the fruit of David's body. Zion is our Lord's capitol forever. The whole concept of Christmas is tied up in Zion.
14. Zion is remembered by the Jews under the fifth cycle of discipline. Psalm 137:1 **By the waters of Babylon, there we sat down and wept, when we remembered Zion.** they wept; their reversionism brought them to tears. Weeping last for a night but joy comes in the morning. The Jews had their regrets. Isn't it nice to have a song that has so much meaning. To look back on our lives and have no regrets. As these people in their shackles and they have arrived in Babylon and they sat down and wept. They had been led there in chains and the wept over what they lost.
15. Zion is associated with maximum happiness and the return from captivity. Psalm 126:1–6 **When the LORD restored the fortunes of Zion, we were like those who dream. Then our mouth was filled with laughter, and our tongue with shouts of joy; then they said among the nations, "The LORD has done great things for them." The LORD has done great things for us; we are glad. Restore our fortunes,**

O LORD, like streams in the Negeb! Those who sow in tears shall reap with shouts of joy! He who goes out weeping, bearing the seed for sowing, shall come home with shouts of joy, bringing his sheaves with him. It is all feast or it is all famine for the believer. It is all feast for the supergrace believer. Those who sow in tears will reap with joyful shouting. Here they have returned to the land. They are carrying a bag of seed. Our bag of seed is doctrine resident in our soul. Many of us walk into church in disaster; it took a lot of trouble, a lot of misery. You were sitting down by the River weeping, as it were.

15 principles related to Zion. Zion teaches that Jesus Christ controls history. It commemorates grace deliverance. Restoration of Israel. Emphasizes the essence of God. Reminded of military victory. Associated with prayer effectiveness, preservation of Israel, with a curse on antisemitism., with the perpetuation of the Davidic dynasty. Maximum happiness on the return from captivity.

All in the Addullem battalion received great material wealth. David received the wealth and it overflowed to those associated with him.

1Chron. 11:6 David said, "Whoever strikes the Jebusites first shall be chief and commander." And Joab the son of Zeruiah went up first, so he became chief.

**2Samuel 2 Psalm 30:1-12 1Chron. 11:6-9 72David**  
**12/29/1974 Founding of Jerusalem**

**631\_0151**

1Chron. 11:1–5 Then all Israel gathered together to David at Hebron and said, "Behold, we are your bone and flesh. In times past, even when Saul was king, it was you who led out and brought in Israel. And the LORD your God said to you, 'You shall be shepherd of my people Israel, and you shall be prince over my people Israel.'" So all the elders of Israel came to the king at Hebron, and David made a covenant with them at Hebron before the LORD. And they anointed David king over Israel, according to the word of the LORD by Samuel. And David and all Israel went to Jerusalem, that is, Jebus, where the Jebusites were, the inhabitants of the land. The inhabitants of Jebus said to David, "You will not come in here." Nevertheless, David took the stronghold of Zion, that is, the city of David.

We studied briefly the promotion of David. There are several principles to study. The promotion of David results in the promotion of those who were faithful to him over the years. David was seen as persona non grata, and still, these people stuck with him, which involved difficulties and adversities. The one who is blessed has the capacity for such blessing. Joab attached himself to David and remained faithful to him. We will note the promotion of Joab and he was one of the more stable people. When they failed or sinned, they did so magnificently. Therefore, it is always necessary to pick yourself up and move forward.

David is the king of Israel now, but he has yet to appoint the various categories of knighthood.

David is at the bottom of the hill. They are shouting down to him, "Lo bo" (you will not come in here).

There is a noun here instead of a verb. David will promote anyone who kills a Jebusite first. The first man who would kill an enemy shouting imprecations from the wall.

1Chron. 11:6 David said, "Whoever strikes the Jebusites first shall be chief [rosh=hear] and commander [sar=prince]." And Joab the son of Zeruiah went up first, so he became chief.

This would be chief of staff. Joab goes up first. Zeruiah is David's sister and she raised her 3 sons to be fierce military men. They were great military heroes. If Bob were a textual preacher, he would preach this passage on Mother's day. She encouraged her boys to become military men. Women, in good times, encourage their sons in this way. This was when the British Empire, and the sun did not set on the Union jack, because everywhere in the world, there would be the British flag flying.

Magnificent women; women who are truly honorable; and they understand that men must go to war. And great army wives, who, when their husbands come home, they make their lives as wonderful as possible. Zeruiah was this kind of a woman.

Her son charges up the hill. He becomes David's chief of staff for life. There was pettiness and there were failures in his life. He did not follow out David's instructions at the end of David's life, as did his brother.

### **The Profile of Joab**

1. Joab was a great military leader with fantastic professional ability. His background was almost unparalleled. His training, spiritual life, and ability all made him a great man in the military. He made it possible for Solomon to build a Temple and for warfare to skip a generation or two.
2. Joab's executive officer in the Addullem battalion.
3. He was also David's nephew. David could be prouder of his nephews than his sons. All of David's sons were from different mothers and they were always playing push pull. David said one thing and the mothers would go off in other directions. Zeruiah was one mother with 3 sons. They played with soldiers and played war. When they became older, they moved to killing the enemy. Joab, Asahel and Abishai were the 3 brothers. All of them entered into David's knighthood.
4. Joab had a tendency to be petty once and awhile. This involved him in some interesting schemes. He killed Abner in revenge. He killed Uriah; but he did protest David taking a census.
5. Joab is famous as a general officer as well as a private soldier. Famous for defeating the following:
  - a. Ammonite-Syrian coalition and protected the northern and wester borders of Isarel.
  - b. The destruction of Edom.
  - c. The Ammonites in the first battle of Rabbah.

d. Another one...

6. Other characteristics; faithful to David all of his life. From the time that he was a little boy, he was faithful to David, for as long as a half-century.
7. Joab was a man of spiritual discernment and sought to dissuade David from doing the wrong thing. When David wanted to number of the people, David was being influenced by evil. David's pride and ego were tied, apparently to this census. Joab was generally a man of divine viewpoint of life.
8. He was famous in the military realm, as a tactician and as a trainer of soldiers.
9. His weakness was pettiness. After David's death, he supported Adonijah in his revolt against Solomon.

These men all had a great spiritual life but with some vacillation. The castle is on one end of the ridge; Millo castle on the other, and Jerusalem would be the city in between.

1Chron. 11:7 **And David lived [to dwell in great blessing] in the stronghold; therefore it was called the city of David.**

This is a song at the dedication of Fort Zion, the fort he has just captured from the Jebusites. We are explaining *to dwell in blessing*. David started his life from down at the bottom of a well; and he went from the bottom of the well to the top. He was at the bottom of a hill; at the top was the great fortification. David is at the bottom of the hill, and David tells his men to take it, and the first one up there would be promoted.

In the battlements, his enemies ridiculed David. But David recognizes that God did not allow his foes to rejoice over him.

Psalm 30:1 **A Psalm of David. A song at the dedication of the temple. I will extol you, O LORD, for you have drawn me up and have not let my foes rejoice over me.**

David shouted to God for help.

Psalm 30:2 **O LORD my God, I cried to you for help, and you have healed me.**

Psalm 30:3 **O LORD, you have brought up my soul from Sheol; you restored me to life from among those who go down to the pit.**

David is surrounded by his friends; and he recognizes the rebound technique.

Psalm 30:4 **Sing praises to the LORD, O you his saints, and give thanks to his holy name.**

There was discipline; but there is a lifetime of grace benefit. He recalls his reversionism and what his life would be. Weeping for the mistakes that he made. Celebrating happiness comes with the dawn.

Psalm 30:5 For his anger is but for a moment, and his favor is for a lifetime. Weeping may tarry for the night, but joy comes with the morning.

David would not go back to instability.

Psalm 30:6 As for me, I said in my prosperity, "I shall never be moved."

this mountain if Mount Zion.

Psalm 30:7 By your favor, O LORD, you made my mountain stand strong; you hid your face; I was dismayed.

David seeks grace for himself.

Psalm 30:8 To you, O LORD, I cry, and to the Lord I plead for mercy:

What profit will it be for God to take him out? David wants to live to promote Bible doctrine.

Psalm 30:9 "What profit is there in my death, if I go down to the pit? Will the dust praise you? Will it tell of your faithfulness?"

David asks for graciousness from God. He asks for God's help.

Psalm 30:10 Hear, O LORD, and be merciful to me! O LORD, be my helper!"

His mourning is turned to dancing. Whatever he is wearing, he now has happiness on the inside.

Psalm 30:11 You have turned for me my mourning into dancing; you have loosed my sackcloth and clothed me with gladness,

David is a promoted person. He is thankful.

Psalm 30:12 that my glory may sing your praise and not be silent. O LORD my God, I will give thanks to you forever!

We return to our passage. The city is taken and it will become the new capitol of Israel. The new part will be rebuilt and the old will be refurbished.

David started out with a defense line and he built a perimeter. Then he moved out from there. Consolidate and move out; the city was built on a military principle. Bob loves that. This city came into existence as a freedom principle based upon military conquest. Even in the construction of the city, it began as a perimeter and constructed out from there.

The southern ridge protected by David's palace; Millo protected the northern ridge. Jerusalem was in between them. A round or perimeter type fort was what was being built.

Jerusalem is a holy city because it was born from the principle of military victory. It is based upon Bible doctrine. Doctrine in the soul and freedom through military victory.

Religion despises grace. Jesus Christ sets up the pattern for history here. This freedom is carved out by military victory which can be maintained and exploited by Bible doctrine in the soul. That means faith in Christ to begin with.

For years, the British headquarters was called the horse guard; ours is called the squirrel cage or the Pentagon; and David's was called the perimeter or Millo.

Nehemiah was a general's report. I mobilized troops in the lower slopes by the walls as a mobile reserve. In the higher places, I placed men with swords and bows. I said, to them, "Do not be afraid of them; remember the Lord, the Hero Warrior. Fight for your sons and daughters and your wives and property." An attack was called off because of this.

Joab was sent into the older part of the city and he renovated that.

The Holy Spirit began with Bible doctrine in the souls of men. Then there is the attack and the attacking forces and then the construction of the new city.

1Chron. 11:8 **And he built the city all around [from a perimeter] from the Millo in complete circuit, and Joab repaired the rest of the city.**

Bob goes over this word by word. Therefore David went going and great is the literal rendering of this. Consequently, **David kept going (or, *advancing spiritually*)** David never let up on doctrine; no matter how successful his life was, he kept taking in the Word of God. He also determined what he ought to do with regards to Edom and the Ammonites and the raiding Arabs in the south, etc. **[and] walking and [he is] great.** David kept moving spiritually. The first verb is his spiritual advance and the second is his advance as a king, as a professional.

Success and prosperity did not destroy David. This is a true measure of his greatness. He became greater spiritually and professionally.

1Chron. 11:9 **And David became greater and greater, for the LORD of hosts [the armies] was with him.**

Bob says that we will begin with v. 10 next time; but that is not what the schedule says.

Not sure if the rest of these verses are covered....

1Chron. 11:10 **Now these are the chiefs of David's mighty men, who gave him strong support in his kingdom, together with all Israel, to make him king, according to the word of the LORD concerning Israel.**

1Chron. 11:11 This is an account of David's mighty men: Jashobeam, a Hachmonite, was chief of the three. He wielded his spear against 300 whom he killed at one time.

1Chron. 11:12 And next to him among the three mighty men was Eleazar the son of Dodo, the Ahohite.

1Chron. 11:13 He was with David at Pas-dammim when the Philistines were gathered there for battle. There was a plot of ground full of barley, and the men fled from the Philistines.

1Chron. 11:14 But he took his stand in the midst of the plot and defended it and killed the Philistines. And the LORD saved them by a great victory.

1Chron. 11:15 Three of the thirty chief men went down to the rock to David at the cave of Adullam, when the army of Philistines was encamped in the Valley of Rephaim.

1Chron. 11:16 David was then in the stronghold, and the garrison of the Philistines was then at Bethlehem.

1Chron. 11:17 And David said longingly, "Oh that someone would give me water to drink from the well of Bethlehem that is by the gate!"

1Chron. 11:18 Then the three mighty men broke through the camp of the Philistines and drew water out of the well of Bethlehem that was by the gate and took it and brought it to David. But David would not drink it. He poured it out to the LORD

1Chron. 11:19 and said, "Far be it from me before my God that I should do this. Shall I drink the lifeblood of these men? For at the risk of their lives they brought it." Therefore he would not drink it. These things did the three mighty men.

1Chron. 11:20 Now Abishai, the brother of Joab, was chief of the thirty. And he wielded his spear against 300 men and killed them and won a name beside the three.

1Chron. 11:21 He was the most renowned of the thirty and became their commander, but he did not attain to the three.

1Chron. 11:22 And Benaiah the son of Jehoiada was a valiant man of Kabzeel, a doer of great deeds. He struck down two heroes of Moab. He also went down and struck down a lion in a pit on a day when snow had fallen.

1Chron. 11:23 And he struck down an Egyptian, a man of great stature, five cubits tall. The Egyptian had in his hand a spear like a weaver's beam, but Benaiah went down to him with a staff and snatched the spear out of the Egyptian's hand and killed him with his own spear.

1Chron. 11:24 These things did Benaiah the son of Jehoiada and won a name beside the three mighty men.

1Chron. 11:25 He was renowned among the thirty, but he did not attain to the three. And David set him over his bodyguard.

1Chron. 11:26 The mighty men were Asahel the brother of Joab, Elhanan the son of Dodo of Bethlehem,

1Chron. 11:27 Shammoth of Harod, Helez the Pelonite,

1Chron. 11:28 Ira the son of Ikkesh of Tekoa, Abiezer of Anathoth,

1Chron. 11:29 Sibbecai the Hushathite, Ilai the Ahohite,

1Chron. 11:30 Maharai of Netophah, Heled the son of Baanah of Netophah,

1Chron. 11:31 Ithai the son of Ribai of Gibeah of the people of Benjamin, Benaiah of Pirathon,

1Chron. 11:32 Hurai of the brooks of Gaash, Abiel the Arbathite,

1Chron. 11:33 Azmaveth of Baharum, Eliahba the Shaalbonite,

1Chron. 11:34 Hashem the Gizonite, Jonathan the son of Shagee the Hararite,

1Chron. 11:35 Ahiam the son of Sachar the Hararite, Eliphal the son of Ur,

1Chron. 11:36 Hopher the Mecherathite, Ahijah the Pelonite,

1Chron. 11:37 Hezro of Carmel, Naarai the son of Ezbai,

1Chron. 11:38 Joel the brother of Nathan, Mibhar the son of Hagri,

1Chron. 11:39 Zelek the Ammonite, Naharai of Beeroth, the armor-bearer of Joab the son of Zeruiah,

1Chron. 11:40 Ira the Ithrite, Gareb the Ithrite,

1Chron. 11:41 Uriah the Hittite, Zabab the son of Ahlai,

1Chron. 11:42 Adina the son of Shiza the Reubenite, a leader of the Reubenites, and thirty with him,

1Chron. 11:43 Hanan the son of Maacah, and Joshaphat the Mithnite,

1Chron. 11:44 Uzzia the Ashterathite, Shama and Jeiel the sons of Hotham the Aroerite,

1Chron. 11:45 Jediael the son of Shimri, and Joha his brother, the Tizite,

1Chron. 11:46 Eliel the Mahavite, and Jeribai, and Joshaviah, the sons of Elnaam, and Ithmah the Moabite,

1Chron. 11:47 Eliel, and Obed, and Jaasiel the Mezobaite.

**2Samuel 5:6-8;23:8;**

**Ps. 115:1-7, 16-18 72David  
12/30/1974 David's G3, Adino**

**631\_0152**

Rodney Maxwell Davis citation read. Another of Lance De laGarza.

1Chron. 11:1–9 Then all Israel gathered together to David at Hebron and said, "Behold, we are your bone and flesh. In times past, even when Saul was king, it was you who led out and brought in Israel. And the LORD your God said to you, 'You shall be shepherd of my people Israel, and you shall be prince over my people Israel.'" So all the elders of Israel came to the king at Hebron, and David made a covenant with them at Hebron before the LORD. And they anointed David king over Israel, according to the word of the LORD by Samuel. And David and all Israel went to Jerusalem, that is, Jebus, where the Jebusites were, the inhabitants of the land. The inhabitants of Jebus said to David, "You will not come in here." Nevertheless, David took the stronghold of Zion, that is, the city of David. David said, "Whoever strikes the Jebusites first shall be chief and commander." And Joab the son of Zeruiah went up first, so he became chief. And David lived in the stronghold;

therefore it was called the city of David. And he built the city all around from the Millo in complete circuit, and Joab repaired the rest of the city. And David became greater and greater, for the LORD of hosts was with him.

Every young man ought to serve in a military outfit. Like that yellow-bellied Mohammed Ali. He ought to be on the rock pile. Bob wants to scrap all professional teams and put everyone into the military.

There are two parallel passages. We move to 2Sam. 5 because it gives us a little bit better understanding of what goes on. Supreme knight was David; the chief knight would be Joab, then knights of the 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> classes.

This is how Joab will become 2<sup>nd</sup> only to David in the entire military.

A military must be aggressive in order to move forward. This requires character, coordination, wisdom, strength. You cannot win a baseball game unless you go on the offensive; same for football.

There was no Jerusalem at that time; no idiot tourists walking around taking photos of where Jesus walked. The people there were tough, rugged and they had not been defeated for 400 years. 37 men were involved in this, who became the greatest peerage in military history.

"You will never take our fort; we will put the lame at the wall and the blind; and you will never take us. You will retreat." The lame and the blind were drafted; this is how the Jebusites lasted for so many years. They said that their battlements were so strong, that even blind and lame men could defend it.

Every few feet, there would be a war god; and David would call them the lame and the blind. That is what David called these gods on the wall. David would walk by these gods and yell up at them. He'd go by with his patrol. The Jebusites figured that these war gods would protect their city.

2Sam. 5:6 And the king and his men [army] went to Jerusalem against the Jebusites, the inhabitants of the land, who said to David, "You will not come in here, but the blind and the lame will ward you off"--thinking, "David cannot come in here."

David seized the castle by force.

2Sam. 5:7 Nevertheless, David took the stronghold of Zion, that is, the city of David.

These Jebusites worshiped things that could not move. So, their war gods are thrown off the battlements and the walls are breached. Destroying the blind and the lame were hated by David's soul. The soul of David always hated these idols; he despised idolatry. It was taking their city and it would show them that gods of stone and wood are worthless.

David is going to launch an attack right where the gods are poised. Josephus says that Joab led the rangers right up the wall.

There was a proverb to come out of this. And Joab threw down the gods of these Canaanites. Demonism cannot stop the Lord Jesus Christ, Who controls history.

2Sam. 5:8 **And David said on that day, "Whoever would strike the Jebusites, let him get up the water shaft to attack 'the lame and the blind,' who are hated by David's soul." Therefore it is said, "The blind and the lame shall not come into the house."**

Psalm 115 is where the background is. David rebuilt this as his home, minus the gods, who were thrown down into the valley. Doctrine and grace are the keys to any kind of a victory. All victories are won by means of Bible doctrine.

David and those with him went right up the battlements and took this the hard way.

Psalm 115:1 **Not to us, O LORD, not to us, but to your name give glory, for the sake of your grace and your faithfulness [doctrine]!**

This is the Jebusites who have been depending upon their false gods.

Psalm 115:2 **Why should the nations say, "Where is their God?"**

Jesus Christ controls history.

Psalm 115:3 **Our God is in the heavens; he does all that he pleases.**

their idols are made out of silver and gold.

Psalm 115:4 **Their idols are silver and gold, the work of human hands.**

These war gods blind and they cannot speak.

Psalm 115:5 **They have mouths, but do not speak; eyes, but do not see.**

These gods have nothing.

Psalm 115:6 **They have ears, but do not hear; noses, but do not smell.**

They cannot move or feel.

Psalm 115:7 **They have hands, but do not feel; feet, but do not walk; and they do not make a sound in their throat.**

The idols are dead and the people will be dead.

Psalm 115:8 Those who make them become like them; so do all who trust in them.

Psalm 115:9 O Israel, trust in the LORD! He is their help and their shield.

Psalm 115:10 O house of Aaron, trust in the LORD! He is their help and their shield.

Psalm 115:11 You who fear the LORD, trust in the LORD! He is their help and their shield.

Psalm 115:12 The LORD has remembered us; he will bless us; he will bless the house of Israel;  
he will bless the house of Aaron;

Psalm 115:13 he will bless those who fear the LORD, both the small and the great.

Psalm 115:14 May the LORD give you increase, you and your children!

Psalm 115:15 May you be blessed by the LORD, who made heaven and earth!

Psalm 115:16 The heavens are the LORD's heavens, but the earth he has given to the children  
of man.

These gods will not praise god.

Psalm 115:17 The dead do not praise the LORD, nor do any who go down into silence.

Psalm 115:18 But we will bless the LORD from this time forth and forevermore. Praise the LORD!

David then turned everything over to Joab. Joab would be the great military leader. The southern frontier was secured in the war against Edom.

Amasa had a short tour as chief of staff. He died for his incompetence and Joab returned to his post.

2Sam. 5:8 And David said on that day, "Whoever would strike the Jebusites, let him get up the water shaft to attack 'the lame and the blind,' who are hated by David's soul." Therefore it is said, "The blind and the lame shall not come into the house."

the historical appointment of the knights of the first class. This begins with an inscription, which is "These are the names of the made men whom David had." Ha gibborim are the knights.

Bob bets in all of our lives that we never read any of these passages and just skipped over them. Rom. 15:4 this was written for our spiritual benefit. These passages have spiritual benefit. It is a long list of names and it may not look like much, but there is meaning to them.

**The 7 Lessons That We Are about to Learn**

1. The importance of authority. Freedom does not function apart from authority. There is not freedom and security apart from the military and authority. Bob says means things about gals who *dear John* their bf in the military under the idea, that they are a free spirit. A football team is successful because they take their freedom and throw it out. Our freedom today is very insecure. We are cutting back on the military. We have a lot of imbeciles in the world. People who believe that the Russians will get rid of all of their missiles if we are nice to them, and we believe it. Freedom and authority must be intertwined. The importance of security in connection with freedom. What brings them together is freedom and authority. Liberalism of every type has removed authority as a dirty word.
2. David's supergrace promotion is blessing by association to those who hung with him during the lean years. Some of you young ladies may have stayed with a man in the lean years. This list of names includes that principle of blessing by association.
3. This glorifies God. The pouring into the cup. His cup over flows because God is able to bless him with paragraph SG2. God is glorified when He can bless a supergrace hero.
4. This list represents the concept of freedom through military victory. These men fought for their nation. Their names are listed permanently in the Word of God. There are a variety of ways that their names are listed, with their father's name or their mother's name, or in some other way. The principle of the home. It is great to have a list of military names and to recognize forever that this stands forever to honor those who fight for one's country.
5. The Bible honors the military. The military is the oldest and most honorable of the professions.
6. This list emphasizes the fact that Bible doctrine challenges the lives and honors the faithfulness of those who are so challenged. Most of these heroes come from the Addullem alumni. Doctrine and evil will both be here until we are gone. Evil includes every system of panaceas, through social action or liberal or religious action; all that we learn in our educational system is evil. These people can be very nice. Doctrine can change us. We cannot change doctrine.
7. Great men stimulate greatness in a nation. Great people can rise in many areas. When Ceasar's nephew came to the throne, there are great musicians, soldiers, engineers, and many others rise to the surface. Herod the Great. When you have a weak sister leader, then you have the idiocy of a bureaucracy. One great man can bring out bring any field. Art and literature and music are all at an all-time low. Mediocre leadership means that mediocrity rises to the top. 18 of Alexander's soldiers became kings. One man brought to the front the genius of others.
8. One great man surfacing in history means there will be many great men who came to the top; and a mediocre leader will bring many mediocre types to the top (and the great people will be submerged).

John Brown Gordon founded the KKK and great Christian and soldier. One mediocre man brings out all of the mediocre people at the bottom.

Tachmoni is the Kathiv reading. The Kareh reading is ha Chachmoniy, which means *the wise man*. The first person after Joab is called the *wiseman; the wise one*. He is probably the man who put together the strategy to determine the borders of Israel.

Then we have Adino the Esnite or Adino the spear. This is an honorary title given to him. We wounded 800 in one battle. No machines guns; no BAR's, he is known as Adino the Spear. This is the same person. V. 8 is one man, and his name is given in the final sentence.

The habits of the junior officer will become the habits of those below him. Adino was proficient as a private. He knew had to field strip a spear quicker than anyone in the army; he slept with the spear and he was always practicing, throwing from so many different positions.

When in the military, you must concentrate on it. The mission comes first. There is that principle of concentration. The secret is motivation; you must be motivated to concentrate. When he reached supergrace, 800 men were dead in battle. He was the best man with the spear. He was not caught up in the legalistic trash of thinking killing in the military is murder. He loved to kill the Philistines because they had long hair. He had everything it took. He would be the first of all of the knights of the first class. He is #3. This is a combination of things: doctrine in the soul; intensity of concentration to learn a job and to do it well. The plodding and the advancing. He breaks through. A combat hero becomes the brains of the Jewish army.

David fought from interior lines for 33 yeas. No nation every attack Israel during the time of Solomon. Adino could fire his spear from any position. He would strike and hit the Edomites and then the Moabites and then the Syrians, in all directions.

Adino started with one GI spear, just as David began with the sheep.

The dailly self-discipline and consistent gap is the right training for life. The daily function of gap is preparation for any situation in life.

2Sam. 23:8 [These are the names of the mighty men whom David had: Josheb-basshebeth a Tahchemonite \[the wise one\] \[sitting in a chair\]; he was chief \[the senior officer of his class\] of the three. He wielded his spear against eight hundred whom he killed at one time.](#)

**2Samuel 23:9–10**

**72David**

**631\_0153**

**12/31/1974 Eleazer, David's drill instructor**

This is New Year's Eve 1974.

1Chron. 11:1–9 [Then all Israel gathered together to David at Hebron and said, "Behold, we are your bone and flesh. In times past, even when Saul was king, it was you who led out and brought in Israel. And the LORD your God said to you, 'You shall be shepherd of my people Israel, and you shall be prince over my people Israel.'" So all the elders of Israel](#)

came to the king at Hebron, and David made a covenant with them at Hebron before the LORD. And they anointed David king over Israel, according to the word of the LORD by Samuel. And David and all Israel went to Jerusalem, that is, Jebus, where the Jebusites were, the inhabitants of the land. The inhabitants of Jebus said to David, "You will not come in here." Nevertheless, David took the stronghold of Zion, that is, the city of David. David said, "Whoever strikes the Jebusites first shall be chief and commander." And Joab the son of Zeruiah went up first, so he became chief. And David lived in the stronghold; therefore it was called the city of David. And he built the city all around from the Millo in complete circuit, and Joab repaired the rest of the city. And David became greater and greater, for the LORD of hosts was with him.

2Sam. 23:8 These are the names of the mighty men [knights] whom David had: Joshebbasshebeth a Tahchemonite [the wise one] [sitting in a chair]; he was chief [the senior officer of his class] of the three. He wielded his spear against eight hundred whom he killed at one time.

David has to be careful not to go too far north or too far south. The holy city was found by military action; and by Bible doctrine in the soul. It became the capitol city of Israel from this time forward. The greatest knight is Joab; then below him is Adino the Spear. Knights of the 2<sup>nd</sup> class and then 30 knights of the 3<sup>rd</sup> class.

We are looking at the names of the knights who belong to David.

#### **Adino the Spear**

1. Adino the Spear was a man of genius, but self-discipline must be a part of his genius to harness and guide that genius. This made him the great planner. There will be many wars over the next few decades. He became a mature believer in part because his genius was mated to his self-discipline.
2. The daily function of gap may be plodding but it always produces the most fantastic results. Results are always in the hand of God.
3. As Adino matured spiritually, so he became proficient with his spear. He became the record-holder for what could be done with one spear.
4. Therefore, he advanced both spiritually and professionally.
5. After he spent many years in self-discipline, God gave him an unusual test; the great test of combat. He accomplished the impossible; but after years and years of self-discipline and years of plodding.
6. So with supergrace believers. Tactical victory of the Angelic Conflict becomes a reality. God is glorified while the believer is blessed.
7. The time arrives when it all fits together; all the pieces of the puzzle; all of the times what you turned down the parties in order to come to Bible class. We want to recognize Adino one more time.
8. The supergrace believer is God's spear in this phrase of the Angelic Conflict. The spear became David's spear. He fought out of interior lines. Adino practiced for hours. Drop and thrust; drop fake and thrust. When he went into combat, you never knew where that spear would be. A tremendous wrist and forearm. He

became the greatest in his day with this spear. So there are all of these other countries beginning to close in. Israel was an outnumbered army. 24,000 men divided into 12 different divisions. The spear became the great genius of his day. Strategic genius is rare; tactical genius is much more common. Douglas MacArthur was the greatest strategical genius in our history.

In the same sense, us believers assembling ourselves day in and day out prepare ourselves for the combat tests of life. We will all be tested sooner or later. We have a command post in the soul. Are you God's spear or are you a bent pin? Doctrine was here before you came and it will be here after you are gone; evil was here before you got here and it will be here after you are gone.

Now, on to Eleazar ben Dodo. Dodo means *lover*. How do you think he got here in the first place? A woman is never required to love a man; a man is required to love the woman. Some of you men, Bob knows, have plans for after midnight. Just remember this, someone in a year may call you dodo. So don't laugh at Dodo.

Eleazar means *God is my help*. Ahoa is one of the tribes of Benjamin, and this is one of the fighting tribes of Israel. Most of the great soldiers came from Benjamin and Judah. In these men, some of the tribes were better than others. In some tribes, you had your name stricken from the rolls if you did not join the military. Ahoa is a very famous family. They only lived to fight on battlefields and to perpetuate the family. They are a dedicated military family, generation after generation. Not sure how Bob knows this about about the Ahoites. There was just a family of military men for Eleazar; his father, grandfather and great grandfather.

Robert E. Lee was offered the armies of the Yankees by Lincoln. While he was on leave, Lincoln called him into the White House and offered him the general over all the union army. Each state had their own army. He did all of the logistic of first Manasseh, but he was not there. He is the original D.I. of the Addullem battalion. He did not work with a spear; he carried a sword.

The killing of Goliath was the beginning of a great battle, the battle of Ephes-Dammim. This is where Eleazar and David first met at this battle. Eleazar was a hero and David was a hero for killing Goliath. We do not know when Adino killed 800.

1Chron. 11 means that what we find here is Ephes-dammim. Israel withdrawing is a retreat.

2Sam. 23:9 [And next to him among the three mighty men \[knights of the 1<sup>st</sup> class\] was Eleazar the son of Dodo, son of Ahohi. He was with David when they defied the Philistines who were gathered there for battle, and the men of Israel withdrew.](#)

After Goliath fell dead, Eleazar arose and started to kill Philistines. Eleazar's hand here is not weary, but it is cramped. He had held onto this sword for so long that he had a

cramp in his hand. After this battle, there had to be strong men to separate his hand from his sword.

Eleazar was a professional soldier from birth. He was an army brat. This was the beginning of a great career in this battle. He was not influenced by cowardice. When some start running, that causes others to run. Generally, panic spreads.

This man had enough Bible doctrine in his soul not to panic. Eleazar was not influenced by the majority. In supergrace, you must never cater to the majority. The minority is right and the majority is wrong. One man with God can chase 1000 away. As a supergrace believer, we will always be in the minority. So we will never join the rabble. We will not panic.

Wyatt Earp against 2000 people who wanted to lynch a Mexican and he called out to them and asked, "Which one of you sunavabitches wants to die first?" They backed down.

How do you know these men had doctrine in their souls? Every knight in David's peerage was a supergrace believer.

David had 3 men as a backup out of the entire Israeli army. Eleazar and Adino. Eleazar did with the sword that Adino did with the spear. These were two of the best men with their weapons. They had confidence from Bible doctrine in the soul. This means that you train with your weapons. Hard training always pays off. There is a spiritual and professional proficiency in Eleazar. He was molded into one of the great soldiers of his age.

Jesus Christ controls history and He uses prepared believers. He brought out the men of the future at Ephes Dammim.

You cannot ever neglect the Word of God, not in a moment. You may be a good military type, but if you neglect Bible doctrine, you've had it. It is easy to let doctrine slip when you are in the military. If you get a bitch, crybaby wife; you are distracted from doctrine and the intake of Word of God.

Bobby's commander keeps his troops in the field for 14 hours because he hates his wife. What a tragedy because he married a whining bitch. With Bible doctrine, you will be prepared for life and you will be the honorable service wife who will make her man feel like a king in their little cracker box quarters. It makes more to be a service wife than anyone else in the country.

The cowards returned to strip the bodies of their goodies. 4 men defeated the Philistines; and the army came in behind him. They came back for the spoils. They came to strip and plunder the dead. They are such great soldiers, they can plunder the dead.

The lion kills the and the jackals come in to feast afterwards. Forget about the jackals; they aren't worth a damn. Some of you this past year have gotten involved with the jackals; they come in to share the plunder. They are great against the dead.

Holy rollers come into Berachah; they are jackals.

One man with doctrine can influence the majority rather than the majority influencing one man.

Cowards run away out of fear, but they will return to share in the plunder.

2Sam. 23:10 He rose and struck down the Philistines until his hand was weary, and his hand clung to the sword. And the LORD brought about [manufactured] a great victory that day, and the men returned after him only to strip the slain.

**2Samuel 23:11-17**

**72David**

**631\_0154**

**12/31/1974 David's three knights and libation offering**

Shammah means *desolation*; and perhaps he was a loner. Peer ratings are absolutely meaningless. No one can reasonably evaluate their peers; they are too close. There are all kinds of personality types in the military. It does not mean that they are any less a man or any less a person. Here is Shammah, the son of Agee. He is different from the others; he is no one of the boys; he is not out there doing what they others are doing.

Hararite means *mountaineer*. Mountaineers are often loners. He was one of the great soldiers of all time. He was the 4<sup>th</sup> ranking generals of all time. The mountaineer, just like anyone else, has the chance to prove himself.

There was a plot of ground made of lentils. This is one of those cases where this is a staple food for the Jews. It was very nutritious. It was made into a soup on some occasions and a pottage on others.

Saul apparently dispatched a group to watch over this land. However, the Jewish soldiers did not believe that they had a chance here, so they fled from before the Philistines.

2Sam. 23:11 And next to him was Shammah, the son of Agee the Hararite. The Philistines gathered together at Lehi, where there was a plot of ground full of lentils, and the men [Jewish detachment] fled from the Philistines.

However, one man stood in the midst of this plot and he defended it against the Philistines. He stood fast in the middle of the field. He is contrasted with the rest of the detachment. He stayed, stood his ground and he fought.

He was a loner and his spiritual and professional training made him the made for the crisis, so he delivered the farm and preserved the food for that area.

There are 5 wâw's in this verse. An adversative wâw, a causal wâw, and 3 other meanings for this one connective word.

2Sam. 23:12 But he took his stand in the midst of the plot and defended it and struck down the Philistines, and the LORD worked [manufactured] a great victory [slaughtered the enemy in great numbers].

Now they are lumped together in the Adullam battalion, and they were great here. Adino, Eleazar and Shammah. This is an exploit in the past where all 3 of these men came together in the past. All in a combat situation. They are the first class knights and the lieutenant generals under David.

These 3 descended during the harvest time. There is a regiment of Philistines in the Valley of Rephaim. David can look down the hill of the city and he can see a well that he has drunk from all of his life. As he is waiting there, and he sees the gate of Bethlehem and the well next to it.

2Sam. 23:13 And three of [over] the thirty chief men went down and came about harvest time to David at the cave of Adullam, when a band of Philistines was encamped in the Valley of Rephaim.

The stronghold could be a field fortification, a command post or a permanent fortification. He is looking out and he can see his own hometown and he can see the north gate. There is this garrison of Philistines at the Bethlehem gate.

2Sam. 23:14 David was then in the stronghold, and the garrison of the Philistines was then at Bethlehem.

David longed for this water that he remembers so well. He has a deep desire.

2Sam. 23:15 And David said longingly, "Oh, that someone would [cause to] give me water to drink from the well of Bethlehem that is by the gate!"

there were 2 Philistine forces; one was garrisoned. David looks down. He looks to his right and sees Bethlehem and he looks west and there is a Philistine force. In Bethlehem, there was a Philistines force that was dug in.

Getting to Bethlehem would involve going through these 2 Philistine forces. Baqa; they moved and they fought. They had to kill the Philistines around the well, at the gate; and 2 would fight while the 3<sup>rd</sup> dipped a canteen into the well. All of this is involved.

### **Summary of the Water Incident**

1. The exact details, how they fought, how they dealt with 2 Philistine forces, is not given to us. We see the problems that they faced, but we do not know how they overcame them.
2. Only the briefest information is given; that they did something wonderful is told, but not what it was. Some of the greatest things have been done by soldiers that will never be known.

3. So great is David's leadership that 3 officers were willing to risk their lives for David. They were willing to die so he could drink water.
4. This is their devotion to David going back to him being out with not prospects for the future.
5. David never forgot what these men did. They stand alone.
6. When God promoted David, then David promoted these 3 men.
7. At the time David was so touched that he poured out the canteen of water. He never tasted a drop. He was deeply moved by their sacrifice, courage and devotion.
8. The heroes caused the canteen to be brought in, indicating their modesty; they were truly great men. They were not seeking emotion or credit to themselves. They had others bring the canteen in.

And David would not drink. He pours it out as an offering to the Lord. David fully recognizes how graced out he is to have such men under him. David is nothing without officers like this.

Has anyone ever respected your sacrifice? No one would ever come to their ranks. He never forgot the day that the 3 of them fought the Philistine army and brought him the water. It must have been a thrill for him to realize that these men would love and respect him so much as to do this.

#### **The Water Libation**

1. Such a gift from heroes was too expensive and too valuable to drink himself; that water was not just water from the well in Bethlehem; that was water for which men were willing to sacrifice their lives. This water belonged to the Lord. David did something greater than drinking it. He honored these men by making it a water sacrifice to the Lord.
2. The libation the water poured out commemorated the heroism, valor and intrepidity a sacrifice as no medal could do. This is the Davidic order of the canteen.
3. David honored the courage of his men and he honored the Lord by his libation. It reflected the Bible doctrine in their souls.
4. David could not honor himself on this occasion. Had he drunk from the canteen, then he would not be recognizing what they did.
5. Only the Lord had such love, courage and devotion and fidelity.

2Sam. 23:16 Then the three mighty men broke through the camp of the Philistines and drew water out of the well of Bethlehem that was by the gate and carried and brought [caused it to be brought] it to David. But he would not drink of it. He poured it out to the LORD

kali laleel is sort of an expletive here. It means "Never dammit, never" although it is usually translated "God forbid." This is a strong expletive not to touch that water himself. "Never will I drink this water."

If he drank the water of the canteen, it would be like drinking the blood of these men after they had died in battle. This is an idiom in the Hebrew at the risk of their lives.

2Sam. 23:17 and said, "Far be it from me, O LORD, that I should do this. Shall I drink the blood of the men who went at the risk of their lives?" Therefore he would not drink it. These things the three mighty men did.

These 3 heroes manufactured this out of the doctrine in their souls. They were prepared and God promoted these prepared men.

#### **The Principle of These 3 Knights**

1. Drinking this water would be like drinking the blood of these men who nobly got this for David. Bethlehem means *house of bread*; a reference to the Word of God. A pastor devotes his energy and lifetime to Bible doctrine so that his congregation can be refreshed. From the ground springs his own spiritual victory.
2. The audacious victory emphasizes the importance of Bible doctrine in the soul.
3. There are always the giants to try to keep you from getting the Word. These are the many things that stand in between us and taking in doctrine.

David pours out the libation of our supergrace status, rewards and blessing for all eternity.

**2Samuel 23:18-20a**

**72David**

**631\_0155**

**01/01/1975 Doctrine of a thousand; the second class knights**

2Sam. 23:8–17 These are the names of the mighty men whom David had: Josheb Basshebeth a Tahchemonite, chief of the captains; the same was Adino the Eznite, against eight hundred slain at one time. After him was Eleazar the son of Dodai the son of an Ahohite, one of the three mighty men with David, when they defied the Philistines who were there gathered together to battle, and the men of Israel were gone away. He arose, and struck the Philistines until his hand was weary, and his hand froze to the sword; and Yahweh worked a great victory that day; and the people returned after him only to take spoil. After him was Shammah the son of Agee a Hararite. The Philistines were gathered together into a troop, where was a plot of ground full of lentils; and the people fled from the Philistines. But he stood in the midst of the plot, and defended it, and killed the Philistines; and Yahweh worked a great victory. Three of the thirty chief men went down, and came to David in the harvest time to the cave of Adullam; and the troop of the Philistines was encamped in the valley of Rephaim. David was then in the stronghold; and the garrison of the Philistines was then in Bethlehem. David longed, and said, Oh that one would give me water to drink of the well of Bethlehem, which is by the gate! The three mighty men broke through the host of the Philistines, and drew water out of the well of Bethlehem, that was by the gate, and took it, and brought it to David: but he would not drink of it, but poured it out [as a libation offering] to Yahweh. He said, Be it far from me, Yahweh, that I should do this: shall I drink the blood of the men who went in jeopardy of their lives? therefore he would not drink it. These things did the three mighty men.

David is the supreme knight; Joab is the chief of staff, the knight under David. Then there are the 3 great men, Adino the spear, Shammah, the loner.

There are 3 people mentioned in v. 18. Zeruah was the daughter of Jesse, the sister of David; all of these sons became great knights under David. 2Sam. 2:32 the father was buried in Bethlehem; he died many years earlier.

Abishai and David were together in the Cave of Addullem. Abishai wanted to drop his spear into Saul when they found Saul there asleep. David was completely respectful of authority and did not kill Saul and did not allow Abishai to do either. Abishai was very loyal to David and he stayed with David during the Absalom revolution.

When David retreated from Jerusalem, Abishai wanted to shut the mouth of Shimmia permanently. He cursed David. He told David off. He is the pettiest sort of person to every exist. Abishai wanted to tear out his tongue and cut off his head. David had to restrain Abishai and his loyalty.

Sheba was from Benjamin and he got Ephraim on his side and he revolted against David. He did this because David has fired Joab, temporarily. He got Amasah as his general. Joab executed Amasah on the spot.

Victory over the Edomites was due to Abishai; in Chronicles, Abishai is given the credit for the battle.

It is more difficult to be an assistant or a subordinate. "Little female idiot, shut up and don't bother to come back here. Your manners are atrocious."

He was a man of unswerving character and ability. It is tough to be in second position. Adonijah tried to supercede Solomon and Joab went with him; but Abishai stayed with David and Solomon.

A second class knight, who was not overly ambitious but highly competent. He was loyal to the Lord and loyal to David. The corrected understanding is below, over the 30, not over the 3. Abishai was superior to the 30 knights.

Abishai was also famous for the way he used his spear. Here he was outnumbered, 300 to one. Prov. 28:1 one righteous man is as bold as a lion. Psalm 27:3 though an army surround me, I will not be afraid.

### **The Doctrine of 1000**

1. Definition: the number 1000 is used literally and figuratively in Scripture. It can be used for spiritual concepts.
2. The literal use of 1000.
  - a. As a literal number to the last dispensation, known as the Millennium. The duration is a literal 1000 years. Rev. 20:

b. In the war against Midian, 1000 men were contributed by the Jewish army. Numbers The Jews have an oversized regimen of 1000.

c. Used for casualties. Judges 9:49 15:16

d. Solomon offers up 1000 burnt offerings.

e. Solomon had 1000 women, wives and mistresses.

3. Figurative use.

a. Used to represent impossibility of debating with God. Job

b. It is used to express great wealth. Psalm 50:10

c. It is used for the importance of the function of gap. Psalm 84:10

d. To represent the divine concept of time. Psalm 90:4 2Peter3:8

e. Used to describe faithfulness in category #3 love Eccles. The male reversionist is arrogant and he just a stupid ass, even though he thinks all women are taken by him. I discovered more bitter than earth the woman...adding one thing to another to find the explanation, which I am still seeking, but I have not found. 1 man out of a thousand is a true friend; not so with women.

f. Used to describe the feminine beauty of the neck. It is a part of female beauty. Your neck is like the tower of David built with bricks of shields. In Houston, we have a natural mud pack in the air.

g. To describe millennial blessings. The smallest child will become 1000 years old.

h. Used to describe reversionism. Isa. 30:15–17 you are not willing and you said, “no, for we flee on horses.”

i. Protection in combat. Psalm91:7 death will not approach you.

j. To describe military disaster in the fifth cycle of discipline. Deut. 32:28–30

k. It is also used for military victory in combat. One man will put to flight 1000.

Abishai became chief over the 30 knights because he wielded his spear against the 300.

#### Doctrine of Abishai

1. X

2. Spiritual factor, disciplinary factor in Abishai's life.

3. He was consistent in learning doctrine and training for battle.

4. He was a prepared man and god uses prepared men.

5. The test is combat.

6. Abishai is outnumbered and he defeats his enemies.

7. God promotes prepared men.

2Sam. 23:18 Now Abishai, the brother of Joab, the son of Zeruiah, was chief of the thirty. And [because] he wielded his spear against three hundred men and killed them and won a name beside the three.

Niphal participle here. It means *he became more famous*.

Abishai was not equal in rank to those of the 1<sup>st</sup> class, but he was superior to those of the 3<sup>rd</sup> class. So there is an order of knights between them. Men whose character and spiritual life required the creation of this rank.

2Sam. 23:19 **He was the most renowned of the thirty and became their commander [to them for a prince], but he did not attain to the three.**

Benaiah is the next one. It means *constructed by the Lord*. Jehoiada is *Jehovah knows*. Jehoiada is one of the chief priests of Israel. He was faithful to David and he provided great doctrinal teaching. 1Chron. 27:5 he was a priest and a Bible teacher. He was involved in the levitical offerings and in the teaching of the Word. A spiritual man has a son who becomes a great soldier. PK's today are famous for turning out badly. Moody's son died and went to hell. Dwight L. Moody was one of the greatest evangelists in the United States; yet his son did not get it. Perhaps he was neglected?

Benaiah was a man of intense loyalty. When Adonijah revolted and Joab betrayed him, the two knights of the 2<sup>nd</sup> class stayed loyal to David and supported Solomon, saving the kingdom for Solomon. He court marshaled Joab and executed him.

#### **The Profile of Benaiah**
